IMPORTANT NOTICE REGARDING AVAILABILITY OF PROXY MATERIALS

We are using the Internet as our primary method of furnishing proxy materials to stockholders under the new rules of the U.S. Securities and Exchange Commission for notice and access of proxy material. Therefore, most stockholders will not receive paper copies of our proxy materials. Instead we will send these stockholders a Notice of Internet Availability of Proxy Materials with instructions for accessing the proxy materials and voting by use of the Internet. The Notice of Internet Availability of Proxy Materials also informs stockholders how to get paper copies of our proxy materials if they wish to do so. We believe this method of proxy distribution will make the proxy distribution process more efficient, less costly, and will contribute to the conservation of natural resources. If you previously elected to receive our proxy materials electronically, these materials will continue to be sent via email unless you change your election.

The Notice and Proxy Statement and Annual Report on Form 10-K are available at www.proxyvote.com.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD MAY 27, 2009

ABOUT THE MEETING

These proxy materials are provided in connection with the solicitation of proxies by the Board of Directors of Odyssey Marine Exploration, Inc., a Nevada corporation, for use at the Company's Annual Meeting of Stockholders to be held at the Quorum Hotel Tampa, 700 North Westshore Boulevard, Tampa, Florida, on May 27, 2009, at 9:30 a.m., Eastern Daylight Time, and at any adjournment thereof. It is anticipated that these proxy materials, or a Notice of Internet Availability of Proxy Materials, will be mailed on or about April 14, 2009, to stockholders entitled to vote at the annual meeting. When we refer to our company in this proxy statement we frequently use *we*, *us*, or *our* but also sometimes refer to our company as *Odyssey* or the *Company*.

The expense of soliciting proxies, including the cost of preparing, assembling and mailing this Proxy Statement, will be borne by the Company. It is anticipated that solicitations of proxies for the meeting will be made only by use of the mails; however, the Company may use the services of its directors, officers and employees to solicit proxies personally or by telephone, without additional salary or compensation to them. Brokerage houses, custodians, nominees and fiduciaries will be requested to forward the proxy soliciting materials to the beneficial owners of the Company's shares held of record by such persons, and Odyssey will reimburse such persons for their reasonable out-of-pocket expenses incurred by them in that connection.

Why are these materials being made available to me?

We are making these proxy materials available to you because our Board of Directors is soliciting your proxy to vote at our Annual Meeting of Stockholders to be held on May 27, 2009. You are invited to attend the annual meeting, and we request that you vote on the proposals described in this Proxy Statement. You do not need to attend the meeting to vote your shares. Instead, you may simply follow the instructions below to submit your proxy on the Internet. Alternatively, if you requested and received a printed copy of these materials by mail, you may also complete, sign and return the accompanying proxy card or follow the instructions below to submit your proxy by phone.

We intend to mail proxy materials or a Notice Regarding the Availability of Proxy Materials (sometimes referred to as the *Notice*), to all stockholders of record entitled to vote at the annual meeting on or about April 14, 2009. The Notice will instruct you as to how you may access and review all of the important information contained in the proxy materials. The Notice will also instruct you as to how you may submit your proxy on the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

What is the purpose of the meeting?

Edgar Filing: ODYSSEY MARINE EXPLORATION INC - Form DEF 14A

At the meeting, stockholders will act upon the matters outlined in the Notice of Annual Meeting that is attached to this Proxy Statement. These matters include the election of directors and the transaction of any other business that may properly come before the meeting. The Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2008, is being made available simultaneously to our stockholders, but does not constitute part of these proxy soliciting materials.

Table of Contents

Who is entitled to vote at the meeting?

All voting rights are vested exclusively in the holders of our common stock, par value \$0.0001 per share, with each share entitled to one vote on all matters to be voted upon at the meeting. Only stockholders of record at the close of business on March 30, 2009, are entitled to notice of and to vote at the meeting or any adjournment thereof. On March 30, 2009, we had 52,664,994 shares of common stock outstanding. Cumulative voting in the election of Directors is not permitted.

How many shares must be present to establish a quorum?

A majority of Odyssey's outstanding common stock represented in person or by proxy shall constitute a quorum at the meeting. Shares represented by a properly signed and returned proxy will be treated as present at the annual meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote. Likewise, stock represented by broker non-votes will be treated as present for purposes of determining a quorum. Broker non-votes are proxies with respect to shares held in record name by brokers or nominees, as to which instructions have not been received from the beneficial owners or persons entitled to vote and the broker or nominee does not have discretionary voting power under applicable national securities exchange rules or the instrument under which it serves to vote such shares on that matter.

How do I vote?

Stockholders of Record: Shares Registered in Your Name

As an alternative to voting in person at the annual meeting, stockholders whose shares are registered in their own names may vote without attending the annual meeting by telephone, over the Internet, or by mail as described below:

VOTE BY INTERNET - www.proxyvote.com

You can transmit your voting instructions up until 11:59 P.M. Eastern Daylight Time on May 26, 2009, by telephone following the instructions on your Proxy Card.

ELECTRONIC DELIVERY OF FUTURE PROXY MATERIALS

If you would like to reduce the costs incurred by our Company in mailing proxy materials, you can consent to receiving all future proxy statements, proxy cards and annual reports electronically via e-mail or the Internet. To sign up for electronic delivery, please follow the instructions above to vote using the Internet and, when prompted, indicate that you agree to receive or access proxy materials electronically in future years.

Beneficial Owners: Shares Held in Street Name

It will also tell you how to request a paper or e-mail copy of our proxy materials.

As noted above, if you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposals on which your broker does not have discretionary authority to vote. If you hold shares through a bank or brokerage firm and wish to be able to vote in person at the annual meeting, you must obtain a legal proxy from your brokerage firm, bank or other holder of record and

Edgar Filing: ODYSSEY MARINE EXPLORATION INC - Form DEF 14A

present it to the inspector of elections with your ballot. Stockholders who have elected to receive the 2009 proxy materials electronically will receive an email on or about April 14, 2009, and no later than April 20, 2009, with information on how to access stockholder information and instructions for voting.

Table of Contents

TO REQUEST PAPER COPIES OF PROXY MATERIALS: If you want to receive a paper or e-mail copy of these documents, you must request one. There is no charge to you for requesting a copy. Please make your request for a copy on or before May 13, 2009, to facilitate timely delivery. Please choose one of the following methods to make your request: (1) BY INTERNET: www.proxyvote.com; (2) BY TELEPHONE: 1-800-579-1639; (3) BY EMAIL: sendmaterial@proxyvote.com. NOTE: Include the 12 Digit Control Number located on the Notice in the subject line of your email.

Can I change my vote after submitting a Proxy?

You may revoke or change a previously delivered proxy at any time before the annual meeting by delivering another proxy with a later date, by voting again via the Internet or by telephone, or by delivering written notice of revocation of your proxy to Odyssey's Secretary at our principal executive offices before the beginning of the annual meeting. You may also revoke your proxy by attending the annual meeting and voting in person, although attendance at the annual meeting will not, in and of itself, revoke a valid proxy that was previously delivered. If you hold shares through a bank or brokerage firm, you must contact that bank or brokerage firm to revoke any prior voting instructions. You may also vote in person at the annual meeting if you obtain a legal proxy as described above.

Regardless of how your shares are held and whether or not you plan to attend the annual meeting, we encourage you to vote by proxy to ensure that your vote is counted. Please note that you may still attend the annual meeting and vote in person even if you have already voted by proxy.

Information about attending the Annual Meeting.

If you plan to attend the meeting, please bring the following:

1. Proper identification containing recent photograph such as a driver's license or passport. We may inspect your bags or packages, and we may require you to check them and in some cases, we may not permit you to enter the meeting with them.
2. Acceptable Proof of Ownership if your shares are held in Street Name.

Street Name means your shares are held of record by brokers, banks or other institutions.

Acceptable Proof of Ownership is (a) a letter from your broker stating that you owned Odyssey Marine Exploration, Inc. stock on the record date or (b) an account statement showing that you owned Odyssey Marine Exploration, Inc. stock on the record date.

What is the voting requirement to approve each of the proposals?

The election of directors requires the affirmative vote of a plurality of the votes cast by shares represented in person or by proxy and entitled to vote for the election of directors. This means that the nominees receiving the most votes from those eligible to vote will be elected. You may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. Accordingly, votes withheld or broker non-votes as to the election of directors will not affect the election of the candidates receiving the plurality of votes.

An affirmative vote of the majority of the shares of common stock represented and entitled to vote at the meeting, assuming a quorum is present, is necessary for the approval of other matters. For other matters, broker non-votes are not included in the vote totals. If you grant a proxy, the persons named as proxy-holders will have the discretion to vote your shares on any additional matter properly presented for a vote at the meeting. We are not aware of any other business to be acted upon at the meeting.

ELECTION OF DIRECTORS Proposal 1

The Board of Directors currently consists of six members. The Board of Directors recommends the election as directors of the six nominees listed below, to hold office until the next Annual Meeting of Stockholders and until their successors are elected and qualified or until their earlier death, resignation or removal. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Oversight of Executive Compensation Plan

The Compensation Committee of our Board of Directors oversees our executive compensation program. This includes compensation paid to our Chief Executive Officer and all other officers named in the Summary Compensation Table. Our Compensation Committee is made up of independent, non-management members of our Board of Directors. The Compensation Committee is responsible for reviewing, assessing and initially approving all elements of compensation for our named executive officers. Compensation recommendations from the Compensation Committee are submitted to the full Board of Directors for approval.

Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during 2008, as well as the other individuals included in the Summary Compensation Table, are referred to as the named executive officers. The Company has not entered into employment agreements with any of the named executive officers.

Role of the Executive Officers in Compensation Decisions

The Chief Executive Officer assesses the performance of the named executive officers. He then recommends to the Compensation Committee a base salary, performance-based incentives and long-term equity awards at levels for each named executive officer, including himself, based upon that assessment. The Chief Financial Officer supports the Chief Executive Officer in providing appropriate analyses, peer group reviews and coordination with any outside consultants which may be retained to review the executive compensation program.

General Executive Compensation Philosophy

We have adopted a compensation program designed to attract, motivate and retain key executive employees, to drive business success and to create long-term stockholder value. We compensate our executive officers with base salary, annual incentive compensation and long-term equity compensation planned to be competitive in the marketplace and to align our executive officers with the financial interest of our stockholders. We have designed our compensation program to balance short-term and long-term financial objectives, to encourage building stockholder value and to reward individual and company performance. We target base salary at levels to attract and retain qualified individuals, to encourage long-term commitments and to discourage turnover of key personnel. Annual incentive compensation is paid to reward executives for company and personal achievement. The long-term equity component of compensation is designed to encourage our executives to think like stockholders by taking a long-term interest in the financial success of the Company and to encourage retention through vesting provisions of long-term incentives. We also target annual incentive awards and long-term equity awards to be a greater part of the compensation package. Since our Company is still operating at a loss, we take into account our ability to pay as a factor when determining base or incentive compensation that is to be paid in cash. The Compensation Committee considers the use of cash and the current financial conditions of the Company when approving cash-based compensation. In certain cases it may be necessary to pay annual incentive award compensation in equity depending upon the Company's current situation.

General Stock Option Award Philosophy

Stock options are awarded to strengthen the relationship between the long-term value of our stock and potential financial incentives to our executive officers. These awards only become valuable if the recipient continues to be employed by us and if the value of our common stock rises to a level above the option exercise price established by the Compensation Committee on the grant date of the award. Stock options can vest based on time or time plus performance; however, we do not use market related targets in any stated performance criteria. While our Compensation Committee can set option prices as low as the fair market value on the date of grant, we have at times awarded options at a premium over fair market value as an incentive to our executive officers to strive for long-term improvement in the financial condition of our Company.

When stock options are awarded to officers as part of our compensation plan, the awards are to be granted as close to January 1st each year as is reasonably practical for the members of the Compensation Committee and the Board of Directors. The awards are made as early as practical in the year so that the time associated with any performance criteria is maximized. This practice avoids market timing of the grant of options around expected news releases.

Setting Executive Compensation and Market Compensation Assessment

2008 Market Assessment

For benchmarking the 2008 executive compensation program, we used the same peer group of companies that we used for 2007. This peer group included 26 companies obtained from the Bloomberg database of AMEX and NASDAQ companies with \$125 - \$175 million in market capitalization and under \$10 million in revenue. Because Odyssey's market capitalization had doubled since the time of our 2007 program review, we also evaluated a new Bloomberg listing of 13 companies that had between \$150 - \$300 million in market capitalization for the biomedical industry and under \$10 million of revenues. Based upon our analyses of the two separate peer groups, we decided to maintain consistency by using the original peer group used for 2007, even though the results for the new peer group had higher annual base compensation. The result of our evaluation identified the following 26 peer group companies:

Altair Nanotechnologies Inc.	Grubb & Ellis Realty Advisors Inc.
Anadys Pharmaceuticals Inc.	Hemispherx BioPharma Inc.
Astrom Biosciences Inc.	Hollis-Eden Pharmaceuticals Inc.
Arrowhead Research Corp.	Idaho General Mines Inc.
Artes Medical Inc.	InSite Vision Inc.
AVI BioPharma Inc.	Interleukin Genetics Inc.
Cytori Therapeutics Inc.	Medicsight Inc.
CytRx Corp.	Microvision Inc.
Depomed Inc.	Oxigene Inc.
Discovery Laboratories Inc.	Pure Cycle Corp.
Document Security Systems Inc.	Repros Therapeutics Inc.
Dune Energy Inc.	Telkonet Inc.
Emisphere Technologies Inc.	Threshold Pharmaceuticals Inc.

The characteristics of the above peer group include high market capitalization (peer group average \$143 million), low revenue (peer group average \$4.3 million) and negative earnings per share. These characteristics are indicative of companies with long-term growth prospects and market value potential. It was our opinion this peer group could continue to be utilized to benchmark executive compensation for Odyssey. While benchmarking may not always be appropriate as a stand-alone tool for setting compensation due to the aspects of our business and objectives that may be unique to us, we generally believe that gathering this type of information and providing it to the Compensation Committee is an important part of our executive compensation decision-making process.

Components and Results of the 2008 Compensation Plan

Base salary

Base salary is intended to provide our executive officers with a level of assured cash compensation that is reasonably competitive in the marketplace. It is based on the individual's qualifications and experience with the Company, past performance taking into account all relevant criteria, value to the Company, the Company's ability to pay and relevant competitive market data. Because our revenue is less than \$10 million and our Company is not profitable, we believe cash compensation should be between the first quartile and midpoint of the range and annual performance-based incentives and long-term incentives should be at the higher end of the recommended ranges. The base salary ranges for the named executive officers were established based upon the competitive and benchmarking data from the peer group whereby the average peer group base salary became the midpoint of the salary range.

Results for 2008. Compensation ranges were established to coincide with the results of the peer group review compensation analysis for each of the named executive officer positions. Average base salary for the peer group companies became the 50th percentile of the compensation range.

Table of Contents

The following identifies the 2008 50th percentile of the compensation range for each named executive officer as of January 2008:

Position	Base Salary 50th Percentile 2008
Chief Executive Officer	\$ 385,000
President and Chief Operating Officer	\$ 255,000
Chief Financial Officer	\$ 255,000
Secretary/Treasurer	\$ 175,000
VP Communications	\$ 140,000

Base salaries for our named executive officers, which were near or below the recommended minimum of the salary range for 2007, were increased to better align with the results of the peer group analysis for 2008. As a result, base salaries generally remained below the 50th percentile of our peer group companies.

Name	Position	Base Salary January 2008	2008 Range Penetration
Gregory P. Stemm	Chief Executive Officer	\$ 350,000	34%
Mark D. Gordon	President and Chief Operating Officer	\$ 215,000	25%
Michael J. Holmes	Chief Financial Officer	\$ 215,000	25%
David A. Morris	Secretary/Treasurer	\$ 160,000	31%
Laura L. Barton	VP Communications	\$ 120,000	17%

Annual Incentive Compensation and Targets

Annual incentive compensation is intended to provide a component of total cash compensation that represents an award for meeting corporate key objectives or for achievement of strategic objectives. Annual incentive compensation is expressed as target amounts that can be earned as a percentage of base salary. The amount of these targets are based on the individual's qualifications and experience with the Company, past performance of duties, value to the Company, and the Company's ability to pay. For all named executive officers, the annual incentive targets are weighted 75% toward the ability to meet key performance indicators of the Company and 25% toward attainment of individual strategic objectives. An executive's individual strategic objectives are defined based upon the contribution such executive's role and expertise can bring on achieving the Company's overall strategic objectives.

Attainment of Company key performance indicators, which comprise 75% of the annual incentive awards, are based upon four separate categories that include revenue, recovered cargo, earnings per share and overall cash flow. Within each category several performance threshold targets were established whereby relative ranges of target incentives could be achieved. Relative levels of target incentive for revenue and recovered cargo key performance indicators ranged from 0% to 60% for each category. Relative levels of target incentives for earnings per share and cash flow ranged from 0% to 40% for each category. In order to achieve the upper range percentages of target incentives, significant stretch performance levels would need to be achieved. For example, to achieve 60% of target incentive, revenue would need to be greater than \$20 million or recovered cargo would need to be greater than \$50 million; to achieve 40% of target incentive, earnings per share would need to be positive or cash flow from operations would need to be greater than budget. While the sum of the various key performance indicator categories could be over 100%, the intent was that named executive officers could achieve at or near target incentives by achieving stretch performance levels in only several categories, or above average levels for all four categories.

While it is intended that the Compensation Committee will follow the incentive award guidelines, the Committee has the discretion to increase or decrease the amounts based upon extenuating or unforeseen circumstances, or to deny annual incentive awards whether or not performance targets are achieved, as it deems appropriate. The attainment of individual strategic objectives is evaluated by the Compensation Committee based upon a report by the Chief Executive Officer. The overall annual incentive award is determined following a review of the performance of each named executive officer relative to the strategic objectives and the attainment of the Company's key performance indicators. There is no maximum amount established and the incentive awards are at the discretion of the Compensation Committee.

Table of Contents

The Chief Executive Officer evaluates the Company's performance with the assistance of the Chief Financial Officer and evaluates the individual performance for all officers other than himself. Based upon review of these factors, he provides the Compensation Committee with his recommendations. The Compensation Committee reviews the performance and assessment of the Company and each executive officer and then evaluates the Chief Executive Officer's performance.

Incentive Awards for 2008. The Board of Directors, as recommended by the Compensation Committee, decided that officers would not receive any annual incentive compensation/bonuses for 2008 because of the existing economic climate even though the named executive officers qualified for approximately 30% of the target bonus which primarily consisted of meeting their individual strategic objectives. The following table identifies the target award as a percentage of base salary for each named executive in accordance with the executive compensation plan, the weighting between Company and individual performance, and the actual incentive awarded based upon the recommendation of the Compensation Committee.

Name	Position	Target Award as % Salary	Company Performance Weighting	Individual Performance Weighting	Incentive Awarded as % Salary
Gregory P. Stemm	Chief Executive Officer	80%	75%	25%	0%
Mark D. Gordon	President and Chief Operating Officer	60%	75%	25%	0%
Michael J. Holmes	Chief Financial Officer	60%	75%	25%	0%
David A. Morris	Secretary/Treasurer	60%	75%	25%	0%
Laura L. Barton	VP Communications	40%	75%	25%	0%

Long Term Incentive Targets and Awards

Long-Term Incentive Awards for 2008. Long-term incentive targets are intended to provide an equity component of total compensation in the form of stock options or restricted stock that vest based on time, performance or both. The value of these targets is set by the Compensation Committee based on the individual's qualifications and experience with the Company, past performance of duties, and value to the Company. The following table represents the target long-term incentive award expressed as a percentage range of base salary.

Name	Position	Target Long-Term Incentive Award as a % of Base Salary	Actual Long-Term Incentive Award as a % of Base Salary
Gregory P. Stemm	Chief Executive Officer	125% - 150%	119%
Mark D. Gordon	President and Chief Operating Officer	75% - 100%	78%
Michael J. Holmes	Chief Financial Officer	75% - 100%	78%
David A. Morris	Secretary/Treasurer	75% - 100%	78%
Laura L. Barton	VP Communications	50% - 75%	56%

Long-term incentive equity awards were granted in May 2008 for all named executive officers. The long-term incentive awards were restricted stock which were valued based upon the stock price at the date of grant. These awards are summarized on the Grants of Plan-Based Awards table included herein.

Table of Contents**Summary of 2009 Executive Compensation Program**

The executive compensation program for 2009 utilized a similar process and the same peer group as in 2008 to determine target ranges for executive compensation. We looked at our existing peer group with revenue less than \$10 million and market capitalization of \$125- \$175 million. The analysis resulted in an increase to the midpoint of the salary range of 5%. The following identifies the 2009 50th percentile of the compensation range for each named executive officer versus 2008:

Position	Base Salary 50th Percentile	
	2008	2009
Chief Executive Officer	\$ 385,000	\$ 405,000
President and Chief Operating Officer	\$ 255,000	\$ 270,000
Chief Financial Officer	\$ 255,000	\$ 270,000
Secretary/Treasurer	\$ 175,000	\$ 184,000
VP Communications	\$ 140,000	\$ 147,000

Although the midpoint salary ranges were increased 5%, the Board of Directors, as recommended by the Compensation Committee, decided not to recommend any salary increases for 2009 at this time for all officer positions due to the existing economic climate.

Annual incentive targets and long-term equity targets remained at the same percentage of base salary as in 2008. Company and individual key performance criteria did not change in 2009.

Retirement Plans and All Other Compensation

We do not have any deferred compensation or retirement plan at this time. During 2008, we did not pay perquisites exceeding \$10,000 in the aggregate to our Chief Executive Officer or other named executive officers. Our named executive officers participated in non-discriminatory life and health insurance plans as all other employees. The Company does not currently have employment agreements in effect with any of its named executive officers. However, Mr. John C. Morris retired as Chief Executive Officer and Chairman of the Board on January 2, 2008, and entered into a consulting agreement with the Company. Since January 2, 2008, he no longer participated in our executive compensation plan. The details of his consulting arrangement are discussed in Certain Relationships and Related Transactions.

- (1) Restricted stock awards were approved by the Board of Directors on January 12, 2008, for the named executive officers provided that the amendments to the 2005 Stock Incentive Plan were approved by stockholders at the Annual Meeting of Stockholders on May 7, 2008. Each award would vest in 1/3 of the number of shares granted on each of December 31, 2008, 2009 and 2010. If the amendments to the 2005 Stock Incentive Plan were not approved by the stockholders, the awards would be forfeited. The amendments to the 2005 Stock Incentive Plan were approved on May 7, 2008, and the awards were then deemed to be granted.
- (2) Upon his retirement on January 2, 2008, the Board of Directors accelerated the vesting of all non-vested stock options held by Mr. John Morris. All other terms of the options remained the same. The amounts shown are the incremental costs calculated in accordance with FAS 123(R) associated with the modification of the options.
- (3) The amounts reported for restricted stock awards reflect the aggregate dollar amount for financial statement reporting purposes to be recorded over the vesting life of the awards in accordance with FAS 123(R). For each restricted stock award, fair value was the closing price of the common stock on the date of grant. These amounts reflect the aggregate accounting fair value on the date of grant and do not correspond to the actual value that may be recognized by the named executive officers.

The Summary Compensation Table and Grants of Plan-Based Awards table provide details of cash and non-cash compensation reportable for our named executive officers. The tables include the base salaries paid to our named executive officers and compensation cost calculated under FAS 123(R) attributed to the vesting of the long-term component of executive compensation during the year. Even though accomplishment of personal objectives would have allowed discretionary bonus amounts under our compensation plan, none of our named executive officers received a bonus or performance-based incentive award during 2008. The below table indicates the ratios of base salary, compensation expense for vesting of stock options and awards, and all other compensation to total compensation.

Our former Chief Executive Officer, John C. Morris, retired on January 2, 2008, and entered into a three-year consulting agreement. In accordance with the agreement, he was paid a total of \$716,352 which included a one-time payment of \$325,000. He agreed to not compete with the Company and to provide ongoing consulting at the direction of the Chief Executive Officer. In addition, the vesting of stock options held by Mr. Morris was accelerated on January 2, 2008, resulting in an incremental non-cash expense of \$503,050. For all of our other named executive officers, salary and life insurance premiums were paid in cash. The vesting expense for each named executive officer depended on the number of options vesting during the year and the fair value of such options on the date of grant. These amounts reflect the aggregate accounting fair value on the date of grant and do not correspond to the actual value that may be recognized by the named executive.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

None of our named executive officers have an employment contract or agreement, whether written or unwritten, that provides for payments at, following, or in connection with a change-in-control of the Company or termination of employment, except for Mr. John C. Morris, who retired on January 2, 2008, as discussed below and in Certain Relationships and Related Transactions. Under our Amended and Restated 2005 Stock Incentive Plan, the Compensation Committee has the discretion, but not the obligation, to accelerate the vesting or to compensate holders of otherwise unvested stock incentives in the event of a change-in-control. Only options or restricted stock awards granted during 2006 and later are subject to potential acceleration of vesting under a change-in-control and only if these incentives are not assumed by the entity taking control.

At December 31, 2008, our closing stock price was \$3.22 per share, which is below the per share option exercise price of all of the stock options issued to our named executive officers that could have become immediately exercisable due to a change-in-control if the Compensation Committee acted to accelerate the vesting. Since all of the options were out of the money, none would have been exercisable, and no expense would have been recognized from accelerating the vesting of stock options due to a change-in-control at December 31, 2008. At December 31, 2008, there were unvested restricted stock awards having a value of \$422,889 that could have been purchased by the Company in cash or in stock in the event of a change-in-control at the discretion of the Compensation Committee. The number and value of such restricted stock awards is shown in the 2008 OUTSTANDING EQUITY AWARDS AT FISCAL YEAR END table. The amounts shown are the cost that would have been recognized by the Company in the event of a change-in-control on December 31, 2008, if the Compensation Committee approved compensating each officer for the outstanding restricted stock awards shown.

Pursuant to a transition agreement entered into on January 2, 2008, Mr. John Morris retired from the Board of Directors and from the Company as Chief Executive Officer. Under the terms of the transition agreement in the event there had been a change-in-control at December 31, 2008, Mr. Morris would have been due \$650,000.

DIRECTOR COMPENSATION

The following table sets forth certain information regarding the compensation paid to directors for 2008. The Compensation Committee used the same peer group as was used for executive officers to benchmark total compensation for directors.

Table of Contents**2008 DIRECTOR COMPENSATION**

Name	Fees Earned or Paid in Cash (\$)	Stock Awards (\$ (1))	Option Awards (\$ (2))	All Other Compensation (\$ (3))	Total (\$)
Bradford B. Baker	\$ 66,500	\$	\$ 25,760		\$ 92,260
Dr. David J. Bederman	\$ 61,500	\$	\$ 40,524	\$ 96,000	\$ 198,024
George Knutsson	\$ 75,000	\$	\$ 29,785		\$ 104,785
Dr. David J. Saul	\$ 17,500	\$ 42,500	\$ 21,735		\$ 81,735

- (1) Dr. Saul elected to receive restricted stock for the full amount of his annual retainer for 2008. The number of shares awarded was determined by dividing the amount otherwise due in cash on the first date of each quarter by the price of our common stock on that date. He received 8,816 shares of common stock for \$42,500 worth of services. The stock was restricted until the end of the service period.
- (2) Each independent director received a stock option as the equity component of annual compensation for 2008. The amounts shown are the fair value as determined under FAS 123(R) of the options granted. The number of options granted to each was based on the additional duties as Lead Director in the case of Dr. Bederman and Committee Chairpersons in the cases of Messrs. Knutsson and Baker. The stock options were granted from the Amended and Restated 2005 Stock Incentive Plan on January 2, 2009, as follows:

Non-Employee Director	Options	Exercise Price	Termination Date
Mr. Baker	16,000	\$ 3.51	12/31/2013
Dr. Bederman	25,170	\$ 3.51	12/31/2013
Mr. Knutsson	18,500	\$ 3.51	12/31/2013
Dr. Saul	13,500	\$ 3.51	12/31/2013

- (3) Dr. Bederman was compensated for legal service in the amount shown for 2008. At December 31, 2008, Dr. Saul held 8,000 stock options. No other options or unvested stock awards were outstanding for the non-employee directors. However, the expense associated with the options in note 2 above was accrued for 2008 as reflected in the Option Awards column of the 2008 Director Compensation table.

Compensation of Directors

For the year ended December 31, 2008, our outside directors were compensated according to the following structure:

Each outside director received \$40,000 annually as a retainer. Additional annual retainers were paid as follows for the chairmanship of committees:

Audit Committee Chairman	\$ 10,000
Compensation Committee Chairman	\$ 5,000
Governance Committee Chairman	\$ 5,000

Edgar Filing: ODYSSEY MARINE EXPLORATION INC - Form DEF 14A

Each director has the option to receive cash or common stock for the amount of retainers. Retainers are paid quarterly in advance unless stock is awarded. When stock is awarded, the number of shares is calculated by dividing the dollar amount otherwise due in cash by the fair market value of the stock on the first day of each quarter when cash payments are due. The stock is restricted until the service period ends.

Table of Contents

In addition, outside directors received \$1,000 per meeting attended on behalf of the Board of Directors including full board meetings, and audit committee, governance committee and compensation committee meetings.

Meetings attended telephonically earned compensation of \$500 for attendance.

Committee chairmen received an additional \$1,000 per meeting over which they presided.

A discretionary equity compensation payment was awarded to each independent director for 2008 in the form of a stock option grant on January 2, 2009, under the Company's Amended and Restated 2005 Stock Incentive Plan.

We do not pay amounts that would be classified as perquisites or other compensation to our directors, and there are no existing or potential change-of-control, retirement or legacy obligations.

Directors were reimbursed for out-of-pocket expenses in connection with attending meetings of the Board of Directors or committees.

Directors will be compensated for 2009 under the same terms as for 2008 except that the equity award component of director compensation will be determined at the discretion of the Compensation Committee.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on a review of Forms 3 and 4 and amendments thereto furnished to the Company during the fiscal year ended December 31, 2008, and Form 5 and amendments thereto furnished to the Company with respect to the fiscal year ended December 31, 2008, and certain written representations, no persons who were either a director, executive officer or beneficial owner of more than 10% of the Company's Common Stock, failed to file on a timely basis reports required by Section 16(a) of the Exchange Act during the fiscal year ended December 31, 2008.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policy on Review, Approval or Ratification of Transactions with Related Parties

On March 6, 2007, our Board of Directors adopted the following policy governing transactions with related parties.

Transactions involving related parties present a risk to us of being improperly valued or of exposing us to conflicts of interest. To reduce the potential for these risks the Board has adopted this policy which must be followed in connection with all related party transactions involving us or our subsidiaries when the dollar amount of the transaction or a series of similar related transactions exceeds or is expected to exceed \$120,000 during a fiscal year. All completed or proposed related party transactions are to be reported to the Company's Disclosure Committee no later than the end of the current quarter and the Committee will present the transactions or proposed transactions to the Board of Directors for review, ratification or approval.

Related party transactions may be entered into or continued only if approved as follows:

If the related party transaction is in the normal course of our business and is (a) entered into on terms no less favorable to us than those generally being provided to or available for unrelated third parties, or (b) is fair to us in taking into account the totality of the relationships between the parties involved including other transactions that may be particularly favorable or advantageous to us, then the CEO or CFO may approve the transaction, provided the approving individual is not a party to the transaction. Such transactions will then be presented to the disinterested members of the Board of Directors for ratification.

Any other related party transaction may only be approved by a majority of the disinterested Board of Directors.

Prior to this, related party transactions were reviewed by the Board of Directors as these transactions were contemplated or occurred.

Pursuant to a transition agreement entered into on January 2, 2008, John C. Morris retired from the Board of Directors and from the Company as Chief Executive Officer. Mr. Morris received a cash separation payment of \$325,000. Also, options to purchase 225,000 shares of the Company's common stock at various exercise prices originally scheduled to be fully vested by January 26, 2009, became vested on January 2, 2008. Options to purchase an aggregate of 362,500 shares of common stock previously granted to Mr. Morris remain exercisable until their original termination dates. The expense computed under FAS 123(R) of modifying the option agreements outstanding amounted to \$503,050. This amount reflects the aggregate accounting fair value and does not correspond to the actual value that may be recognized by Mr. Morris.

To compensate Mr. Morris for his consulting services and for a non-competition covenant set forth in the transition agreement, during each year of the three-year transition period, Mr. Morris is entitled to compensation in an amount equal to the greater of \$325,000 or 4.0% of the aggregate value of any debt or equity financing, merger, consolidations or similar transaction, sale or acquisition of assets, or new business venture or project obtained or consummated by Odyssey during the year; provided, however, that Mr. Morris shall have initiated or been substantially involved as determined by the Compensation Committee of the Company in the negotiation or implementation of any of the foregoing. Additionally, the Company has agreed to provide Mr. Morris with health benefits that currently cost less than \$500 per month.
