PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

Our Board of Directors is requesting that you permit your common stock to be represented at the Annual Meeting of Stockholders of Extreme Networks, to be held on Thursday, December 4, 2008 (the ***2008 Annual Meeting***), or any postponement or adjournment thereof, by the proxies named on the enclosed proxy card for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully. Voting materials, which include the Proxy Statement, the 2008 Annual Report on Form 10-K for the fiscal year ended June 29, 2008 and the accompanying proxy card, will be first mailed on or about October 29, 2008 to all stockholders entitled to vote at the annual meeting, and, on or about the same date, electronic versions of these documents will be sent via email to stockholders who have registered for electronic delivery.

In this Proxy Statement, Extreme Networks may also be referred to as we, our, us or the Company.

Who May Vote

You may vote your shares of Extreme Networks common stock if our records show that you owned your shares on October 17, 2008. At the close of business on that date, 88,286,162 shares of Extreme Networks common stock were outstanding and eligible to vote. You are entitled to one vote for each share you hold.

Voting Your Proxy

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

All valid proxies received before the meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted in favor of the proposal.

To assure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the annual meeting in person. Instructions for voting by telephone, by using the Internet or by mail are on your proxy card. When you vote via the Internet or by phone, your vote is recorded immediately. We encourage our stockholders to vote using these methods whenever possible. If you attend the annual meeting, you may also submit your vote in person, and any previous votes that you submitted, whether by Internet, phone or mail, will be superseded by the vote that you cast at the annual meeting. A stockholder who has given a proxy may revoke it at any time before it is exercised by (i) filing with the Investor Relations department of Extreme Networks a written revocation or a duly executed proxy bearing a later date, or (ii) by voting in person at the annual meeting.

For those stockholders who are voting by Internet and received notification by mail, follow these steps:

1. Log on to *www.proxyvote.com*. To access an electronic ballot, enter the twelve-digit number contained in the proxy card or voting instruction form accompanying the Proxy Statement.
2. Complete the electronic ballot and submit your voting instructions.
3. Provide your email address if you want confirmation of your voting instructions.

Or, for those stockholders who are voting by Internet and received notification by email, follow these steps:

1. Log on to *www.proxyvote.com*. To access an electronic ballot, enter the twelve-digit number contained in your email message and the personal identification number (PIN) you used when you enrolled for electronic delivery.

Table of Contents

2. The ballot displayed contains Internet links to the applicable materials; read them carefully.
3. Complete the electronic ballot and submit your voting instructions.

For those stockholders who are voting by telephone, follow these steps:

1. Dial 1-800-690-6903 using a touch-tone telephone.
2. You will be prompted to enter the twelve-digit number contained in the proxy card or voting instruction form accompanying the Proxy Statement.
3. Follow the instructions the vote voice provides you to submit your voting instructions.

Whether you hold shares in your name or through a broker, bank or other nominee, you may vote without attending the meeting. You may vote by granting a proxy or, for shares held through a broker, bank or other nominee, by submitting voting instructions to that nominee. For shares held through a broker, bank or other nominee, follow the voting instructions set forth above. If you provide specific voting instructions, your shares will be voted as you have instructed. If you hold shares in your name and sign and return a proxy card without giving specific voting instructions, your shares will be voted as recommended by our Board of Directors. All shares represented by valid proxies received before the meeting will be voted.

Votes Needed to Hold the Meeting

The annual meeting will be held if a majority of the Extreme Networks' outstanding shares of common stock entitled to vote, whether present in person or represented by proxy, is represented at the meeting. This is called a quorum. Your shares will be counted for purposes of determining if there is a quorum if you either are present and vote in person at the meeting, or have properly submitted a proxy card or voted by telephone or by using the Internet, even if you wish to abstain from voting on some or all matters introduced at the meeting. Votes for and against, abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary power with respect to that item and has not received instructions from the beneficial owner.

Matters to Be Voted On at the Meeting

The following matters will be presented for your consideration at the annual meeting:

1. A proposal to elect three Class I directors to hold office for a three-year term and until their successors are elected and qualified or until their earlier resignation or removal;
- 2.

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

A proposal to ratify the appointment of Ernst & Young LLP, independent registered public accounting firm, as our independent auditors for the fiscal year ending June 28, 2009; and

3. The transaction of such other business as may properly come before the meeting.

Cost of This Proxy Solicitation

We will pay the costs of the solicitation. We may request banks and brokers and other custodians, nominees and fiduciaries to solicit their customers who own our common stock and will reimburse them for reasonable out-of-pocket expenses. Our employees, directors, officers and others may solicit proxies on our behalf, personally or by telephone, without additional compensation. We are soliciting proxies electronically through the Internet from stockholders who previously registered to receive proxy materials electronically through the Internet.

Attending the Meeting

Stockholders may attend our annual meeting in person. The annual meeting will be held at 2:00 p.m. Pacific Time on Thursday, December 4, 2008 at the Executive Briefing Center at our headquarters located at 3585 Monroe Street, Santa Clara, California 95051.

Table of Contents

You may vote shares held directly in your name in person at the meeting. If you choose to attend the meeting, please bring the enclosed proxy card or proof of identification for entrance to the meeting. If you want to vote shares that you hold in street name at the meeting, you must request a legal proxy from your broker, bank or other nominee that holds your shares.

Changing Your Vote

You may revoke your proxy and change your vote at any time before the final vote at the meeting. You may do this by signing a new proxy card with a later date, voting on a later date by telephone or by using the Internet (only your latest telephone or Internet proxy is counted), or by attending the meeting and voting in person. However, your attendance at the meeting will not automatically revoke your proxy; you must specifically revoke your proxy. See *Voting Your Proxy* above for further instructions.

Our Voting Recommendations

Our Board of Directors recommends that you vote:

FOR the election of three Class I directors to hold office for a three-year term and until their successors are elected and qualified or until their earlier resignation or removal;

FOR ratification of the appointment of Ernst & Young LLP, independent registered public accounting firm, as our independent auditors for the fiscal year ending June 28, 2009.

Voting Results

The preliminary voting results will be announced at the meeting. The final voting results will be published in our quarterly report on Form 10-Q for the second quarter of fiscal year 2009.

By signing up for electronic delivery, you can receive the Annual Report on Form 10-K and the Proxy Statement via email notification as soon as these are available. You may also submit your stockholder votes online. Your enrollment will be effective until canceled. If you have questions about electronic delivery, please call our Investor Relations department at (408) 579-3030.

To reduce the expense of delivering duplicate voting materials to our stockholders who may have more than one Extreme Networks stock account, unless otherwise requested, pursuant to current householding rules, we will deliver only one set of voting materials, which includes the Proxy Statement, proxy card and the 2008 Annual Report to Stockholders on Form 10-K, to stockholders who share the same address.

How To Obtain A Separate Set of Voting Materials

If you share an address with another stockholder and have received only one set of voting materials, you may write or call us to request a separate copy of these materials at no cost to you. For future annual meetings, you may request separate voting materials, or request that we send only one set of voting materials to you if you are receiving multiple copies, by calling our Investor Relations department at: (408) 579-3030, or by writing us at: Extreme Networks, Inc., 3585 Monroe Street, Santa Clara, CA 95051, Attn: Investor Relations.

CORPORATE GOVERNANCE

Our Board of Directors currently consists of seven directors. The directors are divided into three classes – Class I, Class II and Class III, with each class consisting of a minimum of two directors and each class having a three-year term. The Class I directors are Mark A. Canepa, Gordon L. Stitt and Kenneth Levy. The Class II directors are Bob L. Corey and Harry Silverglide. The Class III directors are Charles Carinalli and John C. Shoemaker.

The Board of Directors has determined that, other than Mark A. Canepa and Gordon L. Stitt, each member of the Board is an independent director for purposes of the NASDAQ Marketplace Rules.

The structure of the Board of Directors is staggered, so that Class I, Class II and Class III directors will serve until the annual meetings of stockholders to be held in 2008, 2009 and 2010, respectively, and until their respective successors are duly elected and qualified. At each annual meeting of stockholders, the successors to directors whose term will then expire will be elected to serve from the time of election and qualification until the third annual meeting following their election. The Board has a mandatory retirement age of seventy (70).

Charles Carinalli has been elected by the independent members of the Board of Directors as the lead independent director. Mr. Carinalli's duties as lead independent director include:

chairing executive sessions of the independent directors;

serving as liaison between the Chairman of the Board of Directors and the independent directors, including, communicating to the Chairman and Chief Executive Officer, as appropriate, the results of executive sessions of the independent directors;

ensuring that independent directors have adequate opportunities to meet without management present;

serving as designated contact for communication to independent directors, including being available for consultation and direct communication with major stockholders;

ensuring that the independent directors have an opportunity to provide input on the agenda for Board of Director meetings;

assuring that there is sufficient time for discussion of all agenda items; and

receiving, distributing to the Board and arranging responses to communications from stockholders, and being identified as the recipient of these communications in the annual meeting proxy statement.

The Board of Directors elects our President, Chief Financial Officer, Secretary and all executive officers. All executive officers serve at the discretion of the Board of Directors. Each of our officers devotes his full time to our affairs. Our non-employee directors devote time to our affairs as is necessary to discharge their duties. In addition, our Board of Directors has the authority to retain its own advisers to assist it in the

discharge of its duties. There are no family relationships among any of our directors, officers or key employees.

Meetings of the Board of Directors

The Board of Directors held eleven meetings during the fiscal year ended June 29, 2008. No director serving on the Board of Directors in fiscal year 2008 attended fewer than 75% of the aggregate of the meetings of the Board of Directors and the meetings of the committees on which he serves.

The Audit Committee retains our independent auditors, reviews and approves the planned scope, proposed fee arrangements and terms of engagement of the independent auditors, reviews the results of the annual audit of our financial statements and the interim reviews of our unaudited financial statements, evaluates the adequacy of accounting and financial controls, reviews the independence of our auditors, and oversees our financial reporting on behalf of the Board of Directors. The Audit Committee is also responsible for establishing procedures for the receipt, retention and treatment of complaints received by us regarding questionable accounting or auditing matters, including the anonymous submission by our employees of concerns regarding accounting or auditing matters. In addition, the Audit Committee reviews with our independent auditors the scope and timing of their audit services and any other services they are asked to perform, the independent auditor's report on our consolidated financial statements following completion of their audit, and our critical accounting policies and procedures and policies with respect to our internal accounting and financial controls. The Audit Committee held five meetings during the fiscal year ended June 29, 2008. For more information about the Audit Committee, see Report of the Audit Committee below in this proxy statement.

Compensation Committee. The members of the Compensation Committee during the fiscal year ended June 29, 2008 were Messrs. Carinalli, Corey and Silverglide. Effective July 29, 2008, Mr. Silverglide resigned from the Compensation Committee and Mr. Shoemaker was appointed to serve in his place. Each member of the Compensation Committee during fiscal year 2008 was determined by the Board to be independent for purposes of the NASDAQ Marketplace Rules as they apply to compensation committee members. Pursuant to its charter, the Compensation Committee has responsibility for, among other things, discharging the Board's responsibilities relating to compensation and benefits of our officers, including responsibility for evaluating and reporting to the Board on matters concerning management performance, officer compensation and benefits plans and programs. In carrying out these responsibilities, the Compensation Committee is required to review all components of executive officer compensation for consistency with our compensation philosophy. The charter of the Compensation Committee provides that the Compensation Committee may delegate duties or responsibilities to subcommittees or to one member of the Compensation Committee from time to time, as appropriate; however, historically the Compensation Committee has delegated duties or responsibilities only under limited circumstances. Our President and Chief Executive Officer (our **CEO**) and our Vice President of Human

The other executive officers do not play a role in the Compensation Committee's deliberations regarding their own compensation determination, except that each executive officer discusses his or her individual performance objectives with our CEO and our General Counsel may be present for deliberations and may provide advice to the Compensation Committee regarding legal issues associated with compensation plans. Our CEO does not have the ability to call Compensation Committee meetings, but he can attend meetings to the extent that there is no discussion of his own compensation determination. For our fiscal year ended June 29, 2008, the Compensation Committee engaged Radford, a division of the Aon Corporation, to assist it in a review of our executive compensation strategies and practices and to advise the Compensation Committee regarding the results of its review. The Compensation Committee held six meetings during the fiscal year ended June 29, 2008. For more information about the Compensation Committee, see *Executive Compensation* below in this proxy statement.

Nominating and Corporate Governance Committee. The members of the Nominating and Corporate Governance Committee during fiscal year 2008 were Messrs. Corey, Levy and Carinalli. Effective as of July 31, 2007, Mr. Carinalli was appointed to serve on the Nominating and Corporate Governance Committee. Each member of the Nominating and Corporate Governance Committee during fiscal year 2008 was determined by the Board to be independent for purposes of the NASDAQ Marketplace Rules as they apply to nominating committee members. The Nominating and Corporate Governance Committee identifies, reviews, evaluates and nominates candidates to serve on the our Board of Directors, is responsible for recommending corporate governance principles, codes of conduct and compliance mechanisms applicable to us, and assists the Board of Directors in its annual reviews of the performance of the Board, each committee and management. The Nominating and Corporate Governance Committee held five meetings in fiscal year 2008.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2008, no member of the Compensation Committee was a current or former officer or employee of the company or any of the company's subsidiaries, except for Mr. Silverglide who was a member of the Compensation Committee from July 31, 2007 to July 28, 2008 and who served as our Vice President of Sales from January 1997 to July 2002. None of our executive officers has served on the board of directors or compensation committee of any other entity that has, or has had, one or more executive officers who served as a member of the Board of Directors or the Compensation Committee during the 2007 fiscal year.

Director Nominations

the perceived needs of the Board for particular skills, background and business experience;

the skills, background, reputation, and business experience of nominees and the skills, background, reputation, and business experience already possessed by other members of the Board;

Table of Contents

The Nominating and Corporate Governance Committee's goal is to assemble a Board of Directors that brings to us a variety of perspectives and skills derived from high quality business and professional experience. Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the best interests of our stockholders. They must also have an inquisitive and objective perspective and mature judgment. Director candidates must have sufficient time available in the judgment of the Nominating and Corporate Governance Committee to perform all Board and committee responsibilities. Board members are expected to prepare for, attend, and participate in all Board and applicable committee meetings.

Other than the foregoing there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider other factors as it may deem, from time to time, are in the best interests of us and our stockholders. The Nominating and Corporate Governance Committee believes that it is preferable that at least one member of the Board should meet the criteria for an audit committee financial expert as defined by SEC rules. Under applicable listing requirements, at least a majority of the members of the Board must meet the definition of independent director. The Nominating and Corporate Governance Committee also believes it appropriate for one or more key members of management to participate as members of the Board.

Identifying and Evaluating Candidates for Nomination as Director. The Nominating and Corporate Governance Committee annually evaluates the current members of the Board of Directors whose terms are expiring and who are willing to continue in service against the criteria set forth above in determining whether to recommend these directors for election. The Nominating and Corporate Governance Committee regularly assesses the optimum size of the Board and its committees and the needs of the Board for various skills, background and business experience in determining if the Board requires additional candidates for nomination.

Candidates for nomination as director come to the attention of the Nominating and Corporate Governance Committee from time to time through incumbent directors, management, stockholders or third parties. These candidates may be considered at meetings of the Nominating and Corporate Governance Committee at any point during the year. Candidates are evaluated against the criteria set forth above. If the Nominating and Corporate Governance Committee believes at any time that the Board requires additional candidates for nomination, the Nominating and Corporate Governance Committee may poll directors and management for suggestions or conduct research to identify possible candidates and may engage, if the Nominating and Corporate Governance Committee believes it is appropriate, a third party search firm to assist in identifying qualified candidates.

The Nominating and Corporate Governance Committee will evaluate any recommendation for director nominee proposed by a stockholder. In order to be evaluated in connection with the Nominating and Corporate Governance Committee's established procedures for evaluating potential director nominees, any recommendation for director nominee submitted by a stockholder must be sent in writing to the Corporate Secretary, 3585 Monroe Street, Santa Clara, CA 95051, 120 days prior to the anniversary of the date proxy statements were mailed to stockholders in connection with the prior year's annual meeting of stockholders, except that under our bylaws, if no annual meeting was held in the previous year or the date of the annual meeting has been changed by more than 30 calendar days from the date contemplated at the time of the previous year's proxy statement, notice by the stockholders to be timely must be received not later than the close of business on the tenth day following the day on which public announcement of the date of the meeting is first made. For purposes of the foregoing, public announcement shall mean disclosure in a broadly disseminated press release or in a document publicly filed by us with the Securities and Exchange Commission. The recommendation for director nominee submitted by a stockholder must contain the following information:

the candidate's name, age, contact information and present principal occupation or employment;

a description of the candidate's qualifications, skills, background, and business experience during, at a minimum, the last five years, including his/her principal occupation and employment and the name and principal business of any corporation or other organization in which the candidate was employed or served as a director; and

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

a statement signed by the candidate that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

In addition, our bylaws permit stockholders to nominate directors for consideration at an annual meeting.

All directors and director nominees must submit a completed form of directors' and officers' questionnaire as part of the nominating process. The evaluation process may also include interviews and additional background and reference checks for non-incumbent nominees, at the discretion of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee will evaluate incumbent directors, as well as candidates for director nominee submitted by directors, management and stockholders consistently using the criteria stated in this policy and will select the nominees that in the Nominating and Corporate Governance Committee's judgment best suit the needs of the Board at that time.

Communications with Directors

Stockholders may communicate with any and all members of our Board of Directors by transmitting correspondence by mail, facsimile or email, addressed as follows:

The Secretary will maintain a log of communications and transmit each communication as soon as practicable to the identified director addressee(s), unless (i) there are safety or security concerns that mitigate against further transmission of the communication; or (ii) the communication contains commercial matters not related to the stockholder's stock ownership, as determined by the Secretary in consultation with outside legal counsel. The Board of Directors or individual directors will be advised of any communication withheld for safety, security or other reasons as soon as practicable.

Director Attendance at Annual Meetings

We use reasonable efforts to schedule our annual meeting of stockholders at a time and date to maximize attendance by directors, taking into account the directors' schedules. In cases where management, in its reasonable business judgment, believes that stockholder attendance at our annual meeting is significant, we encourage director attendance at the annual meeting. Directors make every effort to attend our annual meeting of stockholders when meaningful stockholder attendance at the meeting is anticipated. Messrs. Canepa, Stitt and Carinalli attended our 2007

annual meeting of stockholders.

Code of Ethics and Corporate Governance Materials

The Board has adopted a charter for each of the committees described above which are available on our website at www.extremenetworks.com/aboutus/investor/corpinfo.asp. The Board has also adopted a Code of Business Conduct and Ethics that applies to all of our employees, officers and directors. The Code of Business Conduct and Ethics can be found on our website at www.extremenetworks.com/aboutus/investor/corpinfo.asp.

We believe that good corporate governance is essential to ensure that we are managed for the benefit of stockholders. The Board has adopted the Extreme Networks, Inc. Corporate Governance Guidelines to address key corporate governance issues. The Nominating and Corporate Governance Committee is responsible for reviewing the Corporate Governance Guidelines and recommending to the Board any changes to the Corporate Governance Guidelines. The Corporate Governance Guidelines can be found on our website at www.extremenetworks.com/aboutus/investor/corpinfo.asp.

Table of Contents**DIRECTORS COMPENSATION**

During our fiscal year ended June 29, 2008, the compensation policies for non-employee service on our Board and its committees were as follows:

Cash Compensation

Each non-employee director receives (a) \$40,000 in cash compensation annually for service in this position and (b) the applicable compensation set forth below for serving as a chair or as a member of one or more of the committees of the Board. For service on any special committee that may be formed by the Board from time to time, compensation will be determined on a case-by-case basis by the Board upon a recommendation by the Compensation Committee based on the anticipated amount of time and work related to service on the special committee and other factors as the Compensation Committee may consider. Each non-employee director receives reimbursement of expenses related to attendance of meetings of the Board and its committees.

Annual Committee Member Compensation

Audit Committee	\$ 20,000
Compensation Committee	\$ 10,000
Nominating and Governance Committee	\$ 10,000

Additional Annual Retainers for Committee Chair

Audit Committee Chair	\$ 10,000
Compensation Committee Chair	\$ 10,000

Equity Compensation

Each non-employee director automatically is granted an initial 8,333 shares of our restricted stock and an initial option to purchase 25,000 shares of our common stock. These options and restricted stock grants are made under our 2005 Equity Incentive Plan (the **2005 Plan**), pursuant to the standard option agreement used under the 2005 Plan for directors. The grant date for awards is generally the second trading day following the public announcement of quarterly financial results following the director's appointment. Each option and restricted stock grant will vest 1/3 each year (or, if earlier in any year, 1/3 on the date of the annual meeting in that year), subject to the respective director's continuous service on the Board for that period. There is a two year post-termination exercise period for options granted to non-employee directors during and after fiscal 2005.

On the date of each annual meeting of our stockholders, each non-employee director automatically is granted 5,000 shares of our restricted stock and an option to purchase 15,000 shares of our common stock. These options and restricted stock grants are made under the 2005 Plan, pursuant to the standard option agreement used under the 2005 Plan for directors. The exercise price per share of each option, and the grant price of each share of restricted stock, is the closing sale price of our common stock on the NASDAQ Global Market at the close of business on the date of grant (the date of the Annual Meeting). Each option and restricted stock grant will vest in full on the date one year after the date of grant (or, if earlier, the date of the next subsequent annual meeting), subject to the respective director's continuous service on the Board for that period.

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

As a result of the review of historical practices for stock option grants and the accounting for option grants, we did not hold our 2006 Annual Meeting until July 30, 2007. As a result, restricted stock and options were not granted to non-employee members of the Board of Directors during fiscal 2007. However, following the 2006 Annual Meeting, these directors each received a grant of 5,000 shares of our restricted stock and an option to purchase 15,000 shares of our common stock, at an exercise price of \$4.18. Following the 2007 Annual Meeting held on December 6, 2007, each non-employee director received a grant of 5,000 shares of our restricted stock and an option to purchase 15,000 shares of our common stock, at an exercise price of \$3.87. In connection with Mr. Shoemaker's appointment to the Board of Directors as of October 23, 2007, he received a grant of 8,333 shares of our restricted stock and an option to purchase 25,000

Table of Contents

shares of our common stock at an exercise price of \$4.25 on October 26, 2007. In addition, the Board of Directors granted Mr. Stitt an option to purchase 400,000 shares of our common stock, at an exercise price of \$3.74 on August 3, 2007 as consideration for his services as Chairman of the Board of Directors. 100,000 share of common stock were vested on the date of grant and the remaining shares of common stock subject to the option will vest monthly over three years.

On July 17, 2001, the Board of Directors ratified and approved an amended policy regarding the acceleration of vesting of shares subject to options for officers and directors upon a change-in-control (the **Amended Policy**). The Severance Plan, as described under *Executive Compensation and Other Matters; Compensation Discussion and Analysis; Executive Change in Control Severance Plan* elsewhere in this proxy statement, superseded the Amended Policy with respect to shares subject to options held by our officers. However, the Severance Plan did not change the Amended Policy's applicability to shares subject to options held by directors. Under the Amended Policy, in the event of a change in control that occurs prior to a director's termination of service with Extreme Networks, the shares subject to options shall be fully vested. The Amended Policy defines a change-in-control as a single or series of sales or exchanges of voting stock, a merger or consolidation, the sale, or transfer of all or substantially all of the assets, or a liquidation wherein the stockholders immediately before the change-in-control do not retain, immediately after the change-in-control, more than 50% of the total combined voting power of Extreme Networks or the corporation to which the assets were transferred. This Amended Policy continues to apply to all options granted to directors after July 17, 2001.

PROPOSAL TWO:

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

FOR THE FISCAL YEAR ENDING JUNE 28, 2009

The Board of Directors has appointed Ernst & Young LLP, independent registered public accounting firm, to serve as independent auditors to audit our financial statements for the fiscal year ending June 28, 2009. Ernst & Young LLP has acted in this capacity since its appointment in fiscal year 1997. A representative of Ernst & Young LLP is expected to be present at the annual meeting, will have an opportunity to make a statement if desired and will be available to respond to appropriate questions.

Principal Accounting Fees and Services

The following table sets forth the aggregate fees billed to us for the fiscal years ended June 29, 2008 and July 1, 2007 by Ernst & Young LLP:

Audit related fees ⁽²⁾	\$ 120,000	\$ 172,000
Tax fees ⁽³⁾	\$ 347,000	\$ 110,000
Audit of Restated Financials ⁽⁴⁾	\$ 152,000	\$ 1,567,000
	\$ 2,515,000	\$ 3,719,000

- (1) Fees for audit services consist of:
- Integrated audit of our annual consolidated financial statements and internal control over financial reporting at the end of the fiscal year;
 - Reviews of our unaudited quarterly financial statements; and
 - Statutory and regulatory audits, consents and other services related to SEC matters.
- (2) Fees for audit-related services consist of financial accounting and reporting consultations.
- (3) Tax fees relate to domestic and foreign tax planning, consultation, special projects and the preparation of various federal, state and local tax returns.
- (4) Fees for audit of restated financial statements for fiscal years 2000 to 2005 related to the investigation by the Option Special Committee.

Representatives of Ernst & Young LLP normally attend most meetings of the Audit Committee. The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by our independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one fiscal quarter and any pre-approval is detailed as to the particular service or category of services. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval policy. During fiscal 2008 and 2007, no portion of the Audit-Related Fees or Tax Fees were approved by the Audit Committee after services had been rendered pursuant to the de minimis exception established by the SEC.

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

The Audit Committee on an annual basis reviews the services performed by Ernst & Young LLP, and reviews and approves the fees charged by Ernst & Young LLP. The Audit Committee has considered the role of Ernst & Young LLP in providing tax and other non-audit services to us and has concluded that these services are compatible with Ernst & Young LLP's independence as our independent auditors.

Vote Required and Board of Directors Recommendation

Stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. The Board of Directors, however, is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee and the Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in the best interests of us and our stockholders.

Approval of this proposal requires the affirmative vote of a majority of the shares present or represented by proxy and entitled to vote at the annual meeting of stockholders, at which a quorum representing a majority of all outstanding shares of our common stock is present and voting, either in person or by proxy. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the vote on this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY ERNST & YOUNG LLP AS EXTREME NETWORKS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 28, 2009.

EXECUTIVE COMPENSATION AND OTHER MATTERS

Compensation Discussion and Analysis

Compensation Philosophy and Objectives

Our executive compensation philosophy and objectives are to attract high quality candidates for senior leadership positions, to retain these employees and to establish a total compensation program which motivates and rewards individual and team performance in alignment with our goals, principal among which is the creation of stockholder value.

We establish market competitive target levels of total compensation, focusing on both current pay and the opportunity for long term and future compensation. Annual compensation for a given executive is determined with reference to competitive market data, experience, knowledge, skills, education, performance and importance to the business.

What Our Compensation Program Is Designed to Reward

Our compensation program is designed to motivate individual and team accountability for our absolute and relative competitive performance.

Named Executive Officers

This *Executive Compensation* section of our proxy statement presents compensation earned by our named executive officers (as defined by SEC rules), including certain individuals who were executive officers during only portions of the past fiscal year. For the fiscal year ended June 29, 2008, our named executive officers and their respective titles were as follows:

Name	Title	Date of Employment
Mark A. Canepa	<i>President, Chief Executive Officer and Director</i>	August 30, 2006
Karen M. Rogge	<i>Senior Vice President and Chief Financial Officer</i>	April 2, 2007
Helmut Wilke	<i>Senior Vice President, Worldwide Sales</i>	April 2, 2007
Alexander J. Gray	<i>Former Senior Vice President and General Manager of Scaleable Products</i>	Resigned February 15, 2008

Compensation for each of these named executive officers is described in detail below.

Compensation Process

Compensation Process

Under its charter, the Compensation Committee has responsibility for, among other things, discharging the Board's responsibilities relating to compensation and benefits of our officers, including responsibility for evaluating and reporting to the Board on matters concerning management performance, officer compensation and benefits plans and programs. In carrying out these responsibilities, the Compensation Committee is required to review all components of executive officer compensation for consistency with our compensation philosophy.

Our CEO and our Vice President of Human Resources assist the Compensation Committee in its deliberations with respect to the compensation of the named executive officers, except that our CEO does not participate in the Compensation Committee's deliberations regarding his own compensation determination, other than discussing his performance objectives with the Compensation Committee. The other named executive officers do not participate in the Compensation Committee's deliberations regarding their own compensation.

Table of Contents

determination, other than discussing individual performance objectives with our CEO. Our CEO does not have the ability to call Compensation Committee meetings, but he may attend meetings as requested by the Committee to the extent that there is no discussion of his own compensation while he is participating in the meeting. The Committee maintains the sole discretion to engage third-parties to provide support in executing the Committee's duties under the Committee's charter.

The Compensation Committee Chair working with the Vice President of Human Resources has established a schedule of meetings and topics to be addressed to support the committee in fulfilling their fiduciary responsibility to stockholders. At the end of the fiscal year, our CEO conducts a quantitative assessment of each named executive officer's performance for the past fiscal year based upon the officer's individual and team business goals and objectives. The assessment typically considers performance against the pre-defined and approved goal in addition to each named executive officer's technical and vocational competence, on-time delivery of programs, recruitment, retention and team development expected of all named executive officers. Our CEO and our Vice President of Human Resources also review the competitive benchmarking assessments of similarly situated executives in comparable companies in our industry with whom we directly compete in our hiring and retention of executives. Our CEO then makes specific recommendations to the Compensation Committee for any changes to base salary, target bonus opportunities, other cash incentives and equity awards, if appropriate. The Compensation Committee considers these proposals and makes any final approvals required in executing their duties. In addition, the Compensation Committee similarly assesses the performance of our CEO, based on the achievement of the approved financial goals, performance metrics, and strategic objectives identified to improve the company's operating performance. Our CEO is not present at the time the Compensation Committee reviews his performance and discusses his compensation.

Our CEO also develops our overall business plan, corporate goals and strategic objectives in consultation with the Compensation Committee and translates these corporate goals into specific corporate performance metrics and performance targets for the named executive officers. The Committee similarly establishes the specific goals and metrics for our CEO against the business plan. Based on these goals and metrics, the Committee approves annual incentive bonus plans for our executives, including the named executive officers.

Peer Group Selection and Benchmarking;

We believe it is essential to attract and retain experienced and proven performers. Accordingly, the Compensation Committee seeks to set the base salary and total compensation of our executives, including the named executive officers, at the 50th percentile of the compensation of similarly-situated executives in comparable companies in our industry with whom we directly compete in our hiring and retention of executives. However, the Compensation Committee has the authority to approve position specific compensation packages that are above or below this level based on the executive's specific experience, knowledge, skills, education, performance and importance to the business. In addition to these factors, the Committee also considers the information provided by their advisors and the comparative compensation of our other officers when determining an individual's actual pay level.

For our fiscal year ended June 29, 2008, the Compensation Committee engaged Radford, a division of the Aon Corporation, as an independent advisor to conduct a comprehensive review of our executive compensation philosophy, strategies and practices, and to advise the Compensation Committee regarding the results of its review. Radford reports directly to the Compensation Committee, and works with management to gain access to compensation information. We paid the fees charged by Radford for its engagement by the Compensation Committee with respect to its services related to fiscal year 2008 compensation.

The Committee requested that Radford independently determine the appropriate comparative framework and peer group to assess the pay levels and structure of our executive compensation plan. Radford gained input for this aspect of the work from our CEO, Vice President of Human Resources and members of the Compensation Committee. Radford gathered pay levels and pay design information from various data sources,

Table of Contents

including public filings for the peer companies and the Radford Executive Survey, focused on networking and technology companies in the \$200 million – \$800 million revenue range. The Compensation Committee approved the philosophy and peer group as a reflection of the scope and complexity of the business and specific responsibilities of our executive positions. Radford presented the results of their assessment to the Compensation Committee, Vice President of Human Resources and our CEO. The assessment was then used by our CEO to recommend changes to executive compensation for the fiscal year ended June 29, 2008.

For the Compensation Committee’s deliberations of fiscal year 2008 executive compensation, the Compensation Committee reviewed a Radford Benchmark Survey with a benchmark group comprised of the following companies:

3Com Corporation

Adaptec, Inc.

ADTRAN, Inc.

Avocent Corporation

Brocade Communications Systems, Inc.

Ciena Corporation

Emulex Corporation

F5 Networks, Inc.

Foundry Networks, Inc.

Harmonic Inc.

MRV Communications Inc

NETGEAR, Inc.

Novatel Wireless, Inc.

Packeteer, Inc.

QLogic Corporation

Quantum Corporation

Rackable Systems, Inc.

RadiSys Corporation

STEC Inc.

Westell Technologies, Inc.

The Radford assessment examined a range of pay levels including the 25th, 50th and 75th percentile of the applicable benchmark group to reflect a range of pay to be considered when determining individual pay elements. The committee used this approach to understand the range of pay levels and practices to ensure pay was fair and reasonable from both an executive and stockholder.

Mr. Canepa, our President and CEO, has a base salary and aggregate cash compensation (inclusive of bonus) that is within our benchmark target. However, his equity ownership position is somewhat higher than our benchmark target because our Compensation Committee wished to emphasize long term performance for our CEO. Ms. Rogge, our Senior Vice President and Chief Financial Officer, has a base salary and aggregate cash compensation which is higher than our benchmark target because this level of compensation was necessary to recruit a Chief Financial Officer with the necessary experience and skills for the position and to provide a sufficient incentive for Ms. Rogge to accept the position. Mr. Wilke, our Senior Vice President, Worldwide Sales, has a base salary that is within our benchmark target, but his target bonus increases his aggregate cash compensation such that it exceeds our benchmark target. His equity ownership position also exceeds our benchmark target. The Compensation Committee intended for the higher-than-benchmark aggregate cash compensation package to incentivize Mr. Wilke to achieve the company's near-term revenue targets. In addition, the Compensation Committee wished to emphasize long term performance and a sustainable business growth plan through Mr. Wilke's equity ownership position. We further explain the various components of each of these executive's compensation programs below.

Compensation Program Elements and How Each Element is Chosen

Hiring, developing and retaining our human capital are essential to executing our corporate strategy and meeting our milestones and objectives. The objective of our compensation program is to attract high quality candidates for senior leadership positions, to retain these employees, and to establish a total compensation program which motivates and rewards individual and team performance in alignment with our goals and the

Table of Contents

creation of stockholder value. To achieve this objective, the Compensation Committee believes that the named executive officers must be offered competitive:

base salary;

annual cash incentives;

long-term equity incentives;

change in control and severance benefits; and

benefits plans.

The Compensation Committee does not have a set formula for determining the mix of pay elements for named executive officers. Our compensation packages are designed to compete with other networking companies with which we compete for talent. Each element of our compensation program is designed to support our overall compensation objectives and provide the optimal balance between fixed and variable compensation and cash and equity compensation. A competitive base salary and benefits plan are offered to attract and retain talented employees, while variable compensation elements such as annual cash incentives and long-term equity incentives are intended to encourage and reward employees who help achieve our overall corporate goals and their individual employee objectives. The variable and fixed compensation elements are balanced to reward short-term performance with annual cash incentives and long-term performance with equity incentives, which also align the interests of our employees with those of our stockholders. The vesting schedules for equity awards also help encourage employee retention. We offer a comprehensive benefits package of healthcare, disability and insurance coverage as well as an employee-funded, employer-matched 401(k) retirement plan.

Other than certain change in control and severance benefits, our executives generally receive only compensation elements that are provided to our rank-and-file employees.

Base Salary

Base salary is the fixed, primary element of compensation for our named executive officers. At the time of the hiring of any named executive officer, we negotiate an initial base salary with the executive. Generally, negotiations are conducted by our CEO and our Vice President of Human Resources on our behalf. The Compensation Committee or the Board of Directors generally consults with our CEO on negotiations and approves a competitive range for base salaries for newly-hired named executive officers. The Compensation Committee seeks to negotiate base salaries for executives consistent with our philosophy to pay at or around the 50th percentile, depending on the specific position, of the base salaries of similarly-situated executives in comparable companies in our industry with whom we directly compete in our hiring and retention of executives (see *Peer Group Selection and Benchmarking; Compensation Consultant*, above). In addition, the Compensation Committee has the authority to negotiate and/or set base salaries as deemed appropriate to attract specific candidates, based on their experience, knowledge, skills, education and our needs.

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

Each fiscal year, the Compensation Committee, in consultation with our CEO and our Vice President of Human Resources, reviews the base salaries of the named executive officers and determines whether any changes are appropriate for the next fiscal year. During this review, the Compensation Committee takes multiple factors into consideration. In July 2007, the Compensation Committee evaluated the performance during the fiscal year ended July 1, 2007 for each of the named executive officers and the competitive benchmark information provided by Radford related to each officer's compensation and other appropriate factors. The Compensation Committee approved a \$19,300 base salary increase for Mr. Canepa for fiscal year 2008, from \$480,000 to \$499,300 (an increase of 4%) based on the improved performance of our business and the comparable pay for similarly-situated executives. This increase was consistent with the increase in our base salary budget for employees as a whole. The Compensation Committee did not consider or make any changes to Mr. Wilke's and Ms. Rogge's base salary due to their recent start of employment with us during the fiscal year ending July 1, 2007. In addition,

Table of Contents

the Compensation Committee did not make any change to Mr. Gray's base salary because it was above the relevant benchmarks for similarly-situated executives in comparable companies in our industry.

Cash Incentives and Bonuses

Each fiscal year, the Compensation Committee approves incentive bonus plans to provide cash bonus payments to officers and employees, including the named executive officers, based upon attainment of annual corporate objectives approved by the board. Mr. Wilke, our Senior Vice President, Worldwide Sales, participates in the executive incentive bonus plan in addition to a sales commission-based cash bonus program. The Compensation Committee approves the specific target incentive opportunities for each named executive officer after considering input from our CEO, competitive benchmark information provided by Radford and the annual operating plan. The Compensation Committee reviews and approves the executive incentive bonus plans early in each fiscal year and approves the actual payouts under the plans after the end of the fiscal year. These plans are designed to deliver short-term cash incentive compensation for achieving business goals to each named executive officer at or around the 50th percentile of the compensation of similarly-situated executives in comparable companies in our industry, while allowing payments at or around the 75th percentile for significantly exceeding the corporate objectives. This approach, which is consistent with our philosophy to pay for performance, will lead to variability from year to year in the bonus payments earned by the named executive officers.

2008 Executive Incentive Bonus Plan

In July 2007, our Board, upon the recommendation of the Compensation Committee, approved the terms of our Fiscal 2008 Executive Incentive Bonus Plan (the **2008 Bonus Plan**). The 2008 Bonus Plan provided for the payment of cash bonuses based on achievement of our revenue and net profit objectives and individual and team performance objectives. The Compensation Committee selected revenue and net profit as the most important metrics for determining bonus payments because the Compensation Committee believed that success in these areas would most directly benefit stockholders. The Compensation Committee believed that the 2008 net profit and revenue objectives were challenging targets that served as incentives to our officers, including the named executive officers, and were not merely modest targets where achievement was relatively assured. We do not disclose our specific revenue or profit targets in this proxy statement because of the competitive nature of this information.

Under the 2008 Bonus Plan, the actual bonus payments to executives were calculated as follows:

Step #1: Corporate performance is measured to determine the percent of achievement against the approved revenue and net profit objectives (the **Company Performance Factor**). There is equal weighting allocated to each of the revenue and net profit objectives and the Company Performance Factor does not vary based on an executive's position and responsibilities. Under the plan, the Company Performance Factor could have ranged from 0% to a maximum of 200% based on achievement of these objectives. The actual realized Company Performance Factor was 40% for the fiscal year ended June 29, 2008.

Step #2: Individual performance is measured by assessing the specific contribution to the achievement of functional and company goals by each executive and the particular team(s) with which the executive provides services to us (the **Individual Performance Factor**). The Individual Performance Factor may add percentage points to or deduct percentage points from the calculation of the individual executive's bonus, provided that the addition or deduction may not exceed twenty-five percentage points. For the fiscal year ended June 29, 2008, the individual performance of executives was measured based on goals in the general areas of:

product development;

innovation;

sales execution;

operating efficiency; and

leadership.

Table of Contents

Step #3: Using the Company Performance Factor and the Individual Performance Factor, actual incentives are calculated based on (i) a target incentive for each executive which is expressed as a percent of base salary and (ii) wages actually earned during the fiscal year ended June 29, 2008 (except for Mr. Wilke whose bonus payment is calculated based on \$75,000).

In summary, the actual bonus payment to each of the named executive officers was calculated as follows:

Total Bonus for Mr. Canepa and Ms. Rogge = (Corporate Performance Factor + Individual Performance Factor) x Individual Target Incentive x Fiscal 2008 Wages.

Total Bonus for Mr. Wilke = (Corporate Performance Factor + Individual Performance Factor) x \$75,000.

No bonus was paid to Mr. Gray as a result of his resignation in February 2008.

The following table sets forth information regarding the actual payouts for each named executive officer under the 2008 Bonus Plan:

	Company Performance Factor	Individual Performance Factor	Target Incentive (% of Base Salary)	Base Salary Actually Earned in FY 2008	Actual Total Bonus Amount Earned for FY 2008 (\$)	Actual Earned Incentive as a % of Base Salary in FY 2008
Mark A. Canepa	40%		70%	\$ 494,475	\$ 138,453	28%
<i>President, Chief Executive Officer and Director</i>						
Karen M. Rogge	40%		60%	\$ 350,000	\$ 84,000	24%
<i>Senior Vice President and Chief Financial Officer</i>						
Helmut Wilke	40%	2%	NA	\$ 75,000*	\$ 31,500	NA
<i>Senior Vice President, Worldwide Sales</i>						

* Based on \$75,000 regardless of base salary.

In determining the individual performance factor, the Compensation Committee concluded that Mr. Canepa and Ms. Rogge had met expectations with respect to their contribution to the achievement of functional and company goals under the plan and that Mr. Wilke s had exceeded expectations in the area of improving the execution of our sales team. Accordingly, the Compensation Committee allocated a two percentage point increase for Mr. Wilke through the Individual Performance Factor.

2008 SVP Sales Commission Program

In July 2007, the Compensation Committee approved the terms of a commission bonus program (the **2008 SVP Sales Commission Program**) for Mr. Wilke, separate from and in addition to the amount that could be earned under the 2008 Bonus Plan. The bonus program is derived from our overall sales revenue quota levels for Mr. Wilke. The total target bonus for fiscal 2008 for Mr. Wilke was \$175,000, while the actual bonus earned by Mr. Wilke was \$166,600. As with the performance targets established for the named executive officers, the Compensation Committee believed that the 2008 revenue objectives were challenging targets that served as incentives to Mr. Wilke and are not merely modest targets where achievement was relatively assured.

Sign-On Bonuses

The Compensation Committee, in consultation with our CEO, may agree to grant a sign-on bonus during hiring negotiations with an executive. In the fiscal year ended June 29, 2008, we provided a sign-on bonus in the amount of \$25,000 to Mr. Wilke and a sign-on bonus in the amount of \$25,000 to Ms. Rogge in connection with the start of their employment in the fiscal year ended July 1, 2007.

Equity Compensation Awards

Equity compensation has traditionally been a prominent element of our executive compensation program which provides long-term incentives to our executives. Equity awards align the interests of our executives with those of our stockholders because the value of the equity awards will increase only when we perform. They also help to retain executives because they generally are subject to vesting in connection with continued service over a specified period of time.

2005 Equity Incentive Plan

Under our 2005 Equity Incentive Plan (the **2005 Plan**), we may grant stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, performance units, and other share-based or cash-based awards to employees and consultants. The 2005 Plan also authorizes the grant of awards of stock options, stock appreciation rights, restricted stock and restricted stock units to non-employee members of the board of directors and deferred compensation awards to officers, directors and certain management or highly compensated employees. The 2005 Plan replaces the 1996 Stock Option Plan (the **1996 Plan**), 2000 Nonstatutory Stock Option Plan (the **2000 Plan**) and 2001 Nonstatutory Stock Option Plan (the **2001 Plan**). The 2005 Plan authorizes the issuance of up to 12,000,000 shares of our common stock. In addition, 11,000,000 shares subject to awards outstanding under the 1996 Plan, the 2000 Plan, and the 2001 Plan that expire have been added to the number of shares available for future grant under the 2005 Plan. As of September 28, 2008, 11,617,574 shares were available for future grant under the 2005 Plan.

Under the 2005 Plan, all stock options must be granted with an exercise price per share that is not less than the fair market value of a share of our common stock on the effective date of grant of the option.

New Hire Grants; Promotional Grants

Generally, we grant equity awards to our new employees, including our named executive officers, in connection with the start of their employment. At the time of the hiring of any named executive officer, we negotiate equity compensation with the executive. Generally, negotiations are conducted by our CEO and our Vice President of Human Resources on our behalf. The Compensation Committee or the Board of Directors generally consults with our CEO on negotiations and approves the negotiated equity compensation for newly-hired named executive officers. From time to time, we also grant equity awards in connection with the promotion of employees. The Compensation Committee seeks to negotiate equity compensation for any newly-hired or promoted executives, including named executive officers, at the 50th percentile, depending on the specific position, of the equity compensation of similarly-situated executives in comparable companies in our industry (see *Peer Group Selection and Benchmarking; Compensation Consultant*, above). For this purpose, the benchmark value attributed to equity compensation is based on examining the Black-Scholes value of options and the number of shares underlying options as a percent of outstanding shares of common stock. The Compensation Committee may approve a grant above or below this level based on information from our CEO and our Vice President of Human Resources and considering the specific goals for attracting or retaining the executive based on several factors including experience, knowledge, skills, education and our needs.

New-hire stock options granted to named executive officers generally vest as follows: one-fourth vests one year after the officer's employment start date, and the remaining shares vest monthly over the following three years at a rate of 1/48th of the entire option each month, subject to the officer's continued employment with us. Promotional stock options granted to named executive officers generally vest as follows: monthly over the four years following the date of grant at a rate of 1/48th of the entire option each month, subject to the officer's continued employment with us. However, the Board or the Compensation Committee has approved certain exceptions to vesting schedules for new-hire and promotional

stock option grants in the past. For example, see *Change in Control and Severance Agreements*, below.

Table of Contents

Named executive officers received the following negotiated equity compensation packages in the fiscal year ended June 29, 2008 in connection with the start of their employment with us in the fiscal year ended July 1, 2007:

Named Executive Officer	Equity Award Grant Date	Number of Shares Subject to Stock Option Grant Approved	Other Equity Award, If Any
Karen M. Rogge <i>Senior Vice President and Chief Financial Officer</i>	August 3, 2007	450,000	None
Helmut Wilke <i>Senior Vice President, Worldwide Sales</i>	August 3, 2007	500,000	None

There were no promotional grants to named executive officers in fiscal year 2008.

Annual Merit Grants

We have typically granted each named executive officer an additional stock option grant on an annual basis, with the goal of providing continued incentives to retain strong executives and improve corporate performance. Our executive officers generally receive annual stock option grants concurrently with our other employees at the time of our annual merit-based stock option grant considerations. Each fiscal year at this time, the Compensation Committee, in consultation with our CEO and our Vice President of Human Resources, reviews the equity compensation of the named executive officers and determines whether any changes are appropriate. During the review, the Compensation Committee takes multiple factors into consideration. In the fiscal year ended June 29, 2008, the Compensation Committee targeted the equity compensation for each named executive officer at the 50th percentile, depending on the specific position, of the compensation of similarly-situated executives in comparable companies in our industry (see *Peer Group Selection and Benchmarking; Compensation Consultant*, above). After reviewing market data for each named executive officer's position, the Compensation Committee considers each executive's experience, scope of responsibilities, performance, and expected future contribution to our business and stockholder value, vested and unvested equity holdings and underwater options before approving the grants.

Merit based annual stock options granted to named executive officers generally vest as follows: monthly over the four years following the date of grant at a rate of 1/48th of the entire option each month, subject to the officer's continued employment with us. However, the Board or the Compensation Committee has approved certain exceptions to vesting schedules in the past. For example, see *Change in Control and Severance Agreements*, below.

In October 2007, the Compensation Committee evaluated the performance of each of our executives for the fiscal year ended July 1, 2007, the competitive benchmark information related to each officer's compensation and other appropriate factors. To support our strategic initiatives and address retention concerns, the Compensation Committee established an equity strategy to provide executives with an above target merit grant that was similar in size to a new hire grant. Each executive's grant was divided equally into a standard option and a retention option for vesting purposes. The standard option vests over four year in a manner consistent with our standard merit based annual stock options. The retention grant vests over five years as follows: none of the shares vest in the first or second year following the date of grant and the remaining shares vest annually at a rate of 1/3rd of the entire option per year over the remaining three year vesting period. In fiscal 2009, the Compensation Committee does not expect to make annual merit grants to executives who received the above target grants in fiscal 2008.

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

Based on the considerations described above, in October 2007, the Compensation Committee recommended to the Board, and the Board approved the grant of options to purchase:

840,000 shares of common stock to Mr. Canepa, and

255,000 shares of common stock to Mr. Gray.

Table of Contents

Each of the above options was split equally between a standard option and a retention option. The Board did not approve merit grants for Ms. Rogge and Mr. Wilke due to their relatively recent start of employment with us in the fiscal year ended July 1, 2007. Ms. Rogge and Mr. Wilke are eligible to receive annual merit grants during the fiscal year ended June 28, 2009.

Award Granting Procedures; Policy on Timing of Equity Grants

Our processes with regard to grants of equity compensation awards to Board members, officers, and non-officer employees is as follows:

The general practice for grants to all new hires, and for out of cycle promotions and merit purposes is to make grants once per quarter, during open trading windows only, on the second trading day following the public announcement of quarterly financial results, pursuant to a list to be circulated to the appropriate granting authority prior to the proposed approval date.

All grants are to be approved by the Compensation Committee.

Grants are to be approved at Compensation Committee meetings (not by unanimous written consent, except in extraordinary circumstances).

There is to be no delegated granting authority to management.

The Board and management are to continue monitoring processes and policies recommended by the U.S. Securities and Exchange Commission, self-regulatory authorities and outside advisors.

All Board and Committee minutes are to be circulated to the directors as soon as reasonably practicable (generally, within two weeks of meeting). Counsel should attend all Board and Compensation Committee meetings.

The Board has directed management to propose a mechanism for monitoring compliance with and reporting to the Board on our policies and procedures relating to options grants.

These new processes were adopted by the Board in April 2007, and are designed to ensure that we continue to employ best practices and procedures with respect to equity compensation awards.

In addition, we monitor the number of shares that we are utilizing for all of our equity compensation programs, including new hire grants, promotional grants and annual merit grants, in order to prudently manage stock option expense and potential dilution of stockholder ownership. The Compensation Committee in consultation with Radford approved a target gross equity pool that could be used for all grants issued to new hires, promotion grants and merit grants, and to reflect industry practices for managing the overall stock option burn rate. In compliance with industry best practices and guidance from Risk Metrics Institutional Stockholder Services (ISS), the Compensation Committee examines the trends for burn rate levels and equity vehicles to manage the plan within the standards and norms established by ISS. Our dilution rate is measured as a gross number of equity awards in a given year, expressed as a percentage of the outstanding common stock at the end of each fiscal year.

Change in Control and Severance Agreements

The named executive officers are employed at-will. However, from time to time, we implement plans or enter into agreements that would provide benefits payable to certain employees, including named executive officers, in connection with the termination of employment, a change in our control or other situations. The Compensation Committee considers plans, agreements and benefits in order to be competitive in the hiring and retention of employees, including named executive officers, in comparison with comparable companies with which we compete for talent. In addition, these benefits are intended to retain our officers during the pendency of a proposed change in control transaction and align the interests of our officers with our stockholders in the event of a change in control. We believe that proposed or actual change in control transactions can adversely impact

Table of Contents

the morale of officers and create uncertainty regarding their continued employment. Without these benefits, officers may be tempted to leave us prior to the closing of the change in control, especially if they do not wish to remain with the entity after the transaction closes, and any departures could jeopardize the consummation of the transaction or our interests if the transaction does not close. The Compensation Committee believes that these benefits therefore serve to enhance stockholder value in the transaction, and align the officers' interest with those of our stockholders in change in control transactions.

These agreements with the named executive officers are described under *Summary of Employment and Other Agreements* elsewhere in this proxy statement. The potential payments that each of the named executive officers would have received if a change in control or termination of employment would have occurred on June 29, 2008 (the last business day of the last fiscal year) are set forth under the section titled *Potential Payments Upon Termination or Change in Control* elsewhere in this proxy statement.

Other Benefits

We provide other customary benefits that are comprehensive and apply uniformly to all of our employees, including our named executive officers. The purpose of this element of compensation is to provide assurance of financial support in the event of illness or injury, encourage retirement savings and encourage additional equity ownership by our employees. Our employee benefits program includes medical, dental, prescription drug, Medical and Dependent Care Flexible Spending contribution, vision care, disability insurance, life insurance benefits, business travel insurance, 401(k) savings plan with employer match, educational assistance, employee assistance program and holidays. We do not include a fixed vacation allowance for named executive officers, as they typically travel extensively and are required to be available to us even while vacationing. We do not provide a defined benefit retirement pension plan, supplemental life insurance or the use of company vehicles to our named executive officers.

In January 1999, the Board of Directors approved the adoption of the Extreme Networks 1999 Employee Stock Purchase Plan (the ***Purchase Plan***). On December 2, 2005, the stockholders approved an amendment to the Purchase Plan to increase the maximum number of shares of common stock that may be issued under the plan by 5,000,000 to a total of 12,000,000 shares. The Purchase Plan permits eligible employees, including the named executive officers, to acquire shares of our common stock through periodic payroll deductions of up to 15% of total compensation. No more than 625 shares may be purchased on any purchase date per employee. During most of fiscal year 2007, each offering period had a maximum duration of 12 months, although no offering period was open during fiscal year 2007, primarily due to our lack of timely filing of its periodic reports with the SEC, which delinquency we cured in June 2007. Also in June 2007, the Board approved a change to the Purchase Plan such that each offering period has a maximum duration of 3 months. The price at which the common stock may be purchased is 85% of the lesser of the fair market value of our common stock on the first day of the applicable offering period or on the last day of the respective purchase period. Through September 28, 2008, our named executive officers have not participated in the Purchase Plan.

Tax Considerations

The Compensation Committee has considered the provisions of Section 162(m) of the Internal Revenue Code and related Treasury Department regulations, which restrict deductibility of executive compensation paid to our named executive officers holding office at the end of any year to the extent this compensation exceeds \$1,000,000 for any of these officers in any year and does not qualify for an exception under the statute or regulations. Income from options granted under our stockholder-approved stock option plan would generally qualify for an exemption from these restrictions so long as the options are granted by a committee whose members are outside directors (as defined by Section 162(m)) and have an exercise price no less than the fair market value of the shares on the date of grant. We expect that the Compensation Committee will continue to be comprised solely of outside directors, and that any options granted to our executive officers will be approved by the Compensation Committee. The Compensation Committee does not believe that in general other components

Table of Contents

of our compensation will be likely to exceed \$1,000,000 for any executive officer in the foreseeable future, and therefore concluded that no further action with respect to qualifying this compensation for deductibility was necessary at this time. In the future, the Compensation Committee will continue to evaluate the advisability of qualifying its executive compensation for deductibility. The Compensation Committee's policy is to qualify its executive compensation for deductibility under applicable tax laws as practicable.

Stock Ownership Guidelines

At present, the Compensation Committee has not established any equity or security ownership requirements for its executive officers which is a policy that is reviewed annually as part of the regular review of our pay plans. The Compensation Committee believes that a large portion of executive officer compensation should be issued in the form of long-term equity incentive awards to encourage a focus on growth, profitability, stock price appreciation, insider ownership of stock and retention of executive officers. We prohibit hedging of economic risk of the executive officers' ownership of our stock.

The following table sets forth information for fiscal year 2008 concerning the compensation of our named executive officers (as defined by SEC rules):

Summary of Employment and Other Agreements

The following is a description of employment and other agreements between us and the named executive officers:

President, Chief Executive Officer and Director

Under an offer letter of employment, Mr. Canepa was to be paid an annual base salary of \$480,000 (which the Board increased to \$499,300 effective October 1, 2007), less applicable taxes and withholdings. He also is eligible to participate in our bonus plans. In addition, Mr. Canepa was granted a one-time option to acquire 850,000 shares of our common stock (the ***Canepa Option***) at the current fair market value of our common stock as of August 30, 2006, his first date of employment with us. One-fourth of these shares shall vest one year after the commencement of Mr. Canepa's employment with us, and the remaining shares will vest monthly over the following three years at a rate of 1/48th of the entire option each month, subject to Mr. Canepa's continued employment with us. Mr. Canepa also received a one-time grant of 100,000 restricted stock units (the ***Canepa RSU***) that will vest at the rate of 50% on August 15, 2008 and one-fourth of the remaining balance each six months thereafter, subject to Mr. Canepa's continued employment with us. The vesting of the shares subject to the Canepa Option and the Canepa RSU may be accelerated upon a change in control, pursuant to the terms and conditions of the Severance Plan (as defined below under ***Executive Change in Control Severance Plan***). In addition, in the absence of a change in our control, in the event that Mr. Canepa's employment is terminated without cause or suffers a material adverse change in his position or duties, subject to his execution of a release of claims against us, Mr. Canepa will be entitled to (i) 12 months of his base salary then in effect, (ii) a pro rata portion of his annual bonus for that fiscal year, (iii) acceleration of 12 months of vesting of the shares subject to the Canepa Option and the Canepa RSU, and (iv) reimbursement of 12 months of COBRA premiums.

Senior Vice President and Chief Financial Officer

Under an offer letter of employment, Ms. Rogge is to be paid an annual base salary of \$350,000, less applicable taxes and withholdings, and is eligible to participate in our bonus plans. Ms. Rogge was granted a one-time option to acquire 450,000 shares of our common stock at the current fair market value of our common stock as of August 3, 2007, the date of grant of the stock option. One-fourth of these shares shall vest one year after the commencement of Ms. Rogge's employment with us, and the remaining shares will vest monthly over the following three years at a rate of 1/48th of the entire option each month, subject to Ms. Rogge's continued employment with us. The vesting of the shares subject to this option may be accelerated upon a change in control, pursuant to the terms and conditions of the Severance Plan (as defined below under ***Executive Change in Control Severance Plan***). Further, Ms. Rogge is entitled to a lump sum payment equal to six months of her base salary at the time of termination in the event that we terminate Ms. Rogge's employment for a reason other than cause, which is defined as including, but is not limited to, incidences of fraud or commission of a felony, failure to attend work on a regular basis, a material breach of our policies or failure to follow a specific written instruction from the President, CEO or the Board of Directors.

of employment, Mr. Wilke is to be paid an annual base salary of \$275,000, less applicable taxes and withholdings, and he was eligible to participate in the 2007 Bonus Plan with an annual bonus target of \$75,000, and to participate in the 2007 SVP Sales Commission Plan with an annual bonus target of \$175,000, with each bonus to be pro-rated based on his length of time as a regular employee in our fiscal year 2007. In addition, Mr. Wilke was granted a one-time option to acquire 500,000 shares of our common stock at the current fair market value of our common stock as of August 3, 2007, the date of grant of the stock option. One-fourth of these shares shall vest one year after the commencement of Mr. Wilke's employment with us, and the remaining shares will vest monthly over the following three years at a rate of 1/48 of the entire option each month, subject to Mr. Wilke's continued employment with us. The vesting of the shares subject to this option may be accelerated upon a change in control, pursuant to the terms and conditions of the Severance Plan (as defined below under *Executive Change in Control Severance Plan*). Further, pursuant to the terms of the offer letter, Mr. Wilke is entitled to a lump sum payment equal to six months of his base salary at the time of termination in the event that we terminate Mr. Wilke's employment for a reason other than cause, which is defined as including, but is not limited to, incidences of fraud or commission of a felony, failure to attend work on a regular basis, a material breach of our policies or failure to follow a specific written instruction from the President, CEO or the Board of Directors.

Former Senior Vice President and General Manager of Scalable Products

Under an offer letter of employment, Mr. Gray was entitled to a lump sum payment equal to six months of his base salary at the time of termination in the event that we terminate Mr. Gray for a reason other than cause, which is defined as including, but is not limited to, incidences of fraud or commission of a felony, failure to attend work on a regular basis, a material breach of our policies or failure to follow a specific written instruction from the President, CEO or the Board of Directors. Mr. Gray resigned from employment with us effective February 15, 2008.

Executive Change in Control Severance Plan

On February 8, 2006, the independent members of our Board, upon the recommendation of the Compensation Committee, approved the terms of an Executive Change in Control Severance Plan in order to ensure retention of key personnel and continuity of the business in the event of a change in control of the business. On August 7, 2008, the independent members of the Board, upon the recommendation of the Compensation Committee, approved an amendment and restatement of the Executive Change in Control Severance Plan (the *Severance Plan*).

Cash Compensation and Benefits

Under the Severance Plan, severance compensation, health care and other benefits are provided to a Severance Plan participant if the participant is terminated without cause or resigns as a result of certain adverse circumstances described in the Severance Plan within 12 months after a change in control (a *Double Trigger Termination*). The amount of this severance compensation that would be provided to a participant is equal to that participant's then current salary and target bonus for the applicable severance benefit period. The Compensation Committee has established that the severance benefit period for participants will be 18 months in the case of the chief executive officer, 12 months in the case of officers who report directly to the chief executive officer and 6 months in the case of eligible vice presidents designated by the Compensation Committee. In addition, the severance benefit period establishes the period of time during which health care and other benefits are provided to a participant.

Equity Awards

Edgar Filing: EXTREME NETWORKS INC - Form DEF 14A

The Severance Plan provides that equity awards granted prior to August 7, 2008 (the effective date of the amendment to the plan) with respect to individuals who were Participants as of that date and certain other equity

Table of Contents

awards as determined by the Compensation Committee at the time of grant are treated as follows in the event of a change in our control:

if the participant's options and stock appreciation rights (**SARs**) are not assumed or otherwise continued by the acquirer, 100% accelerated vesting will occur;

if the participant is not terminated and the acquirer assumes the participant's outstanding options and SARs, the vesting of fifty percent (50%) of the participant's then unvested options and SARs would accelerate as of the date of the change in control and the remainder of the participant's unvested options and SARs would vest in equal monthly installments over a period equal to one half of the remainder of the participant's original vesting schedule.

if the participant is terminated and the participant's options and SARs are assumed or otherwise continued by the acquirer, 100% acceleration of vesting of all options and SARs will occur; and

the vesting of all other awards, including restricted stock and restricted stock units would accelerate in full upon a change in control.

However, the Severance Plan further provides that, unless otherwise determined by the Compensation Committee at the time of grant, equity awards granted after August 7, 2008 (the effective date of the amendment to the plan) to participants are treated as follows in the event of a change of our control:

if equity awards are not assumed or otherwise continued by the acquirer, accelerated vesting will occur only with respect to the number of months in the applicable participant's severance benefit period (as defined above);

if equity awards are assumed or otherwise continued by the acquirer, acceleration of vesting of these awards will occur only upon a Double Trigger Termination, and then will accelerate 100%; and

all equity awards are treated the same under the plan in the event of a Change of Control.

In the event that any payment or benefit received or to be received by a participant under the Severance Plan or otherwise (collectively, the **Payments**) would subject the participant to any excise tax pursuant to Section 4999 of the Code due to the characterization of such Payments as an excess parachute payment under Section 280G of the Code, then, notwithstanding the other provisions of the Severance Plan, the amount of such Payments will not exceed the amount which produces the greatest after-tax benefit to the participant.

Definitions

For purposes of the Severance Plan, the following definitions apply:

Cause means the occurrence of any of the following: (i) the participant's theft, dishonesty, misconduct, breach of fiduciary duty for personal profit, or falsification of any our documents or records; (ii) the participant's material failure to abide by our code of conduct or other policies (including, without limitation, policies relating to confidentiality and reasonable workplace conduct); (3) misconduct by

the participant within the scope of Section 304 of the Sarbanes-Oxley Act of 2002 as a result of which of we are required to prepare an accounting restatement; (4) the participant's unauthorized use, misappropriation, destruction or diversion of any tangible or intangible asset or corporate opportunity of ours (including, without limitation, the participant's improper use or disclosure of our confidential or proprietary information); (5) any intentional act by the participant which has a material detrimental effect on our reputation or business; (6) the participant's repeated failure or inability to perform any reasonable assigned duties after written notice from us of, and a reasonable opportunity to cure, such failure or inability; (7) any material breach by the participant of any employment, non-disclosure, non-competition, non-solicitation or other similar agreement between the participant and us, which breach is not cured pursuant to the terms of such agreement; or (8) the participant's conviction (including any plea of guilty or nolo contendere) of any criminal act involving fraud, dishonesty, misappropriation or moral turpitude, or which impairs the participant's ability to perform his or her duties with us.

Change in our Control means the occurrence of any of the following:

any person (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the **Exchange Act**)), other than a trustee or other fiduciary holding our securities under an employee benefit plan, becomes the beneficial owner (as defined in Rule 13d-3 promulgated under the Exchange Act), directly or indirectly, of our securities representing more than fifty percent (50%) of the total combined voting power of our then-outstanding securities entitled to vote generally in the election of directors;

we are party to a merger or consolidation which results in the holders of our voting securities outstanding immediately prior thereto failing to retain immediately after such merger or consolidation direct or indirect beneficial ownership of more than fifty percent (50%) of the total combined voting power of the securities entitled to vote generally in the election of our directors or the surviving entity outstanding immediately after such merger or consolidation;

a change in the composition of the Board within any twelve (12) month period as a result of which fewer than a majority of the directors are Incumbent Directors (defined as a director who either (i) is a member of the Board as of February 8, 2006, or (ii) is elected, or nominated for election, to the Board with the affirmative votes of at least a majority of the Incumbent Directors at the time of such election or nomination, but (iii) was not elected or nominated in connection with an actual or threatened proxy contest relating to the election of our directors.);

provided; however, that to the extent that any amount constituting nonqualified deferred compensation subject to Section 409A of the Internal Revenue Code of 1986, as amended (the **Code**), would become payable under the Severance Plan by reason of a Change in Control, such amount shall become payable only if the event constituting a Change in Control would also constitute a change in ownership or effective control of us, or a change in the ownership of a substantial portion of our assets, within the meaning of Section 409A of the Code.

Indemnity Agreements

We entered into indemnification agreements with certain of the executive officers and directors. These indemnification agreements require us to indemnify these individuals to the fullest extent permitted by law.

Table of Contents**Pension Benefits and Nonqualified Deferred Compensation Plans**

We do not have any plans with any of the named executive officers that provide for payments or other benefits at, following, or in connection with retirement. We also do not have any defined contribution or other plan with any of the named executive officers that provides for the deferral of compensation on a basis that is not tax qualified.

Potential Payments upon Termination or Change in Control

We have entered into the following agreements that may require us to provide compensation to the named executive officers in the event of a termination of employment or a change in control of Extreme Networks:

Offer letters of employment with each of Messrs. Canepa, Rogge, Wilke and Gray. Due to Mr. Gray's resignation, the provisions in his offer letter are no longer effective.

The Severance Plan (as defined above).

These agreements, including the circumstances that would trigger payments or the provision of other benefits thereunder, and any material conditions and obligations applicable to the recipient of payments and benefits thereunder, are described in *Summary of Employment and Other Agreements* elsewhere in this *Executive Compensation* section of this Proxy statement.

The following table describes the potential payments upon involuntary termination, whether or not within one year following a change in our control, for each of the named executive officers, under the certain assumptions set forth in the footnotes to the table. Table of Contents

- (1) Assumes termination without cause as of June 27, 2008 (the last business day of our last fiscal year), not within one year after a change in control; except that with respect to Mr. Gray, assumes resignation from employment with us as of February 15, 2008. For purposes hereof, *cause* is defined as described, as applicable to each officer, in *Summary of Employment and Other Agreements* elsewhere in this *Executive Compensation* section of this proxy statement. As a condition to receiving any benefits under this column, the applicable named executive officer is required to execute a general release of known and unknown claims in a form satisfactory to us.
- (2) Assumes a hypothetical change in control as of June 27, 2008 (the last business day of our last fiscal year), with no termination without cause within one year after the change in control; except that with respect to Mr. Gray, assumes no benefits payable due to his resignation from employment with us before June 27, 2008. Also assumes that the company acquiring us in the hypothetical change in control did *not* assume or substitute equivalent replacements for the outstanding options and SARs of the participants in the Severance Plan, and that, accordingly under the Severance Plan, the vesting and exercisability under all options, SARS and all other awards, including restricted stock and restricted stock units, held by the participants in the Severance Plan accelerated in full as of the hypothetical change in control as of June 27, 2008. However, pursuant to the Severance Plan, if, in the event of a change in our control, the participant in the Severance Plan is not terminated and the acquirer assumes the participant's outstanding options and SARS (which situation is *not* assumed for purposes of this table), (i) the vesting of only fifty percent (50%) of the participant's then unvested options and SARs shall be accelerated as of the date of the change in control and the remainder of the participant's unvested options and SARs shall vest in equal monthly installments over a period equal to one half of the remainder of the participant's original vesting schedule, and (ii) the vesting of all other awards, including restricted stock and restricted stock units would accelerate in full upon the change in control.
- (3) Assumes termination without cause as of June 27, 2008 (the last business day of our last fiscal year), within one year after a change in control; except that with respect to Mr. Gray, assumes no benefits payable due to his resignation from employment with us before June 27, 2008.
- (4) The amounts listed in these rows do not include the payment of accrued salary that would be due upon termination of employment, are not adjusted for any applicable tax withholding, and do not include portions of bonuses that may be payable on a pro-rated basis based on the amount earned as of the time of the termination of employment.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Actual or Potential Conflicts of Interest

Except as otherwise disclosed above or in the section entitled *Executive Compensation and Other Matters* section of this proxy statement, during the fiscal year ended June 29, 2008, there was not, nor is there currently proposed, any transaction or series of similar transactions to which we are or will be a party in which the amount involved exceeds \$120,000, and in which any executive officer, director or holder of more than 5% of any class of voting securities of us and members of that person's immediate family had or will have a direct or indirect material interest. In September 2008, we purchased 28,571,428 of our shares at a price of \$3.50 per share through a modified reverse Dutch auction tender offer. All of our stockholders were eligible to participate in this tender offer, although none of our executive officers or directors chose to tender any of their shares.

Reporting, Review and Approval of Related Party Transactions

Pursuant to the charter of the Audit Committee, the Audit Committee has the responsibility and duty to approve all related-party transactions after reviewing each transaction for potential conflicts of interests and other improprieties. Pursuant to our Code of Business Conduct and Ethics:

Each employee, including each executive officer, is prohibited from engaging in activities that compete with us or compromise our interests unless first notifying our General Counsel or our Vice President, Human Resources, and obtaining a waiver in writing in each instance. Each employee is required to inform his or her manager or our legal department of any conflict of interest, and is encouraged to consult with his or her manager or our legal department if the employee becomes aware of any conflict or potential conflict, or has a question as to a potential conflict.

Each member of our Board of Directors is prohibited from participating in any activities that are contrary to our interests, or which interfere with the director's ability to perform his or her duties objectively and effectively, or which interfere with the director's duty of loyalty to us and our stockholders. Each member of the Board is required to disclose to the Board any potential conflict of interest regarding or personal interest in any transaction the Board is considering. As to any potential conflict, the independent directors will consult, as appropriate, with management and counsel in assessing the potential conflict, and the appropriate action or procedure for addressing or avoiding the potential conflict. A director will recuse him or herself from participation in any deliberation or decision regarding a matter or transaction in which there is a conflict of interest between our interests and the director's personal interests or the interests of any other entity to which the director provides services. In the event a director becomes aware of any potential corporate opportunity that the director believes would have any direct or indirect value to us, the director is required to advise the Chief Executive Officer or the Board of Directors of the opportunity. In addition, each director will notify the Board of Directors of any outside board seats, public or private, on which the director has agreed to serve. Related party transactions in which a director may be involved are subject to the review of the Audit Committee.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

We currently maintain two compensation plans that provide for the issuance of our common stock to officers and other employees, directors and consultants. These consist of the 2005 Plan and Purchase Plan, which have been approved by our stockholders. The Purchase Plan was adopted by our Board of Directors in January 1999, and was approved by our stockholders in February 1999. The 2005 Plan replaces the 1996 Plan, the 2000 Plan and the 2001 Plan. The 2005 Plan expressly provides that, without the approval of a majority of the votes cast in person or by proxy at a meeting of our stockholders, the administrator of the 2005 Plan (the Compensation Committee or other committee or subcommittee of the Board of Directors or, in the absence of a committee, the Board of Directors) may not provide for either the cancellation of outstanding options or stock appreciation rights in exchange for the grant of new options or stock appreciation rights at a lower exercise price or the amendment of outstanding options or stock appreciation rights to reduce the exercise price.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our executive officers, directors and persons who beneficially own more than 10% of our common stock to file initial reports of beneficial ownership and reports of changes in beneficial ownership with the SEC. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms filed by such person. Ernst & Young LLP, our independent registered public accounting firm, is responsible for expressing opinions on our annual financial statements and our internal control over financial reporting as of the end of the fiscal year. It is not the duty or responsibility of the Audit Committee or its members to conduct any type of auditing or accounting review or procedure, and each member of the Audit Committee relies on the integrity of those persons and organizations within and outside the Company from whom it receives information and the accuracy of the financial and other information provided to the Audit Committee.

The members of the Audit Committee during the fiscal year ended June 29, 2008 were Messrs. Charles Carinalli, Bob L. Corey, Harry Silverglide and John C. Shoemaker. The Audit Committee has discussed and reviewed with the independent auditors all matters required to be discussed under Statement on Auditing Standards No. 61, *Communication with Audit Committees*, SEC rules and other professional standards. The Audit Committee has received from the independent auditors a formal written statement describing all relationships between the auditors and the Company that might bear on the auditors' independence consistent with Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, discussed with the independent auditors any relationships that may impact their objectivity and independence, and satisfied itself as to the independent auditors' independence.

The Audit Committee discussed with our independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their audit of our financial statements and our internal control over financial reporting as of the end of the fiscal year, our internal audits and the overall quality of our financial reporting. Additionally, the Audit Committee has discussed and reviewed with management the audited financial statements and management's report on internal control over financial reporting as of the end of the fiscal year.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended June 29, 2008 for filing with the SEC. The Audit Committee and the Board of Directors have also recommended ratification of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending June 28, 2009.

I. PURPOSE

This Charter specifies the scope of the responsibilities of the Compensation Committee (the "Committee") of the Board of Directors (the "Board") of Extreme Networks, Inc. (the "Company") and the manner in which those responsibilities shall be performed, including its structure, processes and membership requirements.

The primary purpose of the Committee is to discharge the Board's responsibilities relating to compensation and benefits of the Company's directors and officers, including responsibility for evaluating and reporting to the Board on matters concerning management performance, director and officer compensation and benefits plans and programs. In carrying out these responsibilities, the Committee shall review all components of executive officer and director compensation for consistency with the Company's compensation philosophy.

II. ORGANIZATION AND MEMBERSHIP REQUIREMENTS

The Committee shall be comprised of at least three directors selected by the Board, each of whom shall satisfy the independence requirements of NASDAQ. No director shall serve as a member of the Committee if the director has been part of an interlocking directorate in which the Chief Executive Officer or another executive officer of the Company serves on the compensation committee of another company that employs that director.

The members shall be appointed by the Board upon recommendation of the Nominating and Corporate Governance Committee and shall serve until their successors are duly elected and qualified or their earlier resignation or removal. The Board may replace any member of the Committee based on a recommendation of the Nominating and Corporate Governance Committee. The Committee may delegate duties or responsibilities to subcommittees or to one member of the Committee from time to time, as appropriate.

A majority of the members present shall represent a quorum of the Committee, and if a quorum is present, any action approved by at least a majority of the members present shall represent the valid action of the Committee. Any actions taken by the Committee during any period in which one or more members fail for any reason to meet the membership requirements set forth above shall be nonetheless duly authorized actions of the Committee for all corporate purposes.

III. MEETINGS

The Committee shall meet as often as it deems appropriate to review the compensation of the executive officers and other employees of the Company, and otherwise perform its duties under this charter, but not less frequently than once each year.

The Committee shall maintain written minutes of its meetings, which minutes will be filed with the minutes of the meetings of the Board. The Committee will also record its summaries of recommendations to the Board in written form, which will be incorporated as part of the minutes of the Board meeting at which those recommendations are presented.

1. Oversee establishment and administration of the Company's benefit, incentive-based and equity-based compensation programs.

3. Review and approve the annual base salary and any incentive-based or equity-based compensation of the Chief Executive Officer. The salary and compensation shall be based on the Committee's annual evaluation of the performance of the Chief Executive Officer in relation to the established goals and objectives, and shall be determined in consideration of the Company's performance and relative stockholder return, the value of similar incentive awards to Chief Executive Officers at comparable companies, and the awards given to the Company's Chief Executive Officer in past years. The Chief Executive Officer may not be present during such voting or deliberations.
4. Review and approve the annual base salary and any incentive-based or equity-based compensation of all of the Company's other executive officers.
5. Review and approve all employment, severance, or change-in-control agreements, special or supplemental benefits, or provisions including the same, applicable to executive officers or directors.
6. Periodically review and advise the Board concerning both regional and industry-wide compensation practices and trends in order to assess the adequacy and competitiveness of the Company's executive compensation programs among comparable companies in the Company's industry.
7. Have the authority to obtain assistance from benefits consultants, legal counsel, accounting or other advisors as needed to provide independent advice with respect to current or proposed executive compensation and employee benefit programs, and to determine the retention terms of and fees paid to such consultant or advisor. The fees and costs of such consultant or advisor shall be borne by the Company.
8. Perform such other functions and have such other powers as may be necessary or convenient to the efficient discharge of the foregoing, including the formation and delegation of authority to subcommittees when appropriate.
9. Report to the Board of Directors regarding the foregoing, and record summaries of its recommendations to the Board in written form that will be incorporated as a part of the minutes of the Board of Directors. The Committee shall issue at least one report to the Board annually.
10. Produce an annual report on executive compensation for inclusion in the Company's proxy statement, in accordance with applicable rules and regulations.
