PROXY STATEMENT

November 5, 2007

The accompanying proxy is solicited on behalf of the Board of Directors of Adaptec, Inc., a Delaware corporation (Adaptec), for use at the 2007 Annual Meeting of Stockholders (the Annual Meeting) to be held at the Embassy Suites Hotel located at 901 East Calaveras Boulevard, Milpitas, California 95035 on Thursday, December 13, 2007 at 10:00 a.m., local time. This Proxy Statement and the accompanying form of proxy card / voting instruction card were mailed to stockholders on or about November 19, 2007. Our Annual Report for fiscal 2007 is enclosed with this Proxy Statement. This Proxy Statement was also posted on our website at <http://investor.adaptec.com> on November 5, 2007.

Record Date; Quorum; List of Stockholders of Record

Only holders of record of common stock at the close of business on October 25, 2007 will be entitled to vote at the Annual Meeting. At the close of business on the record date, we had 121,019,609 shares of common stock outstanding and entitled to vote. A majority of the shares outstanding on the record date, represented by proxy or in person, will constitute a quorum for the transaction of business at the Annual Meeting. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection at our executive offices for a period of ten days before the Annual Meeting. Stockholders may examine the list for purposes germane to the Annual Meeting.

Voting Rights; Required Vote

Stockholders are entitled to one vote for each share of common stock held by them as of the record date. Directors will be elected by a plurality of the shares of common stock represented by proxy at the Annual Meeting and entitled to vote on the election of directors. This means that the nine nominees receiving the highest number of votes will be elected to the Board. Stockholders do not have the right to cumulate their votes in the election of directors. Approval of Proposal No. 2 ratifying the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2008 requires the affirmative vote of a majority of the shares represented and voting at the Annual Meeting in person or by proxy.

Voting of Proxies

Stockholders that are beneficial owners (your Adaptec shares are held for you in street name by your bank, broker or other nominee) have three options for submitting their votes before the Annual Meeting, by: (a) Internet, (b) telephone or (c) mailing a completed voting instruction card to your bank, broker or other nominee. If you have Internet access and are a beneficial owner of shares of Adaptec common stock, you may submit your proxy from any location in the world by following the Vote by Internet instructions on the voting instruction card. If you live in the United States or Canada and are a beneficial owner, you may submit your proxy by following the Vote by Telephone instructions on the voting instruction card. If you received your Annual Meeting materials by mail and do not wish to vote online or by telephone, or if you are a registered stockholder (you hold your Adaptec shares in your own name through our transfer agent, Registrar and Transfer Company, or you are in possession of stock certificates), please complete and properly sign the proxy card (registered holders) or voting instruction card (beneficial owners) you receive and return it in the prepaid envelope provided, and it will be voted in accordance with the specifications made on the proxy card or voting instruction card. If no specification is made on a signed and returned proxy card or voting instruction card, the shares represented by the proxy will be voted FOR the election to the Board of Directors of each of the nine nominees named on the proxy card or voting instruction card, FOR ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending

March 31, 2008 and, if any other matters are properly brought before the Annual Meeting, the proxy will be voted as the Board of Directors may recommend. We encourage beneficial owners with Internet access to record your vote on the Internet or, alternatively, to vote by telephone. Internet and telephone voting is convenient, saves on postage and mailing costs and is recorded immediately, minimizing risk that postal delays may cause your vote to arrive late and therefore not be counted. If you attend the Annual Meeting, you also may vote in person, and any previously submitted votes will be superseded by the vote you cast at the Annual Meeting.

Effect of Abstentions and Broker Non-Votes

If a registered stockholder indicates on his or her proxy card that the stockholder wishes to abstain from voting, or a beneficial owner instructs its bank, broker or other nominee that the stockholder wishes to abstain from voting, these shares are considered present and entitled to vote at the Annual Meeting. These shares will count toward determining whether or not a quorum is present. However, these shares will not be taken into account in determining the outcome of any of the proposals.

If a beneficial owner does not give a proxy to his or her broker with instructions as to how to vote the shares, the broker has authority under New York Stock Exchange rules to vote those shares for or against routine matters, but cannot vote on their customers behalf on non-routine proposals. These rules apply to us notwithstanding the fact that shares of our common stock are traded on The NASDAQ Global Market. The election of nine directors to our Board of Directors and the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm each constitute routine proposals. If a broker votes shares that are unvoted by its customers for or against a routine proposal, these shares are counted for the purpose of establishing a quorum and also will be counted for the purpose of determining the outcome of such routine proposals. If a broker chooses to leave these shares unvoted, the shares will be counted for the purpose of establishing a quorum, but not for determining the outcome of any of the proposals.

The inspector of elections appointed for the Annual Meeting will separately tabulate the relevant affirmative and negative votes, abstentions and broker non-votes for each proposal.

Adjournment of Annual Meeting

If a quorum is not present to transact business at the Annual Meeting or if we do not receive sufficient votes in favor of the proposals by the date of the Annual Meeting, the persons named as proxies may propose one or more adjournments of the Annual Meeting to permit solicitation of additional proxies. The chairperson of the Annual Meeting shall have the power to adjourn the Annual Meeting.

Expenses of Soliciting Proxies

Our Board of Directors is soliciting the proxy included with this Proxy Statement for use at the Annual Meeting. We will pay the expenses of soliciting proxies for the Annual Meeting. After the original mailing of the proxy cards and other soliciting materials, we and/or our agents, including our directors, officers or employees, also may solicit proxies by mail, telephone, facsimile, email or in person. After the original mailing of the proxy cards and other soliciting materials, we will request that brokers, custodians, nominees and other record holders of our common stock forward copies of the proxy cards and other soliciting materials to persons for whom they hold shares and request authority for the exercise of proxies. We will reimburse the record holders for their reasonable expenses if they ask us to do so. We have engaged The Altman Group to assist in the solicitation of proxies and to provide related advice and information support at an estimated cost of \$25,000, plus expenses and disbursements. Our directors, officers and employees will not receive any additional compensation for any soliciting efforts in which they may be engaged.

Revocability of Proxies

Any person signing a proxy card or voting instruction card in the form accompanying this Proxy Statement has the power to revoke it at any time before it is voted. A proxy may be revoked by signing and returning a proxy card or voting instruction card with a later date, by delivering a written notice of revocation to Registrar

and Transfer Company, 10 Commerce Drive, Cranford, New Jersey 07016, that the proxy is revoked or by attending the Annual Meeting and voting in person. The mere presence at the Annual Meeting of a stockholder who has previously appointed a proxy will not revoke the appointment. Please note, however, that if a stockholder has instructed a broker, bank or nominee to vote his, her or its shares of Adaptec common stock, the stockholder must follow the directions received from the broker, bank or nominee to change his, her or its instructions. In the event of multiple online or telephone votes by a stockholder, each vote will supersede the previous vote and the last vote cast will be deemed to be the final vote of the stockholder, unless such vote is revoked in person at the Annual Meeting according to the revocability instructions outlined above.

Electronic Delivery of Stockholder Communications

If you received your Annual Meeting materials by mail, we encourage you to help us conserve natural resources, as well as significantly reduce printing and mailing costs, by **signing up to receive your stockholder communications electronically via email**. With electronic delivery, you will be notified via email as soon as the Annual Report and Proxy Statement are available on the Internet, and you can easily submit your vote online. Electronic delivery also can eliminate duplicate mailings and reduce the amount of bulky paper documents you maintain in your personal files. To sign up for electronic delivery:

Registered Owner: follow the instructions on the proxy card enclosed with your Annual Meeting materials to enroll.

Beneficial Owner: visit www.icsdelivery.com to enroll.

Your electronic delivery enrollment will be effective until you cancel it. If you have questions about electronic delivery, please call our Stock Administration Department at (408) 957-6765.

Delivery of Voting Materials to Stockholders Sharing an Address

To reduce the expense of delivering duplicate voting materials to stockholders who may have more than one Adaptec stock account, we have adopted a procedure approved by the Securities and Exchange Commission (SEC) called householding. Under this procedure, certain stockholders of record who have the same address and last name and do not participate in electronic delivery of Annual Meeting materials will receive only one copy of the Annual Meeting materials and any additional proxy soliciting materials sent to stockholders until such time as one or more of these stockholders notifies us that they wish to continue receiving individual copies. This procedure will reduce duplicate mailings and save printing costs and postage fees, as well as natural resources. Stockholders who participate in householding will continue to receive separate proxy cards or voting instruction cards.

How to Obtain a Separate Set of Voting Materials

If you received a householded mailing this year and you would like to have additional copies of the Annual Meeting materials mailed to you, please submit your request to Adaptec, Inc., 691 South Milpitas Boulevard, Milpitas, California 95035, Attn: Stock Administration Department, or call (408) 957-6765. You may also contact us at this address or phone number above if you received multiple copies of the Annual Meeting materials and would prefer to receive a single copy in the future, or if you would like to opt out of householding for future mailings.

That during the period from the date of the Annual Meeting to the date of our 2008 annual meeting of stockholders, the size of our Board of Directors will not exceed nine members.

That during the period from October 26, 2007 to immediately following the Annual Meeting, we will not enter into any binding agreement or arrangement related to any acquisition or purchase of assets or a business that constitutes 20% or more of our net revenues, net income or assets, or 20% or more of any class or series of our securities, unless either (1) the binding agreement or arrangement requires us to obtain the approval of our stockholders to complete the transaction or (2) Steel Partners provides its prior written approval of such transaction.

That following the Annual Meeting, we and the Steel Partners Nominees will review our business, financial condition, results of operations and outlook and will use commercially reasonable efforts to develop a set of mutually agreeable goals for improving our performance. After we agree upon these goals, we and the Steel Partners Nominees will use commercially reasonable efforts to engage as soon as reasonably practicable, but no later than 60 days after developing the mutually agreed upon goals, a third-party consultant to assist us in making recommendations to achieve these goals.

To reimburse Steel Partners up to \$50,000 for expenses that it incurred in connection with its activities relating to the Annual Meeting, including the Settlement Agreement.

Edgar Filing: ADAPTEC INC - Form DEF 14A

Pursuant to the Settlement Agreement, Steel Partners has agreed:

To be present at the Annual Meeting and to vote all of the shares of our common stock that it beneficially owns at the Annual Meeting in favor of the election of each of our incumbent directors.

To refrain from taking certain actions during the period beginning on October 26, 2007 and ending immediately following the Annual Meeting, including: taking certain actions with respect to tender or exchange offers, business combination transactions and election contests; selling the shares of our

common stock that it beneficially owns; and seeking to amend our certificate of incorporation or bylaws. The Settlement Agreement terminates immediately following the Annual Meeting, except as to specific provisions as set forth in the Settlement Agreement.

We filed the Settlement Agreement as Exhibit 10.01 to our Current Report on Form 8-K filed with the SEC on October 31, 2007. You may find more information regarding the terms of our settlement with Steel Partners by reference to the Settlement Agreement.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

Our Board of Directors currently consists of eight directors. The Board of Directors has adopted a resolution in accordance with the provisions of our bylaws to increase the authorized number of directors from eight to nine members, effective as of immediately prior to the Annual Meeting. It is intended that your proxy will be voted for the nine nominees named below for election to our Board of Directors unless authority to vote for any such nominee is withheld.

Proxies cannot be voted for a greater number of persons than the number of nominees named. If any nominee for any reason is unable to serve, or for good cause will not serve, the proxies may be voted for such substitute nominee as the proxy holder may determine. We are not aware of any nominee who will be unable to, or for good cause will not, serve as a director. The term of office of each person elected as a director will continue until the next annual meeting of our stockholders or until his successor has been elected and qualified.

Composition of our Board of Directors

In connection with the appointments in July 2006 of Mr. Castor and Ms. O'Brien to our Board, we increased the size of our Board from nine to 11 members. Following the resignations of Mr. Carl Conti, Ms. Lucie Fjeldstad and Ms. Ilene Lang from our Board of Directors that were effective immediately preceding our 2006 Annual Meeting of Stockholders held in September 2006, we amended our bylaws to reduce the size of the Board to eight members.

In connection with the Settlement Agreement, Judith M. O'Brien and Charles J. Robel, two of our current directors, each agreed that they would not stand for re-election at the Annual Meeting and that their respective service on our Board of Directors would terminate as of immediately prior to the Annual Meeting. In addition, we agreed to nominate, recommend and support three Steel Partners Nominees for election to our Board of Directors at the Annual Meeting. As a result, we increased the size of our Board of Directors from eight to nine members, effective as of immediately prior to the Annual Meeting.

The NASDAQ independence definition includes a series of objective tests, including that a director may not be our employee and that the director has not engaged in various types of business dealings with us. In addition, as further required by the NASDAQ rules, our Board of Directors has made a subjective determination as to each independent director that no relationship exists which, in the opinion of the Board of Directors, would interfere with the exercise of such director's independent judgment in carrying out the responsibilities of a director. The independence determinations made by our Board of Directors included considering the service by Mr. Mercer as our interim Chief Executive Officer from May 2005 to November 2005.

Standing committees of the Board of Directors consist of the Audit Committee, Compensation Committee and Governance and Nominating Committee. In addition, during fiscal 2006 the Board of Directors established a Transaction Committee that was not intended to be a standing committee; this committee was disbanded in May 2007. To the extent that the Board of Directors creates any new committees prior to our 2008 annual meeting of stockholders, we have agreed to appoint one of Jack L. Howard, John Mutch or John J. Quicke, or his successor, to such newly created committee. Each of the Audit Committee, Compensation Committee and Governance and Nominating Committee operate under a written charter approved by the Board of Directors, all of which are available on our website at www.adaptec.com. Each of these charters also is available in print to any stockholder upon request.

We strongly encourage directors to attend our annual meetings of stockholders. The Board of Directors endeavors to hold its Board and Board committee meetings on the same day as the annual meeting of

stockholders to encourage director attendance. Seven of our eight directors attended our 2006 Annual Meeting of Stockholders.

Audit Committee. The current members of the Audit Committee are Charles J. Robel (Chair), Jon S. Castor and Joseph S. Kennedy. John Mutch will join the Audit Committee immediately following the Annual Meeting, and we expect that he will also serve as the Chair of the Audit Committee following his election to the Board. Each of the current members of the Audit Committee and Mr. Mutch are independent as defined by the rules of The NASDAQ Stock Market. Our Board of Directors has determined that each of the Audit Committee members who will serve following the Annual Meeting is financially literate, as required by NASDAQ listing standards. However, with Mr. Robel not standing for re-election to our Board of Directors, our Board has determined that none of the Audit Committee members who will serve following the Annual Meeting qualifies as an audit committee financial expert, as defined under Item 407(d)(5) of Regulation S-K. Our Board of Directors currently intends to appoint D. Scott Mercer, who qualifies as an audit committee financial expert, to the Audit Committee in November 2008 when we expect Mr. Mercer will again qualify as independent for purposes of serving on the Audit Committee as defined by the rules of The NASDAQ Stock Market. Our Board has determined, in light of the changes in the composition of the Board that will occur at the Annual Meeting, that it was appropriate to delay the addition of an audit committee financial expert to the Audit Committee until such time as Mr. Mercer is eligible to rejoin the committee. Prior to our 2006 Annual Meeting of Stockholders held in September 2006, Joseph S. Kennedy, Ilene H. Lang and Charles J. Robel (Chair) served on our Audit Committee, each of whom was financially literate. Mr. Castor joined the Audit Committee in September 2006 upon the resignation of Ms. Lang from our Board of Directors. The Audit Committee met nine times during fiscal 2007, including telephone conference meetings. The Audit Committee assists the full Board of Directors in its general oversight of our financial reporting, internal controls and audit functions, and is directly responsible for the appointment, compensation and retention of our independent registered public accounting firm, which reports to the Audit Committee. For more information, see the Report of the Audit Committee Report beginning on page 32 of this Proxy Statement.

Compensation Committee. The current members of the Compensation Committee are Judith M. O'Brien (Chair), Jon S. Castor and Robert J. Loarie. John J. Quicke will join the Compensation Committee immediately following the Annual Meeting, and we expect that Mr. Castor will serve as Chair of the Compensation Committee following the Annual Meeting. Each of the current Compensation Committee members and Mr. Quicke are independent as defined by the rules of The NASDAQ Stock Market, an outside director as defined in the Internal Revenue Code of 1986, as amended, and a non-employee director, as defined in Rule 16b-3 under the Securities Exchange Act of 1934 (the Exchange Act). Prior to our 2006 Annual Meeting of Stockholders, Lucie J. Fjeldstad and Robert J. Loarie served on our Compensation Committee, each of whom met the foregoing standards. Ms. O'Brien and Mr. Castor joined the Compensation Committee in September 2006 upon the resignation of Ms. Fjeldstad from our Board of Directors. The Compensation Committee met thirteen times during fiscal 2007. The Compensation Committee establishes our executive compensation policy and determines the salary, bonuses and equity incentive awards of our executive officers. For more information, see Executive Compensation beginning on page 16 of this Proxy Statement and the Compensation Committee Report on page 29 of this Proxy Statement.

Governance and Nominating Committee. The current members of the Governance and Nominating Committee are Douglas E. Van Houweling (Chair) and Judith M. O'Brien. Jack L. Howard will join the Governance and Nominating Committee immediately following the Annual Meeting, and we expect D. Scott Mercer to join the Governance and Nominating Committee and that Mr. Van Houweling will continue to serve as Chair of the Governance and Nominating Committee following the Annual Meeting. Each of the current Governance and Nominating Committee members and Mr. Howard are independent as defined by the rules of The NASDAQ Stock Market. Prior to our 2006 Annual Meeting of Stockholders, Douglas E. Van Houweling (Chair) and Lucie J. Fjeldstad served on our Governance and Nominating Committee, each of whom was also independent as defined by the rules of The NASDAQ Stock Market. Ms. O'Brien joined the Governance and Nominating Committee in September 2006 upon the resignation of Ms. Fjeldstad from our Board of Directors. The Governance and Nominating Committee is responsible for reviewing the qualifications of potential

candidates for membership on our Board of Directors and recommending such candidates to the full Board of Directors. In addition, the Governance and Nominating Committee makes recommendations regarding the structure and composition of our Board of Directors and advises and makes recommendations to the full Board of Directors on matters concerning corporate governance. The Governance and Nominating Committee met three times during fiscal 2007.

Transaction Committee. The Board disbanded the Transaction Committee in May 2007 and matters formerly handled by the Transaction Committee are now handled by the full Board of Directors. The most recent members of the Transaction Committee were Jon S. Castor, D. Scott Mercer and Charles J. Robel. Mr. Castor and Mr. Mercer were appointed to the Transaction Committee in March 2007. Mr. Kennedy and Mr. Loarie served as members since the Transaction Committee's formation in August 2005 and stepped down from the Transaction Committee in March 2007 when Mr. Castor and Mr. Mercer joined the committee. The Transaction Committee was responsible for evaluating, planning and approving certain strategic business transactions for Adaptec. The Transaction Committee met five times during fiscal 2007.

Consideration of Director Nominees; New Nominees for Director

Director Qualifications. The goal of the Governance and Nominating Committee is to ensure that our Board of Directors possesses a variety of perspectives and skills derived from high-quality business and professional experience. The Governance and Nominating Committee seeks to achieve a balance of knowledge, experience and capability on our Board of Directors. To this end, the Governance and Nominating Committee seeks nominees with high professional and personal ethics and values, an understanding of our business lines and industry, diversity of business experience and expertise, broad-based business acumen and the ability to think strategically. In addition, the Governance and Nominating Committee considers the level of the candidate's commitment to active participation as a director, both at board and committee meetings and otherwise. Although the Governance and Nominating Committee uses these and other criteria to evaluate potential nominees, we have no stated minimum criteria for nominees. The Governance and Nominating Committee does not use different standards to evaluate nominees depending on whether they are proposed by our directors and management or by our stockholders. When appropriate, the Governance and Nominating Committee may retain executive recruitment firms to assist it in identifying suitable candidates. After its evaluation of potential nominees, the Governance and Nominating Committee submits its chosen nominees to the Board of Directors for approval.

New Nominees for Director. The Governance and Nominating Committee utilizes the services of an executive recruitment firm to assist it in identifying suitable candidates to join our Board. Our two newest Board members, Mr. Castor and Ms. O'Brien, were elected to the Board in July 2006 following the announcement by three of our non-employee directors—Carl Conti, Lucie Fjeldstad and Ilene H. Lang—that they would not stand for re-election at the 2006 Annual Meeting of Stockholders. Mr. Castor and Ms. O'Brien were each initially proposed as a candidate by Mr. Mercer. Jack L. Howard, John Mutch and John J. Quicke were proposed as candidates by Steel Partners, our largest stockholder and the beneficial owner of approximately 14.9% of our common stock as of October 26, 2007.

Stockholder Nominees. The Governance and Nominating Committee will consider stockholder recommendations for director candidates. If a stockholder would like to recommend a director candidate for the next annual meeting of stockholders, the stockholder must deliver the recommendation to our Corporate Secretary at our principal executive offices no later than 75 days prior to and no earlier than 105 days prior to December 13, 2008, the anniversary of the Annual Meeting (the deadline for nominations for the 2008 Annual Meeting of Stockholders is between August 29, 2008 and September 28, 2008); provided, however, if the 2008 Annual Meeting of Stockholders occurs on a date more than 30 days earlier or 60 days later than the anniversary of the Annual Meeting, then notice by the stockholder to be timely must be delivered no later than 75 days prior to and no earlier than 105 days prior to the 2008 Annual Meeting of Stockholders or 10 days following the day on which public announcement (in a filing under the Exchange Act or by press release) of the date of the 2008 Annual Meeting of Stockholders is first made by our Board of Directors. Recommendations for candidates should be accompanied by personal information about the candidate, including a list of the candidate's references, the candidate's resume or curriculum vitae and the other information required in the stockholder

notice required by Section 1.12 of our bylaws. A stockholder recommending a candidate may be asked to submit additional information as determined by our Corporate Secretary and as necessary to satisfy the rules of the SEC or The NASDAQ Stock Market. If a stockholder's recommendation is received within the time period set forth above and the stockholder has met the criteria set forth above, the Governance and Nominating Committee will evaluate such candidate, along with the other candidates being evaluated by the Governance and Nominating Committee, in accordance with the committee's charter and will apply the criteria described under Consideration of Director Nominees; New Nominees for Director Director Qualifications above.

**PROPOSAL NO. 2 RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors has appointed PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending March 31, 2008, and our stockholders are being asked to ratify the Audit Committee's appointment. Representatives of PricewaterhouseCoopers LLP are expected to be present at our Annual Meeting, will have the opportunity to make a statement at the Annual Meeting if they desire to do so and will be available to respond to appropriate questions.

If our stockholders fail to ratify the appointment, the Audit Committee will reconsider its appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for our fiscal year ending March 31, 2008. Even if this appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of Adaptec and our stockholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses the principles underlying our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. It provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our Named Executive Officers and places in perspective the data presented in the tables and narrative that follow.

Compensation Philosophy and Overview

Our pay programs are designed to attract, retain and motivate a qualified workforce to achieve our financial and strategic objectives. The compensation offerings strive to: pay for performance by rewarding each employee for team results and his/her individual contribution to our success; provide managers with guidelines to make fair and equitable compensation decisions; and effectively balance our financial resources with compensation expense management.

We believe that the most effective compensation program is one that is designed to reward the achievement of our financial and strategic goals, and which aligns executives' interests with those of our stockholders.

The compensation plans for our executive officers have three principal elements: a base salary which is developed in part by referencing the 50th percentile of the market, cash incentive bonuses linked to achievement of financial and strategic goals and equity-based incentive compensation. In addition, we provide our executive officers a variety of benefits that in most cases are available generally to all of our salaried employees. We view the components of compensation as related but distinct. Although the Compensation Committee of our Board of Directors (the "Committee") reviews the total compensation of our executive officers, we do not believe that significant compensation derived from one component of compensation should necessarily negate or reduce compensation from other components. We do believe that the executive compensation package should be fair and reasonable when taken as a whole.

We have not adopted any formal policies or guidelines for allocating compensation between long-term and currently paid out compensation or between cash and non-cash compensation. However, our philosophy is to keep cash compensation at a competitive level while providing the opportunity to be significantly rewarded through equity if our company and our stock price perform well over time. We also believe that, for most technology companies, stock-based compensation is generally the primary motivator in attracting executives rather than base salary or cash bonuses.

We also believe that executive officers should have a greater percentage of their equity compensation in the form of stock options rather than restricted stock or restricted stock unit awards, as stock options have greater risk associated with them than these other equity grants. We believe that our executive officers should have a larger portion of their equity incentive awards at risk as compared with our other employees.

Role of Executive Officers in Compensation Decisions

Mr. Subramanian Sundaresh, our Chief Executive Officer, annually reviews the performance of each of our other executive officers. The conclusions reached by Mr. Sundaresh and his recommendations based on these reviews, including with respect to salary adjustments, incentive awards and equity award amounts, are presented by Mr. Sundaresh to the Committee. The Committee can exercise its discretion in modifying any recommended adjustments or awards to executives. The Committee makes all final compensation decisions for each of our executive officers.

Committee meetings typically have included, for all or a portion of each meeting, not only the Committee members but also our Chief Executive Officer, our Vice President Human Resources, and, as required, our Chief Financial Officer and independent compensation consultant.

Role of the Compensation Committee

The current members of the Committee are Judith O'Brien, who is the Chair of the Committee, Jon Castor and Robert Loarie. Each of Ms. O'Brien and Mr. Castor joined our Board in July 2006 and were appointed to the Compensation Committee in September 2006 following the departure of Lucie J. Fjeldstad, the former Chair of the Committee, from our Board in September 2006. Mr. Loarie served on the Committee for all of fiscal 2007.

The Committee ensures that our executive compensation and benefits program is consistent with our compensation philosophy and our corporate governance guidelines and is empowered to make decisions regarding executive officers' total compensation, and subject to the approval of the Board our Chief Executive Officer's total compensation.

We establish the base salaries, target annual bonus levels and target annual long-term incentive award values for our executive officers at competitive levels, as measured against a peer group of companies. The Committee reviews our overall compensation strategy at least annually to ensure that it promotes stockholder interests, supports our strategic and tactical objectives and provides for appropriate rewards and incentives for our executive officers. The Committee's most recent overall compensation review occurred in April 2007.

Accounting and Tax Implications of Our Compensation Policies

In designing our compensation programs, the Committee considers the financial accounting and tax consequences to Adaptec as well as the tax consequences to our employees. We account for equity compensation paid to our employees under SFAS 123(R), which requires us to estimate and record and expense over the service period of the award. The SFAS 123(R) cost of our equity awards is considered by management as part of our equity grant recommendations to the Committee. Our equity grant practices have been impacted by SFAS 123(R), which we adopted in the first quarter of our 2007 fiscal year. Beginning in calendar 2006, we generally reduced our use of stock options and increased our use of restricted stock awards in order to reduce our SFAS 123(R) expense.

Section 162(m) of the Internal Revenue Code places a limit of \$1 million on the amount of compensation that we may deduct for income tax purposes in any one year with respect to our five most highly compensated executive officers. The \$1 million limit does not apply to compensation that is considered performance-based under applicable tax rules. Our executive stock options are intended to qualify as performance-based, so that compensation attributable to those options is fully tax deductible. Although we currently provide compensation to executives in forms that do not meet the requirements for performance-based compensation, such as base salary, annual incentive pay and restricted stock, we have no individuals with non-performance based compensation in excess of the Section 162(m) tax deduction limit.

We also consider the tax impact to employees in designing our pay programs, particularly our equity pay programs. For example, while employees generally control the timing of taxation with respect to stock options, the timing of taxation of restricted stock is generally not within the employee's control. As a result, as part of our restricted stock grant program, we provide a net issue opportunity to employees to assist them with the tax withholding requirements that apply to restricted stock.

Survey Analysis

We utilize Radford Surveys + Consulting, a business unit of AON Consulting (Radford), for comprehensive compensation data. Radford provides a number of compensation surveys to the technology industry, including Benchmark, Executive, Sales, Benefits and International surveys. The surveys compare practices among other high technology companies and cover base salary, cash incentives, stock equity incentive grants and total cash as a percentage of total direct compensation.

Radford offers quarterly summary of industry trends which allows our human resources department to stay current on total compensation trends. We also purchase a Custom Company Report that matches total compensation from a select group of high technology companies identified by our management with annual revenues of \$200 million to \$500 million.

The companies, which are listed below, were selected based upon their size, industry and executive skill set. Because Adaptec is placing greater emphasis on software and solutions as well as on hardware products, the list consists of a variety of companies. In positions outside of engineering and product management, we seek talent within the broader technology industry.

Applied Micro Circuits
Ariba
Aspect Software
Dolby Laboratories
Dot Hill Systems

Emulex
Extreme Networks
Foundry Networks
Informatica
Iomega

NetIQ

External Advisor

The Committee has the authority to engage the services of outside advisors. In January 2007, the Committee engaged Compensia, Inc. as an independent advisor to assist the Committee in its review of the fiscal 2008 compensation for executive officers and other elements of our executive pay program. Compensia has not previously performed services for us and provides no services to management.

Executive Compensation Program

Components of our Compensation Program

Base Salary

We set base salaries for our executive officers considering the 50th percentile of the survey results for the high technology market. Our human resources management reviews the Radford Total Company Results survey (comprised of data from companies with \$200 million to \$1 billion in annual revenues) which shows executives' total compensation results from approximately 150 high technology companies. They also review the Radford Custom Company Results from the peer companies noted above. Human resources management summarizes and presents its findings to Mr. Sundaresh and the Committee. The external executive compensation consultant also reviews the materials and presents additional information to the Committee. Based on the results of these surveys and the input from the executive compensation consultant, the Committee is able to evaluate if our executive officers are paid competitively. Each of our executive officers receives a rating of Exceptional, Successful or Improvement Required. Mr. Sundaresh rates the performance of his direct staff and the Committee rates the performance of Mr. Sundaresh in consultation with the other non-executive directors. Each executive officer also completes a self assessment of his performance.

For fiscal 2007, the base salary for Mr. Sundaresh was \$450,000, the base salary for Mr. O'Meara was \$325,000, the base salary for Mr. Lowe was \$260,000, the base salary for Mr. Goyal was \$240,000 and the target annual earnings (which includes base salary plus sales commissions) for Mr. Johnson was \$320,000. The salary for each of Messrs. Sundaresh and Lowe was established by the Committee in March 2006 as part of its annual review of the compensation level of our executive officers, with Mr. Sundaresh providing input with respect to the compensation level of Mr. Lowe. Mr. Sundaresh joined Adaptec in May 2005 as our Executive Vice President of Marketing and Product Development at a base salary of \$325,000. He was promoted to be our President in June 2005 and received an increase in base pay to \$375,000, and became our Chief Executive Officer in November 2005 and received an increase in base pay to \$400,000. Mr. Lowe joined Adaptec as our Vice President and General Manager in July 2005 at a base salary of \$250,000. The salary of Mr. O'Meara was determined in connection with his hiring as our Chief Financial Officer in March 2006, and the salary of Mr. Goyal was determined in connection with his hiring as our Vice President, Product Development in May 2006. Adaptec uses the Radford Total Company Results (comprised of data from companies with \$200 million to \$1 billion in annual revenues) to determine a range for appropriate base pay and new hire incentives. Mr. Johnson joined Adaptec in June 1996, held several management positions in our worldwide sales department and was designated as an executive officer by our board of directors in March 2007. Mr. Johnson's salary for fiscal 2006 was not established by the Committee in connection with its review of the compensation level of our executive officers in March 2006 since he was not at the time one of our executive officers, but was instead determined by Mr. Sundaresh.

For fiscal 2008, the Committee determined during its annual review of the compensation level of our executive officers in April 2007 that based on our performance during fiscal 2007 and pay position compared to survey data, Messrs. Sundaresh, O Meara and Lowe would not receive salary increases. Based upon the Committee's review of Mr. Goyal's compensation level against survey data, Mr. Goyal received an increase of his base salary from \$240,000 to \$255,000 effective April 2, 2007. On August 9, 2007, we informed Mr. Johnson that his position would be eliminated, which occurred effective September 7, 2007.

Incentive Program

We utilize the same Radford survey data discussed above to determine cash bonus incentive targets. We target the 50th percentile of the market for similar size revenue companies. We pay cash bonuses to our executive officers pursuant to our Adaptec Incentive Plan (the "AIP"), with individuals eligible to receive payments from the AIP twice per year, following the close of the second and fourth fiscal quarters. The funding of the bonus pool under the AIP for each of the two six-month bonus periods is conditioned upon Adaptec achieving specific financial results and strategic goals that are determined by our Board. The financial results component is based upon Adaptec achieving minimum thresholds for revenue and operating profit before income taxes ("OPBT"), while the strategic goals generally related to matters such as inventory management, growth in the channel market, gross margin and business velocity. Achievement of goals are measured at the beginning of the third fiscal quarter for the first half cash bonuses and at the beginning of the first fiscal quarter of the following fiscal year for the second half cash bonuses, and the Committee then determines if the funding of the AIP bonus pool has been triggered. Management determines each person's AIP payment based upon his pay grade target and his performance. Our executive officers can achieve 0% to 200% of target incentive based upon Adaptec's performance and their individual performance.

For fiscal 2007, the target bonus payment for Mr. Sundaresh was 85% of his base pay, meaning that he could receive a cash incentive bonus from 0% to 170% of his base pay, the target bonus payment for Mr. O Meara was 60% of his base pay, meaning that he could receive a cash incentive bonus from 0% to 120% of his base pay, and the target bonus payment for Mr. Lowe was 50% of base pay, meaning that he could receive a cash incentive bonus from 0% to 100% of his base pay. In addition, achievement of the financial goals accounted for 75% of the funding of the AIP pool, while achievement of the threshold for strategic goals accounted for the remaining 25% of the funding of the AIP pool.

For both six-month bonus periods, Messrs. Sundaresh, O Meara and Lowe received less than their targets based on our performance, resulting in total cash bonus payments to them for fiscal 2007 of \$180,000, \$101,000 and \$67,000, respectively. Mr. Goyal was ineligible for the first six-month AIP due to his hire date; however, he received a cash payment of \$35,000 to recognize his contributions for the first half of the fiscal year. Mr. Goyal received an \$18,300 incentive bonus for the second half of the fiscal year. In addition, Mr. Goyal received a \$50,000 signing bonus upon beginning his employment with Adaptec. Mr. Johnson was on a sales incentive plan and was not eligible to participate in the AIP. Mr. Johnson's incentive portion of his target annual earnings was paid based on revenue achievement and corporate goals.

For fiscal 2008, the Committee kept the target incentive levels for our executive officers at the same percentage of their base salary as they were for fiscal 2007. Mr. Goyal's target is set at 50% of base pay, meaning that he could receive a cash incentive bonus from 0% to 100% of his base pay. In addition, in September 2007, the Committee approved an additional performance incentive bonus for Mr. Sundaresh for up to six-months of his base salary, payable in two installments, the first of which in an amount equal to up to two months of his base salary, subject to his achieving a strategic performance objective, and the second of which in an amount equal to up to four months of his base salary, subject to his achieving two additional strategic performance objectives by the end of fiscal 2008.

Equity-Based Long Term Incentive Compensation

We utilize stock options and restricted stock awards to ensure that our executive officers have a continuing stake in our long-term success and to align their interests with the interests of our stockholders. Beginning in

calendar 2006, we generally reduced our use of stock options and increased our use of restricted stock awards in order to minimize potential dilution. However, we provide our executive officers with a larger percentage of their equity-based awards in the form of stock options rather than restricted stock awards as compared with the allocation of equity-based awards to our other employees. Our philosophy is that options have greater risk associated with them than restricted stock awards and that our executive officers should have a larger portion of their equity incentives at risk. As a result, if our company performs well then the executive officer will be suitably rewarded, but if we under-perform, the executive officer's incentives are impacted negatively. We believe that this compensation philosophy is in-line with other high technology companies' practices.

We review the Radford Survey comparator group (comprised of data from companies with 30 million to 99.9 million shares outstanding), as well as the Radford Custom Company Report (comprised of data from companies with \$200 million to \$499.9 million in annual revenues) and the Radford Total Company Results (comprised of data from companies with \$200 million to \$1 billion in annual revenues) to determine the 50th percentile for equity awards. We evaluate both the percentage of ownership and the net present value of awards to determine a competitive recommended range for each of our executive officers. We also review the executive officer's current holdings of unvested equity and the extent to which those holdings provide adequate retention incentives.

In determining equity grants for our Named Executive Officers for fiscal 2007 (other than with respect to Mr. Goyal who was hired in May 2006), the Committee took into account that due to our current stock price and the limited tenure of each of the Named Executive Officers other than Mr. Johnson, the officers had relatively little to no current holdings. Based on this information, the Committee allocated equity incentives to each of Messrs. Sundaresh, O'Meara, Lowe, and Johnson for fiscal 2007 between the 50th and 75th percentile of the range and with shorter vesting schedules. We granted these executive officers stock option and restricted stock awards in both June and November 2006. Restricted stock awards vest annually over a two-year period and options vest quarterly over a three-year period.

With respect to Mr. Goyal, we granted him options to purchase 135,000 shares of our common stock in connection with his hiring in May 2006. We utilized the Radford Total Company Results (comprised of data from companies with \$200 million to \$1 billion in annual revenues) to determine the appropriate equity compensation level for Mr. Goyal. New hire equity incentive awards continue to have a standard vesting schedule. They vest as to 25% of the underlying shares on the one-year anniversary and quarterly thereafter, and will be fully vested at the end of four years. Mr. Goyal's stock option and restricted stock awards that were granted in November 2006 were determined in the same manner as the awards to Messrs. Sundaresh, O'Meara, Lowe, and Johnson described above. The table on page 24 of this Proxy Statement describes the option grants and restricted stock awards made to the Named Executive Officers.

All grants of options to our executive officers and other employees, as well as to our directors, have been granted with exercise prices equal to or exceeding the fair value of the underlying shares of common stock on the grant date, as determined by our board of directors. All equity-based awards have been reflected in our consolidated financial statements, based upon the applicable accounting guidance. Beginning in calendar 2006, we generally reduced our use of stock options and increased our use of restricted stock awards in order to reduce our SFAS 123(R) expense and manage our dilution.

We do not have any program, plan or practice that requires us to grant equity-based awards to our executive officers on specified dates and we have not made grants of such awards that were timed to precede or follow the release or withholding of material non-public information. Our practice has been to grant equity-based awards at regularly scheduled committee meetings.

Perquisites

Our executive officers are eligible for the same health and welfare programs and benefits as the rest of our employees. In addition, all vice president level and more senior employees, including our executive officers, receive a car allowance valued at \$650 per month, and are eligible for an annual executive physical. In addition, executive officers receive reimbursement for personal financial and tax advice up to \$2,500 per year.

reimbursement for health club initiation fees of up to \$300 plus 50% of the club's monthly dues, up to \$55.00 per month, and survivor benefit management services up to a maximum cost of \$3,000.

Employment Contracts

We have entered into employment agreements with each of our executive officers which provide that if such officer is terminated other than for cause (which includes violation of material duties, refusal to perform his duties in good faith, breach of his/her employment agreement or employee proprietary information agreement, poor performance of duties, arrest for a felony or certain other crimes, substance abuse, violation of law or Adaptec policy, prolonged absence from duties or death), he is entitled to receive (1) his unpaid salary and unused vacation benefits he has accrued prior to the date of his termination; (2) a one-time payment equal to 12 months of base salary for Messrs. Sundaresh and O Meara, and nine months of base salary for Messrs. Lowe, Goyal and Johnson, plus an additional week of base salary for each year of service beyond three years of service; (3) outplacement services in an amount not to exceed \$10,000; and (4) coverage for the executive officer and his dependents under our health, vision and dental insurance plans pursuant to COBRA for a 12-month period for Messrs. Sundaresh and O Meara, and a nine-month period for Messrs. Lowe, Goyal, and Johnson, following the termination of employment. As a result of the termination of his employment with Adaptec in September 2007, Adaptec provided Mr. Johnson with severance terms that were consistent with the severance arrangements described above.

Change of Control

We believe our change of control practice is generally in line with other companies that have such change of control arrangements, except for the single-trigger vesting acceleration for equity described below. The changes of control arrangements of our Named Executive Officers, as set forth in their employment agreements, are as follows:

If within one year of a change of control (1) as to Mr. Sundaresh he is no longer the chief executive officer reporting to our Board or as to Mr. O Meara, he is no longer the chief financial officer reporting to the chief executive officer, (2) there is a material reduction in his duties or responsibilities from those in effect prior to the change of control, (3) there is a material reduction of the annual base and target incentive compensation specified in his employment agreement to which he does not consent, (4) there is a failure of Adaptec's successor after a change of control to assume his employment agreement, (5) his employment is terminated without cause by Adaptec's successor, (6) there is a substantial change in his position or responsibility or (7) his position relocates to more than 25 additional commute miles (one way) and he elects to be terminated, then he will receive, upon signing a separation agreement and general release: (a) a one-time payment equal to his then-current annual base pay (one and one-half times annual pay in the case of Mr. Sundaresh), (b) his then-current targeted bonus payout, (c) COBRA benefits for one year, (d) outplacement services not to exceed \$10,000, and (e) accelerated vesting of his stock options and restricted stock awards. In addition, Adaptec or its successor will cover all legal expenses incurred by each Named Executive Officer to enforce his employment agreement following a change of control.

Under our 1990 Stock Plan, 1999 Stock Plan and 2004 Equity Incentive Plan, in the event of a Change in Control (referred to as a single trigger), any Options, Rights or Awards (as such capitalized terms are defined in the applicable plan) outstanding upon the date of such Change in Control will have their vesting accelerated as of the date of such Change in Control as to an additional 25% of the shares subject to such Options, Rights or Awards (as the case may be). If within 12 months following a Change in Control, an employee is terminated by the successor employer for any reason, such employee's Options, Rights or Awards (as the case may be) outstanding upon such Change in Control that are not yet exercisable and vested on such date shall become 100% vested and exercisable.

We believe these change of control arrangements, the value of which are contingent on the value obtained in a change of control transaction, effectively create incentives for our executive team to build stockholder value and to obtain the highest value possible should we be acquired in the future, despite the risk of losing employment and potentially not having the opportunity to otherwise vest in equity awards which comprise a

significant component of each executive's compensation. These arrangements are intended to attract and retain qualified executives that could have other job alternatives that may appear to them to be less risky absent these arrangements, particularly given the significant level of acquisition activity in the technology sector. Except for a portion of the grants to our executive officers, as described above, our change of control arrangements for our executive officers are double trigger, meaning that acceleration of vesting is not awarded upon a change of control unless the executive's employment is terminated involuntarily (other than for cause) within 12 months following the transaction. We believe this structure strikes a balance between the incentives and the executive hiring and retention effects described above, without providing these benefits to executives who continue to enjoy employment with an acquiring company in the event of a change of control transaction. We also believe this structure is more attractive to potential acquiring companies, who may place significant value on retaining members of our executive team and who may perceive this goal to be undermined if executives receive significant acceleration payments in connection with such a transaction and are no longer required to continue employment to earn the remainder of their equity awards.

Incentive Performance Agreement with Chief Executive Officer; Retention Bonus Agreements with Certain Named Executive Officers

In August 2007, we entered into an incentive performance agreement with Mr. Sundaresh. This agreement provides that, subject to the successful completion of a performance goal by September 30, 2007, which performance goal was met, Mr. Sundaresh will be paid up to two months of his current base salary (subject to applicable withholdings) on November 23, 2007 if he is still employed by Adaptec on that date. In addition, upon the successful completion of two additional performance goals by March 31, 2008, Mr. Sundaresh will be paid up to four months of his current base salary (subject to applicable withholdings) on April 10, 2008 if he is still employed by Adaptec on that date. This incentive bonus is in addition to, and not in lieu of, any payment that Mr. Sundaresh is eligible to receive under the AIP or any severance benefits he is entitled to receive under his employment agreement. If Mr. Sundaresh is involuntarily terminated (1) on or within nine months following a Change in Control, as such term is defined in our 2004 Equity Incentive Plan, or (2) other than for cause, then Mr. Sundaresh will be entitled to receive both incentive bonus payments without regard to the achievement of the performance goals.

In August 2007, we also entered into retention agreements with each of our Named Executive Officers, other than Mr. Johnson and Mr. Sundaresh. The retention agreements provide that, subject to continued satisfactory performance of his duties, the executive officer will receive a retention bonus equal to six months of his base salary, with two months of the bonus to be paid on November 23, 2007 and the remaining four months of the bonus to be paid on February 29, 2008. This retention bonus is in addition to, and not in lieu of, any payment the Named Executive Officer is eligible to receive under the AIP or any severance benefits he is entitled to receive under his employment agreement. If any of the Named Executive Officers are involuntarily terminated due to (1) a Change in Control or (2) a reduction in force, then the executive officer will be entitled to receive both retention bonus payments, payable immediately upon such termination of employment. If the Named Executive Officer terminates his employment voluntarily or is terminated for cause prior to the date of one of the retention bonus payment dates, he will not be entitled to receive such payment.

For purposes of these agreements, the term "cause" is defined to mean (1) a deliberate or serious breach of the executive officer's material duties as assigned by Adaptec; (2) refusal or unwillingness to perform such duties; or (3) arrest or conviction of a felony, a serious violation of the law, or other crime involving moral turpitude, fraud, misappropriation of funds, habitual insobriety or illegal drug use.

We have agreed to require any successor or assignee in connection with any sale, transfer or other disposition of all or substantially all of our assets or business expressly to assume and agree to perform our obligations under these agreements in the same manner and to the same extent that we would be required to perform if no such succession or assignment had taken place. We have also agreed to cover all of Mr. Sundaresh's and the Named Executive Officers' legal expenses incurred by them to enforce their respective agreements following a Change of Control.

Deferred Compensation Plan

The Adaptec Deferred Compensation Plan and the 2005 Deferred Compensation Plan are maintained but no future contributions will be made to such plans.

Other Members of the Executive Leadership Team

Other executive officers who are direct reports of Mr. Sundaresh but are not Named Executive Officers are treated in a manner similar to the listed Named Executive Officers in relation to the total compensation factors.

Payments upon Termination or Change in Control

The following table describes the potential payments and benefits upon termination of our Named Executive Officers' employment before or after a change in control of Adaptec, as if each officer's employment terminated as of March 31, 2007. For purposes of valuing the severance and vacation payout payments in the table below, we used each officer's base salary rate in effect on March 31, 2007, and the number of accrued but unused vacation days on March 31, 2007.

The value of the vesting acceleration for stock options and awards shown in the table below was calculated based on the assumption that the change in control, if applicable, occurred and the officer's employment terminated on March 31, 2007, and that the fair market value per share of our common stock on that date was \$3.870, which was the closing trading price of our common stock on March 30, 2007, the last trading day in our fiscal 2007. The value of the equity acceleration was calculated by multiplying the number of unvested shares subject to acceleration by the difference between \$3.870 and the exercise price per share of the accelerated option. The value of the equity acceleration was calculated by multiplying the number of unvested shares by \$3.870. The severance and equity acceleration amounts listed for Mr. Goyal and Mr. Johnson assume that the terms of the May 1, 2007 executive employment agreements with us were applicable as of March 31, 2007. The bonus acceleration amounts listed for each Named Executive Officer, except Subramanian Sundaresh, assume that the terms of the August 14, 2007 retention bonus agreements with us were applicable as of March 31, 2007. The bonus acceleration amounts listed for Subramanian Sundaresh assumes that the terms of the September 4, 2007 incentive bonus agreements with us were applicable as of March 31, 2007.

DIRECTOR COMPENSATION

Overview

Our one director who is a company employee Mr. Sundaresh receives no additional or special compensation for serving as a director. Our non-employee directors receive a combination of cash and equity compensation for serving on our Board. In addition, we reimburse non-employee directors for out-of-pocket expenses incurred in connection with attending Board and committee meetings.

Cash Compensation

In May 2006, our Compensation Committee amended our non-employee directors' cash compensation program, effective June 1, 2006. The amendments provided for the following changes to the fiscal 2006 program: (1) an increase in the annual cash retainer from \$3,000 to \$6,500 per fiscal quarter, (2) a reduction in the per-meeting retainer from \$4,000 to \$3,000 for each Board meeting attended (either in person or by telephone); however, the Chairperson of the Board may designate a given meeting as a \$2,000-reduced-fee meeting and (3) the addition of a per-meeting retainer of \$1,200 for each Board committee meeting attended that the Chairperson of the committee designates a formal meeting. These amounts are paid quarterly.

Equity Compensation

Pursuant to our 2000 Director Option Plan (which was terminated when stockholders approved our 2006 Director Plan in September 2006), non-employee directors were automatically granted an option to purchase 32,500 shares of our common stock. These stock options vest with respect to 25% of the shares subject to the options on the first anniversary of the grant date, and then with respect to 6.25% of the shares subject to the options for each full quarter thereafter, so long as such person remains a director, such that the options will be fully vested on the fourth anniversary of the date of grant. Our 2006 Director Plan is a discretionary plan and does not provide for automatic awards to our non-employee directors. Instead, our Board of Directors approves equity awards under that plan. We anticipate that we will grant under the Director Plan to each new non-employee director upon his or her joining our Board, including Messrs. Howard, Mutch and Quicke, stock options to purchase 32,500 shares of our common stock and a restricted stock grant of 16,250 shares of our common stock, each of which grant will vest with respect to 33 1/3% of the underlying shares on the first anniversary of the grant date and 8 1/3% quarterly thereafter. We anticipate that the Board of Directors will generally award shares of restricted common stock, which will vest as described in the preceding sentence, to our non-employee directors during fiscal 2008.

Director Compensation Table

The following table provides information with respect to all compensation awarded to, earned by or paid to each person who served as a director (except for Mr. Sundaresh, our Chief Executive Officer, who receives no additional compensation for his service on our Board) for some portion or all of fiscal 2007. Other than as set forth in the table and the narrative that follows it, to date we have not paid any fees to or reimbursed any expenses of our directors, made any equity or non-equity awards to directors, or paid any other compensation to directors.

REPORT OF THE AUDIT COMMITTEE

The following is the Report of the Audit Committee with respect to our audited financial statements for our fiscal year ended March 31, 2007.

The Audit Committee's purpose is, among other things, to assist our Board of Directors in its oversight of its financial accounting, reporting and controls. Our Board of Directors has determined that each member of the Audit Committee meets the independence criteria prescribed by applicable law and the rules of the SEC for audit committee membership and each is an independent director within the meaning of the listing standards of The NASDAQ Global Market. The Audit Committee operates under a written charter, which was formally adopted by the Board of Directors in June 2000 and most recently updated in March 2004.

Our management is responsible for the preparation, presentation and integrity of our financial statements, including setting the accounting and financial reporting principles and designing our system of internal control over financial reporting. Our independent registered public accounting firm, PricewaterhouseCoopers LLP (PwC), is responsible for performing an independent audit of our consolidated financial statements and for expressing opinions on the conformity of our audited financial statements to generally accepted accounting principles, on management's assessment of the effectiveness of internal control over financial reporting and on the effectiveness of our internal control over financial reporting based on their audit. The Audit Committee oversees these processes, although members of the Audit Committee are not engaged in the practice of auditing or accounting, and their functions are not intended to duplicate or to certify the activities of management or PwC.

The Audit Committee has reviewed and discussed our audited consolidated financial statements with management and PwC. The Audit Committee met with PwC, with and without management present, to discuss the results of its examinations, its evaluation of our internal control over financial reporting and the overall quality of our financial reporting.

The Audit Committee also has discussed with PwC the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. The Audit Committee has received the written disclosures and the letter from PwC required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. The Audit Committee also has discussed with PwC that firm's independence. Based on the review and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to in this report and its charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for our fiscal year ended March 31, 2007.

The preceding report is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any of our filings under the Securities Act of 1933, or the Exchange Act, whether made before or after the date of this Proxy Statement and irrespective of any general incorporation language in any of our filings.

TRANSACTIONS WITH RELATED PERSONS

Related Party Transactions Policy and Procedures

Any related party transactions, excluding compensation (whether cash, equity or otherwise), which is delegated to the Compensation Committee, involving one of our directors or executive officers, must be reviewed and approved by the Audit Committee or another independent body of the Board of Directors. Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote on the approval or ratification of the transaction. However, such a director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction. Related parties include any of our directors or executive officers, certain of our stockholders and their immediate family members. To identify any related party transactions, each year, we submit and require our directors and officers to complete director and officer questionnaires identifying any transactions with us in which the executive officer or director or their family members has an interest. In addition, the Nominating and Governance Committee of our Board of Directors determines, on an annual basis, which members of our Board of Directors meet the definition of independent director as defined in the rules of The NASDAQ Stock Market and reviews and discusses any relationships with a director that would potentially interfere with his or her exercise of independent judgment in carrying out the responsibilities of a director.

Certain Related Party Transactions

Settlement Agreement with Steel Partners

On October 26, 2007, we entered into a Settlement Agreement with Steel Partners to end the election contest that was to occur at the Annual Meeting. Steel Partners is our largest stockholder, beneficially owning approximately 14.9% of our common stock on October 26, 2007. John J. Quicke, a director nominee, is an Operating Partner of Steel Partners, Ltd., a management advisory company that provides management advisory services to Steel Partners II, L.P. and its affiliates. Jack L. Howard, a director nominee, is Vice Chairman of Steel Partners, Ltd. For more information, see *Information Regarding Settlement with Steel Partners* beginning on page 3 of this Proxy Statement.

Indemnification Arrangements

Our certificate of incorporation and bylaws contain provisions that limit the liability of our directors and provide for indemnification of our officers and directors to the full extent permitted under Delaware law. Under our certificate of incorporation, and as permitted under the Delaware General Corporation Law, directors are not liable to us or our stockholders for monetary damages arising from a breach of their fiduciary duty of care as directors, including such conduct during a merger or tender offer. In addition, we have entered into separate indemnification agreements with our directors and officers that could require us to, among other things, indemnify them against certain liabilities that may arise by reason of their status or service as directors or officers. Such provisions do not, however, affect liability for any breach of a director's duty of loyalty to us or our stockholders, liability for acts or omissions not in good faith or involving intentional misconduct or knowing violations of law, liability for transactions in which the director derived an improper personal benefit or liability for the payment of a dividend in violation of Delaware law. Such limitation of liability also does not limit a director's liability for violation of, or otherwise relieve us or our directors from the necessity of complying with, federal or state securities laws or affect the availability of equitable remedies such as injunctive relief or rescission.

Other than as set forth in the preceding paragraphs and the compensation arrangements set forth under the caption *Executive Compensation*, since April 1, 2006 there has not been, nor is there currently proposed, any transaction in which we were or will be a participant and in which the amount involved exceeded \$120,000 and in which any executive officer, director, 5% beneficial owner of our common stock or member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

DEADLINE FOR SUBMISSION OF STOCKHOLDER PROPOSALS

FOR 2008 ANNUAL MEETING OF STOCKHOLDERS

Stockholders are entitled to present proposals for consideration at forthcoming stockholder meetings provided that they comply with the proxy rules promulgated by the SEC and our bylaws. Stockholders wishing to present a proposal at our 2008 Annual Meeting of Stockholders must submit such proposal to us by July 22, 2008 if they wish for it to be eligible for inclusion in the proxy statement and form of proxy relating to that meeting. In addition, under our bylaws, a stockholder wishing to nominate a person to our Board of Directors at the 2008 Annual Meeting of Stockholders (but not include such nomination in the proxy statement) or wishing to make a proposal with respect to any other matter (but not include such proposal in the proxy statement) at the 2008 Annual Meeting of Stockholders, must submit the required information to us between August 29, 2008 and September 28, 2008.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities Exchange Act requires our directors and officers, and persons who own more than 10% of a registered class of our equity securities, to file initial reports of ownership and reports of changes in ownership with the SEC. SEC regulations also require these persons to furnish us with a copy of all Section 16(a) forms they file. Based solely on our review of the copies of the forms furnished to us and written representations from our executive officers and directors, we believe that all Section 16(a) filing requirements were met during fiscal 2007.

OTHER BUSINESS

The Board of Directors knows of no other business that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote the shares they represent as the Board of Directors may recommend.

Whether or not you plan to attend the Annual Meeting, please cast your vote online, via telephone, or complete, date, sign and promptly return the enclosed proxy card or voting instruction card in the enclosed postage-paid envelope before the Annual Meeting so that your shares will be represented at the Annual Meeting.

3. To transact such other business as may properly come before the meeting or any adjournment thereof.

(This proxy should be marked, dated and signed by each stockholder exactly as such stockholder's name appears hereon, and returned promptly in the enclosed envelope. Persons signing in a fiduciary capacity should so indicate. A corporation is requested to sign its name by its President or other authorized officer, with the office held designated. If shares are held by joint tenants or as community property, both holders should sign.)

TO ENSURE YOUR REPRESENTATION AT THE 2007 ANNUAL MEETING OF STOCKHOLDERS, PLEASE MARK, SIGN AND DATE THIS PROXY AND RETURN IT AS PROMPTLY AS POSSIBLE.
