Section 5 Corporate Governance and Management

Item 5.03 Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year

On December 14, 2006 the Board of Directors of Northrop Grumman Corporation (the Company) amended Section 2 of the Company s Bylaws to change the vote required for the election of directors in uncontested elections to a majority vote standard. A nominee for director shall be elected to the Board of Directors if the votes cast for such nominee exceed the number of votes cast against such nominee s election. Plurality voting will apply in contested elections.

The Board of Directors (the Board) also amended the Company s Principles of Corporate Governance to add a new principle stating that the Board expects a director to tender a resignation from the Board if he or she fails to receive the required vote for reelection. In addition, the new principle would commit the Board to nominate for election and to appoint to director vacancies and new directorships only nominees who agree to tender advance, irrevocable resignations promptly following their election or appointment to the Board. Such a resignation would be effective only if (i) the director does not receive the required vote for reelection at a future meeting of the stockholders and (ii) the Board accepts the resignation. The Bylaws were also amended to require a stockholder to notify the Company whether such stockholder s nominees for director intend to tender such resignations if they are elected to the Board.
