Note 1 - Impact of constant exchange rates and restatement of prior year figures

The Group has historically used constant exchange rates to compare period to period changes in certain financial data. This is referred to as constant exchange rates throughout this release. The Group considers this to be a useful measure for analysing and explaining changes and trends in the Group's results. The impact of the re-calculation of sales at constant exchange rates, including a reconciliation to the Group's GAAP sales, is shown below.
