In the first nine months of 2009, the Company acquired an office building contiguous to its main facility in Irvine, California for approximately \$20.7 million. The Company assumed a mortgage of \$20.0 million and paid \$0.7 million in cash.

See accompanying notes to unaudited condensed consolidated financial statements.

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### Note 1: Basis of Presentation

In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments necessary (consisting only of normal recurring accruals) to present fairly the financial information contained therein. These statements do not include all disclosures required by accounting principles generally accepted in the United States of America (GAAP) for annual periods and should be read in conjunction with the Company s audited consolidated financial statements and related notes for the year ended December 31, 2008. The Company prepared the unaudited condensed consolidated financial statements following the requirements of the Securities and Exchange Commission for interim reporting. As permitted under those rules, certain footnotes or other financial information that are normally required by GAAP can be condensed or omitted. The results of operations for the three and nine month periods ended September 30, 2009 are not necessarily indicative of the results to be expected for the year ending December 31, 2009 or any other period(s).

#### Reclassifications

Certain reclassifications of prior year amounts have been made to conform to the current year presentation.

All prior period information has been retrospectively adjusted to reflect the impact of the adoptions in the first quarter of 2009 of updates to Financial Accounting Standards Board (FASB) guidance related to the accounting for convertible debt instruments that may be settled fully or partially in cash upon conversion and the accounting and financial reporting of noncontrolling ownership interests in subsidiaries held by parties other than the parent.

#### Goodwill

In July 2009, the Company decided to change the timing of the annual impairment testing for goodwill from January 1 to October 1 of each year as a preferable method of accounting. Accordingly, the Company expects to perform its next annual impairment assessment of goodwill in the fourth quarter of 2009. The Company decided to adopt this change in timing in order to assess the recorded values of goodwill for potential impairment at a time closer to its fiscal year end reporting date. The Company s management believes this change is preferable in reducing the potential risk that an undetected impairment indicator could occur in between the timing of the Company s annual impairment test and the preparation of its year end financial statements. This change has no effect on reported earnings for any current or prior periods.

#### Subsequent Events

The Company has evaluated subsequent events through November 6, 2009, the date of issuance of the unaudited condensed consolidated financial statements, and disclosed, if necessary, any material subsequent events in the notes to these financial statements.

#### Recently Adopted Accounting Standards

In June 2009, the FASB issued authoritative guidance that establishes the FASB Accounting Standards Codification TM as the single source of authoritative U.S. GAAP to be applied by nongovernmental entities and modifies the U.S. GAAP hierarchy to only two levels: authoritative and nonauthoritative. This guidance became effective for interim periods and fiscal years ending after September 15, 2009. The Company adopted the provisions of the guidance in the third quarter of 2009. The adoption did not have a material impact on the Company s consolidated financial statements.

In May 2009, the FASB issued authoritative guidance that establishes general standards of accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued or are available to be issued. This guidance became effective for interim periods and fiscal years ending after June 15, 2009. The Company adopted the provisions of the guidance in the second quarter of 2009. The adoption did not have a material impact on the Company s consolidated financial statements.

In April 2009, the FASB issued authoritative guidance that requires publicly traded companies to include in their interim financial reports certain disclosures about the carrying value and fair value of financial instruments previously required only in annual financial statements and to disclose changes in significant assumptions used to calculate the fair value of financial instruments. This guidance became effective for interim reporting periods ending after June 15, 2009, with early adoption permitted for interim reporting periods ending after March 15, 2009. The

Company adopted the provisions of the guidance in the first quarter of 2009. The adoption did not have a material impact on the Company s consolidated

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

financial statements.

In November 2008, the FASB issued authoritative guidance that clarifies how to account for acquired intangible assets subsequent to initial measurement in situations in which an entity does not intend to actively use the assets but intends to hold the asset to prevent others from obtaining access to the asset (a defensive intangible asset), except for intangible assets that are used in research and development activities. This guidance requires that a defensive intangible asset be accounted for as a separate unit of accounting and assigned a useful life that reflects the entity s consumption of the expected benefits related to that asset. This guidance became effective for intangible assets acquired on or after December 15, 2008. The Company adopted the provisions of the guidance in the first quarter of 2009. The adoption did not have a material impact on the Company s consolidated financial statements.

In June 2008, the FASB issued authoritative guidance that clarifies the criteria for determining whether certain financial instruments should be classified as derivative instruments or equity instruments. This guidance became effective for fiscal years beginning after December 15, 2008. The Company adopted the provisions of the guidance in the first quarter of 2009 and, as required, evaluated the equity component of its 1.50% Convertible Senior Notes due 2026 (2026 Convertible Notes). The Company determined that the conversion feature of its 2026 Convertible Notes is indexed to its own stock and is therefore classified as an equity instrument.

In May 2008, the FASB issued authoritative guidance that clarifies the accounting for convertible debt instruments that may be settled fully or partially in cash upon conversion. This guidance requires entities to separately measure and account for the liability and equity components of qualifying convertible debt and amortize the value of the equity component to interest cost over the estimated life of the convertible debt instrument. By amortizing the value of the equity component, an entity will effectively recognize interest cost at its non-convertible debt borrowing rate. This guidance also requires re-measurement of the liability and equity components upon extinguishment of a convertible debt instrument, which may result in a gain or loss recognized in the financial statements for the extinguishment of the liability component. This guidance requires retrospective application for all instruments that were outstanding during any periods presented, and became effective for fiscal years beginning after December 15, 2008. The Company adopted the provisions of the guidance on January 1, 2009 and the adoption impacted both current year and historical accounting for its 2026 Convertible Notes, resulting in an increase of \$6.0 million and \$18.4 million, respectively, in interest expense for the three and nine month periods ended September 30, 2009 and a reduction of \$2.3 million and \$7.0 million, respectively, in the provision for income taxes, and for the three and nine month periods ended September 30, 2008, an increase of \$6.3 million and \$18.6 million, respectively, in interest expense and a reduction of \$2.4 million and \$7.1 million, respectively, in the provision for income taxes. The adoption also resulted in an \$80.4 million increase in additional paid-in capital, a \$64.8 million reduction in long-term convertible notes, a \$24.9 million increase in deferred tax liabilities, a \$0.5 million increase in non-current assets and a \$40.0 million decrease in retained earnings as of January 1, 2009. The impact on basic and diluted earnings per share for the three and nine month periods ended September 30, 2009 is a reduction of \$0.01 and \$0.04, respectively. The impact on basic and diluted earnings per share for the three month period ended September 30, 2008 is a reduction of \$0.02 and \$0.01, respectively, and for the nine month period ended September 30, 2008 is a reduction of \$0.04 and \$0.03, respectively.

In April 2008, the FASB issued authoritative guidance that amends the guidance for estimating the useful lives of recognized intangible assets and requires additional disclosure related to renewing or extending the useful lives of recognized intangible assets. This guidance became effective for fiscal years and interim periods beginning after December 15, 2008. The Company adopted the provisions of the guidance in the first quarter of 2009. The adoption did not have a material impact on the Company s consolidated financial statements.

In March 2008, the FASB issued authoritative guidance that requires entities to disclose: (a) how and why an entity uses derivative instruments, (b) how derivative instruments and related hedged items are accounted for, and (c) how derivative instruments and related hedged items affect an entity s financial position, financial performance and cash flows. This guidance became effective for fiscal years and interim periods beginning after November 15, 2008. The Company adopted the provisions of the guidance in the first quarter of 2009. The adoption did not have a material impact on the Company s consolidated financial statements.

In December 2007, the FASB issued authoritative guidance that significantly changes the accounting and reporting requirements for business combination transactions, including capitalization of in-process research and development assets and expensing acquisition costs as incurred. This guidance became effective for business combination transactions occurring in fiscal years beginning after December 15, 2008. The Company adopted the provisions of the guidance in the first quarter of 2009. The adoption did not have a material impact on the Company s consolidated financial statements.

7

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In December 2007, the FASB issued authoritative guidance that changes the accounting and financial reporting of noncontrolling ownership interests in subsidiaries held by parties other than the parent, and the allocation of net income attributable to the parent and the noncontrolling interest. This guidance also establishes disclosure requirements to separately identify the interests of the parent and the interests of the noncontrolling owners. This guidance became effective for fiscal years beginning after December 15, 2008. The Company adopted the provisions of the guidance in the first quarter of 2009. The adoption changed the presentation format of the Company s consolidated statements of earnings and consolidated balance sheets, but did not have an impact on net earnings or equity attributable to the Company s stockholders.

In December 2007, the FASB issued authoritative guidance that defines collaborative arrangements and requires that transactions with third parties that do not participate in the arrangement be reported in the appropriate income statement line items pursuant to existing authoritative accounting literature. Income statement classification of payments made between participants of a collaborative arrangement are to be based on other applicable authoritative accounting literature. If the payments are not within the scope or analogy of other authoritative accounting literature, a reasonable, rational and consistent accounting policy is to be elected. This guidance became effective for fiscal years beginning after December 15, 2008 and was applied as a change in accounting principle to all prior periods retrospectively for all collaborative arrangements existing as of the effective date. The Company adopted the provisions of the guidance in the first quarter of 2009. The adoption did not have a material impact on the Company s consolidated financial statements.

#### New Accounting Standards Not Yet Adopted

In October 2009, the FASB issued an accounting standards update that requires an entity to allocate arrangement consideration at the inception of an arrangement to all of its deliverables based on their relative selling prices, eliminates the use of the residual method of allocation, and requires the relative-selling-price method in all circumstances in which an entity recognizes revenue of an arrangement with multiple deliverables. This guidance will be effective for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010, which will be the Company s fiscal year 2011, with earlier application permitted. The Company has not yet evaluated the potential impact of adopting this guidance on the Company s consolidated financial statements.

In June 2009, the FASB issued authoritative guidance that requires an enterprise to perform an analysis to determine whether the enterprise s variable interest or interests give it a controlling financial interest in a variable interest entity. This analysis identifies the primary beneficiary of a variable interest entity as the enterprise that has both the power to direct the activities of a variable interest entity that most significantly impact the entity s economic performance, and the obligation to absorb losses or the right to receive benefits of the entity that could potentially be significant to the variable interest entity. This guidance also requires ongoing reassessments of whether an enterprise is the primary beneficiary of a variable interest entity and eliminates the quantitative approach previously required for determining the primary beneficiary. This guidance will be effective for fiscal years beginning after November 15, 2009, which will be the Company s fiscal year 2010. The Company does not expect that the adoption of the guidance will have a material impact on the Company s consolidated financial statements.

In December 2008, the FASB issued authoritative guidance that provides guidance on an employer s disclosures about plan assets of a defined benefit pension or other postretirement plan. This guidance requires an employer to disclose information about how investment allocation decisions are made, and to disclose separately for pension plans and other postretirement benefit plans the fair value of each major category of plan assets based on the nature and risks of assets as of each annual reporting date for which a statement of financial position is presented and information that enables users of financial statements to assess the inputs and valuation techniques used to develop fair value measurements of plan assets at the annual reporting date. The disclosures about plan assets are to be provided for fiscal years ending after December 15, 2009, which will be the Company s fiscal year 2009. Upon initial adoption, the provisions are not required for earlier periods that are presented for comparative purposes. The Company does not expect that the adoption of the guidance will have a material impact on the Company s consolidated financial statements.

#### **Note 2: Acquisitions**

#### **Samil Acquisition**

On July 7, 2009, the Company and Samil Pharmaceutical Co. Ltd. entered into a joint venture, Samil Allergan Ophthalmic Joint Venture Company (Samil) in Korea by integrating the Samil Eyecare division with the Company s Korean ophthalmology products. In addition, the

Company paid approximately \$16.7 million (\$12.8 million, net of cash acquired) to Samil Pharmaceutical Co. Ltd. to acquire the Company s joint venture investment and received a 50.005% stockholder interest (50% plus one share) in the joint venture. The acquisition was funded from cash and equivalents balances. The Company accounted for the Samil acquisition as a business combination.

8

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In connection with the Samil acquisition, the Company acquired assets with a fair value of \$41.4 million, including goodwill of \$23.0 million, intangible assets of \$5.1 million, cash of \$3.9 million and other assets of \$9.4 million, and assumed liabilities of \$8.1 million. The Company believes the fair values assigned to the assets acquired and liabilities assumed were based on reasonable assumptions.

#### Aczone® Asset Purchase

On July 11, 2008, the Company completed the acquisition of assets related to  $Aczone^{\otimes}$  (dapsone) gel 5%, a topical treatment for acne vulgaris, from QLT USA, Inc. (QLT) for approximately \$150.0 million. The acquisition was funded from cash and equivalents balances. The Company acquired QLT s right, title and interest in and to the intellectual property, assigned contracts, registrations and inventories related to Aczone, which is approved for sale in both the United States and Canada for the treatment of certain dermatological conditions. The Company accounted for the acquisition as a purchase of net assets.

The Company determined that the assets acquired consist of product rights for developed technology for  $Aczone^{\otimes}$  of \$145.6 million and inventories of \$4.4 million. The useful life of the developed technology was determined to be approximately eight years. The Company believes the fair values assigned to the assets acquired were based on reasonable assumptions.

#### Note 3: Restructuring Charges and Integration and Transition Costs

#### 2009 Restructuring Plan

On February 4, 2009, the Company announced a restructuring plan that involves a workforce reduction of approximately 460 employees, primarily in the United States and Europe. The majority of the employees affected by the restructuring plan are U.S. urology sales and marketing personnel as a result of the Company s decision to focus on the urology specialty and to seek a partner to promote *Sanctura XR* to general practitioners, and marketing personnel in the United States and Europe as the Company adjusts its back-office structures to a reduced short-term sales outlook for some businesses. The restructuring plan also includes modest workforce reductions in other functions as the Company re-engineers its processes to increase efficiency and productivity.

As part of the restructuring plan, the Company modified the outstanding stock options issued in its February 2008 full-round employee stock option grant. The stock options were originally granted with an exercise price of \$64.47 with a standard four year graded vesting term, a ten year contractual term, and standard 90 day expiration upon termination of employment provisions. These options were modified to be immediately vested in full and to remove the 90 day expiration upon termination of employment provision. Because the modified awards became fully vested and there was no future derived service period, all unamortized compensation expense related to the original grant and the additional compensation expense attributable to the modification of the awards was recognized in full on the modification date.

In addition, the contractual provisions of outstanding stock options, other than the February 2008 full-round employee stock option grant, held by employees impacted by the workforce reduction were modified to extend the stock option expiration dates. Under the original contractual provisions, outstanding stock options held by employees involved in a workforce reduction automatically become fully vested upon termination of employment and the stock options expire after the earlier of 90 days from termination of employment or the remaining stock option contractual term. Under the modified terms, stock options for the impacted employees will expire after the earlier of three years from termination of employment or the remaining contractual term. All unamortized compensation expense related to the original stock option awards plus the incremental compensation expense associated with the modifications will be recognized ratably from the modification date to the employees expected termination date.

The Company estimates that the total pre-tax charges related to the 2009 restructuring plan will be between \$119.0 million and \$126.0 million, of which \$39.0 million to \$44.0 million are expected to be cash expenditures. The total estimated pre-tax charges consist primarily of employee severance and other one-time termination benefits of \$39.0 million to \$44.0 million, asset write-offs of \$2.0 million to \$3.0 million, costs associated with the modification of stock options issued in the February 2008 full-round employee stock option grant of approximately \$73.0 million and costs associated with the modification of stock options, other than the February 2008 full-round employee stock option grant, for employees impacted by the workforce reduction of \$5.0 million to \$6.0 million.

The Company began to record costs associated with the 2009 restructuring plan in the first quarter of 2009 and expects to continue to recognize costs through the fourth quarter of 2009. As of June 30, 2009, the Company substantially completed all activities related to the restructuring plan. During the three month period ended September 30, 2009, the Company recognized a total of \$0.7 million related to employee stock option modifications, consisting of \$0.5 million in selling,

9

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

general and administrative (SG&A) expenses and \$0.2 million in research and development (R&D) expenses, and recognized \$0.1 million of accelerated depreciation costs in SG&A expenses. During the nine month period ended September 30, 2009, the Company recorded pre-tax restructuring charges of \$39.1 million and recognized a total of \$78.3 million related to employee stock option modifications, consisting of \$5.0 million of cost of sales, \$52.5 million in SG&A and \$20.8 million in R&D expenses, and recognized \$2.3 million of asset write-offs and accelerated depreciation costs in SG&A expenses.

The following table presents the restructuring charges related to the 2009 restructuring plan during the nine month period ended September 30, 2009:

	Employee Severance	Other (in millions)	Total
Net charge during the nine month period ended September 30, 2009	\$ 32.4	\$ 6.7	\$ 39.1
Spending	(23.0)	(6.2)	(29.2)
Balance at September 30, 2009 (included in Other accrued expenses )	\$ 9.4	\$ 0.5	\$ 9.9

#### Restructuring and Phased Closure of Arklow Facility

On January 30, 2008, the Company announced the phased closure of its breast implant manufacturing facility at Arklow, Ireland and the transfer of production to the Company's manufacturing plant in Costa Rica. The Arklow facility was acquired by the Company in connection with its 2006 acquisition of Inamed Corporation (Inamed) and employed approximately 360 people. As of March 31, 2009, all production activities at the Arklow facility had ceased. Certain employee retention termination benefits and accelerated depreciation costs related to inventory production in Arklow were capitalized to inventory as incurred and recognized as cost of sales in the periods the related products were sold.

The Company began to record costs associated with the closure of the Arklow manufacturing facility in the first quarter of 2008 and substantially completed all activities related to the restructuring and phased closure of the Arklow facility in the third quarter of 2009. The restructuring charges primarily consist of employee severance, one-time termination benefits, contract termination costs and other costs related to the closure of the Arklow manufacturing facility. During the three and nine month periods ended September 30, 2009, the Company recorded \$4.1 million and \$8.3 million of pre-tax restructuring charges, respectively. During the three and nine month periods ended September 30, 2008, the Company recorded a \$0.7 million restructuring charge reversal and \$26.9 million of pre-tax restructuring charges, respectively. During the three and nine month periods ended September 30, 2009, the Company recognized \$2.8 million and \$14.4 million, respectively, of cost of sales for the rollout of capitalized employee retention termination benefits and accelerated depreciation costs related to inventory production. During the nine month period ended September 30, 2009, the Company also recognized \$0.1 million of R&D expenses related to one-time termination benefits. During the three and nine month periods ended September 30, 2008, the Company recognized \$4.6 million and \$4.7 million, respectively, of cost of sales for the rollout of capitalized employee retention termination benefits and accelerated depreciation costs related to inventory production. During the three and nine month periods ended September 30, 2008, the Company also recognized \$0.1 million and \$0.8 million, respectively, of SG&A expenses and \$0.1 million and \$0.3 million, respectively, of R&D expenses related to one-time termination benefits and asset impairments.

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

## Other Restructuring Activities and Integration Costs

Included in the nine month period ended September 30, 2009 is a \$0.3 million restructuring charge reversal related to the Company s closure of its collagen manufacturing facility in Fremont, California. Included in the three and nine month periods ended September 30, 2009 are \$0.1 million and \$0.2 million, respectively, of restructuring charges for an abandoned leased facility related to the Company s fiscal year 2005 restructuring and streamlining of its European operations.

Included in the three and nine month periods ended September 30, 2008 are \$0.5 million and \$0.9 million, respectively, of restructuring charges related to the Company s closure of its collagen manufacturing facility in Fremont, California. Included in the nine month period ended September 30, 2008 are \$3.1 million of restructuring charges for an abandoned leased facility related to the Company s fiscal year 2005 restructuring and streamlining of its European operations, \$6.6 million of restructuring charges related to the Company s 2007 acquisition of Groupe Cornéal Laboratoires (Cornéal) and \$0.1 million of restructuring charges related to the Company s 2007 acquisition of EndoArt SA.

Included in the three and nine month periods ended September 30, 2009 are \$0.2 million and \$0.4 million, respectively, of SG&A expenses related to transaction costs associated with the Samil acquisition. Included in the nine month period ended September 30, 2009 are \$0.4 million of SG&A expenses related to integration costs associated with the Cornéal acquisition. Included in the three month period ended September 30, 2008 are \$0.1 million of SG&A expenses, and in the nine month period ended September 30, 2008 are \$0.1 million of cost of sales and \$1.9 million of SG&A expenses, respectively, related to integration costs associated with the Company s 2007 acquisitions of Esprit Pharma Holding Company, Inc. and Cornéal.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

#### **Note 4: Intangibles**

At September 30, 2009 and December 31, 2008, the components of amortizable and unamortizable intangibles and certain other related information were as follows:

		Sept	tember 30, 2			Dec	ember 31, 20	
	Gross Amount (in n		cumulated ortization as)	Weighted Average Amortization Period (in years)	Gross Amount (in n		cumulated ortization s)	Weighted Average Amortization Period (in years)
Amortizable Intangible Assets:								
Developed technology	\$ 1,394.9	\$	(292.5)	14.3	\$ 1,390.8	\$	(215.0)	14.3
Customer relationships	42.3		(41.8)	3.1	42.3		(37.8)	3.1
Licensing	224.7		(96.4)	10.0	223.5		(78.9)	10.0
Trademarks	27.5		(18.4)	6.3	27.3		(14.9)	6.3
Core technology	192.6		(46.5)	15.2	190.4		(36.5)	15.2
Other	5.5		(0.2)	7.1				
	1,887.5		(495.8)	13.5	1,874.3		(383.1)	13.5
Unamortizable Intangible Assets:								
Business licenses					0.7			
	\$ 1,887.5	\$	(495.8)		\$ 1,875.0	\$	(383.1)	

Developed technology consists primarily of current product offerings, primarily saline and silicone gel breast implants, obesity intervention products, dermal fillers, skin care and urologics products acquired in connection with business combinations and asset acquisitions. Customer relationship assets consist of the estimated value of relationships with customers acquired in connection with the Inamed acquisition, primarily in the breast implant market in the United States. Licensing assets consist primarily of capitalized payments to third party licensors related to the achievement of regulatory approvals to commercialize products in specified markets and up-front payments associated with royalty obligations for products that have achieved regulatory approval for marketing. Core technology consists of proprietary technology associated with silicone gel breast implants, gastric bands and intragastric balloon systems acquired in connection with the Inamed acquisition, dermal filler technology acquired in connection with the Cornéal acquisition, gastric band technology acquired in connection with the EndoArt acquisition, and a drug delivery technology acquired in connection with the Company s 2003 acquisition of Oculex Pharmaceuticals, Inc. Other intangible assets consist of acquired product registration rights and distributor relationships.

The following table provides amortization expense by major categories of acquired amortizable intangible assets for the three and nine month periods ended September 30, 2009 and 2008, respectively:

	Three m	onths ended	Nine mo	nths ended
	September 30, 2009	September 30, 2008	September 30, 2009	September 30, 2008
	(in n	nillions)	(in m	nillions)
Developed technology	\$ 25.4	\$ 25.7	\$ 75.8	\$ 71.3
Customer relationships	0.3	3.4	3.9	10.2
Licensing	5.8	5.8	17.4	15.2

Edgar Filing: ALLERGAN INC - Form 10-Q

Trademarks	1.1	1.2	3.3	3.6
Core technology	3.2	3.2	9.5	9.7
Other	0.2		0.2	
	\$ 36.0	\$ 39.3	\$ 110.1	\$ 110.0

Amortization expense related to acquired intangible assets generally benefits multiple business functions within the Company, such as the Company s ability to sell, manufacture, research, market and distribute products, compounds and intellectual property. The amount of amortization expense excluded from cost of sales consists primarily of amounts amortized with respect to developed technology and licensing intangible assets.

Estimated amortization expense is \$147.0 million for 2009, \$143.4 million for 2010, \$140.0 million for 2011, \$134.5 million for 2012 and \$121.3 million for 2013.

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

#### **Note 5: Inventories**

Components of inventories were:

	September 30, 2009	December 31, 2008
	(in m	illions)
Finished products	\$ 152.2	\$ 174.9
Work in process	34.7	36.8
Raw materials	42.6	50.8
Total	\$ 229.5	\$ 262.5

At September 30, 2009 and December 31, 2008, approximately \$5.3 million and \$11.2 million, respectively, of the Company s finished goods medical device inventories, primarily breast implants, were held on consignment at a large number of doctors offices, clinics and hospitals worldwide. The value and quantity at any one location are not significant.

#### **Note 6: Convertible Notes**

In 2006, the Company issued the 2026 Convertible Notes for an aggregate principal amount of \$750.0 million. The 2026 Convertible Notes are unsecured and pay interest semi-annually on the principal amount of the notes at a rate of 1.50% per annum. The 2026 Convertible Notes will be convertible into cash and, if applicable, shares of the Company's common stock based on an initial conversion rate of 15.7904 shares of the Company's common stock per \$1,000 principal amount of the 2026 Convertible Notes if the Company's stock price reaches certain specified thresholds. As of September 30, 2009, the conversion criteria had not been met. The Company is permitted to redeem the 2026 Convertible Notes from and after April 5, 2009 to April 4, 2011 if the closing price of its common stock reaches a specified threshold, and will be permitted to redeem the 2026 Convertible Notes at any time on or after April 5, 2011. Holders of the 2026 Convertible Notes will also be able to require the Company to redeem the 2026 Convertible Notes on April 1, 2011, April 1, 2016 and April 1, 2021 or upon a change in control of the Company. The 2026 Convertible Notes mature on April 1, 2026, unless previously redeemed by the Company or earlier converted by the note holders.

The Company separately measures and accounts for the liability and equity components of the 2026 Convertible Notes. As of September 30, 2009, the carrying value of the liability component is \$611.3 million with an effective interest rate of 5.59%. The difference between the carrying value of the liability component and the principal amount of the 2026 Convertible Notes of \$649.7 million is recorded as debt discount and is being amortized to interest expense through the first noteholder put date in April 2011.

In the first quarter of 2009, the Company paid \$98.3 million to repurchase \$100.3 million principal amount of the 2026 Convertible Notes with a carrying value of \$92.3 million and a calculated fair value of approximately \$97.0 million. The Company recognized a \$4.7 million loss on extinguishment of the convertible debt. In addition, the Company wrote off \$0.6 million of related unamortized deferred debt issuances costs as loss on extinguishment of the convertible debt. The difference between the amount paid to repurchase the 2026 Convertible Notes and the calculated fair value of the liability component was recognized as a reduction to additional paid in capital, net of the effect of deferred taxes.

### **Note 7: Income Taxes**

The provision for income taxes is determined using an estimated annual effective tax rate, which is generally less than the U.S. federal statutory rate, primarily because of lower tax rates in certain non-U.S. jurisdictions, R&D tax credits available in the United States and other foreign jurisdictions and deductions available in the United States for domestic production activities. The effective tax rate may be subject to fluctuations during the year as new information is obtained, which may affect the assumptions used to estimate the annual effective tax rate, including factors such as the mix of pre-tax earnings in the various tax jurisdictions in which the Company operates, valuation allowances

against deferred tax assets, the recognition or derecognition of tax benefits related to uncertain tax positions, utilization of R&D tax credits and changes in or the interpretation of tax laws in jurisdictions where the Company conducts business. The Company recognizes deferred tax assets and liabilities for temporary differences between the financial reporting basis and the tax basis of its assets and liabilities along with net operating loss and tax credit carryovers.

The Company records a valuation allowance against its deferred tax assets to reduce the net carrying value to an amount that it believes is more likely than not to be realized. When the Company establishes or reduces the valuation allowance against its deferred tax assets, the provision for income taxes will increase or decrease, respectively, in the period such determination is made. The valuation allowance against deferred tax assets was \$8.4 million as of September 30, 2009 and December 31, 2008.

13

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

In February 2009, the California Legislature enacted 2009-2010 budget legislation containing various California tax law changes including an election to apply a single sales factor apportionment formula for taxable years beginning on or after January 1, 2011. The Company anticipates making the election and as a result, the state and federal deferred tax assets and deferred tax liabilities have been re-determined to reflect an adjustment to the resulting tax rate. The impact of the adjustment was an increase to the provision for income taxes of \$1.5 million, which was reflected in the first quarter of 2009.

The total amount of unrecognized tax benefits was \$43.7 million and \$47.5 million as of September 30, 2009 and December 31, 2008, respectively. The total amount of unrecognized tax benefits that, if recognized, would affect the effective tax rate was \$41.7 million and \$42.0 million as of September 30, 2009 and December 31, 2008, respectively. The Company expects that during the next 12 months it is reasonably possible that unrecognized tax benefit liabilities will decrease by approximately \$15.0 million to \$16.0 million due to the settlement of income tax audits in the United States.

Total interest accrued related to uncertainty in income taxes included in the Company s unaudited condensed consolidated balance sheet was \$7.8 million and \$12.8 million as of September 30, 2009 and December 31, 2008, respectively.

The Company has not provided for withholding and U.S. taxes for the unremitted earnings of certain non-U.S. subsidiaries because it has currently reinvested these earnings indefinitely in these foreign operations. At December 31, 2008, the Company had approximately \$1,630.9 million in unremitted earnings outside the United States for which withholding and U.S. taxes were not provided. Income tax expense would be incurred if these funds were remitted to the United States. It is not practicable to estimate the amount of the deferred tax liability on such unremitted earnings. Upon remittance, certain foreign countries impose withholding taxes that are then available, subject to certain limitations, for use as credits against the Company s U.S. tax liability, if any. The Company annually updates its estimate of unremitted earnings outside the United States after the completion of each fiscal year.

#### **Note 8: Share-Based Compensation**

The Company recognizes compensation expense for all share-based awards made to employees and directors. The fair value of share-based awards is estimated at the grant date using the Black-Scholes option-pricing model and the portion that is ultimately expected to vest is recognized as compensation cost over the requisite service period using the straight-line single option method. The fair value of modifications to share-based awards is generally estimated using a lattice model.

The determination of fair value using the Black-Scholes and lattice option-pricing models is affected by the Company s stock price as well as assumptions regarding a number of highly complex and subjective variables, including expected stock price volatility, risk-free interest rate, expected dividends and projected employee stock option exercise behaviors. The Company estimates stock price volatility based on an equal weighting of the historical average over the expected life of the award and the average implied volatility of at-the-money options traded in the open market. The Company estimates employee stock option exercise behavior based on actual historical exercise activity and assumptions regarding future exercise activity of unexercised, outstanding options.

Share-based compensation expense is recognized only for those awards that are ultimately expected to vest, and the Company has applied an estimated forfeiture rate to unvested awards for the purpose of calculating compensation cost. These estimates will be revised in future periods if actual forfeitures differ from the estimates. Changes in forfeiture estimates impact compensation cost in the period in which the change in estimate occurs.

For the three and nine month periods ended September 30, 2009 and 2008, share-based compensation expense was as follows:

Three months ended
September 30, September 30,
2009 2008
(in millions)

Nine months ended September 30, September 30, 2009 2008 (in millions)

Edgar Filing: ALLERGAN INC - Form 10-Q

Cost of sales	\$ 1.1	\$ 1.6	\$ 9.3	\$ 5.8
Selling, general and administrative	11.7	15.1	89.8	46.5
Research and development	4.1	5.7	34.2	17.3
Pre-tax share-based compensation expense	16.9	22.4	133.3	69.6
Income tax benefit	5.7	8.3	43.6	25.2
Net share-based compensation expense	\$ 11.2	\$ 14.1	\$ 89.7	\$ 44.4

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Share-based compensation expense for the three and nine month periods ended September 30, 2009 includes \$0.7 million and \$78.3 million, respectively, of pre-tax compensation expense from stock option modifications related to the 2009 restructuring plan.

As of September 30, 2009, total compensation cost related to non-vested stock options and restricted stock not yet recognized was approximately \$116.1 million, which is expected to be recognized over the next 48 months (33 months on a weighted-average basis). The Company has not capitalized as part of inventory any share-based compensation costs because such costs were negligible as of September 30, 2009.

#### Note 9: Employee Retirement and Other Benefit Plans

The Company sponsors various qualified defined benefit pension plans covering a substantial portion of its employees. In addition, the Company sponsors two supplemental nonqualified plans covering certain management employees and officers and one retiree health plan covering U.S. retirees and dependents.

Components of net periodic benefit cost for the three and nine month periods ended September 30, 2009 and 2008, respectively, were as follows:

		Three months ended								
		Pensior	ı Benefit:	Other Postretirement Benefits						
	•	September 30, 2009		2009 2008		2009 2008 2009		009	2008	
		(in millions)				(in m	illions)			
Service cost	\$	5.8	\$	6.3	\$	0.4	\$	0.3		
Interest cost		9.4		8.6		0.6		0.5		
Expected return on plan assets		(10.7)		(10.5)						
Amortization of prior service cost						(0.1)				
Recognized net actuarial loss		3.1		1.6						
Net periodic benefit cost	\$	7.6	\$	6.0	\$	0.9	\$	0.8		

	Nine months ended									
	n	D. C.			Postre	ther tirement				
	September 30, 2009		on Benefits September 30, 2008		ве mber 30, 2009	-	mber 30,			
	(in millions)				(in m	nillions)				
Service cost	\$ 17.1	\$	19.1	\$	1.2	\$	1.1			
Interest cost	27.9		26.2		1.8		1.7			
Expected return on plan assets	(32.0)		(31.9)							
Amortization of prior service cost					(0.2)		(0.2)			
Recognized net actuarial loss	9.4		4.8							
Net periodic benefit cost	\$ 22.4	\$	18.2	\$	2.8	\$	2.6			

In 2009, the Company expects to pay contributions of between \$10.0 million and \$15.0 million for its U.S. and non-U.S. pension plans and between \$1.0 million and \$2.0 million for its other postretirement plan.

#### **Note 10: Legal Proceedings**

The following supplements and amends the discussion set forth in Note 10 Legal Proceedings in the Company s Quarterly Report on Form 10-Q for the quarterly periods ended March 31, 2009 and June 30, 2009 and in Note 14 Legal Proceedings in the Company s Annual Report on Form 10-K for the fiscal year ended December 31, 2008.

In July 2008, a complaint entitled Kramer, Bryant, Spears, Doolittle, Clark, Whidden, Powell, Moore, Hennessey, Sody, Breeding, Downey, Underwood-Boswell, Reed-Momot, Purdon & Hahn v. Allergan, Inc. was filed in the Superior Court for the State of California for the County of Orange. The complaint makes allegations against the Company relating to

15

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Botox® and Botox® Cosmetic including failure to warn, manufacturing defects, negligence, breach of implied and express warranties, deceit by concealment and negligent misrepresentation and seeks damages, attorneys fees and costs. In 2009, the plaintiffs filed requests for dismissal without prejudice as to plaintiffs Hennessey, Hahn, Underwood-Boswell, Purdon, Moore, Clark, Reed-Momot and Whidden and the court dismissed these plaintiffs without prejudice. On October 7, 2009, the Company filed a motion for summary judgment against plaintiff Dee Spears. The court has scheduled a January 25, 2010 trial date related to plaintiff Dee Spears.

In March 2008, the Company received service of a Subpoena Duces Tecum from the U.S. Attorney, U.S. Department of Justice, Northern District of Georgia (DOJ). The subpoena requests the production of documents relating to the Company s sales and marketing practices in connection with *Botox*<sup>®</sup>.

The Company is involved in various other lawsuits and claims arising in the ordinary course of business. These other matters are, in the opinion of management, immaterial both individually and in the aggregate with respect to the Company s consolidated financial position, liquidity or results of operations.

Because of the uncertainties related to the incurrence, amount and range of loss on any pending litigation, investigation, inquiry or claim, management is currently unable to predict the ultimate outcome of any litigation, investigation, inquiry or claim, determine whether a liability has been incurred or make an estimate of the reasonably possible liability that could result from an unfavorable outcome. The Company believes however, that the liability, if any, resulting from the aggregate amount of uninsured damages for any outstanding litigation, investigation or claim, other than the inquiry being conducted by the DOJ discussed herein or any related qui tam or other action and in Note 11, Contingencies, will not have a material adverse effect on the Company s consolidated financial position, liquidity or results of operations. However, an adverse ruling in a patent infringement lawsuit involving the Company could materially affect the Company s ability to sell one or more of its products or could result in additional competition. In view of the unpredictable nature of such matters, the Company cannot provide any assurances regarding the outcome of any litigation, investigation, inquiry or claim to which the Company is a party or the impact on the Company of an adverse ruling in such matters.

#### **Note 11: Contingencies**

During fiscal year 2008, the Company incurred approximately \$25.7 million of costs associated with the DOJ s inquiry discussed in Note 10, Legal Proceedings above. During the three and nine month periods ended September 30, 2009, the Company incurred \$8.4 million and \$23.6 million, respectively, of costs associated with the DOJ s inquiry. Costs associated with responding to the DOJ investigation are expected to total approximately \$30.0 million to \$34.0 million during fiscal year 2009. Estimated costs include attorneys fees and costs associated with document production, imaging and information services support. Because of the uncertainties related to the incurrence, amount and range of loss, if any, that might be incurred related to this inquiry, management is currently unable to predict the ultimate outcome or determine whether a liability has been incurred or make an estimate of the reasonably possible liability that could result from an unfavorable outcome associated with this inquiry.

#### **Note 12: Guarantees**

The Company s Restated Certificate of Incorporation, as amended, provides that the Company will indemnify, to the fullest extent permitted by the Delaware General Corporation Law, each person that is involved in or is, or is threatened to be, made a party to any action, suit or proceeding by reason of the fact that he or she, or a person of whom he or she is the legal representative, is or was a director or officer of the Company or was serving at the request of the Company as a director, officer, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise. The Company has also entered into contractual indemnity agreements with each of its directors and executive officers pursuant to which, among other things, the Company has agreed to indemnify such directors and executive officers against any payments they are required to make as a result of a claim brought against such executive officer or director in such capacity, excluding claims (i) relating to the action or inaction of a director or executive officer that resulted in such director or executive officer gaining illegal personal profit or advantage, (ii) for an accounting of profits made from the purchase or sale of securities of the Company within the meaning of Section 16(b) of the Securities Exchange Act of 1934, as amended, or similar provisions of any state law or (iii) that are based upon or arise out of such director s or executive officer s knowingly fraudulent, deliberately dishonest or willful misconduct. The maximum potential amount of future payments that the Company could be required to make under these indemnification provisions is unlimited. However, the Company has

purchased directors and officers liability insurance policies intended to reduce the Company s monetary exposure and to enable the Company to recover a portion of any future amounts paid. The Company has not previously paid any material amounts to defend lawsuits

#### ALLERGAN, INC.

#### NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

or settle claims as a result of these indemnification provisions. As a result, the Company believes the estimated fair value of these indemnification arrangements is minimal.

The Company customarily agrees in the ordinary course of its business to indemnification provisions in agreements with clinical trials investigators in its drug, biologics and medical device development programs, in sponsored research agreements with academic and not-for-profit institutions, in various comparable agreements involving parties performing services for the Company in the ordinary course of business, and in its real estate leases. The Company also customarily agrees to certain indemnification provisions in its discovery and development collaboration agreements. With respect to the Company s clinical trials and sponsored research agreements, these indemnification provisions typically apply to any claim asserted against the investigator or the investigator s institution relating to personal injury or property damage, violations of law or certain breaches of the Company s contractual obligations arising out of the research or clinical testing of the Company s products, compounds or drug candidates. With respect to real estate lease agreements, the indemnification provisions typically apply to claims asserted against the landlord relating to personal injury or property damage caused by the Company, to violations of law by the Company or to certain breaches of the Company s contractual obligations. The indemnification provisions appearing in the Company s collaboration agreements are similar, but in addition provide some limited indemnification for the collaborator in the event of third party claims alleging infringement of intellectual property rights. In each of the above cases, the terms of these indemnification provisions generally survive the termination of the agreement. The maximum potential amount of future payments that the Company could be required to make under these provisions is generally unlimited. The Company has purchased insurance policies covering personal injury, property damage and general liability intended to reduce the Company s exposure for indemnification and to enable the Company to recover a portion of any future amounts paid. The Company has not previously paid any material amounts to defend lawsuits or settle claims as a result of these indemnification provisions. As a result, the Company believes the estimated fair value of these indemnification arrangements is minimal.

#### **Note 13: Product Warranties**

The Company provides warranty programs for breast implant sales primarily in the United States, Europe and certain other countries. Management estimates the amount of potential future claims from these warranty programs based on actuarial analyses. Expected future obligations are determined based on the history of product shipments and claims and are discounted to a current value. The liability is included in both current and long-term liabilities in the Company's consolidated balance sheets. The U.S. programs include the *ConfidencePlus* and *ConfidencePlus* Premier warranty programs. The *ConfidencePlus* program generally provides lifetime product replacement and \$1,200 of financial assistance for surgical procedures within ten years of implantation. The *ConfidencePlus* Premier program, which normally requires a low additional enrollment fee, generally provides lifetime product replacement, \$2,400 of financial assistance for surgical procedures within ten years of implantation and contralateral implant replacement. The enrollment fee is deferred and recognized as income over the ten year warranty period for financial assistance. The warranty programs in non-U.S. markets have similar terms and conditions to the U.S. programs. The Company does not warrant any level of aesthetic result and, as required by government regulation, makes extensive disclosures concerning the risks of the use of its products and breast implant surgery. Changes to actual warranty claims incurred and interest rates could have a material impact on the actuarial analysis and the Company sestimated liabilities. A large majority of the product warranty liability arises from the U.S. warranty programs. The Company does not currently offer any similar warranty program on any other product.

The following table provides a reconciliation of the change in estimated product warranty liabilities through September 30, 2009:

	(in m	illions)
Balance at December 31, 2008	\$	29.5
Provision for warranties issued during the period		4.6
Settlements made during the period		(4.2)
Balance at September 30, 2009	\$	29.9
Current portion	\$	6.6

Non-current portion	23.3
Total	\$ 29.9

#### Note 14: Earnings Per Share

The table below presents the computation of basic and diluted earnings per share:

	Three m	nded	Nine months ended					
	September 30, 2009		ember 30, 2008	, <b>.</b> ,		ember 30, 2008		
		(in mi	llions, excep	t per share amoun	ts)			
Net earnings attributable to Allergan, Inc.	\$ 179.0	\$	165.4	\$ 399.8	\$	416.5		
	202.5		202.0	202.5		204.4		
Weighted average number of shares issued	303.5		303.8	303.7		304.4		
Net shares assumed issued using the treasury stock method for options and non-vested equity shares and share units outstanding during each period								
based on average market price	2.5		2.5	1.7		2.8		
Diluted shares	306.0		306.3	305.4		307.2		
Earnings per share attributable to Allergan, Inc. stockholders:								
Basic	\$ 0.59	\$	0.54	\$ 1.32	\$	1.37		
Diluted	\$ 0.58	\$	0.54	\$ 1.31	\$	1.36		

For the three and nine month periods ended September 30, 2009, options to purchase 11.5 million and 16.0 million shares of common stock at exercise prices ranging from \$46.66 to \$65.63 and \$39.67 to \$65.63 per share, respectively, were outstanding but were not included in the computation of diluted earnings per share because the effect from the assumed exercise of these options calculated under the treasury stock method would be anti-dilutive. There were no potentially diluted common shares related to the Company s 2026 Convertible Notes for the three and nine month periods ended September 30, 2009, as the Company s average stock price for the respective periods was less than the conversion price of the notes.

For the three and nine month periods ended September 30, 2008, options to purchase 11.4 million and 11.3 million shares of common stock at exercise prices ranging from \$48.07 to \$65.63 per share, respectively, were outstanding but were not included in the computation of diluted earnings per share because the effect from the assumed exercise of these options calculated under the treasury stock method would be anti-dilutive. There were no potentially diluted common shares related to the Company s 2026 Convertible Notes for the three and nine month periods ended September 30, 2008, as the Company s average stock price for the respective periods was less than the conversion price of the notes.

#### **Note 15: Comprehensive Income**
