ITEM 11. *Executive Compensation*

COMPENSATION DISCUSSION AND ANALYSIS

INTRODUCTION

This Compensation Discussion and Analysis provides information regarding the following:

The objectives of our executive compensation program, including the behaviors and results it is designed to encourage and reward;

The roles and responsibilities of management and the Compensation Committee in the governance of our executive compensation program;

The elements of our executive compensation program and its purposes; and

The Compensation decisions with respect to our fiscal year ended September 30, 2007.

Objectives of the Executive Compensation Programs

The objective of our executive compensation program is to align the compensation paid to our Executive Officers with shareholder and customer interests (on both a short-term and long-term basis); attract, retain and motivate highly qualified executive talent; and provide appropriate rewards for achievement of business objectives and growth in shareholder value. For purposes of this disclosure, the term Executive Officers refers to the five executives who are named in the Company's Summary Compensation Table. (See Item 11. Executive Compensation).

It is the Company's objective that the compensation of the Executive Officers be directly related to the achievement of our planned goals, and the enhancement of corporate and shareholder value. The Compensation Committee recognizes that the industry sector in which we operate is both highly competitive and is challenged by significant legal and regulatory uncertainty. In addition, the technology-related experience and skills of our Executive Officers have applications to many other industry sectors besides our own. As a result, there is substantial demand for qualified, experienced executive personnel of the type we need to achieve our objectives. The Compensation Committee considers it crucial that the Company be assured of retaining and rewarding our top caliber executives, who are essential to the attainment of our ambitious long-term goals.

For these reasons, the Compensation Committee believes the Company's executive compensation arrangements must remain competitive with those offered by other companies of similar size, scope, performance levels and complexity of operations.

Determining Executive Compensation

Edgar Filing: MULTIMEDIA GAMES INC - Form 10-K/A

Our management and the Compensation Committee strive to maintain an executive compensation program that is structured to provide the Executive Officers with a total compensation package that, at expected levels of performance, is competitive with those provided to other executives holding comparable positions or having similar qualifications in other similarly situated organizations in our industry and the general market. Both management and the Compensation Committee are involved in the development, review and evaluation of our executive compensation programs. The Compensation Committee has sole responsibility for the approval of such programs. The roles and responsibilities are described below.

Management. Our management sets the strategic direction for the Company and strives to design and maintain compensation programs that motivate behaviors among the Executive Officers that are consistent with the Company's strategic goals and objectives. Each year, the Chief Executive Officer, with assistance from the Vice President of Human Resources, and other members of management, as appropriate, conducts a review process covering each of the Executive Officers reporting to the Chief Executive Officer. This annual review process focuses on an evaluation of overall Company performance and the performance of each such Executive Officer, including an evaluation of compensation levels delivered through each element of compensation (as described below), competitive practices and trends, and specific compensation issues as they arise. Based on the outcomes of this review process, the Chief Executive Officer makes recommendations to the Compensation Committee regarding the compensation of each of the Executive Officers reporting directly to him. This recommendation typically provides information regarding adjustments, if any, to base salaries, annual incentive bonus award payments, and equity-based incentive awards.

Compensation Committee. The Company's Board of Directors established the Compensation Committee in 1996 at the time of our initial public offering. The Committee operates pursuant to a charter, which is available on the Company's website at www.multimediamgames.com. As stated in the charter, the purpose of the Compensation Committee is to discharge the Board's responsibilities relating to compensation and benefits of the Company's Executive Officers and directors. The current members are Messrs. Winkelman and Pearlman who are each independent directors, as required by Nasdaq Marketplace Rules. The Company is conducting a search for a new additional director who will serve on the Committee, in compliance with the Committee's charter which requires that the Committee be comprised of at least three directors. The Compensation Committee convened two times during fiscal year 2007 to discuss Company compensation programs and issues.

The Compensation Committee has overall responsibility for the approval of executive and director compensation programs that are appropriate, consistent with our compensation philosophy, and support our business goals and objectives. Specifically, the Committee has authority and responsibility for the review, evaluation and approval of the compensation structure and levels for all of the Executive Officers. The Committee also approves all employment, severance, or change-in-control agreements, and special or supplemental benefits or provisions applicable to the Executive Officers. The Committee is also responsible for reviewing and making periodic recommendations to the Board regarding the compensation of directors.

Each year, the Committee reviews the compensation recommendations submitted by the Chief Executive Officer. In general, the Chief Executive Officer's recommendations consider the following:

Performance versus stated individual and Company business goals and objectives;

Internal equity (i.e., considering the pay for similar jobs and jobs at different levels within the Company) and the critical nature of each Executive Officer to the Company's future success;

The need to retain talent; and

The compensation history of each Executive Officer, including the value and number of stock options awarded in prior years. The Compensation Committee believes that input from management provides useful information and perspective to assist the Committee with the determination of its own views on compensation. Although the Compensation Committee receives information and recommendations regarding the design and level of compensation of the Executive Officers from management, the Compensation Committee makes the final decisions as to the plan design and compensation levels for these executives.

In making decisions on each Executive Officer's compensation, the Committee considers the nature and scope of all elements of the executive's total compensation package, the executive's responsibilities, and the competitive posture of their current compensation. The Committee also evaluates each Executive Officer's performance through reviews of objective results (both Company and individual results), reports from the Chief Executive Officer and other senior management regarding the executive's effectiveness in supporting the Company's key strategic, operational and financial goals and, in some cases, personal observation.

With respect to the compensation of the Chief Executive Officer, the Committee is responsible for the periodic review and approval of his total compensation, including annual incentive bonus awards and equity-based incentive compensation. The Committee also develops annual performance goals and objectives, and conducts an evaluation

of the Chief Executive Officer's performance relative to these goals and objectives. The Committee considers and discusses the Chief Executive Officer's compensation in executive session without the Chief Executive Officer present.

The Compensation Committee has the sole authority to obtain advice from consultants, legal counsel, accounting, or other advisors, as appropriate, to perform the Committee's duties and responsibilities. The Committee did not engage a compensation consultant to assist with the evaluation or review of the compensation programs for the Executive Officers for the fiscal year ended September 30, 2007.

Elements of Executive Compensation

Management and the Compensation Committee strive to implement executive compensation programs that are designed to attract and retain individuals who possess the qualities necessary to successfully execute the Company's business strategy, and to support the Company's long-term financial success and drive shareholder value. The key elements of compensation provided to the Executive Officers are as follows:

Element	Objectives and Basis	Form
Base Salary	Provide base compensation that reflects responsibilities, tenure and performance and is competitive for each role.	Cash
Annual Incentive Bonus	Annual incentive to drive Company and individual performance.	Cash
Equity-Based Incentives	Long-term incentives to drive Company performance and align the Executive Officers' interests with shareholders' interests; retain Executive Officers through vesting and potential wealth accumulation.	Stock options
Health and Welfare Benefits	Provide for the health and wellness of our Executive Officers.	Various plans (described below)
Retirement and Savings Plan	Assist employees with retirement savings and capital accumulation on a tax-advantaged basis.	401(k) Plan, with Company matching contributions.
Perquisites	On a very limited basis, support Company business interests.	Club membership
Discretionary Bonuses and Awards	Attract top executive talent from outside the Company; retain Executive Officers through vesting and potential wealth accumulation; and recognize promotions and significant individual contributions to the Company.	Cash and stock options
Severance and Change-in-Control Benefits	Provide financial security to Executive Officers and protect Company interests in the event of the termination of employment; attract and retain top executive talent.	Cash severance and acceleration of vesting of nonvested outstanding stock options

Cash Compensation

The Company believes that annual cash compensation should be paid commensurate with attained performance. Accordingly, our cash compensation consists of fixed base compensation, paid in the form of an annual base salary, and an annual incentive bonus program that is designed to motivate and serve as a reward for the Company's overall performance. The Compensation Committee supports management's compensation philosophy of moderate fixed compensation with the potential for significant bonuses for achieving performance-related goals. Base salary and bonus award decisions are made as part of the Company's structured annual review process.

Base Salary. Base salaries are paid to the Executive Officers to provide an appropriate fixed component of compensation. The base salary paid to each Executive Officer generally reflects the officer's responsibilities, tenure, individual job performance, measurable contribution to our success, special circumstances, and pay levels of similar positions with comparable companies in the industry. Management and the Compensation Committee review the base salary of each Executive Officer, including the Chief Executive Officer, on an annual basis. When reviewing each Executive Officer's base salary, the Compensation Committee considers the level of responsibility and complexity of the Executive Officer's job, whether individual performance in the prior year was particularly strong or weak, how the Executive Officer's salary compares to the salaries of other Company executives, and salaries paid for the same or similar positions. In addition to these annual reviews, management and the Committee may, at any time, review the salary of an Executive Officer who has received a significant promotion, whose responsibilities have been increased significantly, or who is the object of competitive recruitment. Any adjustments are based on increases in the cost of living, job performance of the Executive Officer over time, and the expansion of duties and responsibilities, if any. No pre-determined weight or emphasis is placed on any one of these factors.

During November 2006, the Committee approved annual merit increases to the base salaries of four of the Executive Officers. The average increase was approximately 5.1%. Prior to the adjustments, these Executive Officers last received salary increases in July 2005. In addition, Mr. Cieslewicz received an increase in his salary effective April 2007 in connection with his appointment as the Company's Chief Financial Officer.

Our Chief Executive Officer, Mr. Lind, did not receive a salary increase during fiscal year 2007. His most recent salary increase was made in February 2004.

The following table summarizes the base salaries for each of the Executive Officers:

Name	Annual Base Salary Effective 10/01/2006	Merit Increase Effective 11/19/2006	Other Adjustments ⁽¹⁾	Annual Base Salary Effective 09/30/2007
Mr. Lind	\$ 450,000	None	None	\$ 450,000
Mr. Cieslewicz	135,000	\$7,500 (+5.6%)	\$ 70,000	212,500
Mr. Loebig	185,000	9,250 (+5.0%)	None	194,250
Mr. O'Connor	185,000	9,250 (+5.0%)	None	194,250
Mr. Chalmers	180,000	9,000 (+5.0%)	None	189,000

(1) Adjustment upon promotion to Chief Financial Officer effective April 6, 2007.

Annual Incentive Bonus. The Company's annual incentive bonus program is intended to motivate the Executive Officers to achieve superior Company financial performance, recognize and reward the Executive Officers for their contributions when superior annual performance is achieved, and provide compensation opportunities which are aligned with competitive practices. The program is designed so that the annual incentive bonus can potentially be the largest component of cash compensation only if the executive and the Company are able to meet or exceed performance-related goals that, if attained, are expected to result in an increase in overall company and shareholder value.

Under our annual incentive bonus program, the Executive Officers do not have pre-set performance goals or annual bonus targets, expressed as a percentage of base salary. Rather, an annual incentive bonus pool is funded as a percentage of the Company reported pre-tax income, which is the sole corporate measure of performance for the funding of the incentive bonus pool. The bonus pool funding percentage is developed and approved by the Board of Directors periodically, based on the Company's expected performance and an assessment of appropriate awards the annual incentive bonus pool might generate given different performance levels. For the fiscal year ended September 30, 2007, the annual incentive bonus pool funding percentage was set at 4.6% of the Company's pre-tax income. The Company realized a net pre-tax loss for the fiscal year and, as a consequence, the annual incentive bonus pool was not funded for fiscal 2007 and no annual incentive awards were paid to the Executive Officers for the fiscal year.

If the Company's performance results in the funding of the annual incentive bonus pool, then the Chief Executive Officer recommends to the Compensation Committee a bonus award amount for each of the other Executive Officers. The Chief Executive Officer's recommendations are based on his assessment of each such Executive Officer's contribution to the execution of the Company's business plans. The Compensation Committee considers the Chief Executive Officer's recommendations, and may make changes to the recommended award amounts. The Chief Executive Officer's bonus award is determined solely by the Compensation Committee based on its evaluation of his performance. Bonus award payments are typically made in the first quarter of the fiscal year following the year in which they were earned.

Due to the dynamic nature of the Company's industry, which is driven by economic and regulatory conditions, and customer preferences, we believe that discretion in the determination of bonus award amounts is appropriate and optimizes the overall value of the bonus program. This approach facilitates teamwork and collaboration among the Executive Officers, and allows them to not be limited to pre-established goals should operating conditions change during the year.

In April 2007, the Compensation Committee approved quarterly cash bonus awards in the amount of \$17,500 to Mr. Cieslewicz in connection with his appointment as the Company's Chief Financial Officer. The intent of the bonus awards was to recognize his efforts as Interim Chief Financial Officer since May 2006. The bonus was discretionary, and not made under the annual incentive bonus program. The amount of the bonus was based on a recommendation by the Chief Executive Officer and approved by the Compensation Committee. During fiscal 2007, three such quarterly bonus payments were made to Mr. Cieslewicz, totaling \$52,500. These awards are reflected in the Bonus column in the Company's Summary Compensation Table (See Item 11. Executive Compensation).

Equity-Based Incentives

We provide the Executive Officers with long-term compensation in the form of equity-based incentives, which are intended to align the interests of the Executive Officers with the interest of the Company's shareholders by supporting the creation of long-term value for the organization, facilitate significant long-term retention, and be consistent with competitive market practices. Equity-based compensation represents a significant portion of each Executive Officer's total compensation, and the primary equity-based incentive vehicle we have used has been stock options. Nonqualified and incentive stock options have been granted to the Company's Executive Officers and other employees. The Company expects to continue to issue stock options to new employees as they are hired, as well as to current employees as incentives from time to time. Our rationale for granting stock options is as follows:

We believe that stock options are highly effective at aligning the long-term interests of our Executive Officers with the interests of our shareholders;

The grant of stock options to Executive Officers has been an essential ingredient to enabling us to achieve our growth and attain our business objectives; and

We regularly face significant legal, regulatory and competitive challenges to our business that require extraordinary commitments of time and expertise by the Executive Officers, who have met these challenges and made these extraordinary commitments, largely because of the reward and incentive provided by the historical and prospective grant of stock options.

The Compensation Committee periodically reviews the need to make grants of stock options to the Executive Officers, typically based on recommendations from management. When approving the grant of stock options, the Compensation Committee considers the number and terms of options previously granted, industry practices, the Executive Officer's level of responsibility, and assumed potential stock value in the future.

Stock options are awarded under the Company's stock plans—the 1996 Stock Incentive Plan, the 2000, 2001, 2002, 2003 Stock Option Plans, and an Ad Hoc Stock Option Plan. Individual grants of options are documented by stock option agreements which contain the specific terms and provisions pertaining to each grant, including vesting, option term, exercise price, and termination provisions. Options granted to the Executive Officers and other employees generally vest over four years and expire ten years from the date of grant.

The exercise price of stock options granted to Executive Officers is equal to the market value of a share of Company stock on the date of grant. Therefore, our Executive Officers will receive no benefit from the stock options unless the value of a share of common stock exceeds the exercise price.

During the fiscal year ended September 30, 2007, the Compensation Committee approved a grant of 100,000 stock options to Mr. Cieslewicz in connection with his appointment as the Company's Chief Financial Officer. The nature and size of this award to Mr. Cieslewicz was determined in conjunction with the increase to his base salary, and recognizes his key contributions to the Company as well as the need to retain his services on a long-term basis. The award consisted of a combination of 23,628 incentive stock options, or ISOs, and 76,372 nonqualified stock options, or NQSOs. The options will vest and become exercisable over four years. Specifically, 3,304 ISOs and 21,696 NQSOs will vest on each of the first and second anniversaries of the date of grant, and 8,510 ISOs and 16,490 NQSOs will vest on each of the third and fourth anniversaries of the date of grant. The Company typically

grants ISOs to Executive Officers and other employees in order to take advantage of the tax benefits the ISOs afford to the optionee, in accordance with Section 422 of the Internal Revenue Code (and any successor provision of the Code having a similar intent).

Other than the stock option award to Mr. Cieslewicz, none of the other Executive Officers received grants of stock options or any other form of equity-based incentives during the fiscal year ended September 30, 2007.

Our equity-based incentive awards are designed to comply with section 162(m) of the IRS code to allow tax deductibility of the awards.

Benefit Programs and Perquisites

We provide our Executive Officers with benefits that are intended to be a part of a competitive total compensation package and that will permit us to attract and retain highly-qualified executives. These benefits include health and welfare benefits, a retirement and savings plan, and a perquisite limited to the Chief Executive Officer. Each of these benefits is described below.

Health and Welfare Benefits. The Company's benefits program is designed to provide employees (including the Executive Officers) and their families with security and well being, and is an important part of the total compensation package. These benefits are divided into the following major categories:

Health Care Benefits medical, dental and vision insurance coverage;

Life and disability Benefits basic, optional life and accident insurance as well as short and long-term disability coverage;

Flexible Spending Accounts health care and dependent care tax-free accounts; and

Work Life Benefits employee assistance with everyday issues, financial and legal issues, parenting, childcare, education and elder care.

The Executive Officers participate in these benefits programs on the same relative basis as our other employees.

Retirement and Savings. The Company maintains an employee retirement and savings plan pursuant to Section 401(k) of the Internal Revenue Code, or the 401(k) Plan. The purpose of the 401(k) Plan is to permit employees, including the Executive Officers, to accumulate funds for retirement on a tax-advantaged basis. Specifically, the 401(k) Plan permits each eligible employee to contribute on a pre-tax basis a portion of his compensation to the 401(k) Plan (for calendar year 2007, the maximum amount of compensation that may be contributed to the 401(k) Plan was \$15,500). The Company makes a matching contribution to the 401(k) Plan that is equal to 100% of the first 3% of compensation contributed by employees and 50% of the next 2% of compensation contributed by employees to the 401(k) Plan.

The Company does not maintain a tax-qualified defined benefit retirement plan. In addition, the Company does not maintain any non qualified supplemental retirement plans or deferred compensation plans for the Executive Officers.

Perquisites. The Company does not provide perquisites to Executive Officers, except for monthly club membership dues that are paid on Mr. Lind's behalf. This club membership is primarily used for business purposes, including sales and customer entertainment and Board of Directors dinners. The value of this benefit to Mr. Lind is included in the "All Other Compensation" column in the Summary Compensation Table.

Compensation of the Chief Executive Officer

Mr. Lind's base salary was established in 2004 pursuant to his employment agreement (described below) and has not been adjusted since that time. As discussed above, any annual incentive bonus payments to Mr. Lind are subject to i) the overall performance of the Company that results in the funding of the annual incentive bonus pool; and ii) the discretion of the Compensation Committee, based on its assessment of his individual performance and contribution. The Committee periodically reviews the need to make grants of stock options to Mr. Lind. Based on the number of outstanding options held by Mr. Lind, the Committee has not granted additional options to him since September 2003.

EMPLOYMENT ARRANGEMENTS AND CHANGE-IN-CONTROL BENEFITS

Edgar Filing: MULTIMEDIA GAMES INC - Form 10-K/A

The Company has entered into an employment agreement with our Chief Executive Officer, Mr. Lind. Other than Mr. Lind's employment agreement, we do not have employment agreements with any other of our Executive Officers, or any other employee. In addition, the Company has entered into certain stock option agreements with Mr. Lind that contain provisions that are not provided for in the stock option agreements with other Executive Officers or other employees.

Employment Agreement with Clifton E. Lind. On September 9, 2004, we entered into an employment agreement with Mr. Lind, or the Employment Agreement, that sets forth certain terms and conditions relating to Mr. Lind's employment with the Company. The Employment Agreement provides for the continuation of Mr. Lind as the Company's President and Chief Executive Officer. In addition, the Employment Agreement provides that Mr. Lind will receive an annual base salary of \$450,000 and will be eligible to receive incentive compensation on an annual basis as determined by the Compensation Committee, based upon a performance review of Mr. Lind performed by the Compensation Committee (and subject to the funding of the annual incentive bonus pool, based on the Company's performance). The Employment Agreement also specifies that Mr. Lind will be eligible to receive all customary and usual fringe and other benefits generally available to our Executive Officers, in accordance with the terms and conditions of any applicable benefit plans, including group health, life and disability insurance and 401(k) Plan.

In the event that Mr. Lind's employment is terminated without cause or Mr. Lind terminates his employment for good reason (as defined in the Employment Agreement) during the term of the Employment Agreement, subject to Mr. Lind's observance of the surviving terms thereof and Mr. Lind's execution of a full general release, Mr. Lind would be entitled to the following benefits: (i) his base salary for 18 months, in equal monthly installments, following the date of termination, (ii) one year of his projected incentive compensation pro rated for the percentage of the year that has elapsed as of the date of such termination, and (iii) full acceleration of the vesting of any unvested stock options that he holds. In the event that Mr. Lind voluntarily resigns as President and Chief Executive Officer, for any reason, Mr. Lind would be entitled to receive his base salary for 18 months, in equal monthly installments, following the date of termination and one year of his projected incentive compensation.

In recognition for the aforementioned benefits, upon the termination of Mr. Lind's employment for any reason, Mr. Lind would be prohibited from (i) working for, providing assistance to, or investing in (subject to certain exceptions) any business that is competitive with that of the Company for a period of 18 months, (ii) soliciting any of our customers or prospective customers for a period of 12 months, (iii) making disparaging remarks about the Company for a period of 12 months, (iv) soliciting any of our employees for a period of 18 months, and (v) disclosing any of our confidential information. Further, Mr. Lind's right to receive the benefits identified in the preceding paragraph upon a qualifying termination of his employment is subject to his execution of a full general release.

Stock Option Agreements with Clifton E. Lind. In addition to the change-in-control vesting provisions described above, our stock option agreements with Clifton E. Lind provide for full vesting of all nonvested stock options held by Mr. Lind upon his termination for good reason. Good reason, as defined in the agreement, relates to a diminution of Mr. Lind's salary, position or responsibilities. If Mr. Lind's employment is involuntarily terminated without cause or voluntarily terminated other than for good reason, these stock option agreements then provide for the immediate vesting of Mr. Lind's outstanding stock options governed by such agreements to the extent such options would have otherwise vested if Mr. Lind had remained employed with the Company for an additional two years beyond his date of termination.

Change-in-Control Benefits. Generally, the Company does not provide Executive Officers with any special benefits that are triggered solely upon a change-in-control. However, upon a change-in-control, virtually all of the Company's outstanding stock options, including those held by the Executive Officers, become full vested. Change-in-control generally refers to certain corporate transactions involving the Company such as a merger or consolidation, sale of assets, dissolution or the acquisition by any person of at least 51% of our voting stock. The Compensation Committee believes that for senior executives, including the Executive Officers, accelerated vesting of stock options in the event of a change-in-control is generally appropriate because in some change-in-control situations, equity of the target company is cancelled making immediate acceleration necessary in order to preserve the value of the option grants. In addition, the Company relies on long-term incentive awards to provide the Executive Officers with the opportunity to accumulate substantial resources to fund their retirement income, and the Compensation Committee believes that a change-in-control event is an appropriate liquidation point for awards designed for such purpose.

General Severance Plan. In June 2006, the Company established the Multimedia Games, Inc. Severance Plan for Select Employees (Severance Plan). Under this plan, and other than for Mr. Lind as provided for in his Employment Agreement, it is at the discretion of the Plan Administrator, and subject to approval by the Company's Chief Executive Officer, whether an Executive Officer, or any employee, would be entitled to receive any cash severance benefits due to an involuntary termination of employment. However, in no

event may cash severance benefits exceed twice an Executive Officer's annual compensation (generally defined as base salary) for the calendar year preceding the calendar year during which the Executive Officer involuntarily terminated. The Plan Administrator for the Severance Plan is the Company's Senior Vice President of Human Resources.

Under the Severance Plan, there are no commitments for the Company to make severance payments to any employee, including any of the Executive Officers. Any payments made pursuant to the Plan are determined on a case-by-case basis. No payments were made under the Severance Plan to any current or former Executive Officers during the fiscal year ended September 30, 2007.

IMPACT OF ACCOUNTING AND TAX TREATMENT

The Compensation Committee considers the anticipated accounting and tax treatment to the Company and the Executive Officers in its decision-making process. The short-term and long-term incentive plans are currently designed to meet the qualifications of Section 162(m) of the Internal Revenue Code to ensure that compensation paid to Executive Officers is fully tax deductible for the Company. However, the Committee may determine, from time to time, that the payment of compensation that does not meet the qualifications of Section 162(m) of the Internal Revenue Code is necessary to further the best interests of the Company and our shareholders.

POTENTIAL TERMINATION PAYMENTS

This section describes and quantifies potential payments that may be made or benefits that may be provided to each Executive Officer at, following, or in connection with the resignation, severance, retirement, or other termination of the Executive Officer or a change of control of the Company. For this purpose, it is assumed that each of the foregoing events occurred on the last day of the Company's fiscal year ended September 30, 2007. The determination of potential payments and benefits is based on specific factors and assumptions which are further discussed below. Since these factors and assumptions are subject to change, the payments and benefits that may actually be made to an Executive Officer may differ materially from the payments and benefits disclosed in this section.

Executive Compensation), Mr. Lind is also entitled to receive an additional cash severance benefit related to his expected incentive compensation for the year of termination. The values disclosed in the Cash Severance column do not include payments attributable to the incentive compensation plan, given that: a) it is unknown as to whether relevant performance-based milestones have been satisfied by both the Company and the Executive relative to future years in which Mr. Lind's termination could occur; and b) individual awards are subject to the discretion of the Compensation Committee.

Our Code of Business Conduct and Ethics requires our Executive Officers and directors to disclose any conflicts of interest, including any material transaction or relationship involving a potential conflict of interest. Furthermore, Executive Officers are encouraged to avoid any direct or indirect business connections with our competitors, customers, suppliers or business partners. Directors are expected to avoid any action, position or interest that conflicts with our interests, or gives the appearance of a conflict.

Audit-Related Fees. Audit-Related Fees are fees for assurance and related services that are reasonably related to the attendance at our Audit Committee meetings and our Annual Shareholders' Meeting. This category includes fees related to assistance in employee benefit and compensation plan audits, SAS 70 audits and consulting on financial accounting/reporting standards.
