NOTES TO FINANCIAL STATEMENTS

NINE MONTHS ENDED MARCH 31, 2009

(A Development Stage Company)

(Unaudited)

**NOTE 1 BASIS OF PRESENTATION**

The accompanying financial statements of Veracity Management Global, Inc (the Company, VCMG) at March 31, 2009 have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in conformity with generally accepted accounting principles have been omitted or condensed pursuant to such rules and regulations. These statements should be read in conjunction with VCMG's audited financial statements and notes thereto included in VCMG's Form 10-K. In management's opinion, these interim unaudited interim financial statements reflect all adjustments (consisting of normal and recurring adjustments) necessary for a fair presentation of the financial position and results of operations for each of the periods presented. The accompanying unaudited interim financial statements for the nine months ended March 31, 2009 are not necessarily indicative of the results which can be expected for the entire year.

***Basis of Presentation***

The Company follows accounting principles generally accepted in the United States of America. Certain prior period amounts have been reclassified to conform to the March 31, 2009 presentation. On August 2, 2007, the Company's Board of Directors approved a 1 for 73 reverse split of the Company's common stock by Action of the Board and a majority of shareholders. All information related to common stock, warrants to purchase common stock and earnings per share have been retroactively adjusted to give effect to the stock split.

The statements of operations show the effect of a reclassification of the distribution of the subsidiary companies until July 1, 2008. The reclassification included all parts of the prior operations for both subsidiary companies as loss from discontinued operations for the prior reported period.

In the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary for a fair presentation of financial position and the results of operations for the interim periods presented have been reflected herein. The financial statements include the accounts of Veracity Management Global, Inc and the operations of Secured Financial Data, Inc and Veracity Management Group, Inc. are being reported as loss from discontinued operations. Any inter-company transactions have been eliminated as part of the transaction.

As a development stage company, the Company continues to rely on infusions of debt and equity capital to fund operations. The Company relies principally on cash infusions from its directors and affiliates, and paid a significant amount of personal services and salaries in the form of common stock.

**NOTE 2- GOING CONCERN**

Veracity Management Global, Inc.'s financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities and commitments in the normal course of business for the foreseeable future. Since inception, the Company has accumulated losses aggregating to \$ 4,121,703 and has insufficient working capital to meet operating needs for the next twelve months as of March 31, 2009, all of which raise substantial doubt about VCMG's ability to continue as a going concern.

**NOTE 3 COMMON STOCK TRANSACTIONS**

As part of a recession right in the merger agreement as of July 25, 2008 all of the shares that were issued as part of the merger of SFD and VMG, a total of 20,099,389 shares of Common stock were returned and cancelled except 750,000 issued in the SFD transaction.

In the third quarter of 2008 the company issued shares to the CEO and one of its directors totally 3,000,000 shares. These shares were issued to compensate the CEO and a director for services and expenses they have provided during the first two quarters of fiscal 2008 & 2009. The value of these services and expenses were determined to be \$50,000, based on the closing price of the Company's stock at the date of the issue.

**NOTE 4- DISCONTINUED OPERATIONS**

The information below does not include the reflection of the reverse merger discussed in note 3 above:

On July 1, 2006, Veracity Management Global, Inc. (VCMG) merged with Veracity Management Group, Inc. (VMG) and Secured Financial Data, Inc. (SFD). Pursuant to a Share Exchange Agreement, VCMG issued 22,583,038 shares of common stock in exchange for all the outstanding common stock of VMG(3,535,353 shares) and SFD (19,047,685 shares).

For accounting purposes, the merger was treated as a recapitalization of VCMG by SFD and a purchase of VMG by VCMG. Accordingly, the financial results presented for all periods prior to the merger date are those of SFD. This evaluation was conducted pursuant to the guidance in SFAS statement No. 141 as the former SFD shareholders have majority control of VCMG subsequent to the merger through majority voting interest, control the majority of the board of directors, and control the majority of all management decisions. VMG is a wholly owned subsidiary. SFD's equity structure was restated to adopt the equity structure of VCMG (73 shares of VCMG for each share of VMG and SFD). As of the merger date, the financial statements include the combined operating results, assets and liabilities of VCMG, VMG and SFD. Since VCMG was inactive prior to the merger, it is not expected to constitute a significant part of the ongoing business of the combined company.

VCMG issued a total of 22,583,038 shares of common stock as a result of the above transactions. 3,535,353 shares were issued to the shareholders of VMG resulting in total assets and liabilities of \$130,804 and \$49,169, respectively, at July 1, 2006. 19,047,685 shares were issued to the shareholders of SFD resulting in total assets and liabilities of \$62,418 and \$204,102, respectively, at July 1, 2006. As a result of the recapitalization, SFD's assets and liabilities are stated at historical cost. As a result of the business combination between VCMG and VMG, VMG's assets and liabilities are stated at fair market value which approximates historical cost.

The purchase price paid for VMG was \$25,810. This represented a discount to the book value of VMG of \$55,827. Pursuant to the terms of the agreement the majority shareholders of VCMG immediately prior to the merger have the option to receive an additional 20% equity ownership in VCMG or rescind the merger if certain financial benchmarks are not achieved by December 31, 2008. Consistent with the guidance in SFAS No. 141 we have recorded a liability of \$55,837 for the discounted price paid for VMG due to this possible contingency. On July 25, 2008, the Company's Board of Directors authorized the cancellation of 20,105,538 shares of common stock as part of the recession of the exchange agreement for the acquisitions of SFD and VMG. The recession was filed on July 7, 2008 and effective for July 1, 2008. As of July 1, 2008 the Registrant has no operating business and all operating components of VMG and SFD are included in the loss from discontinued operations for the Company for the periods three months and six months ended December 31, 2007 and the asset, related liabilities, and equity are included in the balance sheet on June 30, 2008 as net assets related to discontinued operations of \$196,066, net liabilities related to discontinued operations of \$1,121,277 and the remaining deficit of \$925,211 included in the stockholders deficit balances.

As of July 1, 2008 the Company has no business operations and is in the business of acquiring a target company or business seeking the perceived advantages of being a publicly held corporation. Our principal business objective for the next 12 months and beyond such time will be to achieve long-term growth potential through a combination with a business rather than immediate, short-term earnings. The Company will not restrict our potential candidate target companies to any specific business, industry or geographical location and, thus, may acquire any type of business.
