NATUS MEDICAL INCORPORATED

**PROXY STATEMENT FOR THE
2004 ANNUAL MEETING OF STOCKHOLDERS**

GENERAL INFORMATION

The board of directors of Natus Medical Incorporated, a Delaware corporation, is soliciting the enclosed proxy from you. The proxy will be used at our 2004 Annual Meeting of Stockholders to be held at 9:00 a.m. local time on Friday, June 11, 2004 at our headquarters, located at 1501 Industrial Road, San Carlos, California 94070. Our internet website is www.natus.com.

This proxy statement contains important information regarding our annual meeting. Specifically, it identifies the proposals on which you are being asked to vote, provides information you may find useful in determining how to vote, and describes the voting procedures.

We use several abbreviations in this proxy statement. We may refer to our company as Natus. The term proxy materials includes this proxy statement, as well as the enclosed proxy card and our Annual Report on Form 10-K for the year ended December 31, 2003.

We are sending the proxy materials on or about May 5, 2004 to all our stockholders as of the record date, April 16, 2004. Stockholders who owned Natus common stock at the close of business on April 16, 2004 are entitled to attend and vote at the annual meeting. On the record date, we had approximately 16,648,177 shares of our common stock issued and outstanding. We had 133 stockholders of record as of the record date and believe that our common stock is held by more than 2,850 beneficial owners.

Voting Procedures

As a stockholder, you have the right to vote on certain business matters affecting our company. The two proposals that will be presented at the annual meeting, and upon which you are being asked to vote, are discussed in the sections entitled Proposal One, and Proposal Two. Each share of Natus common stock you own entitles you to one vote. The enclosed proxy card indicates the number of shares you own. You can vote by returning the enclosed proxy card and proxy in the envelope provided or by attending the annual meeting.

Every stockholder voting on Proposal One to elect two directors may cumulate such stockholder's votes and give to one of the candidates to be elected a number of votes equal to the number of directors to be elected multiplied by the number of votes to which such stockholder is entitled, or distribute the stockholder's votes on the same principle among as many candidates as the stockholder thinks fit, provided that votes cannot be

Edgar Filing: NATUS MEDICAL INC - Form DEF 14A

cast for more than the number of directors to be elected. No stockholder shall be entitled to cumulate votes unless such candidate's name has been placed in nomination prior to the voting and the stockholder, or any other stockholder, has given notice at the annual meeting, prior to the voting, of the intention to cumulate the stockholder's votes. The candidates receiving the highest number of votes, up to the number of directors to be elected, shall be elected.

Methods of Voting

Voting by Mail. By signing and returning the proxy card according to the enclosed instructions, you are enabling our chief executive officer and our vice president finance, who are named on the proxy card as proxies or attorneys-in-fact to vote your shares at the meeting in the manner you indicate. We encourage you to sign and return the proxy card even if you plan to attend the meeting. In this way, your shares will be voted even if you are unable to attend the meeting.

Table of Contents

Your shares will be voted in accordance with the instructions you indicate on the proxy card. If you submit the proxy card, but do not indicate your voting instructions, your shares will be voted as follows:

FOR the election of the nominees for Class III directors identified in Proposal One; and

FOR the ratification of the appointment of BDO Seidman, LLP as our independent public accountants for the fiscal year ending December 31, 2004.

If you received more than one proxy card, it is an indication that your shares are held in multiple accounts. Please submit your proxies according to the instructions on each proxy card to ensure that all of your shares are voted. We encourage you to consolidate multiple accounts by contacting your broker, if you hold your shares through a brokerage account, or otherwise through our transfer agent, EquiServe Trust Company, N.A. at (781) 575-3120. Please note that shares held in certain types of accounts cannot be consolidated with other accounts. For example, retirement and non-retirement accounts generally cannot be consolidated.

Voting in Person at the Meeting. If you plan to attend the annual meeting and vote in person, we will provide you with a ballot at the meeting. If your shares are registered directly in your name, you are considered the stockholder of record and you have the right to vote in person at the meeting. If your shares are held in the name of your broker or other nominee, you are considered the beneficial owner of shares held in your name, but if you wish to vote at the meeting, you will need to bring with you to the annual meeting a legal proxy from your broker or other nominee authorizing you to vote these shares.

Revoking Your Proxy

You may revoke your proxy at any time before it is voted at the annual meeting. In order to do this, you may either:

sign and return another proxy bearing a later date;

provide written notice of the revocation to James B. Hawkins, our President and Chief Executive Officer, prior to the time we take the vote at the annual meeting; or

attend the meeting and vote in person.

Quorum Requirement

A quorum, which is a majority of our outstanding shares as of the record date, must be present in order to hold the meeting and to conduct business. Your shares will be counted as being present at the meeting if you appear in person at the meeting or if you submit a properly executed proxy card.

Votes Required for Each Proposal

The votes required and method of calculation for the proposals to be considered at the annual meeting are as follows:

Proposal One Election of Directors. The two Class III director nominees receiving the highest number of votes, in person or by proxy, will be elected as directors.

Proposal Two Ratification of BDO Seidman, LLP as Independent Accountants. Ratification of BDO Seidman, LLP as our independent public accountants will require the affirmative vote of a majority of the shares present at the annual meeting, in person or by proxy.

You may vote either for or withhold your vote for the director nominees. You may vote for, against, or abstain from voting on the proposal to ratify BDO Seidman, LLP as our independent public accountants.

Table of Contents

Abstentions and Broker Non-Votes

If you return a proxy card that indicates an abstention from voting in all matters, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting. Consequently, if you abstain from voting on the proposal to ratify the appointment of BDO Seidman, LLP as our independent public accountants, your abstention will have the same effect as a vote against the proposal.

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, who are the beneficial owners of the shares, brokers have discretion to vote these shares on routine matters but not on non-routine matters. Thus, if you do not otherwise instruct your broker, the broker may turn in a proxy card voting your shares FOR routine matters but expressly instructing that the broker is NOT voting on non-routine matters. A broker non-vote occurs when a broker expressly instructs on a proxy card that it is not voting on a matter, whether routine or non-routine. Broker non-votes are counted for the purpose of determining the presence or absence of a quorum but are not counted for determining the number of votes cast for or against a proposal.

Proxy Solicitation Costs

We will bear the entire cost of proxy solicitation, including the preparation, assembly, printing and mailing of proxy materials. In addition, we may reimburse brokerage firms and other custodians for their reasonable out-of-pocket expenses for forwarding these proxy materials to you. We expect our transfer agent EquiServe Trust Company, N.A. to tabulate the proxies and act as inspector of the election.

Deadline for Receipt of Stockholder Proposals for 2005 Annual Meeting

As a stockholder, you may be entitled to present proposals for action at a forthcoming meeting if you comply with the requirements of the proxy rules established by the Securities and Exchange Commission and our bylaws. Proposals of our stockholders intended to be presented for consideration at our 2005 annual meeting of stockholders must be received by us no later than January 5, 2005, in order that they may be included in the proxy statement and form of proxy related to that meeting. Additionally, the advance notice provisions of our bylaws require that any stockholder proposal be submitted in writing and received by us not less than 60 days in advance of the date of our proxy statement in connection with the previous year's annual meeting. As a result, we must receive the stockholder proposals to be raised at the 2005 annual meeting no later than March 6, 2005. However, if the date of our annual meeting is changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, notice by a stockholder to be timely must be received a reasonable time before the solicitation is made. The advance notice must be accompanied by the information required by our bylaws. If a stockholder does not provide timely notice in accordance with our bylaws, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the meeting.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Our Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally detailed as to the particular service or category of services and is generally subject to a specific budget. Our independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by our independent auditors in accordance with this pre-approval, and the fees for the services performed to date. Our Audit Committee may also pre-approve particular services on a case-by-case basis.

Vote Required and Board of Directors' Recommendation

Stockholder ratification of the selection of BDO Seidman, LLP as our independent public accountants is not required by our bylaws or other applicable legal requirement. However, the board of directors is submitting the selection of BDO Seidman, LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee and the board of directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the board of directors at its discretion may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote of the holders of a majority of the shares of our common stock present or represented and voting at the annual meeting will be required to approve this proposal. Abstentions will have the same effect as a vote against this proposal. **The board of directors has unanimously approved this proposal and recommends that stockholders vote FOR the ratification of the selection of BDO Seidman, LLP as independent public accountants for the year ending December 31, 2004.**

CORPORATE GOVERNANCE

Board of Directors and Committee Meetings

Our board of directors held nine meetings during 2003. All of our directors attended at least 75% of the meetings of the board of directors and any applicable committee of the board of directors held while they were members of our board of directors or the applicable committee, except that James J. Bochnowski, a former director, was unable to attend three board of directors meetings. Natus encourages members of the board of directors to attend our annual stockholder meetings. In 2003, three directors attended our Annual Meeting of Stockholders.

Our board of directors currently has three committees: an Audit Committee, a Compensation Committee and a Nominating and Governance Committee.

Audit Committee

The purpose of the Audit Committee is to oversee and monitor our accounting and financial reporting processes, our financial statement audits, the qualifications, independence and performance of our independent auditors and our internal accounting and financial controls; to pre-approve audit and non-audit services; to review, approve and monitor our *Code of Business Conduct and Ethics*; and to establish procedures for receiving, retaining and treating complaints regarding accounting, internal accounting controls or auditing matters. A copy of the Audit Committee Charter is available on our corporate website.

The Audit Committee currently consists of Ken Ludlum, William M. Moore and David Nierenberg. None of the Audit Committee members is an employee and the board of directors has determined that all of them are independent within the meaning of the rules of the Securities and Exchange Commission and the corporate governance standards of The NASDAQ Stock Market. Our board of directors has determined that Mr. Ludlum is qualified as an audit committee financial expert within the meaning of the Securities and Exchange Commission rules and has confirmed that the other members of the Audit Committee are able to read and understand financial statements. As Mr. Nierenberg is not standing for reelection at the 2004 Annual Meeting of Stockholders, it is anticipated that another independent director will be appointed to the Audit Committee. The Audit Committee held eleven meetings in 2003. The report of the Audit Committee for fiscal 2003 is included in this proxy statement.

Compensation Committee

The Compensation Committee is responsible for determining or recommending to the board of directors salaries, incentives and other forms of compensation for executive officers and other employees and administers various incentive compensation and benefit plans. A copy of the Compensation Committee Charter is available on our corporate website.

The Compensation Committee currently consists of William M. Moore, Ken Ludlum and David Nierenberg. Mr. Ludlum joined the Compensation Committee after the resignation of James J. Bochnowski, a former director, in February 2004. None of the Compensation

As Mr. Nierenberg is not standing for reelection at the 2004 Annual Meeting of Stockholders, it is anticipated that another independent director will be appointed to the Compensation Committee. The Compensation Committee held two meetings in 2003. The report of the Compensation Committee for fiscal 2003 is included in this proxy statement.

and its committees and develop and recommend corporate governance principles and policies. The Nominating and Governance Committee also supervises the board of directors' annual review of director independence and the Board's performance self-evaluation. A copy of the Nominating and Governance Committee Charter is available on our corporate website.

The Nominating and Governance Committee currently consists of David Nierenberg, Ken Ludlum and William M. Moore. Mr. Ludlum joined the Nominating and Governance Committee after the resignation of James J. Bochnowski, a former director, in February 2004. As Mr. Nierenberg is not standing for reelection at the 2004 Annual Meeting of Stockholders, it is anticipated that another independent director will be appointed to the Nominating and Governance Committee. The Nominating and Governance Committee held one meeting in 2003.

Policy for Director Recommendations and Nominations

The Nominating and Governance Committee will consider board candidates recommended by board members, management and security holders. In submitting recommendations for consideration, security holders may follow any of the following procedures. Security holders may (1) communicate directly any such recommendation, on a confidential basis, to the members of the Company's board by sending an email to *BoardofDirectors@natus.com*, or (2) communicate such recommendation by any means including mail, fax, email or phone to the Chairperson of the Company's Nominating and Governance Committee, or to the Chairman of the Board of Directors of the Company. Additionally, the Company's Bylaws contain procedures by which stockholders may submit nominations for vote at the annual meeting of the stockholders. Stockholders may receive a copy of the Company's Bylaws by making a written request to the Secretary of the Company. The Company did not receive any recommended nominee from a security holder for consideration in this Proxy Statement.

The following are specific minimum qualifications that the Nominating and Governance Committee believes must be met by all board nominees:

Directors should possess the highest personal and professional ethics, integrity and values, and to be committed to representing the long-term interests of the stockholders. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. We endeavor to have a board representing diverse experience at policy-making levels in business, health care and technology, and in areas that are relevant to the company's global activities.

Directors must have, and be willing to devote, sufficient time to carrying out their duties and responsibilities effectively, and should be committed to serve on the board for an extended period of time. Directors should not serve on more than four other boards of public companies in addition to the Natus board.

Director nominees must have demonstrated a history of good business judgment, and possess financial and governance literacy. They must have the experience and the value-adding temperament to be good outside directors of a public company.

The following are specific qualities or skills that the nominating committee believes are necessary for one or more of the company's directors to possess:

The board desires to have more than one independent financial expert. Experience with a publicly traded company, including experience as a proactive, diligent outside director, is desirable.

Edgar Filing: NATUS MEDICAL INC - Form DEF 14A

Proven ability to understand the dynamic between management and board members, and to effectively manage that dynamic for the benefit of the Company, is important.

Some experience with Wall Street, and operational experience, is helpful.

Some understanding of the medical market, and transaction experience, is also helpful.

Members of the Nominating and Governance Committee will use their professional contacts to identify nominees. If necessary, outside recruiters will also be used. The Chairperson of the Nominating and Governance

Table of Contents

Committee will collect and organize the data on potential nominees, and with the help of the Secretary of the Company will undertake initial due-diligence evaluation into nominee qualifications and background. Members of the Nominating and Governance Committee, as well as the Chairman of the Board of Directors and all board members, will interview those candidates who are nominated by the Committee. The full board votes to approve nominees after considering the recommendation of the Nominating and Governance Committee.

Robert A. Gunst is the only nominee approved by our Nominating and Governance Committee and board of directors for inclusion on our proxy card who is not an executive officer or director standing for re-election. He was recommended as nominee by a non-management member of our board of directors. He is nominated to serve as a Class III director. The Company did not pay a fee to any third party for services in connection with his nomination.

Director Independence

In March 2004, the board undertook a review of the independence of its directors and considered whether any director had a material relationship with Natus or its management that could compromise his ability to exercise independent judgment in carrying out his responsibilities. In April 2004, in connection with the appointment to the board of directors of Doris Engibous and Mark D. Michael, the board also reviewed the independence of Ms. Engibous and Mr. Michael and considered whether either had a material relationship with Natus or its management that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of these reviews, the board affirmatively determined that Ken Ludlum, William M. Moore, David Nierenberg, Doris Engibous and Mark D. Michael are independent of Natus and its management under the corporate governance standards of The NASDAQ Stock Market.

Code of Business Conduct and Ethics

We have a code of business conduct and ethics that applies to all of our employees, including our principal executive officer, principal financial officer, and principal accounting officer or controller. This code of business conduct and ethics is posted on our internet website. The internet address for our website is www.natus.com, and the code of business conduct and ethics may be found in the Governance section of our Investor web page.

Compensation Committee Interlocks and Insider Participation

Our compensation committee consists of Mr. Moore, Mr. Ludlum and Mr. Nierenberg. Mr. Moore was our chief executive officer from April 1989 to May 1992. During 2003, Mr. Johnson, then our president and chief executive officer, participated in all discussions and decisions regarding salaries and incentive compensation for all employees and consultants. Option Grants in 2003

Edgar Filing: NATUS MEDICAL INC - Form DEF 14A

The following table provides information relating to options to purchase common stock granted to each of the executive officers named in the compensation table above during 2003. These options were granted under our 2000 stock option plan and have a term of 10 years, subject to earlier termination in the event the optionee's services to us cease.

The exercise price of the options we grant is equal to the fair market value of our common stock as measured by the closing sales price of our common stock in trading on the Nasdaq National Market on the last market trading day prior to the date of grant. The exercise price may be paid by cash or check, promissory note or surrender of shares of our common stock owned by the optionee for more than six months. Generally, the options granted under our 2000 stock option plan to other than new employees vest in equal monthly installments over a four year period, as long as the optionee continues to be our employee or to provide consulting services to us.

The potential realizable value of options is calculated by assuming that the price of our common stock increases from the exercise price at assumed rates of stock appreciation of 5% and 10%, compounded annually

Table of Contents

over the 10 year term of the option, and subtracting from that result the total option exercise price. These assumed appreciation rates comply with the rules of the Securities and Exchange Commission and do not represent our prediction of the performance of our stock price.

During 2003, we granted options to acquire 577,516 shares of common stock to employees and consultants under our 2000 stock option plan and our 2000 supplemental option plan. Of these options, we granted options to acquire 153,000 shares of common stock with a weighted average exercise price of \$3.68 to all of our current executive officers, including the executive officers named in the table below, and options to acquire 458,600 shares of common stock with a weighted average exercise price of \$4.30 to our employees who are not executive officers.

Aggregate Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The following table provides information relating to option exercises by the executive officers identified in the summary compensation table during 2003. In addition, it indicates the number and value of vested and unvested options held by these executive officers as of December 31, 2003.

The Realized Value on option exercises is equal to the difference between the fair market value of our common stock on the date of exercise less the exercise price. The Value of Unexercised In-the-Money Options at December 31, 2003 is based on \$4.19 per share, the closing sales price of our common stock in trading on the Nasdaq National Market on December 31, 2003, less the exercise price, multiplied by the aggregate number of shares subject to outstanding options.

Employment Agreements and Change in Control Arrangements

In November 2002, we entered into employment agreements with our executive officers Mark E. Foster, William L. Mince, George R. Ryan, and Kenneth M. Traverso, in March 2003 with D. Christopher Chung, in May 2003 with Steven J. Murphy and with James B. Hawkins in April 2004. Mr. Hawkins' agreement requires him to be employed by the Company for a continuous period of 180 days before our severance obligations arise. The current annual base salaries for our executive officers are as follows: James B. Hawkins, \$310,000; Steven J. Murphy, \$146,550; George R. Ryan, \$180,000; Mark E. Foster, \$200,000; William L. Mince, \$185,000; D. Christopher Chung, \$175,000; and Kenneth M. Traverso, \$180,000.

On January 30, 2004, the Company entered into a Transition Agreement and Release with Tim C. Johnson, the Company's president, chief executive officer, chief operating officer, and a director. Pursuant to the agreement, the Company and Mr. Johnson agreed on the terms and conditions of termination of his employment with the Company and for an orderly transition of his employment duties to his successor. Pursuant to the agreement, Mr. Johnson continued to serve in his prior capacities until his successor began work in April 2004, at which time Mr. Johnson's employment by the Company terminated. The agreement also contains a severance agreement that provides that Mr. Johnson will be paid an amount equal to his previous salary and medical benefits for eighteen months thereafter. Also pursuant to the agreement, Mr. Johnson's existing stock options immediately vested, and he was given an extension of time until April 22, 2007, within which to exercise certain of those stock options. Also pursuant to the agreement, Mr. Johnson released the Company from specified claims arising from his employment. Mr. Johnson resigned from our board of directors on April 23, 2004, pursuant to the terms of the Transition Agreement and Release.

Under our 1991 and 2000 incentive stock option plans our employees receive grants of options to purchase our common stock that typically have terms of ten years. These plans provide that after certain change in control events (as defined in each plan), including, for example, our merger with or into another corporation or the sale of all or substantially all of our assets, outstanding options may be assumed, or equivalent options may be substituted, by the successor corporation. Thereafter, if the optionee's status as our employee or employee of the successor corporation is terminated within 12 months other than by a voluntary resignation or termination for cause, the option becomes fully exercisable. Further, if the successor corporation does not assume an outstanding option or substitute for it an equivalent option, the option becomes fully vested and exercisable. The specific terms and conditions pertaining to the foregoing are set forth in our stock option plans.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

During 2003, executive compensation matters were approved by the compensation committee of the board of directors. The compensation committee operates under a written charter adopted by the board of directors in July 2000. The following is the report of the compensation committee with respect to compensation during 2003.

General Compensation Philosophy

The primary objectives of the executive compensation policies of the compensation committee include the following:

To attract, motivate and retain a highly qualified executive management team;

To link executive compensation to our financial performance as well as to define individual management objectives established by the compensation committee;

To compensate competitively with the practices of similarly situated technology companies; and

To create management incentives designed to enhance stockholder value.

Natus competes in an aggressive and dynamic industry and, as a result, the compensation committee believes that finding, motivating, and retaining quality employees, particularly senior managers, sales personnel and technical personnel are important factors to Natus' future success. The compensation philosophy of the compensation committee seeks to align the interests of stockholders and management by tying compensation to Natus' financial performance, either directly in the form of salary and bonuses paid in cash or indirectly in the form of appreciation of stock options granted to Natus' principal executive officers.

Cash Compensation

Natus seeks to provide cash compensation to its executive officers, including base salary and bonus, at levels that are commensurate with cash compensation of executives with comparable responsibility at similarly situated technology companies. Annual increases in base salary are determined on an individual basis based on market data and a review of the officer's performance and contribution to various individual, departmental and corporate objectives. Cash bonuses are intended to provide additional incentives to achieve such objectives.

The salaries and cash bonuses of each of Natus' executive officers, other than the chief executive officer, were determined by the compensation committee. The Compensation Committee considered the recommendation of the chief executive officer. The chief executive officer's base salary was determined by the compensation committee.

Edgar Filing: NATUS MEDICAL INC - Form DEF 14A

In addition to annual salary, cash bonuses for the chief executive officer are based on various performance targets established by the compensation committee. Cash bonuses may also be earned by operational vice presidents based on their divisional financial performance. Mr. Johnson, our chief executive officer during 2003, did not receive a bonus during 2003.

Based on a review of public company proxy data and other relevant market data, the compensation committee believes that cash compensation paid to Natus executive officers, including the chief executive officer, was generally consistent with amounts paid to officers with similar responsibilities at similarly situated medical device companies. We note that competition for qualified management and technical personnel in Natus industry is intense, and we expect such competition to remain intense for the foreseeable future. As a result, in order to insure access to qualified personnel, the compensation committee believes that it will continue to be necessary to provide compensation packages, consisting of cash compensation and equity incentives, that are at least competitive with, and in certain instances superior to, compensation paid by other similarly situated medical device companies.

Equity-Based Compensation

Natus provides long term incentives through its 2000 stock option plan. Prior to Natus' July 2001 initial public offering, Natus provided long-term incentives through its 1991 stock option plan and its 2000 supplemental stock option plan. Stock options are periodically granted under the 2000 stock option plan to provide additional incentive to executives and other employees to maximize long-term total return to our stockholders. Stock options are a particularly strong incentive, because they are valuable to employees only if the fair market value of our common stock increases above the exercise price, which is set at the fair market value of our common stock on the date the option is granted. In addition, employees must remain employed for a fixed period of time in order for the options to vest fully. Options generally vest over a four-year period to encourage option holders to continue in our employ.

All of the options granted to our executive officers in 2003 were approved by the compensation committee. With respect to options granted to Natus' executive officers, the compensation committee considers in making its determination as to the size of the option grant the executive's position with Natus, the executive's individual performance, the number of options held (if any) and the extent to which those options are vested, and any other factors that the committee may deem relevant.

Tax Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code limits the federal income tax deductibility of compensation paid to our chief executive officer and to each of the other four most highly compensated executive officers. Natus may deduct such compensation only to the extent that during any fiscal year the compensation paid to such individual does not exceed \$1 million or meet certain specified conditions (including stockholder approval). Natus has adopted a policy that, where reasonably practicable, Natus will seek to qualify variable compensation paid to its executive officers for an exemption from the deductibility limitations of 162(m).

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The audit committee of the board of directors is composed of three independent directors, as determined under the applicable rules of the National Association of Securities Dealers. The board of directors appointed the members of the audit committee. The members of the audit committee at December 31, 2003 were Ken Ludlum, William M. Moore and David Nierenberg.

The audit committee operates under a written charter adopted by the board of directors in September 2000 and amended March 27, 2003. The audit committee monitors and reviews Natus' financial controls and financial reporting process. The committee provides the board of directors with the results of the committee's examinations and recommendations, outlines to the board of directors improvements made or to be made in internal accounting controls, nominates independent public accountants and provides the board of directors with any additional information and materials as the committee may deem necessary to make the board of directors aware of significant financial matters that require the board of directors' attention. The audit committee does not conduct auditing reviews or procedures. The audit committee relies on management's representation that Natus' financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on Natus financial statements.

The audit committee has met and held discussions separately and jointly with each of management and Deloitte & Touche, LLP and BDO Seidman, LLP, Natus' independent public accountants during 2003. Management represented to the audit committee that the consolidated financial statements were prepared in accordance with generally accepted accounting principles. The audit committee has reviewed and discussed the consolidated financial statements with management and the independent public accountants. The audit committee also discussed with Deloitte & Touche, LLP and BDO Seidman, LLP those matters required to be discussed by the Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380).

Deloitte & Touche, LLP and BDO Seidman, LLP provided to the audit committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the audit committee discussed with the independent public accountants each firm's independence.

Based on the audit committee's discussions with management and the independent public accountants and the audit committee's review of the representations of management and the report of the independent public accountants to the audit committee, the audit committee recommended that the board of directors include the audited consolidated financial statements in Natus' annual report on Form 10-K for the year ended December 31, 2003 filed with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the National Association of Securities Dealers, Inc. Executive officers, directors and greater than ten percent stockholders are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms that we have received, or written representations from reporting persons, we believe that, except as described below, during the fiscal year ending December 31, 2003 all executive officers, directors and greater than ten percent stockholders complied with all applicable filing requirements. George R. Ryan, our vice president of business development, was late in filing a Form 4 that disclosed an option granted to him under our 2000 stock option plan. Mr. Ryan has since made the required filing. Mark E. Foster, our vice president and general counsel, was late in filing a Form 4 that disclosed an option granted to him under our 2000 stock option plan. Mr. Foster has since made the required filing. Bryan P. Flaherty, our former vice president of research and development, was late in filing a Form 4 that disclosed his sale of shares as issued pursuant to our 2000 stock option plan. Mr. Flaherty has since made the required filing.

RELATED PARTY TRANSACTIONS

In February 1999, in connection with the purchase of his home, we loaned Tim C. Johnson, then our president and chief executive officer, \$250,000 under a secured, promissory note at the rate of 4.62%, compounded monthly. Mr. Johnson repaid the promissory note in full with interest in March 1999. Upon repayment, we provided a \$310,000 certificate of deposit as collateral to a commercial bank against a five-year loan due in March 2004 to Mr. Johnson for \$250,000, which he had received from that bank. The amount of the certificate of deposit we provided represented the amount which, when combined with interest on the certificate of deposit, was due from Mr. Johnson to the commercial bank at the end of the term of his loan. Interest earned on the initial balance of the certificate of deposit we pledged also became collateral for Mr. Johnson's loan. The total collateral we pledged was equal to \$334,000 as of December 31, 2003. During March 2004, in a series of nearly simultaneous transactions: (1) Mr. Johnson placed into escrow additional shares of our common stock in an amount sufficient, at the then current market price, to fully collateralize the principle and interest of the loan, (2) the company purchased those shares from Mr. Johnson at the then current market price and retired the shares, (3) Mr. Johnson used the proceeds from sale of the shares to pay the loan in full, and (4) the bank released the assignment of certificate of deposit. The company redeemed the certificate of deposit upon maturity in April 2004.

In February 2003, we entered into a voting agreement (the "Voting Agreement") with Perry Corp. ("Perry"). As of April 16, 2004, Perry owned 3,987,940 of our outstanding shares of common stock; that amount represents shares beneficially owned by Perry Corp. and Richard C. Perry through his position as sole stockholder of Perry. The voting agreement terminated by its terms on March 5, 2004, when Perry's ownership of our common stock fell below 4,348,400 shares, the number of shares that Perry held when we entered into the Voting Agreement in February 2003.

On January 30, 2004, the Company entered into a Transition Agreement and Release with Tim Johnson, then the Company's president, chief executive officer, chief operating officer, and a director. Please see the section entitled Employment Agreements and Change in Control Arrangements for a discussion of that agreement.

In April 2004 we also entered into an Employment Agreement with our newly appointed president and chief executive officer, James B. Hawkins. Please see the section entitled Employment Agreements and Change in Control Arrangements for a discussion of that agreement.
