Explanatory note

As previously disclosed, on May 8, 2006, Silicon Graphics, Inc. (the Company) and certain of its subsidiaries (collectively with the Company, the Debtors) filed voluntary petitions for reorganization under chapter 11 of title 11, United States Code (the Bankruptcy Code), in the United States Bankruptcy Court for the Southern District of New York (the Court) (Case Nos. 06-10977 (BRL) through 06-10990 (BRL)) (the Reorganization). On September 19, 2006, the Debtors First Amended Joint Plan of Reorganization Under Chapter 11 of the Bankruptcy Code, as Modified (the Plan) was confirmed by the Court and on October 17, 2006 (the Effective Date), the Plan became effective under the Bankruptcy Code.

Information regarding the Plan is contained in the Company's Current Report on Form 8-K filed September 19, 2006, which is incorporated herein by reference.

**Item 1.01 Entry into a Material Definitive Agreement.
Registration Rights Agreement**

On the Effective Date, in connection with and as contemplated by the Plan, the Company entered into a Registration Rights Agreement (the Registration Rights Agreement), dated as of October 17, 2006, with certain stockholders of the Company, including Watershed Capital Partners, L.P., Watershed Capital Institutional Partners, L.P., Watershed Capital Partners (Offshore), Ltd., QDRF Master Ltd., Quadrangle Debt Recovery Income Fund Master Ltd., Quadrangle Debt Opportunities Fund Master Ltd., and Encore Fund, L.P. Pursuant to the Plan, each holder (Holder) of an Allowed Secured Note Claim or Allowed Cray Unsecured Debenture Claim, as such terms are defined in the Plan, that received a distribution pursuant to the Plan of 7.5% or greater of the common stock of the Company (the Registrable Securities) is entitled to receive certain registration rights under the Registration Rights Agreement (each such Holder and any future holder of Registrable Securities who becomes a party to the Registration Rights Agreement, a Registration Rights Holder). Pursuant to the Registration Rights Agreement, in addition to certain piggy-back registration rights granted to the Registration Rights Holders, certain Registration Rights Holders can also demand (each, a Demand Registration) under certain circumstances that the Registrable Securities be registered under the Securities Act of 1933, as amended (the Securities Act), in each case subject to the terms and conditions of the Registration Rights Agreement. The Registration Rights Holders on the date the Registration Rights Agreement was entered into are entitled to request no more than six (and no more than two per Registration Rights Holder) fully marketed underwritten offerings pursuant to Demand Registrations.

The Company is also required to file a shelf registration statement (the Shelf Registration Statement) within ten days after the Company becomes eligible to file a registration statement on Form S-3. Upon the Shelf Registration Statement being declared effective by the Securities and Exchange Commission, the rights of the Registration Rights Holders to Demand Registrations will be suspended, and such rights to Demand Registrations will cease if the Shelf Registration Statement remains effective for three years, subject to certain exceptions.

The Registration Rights Agreement will terminate upon the earliest to occur of (i) the ten-year anniversary of the Registration Rights Agreement, (ii) when all shares of Registrable Securities have been sold, (iii) when, in the opinion of counsel to the Registration Rights Holders,

all outstanding Registrable Securities may be resold without registration under the Securities Act pursuant to Rule 144(k) under the Securities Act or any successor provision thereto, or (iv) Registrable Securities representing 50% of the Registrable Securities agree, by written consent, to terminate the Registration Rights Agreement.

The foregoing description of the Registration Rights Agreement is qualified in its entirety by reference to the Registration Rights Agreement, which is incorporated herein by reference and attached hereto as Exhibit 10.1.

Credit Agreement

On the Effective Date, the Company, Silicon Graphics Federal, Inc. and Silicon Graphics World Trade Corporation (collectively, the Borrowers) entered into a Senior Secured Credit Agreement, dated as of October 17, 2006 (the Credit Agreement), with the lenders from time to time party thereto (collectively, the Lenders), Morgan Stanley Senior Funding, Inc., as administrative agent, bookrunner and lead arranger and General Electric Capital Corporation, as revolving agent, syndication agent and collateral agent (in such capacity, the Revolving Agent). The Credit Agreement provides for a term loan to the Borrowers in the aggregate amount of \$85,000,000 and a revolving credit facility with availability in an amount not to exceed \$30,000,000, and is secured by certain assets of the Borrowers. The interest rate under the Credit Agreement with respect to the term loan is a rate equal to, at the Company's option, (i) the LIBOR Rate (as determined by the Revolving Agent) plus 700 basis points or (ii) the higher of (x) the rate of interest quoted by the Wall Street Journal as the base rate on corporate loans posted by at least 75% of the nation's 30 largest banks and (y) the rate that is 50 basis points in excess of the Federal Funds Rate, in either case plus 575 basis points. The interest rate under the Credit Agreement with respect to the revolving advances is a rate equal to, at the Company's option, (i) the LIBOR Rate (as determined by the Revolving Agent) plus 300 basis points or (ii) the higher of (x) the rate of interest quoted by the Wall Street Journal as the base rate on corporate loans posted by at least 75% of the nation's 30 largest banks and (y) the rate that is 50 basis points in excess of the Federal Funds Rate, in either case plus 175 basis points. Upon an event of default, the then current interest rate for all loans and advances under the Credit Agreement is increased by two percentage points.

The Credit Agreement contains customary affirmative and negative covenants and certain financial covenants binding on the Company and its subsidiaries, including, without limitation, a limitation on incurring indebtedness other than certain specified types and amounts, as more fully described in the Credit Agreement.

In any fiscal year in which any sale or disposition by the Borrowers or any of their subsidiaries of property or assets (other than sales of inventory or equipment in the ordinary course of business) exceeds \$3,000,000, the Borrowers are required to pay 100% of the net proceeds from any such sale or disposition to the Lenders as a prepayment on the outstanding obligations under the Credit Agreement, provided that (i) any unused portion of the \$3,000,000 available in any fiscal year may carry forward into succeeding fiscal years and (ii) any proceeds from any such sale or disposition that are reinvested in the Borrowers' business or committed to be so reinvested within 180 days after receipt shall not require a prepayment. If the Borrowers or any of their subsidiaries shall receive insurance proceeds or awards in connection with a casualty or condemnation of any of their properties, the Borrowers are required to pay 100% of the net proceeds from any such occurrence to the Lenders as prepayment on the outstanding obligations under the Credit Agreement, provided that any such proceeds, not to exceed \$250,000 per

occurrence or \$2,500,000 in the aggregate, that are reinvested in the Borrowers' business or committed to be so reinvested within 180 days after receipt shall not require a prepayment. The Borrowers are additionally required to pay 100% of any extraordinary receipts to the Lenders as prepayment on the outstanding obligations under the Credit Agreement, provided that any such proceeds that are reinvested in the Borrowers' business or committed to be so reinvested within 180 days after receipt shall not require a prepayment.

The Credit Agreement shall mature and all outstanding borrowed amounts under the Credit Agreement become due on the earliest to occur of (i) October 17, 2011, or (ii) the date the Borrowers pay all of the required Lenders in full, unless terminated earlier in accordance with the terms of the Credit Agreement.

The Borrowers have also entered into a Security Agreement and Pledge Agreement, each dated as of October 17, 2006, under which the obligations of the Borrowers under the Credit Agreement are secured by certain intellectual property and other assets of the Borrowers.

The foregoing descriptions of the Credit Agreement, Security Agreement and Pledge Agreement are qualified in their entirety by reference to the Credit Agreement, Security Agreement and Pledge Agreement, which are incorporated herein by reference and attached hereto as Exhibits 10.2, 10.3 and 10.4, respectively.

Management Incentive Plan

On the Effective Date, the Silicon Graphics, Inc. Management Incentive Plan ("MIP") became effective pursuant to the Plan. The MIP is designed to permit a committee of the Board of Directors of the Company (the "Committee") to grant a full range of equity and cash incentive awards, including restricted stock and option awards. The purpose of the MIP is to attract, retain and motivate officers and employees of, consultants to, and non-employee directors providing services to the Company and its subsidiaries by providing them with the opportunity to acquire shares of the Company's common stock, to receive monetary payments based on the value of such shares or to receive other equity or cash incentive compensation. The MIP will terminate ten years after the Effective Date unless sooner terminated.

Plan and Participant Share Limits

The maximum number of shares of common stock of the Company issuable under the MIP is 1,250,000 shares, all of which if the Committee so elects, may be issued as incentive stock options. Of the shares reserved, only 312,500 may be issued for full value benefits. Full value benefits are stock awards designed to provide equity compensation based on the full value of a share of stock. Full value benefits are distinguished from appreciation benefits which are designed to provide equity compensation based only on the appreciation of the value of a share of stock from the date of grant.

Shares are counted against the authorization only to the extent they are actually issued. Thus, awards for shares which terminate by expiration, forfeiture, cancellation, or otherwise, or are settled in cash in lieu of shares, shall result in shares being again available for grant. Also, if the exercise price or tax withholding requirements of any award are satisfied by tendering shares to the Company, or if a stock appreciation right is exercised, only the number of shares issued, net of the shares tendered, will be deemed issued under the MIP. The maximum number of shares will not be reduced to reflect (i) dividends or dividend equivalents that are reinvested into

additional shares or credited as additional benefits, or (ii) shares issued in satisfaction of awards that are assumed or substituted, in connection with any merger, consolidation, acquisition of property or stock or reorganization, for awards made under another plan.

The MIP also imposes per-participant award limits. The maximum number of shares of common stock that may be granted to any person with respect to any appreciation benefits denominated in shares in any consecutive twelve month period is 250,000 shares. The maximum number of shares of common stock that may be granted to any person with respect to full value benefits denominated in shares in any consecutive thirty-six-month period is 100,000 shares. The maximum grant denominated in cash to any person in any consecutive twelve-month period is \$3,000,000.

If there is a change in the Company's common stock or other like change in capital structure or distribution (other than normal cash dividends) to stockholders of the Company, (i) stock options and stock appreciation rights will become exercisable for the securities, cash or property they would have received had they exercised prior to such change, and (ii) to prevent dilution or enlargement of participants' rights under the Plan, the Committee shall adjust, in an equitable manner, the number and kind of shares that may be issued and granted under the Plan, the number and kind of shares subject to outstanding awards, the exercise price applicable to outstanding awards, and the fair market value of the Common Stock and other value determinations or affected terms applicable to outstanding awards. The Committee shall also make appropriate adjustment to awards under the Plan to reflect, or relate to, such changes and to modify any other terms of outstanding awards, such as modification of performance targets. The Committee shall also make adjustments in recognition of unusual or nonrecurring events affecting the Company or its financial statements, or in response to changes in applicable law, regulations or accounting principles.

Administration

The Committee is responsible for administering the MIP and has the authority to establish rules for administration consistent with the terms of the MIP. The Committee has the sole discretion to make determinations and interpretations under the MIP and to take such action in connection with the MIP and any awards granted thereunder it deems necessary or advisable. The Committee establishes the terms and conditions of awards and has the authority to cancel awards upon a change of control of the Company.

The Committee may delegate administrative duties and powers to one or more of its members or to one or more officers, agents, or advisors. To the extent permitted by law, the Committee may also delegate to one or more officers the authority to designate employees and consultants to receive awards and determine the terms and conditions of such awards. If such authority is delegated, (i) the officer(s) shall have no authority to make awards to Section 16 insiders, (ii) the delegation shall set forth the amount of shares authorized, and (iii) the officer(s) shall report back to the Committee periodically regarding the scope and nature of awards granted.

Eligibility

Employees, non-employee directors, and consultants of the Company and its subsidiaries who are selected by the Committee are eligible to participate in the MIP. In addition, benefits awarded to non-employee directors of the Company under the MIP may be assigned, at the discretion of the Committee, to the entity that employs such non-employee director or to any of its affiliates.

Types of Awards

The Committee is authorized to grant stock options, stock appreciation rights (SARs), stock awards, stock units, other stock based awards, dividend equivalents and cash awards. Awards are referred to in the MIP as Benefits . Stock awards, stock units, other stock based awards and cash awards may be designed as performance-based awards, that comply with requirements of Section 162(m) of the Internal Revenue Code of 1986, as amended.

Termination of Employment

Each award agreement will specify the effect of a holder s termination of employment with, or service for, the Company, including the extent to which unvested portions of the award will be forfeited and the extent to which options, SARs, or other awards requiring exercise will remain exercisable. Such provisions will be determined in the Committee s sole discretion.

Treatment of Awards upon a Change of Control

If there is a change in control of the Company, the Committee, in its discretion, may take such actions as it deems appropriate with respect to outstanding awards, including, without limitation, accelerating the exercisability or vesting of such awards, or such other actions provided in an agreement approved by the Board of Directors in connection with a change in control and such awards shall be subject to the terms of such agreement as the Committee, in its discretion, shall determine.

Under the MIP, a change in control generally is triggered if there is an acquisition of 35% or more of the voting power of all of the Company s capital stock entitled to vote in the election of the Board of Directors, individuals on the Board cease to constitute a majority of the board, there is consummation of a merger or consolidation in which the Company or any of its subsidiaries is not the continuing or surviving corporation or pursuant to which all shares of common stock are exchanged for cash securities or other property, consummation of a complete plan of liquidation of the Company or the consummation of a sale or other disposition (in one transaction or a series of transactions) of all or substantially all of the assets of the Company.

Amendment of Awards or Plan and Awards

The Committee may at any time alter, amend, modify, suspend, or terminate the MIP or any outstanding award in whole or in part. No amendment of the MIP will be made without shareholder approval if shareholder approval is required by law. The Committee may amend the terms of any existing award provided the terms of the award so permit.

Initial Awards

Within 60 days after emergence, the Company intends to grant a portion of the authorized shares to its executive officers and other management employees, leaving the remainder of the shares to make comparable grants to incoming executive and management employees and awards to non-employee directors. Awards will be conditioned upon compliance with restrictive covenants.

Initial Stock Option Awards. The stock options will have a seven-year term and vest with respect to 25% of the grant on the first anniversary of the date of grant, and thereafter with respect to an additional 6.25% of the grant on the completion of each three month period thereafter so that the entire grant is fully vested 48 months after the date of grant.

Initial Restricted Stock Awards. The restricted stock will vest with respect to 33.4% of the award on the first anniversary of the date of grant and with respect to an additional 8.325% on the completion of each three month period thereafter so that the entire grant is fully vested 48 months after the date of grant. Any shares not vested upon termination of employment are forfeited.

Effect of Change in Control; Employment Termination. Upon a change in control, options and restricted stock become 100% vested unless the awards are assumed, converted or replaced by continuing entity. However, replacement awards are 100% vested if the grantee's employment is terminated without cause within 12 months following the change in control.

Absent a change of control, upon a termination of employment for any reason, the awards will be treated as follows.

Death or Disability Awards will be 100% vested; options may be exercised for one year following employment termination.

Retirement Awards will continue to vest during the post termination period provided the grantee continues to comply with the restrictive covenants; option holders have three years following the later of retirement or vesting to exercise.

Termination without Cause Awards continue to vest during any severance period; options remain exercisable for 90 days following the later of vesting or termination of employment.

Voluntary Resignation Restricted stock awards are forfeited; vested options remain exercisable for 30 days or if later the expiration of any blackout period.

Termination for Cause Awards are cancelled immediately upon such employment termination.

With respect to future awards, the benefits or amounts that would be received under the MIP by executive officers, nonexecutive directors and nonexecutive officer employees are discretionary and are therefore not determinable at this time. In addition, the benefits or amounts that would have been received by or allocated to such persons for the last completed fiscal year if the plan had been in effect cannot be determined.

The foregoing description of the MIP is qualified in its entirety by reference to the MIP, which is incorporated herein by reference and attached hereto as Exhibit 10.5.
