capitalization of the reserves for future increases in share capital approved at the General and Extraordinary Shareholders Meeting held on April 8, 2009, in the amount of R\$248,728,180.07 (two hundred and forty-eight million, seven hundred and twenty-eight thousand, one hundred and eighty *reais* and seven *centavos*), without the issuance of new shares. The matter was unanimously approved by the Members and the Executive Board was authorized to adopt all necessary measures to implement such increase in capital. As a result, Article 5 of the Company's Bylaws shall read as follows: Article 5 the subscribed share capital, fully paid-up, amounts to R\$2,845,000,000.00 (two billion, eight hundred and forty-five million *reais*), represented by 363,969,213 (three hundred and sixty-three million, nine hundred and sixty-nine thousand, two hundred and thirteen) shares, divided into 134,031,688 (one hundred and thirty-four million, thirty-one thousand, six hundred and eighty-eight) common shares and 229,937,525 (two hundred and twenty-nine million, nine hundred and thirty-seven thousand, five hundred and twenty-five) preferred shares, all registered and without par value. Regarding **Item 2** of the Agenda, payment of ISE Interest on Shareholders Equity, credited to the Company's Shareholders in 2008, in the total amount of R\$264,800,000.00 (two hundred and sixty-four million and eight hundred thousand *reais*), relating to the fiscal year 2008, was approved as of August 2009. This amount is within the limit of R\$264,800,000.00 (two hundred and sixty-four million and eight hundred thousand *reais*), which represents a net total of R\$225,080,000.00 (two hundred twenty-five million and eighty thousand *reais*), approved at the General and Extraordinary Shareholders Meeting of BTP, held on April 8, 2009. Finally, regarding **Item 3** of the Agenda, after a presentation by Mr. Roberto Terziani, the Board was informed of the structure proposed for continuing the corporate restructuring of BRT and BRTP, through the merger of BRT with BRTP by way of the incorporation of BRTP's shareholders' equity into BRT and the termination of BRTP. The following documents on which the proposed structure is based were presented: (i) Appraisal Reports prepared by Apsis Consultoria Empresarial Ltda.; and (ii) Protocol of Merger and Justification of the merger of BRASIL TELECOM

PARTICIPAÇÕES S.A. with and into BRASIL TELECOM S.A. to be executed by the management of the companies. Such protocol represents the terms and conditions of the merger and establishes the following exchange ratios: 1.2190981 common shares of BRT for each common share of BRTP; 0.9096173 preferred shares of BRT for each preferred share of BRTP; and 0.1720066 common shares of BRT for each preferred share of BRTP. The exchange ratios seek to respect the interests of each shareholder both in regards to the company and in regards to the class of share held by such shareholder, complying with the legal limit for the division of BRT's share capital between common and preferred shares, and considering the individual market value of each of these shares. Due to these exchange ratios (which have been disclosed previously), it will be necessary to create an ADR Program for BRT's common shares. In addition, it was clarified that (i) as a result of the planned mergers, the Bylaws of the involved companies will be adapted accordingly. After examining the abovementioned documents and having clarifications provided by the Management, the Board decided to favorably accept the proposed matter, which shall be timely submitted to the General Shareholders' Meetings of the involved companies. Finally, it was also clarified that after the merger of BRTP into BRT, BRT's shares will be incorporated into Coari and, as a result of this share exchange it will be necessary to list the common shares and the preferred shares of COARI on the BOVESPA and to register Coari with the SEC (adapting Coari's Bylaws to comply with SEC rules) and to list its shares on the NYSE. Subsequently, BRT's shares will be incorporated into COARI, which will permit, as the end result, the merger of COARI with and into TMAR, which operations are scheduled to occur in 2009. Mr. Roberto Terziani also explained that, to facilitate the corporate restructuring processes, the Company will change the depositary bank of the ADRs from Citibank to BONY.

VII. CLOSING: The matters submitted to the Board were unanimously approved without limitation. The material used in the presentation shall be filed with the secretary of the Board of Directors. With nothing further to discuss, these minutes were drafted, read, approved and executed by all present.
