#### CECO ENVIRONMENTAL CORP.

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

#### 1. Basis of reporting for consolidated financial statements and significant accounting policies.

The accompanying unaudited consolidated financial statements of CECO Environmental Corp. and subsidiaries (the Company, we, us, or our) have been prepared in accordance with accounting principles generally accepted in the United States of America. In the opinion of management, the accompanying unaudited consolidated financial statements of the Company contain all adjustments (consisting only of normal recurring accruals) necessary to present fairly the financial position as of June 30, 2008 and December 31, 2007 and the results of operations for the three-month and six-month periods ended June 30, 2008 and 2007 and of cash flows for the six-month periods ended June 30, 2008 and 2007. The results of operations for the three-month period and six-month period ended June 30, 2008 are not necessarily indicative of the results to be expected for the full year. The balance sheet as of December 31, 2007 has been derived from the audited consolidated financial statements included in the Company s Annual Report on Form 10-K for the year ended December 31, 2007.

These financial statements and accompanying notes should be read in conjunction with the audited financial statements and the notes thereto included in the Company s Annual Report on Form 10-K filed for the fiscal year ended December 31, 2007 with the Securities and Exchange Commission

#### 2. New Accounting Pronouncements

Effective January 1, 2008, the Company adopted Financial Accounting Standards Board (FASB) Statement No. 157, Fair Value Measurements (SFAS 157). SFAS 157 applies to most current accounting pronouncements that require or permit fair value measurements. SFAS 157 provides a framework for measuring fair value and requires expanded disclosures about fair value methods and inputs by establishing a hierarchy for ranking the quality and reliability of the information used by management to measure and report amounts at fair value.

The Company has only partially applied the provisions of SFAS 157 as management has elected the deferral provisions of FASB Staff Position (FSP) SFAS 157-2 as it applies to nonfinancial assets and liabilities that are recognized or disclosed at fair value in the financial statements on a nonrecurring basis. The major categories of assets and liabilities that are recognized or disclosed at fair value on a nonrecurring basis include certain amounts of property and equipment and goodwill reported at fair value as a result of impairment testing, and certain other assets, liabilities and equity instruments recognized as a result of prior business combinations.

The Company does not have any financial instruments that required a cumulative-effect adjustment to beginning accumulated earnings upon adoption. There was no material impact to the Company s consolidated financial position, results of operations, or cash flows as a result of the adoption of SFAS 157.

Financial instruments and fair value measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company uses various methods including market, income and cost approaches. Based on these approaches, the Company utilizes certain assumptions that market participants would use in pricing assets and liabilities, including assumptions about risk. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Company attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the inputs used in the valuation techniques,

6

#### CECO ENVIRONMENTAL CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

(unaudited)

the Company classifies the inputs under a fair value hierarchy that ranks the inputs based on their quality and reliability. Financial instruments carried at fair value will be classified and disclosed in one of the following three categories:
