ANNUAL MEETING OF SHAREHOLDERS

On February 4, 2005

SOLICITATION AND REVOCATION OF PROXY

The enclosed proxy is solicited on behalf of the Board of Directors (the **Board**) of Tyson Foods, Inc., a Delaware corporation (the **Company**). It is for use only at the Annual Meeting of Shareholders (the **Annual Meeting**) to be held at the Walton Arts Center, 495 West Dickson Street, Fayetteville, Arkansas, on Friday, February 4, 2005, at 10:00 a.m., local time, and any adjournments or postponements thereof.

Any shareholder executing a proxy retains the right to revoke it at any time prior to exercise at the Annual Meeting. A proxy may be revoked by delivery of written notice of revocation to the Secretary of the Company, by execution and delivery of a later proxy or by voting the shares in person at the Annual Meeting. If not revoked, all shares represented by properly executed proxies will be voted as specified therein.

This proxy material is first being mailed to shareholders on or about December 30, 2004.

OUTSTANDING STOCK AND VOTING RIGHTS

As of October 2, 2004, the outstanding shares of the Company's capital stock consisted of 250,560,172 shares of Class A Common Stock, \$0.10 par value (**Class A Common Stock**), and 101,625,548 shares of Class B Common Stock, \$0.10 par value (**Class B Common Stock**). The holders of record of the shares of Class A Common Stock and Class B Common Stock outstanding at the close of business on December 10, 2004, will vote together as a single class on all matters hereby submitted to shareholders and such other matters as may properly come before the Annual Meeting and any adjournments or postponements thereof. Each share of Class A Common Stock will entitle the holder to one vote and each share of Class B Common Stock will entitle the holder to ten votes on all such matters. The stock transfer books of the Company will not be closed.

A majority of votes represented by the holders of the Company's outstanding Class A Common Stock and Class B Common Stock, treated as a single class, must be present in person or represented by proxy to hold the Annual Meeting. A majority of the votes cast at the Annual Meeting is required to elect any director; approve the Annual Incentive Compensation Plan for Senior Executive Officers (**Board Proposal No. 1**); approve

Edgar Filing: TYSON FOODS INC - Form DEF 14A

the amendment and restatement of the Tyson Foods, Inc. 2000 Stock Incentive Plan (Board Proposal No. 2); ratify the selection of Ernst & Young LLP, registered public accounting firm, as the Company s independent auditor for the fiscal year ending October 1, 2005; approve the shareholder proposal recommending that the Board implement a policy for the reporting of political contributions (Shareholder Proposal No. 1); and approve the shareholder proposal requesting that the Company prepare a sustainability report examining environmental impacts of both Company-owned and contract farms (Shareholder Proposal No. 2).

The enclosed form of proxy provides a method for shareholders to withhold authority to vote for any one or more of the nominees for director while granting authority to vote for the remaining nominees. The names of all

nominees are listed on the proxy card. If you wish to grant authority to vote for all nominees, check the box marked **FOR**. If you wish to withhold authority to vote for all nominees, check the box marked **WITHHOLD**. If you wish your shares to be voted for some nominees and not for one or more of the others, check the box marked **FOR** and indicate the nominee(s) for whom you are withholding the authority to vote by listing such nominee(s) in the space provided. If you checked the box marked **WITHHOLD** your vote will be treated as an abstention and accordingly, your shares will neither be voted for nor against a director but will be counted for quorum purposes.

The enclosed form of proxy also provides a method for shareholders to vote for or against or to abstain from voting with respect to (i) Board Proposal No. 1, (ii) Board Proposal No. 2, (iii) the ratification of the selection of Ernst & Young LLP as independent auditor, (iv) Shareholder Proposal No. 1 and (v) Shareholder Proposal No. 2. By abstaining from voting for any of the foregoing, shares would not be voted either for or against, but would be counted for quorum purposes. While there may be instances in which a shareholder will wish to abstain, the Board encourages all shareholders to vote their shares in their best judgment and to participate in the voting process to the fullest extent possible.

Brokers who hold shares in street name for customers who are beneficial owners of such shares are prohibited from giving a proxy to vote such customers' shares on non-routine matters in the absence of specific instructions from such customers. This is commonly referred to as a broker non-vote. Broker non-votes will be treated in the same manner as abstentions for voting and quorum purposes.

percentage interest of all general partners, and (iii) the sale of all or substantially all of the Tyson Limited Partnership's assets and properties. Edgar Filing: TYSON FOODS INC - Form DEF 14A

Richard L. Bond, 57, is the Company's President and Chief Operating Officer and has held his current title since February 2003. Mr. Bond served as Co-Chief Operating Officer and Group President, Fresh Meats and Retail from October 2001 until February 2003, and as President and Chief Operating Officer of IBP, inc. (IBP; now known as Tyson Fresh Meats, Inc.) from March 1997 until the merger of IBP into a wholly owned subsidiary of the Company (the IBP Merger) on September 28, 2001. He was a director of IBP from 1995 to 2001. Mr. Bond has been a member of the Board since 2001.

Jo Ann R. Smith, 65, is President of Smith Associates, an agricultural marketing business, and has served in that capacity since 1993. She was a director of IBP from 1993 to 2001. Ms. Smith has been a member of the Board since 2001.

Each of the foregoing nominees is currently serving as a director of the Company and, with the exception of Albert C. Zapanta, was elected at the last Annual Meeting. John Tyson, Chairman and Chief Executive Officer, initially identified Mr. Zapanta as a candidate for election to the Board. Mr. Zapanta then met individually and collectively with all other Board members. On May 18, 2004, Mr. Tyson nominated Mr. Zapanta for election to the Board and in a special meeting of the Board that day, Mr. Zapanta was elected. John Tyson is the son of Don Tyson. Barbara A. Tyson is the widow of Randal W. Tyson, who was the brother of Don Tyson and uncle of John Tyson. There are no other family relationships among the foregoing nominees. By reason of their beneficial ownership of the Company's common stock, Don Tyson and the Tyson Limited Partnership are deemed to be controlling persons of the Company. Except for IBP, none of the companies or organizations listed in the director biographies above is a parent, subsidiary or affiliate of the Company.

In March 2004, the Company was advised that the SEC had commenced a formal, non-public investigation concerning the Company's disclosures of executive perquisites. In August 2004, the Company announced that it had received notice that the staff of the SEC intended to recommend that the SEC bring a civil enforcement action against the Company and that it was considering seeking a monetary penalty. The notice alleged that the Company's proxy statements for fiscal years 1997 through 2003 had failed to comply with SEC regulations with respect to the disclosure and description of perquisites totaling approximately \$1.7 million provided to Don Tyson, former Senior Chairman of the Company, and that the Company had failed to maintain an adequate system of internal controls regarding the personal use of Company assets and the disclosure of perquisites and personal benefits. The SEC staff also advised the Company it was considering recommending that the SEC bring administrative cease-and-desist actions against two Company non-executive employees for allegedly causing these failures. In addition, Don Tyson received notice the staff intended to recommend that the SEC bring a similar civil enforcement action against him. The Company was subsequently advised that the staff had withdrawn its proposed recommendation with respect to the two employees, and that it intended to recommend that the SEC seek monetary penalties against the Company and Don Tyson. In December 2004, following discussions with the staff regarding resolution of this matter, the Company and Don Tyson proposed that the Company, without admitting or denying wrongdoing, would pay a civil penalty of \$1.5 million and consent to the entry of an administrative cease and desist order and that Don Tyson, also without admitting or denying wrongdoing, would pay a civil penalty of \$200,000 and consent to the entry of an administrative cease and desist order. These settlement proposals are subject to mutual agreement on the language of the order. The SEC staff has agreed to recommend both of these offers of settlement to the SEC. The proposed settlements and the proposed order are subject to final approval by the SEC.

Unless otherwise designated, the enclosed proxy will be voted for the election of the foregoing ten nominees as directors. To be elected as a director, each nominee must receive the favorable vote of a majority of the votes cast at the meeting. Shareholders are not entitled to cumulate voting with respect to the election of directors. The Board does not contemplate that any of the nominees will be unable to stand for election, but should any nominee become unavailable for election, all proxies will be voted for the election of a substitute nominated by the Board.

The Company qualifies as a controlled company due to the ownership by the Tyson Limited Partnership of shares allowing it to cast more than 50% of votes eligible to be cast for election of directors. Therefore, the Board is not required to nor has it chosen to have a standing nominating committee. In light of the Tyson Limited Partnership's voting power, the Board has determined that the Board is the most appropriate body for selecting

Board nominees and that no policy with respect to consideration of candidates recommended by shareholders would be appropriate. However, the Board will consider suggestions by shareholders for names of possible future nominees delivered in writing to the Secretary of the Company on or before September 30 in any year.

Information Regarding the Board and its Committees

The Board has a Compensation Committee (the Compensation Committee) whose primary function is to oversee the administration of the Company's employee benefit plans and establish the Company's compensation policies. See Report of Compensation Committee contained herein. The Compensation Committee consists of independent directors Jo Ann R. Smith, Chairperson, Lloyd V. Hackley, David A. Jones and Albert C. Zapanta. The Compensation Committee held four regularly scheduled meetings and 18 telephonic meetings in fiscal 2004. On November 19, 2004, the Board elected Albert C. Zapanta to the Compensation Committee.

The Board has an Audit Committee (the Audit Committee) whose primary function is to assist the Board in fulfilling its responsibilities by regular review and oversight of the Company's financial reporting, audit and accounting processes. See Report of Audit Committee contained herein. The Audit Committee consists of Jim Keever, Chairman, David A. Jones and Jo Ann R. Smith. Each of these individuals qualifies as an independent director under the regulations adopted by the SEC pursuant to the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley Act) and the New York Stock Exchange (NYSE) listing standards relating to audit committees. The Board has determined each of the members of the Audit Committee is knowledgeable and qualified to review financial statements. In addition, the Board has determined that Jim Keever, the current Chairman of the Audit Committee, qualifies as an audit committee financial expert within the meaning of the regulations of the SEC. The Audit Committee held four regularly scheduled meetings and four special telephonic meetings in fiscal 2004.

The Board has a Governance Committee (the Governance Committee) whose primary functions are to (i) oversee and review related party and other special transactions between the Company and its directors, executive officers or their affiliates; (ii) review and recommend to the Board Corporate Governance Principles applicable to the Company; and (iii) review and recommend to the Board a Code of Conduct applicable to the Company. The Governance Committee consists of independent directors Lloyd V. Hackley, Chairman, Jim Keever, Jo Ann R. Smith and Albert C. Zapanta. The Governance Committee held four regularly scheduled meetings and one telephonic meeting during fiscal 2004. On November 19, 2004, the Board elected Albert C. Zapanta to the Governance Committee.

The Board has an Executive Committee (the Executive Committee) whose primary function is to exercise all powers of the Board, except as otherwise provided by law and the Company's Bylaws, during the intervals between meetings of the Board. All actions taken by the Executive Committee between meetings are ratified by the Board at the following Board meeting. The members of the Executive Committee are Don Tyson, John Tyson and Leland E. Tollett. The Executive Committee acted by written consent 19 times during fiscal 2004.

The Board held four regularly scheduled meetings and one special telephonic meeting in fiscal 2004. All directors except Barbara A. Tyson attended at least 75% of the Board and committee meetings they were eligible to attend during fiscal year 2004. The Board expects all directors to attend each Annual Meeting of Shareholders. All directors nominated by the Board for election to the Board in 2004, with the exception of Barbara A. Tyson (who was ill), attended the Annual Meeting of Shareholders held on February 6, 2004.

Non-management directors met in executive session without management present two times during fiscal 2004. Leland E. Tollett is the presiding director for the executive sessions of non-management directors.

The Board has adopted Corporate Governance Principles, and each of the Audit Committee, Compensation Committee and Governance Committee have adopted a written charter. The Board has also adopted a Code of Conduct applicable to all directors, officers and employees. Copies of these corporate governance documents are available on the Company's website at www.tysonfoodsinc.com under Investors or in print to any shareholder who sends a request to Tyson Foods, Inc., Attention: Corporate Secretary, 2210 West Oaklawn Drive, Mail Stop AR058124, Springdale, AR 72762-6999.

In accordance with a provision in NYSE rules for controlled companies, the Company has elected not to comply with NYSE corporate governance rules that provide for (i) a majority of independent directors, (ii) a nominating committee comprised solely of independent directors to identify and recommend nominees to the board of directors, and (iii) a compensation committee with power to determine the compensation of the CEO. The Company qualifies as a controlled company due to the ownership by the Tyson Limited Partnership of shares allowing it to cast more than 50% of votes eligible to be cast for election of directors.

The Board has determined that each of Lloyd V. Hackley, David A. Jones, Jim Kever, Jo Ann R. Smith and Albert C. Zapanta qualify as independent directors in accordance with the NYSE corporate governance rules. The Board has also designated Leland E. Tollett to act as the presiding director of executive sessions to be held on a regular basis by non-management directors. If you desire to communicate with Mr. Tollett, you may do so by mailing him at Tyson Foods, Inc., Attention: Leland Tollett, 2210 West Oaklawn Drive, Mail Stop CP001, Springdale, AR 72762-6999.

In making its independence determinations, the Board has reviewed an indirect investment by John Tyson in DigiScript, Inc. (DigiScript). Jim Kever is presently Chairman of the Board of DigiScript and owns approximately 15% of DigiScript's outstanding stock. DigiScript is a privately held company that specializes in making live presentations available on demand via the internet or CD-Rom. Mr. Tyson's indirect investment of approximately \$204,000 constitutes approximately 0.9% of DigiScript's outstanding stock. Neither the Company nor Mr. Tyson presently has any business relationship with DigiScript, and Mr. Tyson has no role on DigiScript's board of directors or as an officer thereof. Based on these facts, the Board has determined that this relationship is not material and does not affect Mr. Kever's independence. There were no other relationships involving the independent directors and the Company that required an assessment of materiality by the Board.

A full and complete copy of the Executive Incentive Plan is attached to this Proxy Statement as Appendix A.

The Executive Incentive Plan has been approved by each of the Board and the Compensation Committee, subject to approval by shareholders. If the Executive Incentive Plan is approved by the shareholders, the plan will be effective as of October 3, 2004, the first day of the Company's 2005 fiscal year. If approved by shareholders, the Executive Incentive Plan will replace the Senior Executive Performance Bonus Plan for fiscal 2005.

Executive Officers Eligible

Each employee of the Company holding the position of Chairman, Chief Executive Officer, President, Chief Operating Officer, Chief Administrative Officer, Chief Financial Officer or any level of Vice President, or an equivalent position at a subsidiary or an affiliate, will be eligible to receive awards under the Executive Incentive Plan if selected for participation by the Compensation Committee.

Terms of the Executive Incentive Plan

The administration and operation of the Executive Incentive Plan will be supervised by members of the Compensation Committee, which will consist of two or more independent members of the Board of Directors of the Company. The Compensation Committee will interpret and construe any and all provisions of the Executive Incentive Plan and any determination made by the Compensation Committee under the Executive Incentive Plan will be final and conclusive. The Executive Incentive Plan will be interpreted in view of the intention that any grant of compensation pursuant to the Executive Incentive Plan is intended to qualify as performance-based compensation within the meaning of the Section 162(m) of the Internal Revenue Code of 1986 and the regulations and interpretations promulgated thereunder (Section 162(m)).

Within the first ninety days of each fiscal year, the Compensation Committee will establish the performance measures for the payment of individual awards under the Executive Incentive Plan. Performance measures are established by the Compensation Committee under an objective formula or standard consisting of one or any combination of the following criteria:

earnings per share and/or growth in earnings per share in relation to target objectives, excluding the effect of extraordinary or nonrecurring items;

operating cash flow and/or growth in operating cash flow in relation to target objectives;

cash available in relation to target objectives;

net income and/or growth in net income in relation to target objectives, excluding the effect of extraordinary or nonrecurring items;

revenue and/or growth in revenue in relation to target objectives;

total shareholder return (measured as the total of the appreciation of, and dividends declared on, Class A common stock) in relation to target objectives;

return on invested capital in relation to target objectives;

return on shareholder equity in relation to target objectives;

return on assets in relation to target objectives;

return on common book equity in relation to target objectives;

operating income in relation to target objectives;

EBIT, EBITDA or EBITDAR or any adjusted version thereof in relation to target objectives;

Company stock price performance as compared against a peer group of companies selected by the Compensation Committee; or

any combination of the foregoing.

The Compensation Committee may amend or adjust the performance measures or other terms and conditions of an outstanding award in recognition of unusual or nonrecurring events affecting the Company or its financial statements or changes in law or accounting.

The Compensation Committee will determine the performance measures applicable to a fiscal year and the procedure for calculating the amount of the annual incentive bonus payable to each participant based upon the level of the performance measure(s) achieved. The Compensation Committee may then reduce, but not increase, in its sole discretion, the amount of the incentive bonus which would have otherwise been payable to any particular participant based upon the Compensation Committee's determination of the individual performance of the executive for the year and the Company's overall performance. In no event will the amount of any annual bonus payable to any executive under the Executive Incentive Plan exceed \$10 million.

Any annual incentive bonus that becomes payable for a fiscal year will generally be paid in cash or shares of Company Class A Common Stock, at the Company's discretion, as soon as practicable after the close of the fiscal year. The Company will deduct applicable withholding taxes from any such payment. Subject to the approval of Board Proposal No. 2, any shares of Class A Common Stock issued in payment of an annual incentive bonus will be issued pursuant to the Tyson Foods, Inc. 2000 Stock Incentive Plan or any successor or substitute plan that has been approved by shareholders of the Company. The Board's approval of the Annual Incentive Plan was conditioned upon the approval by shareholders of Board Proposal No. 2 which would allow the grant of additional types of performance-based stock incentives under the Tyson Foods, Inc. 2000 Stock Incentive Plan that satisfy the requirements of Section 162(m). If both Board Proposals No. 1 and No. 2 are not approved by shareholders, the Executive Incentive Plan will not become effective.

An executive may defer receipt of all or a portion of any award received under this Executive Incentive Plan, to the extent permitted by any plan of deferred compensation then maintained by the Company, and designate a beneficiary to receive any payments to be made following the executive's death.

Termination of the Executive Incentive Plan

The Compensation Committee may at any time amend, suspend, discontinue or terminate the Executive Incentive Plan.

Tax Consequences

The Executive Incentive Plan is designed to maximize the deductibility of bonuses paid thereunder to eligible participants are deductible under Section 162(m). Payments to the executives under the Executive Incentive Plan will be taxable compensation to the recipient upon receipt and are designed to be deductible as compensation by the Company.

PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED FOR BOARD PROPOSAL NO. 1 UNLESS SHAREHOLDERS SPECIFY A CONTRARY VOTE.

BOARD PROPOSAL NO. 2: APPROVAL OF THE AMENDMENT AND RESTATEMENT OF

THE TYSON FOODS, INC. 2000 STOCK INCENTIVE PLAN

The Tyson Foods, Inc. 2000 Stock Incentive Plan (the *Stock Incentive Plan*) was originally approved by the shareholders of the Company on January 12, 2001. The Board believes that the granting of stock-based awards assists the Company in its efforts to attract and retain highly qualified persons to serve as directors, officers, employees, consultants and other service providers, thereby more closely aligning their interest with that of the Company's shareholders.

At the Annual Meeting, shareholders will be requested to approve Board Proposal No. 2 which would permit the administrative committee under the Stock Incentive Plan, which is the Compensation Committee, to grant additional types of stock incentives that will qualify as performance-based compensation within the meaning of Section 162(m).

The following description of the Stock Incentive Plan is qualified in its entirety by reference to the applicable provisions of the plan document. A full and complete copy of the Stock Incentive Plan, as amended and restated, is attached to this Proxy Statement as Appendix B.

General Description of the Stock Incentive Plan

The Stock Incentive Plan currently permits awards of a variety of equity-based incentives, including stock awards, options to purchase shares of Class A Common Stock, stock appreciation rights, dividend equivalent rights, performance unit awards and phantom shares (collectively, *Stock Incentives*) to purchase or acquire up to 40,660,000 shares of Class A Common Stock, subject to adjustment as provided in the Stock Incentive Plan for certain changes in the Company's capital structure. The number of shares currently available for grant thereunder is 17,703,156. The Plan has an indefinite term.

The number of shares of Class A Common Stock as to which any Stock Incentive is granted and the persons to whom any Stock Incentive is granted will be determined by the Compensation Committee, subject to the provisions of the Stock Incentive Plan. Stock Incentives may be made exercisable or settled at the prices and may be made forfeitable or terminable under the terms established by the Compensation Committee, to the extent not otherwise inconsistent with the terms of the Stock Incentive Plan. Stock Incentives generally are not transferable or assignable during a holder's lifetime, subject to such terms as may be established by the Compensation Committee.

No eligible employee may be granted during any single calendar year rights to shares of Class A Common Stock under options, stock appreciation rights or other performance-based Stock Incentives which, in the aggregate, exceed 1,000,000 shares of Class A Common Stock.

Stock Incentives

Options. The Stock Incentive Plan provides for the grant of incentive stock options and nonqualified stock options. The Compensation Committee will determine whether an option is an incentive stock option or a nonqualified stock option at the time the option is granted, and the option will be evidenced by a Stock Incentive agreement. Options may be made exercisable pursuant to the terms established by the Compensation Committee, to the extent not otherwise inconsistent with the terms of the Stock Incentive Plan.

The exercise price of an option shall be set forth in the applicable Stock Incentive agreement. The exercise price of an incentive stock option may not be less than the fair market value of the Class A Common Stock on the

date of the grant (nor less than 110% of the fair market value if the participant owns more than 10% of the stock of the Company or any subsidiary). At the time an incentive stock option is exercised, the Company will be entitled to place a legend on the certificates representing the shares of Class A Common Stock purchased pursuant to the option to identify them as shares of Class A Common Stock purchased upon the exercise of an incentive stock option. Nonqualified stock options may be made exercisable at a price equal to, less than or more than the fair market value of the Class A Common Stock on the date that the option is granted. The Compensation Committee may permit an option exercise price to be paid in cash or by the delivery of previously-owned shares of Class A Common Stock; to be satisfied through a cashless exercise executed through a broker, subject to applicable law; or by having a number of shares of Class A Common Stock otherwise issuable at the time of exercise withheld. The Compensation Committee also may authorize financing by the Company to assist a participant with payment of the exercise price, subject to applicable law.

The term of an option shall be specified in the applicable Stock Incentive agreement. The term of an incentive stock option may not exceed ten years from the date of grant; however, any incentive stock option granted to a participant who owns more than 10% of the stock of the Company or any subsidiary will not be exercisable after the expiration of five (5) years after the date the option is granted.

Stock Appreciation Rights. Stock appreciation rights may be granted separately or in connection with another Stock Incentive, and the Compensation Committee may provide that they are exercisable at the discretion of the holder or that they will be paid at a specific time or times or upon the occurrence or non-occurrence of events that may be specified in the applicable Stock Incentive agreement. Stock appreciation rights may be settled in shares of Class A Common Stock or in cash, according to terms established by the Compensation Committee with respect to any particular award.

Stock Awards. The Compensation Committee may grant shares of Class A Common Stock to a participant, subject to restrictions and conditions, if any, as the Compensation Committee shall determine.

Other Stock Incentives. Dividend equivalent rights, performance units and phantom shares may be granted in numbers or units and subject to any conditions and restrictions as determined by the Compensation Committee and will be payable in cash or shares of Class A Common Stock, as determined by the Compensation Committee.

Performance Criteria

Under the Stock Incentive Plan, as amended, at the time a Stock Incentive is granted, the Compensation Committee may establish performance measures, if any, attributable to the payment, vesting or other settlement of the Stock Incentive. Performance measures will be established by the Compensation Committee under an objective formula or standard consisting of one or any combination of the following criteria:

earnings per share and/or growth in earnings per share in relation to target objectives, excluding the effect of extraordinary or nonrecurring items;

operating cash flow and/or growth in operating cash flow in relation to target objectives;

cash available in relation to target objectives;

Edgar Filing: TYSON FOODS INC - Form DEF 14A

net income and/or growth in net income in relation to target objectives, excluding the effect of extraordinary or nonrecurring items;

revenue and/or growth in revenue in relation to target objectives;

total shareholder return (measured as the total of the appreciation of, and dividends declared on, Class A Common Stock) in relation to target objectives;

return on invested capital in relation to target objectives;

return on shareholder equity in relation to target objectives;

return on assets in relation to target objectives;

return on common book equity in relation to target objectives;

operating income in relation to target objectives;

EBIT, EBITDA or EBITDAR or any adjusted version thereof in relation to target objectives;

Company stock price performance as compared against a peer group of companies selected by the Compensation Committee; or

any combination of the foregoing.

The Compensation Committee may amend or adjust the performance measures or other terms and conditions of an outstanding award in recognition of unusual or nonrecurring events affecting the Company or its financial statements or changes in law or accounting.

Tax Reimbursement Payments

The Compensation Committee may make cash tax reimbursement payments designed to cover tax obligations of employees that result from the receipt or exercise of a Stock Incentive.

Termination of Stock Incentives

The terms of a particular Stock Incentive may provide that it terminates, among other reasons, upon the holder's termination of employment or other status with respect to the Company or any affiliate of the Company, upon a specified date, upon the holder's death or disability, or upon the occurrence of a change in control of the Company; provided that, the terms of any incentive stock option shall provide that all unexercised options will expire, terminate and become unexercisable no later than three months following termination of employment for reasons other than death or disability and one year following the holder's death or disability. Stock Incentives may include exercise, conversion or settlement rights to a holder's estate or personal representative in the event of the holder's death or disability. At the Compensation Committee's discretion, Stock Incentives that are subject to termination may be canceled, accelerated, paid or continued, subject to the terms of the applicable agreement reflecting the terms of a Stock Incentive and to the provisions of the Stock Incentive Plan.

Certain Reorganizations

The number of shares of Class A Common Stock reserved for issuance in connection with the grant or settlement of a Stock Incentive or to which a Stock Incentive is subject, as the case may be, the annual limit on the number of options, stock appreciation rights and other performance-based Stock Incentives that may be granted to any employee, and the exercise price of an option are subject to adjustment in the event of any recapitalization of the Company or similar event which occurs without the receipt of consideration.

In the event of certain corporate reorganizations, Stock Incentives may be substituted, canceled, accelerated, cashed-out or otherwise adjusted by the Compensation Committee, provided that any adjustment is not

inconsistent with the terms of the Stock Incentive Plan or any agreement reflecting the terms of a Stock Incentive. The Company may also use the Stock Incentive Plan to assume obligations previously incurred in favor of persons who are eligible to participate under the Stock Incentive Plan.

Amendments or Termination

Although the Stock Incentive Plan may be amended or terminated by the Board without shareholder approval, the Board also may condition any amendment upon shareholder approval if shareholder approval is deemed necessary or appropriate in consideration of tax, securities or other laws. No amendment or termination by the Board may adversely affect the rights of a holder of a Stock Incentive without the holder's consent.

Federal Income Tax Consequences

The following discussion outlines generally the federal income tax consequences of participation in the Stock Incentive Plan. Individual circumstances may vary and each participant should rely on his or her own tax counsel for advice regarding federal income tax treatment under the Stock Incentive Plan.

Incentive Stock Options

A participant who exercises an incentive stock option will not be taxed at the time he or she exercises his or her option or a portion thereof. Instead, the participant will be taxed at the time he or she sells the shares of Class A Common Stock purchased pursuant to the incentive stock option. The participant will be taxed on the difference between the price he or she paid for the Class A Common Stock and the amount for which he or she sells the Class A Common Stock. If the participant does not sell the shares of Class A Common Stock prior to two years from the date of grant of the incentive stock option and one year from the date the stock is transferred to him or her, any subsequent gain on sale of the shares will be capital gain and the Company will not receive a corresponding deduction. If the participant sells the shares of stock at a gain prior to that time, the difference between the amount the participant paid for the Class A Common Stock and the lesser of fair market value on the date of exercise or the amount for which the stock is sold will be taxed as ordinary income, and the Company will receive a corresponding deduction. If the participant sells the shares of Class A Common Stock for less than the amount he or she paid for the stock prior to the one- or two-year period indicated, no amount will be taxed as ordinary income and the loss will be taxed as a capital loss. Exercise of an incentive stock option may subject a participant to, or increase a participant's liability for, the alternative minimum tax.

Nonqualified Options

A participant will not recognize income upon the grant of a nonqualified option or at any time prior to the exercise of the option or a portion thereof. At the time the participant exercises a nonqualified option or portion thereof, he or she will recognize compensation taxable as ordinary income in an amount equal to the excess of the fair market value of the Class A Common Stock on the date the option is exercised over the price paid for the stock, and the Company will then be entitled to a corresponding deduction.

Depending upon the time period shares of Class A Common Stock are held after exercise, the sale or other taxable disposition of shares acquired through the exercise of a nonqualified option generally will result in a short- or long-term capital gain or loss equal to the difference between the amount realized on such disposition and the fair market value of such shares when the nonqualified option was exercised.

Special rules apply to a participant who exercises a nonqualified option by paying the exercise price, in whole or in part, by the transfer of shares of Class A Common Stock to the Company.

Other Stock Incentives

A participant will not recognize income upon the grant of a stock appreciation right, dividend equivalent right, performance unit award or phantom share (collectively, the Other Equity Incentives). Generally, at the time a participant receives payment under any Other Equity Incentive, he or she will recognize compensation taxable as ordinary income in an amount equal to the cash or fair market value of the Class A Common Stock received, and the Company will then be entitled to a corresponding deduction.

A participant will not be taxed upon the grant of a stock award if such award is subject to a substantial risk of forfeiture, as defined in the Internal Revenue Code. When the shares of Class A Common Stock that are subject to the stock award are no longer subject to a substantial risk of forfeiture, however, the participant will recognize compensation taxable as ordinary income in an amount equal to the fair market value of the stock subject to the award, less any amount paid for such stock, and the Company will then be entitled to a corresponding deduction. If a participant so elects at the time of receipt of a stock award, he or she may include the fair market value of the stock subject to the award, less any amount paid for such stock, in income at that time and the Company will also be entitled to a corresponding deduction at that time.

Shareholder Approval

The Board seeks shareholder approval to expand upon the types of Stock Incentives that will qualify as performance-based compensation within the meaning of Section 162(m) to maximize the potential for deductions associated with any Stock Incentives granted under the Stock Incentive Plan. The Board is also seeking shareholder approval to ensure compliance with New York Stock Exchange listing standards. If Board Proposal No. 2 is not approved by shareholders, the amendment and restatement of the Stock Incentive Plan will not become effective.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT SHAREHOLDERS VOTE FOR BOARD PROPOSAL NO. 2.

PROXIES SOLICITED BY THE BOARD OF DIRECTORS WILL BE VOTED FOR BOARD PROPOSAL NO. 2 UNLESS SHAREHOLDERS SPECIFY A CONTRARY VOTE.

Vote Required

Approval of Board Proposal No. 2 requires the affirmative vote of a majority of the votes cast at the Annual Meeting with the holders of shares of Class A Common Stock and Class B Common Stock voting together as a single class.

The total number of performance stock shown above has been rounded down to the nearest whole share. Audit Committee Pre-Approval Policy

Edgar Filing: TYSON FOODS INC - Form DEF 14A

The Audit Committee has adopted policies and procedures for the pre-approval of all audit and non-audit services to be performed by the independent auditor of the Company. The Audit Committee Charter provides that the Committee must approve in advance all audit services to be performed by the independent auditor. The Audit Committee has approved a separate written policy for the approval of engagements for non-audit services to be performed by the independent auditor. For non-audit services, any person requesting that such services be performed by the independent auditor must prepare a written explanation of the project (including the scope, deliverables, and expected benefits), the reason for choosing the independent auditor over other service providers, the estimated costs, the estimated timing and duration of the project, and other pertinent information. Non-audit services must first be pre-approved by each of the chief accounting officer and the chief financial

officer before being submitted for pre-approval to the Audit Committee, and then the Audit Committee or a designated member of the Committee must pre-approve the proposed engagement. The requirement for Audit Committee pre-approval of an engagement for non-audit services may be waived only if (i) the aggregate amount of all such non-audit services provided is less than five percent of the total amount paid by the Company to the independent auditor during the fiscal year when the services are provided; (ii) the services were not recognized by the Company at the time of the engagement to be non-audit services; and (iii) the services are promptly brought to the attention of the Audit Committee and approved prior to the completion of the audit. During fiscal 2004, the Company's independent auditors performed non-audit work at a cost of \$27,660 which was not preapproved by the Audit Committee prior to the engagement. These matters were brought to the Audit Committee's attention, and based on the services provided and the de minimus amounts involved, the Audit Committee determined this did not impair the independence of the independent auditors.

Board Recommendation

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT SHAREHOLDERS VOTE FOR RATIFICATION OF ERNST & YOUNG LLP AS INDEPENDENT AUDITOR.

PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR RATIFICATION OF

ERNST & YOUNG LLP AS INDEPENDENT AUDITOR UNLESS SHAREHOLDERS

SPECIFY A CONTRARY VOTE.

Vote Required

Approval of the ratification of Ernst & Young LLP as independent auditor requires the affirmative vote of a majority of the votes cast at the Annual Meeting with the holders of shares of Class A Common Stock and Class B Common Stock voting together as a single class.

SHAREHOLDER PROPOSAL NO. 1

Shareholder Proposal No. 1, which follows, was submitted by the International Brotherhood of Teamsters of 25 Louisiana Avenue, N.W., Washington, D.C. 20001-2198 (Teamsters) (who has notified the Company that it was the owner of 380 shares of Company stock) for consideration by the shareholders of the Company.

Proposal

RESOLVED: That the shareholders of Tyson Foods (Tyson s or Company) hereby request that the Company prepare and submit to the shareholders of the Company:

1. A report, updated annually, disclosing its policies for political contributions (both direct and indirect) made with corporate funds. The reports shall include, but not be limited to, contributions and donations to political candidates, political parties, political committees and other political entities organized and operating under 26 USC Sec. 527. This report shall be disclosed to shareholders through the Company s web site or to shareholders in published form.

2. A semi-annual report of political contributions, disclosing monetary and non-monetary contributions to candidates, parties, political committees and other organizations and individuals described in paragraph 1. This report shall contain the following information:

- a. An accounting of the Company s funds contributed or donated to any of the persons described above;
- b. A business rationale for each of the Company s political contributions or donations; and,
- c. Identification of the person or persons in the Company who participated in making the decisions to contribute or donate.

STATEMENT OF SUPPORT: As long-term shareholders of Tyson Foods, we support policies that apply transparency and accountability to corporate political giving. In our view, such disclosure is consistent with public policy in regard to public company disclosure.

Company executives exercise significant discretion over the use of corporate resources for political purposes. The result is that shareholders are unaware of how and why the Company chooses to make corporate contributions and the political ends being furthered by the gift of corporate funds. Company officials may, in fact, be funding groups and candidates whose agendas are antithetical to the interests of it, its shareholders and its stakeholders

That is the case with the \$175,000 contributed by Tyson Foods in the 2002 election cycle. However, shareholders do not know whether that is the full extent of the Company s contributions. According to press reports, some companies make substantial contributions that are not generally known to the public to political committees associated with certain political figures.¹ Those committees in turn, use the Company s money in ways that could pose reputation problems and legal risks for the company.²

Edgar Filing: TYSON FOODS INC - Form DEF 14A

Absent a system of accountability, corporate executives will be free to use the Company's assets for political objectives not shared by and may be inimical to the interests of shareholders. There is currently no single source of information providing disclosure to the Company's shareholders on this issue.

That is why we urge shareholders to vote FOR this critical governance reform.

The foregoing is the verbatim submission of the Teamsters. All statements therein are the sole responsibility of the Teamsters, and neither the management of the Company nor the Board of Directors have verified their accuracy.

BOARD OF DIRECTORS STATEMENT

IN OPPOSITION TO SHAREHOLDER PROPOSAL NO. 1

The Board recommends that shareholders reject Shareholder Proposal No. 1. The Board believes that this proposal is not in the best interests of shareholders and opposes it for the following reasons.

Contributions Limited. Federal law prohibits corporate contributions to federal candidates or their political committees. With the enactment of the Bipartisan Campaign Reform Act of 2002, effective November 6, 2002, corporate contributions to federal political parties and leadership committees are prohibited. Many state laws also prohibit such contributions. In addition, various other laws further prohibit or limit the Company's political contributions to state or local officials or candidates. The Company's Code of Conduct, which the Company invites shareholders to review at www.tysonfoodsinc.com, further regulates contributions made by employees on behalf of the Company. The Company makes contributions on a limited basis, in furtherance of its business interests, subject to the restrictions and reporting requirements of applicable law and of the Company's Code of Conduct.

Information Publicly Available. The vast majority of political contributions made by the Company are already required under federal, state and local laws to be disclosed publicly by either the Company or the recipient to the Federal Election Commission, the state or local boards of election or the Internal Revenue Service. Information about the Company's political contributions is available to shareholders from these sources, including through publicly accessible web sites. Further, the Company sponsors a political action committee, or PAC, which is supported by voluntary employee contributions. PACs are lawful entities and may contribute to political parties or candidates without violating U.S. laws, state laws or the Company's Code of Conduct. Information on contributions made by the Tyson Foods, Inc. Political Action Committee in connection with federal and state elections is publicly filed and available at the Federal Election Commission and applicable state boards of election, respectively.

Unnecessary Expense and Diversion of Resources. Shareholder Proposal No. 1 would require the Company to incur the added expense to prepare periodic disclosure reports of information that is already publicly available and it would divert management attention from other Company activities. The proposal would also require disclosure of the Company personnel participating in making decisions to make political contributions and the business rationale for each contribution. Such requirements are burdensome and not a productive use of the Company's money.

Board Recommendation

**THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT SHAREHOLDERS VOTE AGAINST
SHAREHOLDER PROPOSAL NO. 1.**

SHAREHOLDER PROPOSAL NO. 2

Shareholder Proposal No. 2, which follows, was submitted by the Sierra Club (Sierra Club), 85 Second Street, Second Floor, San Francisco, California 94105-3441 (who has notified the Company that it was the owner of 226 shares of Company stock) for consideration by the shareholders of the Company.

TYSON FOODS 2005 SHAREHOLDER RESOLUTION FOR A SUSTAINABILITY REPORT

RESOLVED: Shareholders request that Tyson Foods, Inc. prepare a sustainability report, at reasonable cost and omitting proprietary information, examining the environmental impacts of both company-owned and contract farms. The report should be made available to shareholders by April 2006.

We believe responsible implementation of a sound, credible environmental policy increases long-term shareholder value by raising efficiency, decreasing clean-up costs, reducing litigation, and enhancing public image and product attractiveness. Adherence to public standards for environmental performance gives a company greater public credibility than standards created by industry alone.

Tyson Foods faces serious environmental liability. According to a summary of the regional economic effects of concentrated animal feeding operations (CAFOs) by Dr. William J. Weida, Department of Economics, The Colorado College, Colorado Springs, CO, the cost of lagoon closures in 1995 dollars is \$42,000 a surface acre. This cost could pose a detriment to the income of shareholders if Tyson is in control of substantial numbers of CAFOs with lagoons or other animal manure at sites nearing to retirement age.

Public health presents an obvious concern. According to Dr. Weida, pathogens present in hog manure could be transported to ground water supplies through improperly sealed wells or other naturally occurring pathways. Studies released since 1999 have found that a broad profile of chemical and microbial constituents are present in both ground and surface water proximal to large-scale swine operations chemical (pesticides, antibiotics, heavy metals, minerals, and nutrients) and microbial (Escherichia coli, Salmonella sp., Enterococcus sp., Yersinia sp., Campylobacter sp., Cryptosporidium parvum) contaminants were present.

Moreover, an article in the 2001 Appraisal Journal cited several studies from across the county documenting proximate property values negatively impacted when located near a CAFO. Case studies from Washington and Michigan states show a 50% reduction. Also, a Nebraska Appellate Court ruled in favor of Livingston v. Jefferson County when a CAFO operator protested his property value based on his own proximity to his hog confinement. The court ordered the lower state Tax Equalization Review Commission to grant him a 30% reduction. These trends could foretell a future opening for litigation and liability for Tyson and its shareholders.

We believe shareholders would be well served by a rigorous report outlining the environmental impacts of our company's operations, we urge you to vote FOR this resolution.

The foregoing is the verbatim submission of the Sierra Club. All statements therein are the sole responsibility of the Sierra Club, and neither the management of the Company nor the Board of Directors have verified their accuracy.

BOARD OF DIRECTORS STATEMENT

IN OPPOSITION TO SHAREHOLDER PROPOSAL NO. 2

The Board recommends that shareholders reject Shareholder Proposal No. 2. The Board believes that this proposal is not in the best interests of shareholders and opposes it for the following reasons.

One of the core values of our Company is that we serve as stewards of the animals, land and environment entrusted to us. The corporate environmental policy of the Company states that environmental stewardship is a core value of our Company's business philosophy and that protecting natural resources is essential to achieving clean air, water and land for our world. Moreover, the policy also requires Company Team Members to meet or exceed the requirements of all environmental laws and regulations. In addition to reviewing this response, the Company encourages its shareholders to review the Company's corporate website at www.tysonfoodsinc.com where the Company describes its environmental initiatives, accomplishments and charitable giving. While the proponent's resolution is focused on our Company's limited swine production business, our Company's environmental efforts and initiatives are Company-wide encompassing all types of food production and operations.

Company Team Members began developing an Environmental Management System (EMS) in July 2003 that is focused on setting environmental goals, measuring success, and achieving continual improvement. Benchmarking of the Company's EMS program was undertaken in cooperation with the United States Environmental Protection Agency, and the Company recently implemented our first operational EMS at a poultry processing facility. The goal of the Company will be to have an EMS operational at all facilities by the end of 2008. A Company-wide EMS will provide many benefits to the Company and the environment and presents a continual living example of the Company's core values and environmental policy. This commitment extends well beyond our swine production business.

The Company utilizes company-owned farms and contract growers for swine production. Contract growers are independent farmers who manage the environmental performance of their farms and are independent of the Company. Hence, because they are independent of the Company, they are not required to provide the Company, nor state and federal agencies, with the information that would be required to develop the type of sustainability report and accompanying analysis requested in the proponent's resolution. Contract growers are charged with managing their environmental responsibilities, consistent with contract requirements, to ensure compliance with all applicable state and federal laws and regulations. The Company believes oversight of these operations by federal and state regulators is effective in regulating on-farm activities of growers. The Company is undertaking many efforts to ensure protection of natural resources. The creation of a sustainability report for the Company's swine production efforts does not enhance the Company's current strategy of environmental management.

The Board does not believe that this proposal is in the best interest of the Company.

- (1) These options were granted with respect to the Company's Class A Common Stock pursuant to the Stock Incentive Plan. The exercise price was the fair market value of the Class A Common Stock on the date of grant. The options were granted for a ten-year period beginning on the date of the grant. The options vest 40% on the date two years after the date of grant and continue to vest at 20% for each subsequent year until all options are vested five years after the date of grant. Options not exercised expire on the expiration date above. These options do not qualify as incentive stock options. Unvested options typically are forfeited upon termination of employment.
- (2) As required by SEC rules and regulations, potential realizable values are based on the assumption that the Class A Common Stock price appreciates at the annual rate shown compounded annually from the date of grant until the end of the ten-year option term and is not intended to forecast appreciation in stock price.

LONG-TERM INCENTIVE PLANS AWARDS IN LAST FISCAL YEAR

The following table provides information regarding performance-based performance shares of the Company's Class A Common Stock granted to the named executive officers during the fiscal year ended October 2, 2004, which grants are subject to shareholder approval of Board Proposal No. 2. Each performance share represents the right of the executive to receive up to one share of Class A Common Stock under the Company's 2000 Stock Incentive Plan upon satisfaction of certain performance criteria. Fifty percent (50%) of the performance shares granted to each executive vest based upon a comparison of the market price of the Company's Class A Common Stock to a peer group of 12 publicly traded companies determined by the Compensation Committee and the other fifty percent (50%) vests upon achievement by the Company of certain cash flow measures. The right to receive Class A Common Stock under the performance shares is also conditioned upon the executive officer remaining continuously in the employment of the Company from the award date through the measurement date, subject to certain exceptions involving the death, disability or retirement of the executive.

For the performance shares that vest based upon a peer group stock price comparison, thirty-three percent (33%) of such shares vest if the Class A Common Stock outperforms a threshold number of six members of the performance group over the measurement period; sixty-six percent (66%) of such shares vest if the Class A Common Stock outperforms a target number of eight members of the performance group over the measurement period; and all such shares vest if the Class A Common Stock outperforms ten members of the performance group over the measurement period.

For the performance shares that vest based upon a achievement of cash flow measures, 33% of such shares vest if the Company achieves a 8% growth rate in Free Cash Flow over such measurement period; 66% of such shares vest if the Company achieves a 10% growth rate in Free Cash Flow over such measurement period; and all of such shares vest if the Company achieves a 12% growth rate in Free Cash Flow over such measurement period. For the purposes of this performance criteria, Free Cash Flow means the annualized free cash flow of the Company as determined by the outside auditors.

The executives will receive no shares of Class A Common Stock if actual performance as of the measurement date (September 30, 2006) does not meet the relevant threshold performance benchmark.

Name	Number of Shares, Units or Other Rights (#)	Performances or Other Period Until Maturation or Payout	Estimated Future Payouts

- (1) Each performance share was granted on September 29, 2003, and the measurement date for determining satisfaction of the performance criteria is September 30, 2006, but the performance shares do not vest and become payable until the date that is two business days following the Company's public announcement of its earnings for the 2006 fiscal year.

SUPPLEMENTAL EXECUTIVE RETIREMENT AND LIFE INSURANCE PREMIUM PLAN

The Tyson Foods, Inc. Supplemental Executive Retirement and Life Insurance Premium Plan is a nonqualified deferred compensation plan providing life insurance protection during employment, and a subsequent retirement benefit, to those officers of the Company or any subsidiary or affiliate who are party to a written employment agreement, including the named executive officers in the Summary Compensation Table. As of October 1, 2004, the life insurance portion of the plan provided a death benefit for Messrs. Tyson, Bond, Lee, Leman and Leatherby with a face value of \$3.0 million, \$5.0 million, \$3.0 million, \$2.0 million and \$1.5 million, respectively. The retirement benefit is a lifetime annuity, and the primary formula for determining such benefit is equal to one percent of a participant's final average annual compensation multiplied by his or her years of creditable service. The plan also provides for catch-up accruals for certain grandfathered participants and a minimum benefit for each participant. In addition, participants with at least 20 years of vesting service generally receive a tax gross-up based on their minimum benefit amounts. Participants do not vest in their retirement benefits until attaining age 62, although a participant who attains at least age 55 and whose combination of age and years of vesting service equal or exceed 70 vest on any earlier date that the early vesting rule is satisfied. A participant who vests in his or her retirement benefit prior to age 62 may retire early and receive an actuarially reduced benefit.

The following table shows the estimated annual single life annuity payable from the plan upon retirement at age 62, based on the specific compensation and years of service classifications indicated below:

- (1) The compensation considered for benefits under the plan includes the cash compensation (salary plus bonus) disclosed in the annual compensation reported in the Summary Compensation Table, except that it is determined on a calendar year basis. The average compensation is the average of the last five complete calendar years' cash compensation of a participant's career.
- (2) The amounts shown as estimated benefits above under the years of service columns represent annual life annuity amounts based on a participant's years of service (in completed years and whole months) and average compensation over the last five complete calendar years of employment. Service prior to January 1, 2004 is not counted under the regular benefit formula. As of October 1, 2004, Messrs. Tyson, Bond, Lee, Leman and Leatherby were each credited with 1.75 years of service under the plan. The estimated benefits shown include an assumed enhancement of 5% of final average compensation for which only participants who were contracted officers before January 1, 2002 are eligible. The plan provides a minimum benefit that is designed to provide a participant with an amount that is at least sufficient to pay during retirement the cost of continuing the life insurance coverage provided under the plan during employment. To mitigate the

tax impact of that portion of any benefit payments equal to the minimum benefit, if a participant has at least 20 years of continuous employment, an additional benefit is payable equal to 41% of the minimum benefit, regardless of whether a participant receives the regular or minimum benefit. The estimated benefits are not subject to deduction for Social Security payments received by a participant.

Director Compensation

Lloyd V. Hackley, David A. Jones, Jim Keever and Jo Ann R. Smith, directors serving on the Board during all of fiscal 2004 who were not employees or consultants of the Company, received an annual retainer of \$30,000 paid in quarterly installments. Albert C. Zapanta, a director that is neither an employee or consultant of the Company elected to the Board effective May 18, 2004, received a pro-rated retainer of \$7,500 for 2004. Additionally, the Chairman of the Audit Committee receives an additional \$10,000 annual retainer to be paid in quarterly installments and the Chairman of the Governance Committee and the Chairperson of the Compensation Committee each receive an additional \$5,000 annual retainer to be paid in quarterly installments. Outside directors were compensated at the rate of \$1,000 per day for time spent on board-related activities. For fiscal 2004, payment of the annual retainers and daily rates resulted in total fees for outside directors Lloyd V. Hackley, David A. Jones, Jim Keever, Jo Ann R. Smith and Albert C. Zapanta of \$58,000, \$52,000, \$57,000, \$59,000 and \$8,500, respectively. Don Tyson, John Tyson, Richard L. Bond, Leland E. Tollett and Barbara A. Tyson, directors who are also employees or consultants of the Company, received \$2,500 per regular quarterly meeting of fiscal year 2004. In addition, in December 2003 each person then a director received a \$2,000 holiday department store gift card from the Company.

The number of shares received would vary according to the market value of the stock on the date payment of the retainer is due.

The stock option awards granted to Mr. Lee under the contract vest forty percent (40%) on the second anniversary of the date of the award and in twenty percent (20%) increments annually thereafter until fully vested. The contract also provides that on the first business day of each of the Company's 2004, 2005 and 2006 fiscal years, the Company shall award Mr. Lee performance-based performance shares of the Company's Class A Common Stock having an annual maximum aggregate value of \$712,500, each award to vest based upon performance criteria established by the Compensation Committee prior to the date of the award. If Mr. Lee's employment is terminated prior to the term of the contract by the Company (unless the termination is by the Company for cause or as a result of Mr. Lee's death or permanent disability) or by Mr. Lee for good reason, then the Company must pay Mr. Lee an amount equal to the sum of (x) three times his base salary for the fiscal year immediately preceding the year in which the termination occurs plus (y) three times his bonus for the fiscal year immediately preceding the year in which the termination occurs and any unvested restricted stock, performance shares or time-vesting option awards will become 100% vested. The contract provides for a one-year non-compete obligation from Mr. Lee following the termination of employment with the Company.

On October 12, 2004, the Company entered into a new employment agreement with Eugene D. Leman, the Company's Senior Group Vice President, Fresh Meats, which provides for a term of employment through February 1, 2006. The agreement provides that Mr. Leman will perform advisory services to the Company under a separate consulting agreement for a period of one year following the expiration of the term of employment on February 1, 2006 (unless the employment agreement has been terminated earlier). The employment agreement provides for an annual base salary of not less than \$560,000, which is subject to increase by the Company. Mr. Leman also may receive awards under the Company's annual bonus plan in effect during the term of employment, subject to the discretion of senior management of the Company. On February 1, 2006, if the term of employment has not been earlier terminated, Mr. Leman shall be entitled to a lump sum payment equal to one-third of his bonus paid for the 2005 fiscal year. Mr. Leman may also participate in benefit programs generally applicable to officers of the Company. The agreement provides for confidentiality restrictions regarding Company information and a non-competition provision that extends to one year after termination of either Mr. Leman's employment agreement or his consulting agreement, whichever is later. Mr. Leman has the right to terminate his employment under the agreement upon ninety days' notice to the Company and the Company has the right to terminate the contract at any time upon written notice subject to the obligation to continue to pay base salary for a period specified in the contract (which in any event does not exceed one year) and subject to provisions relating to the early vesting of stock options and restricted stock upon such termination. Under the consulting agreement, Mr. Leman has agreed to provide advisory services, upon reasonable request of the Company, for up to 750 hours during the one year consulting term, and the Company will pay Mr. Leman \$600,000 during the term. The Company will also pay that portion of Mr. Leman's health insurance premiums which are over and above the health insurance premiums paid by Mr. Leman as of January 31, 2006. The consulting agreement will terminate in the event Mr. Leman accepts employment with anyone determined by the Company to be a competitor.

In addition to the employment contracts described above, the Company has employment contracts with all of its executive officers, including Dennis Leatherby, the Company's Senior Vice President, Finance and Treasurer and Interim Chief Financial Officer. Each contract has a term of five years and provides for a one-year non-compete obligation from the employee following the termination of employment with the Company. The contracts provide for, among other things, a minimum base salary and participation in Company employee benefit plans including specifically stock options and restricted stock as an incentive to an employee's long term commitment to the Company. The minimum base salary for Mr. Leatherby is \$260,000, which is subject to increase by the Company each year. While the contracts terminate by their terms after five years, (i) the employee has the right to terminate it, subject to the non-compete obligation, upon ninety days notice and (ii) the Company has the right to terminate the contract at any time upon written notice subject to the obligation to continue to pay base salary for a period specified in the contract (which in any event does not exceed one year) and subject to provisions relating to the early vesting of stock options and restricted stock upon such termination.

In July 2004, the Company entered into a separation agreement and general release with Steven Hankins, its then Chief Financial Officer, providing for the termination of Mr. Hankins' employment relationship with the Company. Pursuant to the agreement, the Company agreed to pay Mr. Hankins' existing base pay through January 28, 2006, earned but unused vacation and a one-time lump sum payment of \$1,209,000, less all legal deductions. In addition, the Company agreed to provide continued health benefits to Mr. Hankins and his dependents for the same period of time. In consideration of the forgoing payments and benefits, and the other terms of the agreement, Mr. Hankins released any claims he may have had as to bonuses, unvested equity compensation awards, other benefits, and all other actual or potential claims that he had or may have against the Company. Under the terms of the agreement, Mr. Hankins agreed to provide the Company such services as may be requested by Company management through January 28, 2006 and is entitled to reimbursement, in accordance

with Company policy, for expenses incurred in connection with the performance of such services. Mr. Hankins further agreed to be subject to a number of restrictive covenants as contemplated by his employment agreement, including protections of confidential information and trade secrets of the Company and a non-competition provision that extends one year from the date Mr. Hankins' employment was terminated.

The Company's employment agreements with its executive officers provide for the acceleration of vesting of the equity based compensation awards held by such executive officers upon the occurrence of a change of control of the Company (as such term is defined in the Tyson Foods, Inc. 2000 Stock Incentive Plan). However, for the purpose of the acceleration of vesting of equity-based compensation awards, a change of control does not include any event as a result of which one or more of the following persons or entities possess, immediately after such event, over fifty percent of the combined voting power of Company or any successor entity: (a) Don Tyson; (b) individuals related to Don Tyson by blood, marriage or adoption, or the estate of any such individual; or (c) any entity in which one or more individuals or estates described in the preceding clauses (a) and (b) possess over fifty percent of the combined voting power or beneficial interests of such entity. If such a change of control occurs, any stock option, restricted stock, or performance shares that have been previously granted to the executive officer will vest (to the extent not already vested) sixty days after the occurrence of the change of control or upon any earlier date after such change of control on which the executive officer is terminated other than for egregious circumstances.

Advisory Contracts

The Company and Don Tyson, former Senior Chairman of the Board, entered into a contract on October 19, 2001 which provided that Mr. Tyson will furnish advisory services to the Company for a period of ten years following the date of his retirement. In consideration for his advisory services, Mr. Tyson received \$800,000 for each year during the term of the contract and 1,000,000 shares of restricted Class A Common Stock which vested on October 10, 2003. The contract also provided for the provision of Mr. Tyson's travel and entertainment costs, as well as his estimated income tax liability with respect thereto, consistent with past practices, and continuation of health and life insurance benefits. In fiscal 2004, travel and entertainment costs for Mr. Tyson included \$124,600 attributable to personal use of Company-owned properties and \$92,764 attributable to personal use of Company aircraft, as well as \$124,672 for taxes paid on his behalf by the Company. Personal use of Company-owned properties was calculated under rates established by the Board and personal use of Company aircraft was calculated using the Internal Revenue Service's Standard Industry Fare Level (SIFL) tables.

On July 30, 2004, the Company and Mr. Tyson entered into a new contract which superseded Mr. Tyson's previous contract discussed above. The new contract provides that Mr. Tyson will continue to furnish up to 20 hours per week of advisory services to the Company for a term expiring on October 19, 2011. In consideration for his advisory services, Mr. Tyson will receive \$1,200,000 for each year during the term of the contract. Mr. Tyson is also entitled to health insurance and is eligible to participate in any benefit plan or arrangement, including reimbursement of business related expenses, in each case solely to the extent such benefits are generally made available to employees of the Company. Under the terms of the new contract, Mr. Tyson will also receive the following non-cash compensation: (i) personal use of Company aircraft for himself and/or his designated passengers for up to 150 hours per year, so long as such use does not conflict with Company business and is approved in advance by Company senior management, (ii) reimbursement for costs incurred relating to tax and estate planning advice or services from an entity recommended by the Company, (iii) personal use of Company-owned skyboxes and vacation homes at pre-established daily rates to be paid by Mr. Tyson to the Company as reimbursement for such usage, and (iv) up to 1,500 hours per year of security services (which the Company estimates will cost \$40 per hour). Mr. Tyson will be reimbursed for any and all tax liability imposed on

him in connection with the provision of the non-cash compensation set forth above. As additional consideration for the benefits he will receive under the agreement, Mr. Tyson is bound to confidentiality restrictions regarding Company information. In the event of Mr. Tyson's death, the cash consideration described above will continue to be paid for the remaining term of the contract to the surviving of Mr. Tyson's three children. The contract will terminate if Mr. Tyson accepts employment with any competitor of the Company.

The Company and Leland E. Tollett, who retired as Chairman and Chief Executive Officer in October 1998, entered into a contract which provides that he will furnish advisory services to the Company for a period of up to ten years. In consideration for his advisory services, which began January 1, 1999, Mr. Tollett received \$310,000 for the first five years and is currently receiving annual compensation of \$125,000 for the last five years of the ten-year term, which began on January 1, 2004. The contract also provides for continued vesting of outstanding stock options and continuation of health benefits. In the event of Mr. Tollett's death: (i) the above described annual compensation and health benefits will be paid for the remaining term of the contract to his surviving spouse until her death at which time all benefits shall cease and (ii) all unexercised stock options issued to Mr. Tollett will be purchased by the Company based upon the value of such options on the business day immediately succeeding his death. No benefits will be payable under the contract in the event he accepts employment with any competitor of the Company.

The Company and Barbara A. Tyson, who retired as a Vice President effective October 1, 2002, entered into a contract which provides that she will continue to furnish advisory services to the Company for a period of up to ten years following the date of her retirement from employment. In consideration for her advisory services, beginning October 1, 2002, Ms. Tyson will receive annual compensation of \$7,200. The contract also provides for continuation of health benefits. In the event of Ms. Tyson's death, the above described benefits will cease. No benefits will be payable under the contract in the event she accepts employment with any competitor of the Company.

REPORT OF THE COMPENSATION COMMITTEE

During fiscal 2004, the Compensation Committee was comprised of Jo Ann R. Smith, Chairperson, David A. Jones and Lloyd V. Hackley. Effective November 19, 2004, Albert C. Zapanta became a member of the Compensation Committee. All Compensation Committee members satisfy the NYSE definition of independence. The Compensation Committee oversees the administration of the Company's employee benefit plans and establishes policies relating to compensation of employees. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reviewed by the full Board, except for decisions relating to certain of the Company's compensation plans which require approval and administration solely by a committee comprised of outside/disinterested directors, including administering awards under the Company's performance-based compensation plans as required by Section 162(m) of the Internal Revenue Code (Section 162(m)).

The following is a report submitted by the above-listed present committee members in their capacity as the Compensation Committee of the Board, addressing the Company's compensation policy as it related to executive officers for fiscal 2004.

Compensation Policy

The goal of the Company's executive compensation policy is to ensure that an appropriate relationship exists between executive pay, the Company's financial performance and the creation of shareholder value, while at the same time motivating and retaining key employees. To achieve this goal, the Company's executive compensation policies during fiscal 2004 integrated annual base compensation with (i) bonuses based upon a targeted earnings before interest and taxes adjusted for extraordinary items (Adjusted EBIT), (ii) equity-based compensation and (iii) incentive and deferred compensation.

Under the targeted Adjusted EBIT approach, performance is measured in large part on achievement of a common corporate goal, while still recognizing division and individual performance. Accordingly, in years in which targeted Adjusted EBIT is achieved or exceeded, executive compensation is higher than in years in which targeted Adjusted EBIT is not achieved. Annual cash compensation, together with the payment of equity-based, incentive and deferred compensation, is designed to attract and retain qualified executives and to ensure that such executives have a continuing stake in the long-term success of the Company. All executive officers, and management in general, are eligible for and do participate in incentive and deferred compensation plans.

In 1993, Congress enacted Section 162(m) which, among other things, provides that compensation paid to certain covered executive officers in excess of \$1,000,000 annually does not qualify for deduction by the Company unless such compensation is performance-based. Effective fiscal 1995, the Company (with the approval of the shareholders of the Company) adopted the Senior Executive Performance Bonus Plan to comply with the provisions of Section 162(m); however, notwithstanding the Senior Executive Performance Bonus Plan, \$105,553, \$298,732 and \$1,458,080 of John Tyson's compensation during the 2002, 2003 and 2004 fiscal years, respectively, \$100,087 and \$1,027,943 of Richard L. Bond's compensation during the 2003 and 2004 fiscal years, respectively, and \$240,960 of Greg W. Lee's compensation during the 2004 fiscal year are not expected to qualify for deduction. The Compensation Committee has approved and recommended for approval to the Company's shareholders the Annual Incentive Compensation Plan for Senior Executive Officers which is designed to better allow the Company's EBIT based bonus structure to comply with the provisions of the Section 162(m).

Fiscal 2004 Compensation

For fiscal 2004, the Company's executive compensation program consisted of (i) base salary, adjusted from the prior year, (ii) cash bonuses, (iii) matching contributions to incentive and deferred compensation plans, (iv) contributions under the Company's broad-based Employee Stock Purchase Plan, Retirement Savings Plan and Executive Savings Plan which are fixed as a percentage of employee participant contributions, (v) grants of non-qualified stock options and restricted stock (and in the case of Messrs. Tyson, Bond and Lee, performance stock) under the Tyson Foods, Inc. 2000 Stock Incentive Plan, (vi) the Supplemental Executive Retirement and Life Insurance Premium Plan which is a non-qualified deferred compensation plan providing life insurance protection during employment, and a subsequent retirement benefit, and (vii) certain specific prerequisites described in executive's employment contracts.

Base Salary

Executives' base salaries are reviewed periodically to determine if such salaries fall within the range of those persons holding comparably responsible positions at other companies. Benchmark surveys are performed by independent compensation consultants to aid in this comparison. Individual salaries are also based upon an evaluation of other factors, such as individual past performance, potential with the Company and level and scope of responsibility. The Compensation Committee believes that the base salaries of the Company's executive officers as a whole are comparable with the base salaries of other persons similarly situated.

The Company enters into employment agreements with its officers, including executive officers. In addition to standard provisions regarding non-competition, confidentiality and benefits, these agreements provide for a minimum base salary for each executive officer that was determined after consulting independent salary surveys as well as participation in Company employee benefit plans, including specifically stock options and restricted stock (and in some cases, performance shares), as an incentive to an employee's long-term commitment to the Company. A complete description of these agreements is provided under Executive Compensation and Other Information-Employment Contracts.

2004 Cash Bonuses

The Company instituted a new bonus plan in fiscal 2002. The new plan emphasized a "one company" philosophy. All team members work towards the achievement of a common corporate goal. No bonuses are paid unless the Company achieves a threshold Adjusted EBIT amount. The intent during 2002 and in the future was and is to have minimal variance in bonus payments by job grade throughout the divisions of the organization, thus creating a team concept.

In fiscal 2002, a targeted percentage of base salary of executive officers determined the bonus an executive officer was eligible to receive if the Company achieved 100% of a targeted Adjusted EBIT amount, which was based upon a targeted return on invested capital. A bonus pool was created based upon the amount by which actual Adjusted EBIT exceeded the threshold Adjusted EBIT amount. Since the threshold Adjusted EBIT amount was achieved but the targeted Adjusted EBIT amount was not achieved, bonus eligibility in fiscal 2004 was proportionally reduced from the targeted percentage. Once bonus eligibility was determined, the bonus could then be increased or decreased based upon division and individual performance.

In fiscal 2004, individual bonus eligibility for executive officers was determined based upon the bonus paid to such executive officer for the prior year or the average bonus paid to similarly situated officers if a particular executive officer had either been promoted or had not been eligible to receive a bonus in fiscal 2003. A bonus pool is determined based upon the amount by which the threshold Adjusted EBIT amount is exceeded. The

threshold Adjusted EBIT amount for fiscal 2004 was exceeded. The bonus pool amount for fiscal 2004 is then compared to the bonus pool amount for 2003 and bonus eligibility was proportionally increased. As a result, executive officers were eligible to receive approximately 180% of their fiscal 2003 bonus (or the average described above), subject to a review of division and individual performance.

Stock-Based Compensation

The Compensation Committee approves long-term compensation in the form of stock-based compensation with a view towards more closely aligning the interests of executives and other managers with the interests of shareholders. The Compensation Committee believes that stock options and other equity-based compensation are an effective incentive for executives and managers to create value for shareholders since the value of such compensation bears a direct relationship to appreciation in the Company's stock price. The determination of whether to grant stock options or other equity based compensation, whether on an aggregate or individual basis, has previously been delegated to and has been in the discretion of the Compensation Committee. In making such determination, the Compensation Committee reviewed the Company's performance as determined by the price of its stock, the relation of long-term compensation to cash compensation, the perceived need of providing additional incentives to executives and managers to increase shareholder value, the number and frequency of grants in prior years, individual performance and potential contribution to the Company. Based upon these factors and the recommendation of the Chairman and Chief Executive Officer, the Compensation Committee awarded (1) 315,534 performance shares on September 29, 2003 and (2) 3,514,137 stock options on September 29, 2004, to certain executive officers and managers, all of such awards being under the Tyson Foods, Inc. 2000 Stock Incentive Plan. On September 29, 2004, the Compensation Committee also authorized the awarding of 664,736 performance shares and 3,514,137 shares of restricted stock, to be effective October 4, 2004. The Compensation Committee did not award any other equity incentives during fiscal 2004. These options vest in annual increments beginning on the second anniversary of the date of the award and the shares of restricted stock vest on the fifth anniversary of the grant date. The performance stock vests three years from the date of grant if performance measures a comparison of (1) actual Company adjusted free cash flow against pre-established adjusted cash flow goals and (2) the Company's stock price performance against a group of peer companies which consists of the S&P 500 Packaged Foods and Meat Index with the addition of Smithfield Foods, Inc., Pilgrim's Pride Corporation and Hormel Foods Corp. are met.

Senior Executive Performance Bonus Plan

Effective fiscal 1995, the Company (with the approval of the shareholders of the Company) adopted the Senior Executive Performance Bonus Plan to comply with the provisions of Section 162(m). The performance-based plan provides that participants thereunder are entitled to receive a pro-rata percentage of a bonus pool to be funded up to an annual aggregate maximum amount in any fiscal year equal to 1% of the Company's pre-tax income (as defined in the plan) for the fiscal year plus 0.5% of the increase in pre-tax income over the previous fiscal year. The Compensation Committee retains full discretion to reduce or eliminate bonus payments otherwise payable under the Senior Executive Performance Bonus Plan. If approved by shareholders, the Annual Incentive Compensation Plan for Senior Executive Officers will replace the Senior Executive Performance Bonus Plan for fiscal 2005.

The only participants under the Senior Executive Performance Bonus Plan during fiscal year 2004 were Messrs. Tyson, Bond, Lee and Leman. Based upon Messrs. Tyson's, Bond's, Lee's and Leman's pro-rata percentage of the bonus pool, the Compensation Committee has determined that they would have been eligible for a cash bonus in fiscal 2004 of \$4,621,025, \$1,742,354, \$757,545 and \$454,527, respectively. The Compensation Committee reviewed the foregoing bonus eligibility and compared it to the amounts which Messrs. Tyson, Bond, Lee and Leman would have been eligible to receive if the Annual Incentive Compensation

Plan for Senior Executive Officers, which has been recommended for approval to shareholders, had been in effect for fiscal 2004. After reviewing the foregoing as well as the significant overall improvement in Adjusted EBIT from fiscal 2003 to fiscal 2004, the Compensation Committee awarded Messrs. Tyson, Bond, Lee and Leman the full amount of bonus each was eligible to receive under the Senior Executive Performance Bonus Plan and awarded additional bonuses such that the total bonus received was \$5,411,000, \$2,300,000, \$1,000,000 and \$500,000, respectively.

Annual Incentive Compensation Plan for Senior Executive Officers

Effective fiscal 2005, the Company (subject to the approval of the shareholders of the Company) adopted the Annual Incentive Compensation Plan for Senior Executive Officers to comply with the provisions of Section 162(m). This replaces the Senior Executive Performance Bonus Plan referred to above. The new performance-based plan provides that the Compensation Committee shall, for the new fiscal year, establish performance measures pursuant to which eligibility for an annual incentive bonus can be determined and designate participants in the plan. For fiscal 2005, the Compensation Committee determined that eligible participants in the plan are Messrs. Tyson, Bond, Lee and Leman. Eligibility for individual annual incentive bonuses shall be determined by (1) taking the amount by which Adjusted EBIT exceeds \$570,000,000 up to \$1,036,000,000 multiplied by the percentage set forth in column (a) below by each participant's name and (2) adding to that product, if applicable, the amount by which Adjusted EBIT exceeds \$1,036,000,000 multiplied by the percentage set forth in column (b) below by each participant's name:

<u>Participant</u>	<u>Column (a)</u>	<u>Column (b)</u>
John Tyson	1.60%	0.75%
Richard L. Bond	0.75%	0.30%
Greg W. Lee	0.40%	0.125%
Eugene D. Leman	0.20%	0.06%

After the end of fiscal 2005, the Compensation Committee shall meet and determine how much, if any, of the amount of annual incentive bonus eligibility to award to each participant. In no event shall any participant be eligible to receive an annual incentive bonus payment in excess of \$10,000,000.

Summary

The Compensation Committee believes that linking executive compensation to corporate performance results in a better alignment of compensation with corporate goals and shareholder interest. As performance goals are met or exceeded, resulting in increased value to shareholders, executives are rewarded commensurately. The Compensation Committee believes that compensation levels during fiscal 2004 adequately reflect the Company's compensation goals and policies.

The Audit Committee's duties and responsibilities are embodied in a written charter, which is evaluated annually. In November 2003, the Audit Committee and the Board approved a new Audit Committee Charter after evaluating the effect on the Audit Committee and its charter of regulations adopted by the SEC pursuant to the Sarbanes-Oxley Act and changes to the NYSE listing standards. No amendments were made to the Audit Committee Charter during fiscal 2004.

SECTION 2 THE STOCK INCENTIVE PLAN

2.1 Purpose of the Plan. The Plan is intended to (a) provide incentive to officers, employees, directors, consultants and other service providers of the Company and its Affiliates to stimulate their efforts toward the continued success of the Company and to operate and manage the business in a manner that will provide for the long-term growth and profitability of the Company; (b) encourage stock ownership by officers, employees, directors, consultants and other service providers by providing them with a means to acquire a proprietary interest in the Company, acquire shares of Stock, or to receive compensation which is based upon appreciation in the value of Stock; and (c) provide a means of obtaining, rewarding and retaining such key personnel.

2.2 Stock Subject to the Plan. Subject to adjustment in accordance with Section 5.2, 40,660,000 shares of Stock (the Maximum Plan Shares) are hereby reserved exclusively for issuance pursuant to Stock Incentives. At no time may the Company have outstanding under the Plan Stock Incentives shares of Stock issued in respect of Stock Incentives under the Plan in excess of the Maximum Plan Shares. The shares of Stock attributable to the nonvested, unpaid, unexercised, unconverted or otherwise unsettled portion of any Stock Incentive that is forfeited or cancelled or expires or terminates for any reason without becoming vested, paid, exercised, converted or otherwise settled in full will again be available for purposes of the Plan.

2.3 Administration of the Plan. The Plan is administered by the Committee. The Committee has full authority in its discretion to determine the officers, employees, directors, consultants and service providers of the Company or its Affiliates to whom Stock Incentives will be granted and the terms and provisions of Stock Incentives, subject to the Plan. Subject to the provisions of the Plan, the Committee has full and conclusive authority to interpret the Plan; to prescribe, amend and rescind rules and regulations relating to the Plan; to determine the terms and provisions of the respective Stock Incentive Agreements and to make all other determinations necessary or advisable for the proper administration of the Plan. The Committee's determinations under the Plan need not be uniform and may be made by it selectively among persons who receive, or are eligible to receive, awards under the Plan (whether or not such persons are similarly situated). The Committee's decisions are final and binding on all Participants.

2.4 Eligibility and Limits. Stock Incentives may be granted only to officers, employees, directors, consultants and other service providers of the Company, or any Affiliate of the Company; provided, however, that an Incentive Stock Option may only be granted to an employee of the Company or any Subsidiary. In the case of Incentive Stock Options, the aggregate Fair Market Value (determined as at the date an Incentive Stock Option is granted) of Stock with respect to which stock options intended to meet the requirements of Code Section 422 become exercisable for the first time by an individual during any calendar year under all plans of the Company and its Subsidiaries may not exceed \$100,000; provided further, that if the limitation is exceeded, the Incentive Stock Option(s) which cause the limitation to be exceeded will be treated as Nonqualified Stock Option(s).

SECTION 3 TERMS OF STOCK INCENTIVES

3.1 Terms and Conditions of All Stock Incentives.

(a) The number of shares of Stock as to which a Stock Incentive may be granted will be determined by the Committee in its sole discretion, subject to the provisions of Section 2.2 as to the total number of shares available for grants under the Plan and subject to the limits on Options, Stock Appreciation Rights and other Stock Incentives as described in the following sentence. To the extent required under Section 162(m) of the Code and the regulations thereunder for compensation to be treated as qualified performance-based compensation, the maximum number of shares of Stock with respect to which (1) Options, (2) Stock Appreciation Rights and (3) other Stock Incentives (to the extent they are granted with the intent that they qualify as performance-based compensation under Section 162(m) of the Code) may be granted during any calendar year to any employee may not exceed 1,000,000, subject to adjustment in accordance with Section 5.2. In applying this limitation, if an Option or Stock Appreciation Right, or any portion thereof, granted to an employee is cancelled or repriced for any reason, then the shares of Stock attributable to such cancellation or repricing either shall continue to be counted as an outstanding grant or shall be counted as a new grant of shares of Stock, as the case may be, against the affected employee's 1,000,000 share limit for the appropriate calendar year.

(b) Each Stock Incentive will either be evidenced by a Stock Incentive Agreement in such form and containing such terms, conditions and restrictions as the Committee may determine to be appropriate, including without limitation, Performance Goals that must be achieved as a condition to vesting or payment of the Stock Incentive, or be made subject to the terms of a Stock Incentive Program, containing such terms, conditions and restrictions as the Committee may determine to be appropriate, including without limitation, Performance Goals that must be achieved as a condition to vesting or payment of the Stock Incentive. Each Stock Incentive Agreement or Stock Incentive Program is subject to the terms of the Plan and any provisions contained in the Stock Incentive Agreement or Stock Incentive Program that are inconsistent with the Plan are null and void.

(c) The date a Stock Incentive is granted will be the date on which the Committee has approved the terms and conditions of the Stock Incentive and has determined the recipient of the Stock Incentive and the number of shares covered by the Stock Incentive, and has taken all such other actions necessary to complete the grant of the Stock Incentive.

(d) Any Stock Incentive may be granted in connection with all or any portion of a previously or contemporaneously granted Stock Incentive. Exercise or vesting of a Stock Incentive granted in connection with another Stock Incentive may result in a pro rata surrender or cancellation of any related Stock Incentive, as specified in the applicable Stock Incentive Agreement or Stock Incentive Program.

(e) Unless otherwise permitted by the Committee, Stock Incentives are not transferable or assignable except by will or by the laws of descent and distribution and are exercisable, during the Participant's lifetime, only by the Participant; or in the event of the Disability of the Participant, by the legal representative of the Participant; or in the event of death of the Participant, by the legal representative of the Participant's estate or if no legal representative has been appointed, by the successor in interest determined under the Participant's will. Notwithstanding the foregoing, the Committee shall not permit Incentive Stock Options to be transferred or assigned beyond the limitations set forth in this Section 3.1(e).

3.2 Terms and Conditions of Options. Each Option granted under the Plan must be evidenced by a Stock Incentive Agreement. At the time any Option is granted, the Committee will determine whether the Option is to be an Incentive Stock Option described in Code Section 422 or a Nonqualified Stock Option, and the Option must be clearly identified as to its status as an Incentive Stock Option or a Nonqualified Stock Option. Incentive Stock Options may only be granted to employees of the Company or any Subsidiary. At the time any Incentive Stock Option granted under the Plan is exercised, the Company will be entitled to legend the certificates representing the shares of Stock purchased pursuant to the Option to clearly identify them as representing the shares purchased upon the exercise of an Incentive Stock Option. An Incentive Stock Option may only be granted within ten (10) years from the earlier of the date the Plan is adopted or approved by the Company's stockholders.

(a) Option Price. Subject to adjustment in accordance with Section 5.2 and the other provisions of this Section 3.2, the exercise price (the Exercise Price) per share of Stock purchasable under any Option must be as set forth in the applicable Stock Incentive Agreement, but in no event may it be less than the Fair Market Value on the date the Option is granted with respect to an Incentive Stock Option. With respect to each grant of an Incentive Stock Option to a Participant who is an Over 10% Owner, the Exercise Price may not be less than 110% of the Fair Market Value on the date the Option is granted.

(b) Option Term. Any Incentive Stock Option granted to a Participant who is not an Over 10% Owner is not exercisable after the expiration of ten (10) years after the date the Option is granted. Any Incentive Stock Option granted to an Over 10% Owner is not exercisable after the expiration of five (5) years after the date the Option is granted. The term of any Nonqualified Stock Option must be as specified in the applicable Stock Incentive Agreement.

(c) Payment. Payment for all shares of Stock purchased pursuant to the exercise of an Option will be made in any form or manner authorized by the Committee in the Stock Incentive Agreement or by amendment thereto, including, but not limited to, cash or, if the Stock Incentive Agreement provides:

(1) by delivery to the Company of a number of shares of Stock which have been owned by the holder for at least six (6) months prior to the date of exercise having an aggregate Fair Market Value of not less than the product of the Exercise Price multiplied by the number of shares the Participant intends to purchase upon exercise of the Option on the date of delivery;

(2) in a cashless exercise through a broker; or

(3) by having a number of shares of Stock withheld, the Fair Market Value of which as of the date of exercise is sufficient to satisfy the Exercise Price.

In its discretion, the Committee also may authorize (at the time an Option is granted or thereafter) Company financing to assist the Participant as to payment of the Exercise Price on such terms as may be offered by the Committee in its discretion. Payment must be made at the time that the Option or any part thereof is exercised, and no shares may be issued or delivered upon exercise of an option until full payment has been made by the Participant. The holder of an Option, as such, has none of the rights of a stockholder.

(d) Conditions to the Exercise of an Option. Each Option granted under the Plan is exercisable by whom, at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee specifies in the Stock Incentive Agreement; provided, however, that subsequent to the grant of

an Option, the Committee, at any time before complete termination of such Option, may accelerate the time or times at which such Option may be exercised in whole or in part, including, without limitation, upon a Change in Control and may permit the Participant or any other designated person to exercise the Option, or any portion thereof, for all or part of the remaining Option term, notwithstanding any provision of the Stock Incentive Agreement to the contrary.

(e) Termination of Incentive Stock Option. With respect to an Incentive Stock Option, in the event of Termination of Employment of a Participant, the Option or portion thereof held by the Participant which is unexercised will expire, terminate, and become unexercisable no later than the expiration of three (3) months after the date of Termination of Employment; provided, however, that in the case of a holder whose Termination of Employment is due to death or Disability, one (1) year will be substituted for such three (3) month period; provided, further that such time limits may be exceeded by the Committee under the terms of the grant, in which case, the Incentive Stock Option will be a Nonqualified Stock Option if it is exercised after the time limits that would otherwise apply. For purposes of this Subsection (e), Termination of Employment of the Participant will not be deemed to have occurred if the Participant is employed by another corporation (or a parent or subsidiary corporation of such other corporation) which has assumed the Incentive Stock Option of the Participant in a transaction to which Code Section 424(a) is applicable.

(f) Special Provisions for Certain Substitute Options. Notwithstanding anything to the contrary in this Section 3.2, any Option issued in substitution for an option previously issued by another entity, which substitution occurs in connection with a transaction to which Code Section 424(a) is applicable, may provide for an exercise price computed in accordance with such Code Section and the regulations thereunder and may contain such other terms and conditions as the Committee may prescribe to cause such substitute Option to contain as nearly as possible the same terms and conditions (including the applicable vesting and termination provisions) as those contained in the previously issued option being replaced thereby.

3.3 Terms and Conditions of Stock Appreciation Rights. Each Stock Appreciation Right granted under the Plan must be evidenced by a Stock Incentive Agreement. A Stock Appreciation Right entitles the Participant to receive the excess of (1) the Fair Market Value of a specified or determinable number of shares of the Stock at the time of payment or exercise over (2) a specified or determinable price which, in the case of a Stock Appreciation Right granted in connection with an Option, may not be less than the Exercise Price for that number of shares subject to that Option. A Stock Appreciation Right granted in connection with a Stock Incentive may only be exercised to the extent that the related Stock Incentive has not been exercised, paid or otherwise settled.

(a) Settlement. Upon settlement of a Stock Appreciation Right, the Company must pay to the Participant the appreciation in cash or shares of Stock (valued at the aggregate Fair Market Value on the date of payment or exercise) as provided in the Stock Incentive Agreement or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Exercise. Each Stock Appreciation Right granted under the Plan is exercisable or payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee specifies in the Stock Incentive Agreement; provided, however, that subsequent to the grant of a Stock Appreciation Right, the Committee, at any time before complete termination of such Stock Appreciation Right, may accelerate the time or times at which such Stock Appreciation Right may be exercised or paid in whole or in part.

3.4 Terms and Conditions of Stock Awards. The number of shares of Stock subject to a Stock Award and restrictions or conditions on such shares, if any, will be as the Committee determines, including, without limitation, Performance Goals that must be achieved as a condition to vesting of the Stock Award and the certificate for such shares will bear evidence of any restrictions or conditions. Subsequent to the date of the grant of the Stock Award, the Committee has the power to permit, in its discretion, an acceleration of the expiration of an applicable restriction period with respect to any part or all of the shares awarded to a Participant. The Committee may require a cash payment from the Participant in an amount no greater than the aggregate Fair Market Value of the shares of Stock awarded determined at the date of grant in exchange for the grant of a Stock Award or may grant a Stock Award without the requirement of a cash payment.

3.5 Terms and Conditions of Dividend Equivalent Rights. A Dividend Equivalent Right entitles the Participant to receive payments from the Company in an amount determined by reference to any cash dividends paid on a specified number of shares of Stock to Company stockholders of record during the period such rights are effective. The Committee may impose such restrictions and conditions on any Dividend Equivalent Right as the Committee in its discretion shall determine, including the date any such right shall terminate and may reserve the right to terminate, amend or suspend any such right at any time.

(a) Payment. Payment in respect of a Dividend Equivalent Right may be made by the Company in cash or shares of Stock (valued at Fair Market Value on the date of payment) as provided in the Stock Incentive Agreement or Stock Incentive Program, or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Payment. Each Dividend Equivalent Right granted under the Plan is payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee specifies in the applicable Stock Incentive Agreement or Stock Incentive Program; provided, however, that subsequent to the grant of a Dividend Equivalent Right, the Committee, at any time before complete termination of such Dividend Equivalent Right, may accelerate the time or times at which such Dividend Equivalent Right may be paid in whole or in part.

3.6 Terms and Conditions of Performance Unit Awards. A Performance Unit Award shall entitle the Participant to receive, at a specified future date, payment of an amount equal to all or a portion of the value of a specified or determinable number of units (stated in terms of a designated or determinable dollar amount per unit) granted by the Committee. At the time of the grant, the Committee must determine the base value of each unit, the number of units subject to a Performance Unit Award, and the Performance Goals applicable to the determination of the ultimate payment value of the Performance Unit Award. The Committee may provide for an alternate base value for each unit under certain specified conditions.

(a) Payment. Payment in respect of Performance Unit Awards may be made by the Company in cash or shares of Stock (valued at Fair Market Value as of the date payment is owed) as provided in the applicable Stock Incentive Agreement or Stock Incentive Program or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Payment. Each Performance Unit Award granted under the Plan shall be payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee shall specify in the applicable Stock Incentive Agreement or Stock Incentive Program; provided, however, that subsequent to the grant of a Performance Unit Award, the Committee, at any time before complete termination of such Performance Unit Award, may accelerate the time or times at which such Performance Unit Award may be paid in whole or in part.

3.7 Terms and Conditions of Phantom Shares. Phantom Shares shall entitle the Participant to receive, at a specified future date, payment of an amount equal to all or a portion of the Fair Market Value of a specified number of shares of Stock at the end of a specified period. At the time of the grant, the Committee will determine the factors which will govern the portion of the rights so payable, including, at the discretion of the Committee, any performance criteria that must be satisfied as a condition to payment. Phantom Share awards containing performance criteria may be designated as Performance Unit Awards.

(a) Payment. Payment in respect of Phantom Shares may be made by the Company in cash or shares of Stock (valued at Fair Market Value on the date of payment) as provided in the applicable Stock Incentive Agreement or Stock Incentive Program, or, in the absence of such provision, as the Committee may determine.

(b) Conditions to Payment. Each Phantom Share granted under the Plan is payable at such time or times, or upon the occurrence of such event or events, and in such amounts, as the Committee may specify in the applicable Stock Incentive Agreement or Stock Incentive Program; provided, however, that subsequent to the grant of a Phantom Share, the Committee, at any time before complete termination of such Phantom Share, may accelerate the time or times at which such Phantom Share may be paid in whole or in part.

3.8 Treatment of Awards Upon Termination of Employment. Except as otherwise provided by Plan Section 3.2(e), any award under this Plan to a Participant who has experienced a Termination of Employment may be cancelled, accelerated, paid or continued, as provided in the applicable Stock Incentive Agreement or Stock Incentive Program, or, in the absence of such provision, as the Committee may determine. The portion of any award exercisable in the event of continuation or the amount of any payment due under a continued award may be adjusted by the Committee to reflect the Participant's period of service from the date of grant through the date of the Participant's Termination of Employment or such other factors as the Committee determines are relevant to its decision to continue the award.

SECTION 4 RESTRICTIONS ON STOCK

4.1 Escrow of Shares. Any certificates representing the shares of Stock issued under the Plan will be issued in the Participant's name, but, if the applicable Stock Incentive Agreement or Stock Incentive Program so provides, the shares of Stock will be held by a custodian designated by the Committee (the Custodian). Each applicable Stock Incentive Agreement or Stock Incentive Program providing for transfer of shares of Stock to the Custodian must appoint the Custodian as the attorney-in-fact for the Participant for the term specified in the applicable Stock Incentive Agreement or Stock Incentive Program, with full power and authority in the Participant's name, place and stead to transfer, assign and convey to the Company any shares of Stock held by the Custodian for such Participant, if the Participant forfeits the shares under the terms of the applicable Stock Incentive Agreement or Stock Incentive Program. During the period that the Custodian holds the shares subject to this Section, the Participant is entitled to all rights, except as provided in the applicable Stock Incentive Agreement or Stock Incentive Program, applicable to shares of Stock not so held. Any dividends declared on shares of Stock held by the Custodian must as provided in the applicable Stock Incentive Agreement or Stock Incentive Program, be paid directly to the Participant or, in the alternative, be retained by the Custodian or by the Company until the expiration of the term specified in the applicable Stock Incentive Agreement or Stock Incentive Program and shall then be delivered, together with any proceeds, with the shares of Stock to the Participant or to the Company, as applicable.

4.2 Restrictions on Transfer. The Participant does not have the right to make or permit to exist any disposition of the shares of Stock issued pursuant to the Plan except as provided in the Plan or the applicable Stock Incentive Agreement or Stock Incentive Program. Any disposition of the shares of Stock issued under the Plan by the Participant not made in accordance with the Plan or the applicable Stock Incentive Agreement or Stock Incentive Program will be void. The Company will not recognize, or have the duty to recognize, any disposition not made in accordance with the Plan and the applicable Stock Incentive Agreement or Stock Incentive Program, and the shares so transferred will continue to be bound by the Plan and the applicable Stock Incentive Agreement or Stock Incentive Program.

SECTION 5 GENERAL PROVISIONS

5.1 Withholding. The Company must deduct from all cash distributions under the Plan any taxes required to be withheld by federal, state or local government. Whenever the Company proposes or is required to issue or transfer shares of Stock under the Plan or upon the vesting of any Stock Award, the Company has the right to require the recipient to remit to the Company an amount sufficient to satisfy any federal, state and local withholding tax requirements prior to the delivery of any certificate or certificates for such shares or the vesting of such Stock Award. A Participant may pay the withholding tax in cash, or, if the applicable Stock Incentive Agreement or Stock Incentive Program provides, a Participant may elect to have the number of shares of Stock he is to receive reduced by, or with respect to a Stock Award, tender back to the Company, the smallest number of whole shares of Stock which, when multiplied by the Fair Market Value of the shares of Stock determined as of the Tax Date (defined below), is sufficient to satisfy federal, state and local, if any, withholding taxes arising from exercise or payment of a Stock Incentive (a Withholding Election). A Participant may make a Withholding Election only if both of the following conditions are met:

(a) The Withholding Election must be made on or prior to the date on which the amount of tax required to be withheld is determined (the Tax Date) by executing and delivering to the Company a properly completed notice of Withholding Election as prescribed by the Committee; and

(b) Any Withholding Election made will be irrevocable except on six months advance written notice delivered to the Company; however, the Committee may in its sole discretion disapprove and give no effect to the Withholding Election.

5.2 Changes in Capitalization; Merger; Liquidation.

(a) The number of shares of Stock reserved for the grant of Options, Dividend Equivalent Rights, Performance Unit Awards, Phantom Shares, Stock Appreciation Rights and Stock Awards; the number of shares of Stock reserved for issuance upon the exercise or payment, as applicable, of each outstanding Option, Dividend Equivalent Right, Performance Unit Award, Phantom Share and Stock Appreciation Right and upon vesting or grant, as applicable, of each Stock Award; the Exercise Price of each outstanding Option and the specified number of shares of Stock to which each outstanding Dividend Equivalent Right, Performance Unit Award, Phantom Share and Stock Appreciation Right pertains may be proportionately adjusted for any increase or decrease in the number of issued shares of Stock resulting from a subdivision or combination of shares or the payment of a stock dividend in shares of Stock to holders of outstanding shares of Stock or any other increase or decrease in the number of shares of Stock outstanding effected without receipt of consideration by the Company.

(b) In the event of any merger, consolidation, extraordinary dividend (including a spin-off), reorganization or other change in the corporate structure of the Company or its Stock or tender offer for shares of Stock, the Committee, in its sole discretion, may make such adjustments with respect to awards and take such other action as it deems necessary or appropriate to reflect or in anticipation of such merger, consolidation, extraordinary dividend (including a spin-off), reorganization, other change in corporate structure or tender offer, including, without limitation, the substitution of new awards, the termination or adjustment of outstanding awards, the acceleration of awards or the removal of restrictions on outstanding awards, all as may be provided in the applicable Stock Incentive Agreement or, if not expressly addressed therein, as the Committee subsequently may determine in the event of any such merger, consolidation, extraordinary dividend (including a spin-off), reorganization or other change in the corporate structure of the Company or its Stock or tender offer for shares of Stock. Any adjustment pursuant to this Section 5.2 may provide, in the Committee's discretion, for the elimination without payment therefor of any fractional shares that might otherwise become subject to any Stock Incentive.

(c) The existence of the Plan and the Stock Incentives granted pursuant to the Plan must not affect in any way the right or power of the Company to make or authorize any adjustment, reclassification, reorganization or other change in its capital or business structure, any merger or consolidation of the Company, any issue of debt or equity securities having preferences or priorities as to the Stock or the rights thereof, the dissolution or liquidation of the Company, any sale or transfer of all or any part of its business or assets, or any other corporate act or proceeding.

5.3 Cash Awards. The Committee may, at any time and in its discretion, grant to any holder of a Stock Incentive the right to receive, at such times and in such amounts as determined by the Committee in its discretion, a cash amount which is intended to reimburse such person for all or a portion of the federal, state and local income taxes imposed upon such person as a consequence of the receipt of the Stock Incentive or the exercise of rights thereunder.

5.4 Compliance with Code. All Incentive Stock Options to be granted hereunder are intended to comply with Code Section 422, and all provisions of the Plan and all Incentive Stock Options granted hereunder must be construed in such manner as to effectuate that intent.

5.5 Right to Terminate Employment or Service Relationship. Nothing in the Plan or in any Stock Incentive Agreement confers upon any Participant the right to continue as an officer, employee, director or service provider of the Company or any of its Affiliates or affect the right of the Company or any of its Affiliates to terminate the Participant's employment or service relationship at any time.

5.6 Non-alienation of Benefits. Other than as specifically provided with regard to the death of a Participant, no benefit under the Plan may be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance or charge; and any attempt to do so shall be void. No such benefit may, prior to receipt by the Participant, be in any manner liable for or subject to the debts, contracts, liabilities, engagements or torts of the Participant.

5.7 Restrictions on Delivery and Sale of Shares; Legends. Each Stock Incentive is subject to the condition that if at any time the Committee, in its discretion, shall determine that the listing, registration or qualification of the shares covered by such Stock Incentive upon any securities exchange or under any state or federal law is necessary or desirable as a condition of or in connection with the granting of such Stock Incentive or the purchase or delivery of shares thereunder, the delivery of any or all shares pursuant to such Stock Incentive may

be withheld unless and until such listing, registration or qualification shall have been effected. If a registration statement is not in effect under the Securities Act of 1933 or any applicable state securities laws with respect to the shares of Stock purchasable or otherwise deliverable under Stock Incentives then outstanding, the Committee may require, as a condition of exercise of any Option or as a condition to any other delivery of Stock pursuant to a Stock Incentive, that the Participant or other recipient of a Stock Incentive represent, in writing, that the shares received pursuant to the Stock Incentive are being acquired for investment and not with a view to distribution and agree that the shares will not be disposed of except pursuant to an effective registration statement, unless the Company shall have received an opinion of counsel that such disposition is exempt from such requirement under the Securities Act of 1933 and any applicable state securities laws. The Company may include on certificates representing shares delivered pursuant to a Stock Incentive such legends referring to the foregoing representations or restrictions or any other applicable restrictions on resale as the Company, in its discretion, shall deem appropriate.

5.8 Listing and Legal Compliance. The Committee may suspend the exercise or payment of any Stock Incentive so long as it determines that securities exchange listing or registration or qualification under any securities laws is required in connection therewith and has not been completed on terms acceptable to the Committee.

5.9 Termination and Amendment of the Plan. The Board of Directors at any time may amend or terminate the Plan without stockholder approval; provided, however, that the Board of Directors may condition any amendment on the approval of stockholders of the Company if such approval is necessary or advisable with respect to tax, securities or other applicable laws. No such termination or amendment without the consent of the holder of a Stock Incentive may adversely affect the rights of the Participant under such Stock Incentive.

5.10 Stockholder Approval. The Plan must be submitted to the stockholders of the Company for their approval within twelve (12) months before or after the adoption of the Plan by the Board of Directors of the Company. If such approval is not obtained, any Stock Incentive granted hereunder will be void.

5.11 Choice of Law. The laws of the State of Delaware govern the Plan, to the extent not preempted by federal law, without reference to the principles of conflict of laws.

IN WITNESS WHEREOF, the Company has executed this Plan on this 19th day of November, 2004.
