Explanatory Note

The purpose of this Amendment No. 1 on Form 10-Q/A to the Quarterly Report on Form 10-Q of Prosperity Bancshares, Inc. (the Company) for the quarter ended March 31, 2005 (the Original Form 10-Q) is to restate the Company's interim consolidated financial statements as of and for the three months ended March 31, 2005 to correct amounts on the Company's consolidated statement of cash flows related to acquisitions as more fully discussed in Note 6 to the accompanying interim consolidated financial statements. Specifically, the amounts presented in the Company's consolidated statement of cash flows for the three months ended March 31, 2005 in this Amendment No. 1 reflect a correction in the presentation of the Company's common stock issued in connection with acquisitions to present this activity as a non-cash activity rather than being presented as cash flows in the financing and investing activities sections of the consolidated statement of cash flows. This correction resulted in a decrease in net cash provided by financing activities and a corresponding increase in cash provided by investing activities from those amounts previously presented in the consolidated statement of cash flows. In addition, the Company corrected certain other immaterial miscellaneous items in the consolidated statement of cash flows for the three months ended March 31, 2005. There was no change in the net decrease in cash and cash equivalents. Further, these changes had no effect on the Company's consolidated statements of income, consolidated balance sheets or consolidated statements of shareholders' equity.

In addition, the Company has amended Item 4, Controls and Procedures, to update the disclosure regarding disclosure controls and procedures and internal control over financial reporting.

As a result of the restatement, the Company has determined it to be necessary to amend the Original Form 10-Q. This Amendment No. 1 amends and restates in its entirety Part I, Items 1 and 4 and Part II, Item 6 of the Original Form 10-Q. This Amendment No. 1 continues to reflect circumstances as of the date of the filing of the Original Form 10-Q and does not reflect events occurring after the filing of the Original Form 10-Q, or modify or update those disclosures in any way, except as required to reflect the effects of the restatement as described in Note 6 to the accompanying interim consolidated financial statements and to correct certain other immaterial miscellaneous items.

Table of Contents**PROSPERITY BANCSHARES, INC.® AND SUBSIDIARIES****NOTES TO INTERIM CONSOLIDATED FINANCIAL STATEMENTS****MARCH 31, 2005****(IN THOUSANDS, EXCEPT PER SHARE AMOUNTS)****(UNAUDITED)****1. BASIS OF PRESENTATION**

The interim consolidated financial statements include the accounts of Prosperity Bancshares, Inc.® (the Company) and its wholly-owned subsidiaries, Prosperity Bank® (the Bank) and Prosperity Holdings of Delaware, LLC. All significant inter-company transactions and balances have been eliminated.

The accompanying unaudited interim consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the rules and regulations of the Securities and Exchange Commission. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, the statements reflect all adjustments necessary for a fair presentation of the financial position, results of operations and cash flows of the Company on a consolidated basis, and all such adjustments are of a normal recurring nature. These financial statements and the notes thereto should be read in conjunction with the Company's Annual Report on Form 10-K for the year ended December 31, 2004 and Amendment No. 1 to the Company's Annual Report on Form 10-K/A for the year ended December 31, 2004. Operating results for the three month period ended March 31, 2005 are not necessarily indicative of the results that may be expected for the year ending December 31, 2005.

2. INCOME PER COMMON SHARE

The following table illustrates the computation of basic and diluted earnings per share.

	Three Months Ended March 31,	
	2005	2004
Net income available to shareholders	\$ 10,554	\$ 8,063
Weighted average shares outstanding	24,080	20,937
Potential dilutive shares from options	277	296
Weighted average shares and equivalents outstanding	24,357	21,233
Basic earnings per share	\$ 0.44	\$ 0.39

Diluted earnings per share	\$ 0.43	\$ 0.38

The incremental shares for the assumed exercise of the outstanding options were determined by application of the treasury stock method. No options issued by the Company had an anti-dilutive effect as of March 31, 2005 and 2004.

3. NEW ACCOUNTING STANDARDS

SFAS No. 123(R), Share-Based Payment (Revised 2004). SFAS 123(R) establishes standards for the accounting for transactions in which an entity (i) exchanges its equity instruments for goods or services, or (ii) incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments or that may be settled by the issuance of the equity instruments. SFAS 123(R) eliminates the ability to account for stock-based compensation using APB 25 and requires that such transactions be recognized as compensation cost in the income statement based on their fair values on the date of the grant. The effective date for adoption of SFAS 123R was deferred by the Securities and Exchange Commission (SEC) in April 2005. SFAS 123R is now effective for the beginning of the next fiscal year that begins after June 15, 2005.

On March 29, 2005, the SEC issued SAB 107 to provide public companies additional guidance in applying the provisions of FASB Statement No. 123(R), *Share-Based Payment*. Among other things, SAB 107 describes the SEC staff's expectations in determining the assumptions that underlie the fair value estimates and discusses the interaction of SFAS 123(R) with certain existing SEC guidance. The guidance is also beneficial to users of financial statements in analyzing the information

provided under Statement 123(R). The SAB will be applied upon the adoption of SFAS 123(R) and the Company does not expect its adoption to have a material impact on its consolidated financial position, results of operations or cash flows.

4. RECENT ACQUISITIONS

On March 1, 2005, the Company completed its acquisition of FirstCapital Bankers, Inc. (the First Capital acquisition), Corpus Christi, Texas. Under the terms of the agreement, First Capital was merged into the Company and First Capital's wholly owned subsidiary, FirstCapital Bank, s.s.b. was merged into the Bank. The Company issued approximately 5.079 million shares of its common stock for all of the issued and outstanding capital stock of First Capital and converted all outstanding options to acquire First Capital common stock into options to acquire approximately 234,000 shares of Company common stock. First Capital was privately held and operated thirty-two (32) banking offices in and around Corpus Christi, Houston and Victoria, Texas, five of which were closed and consolidated with existing banking centers of the Company.

The table below summarizes select proforma data for the two combined companies for the periods indicated:

	For the three months ended March 31,	
	2005	2004
Net interest income	\$ 28,272	\$ 25,321
Net income.	11,859	9,611
Earnings per share (diluted)	\$ 0.43	\$ 0.37

5. GOODWILL AND CORE DEPOSIT INTANGIBLES

Changes in the carrying amount of the Company's goodwill and core deposit intangibles (CDI) for three months ended March 31, 2005 were as follows:

Goodwill	Core Deposit Intangibles
-----------------	---------------------------------

Edgar Filing: PROSPERITY BANCSHARES INC - Form 10-Q/A

Balance as of December 31, 2004	\$ 153,180	\$ 11,492
Amortization		(723)
Acquisition of First Capital Bankers, Inc	92,996	14,114
Acquisition of Village Bank & Trust ssb (deferred taxes)	76	
Acquisition of Liberty Bancshares, Inc (deferred taxes)	1,177	
Acquisitions prior to December 31, 2003 (deferred taxes)	(2,173)	
	<u> </u>	<u> </u>
Balance as of March 31, 2005	<u>\$ 245,256</u>	<u>\$ 24,883</u>

The Company initially records the total premium paid on acquisitions as goodwill. After a third party valuation, core deposit intangibles are identified and reclassified from goodwill to core deposit intangibles on the balance sheet. This reclassification had no effect on total assets, liabilities, shareholders' equity, net income or cash flows.

6. RESTATEMENT OF INTERIM CONSOLIDATED FINANCIAL STATEMENTS

Subsequent to the issuance of the Company's March 31, 2005 interim consolidated financial statements, the Company determined that amounts presented in the Company's consolidated statement of cash flows for the three months ended March 31, 2005 reflected an error in the presentation of the Company's common stock issued in connection with acquisitions. As a result, the consolidated statement of cash flows for the three months ended March 31, 2005 has been restated to present this activity as a non-cash activity rather than being presented as cash flows in the financing and investing activities sections of the

consolidated statement of cash flows. This correction resulted in a decrease in net cash provided by financing activities and a corresponding increase in cash provided by investing activities of \$142.5 million from those amounts previously presented in the consolidated statement of cash flows for the three months ended March 31, 2005. In addition, the Company corrected certain other immaterial miscellaneous items in the consolidated statement of cash flows for the three months ended March 31, 2005. There was no change in the net decrease in cash and cash equivalents. Further, these changes had no effect on the Company's consolidated statements of income, consolidated balance sheets or consolidated statements of shareholders' equity.

The effect of the restatement on the Company's consolidated statement of cash flows for the three months ended March 31, 2005 is reflected in the table below:

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in its SEC filings is recorded, processed, summarized and reported within the time period specified in the SEC's rules and forms, and that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure based on the definition of disclosure controls and procedures in Rule 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management is required to apply judgment in evaluating its controls and procedures.

Management, under the supervision and with the participation of the Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures were effective. Subsequent to the date of that evaluation, management considered the restatement of the Company's interim consolidated financial statements and concluded that such restatement was the result of a material weakness related to controls over the preparation and review of its consolidated statement of cash flows. Based on such considerations, the Company's Chief Executive Officer and Chief Financial Officer concluded that as of March 31, 2005, the Company's disclosure controls and procedures were not effective solely because of the material weakness described below. Specifically, the Company did not maintain effective controls to appropriately classify the presentation of the Company's common stock issued in connection with acquisitions. The amounts presented in the Company's consolidated statement of cash flows for the three months ended March 31, 2005 reflect a change in the presentation for stock issued in connection with acquisitions to present this activity as a non-cash activity rather than being presented as cash flows in the financing and investing activities sections of the consolidated statement of cash flows. This correction resulted in a decrease in net cash provided by financing activities and a corresponding increase in cash provided by investing activities. The Company also corrected other immaterial miscellaneous items. There was no change in net cash provided by operating activities or in the total net decrease in cash and cash equivalents. Further, these changes had no impact on the Company's consolidated statements of income, consolidated balance sheets or consolidated statements of shareholders' equity.

Changes in Internal Control Over Financial Reporting

In an effort to remediate the material weakness in the Company's internal control over the preparation and review of its consolidated statement of cash flows described above, during the third quarter of 2005 management implemented a process to aid in correctly classifying amounts related to acquisitions reflected in the consolidated statement of cash flows, including a more detailed cash flow statement preparation checklist. Accordingly, management believes this process will remediate the material weakness discussed above. There were no changes in the Company's internal controls over financial reporting during the first quarter of 2005 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.
