**Item 2.04. Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement.**

The Company is a party to a Credit Agreement dated January 4, 2006 with Wells Fargo Bank under which it borrowed \$10 million to complete the acquisition of Bio-logic Systems Corp. in January 2006, and under which \$9.375 million in principal amount was outstanding at March 31, 2006. The loan is repayable over a four-year period. On May 16, 2006, the day following the Company's release of its financial statements for the quarter ended March 31, 2006, the Company was notified by Wells Fargo Bank that it was not in compliance with a financial covenant contained in the Credit Agreement that requires the Company to satisfy a ratio of total liabilities to tangible net worth. The Company had interpreted the Credit Agreement such that this covenant did not apply until a later date, but does not now dispute Wells Fargo Bank's interpretation of the covenant.

Wells Fargo has granted the Company a waiver of the provisions of such financial covenant, which will be effective until the next measurement date of June 30, 2006. The Company and Wells Fargo are also discussing an amendment to the Credit Agreement that will revise the covenant, thereby establishing a ratio for which the Company was in compliance on March 31, 2006. The Company believes that it and Wells Fargo will enter into such an amendment prior to the next measurement date. Under the Credit Agreement, Wells Fargo has the right to accelerate the payment of the outstanding indebtedness upon the occurrence of a default of this nature.

The Company does not believe that this default will have an impact on any existing agreements between the Company and other third parties.
