PROXY STATEMENT

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Cognizant Technology Solutions Corporation of proxies to be voted at our Annual Meeting of Stockholders to be held on Tuesday, June 1, 2010 (the Annual Meeting), at our headquarters, Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey at 9:30 a.m. local time, and at any adjournment or adjournments thereof. Holders of record of shares of Class A Common Stock, \$0.01 par value (Class A Common Stock), as of the close of business on April 7, 2010, will be entitled to notice of and to vote at the Annual Meeting and any adjournment or adjournments thereof. As of that date, there were approximately 299,383,343 shares of Class A Common Stock issued and outstanding and entitled to vote. Each share of Class A Common Stock is entitled to one vote on any matter presented to stockholders at the Annual Meeting.

In this proxy statement, Cognizant, Company, we, us, and our refer to Cognizant Technology Solutions Corporation.

PROPOSALS

If proxies are properly submitted by telephone, via the Internet or by signing, dating and returning the enclosed proxy card, which you may have received by mail, the shares of Class A Common Stock represented thereby will be voted in the manner specified therein. If not otherwise specified, the shares of Class A Common Stock represented by the proxies will be voted:

- (1) FOR the election of the three (3) Class I Director nominees;
- (2) FOR the amendment and restatement of the Company's 2004 Employee Stock Purchase Plan to, among other things, increase the number of shares of Class A Common Stock reserved for issuance thereunder from 6,000,000 shares to 9,000,000 shares;
- (3) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010; and
- (4) In the discretion of the persons named in the form of proxy, on any other proposals which may properly come before the Annual Meeting or any adjournment or adjournments thereof.

Any stockholder who has submitted a proxy may revoke it at any time before it is voted, by (1) written notice addressed to and received by our Secretary, (2) by submitting a duly executed proxy bearing a later date, (3) granting a subsequent proxy through the Internet or telephone, or (4) by electing to vote in person at the Annual Meeting. Your most recent proxy card or telephone or Internet proxy is the one that is counted. The mere presence at the Annual Meeting of the person appointing a proxy does not, however, revoke the appointment.

REQUIRED VOTE

The presence, in person or by proxy, of holders of the shares of Class A Common Stock having, in the aggregate, a majority of the votes entitled to be cast at the Annual Meeting shall constitute a quorum.

The affirmative vote by the holders of a majority of the shares of Class A Common Stock voted at the Annual Meeting is required for the uncontested election of Directors, provided a quorum is present in person or by proxy. A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that director nominee. All actions proposed herein other than the election of Directors require the affirmative vote of stockholders possessing a majority of the shares of Class A Common Stock present or represented at the Annual Meeting and entitled to vote, provided a quorum is present in person or by proxy.

Table of Contents

The presence of the holders of a majority of the outstanding shares of Class A Common Stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a bank, broker or other holder of record holding shares for a beneficial owner does not vote on a particular proposal because that holder does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Shares not present at the Annual Meeting and shares voting abstain have no effect on the election of directors. For the proposals to approve the amendment and restatement of our 2004 Employee Stock Purchase Plan and to ratify the selection of our independent registered public accounting firm, abstentions have the same effect as a negative vote. Broker non-votes are not counted for purposes of determining whether a proposal as to which the proxy does not confer voting authority has been approved and thus have no effect on the outcome of that proposal.

If you are a beneficial owner, your bank, broker or other holder of record is permitted to vote your shares on the ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm, even if the record holder does not receive voting instructions from you.

INFORMATION ABOUT THIS PROXY STATEMENT

Why you received this proxy statement. You have received these proxy materials because Cognizant's Board of Directors is soliciting your proxy to vote your shares at the Annual Meeting. This proxy statement includes information that we are required to provide to you under the rules of the Securities and Exchange Commission (SEC) and that is designed to assist you in voting your shares. On or about April 19, 2010, we mailed to our U.S. and Canadian stockholders of record as of the close of business on April 7, 2010 a Notice of Electronic Availability of the Proxy Statement and Annual Report (the Notice) containing instructions on how to access this proxy statement and our Annual Report to Stockholders for the year ended December 31, 2009, including financial statements (the Annual Report), online. If you own Cognizant Class A Common Stock in more than one account, such as individually and also jointly with your spouse, you may receive more than one Notice. To assist us in saving money and to serve you more efficiently, we encourage you to have all your accounts registered in the same name and address by contacting your bank, broker, or other nominee record holders, or you may contact us at the above address and phone number.

Notice of Electronic Availability of Proxy Statement and Annual Report. As permitted by SEC rules, Cognizant is making this proxy statement and its Annual Report available to its stockholders electronically via the Internet. On or about April 19, 2010, we mailed a Notice containing instructions on how to access this proxy statement and our Annual Report and vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the proxy statement and Annual Report. The Notice also instructs you on how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials contained on the Notice.

Householding. The SEC's rules permit us to deliver a single Notice or set of Annual Meeting materials to one address shared by two or more of our stockholders. This delivery method is referred to as householding and can result in significant cost savings. To take advantage of this opportunity, we have delivered only a Notice or a set of Annual Meeting materials to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. We agree to deliver promptly, upon written or oral request, a separate copy of the Notice or Annual Meeting materials, as requested, to any stockholder at the shared address to which a single copy of those documents was delivered. If you prefer to receive separate copies of the Notice or Annual Meeting materials, contact Broadridge Financial Solutions, Inc. at (800) 542-1061 or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

If you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future Notices or Annual Meeting materials for your household, please contact Broadridge at the above phone number or address.

QUESTIONS AND ANSWERS ABOUT THE 2010 ANNUAL MEETING OF STOCKHOLDERS

What is the purpose of the 2010 Annual Meeting of Stockholders?

At the Annual Meeting of Stockholders, our stockholders will be asked to:

- (1) Elect the three (3) Class I Director nominees;
- (2) Approve the amendment and restatement of the Company's 2004 Employee Stock Purchase Plan to, among other things, increase the number of shares of Class A Common Stock reserved for issuance thereunder from 6,000,000 shares to 9,000,000 shares;
- (3) Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010; and
- (4) Stockholders also will transact any other business that may properly come before the Annual Meeting.

Who is entitled to vote?

The record date for the Annual Meeting is April 7, 2010. Only stockholders of record at the close of business on that date are entitled to vote at the Annual Meeting. The only class of stock entitled to be voted at the Annual Meeting is our Class A Common Stock. Each outstanding share of Class A Common Stock is entitled to one vote for all matters before the Annual Meeting. At the close of business on the record date, there were 299,383,343 shares of Class A Common Stock issued and outstanding and entitled to vote.

What is the difference between being a record holder and holding shares in street name ?

A record holder holds shares in his or her name. Shares held in street name means shares that are held in the name of a bank or broker on a person's behalf.

Am I entitled to vote if my shares are held in street name ?

If your shares are held by a bank or a brokerage firm, you are considered the beneficial owner of those shares held in street name. If your shares are held in street name, these proxy materials are being forwarded to you by your bank or brokerage firm (the record holder), along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions.

If you do not give instructions to your bank or brokerage firm within ten days of the Annual Meeting, it may vote on matters that the New York Stock Exchange (NYSE) determines to be routine, but will not be permitted to vote your shares with respect to non-routine items. Under the NYSE rules, the Ratification of Appointment of the Independent Registered Public Accounting Firm (Proposal 3) is a routine matter while the Election of Directors (Proposal 1) and the amendment and restatement of the 2004 Employee Stock Purchase Plan (Proposal 2) are non-routine matters. When a broker or bank has not received instructions from the beneficial owners or persons entitled to vote and the broker or bank cannot vote on a particular matter because it is not routine, then there is a broker non-vote on that matter. Broker non-votes do not count as votes for or against any proposal. Please note that because of a change in the New York Stock Exchange rules, unlike at previous annual meetings, your broker will not be able to vote your shares with respect to the election of directors if you have not provided directions to your broker. We strongly encourage you to submit your voting instructions and exercise your right to vote as a stockholder.

As the beneficial owner of shares, you are invited to attend the Annual Meeting. If you are a beneficial owner, however, you may not vote your shares in person at the Annual Meeting unless you obtain a proxy form from the record holder of your shares.

How many shares must be present to hold the Annual Meeting?

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

A quorum must be present at the Annual Meeting for any business to be conducted. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the shares of Class A Common Stock outstanding on the record date will constitute a quorum.

Table of Contents

Who can attend the 2010 Annual Meeting of Stockholders?

All Cognizant stockholders entitled to vote at the Annual Meeting may attend our 2010 Annual Meeting of Stockholders.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present at the scheduled time of the Annual Meeting, a majority of the outstanding shares represented at the Annual Meeting, by proxy or in person, and entitled to vote may adjourn the Annual Meeting.

What does it mean if I receive more than one Notice?

It means that your shares are held in more than one account at the transfer agent and/or with banks or brokers. Please vote all of your shares. To ensure that all of your shares are voted, for each Notice, please submit your proxy by phone, via the Internet, or by signing, dating and returning the enclosed proxy card in the enclosed envelope.

How do I vote?

Stockholders can vote in person at the Annual Meeting or by proxy. There are three ways to vote by proxy:

by Telephone You can vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;

by Internet You can vote over the Internet at www.proxyvote.com by following the instructions on the Notice or proxy card; or

by Mail You can vote by mail by signing, dating and mailing the proxy card, which you may have received by mail. Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m., local time, on May 31, 2010.

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet voting also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Annual Meeting in order to vote.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote:

by submitting a duly executed proxy bearing a later date;

granting a subsequent proxy through the Internet or telephone;

if you are a registered stockholder, by giving written notice of such revocation to the Secretary of Cognizant prior to or at the Annual Meeting; or

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

electing to vote in person at the Annual Meeting.

Your most recent proxy card or telephone or Internet proxy is the one that is counted. Your attendance at the Annual Meeting itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote in person at the Annual Meeting.

Who will count the votes?

Representatives of Broadridge Financial Solutions, Inc., our inspectors of election, will tabulate and certify the votes. Alternatively, a representative of our transfer agent may serve as an inspector of election.

Table of Contents

How does the Board of Directors recommend I vote on the proposals?

Your Board recommends that you vote FOR:

- (1) the election of the three (3) Class I Director nominees;
- (2) the amendment and restatement of the Company's 2004 Employee Stock Purchase Plan to, among other things, increase the number of shares of Class A Common Stock reserved for issuance thereunder from 6,000,000 shares to 9,000,000 shares; and
- (3) the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010.

What if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, the persons named as proxies will vote in accordance with the recommendations of the Board of Directors. The Board of Directors' recommendation is set forth together with the description of each proposal in this proxy statement. In summary, the Board of Directors recommends a vote:

- (1) FOR the election of the three (3) Class I Director nominees;
- (2) FOR the amendment and restatement of the Company's 2004 Employee Stock Purchase Plan to, among other things, increase the number of shares of Class A Common Stock reserved for issuance thereunder from 6,000,000 shares to 9,000,000 shares; and
- (3) FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2010.

Will any other business be conducted at the Annual Meeting?

We know of no other business that will be presented at the Annual Meeting. If any other matter properly comes before the stockholders for a vote at the Annual Meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to elect the Director nominees?

On April 18, 2008, the Board of Directors approved an amendment to the Company's Amended and Restated By-laws to change the vote standard for the election of directors from a plurality of votes cast to a majority of votes cast in uncontested elections. A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that director nominee. In contested elections, the vote standard will continue to be a plurality of votes cast. In addition, the Board approved an amendment to the Amended and Restated By-laws to provide that director nominees proposed by stockholders must deliver a statement that, if elected, they agree to tender an irrevocable resignation, promptly upon failure to receive the required vote in a subsequent election, in accordance with the Company's Corporate Governance Guidelines that are applicable to all director nominees.

Abstentions are not counted as votes for or against this proposal.

Our Corporate Governance section, appearing later in this proxy statement, sets forth our procedures if a director-nominee does not receive the required vote for election or re-election. In an uncontested election, any nominee for Director who does not receive a majority of votes cast for his or her election is required to tender his or her resignation promptly following the failure to receive the required vote.

Edgar Filing: COGNIZANT TECHNOLOGY SOLUTIONS CORP - Form DEF 14A

The Nominating and Corporate Governance Committee is required to make recommendations to the Board with respect to any such resignation. The Board is required to take action with respect to this recommendation and to disclose its decision-making process. Full details of this policy are set out in our Corporate Governance section under Voting for Directors.

Table of Contents

How many votes are required to amend and restate our 2004 Employee Stock Purchase Plan to, among other things, increase the number of shares of Class A Common Stock reserved for issuance thereunder from 6,000,000 shares to 9,000,000 shares?

The amendment and restatement of our 2004 Employee Stock Purchase Plan to, among other things, increase the number of shares of Class A Common Stock reserved for issuance thereunder from 6,000,000 shares to 9,000,000 shares requires the affirmative vote of a majority of the shares of Class A Common Stock present at the Annual Meeting in person or by proxy and entitled to vote. You may vote FOR, AGAINST, or ABSTAIN with respect to the proposal to amend and restate our 2004 Employee Stock Purchase Plan to, among other things, increase the number of shares of Class A Common Stock reserved for issuance thereunder from 6,000,000 shares to 9,000,000 shares. If you elect to abstain, the abstention will have the same effect as a vote AGAINST.

How many votes are required to ratify the appointment of our independent registered public accounting firm?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the shares of Class A Common Stock present at the Annual Meeting in person or by proxy and entitled to vote. You may vote FOR, AGAINST, or ABSTAIN with respect to the proposal to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. If you elect to abstain, the abstention will have the same effect as a vote AGAINST.

What is an abstention and how will abstentions be treated?

An abstention represents a stockholder's affirmative choice to decline to vote on a proposal. Abstentions are counted as present and entitled to vote for purposes of determining a quorum. Shares voting abstain have no effect on the election of directors. For the proposals to amend and restate our 2004 Employee Stock Purchase Plan to, among other things, increase the number of shares of Class A Common Stock reserved for issuance thereunder from 6,000,000 shares to 9,000,000 shares and to ratify the selection of our independent registered public accounting firm, abstentions have the same effect as a negative vote.

What are broker non-votes and what effect do they have on the proposals?

Generally, broker non-votes occur when shares held by a broker in street name for a beneficial owner are not voted with respect to a particular proposal because the broker (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares. A broker is entitled to vote shares held for a beneficial owner on routine matters, such as the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm, without instructions from the beneficial owner of those shares. On the other hand, absent instructions from the beneficial owner of such shares, a broker is not entitled to vote shares held for a beneficial owner on certain non-routine items, such as the election of directors and approval of the amendment and restatement of the 2004 Employee Stock Purchase Plan. Broker non-votes count for purposes of determining whether a quorum exists but do not count as entitled to vote with respect to individual proposals. Thus, if you do not give your broker specific instructions, your shares may not be voted on these matters and will not be counted in determining the number of shares necessary for approval, although they will count for purposes of determining whether a quorum exists.

Where can I find the voting results of the 2010 Annual Meeting of Stockholders?

We plan to announce preliminary voting results at the Annual Meeting and we will publish the final results in a Current Report on Form 8-K, which we intend to file with the SEC shortly after the Annual Meeting.

CORPORATE GOVERNANCE

General

We believe that good corporate governance is important to ensure that we are managed for the long-term benefit of our stockholders. Our Board of Directors has adopted Corporate Governance Guidelines, a Code of Ethics entitled Cognizant's Core Values and Standards of Business Conduct and charters for our Nominating and Corporate Governance Committee, Audit Committee and Compensation Committee. You can access our current committee charters and our Code of Ethics in the About Us section of the Company page of our website under the Corporate Governance tab located at www.cognizant.com or by writing to our Secretary at our offices at Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey 07666.

Determination of Independence

Under NASDAQ Stock Market rules, a Director will only qualify as an independent director if, in the opinion of our Board of Directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director. Our Board of Directors has determined that each of John Fox, Robert Howe, John Klein, Robert Weissman, Thomas Wendel and Maureen Breakiron-Evans do not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and that each of these Directors is an independent director as defined under Rule 5605(a)(2) of the NASDAQ Stock Market, Inc. Marketplace Rules.

Director Candidates

The process to be followed by the Nominating and Corporate Governance Committee to identify and evaluate director candidates shall include requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Committee and the Board. From time to time, we also engage search firms to assist in the identification of director candidates.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended Director nominees, the Nominating and Corporate Governance Committee will apply the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our Directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential Director candidates by submitting the names of the recommended individuals, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of Class A Common Stock for at least a year as of the date such recommendation is made, to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, Cognizant Technology Solutions Corporation, Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey 07666. Assuming that appropriate biographical and background material has been provided on a timely basis, the Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Voting for Directors

On April 18, 2008, the Board of Directors approved an amendment to the Company's Amended and Restated By-laws to change the vote standard for the election of directors from a plurality of votes cast to a

Table of Contents

majority of votes cast in uncontested elections. In accordance with the Company's Amended and Restated By-laws, if none of our stockholders provides the Company notice of an intention to nominate one or more candidates to compete with the Board's nominees in a Director election, or if our stockholders have withdrawn all such nominations by the day before the Company mails its notice of meeting to our stockholders, a nominee must receive more votes cast for than against his or her election or re-election in order to be elected or re-elected to the Board. The Board expects a Director to tender his or her resignation if he or she fails to receive the required number of votes for re-election. The Board shall nominate for election or re-election as Director only candidates who agree to tender, promptly following such person's failure to receive the required vote for election or re-election at the next meeting at which such person would face election or re-election, an irrevocable resignation that will be effective upon Board acceptance of such resignation. In addition, the Board shall fill Director vacancies and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of resignation tendered by other Directors in accordance with this corporate governance guideline. If an incumbent Director fails to receive the required vote for re-election, then, within 90 days following certification of the stockholder vote, the Nominating and Corporate Governance Committee will act to determine whether to accept the Director's resignation and will submit such recommendation for prompt consideration by the Board, and the Board will act on the Nominating and Corporate Governance Committee's recommendation. The Nominating and Corporate Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a Director's resignation.

Any Director who tenders his or her resignation pursuant to this provision shall not participate in the Nominating and Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer.

Thereafter, the Board will promptly disclose its decision-making process and decision regarding whether to accept the Director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Form 8-K furnished to the SEC.

If each member of the Nominating and Corporate Governance Committee fails to receive the required vote in favor of his or her election in the same election, then those independent Directors who did receive the required vote shall appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them. However, if the only Directors who did not receive the required vote in the same election constitute three or fewer Directors, all Directors may participate in the action regarding whether to accept the resignation offers.

Communications from Stockholders

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Our Chairman of the Board and Secretary and General Counsel are primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other Directors as they consider appropriate.

Under procedures approved by a majority of the independent Directors, communications are forwarded to all Directors if they relate to important substantive matters and include suggestions or comments that our Secretary and Chairman of the Board consider to be important for the Directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to the Board of Directors by emailing the Board of Directors at the following email address: corporategovernance@cognizant.com; or in writing: c/o Corporate Secretary, Cognizant Technology Solutions Corporation, Glenpointe Centre West, 500 Frank W. Burr Blvd., Teaneck, New Jersey 07666.

Board Leadership Structure and Role in Risk Oversight

The Board evaluates its leadership structure and role in risk oversight on an ongoing basis. Since December 2003, the Company's board leadership structure has separated the Chairman of the Board and Chief Executive Officer roles into two positions. Currently, John E. Klein is the Chairman of the Board and Francisco D. Souza is the Chief Executive Officer. The Board determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company or other relevant factors. After considering these factors, the Board determined that continuing to separate the positions of Chairman of the Board and Chief Executive Officer is the appropriate board leadership structure at this time.

The Board of Directors is also responsible for oversight of the Company's risk management practices while management is responsible for the day-to-day risk management processes. This division of responsibilities is the most effective approach for addressing the risks facing the Company, and the Company's board leadership structure supports this approach. The Board receives periodic reports from management regarding the most significant risks facing the Company. In addition, the Audit Committee assists the Board in its oversight role by receiving periodic reports regarding the Company's risk and control environment.

Code of Ethics

We have adopted a written Code of Business Conduct and Ethics that applies to our Directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted our Code of Ethics on our website, which is located at www.cognizant.com. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ Stock Market listing standards concerning any amendments to, or waivers from, any provision of our Code of Ethics.

Attendance by Members of the Board of Directors at Meetings

There were eight meetings of the Board of Directors during 2009. Each Director attended at least 75% of the aggregate of all meetings of the Board of Directors held during the period in which he or she served as a Director and the total number of meetings held by the committee on which he or she served during the period, if applicable.

Our Corporate Governance Guidelines provide that Directors are expected to attend the Annual Meeting of Stockholders. Mr. D. Souza acted as Chairman of the 2009 Annual Meeting of Stockholders and four other Directors, Messrs. Fox, Klein and Wendel and Ms. Breakiron-Evans, participated in the 2009 Annual Meeting of Stockholders by teleconference.

COMMITTEES OF THE BOARD

The Board of Directors has established three standing committees—Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee—each of which operates under a charter that has been approved by our Board of Directors. Current copies of each committee's charter are posted under the Corporate Governance tab on the About Us section of the Company page of our website www.cognizant.com.

Independence regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm their independence from the Company. Based in part on the foregoing, the Audit Committee recommended to the Board of Directors that the financial statements as of and for the year ended December 31, 2009 audited by PricewaterhouseCoopers LLP be included in our Annual Report on Form 10-K. The members of the Audit Committee are Messrs. Howe, Klein and Wendel and Ms. Breakiron-Evans. From January 1, 2009 through May 25, 2009, Messrs. Howe, Klein and Wendel were the only members of the Audit Committee. Ms. Breakiron-Evans joined the Audit Committee upon election to the Board of Directors on May 26, 2009. The Audit Committee was established in 1998 and met seven times during 2009. The Board of Directors has determined that Mr. Wendel is an audit committee financial expert as defined in Item 401(h) of Regulation S-K. It is anticipated that Mr. Klein and Ms. Breakiron-Evans, if elected to the Board of Directors by our stockholders, will continue to serve on the Audit Committee.

Compensation Committee

Our Compensation Committee, which is comprised of Messrs. Fox, Klein and Weissman, is responsible for the administration of all salary and incentive compensation plans for our officers and key employees, including bonuses. In addition, our Compensation Committee has the following principal duties:

annually reviewing and approving corporate goals and objectives relevant to our Chief Executive Officer's compensation;

determining our Chief Executive Officer's compensation;

reviewing and approving, or making recommendations to the Board with respect to, the compensation of our other executive officers;

overseeing an evaluation of our senior executives;

overseeing and administering our cash and stock-based compensation incentive plans;

reviewing incentive compensation arrangements to ensure that such compensation arrangements do not encourage unnecessary risk taking; and

reviewing and making recommendations to the Board with respect to Director compensation.

The Compensation Committee also administers the 2009 Incentive Plan (the "2009 Incentive Plan") and establishes the terms and conditions of all stock-based compensation awards granted thereunder, and the 2004 Employee Stock Purchase Plan. The Compensation Committee met five times during 2009. The members of the Compensation Committee are Messrs. Fox, Klein and Weissman. It is anticipated that Mr. Klein, if elected to the Board of Directors by our stockholders, will continue to serve on the Compensation Committee.

Nominating and Corporate Governance Committee

In March 2004, our Board of Directors established a Nominating and Corporate Governance Committee. Its responsibilities include:

identifying individuals qualified to become Board members;

recommending to the Board the persons to be nominated for election as directors and to each of the Board's committees;

reviewing and making recommendations to the Board with respect to management succession planning;

developing and recommending to the Board corporate governance principles; and

overseeing an annual evaluation of the Board.

Table of Contents

The members of the Nominating and Corporate Governance Committee are Messrs. Fox, Howe, Klein, Wendel and Weissman. The Nominating and Corporate Governance Committee met two times during 2009. It is anticipated that Mr. Klein, if elected to the Board of Directors by our stockholders, will continue to serve on the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee does not have a specific policy with regard to the consideration of diversity in identifying director nominees. However, our Corporate Governance Guidelines provide that the value of diversity on the Board should be considered. In evaluating the suitability of individual Board members, the Nominating and Corporate Governance Committee considers many factors, including the individual's understanding of marketing, finance, business and technology and other disciplines relevant to the success of a company like ours in today's business environment; education and professional background; personal accomplishments; and geographic, gender, age and ethnic diversity. The Nominating and Corporate Governance Committee evaluates each individual in the context of the Board as a whole, with the objective of recommending a group that can best perpetuate the success of our business and represent stockholder interest through the exercise of sound judgment using its diversity of experience and point of view.

Prior to June 5, 2009, all non-employee Directors, other than our Chairman, received an annual retainer of \$20,000 for their service on the Board of Directors (with no additional fees paid for attendance at meetings of the Board of Directors), and our Chairman received an annual retainer of \$120,000 (with no additional fees paid for attendance at meetings of the Board of Directors). In addition, all non-employee Directors received \$1,500 for attendance at each meeting of a committee of the Board of Directors or \$2,000 for attendance at each meeting of a committee of the Board of Directors if serving as the chairperson of such committee meeting. On May 26, 2009, the Compensation Committee amended certain director compensation guidelines for non-employee directors serving on the Board of Directors and its committees which were effective following the 2009 Annual Meeting of Stockholders, held on June 5, 2009. Since such date, all non-employee Directors, other than our Chairman, receive an annual retainer of \$40,000 for their service on the Board of Directors (with no additional fees paid for attendance at meetings of the Board of Directors). Our Chairman receives an annual retainer of \$140,000 (with no additional fees paid for attendance at meetings of the Board of Directors). The Chair of the Audit Committee receives an annual retainer of \$15,000. The Chair of the Compensation Committee receives an annual retainer of \$10,000. The Chair of the Nominating and Corporate Governance Committee receives an annual retainer of \$5,000. All non-employee Directors receive \$1,500 for attendance at each meeting of a committee of the Board of Directors, other than telephonic meetings that are held for 30 minutes or less, for which no attendance fee is paid. Each newly elected non-employee Director shall receive a deferred share unit grant equal in value to \$160,000 as measured by the closing price of the Company's Class A Common Stock (rounded down to nearest whole share) on the date of grant. The date of grant shall be the date of election to the Board unless otherwise specified by the Board or a Committee thereof. The shares underlying such stock unit grant shall be issued upon such Director's termination of service in accordance with the 2009 Incentive Plan.

Directors who are not our employees or employees of our subsidiaries were previously eligible to participate in our: (1) Amended and Restated 1999 Incentive Compensation Plan, which we refer to as the 1999 Incentive Plan; and (2) Amended and Restated Non-Employee Directors Stock Option Plan, which we refer to as the Director Plan. During 2009, the 1999 Incentive Plan and the Director Plan were succeeded by the Cognizant Technology Solutions Corporation 2009 Incentive Compensation Plan, which we refer to as the 2009 Incentive Plan. Awards granted under the previous plans are still valid, however no additional awards may be granted from the 1999 Incentive Plan and the Director Plan. All Directors who are not our employees or employees of our subsidiaries are currently eligible to participate in our 2009 Incentive Plan.

The 2009 Incentive Plan became effective in June 2009. As of March 31, 2010, the maximum aggregate number of shares of Class A Common Stock reserved for issuance under the 2009 Incentive Plan was 24,000,000 shares, of which 21,906,940 shares remained available for future grant. The 2009 Incentive Plan, which is administered by the Compensation Committee, provides for the issuance of various types of incentives (collectively, the Awards) as follows: (i) stock options and stock appreciation rights under the discretionary grant program, (ii) direct stock issuances, stock bonuses and stock issuances pursuant to restricted stock units and other share-right awards under the stock issuance program, and (iii) cash bonus awards, performance unit awards and dividend equivalent rights awarded under the incentive bonus program.

The 2009 Incentive Plan limits the maximum number of shares of common stock that may be issued to any one participant pursuant to Awards denominated in shares under the 2009 Incentive Plan in any one calendar year to 1,000,000 shares and limits the maximum dollar amount for which Awards denominated in dollars may be made to any one person in any one calendar year to \$3,000,000. For any Award which is to vest on the basis of service, the minimum vesting period shall be three years, with such vesting to occur in one or more installments over that period as determined by the plan administrator, but in no event more favorably than monthly, and for any Award which is to vest on the basis of performance objectives, the performance period will have a duration of at least one year.

Table of Contents

Each of the options granted under the 2009 Incentive Plan will have an exercise price equal to the fair market value per share of Class A Common Stock on the grant date and a maximum term of seven years measured from such date. Upon the occurrence of a change in control as defined in the 2009 Incentive Plan, if the successor corporation assumes each outstanding Award or replaces each outstanding Award with a cash incentive program which preserves the characteristics of the existing Award, each outstanding Award will not automatically accelerate in full. In addition, under the 2009 Incentive Plan, the optionee will have a limited period in which to exercise his or her vested options following cessation of Board service.

Shares may be issued under the stock issuance program at a price per share not less than their fair market value, payable in cash or other valid consideration under the Delaware General Corporation Law. Shares may also be issued as a bonus for past services without any cash purchase price required of the recipient or pursuant to share right awards or restricted stock units which entitle the recipients to receive those shares, without payment of any cash purchase price, upon the attainment of designated performance goals, completion of a prescribed service period or upon the expiration of a designated time period following the vesting of those awards or units. For each share of Class A Common Stock issued without cash consideration pursuant to Awards under the stock issuance program, the share reserve under the 2009 Incentive Plan will be reduced by 1.55 shares.

During 2009, the following non-employee Directors were granted options to purchase shares of Class A Common Stock. All option grants listed below were made under the 2009 Incentive Plan.

PROPOSALS TO BE VOTED ON

PROPOSAL 1:

ELECTION OF DIRECTORS

At this Annual Meeting, three (3) Class I Directors are to be elected to hold office until the Annual Meeting of Stockholders to be held in 2013, or until their successors shall have been duly elected and qualified.

We currently have eight (8) Directors. A majority of votes cast is required for the election of directors.

A majority of the votes cast means that the number of votes cast for a director nominee must exceed the number of votes cast against that director nominee. In contested elections (an election in which the number of nominees for director is greater than the number of directors to be elected) the vote standard is the plurality of votes cast.

In accordance with our Amended and Restated By-laws and Corporate Governance Guidelines, the Board will nominate for election or re-election as a Director only candidates who agree to tender, promptly following their failure to receive the required vote for election or re-election at the next meeting at which they would face election or re-election, an irrevocable resignation that will be effective upon acceptance by the Board. In addition, the Board will fill Director vacancies and new directorships only with candidates who agree to tender the same form of resignation, promptly following their appointment to the Board.

If an incumbent Director fails to receive the required vote for re-election, then, within 90 days following certification of the stockholder vote, the Nominating and Corporate Governance Committee will act to determine whether to accept the Director's resignation and will submit the recommendation for prompt consideration by the Board, and the Board will act on the Nominating and Corporate Governance Committee's recommendation.

Thereafter, the Board will promptly disclose its decision-making process and decision regarding whether to accept the Director's resignation offer (or the reason(s) for rejecting the resignation offer, if applicable) in a Form 8-K furnished to the SEC.

Any Director who tenders his or her resignation pursuant to this provision of our Corporate Governance Guidelines may not participate in the Nominating and Corporate Governance Committee recommendation or Board action regarding whether to accept the resignation offer. If each member of the Nominating and Corporate Governance Committee fails to receive the required vote in favor of his or her election in the same election, then those independent Directors who did receive the required vote will appoint a committee amongst themselves to consider the resignation offers and recommend to the Board whether to accept them. However, if the only Directors who did not receive the required vote in the same election constitute three or fewer Directors, all Directors may participate in the action regarding whether to accept the resignation offers.

As set forth in our Restated Certificate of Incorporation, the terms of office of the members of the Board of Directors are divided into three classes: Class I, whose term currently expires at the 2010 Annual Meeting of Stockholders and whose new term will expire at the 2013 Annual Meeting of Stockholders; Class II, whose term will expire at the 2011 Annual Meeting of Stockholders; and Class III, whose term will expire at the 2012 Annual Meeting of Stockholders. The current Class I Directors are John E. Klein, Lakshmi Narayanan and Maureen Breakiron-Evans, the current Class II Directors are Robert W. Howe and Robert E. Weissman and the current Class III Directors are Francisco D. Souza, John N. Fox, Jr. and Thomas M. Wendel.

At each Annual Meeting of Stockholders, the successors to Directors whose terms then expire will be elected to serve from the time of election and qualification until the third annual meeting following election. If the number of Directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of Directors in each class as nearly equal as possible, and any additional Director of any

Table of Contents

class elected to fill a newly created directorship resulting from an increase in such class shall hold office for a term that shall coincide with the remaining term of that class, but in no case shall a decrease in the number of Directors remove or shorten the term of any incumbent Director. This classification of our Board of Directors may have the effect of delaying or preventing changes in control or management of our Company.

All Directors hold office until the expiration of their respective term and until their successors are duly elected and qualified. There are no family relationships among any of our executive officers, Directors and key employees.

It is the intention of the persons named in the enclosed form of proxy to vote the shares of Class A Common Stock represented thereby, unless otherwise specified in the proxy, for the election as Directors of the persons whose names and biographies appear below. All of the persons whose names and biographies appear below are currently serving as our Directors. In the event any of the nominees should become unavailable or unable to serve as a Director, it is intended that votes will be cast for a substitute nominee designated by the Board of Directors. The Board of Directors has no reason to believe that the nominees named will be unable to serve if elected. Each of the nominees has consented to being named in this proxy statement and to serve if elected.

Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote FOR the election of these nominees as directors.

PROPOSAL 2:

APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE 2004 EMPLOYEE STOCK PURCHASE PLAN

Our Board of Directors amended and restated our 2004 Employee Stock Purchase Plan (the Plan) on April 1, 2010, and is submitting the amended and restated Plan to our stockholders for approval. The primary purpose for the amendment and restatement of the Plan and the request for stockholder approval at this time is to increase the number of shares of Class A Common Stock reserved for issuance under the Plan from 6,000,000 shares to 9,000,000 shares. However, as part of the amendment and restatement, our Board of Directors also approved the following modifications to the Plan:

Clarified the limit on the number of shares of Class A Common Stock that may be purchased by participants under the Plan such that effective for each purchase period beginning on or after January 1, 2010, no participant may purchase more than \$25,000 worth of our Class A Common Stock (valued at the time each purchase right is granted) on any one purchase date.

Eliminated the trust administration option whereby payroll deductions collected from participants could be deposited regularly into a trust established by us with an institutional trustee, with the return from the investment of those payroll deductions to be distributed to participants.

Clarified the list of transactions resulting in a change affecting the outstanding Class A Common Stock that will result in equitable adjustments being made to the number and class of securities issuable under the Plan, certain purchase limitations under the Plan and outstanding purchase rights under the Plan.

Should the amended and restated Plan not be approved by the stockholders, then the number of shares of Class A Common Stock reserved for issuance thereunder will not be increased, however, all other changes to the Plan will be implemented and the amended and restated Plan will continue in full force and effect until the Plan's termination date in accordance with the provisions of the Plan.

A summary of the material features of the Plan is set forth below. This summary is qualified in its entirety by reference to the complete text of the Plan, which is attached as Appendix A to this proxy statement.

Material Terms of the Plan

General. The Plan provides for eligible employees to designate in advance of specified purchase periods a percentage of compensation to be withheld from their pay and applied toward the purchase of shares of our Class A Common Stock. The 2004 Employee Stock Purchase Plan was originally adopted by the Board of Directors effective April 1, 2004 and approved by our stockholders on May 26, 2004. The amended and restated Plan was adopted by the Board of Directors on April 1, 2010, subject to stockholder approval at the 2010 Annual Meeting.

Administration. The Plan is administered by the Compensation Committee of our Board of Directors. The Compensation Committee has authority to make rules and regulations for the administration of the Plan, and its interpretations and decisions with regard thereto are final and conclusive.

Stock Subject to the Plan. The number of shares of our Class A Common Stock reserved for issuance under the Plan will be limited to 9,000,000 shares, including the 3,000,000 subject to stockholder approval pursuant to this Proposal 2. The shares issuable under Plan may be made available from authorized but unissued shares of our Class A Common Stock or from shares of Class A Common Stock repurchased by us, including shares repurchased on the open market.

Should any change be made to our outstanding Class A Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares, spin-off transaction or other change

Table of Contents

affecting the outstanding Class A Common Stock as a class without our receipt of consideration or should the value of the outstanding shares of our Class A Common Stock be substantially reduced as a result of a spin-off transaction or an extraordinary dividend or distribution, then equitable adjustments will be made by the Compensation Committee to (i) the maximum number and/or class of securities issuable under the Plan, (ii) the maximum number and/or class of securities purchasable per participant on any one purchase date, (iii) the maximum number and/or class of securities purchasable in total by all participants on any one purchase date and (iv) the number and/or class of securities and the price per share in effect under each outstanding purchase right. The adjustments will be made in such manner as the Compensation Committee deems appropriate, and such adjustments shall be final, binding and conclusive.

Offering Periods and Purchase Rights. Shares of our Class A Common Stock will be offered for purchase under the Plan through a series of successive purchase periods. Unless otherwise specified by the Compensation Committee prior to the start of the applicable purchase period, each purchase period will have a duration of three (3) months, and purchase periods will commence on the first business day of January, April, July and October each year and end on the last business day of March, June, September and December each year.

Purchase Price. The purchase price per share of the Class A Common Stock sold under the Plan for any purchase period will be equal to the lesser of (a) 90% of the fair market value of a share of Class A Common Stock on the first day of such purchase period, or (b) 90% of the fair market value of a share of Class A Common Stock on the last day of such purchase period. The fair market value will be deemed to be the last reported sales price of the Class A Common Stock on the purchase date as reported by the principal exchange on which such stock is listed and traded, or in the event there is no trading on such date, on the first previous date on which there is such trading. As of March 31, 2010, the fair market value per share of our Class A Common Stock was \$50.98.

Eligibility. Each of our employees and each employee of our designated subsidiaries (except short-term, part-time, or seasonal employees) is eligible to participate in the Plan, provided he or she is not deemed, for purposes of Section 423(b)(3) of the Code, to own stock possessing 5% or more of our total combined voting power or value of all classes of our stock.

As of March 31, 2010, approximately 13,800 employees, including 4 executive officers, were eligible to participate in the Plan.

Enrollment/Payroll Deductions. In order to purchase shares pursuant to the Plan, an eligible employee must enroll through our online enrollment system in advance of the first day of the purchase period. By doing so, the employee becomes a participant in the Plan. In connection with enrollment, each eligible employee authorizes contributions to the Plan through regular payroll deductions, effective as of the first day of the relevant purchase period. A Participant authorizes payroll deductions from his or her cash W-2 compensation, as defined in the Plan, for each payroll period, as a specified percentage of such compensation, not less than 1% and not more than 15%, in multiples of 1%. The amount of payroll deduction must be established at the beginning of a purchase period and may not be altered, except for complete discontinuance. The payroll deductions authorized by a participant are credited to a book account maintained for the participant.

The accumulated contributions will automatically be applied to the acquisition of shares of Class A Common Stock on the last day of each purchase period. Accordingly, on each such purchase date, each participant's payroll deductions accumulated for the purchase interval ending on that purchase date will automatically be applied to the purchase of whole shares of Class A Common Stock at the purchase price in effect for that purchase date.

Any balance remaining in a participant's book account at the end of a purchase period (not in excess of the purchase price of one share of Class A Common Stock) will be carried forward into the participant's account for the following purchase period.

Table of Contents

If, as of any one purchase date, the aggregate funds available for the purchase of shares of Class A Common Stock would result in a purchase of shares in excess of the maximum number of shares then available for purchase under the Plan, the number of shares which would otherwise be purchased by each participant on the purchase date will be reduced by a factor relative to the payroll deduction accumulation for each participant. After the number of shares which would otherwise be purchased by participants is reduced on the purchase date, the entire balance remaining credited to the account of each participant after the purchase of the applicable number of shares of Class A Common Stock is completed on the purchase date will be refunded to each such participant.

Special Limitations. The Plan imposes certain limitations upon a participant's rights to acquire shares of Class A Common Stock under the Plan, including the following limitations:

Purchase rights granted to a participant may not permit such individual to purchase more than \$25,000 worth of our Class A Common Stock (valued at the time each purchase right is granted) for each calendar year those purchase rights are outstanding at any time.

Purchase rights may not be granted to any individual if such individual would, immediately after the grant, own or hold outstanding options or other rights to purchase, stock possessing five percent (5%) or more of the total combined voting power or value of all classes of our outstanding stock or the outstanding stock of any of our affiliates.

Effective for purchase periods beginning on or after January 1, 2010, no participant may purchase more than \$25,000 worth of our Class A Common Stock (valued at the time each purchase right is granted) on any one purchase date.

The Plan administrator will have the discretionary authority to increase or decrease the per participant purchase limitation as of the start date of any new purchase period under the Plan, with the new limit to be in effect for that purchase period and each subsequent purchase period. The applicable limitation will be adjusted for any stock split, stock dividend, stock reclassification or similar transaction affecting the number of shares of our outstanding common stock without our receipt of consideration.

Change in Control. If we are the surviving corporation in any merger, reorganization or other business combination, any purchase right granted under the Plan will cover the securities or other property to which a holder of the number of shares of our Class A Common Stock would have been entitled pursuant to the terms of the merger. In the event of our dissolution or liquidation or a merger or consolidation in which we are not the surviving entity shall cause every purchase right outstanding under the Plan to terminate.

Termination of Purchase Rights. A participant may withdraw from the Plan at any time prior to the next scheduled purchase date, and his or her accumulated payroll deductions or other permitted contributions for the purchase period will be refunded immediately.

A participant's purchase right will immediately terminate upon his or her cessation of employment or loss of eligible employee status for any reason other than retirement on or after attaining age 55. Any payroll deductions or other permitted contributions which the participant may have made for the purchase interval in which such cessation of employment or loss of eligibility occurs will be refunded and will not be applied to the purchase of common stock. Upon a participant's retirement on or after attaining age 55, his or her accumulated payroll deductions or other permitted contributions will, at the participant's election, be refunded immediately or applied to the purchase of shares of our Class A Common Stock on the next scheduled purchase date.

Stockholder Rights. No participant will have any stockholder rights with respect to the shares covered by his or her purchase rights until the shares are actually purchased on the participant's behalf and the participant has become a holder of record of the purchased shares. No adjustment will be made for dividends, distributions or other rights for which the record date is prior to the date of such purchase.

Table of Contents

Assignability. No purchase rights will be assignable or transferable by the participant, and the purchase rights will be exercisable only by the participant.

Term/Amendment. The term of the Plan will continue in effect until all shares reserved for issuance have been granted to participants, unless terminated earlier by our Board of Directors. The Board of Directors may, without the consent of the Participants, amend the Plan at any time, provided that no such action will adversely affect options theretofore granted under the Plan, and provided that no such action by the Board of Directors, without approval of the Company's stockholders, may: (i) increase the total number of shares of Class A Common Stock available for issuance under the Plan; (ii) change the class of employees eligible to participate in the Plan; (iii) decrease the minimum purchase price formula; (iv) extend a purchase period, or (v) extend the term of the Plan.

(1) Mr. Chandrasekaran, Mr. Narayanan and our non-employee Directors are not eligible to participate in the Plan.

New Plan Benefits

No purchase rights will be granted on the basis of the increase to the share reserve of the Plan unless our stockholders approve the amended and restated Plan at the 2010 Annual Meeting.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that will arise with respect to participation in the Plan and with respect to the sale of common stock acquired under the Plan. This summary is based on the tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

The Plan is intended to be an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code. Under a plan which so qualifies, no taxable income will be recognized by a participant,

Table of Contents

and no deductions will be allowable to us, upon either the grant or the exercise of the purchase rights. Taxable income will not be recognized until there is a sale or other disposition of the shares acquired under the Plan or in the event the participant should die while still owning the purchased shares.

If the participant sells or otherwise disposes of the purchased shares within two years after the start date of the purchase period in which such shares were acquired or within one year after the purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the amount by which the fair market value of the shares on the purchase date exceeded the purchase price paid for those shares, and we will generally be entitled to an income tax deduction, for the taxable year in which such sale or disposition occurs, equal in amount to such excess.

If the participant sells or disposes of the purchased shares more than two years after the start date of the purchase period in which the shares were acquired and more than one year after the purchase date of those shares, then the participant will recognize ordinary income in the year of sale or disposition equal to the lesser of (i) the amount by which the fair market value of the shares on the sale or disposition date exceeded the purchase price paid for those shares or (ii) ten percent (10%) of the fair market value of the shares on the start date of that purchase period, and any additional gain upon the disposition will be taxed as a long-term capital gain. We will not be entitled to an income tax deduction with respect to such sale or disposition.

If the participant still owns the purchased shares at the time of death, the lesser of (i) the amount by which the fair market value of the shares on the date of death exceeds the purchase price or (ii) ten percent (10%) of the fair market value of the shares on the start date of the purchase period in which those shares were acquired.

Accounting Treatment

The grant date fair value of each purchase right granted will be charged as a direct compensation expense to our reported earnings over the purchase period to which that purchase right pertains. The grant-date fair value of each such purchase right will be determined in accordance with an appropriate Black-Scholes option valuation formula that satisfies the standards of the authoritative literature for share-based awards.

The Board of Directors unanimously recommends a vote FOR the approval of the amendment and restatement of our 2004 Employee Stock Purchase Plan.

The Audit Committee of the Company is responsible for reviewing and approving all transactions between us and any related person. Related persons can include any of our directors or executive officers, certain of our stockholders, and any of their immediate family members. This obligation is set forth in our Audit Committee Charter. In evaluating related person transactions, the members of the Audit Committee apply the same standards of good faith and fiduciary duty they apply to their general responsibilities as a committee of the Board of the Directors and as individual directors. The Audit Committee will approve a related person transaction when, in its good faith judgment, the transaction is in the best interest of the Company. To identify related person transactions, each year, we require each of our directors, director nominees and executive officers to complete a disclosure questionnaire identifying any transactions with us in which the officer or director or their family members have an interest.

In addition, our Code of Ethics describes our expectation that all directors, officers and employees who may have a potential or apparent conflict of interest to, in the case of employees, notify our Chief Compliance Officer or General Counsel, or in the case of executive officers and directors, notify our General Counsel or Board of Directors. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

In spite of the continued economic slowdown in 2009, the Company experienced industry leading performance for 2009 with year-over-year revenue growth of 16.4%. Our business segments had year-over-year revenue growth ranging from 9.5% to 27.5%, and we continued to expand our service offering enabling us to provide better support to our customers, including strengthening our offerings in consulting, infrastructure management and business and knowledge process outsourcing. We increased penetration at existing customers, including strategic customers and we benefited from the continued expansion of the market for global delivery of IT services and business process outsourcing. The Compensation Committee took into account the Company's strong performance relative to the industry during 2009 by making certain restricted and performance stock unit grants as described in more detail below. The Company viewed these grants as necessary to properly align the pay to our executives with the Company's strong performance. At the request of our Named Executives, the Compensation Committee did not change base salary and target annual non-equity incentive compensation for our Named Executives during 2009.

Overview of Compensation Program and Philosophy

The following Compensation Discussion and Analysis describes the material elements of compensation for our Named Executives who are identified in the 2009 Summary Compensation Table below. The Named Executives are the individuals who serve as our President and Chief Executive Officer; Chief Financial and Operating Officer; Chief Operating Officer, Global Client Services; President and Managing Director, Global Delivery; and Senior Vice President and General Counsel.

The Compensation Committee of our Board of Directors oversees and administers our executive compensation program, including the evaluation and approval of compensation plans, policies and programs offered to our Named Executives. The Compensation Committee operates under a written charter adopted by our Board of Directors and is comprised entirely of independent, non-employee directors as determined in accordance with various NASDAQ Stock Market, SEC and Internal Revenue Code rules. The Compensation Committee has the authority to engage its own independent advisor to assist in carrying out its responsibilities under its charter.

The Compensation Committee has designed the executive compensation program for our Named Executives to meet the following objectives:

Ensure executive compensation is aligned with our corporate strategies and business objectives.

Subject a substantial portion of an executive officer's compensation to achieving both short-term and long-term performance objectives that enhances stockholder value by linking rewards to measurable corporate and individual performance.

Reinforce the importance of meeting and exceeding identifiable and measurable goals through superior awards for superior performance.

Provide total direct compensation that is competitive in markets in which we compete for management talent in order to attract, retain and motivate the best possible executive talent.

Provide an incentive for long-term continued employment with our Company.

Reinforce our desired culture and unique corporate environment by fostering a sense of ownership, urgency and overall entrepreneurial spirit.

Table of Contents

We believe our approach to goal setting and setting of targets with payouts at multiple levels of performance results assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. Several features of our programs reflect sound risk management practices. We believe we have allocated our compensation among base salary and short and long-term compensation target opportunities in such a way as to not encourage excessive risk-taking. In addition, we believe that the mix of equity award instruments used under our long-term incentive program that includes full value awards as well as the multi-year vesting of our equity awards also mitigates risk and properly account for the time horizon of risk.

Determination of Competitive Compensation and Engagement of Compensation Consultant

To achieve its objectives for our executive compensation program, the Compensation Committee evaluates our executive compensation program with the goal of setting compensation at levels the Committee believes are competitive with those of other growth technology companies that compete with us for executive talent and has periodically engaged an independent consultant to provide additional assurance that the Company's executive compensation programs are reasonable and consistent with its objectives. The consultant reports directly to the Compensation Committee, periodically participates in committee meetings and advises the Compensation Committee with respect to compensation trends and best practices, plan design, and the reasonableness of individual compensation awards. Although the Compensation Committee reviews the compensation practices of our peer companies as described below, the Compensation Committee does not adhere to strict formulas or survey data to determine the mix of compensation elements. Instead, as described below, the Compensation Committee considers various factors in exercising its discretion to determine compensation, including the experience, responsibilities and performance of each Named Executive as well as the Company's overall financial performance. This flexibility is particularly important in designing compensation arrangements to attract and retain executives in a highly-competitive, rapidly changing market.

The Compensation Committee engaged Towers Watson (formerly Watson Wyatt) in late 2007 to review all elements of executive compensation, benchmark such compensation in relation to other comparable companies with which we compete for executive talent and provide recommendations to ensure that our executive compensation program continues to enable us to attract and retain qualified executives through competitive compensation packages which will result in the attainment of our short-term and long-term strategic objectives. Towers Watson benchmarked our executive compensation against a group of similarly sized technology-related firms based on revenue and similarly sized technology-related firms based on headcount.

In addition, in late 2008, the Compensation Committee again engaged Towers Watson to review all elements of executive compensation based on updated benchmark data. The Compensation Committee asked Towers Watson to update the benchmark data to take into account the compensation data in 2008 proxy filings for purposes of making equity grants and for setting 2009 compensation. The December 2008 stock option and restricted stock units grants to Messrs. D Souza, Coburn, Chandrasekaran, Mehta and Schwartz described below under Long-Term Incentives Stock-Based Awards were based in part on the recommendations of this Towers Watson study. In reviewing the recommendations of the Towers Watson study, the Compensation Committee determined it appropriate to establish a target compensation value that should be delivered to each Named Executive through long-term equity awards based on the factors discussed below in the section entitled Long-Term Incentives Stock-Based Awards.

Again, in late 2009, the Compensation Committee engaged Towers Watson to review all elements of executive compensation based on updated benchmark data. The Compensation Committee asked Towers Watson to update the benchmark data to take into account the compensation data in 2009 proxy filings for purposes of making equity grants and for setting 2010 compensation. The December 2009 restricted stock units and performance stock unit grants to Messrs. D Souza, Coburn, Chandrasekaran, Mehta and Schwartz described below under Long-Term Incentives Stock-Based Awards were based in part on the recommendations of this Towers Watson study. Towers Watson benchmarked our executive compensation against a group of similarly sized technology-related firms based on revenue and similarly sized technology-related firms based on

Components of Compensation

Our executive compensation program utilizes three primary components to achieve the foregoing objectives. These three components comprise an executive's total direct compensation: base salary, non-equity incentive awards for annual financial performance, and periodic stock-based awards. Prior to 2007, equity compensation was granted primarily in the form of stock options which derived their value from appreciation of the market price of our Class A Common Stock. As discussed in more detail below, grants of performance-based stock units were introduced in 2007 and grants of restricted stock units were introduced in 2008.

Base Salary

The Compensation Committee reviews the base salaries of our Named Executives on an annual basis. The primary objective of the base salary component of an executive's total direct compensation is to provide financial stability and certainty through market competitive salary levels, recognizing experience, knowledge, skills, relative value and sustained contribution to our company. We make periodic adjustments to base salary based on individual performance and contributions, market trends, competitive position and our financial situation. Consideration is also given to relative responsibility, seniority, experience and performance of each individual Named Executive. No specific weight was assigned to any of the above criteria relative to the Named Executives' compensation. The Compensation Committee does not attempt to set compensation components to meet specific benchmarks because the Compensation Committee believes that excessive reliance on benchmarking is detrimental to stockholder interests because it can result in compensation that is unrelated to the value delivered by the Named Executives. In addition, base salaries are also set to the location of our executives, such as with Mr. Chandrasekaran based in India and Messrs. D. Souza, Coburn, Mehta and Schwartz based in the United States.

For 2009, at the request of our Named Executives in recognition of the global financial crisis, the Compensation Committee made the decision to keep 2009 base salaries the same as 2008 for each Named Executive.

The Compensation Committee believes base salaries are generally still at or below the 50th percentile for companies of similar size, value and complexity to our Company today. As a result, on a longer-term basis, the Compensation Committee expects to continue to advance its objective of moving away from large equity awards which were more typical during the initial phases of our Company's growth and bringing base salary closer to market comparables for base salary levels in effect for officers at companies with which we compete for executive management.

Annual Non-Equity Incentive

We have designed our annual non-equity incentive program to stimulate and support a high-performance environment by tying such incentive compensation to the attainment of organizational financial goals and by recognizing superior performance. The annual cash incentive bonuses are intended to compensate individuals for the achievement of these goals. The Compensation Committee determines actual cash incentive bonuses after the end of the fiscal year based upon the Company's performance.

The Compensation Committee believes that each Named Executive's annual cash incentive bonus should be based upon the achievement of financial goals, which are tied to metrics that are valued by our stockholders. The Company and its Compensation Committee believe that our stockholders value and measure the performance of

Table of Contents

the Named Executives based principally on the growth of revenue, earnings and cash flow, and thus incentive targets based upon revenue, earnings and Days Sales Outstanding (DSO) are the most appropriate. Over the past several years, one of our principal goals has been to grow revenue at an industry-leading pace, while maintaining operating margin and DSO. The annual cash incentive bonus target has been set in an effort to achieve this operating performance. We set annual incentive target levels for our Named Executives based on a percentage of their salary. For 2009, the applicable percentages were as follows:

Name	2009 Target Bonus Award	Percentage of Salary Payable at Target Award Level
Francisco D Souza	\$ 362,880	70%
Gordon Coburn	\$ 326,592	70%
Ramakrishnan Chandrasekaran	\$ 113,400	70%
Rajeev Mehta	\$ 260,400	70%
Steven Schwartz	\$ 187,000	55%

The Compensation Committee determined the revenue (subject to certain adjustments), earnings (before interest, taxes, depreciation, amortization and stock-based compensation costs and related fringe benefit taxes, subject to certain adjustments), and DSO targets for the 2009 fiscal year that would be used for each of the Named Executives, and it also set a minimum and maximum threshold for each component of the annual incentive target as shown in the table below.

	Threshold	Target	Maximum
	(dollars in thousands)		
Revenue	\$ 3,069,771	\$ 3,182,424	\$ 3,379,565
Earnings	\$ 683,876	\$ 708,973	\$ 752,891
Days sales outstanding	81	70	60
Payout as a percent of target	50%	100%	200%

In addition, the Compensation Committee determined that the weighting of the components of the annual cash incentive bonus target would be:

Achievement of revenue target 50%

Achievement of earnings target 40%

Achievement of DSO target 10%

Due to the high growth objectives set for the revenue and earnings components, there was substantial uncertainty at the time the Compensation Committee established the performance goals for 2009 as to the likelihood of the Company's attainment of the targeted levels of performance.

The maximum amount a Named Executive can earn under the annual cash incentive bonus plan is 200% of the target bonus amount, and for performance below the threshold level, no bonus will be paid for a particular component. Based on the 2009 corporate performance against the metrics described above, the Compensation Committee approved the following annual bonus payments to the Named Executives:

Name	2009 Bonus Award	Award as Percentage of Target Award Opportunity
Francisco D Souza	\$ 590,216	162.6%
Gordon Coburn	\$ 531,195	162.6%
Ramakrishnan Chandrasekaran	\$ 184,443	162.6%
Rajeev Mehta	\$ 423,535	162.6%
Steven Schwartz	\$ 304,151	162.6%

Table of Contents**Long-Term Incentives Stock-Based Awards**

We provide long-term incentive compensation through stock-based awards. Prior to 2008, we made such awards in the form of stock options and/or performance-based stock units that vest over multiple years. During 2008, based upon Towers Watson's study, our Compensation Committee modified its strategy on the use of stock-based compensation to include the use of restricted stock units. Our Compensation Committee continued such strategy during 2009 with the awards of restricted stock units and performance-based stock units to our Named Executives. We believe that such restricted stock units and performance-based stock units are a valuable component of our long-term incentive program for several reasons, including ongoing concerns over the dilutive effect of option grants on our outstanding shares, our desire to make a portion of our Named Executives' compensation less subject to market volatility, and to create a retention mechanism which creates the incentive to maximize shareholder value.

The Compensation Committee currently plans to use a combination of stock options, performance-based stock units, and restricted stock units in future years. We believe that stock-based grants provide our executive officers with a strong incentive to manage the Company from the perspective of an owner with an equity stake in the long-term success of the business, create an ownership culture and help to align the interests of our executives and our stockholders. In addition, the vesting feature of our equity grants should further our goal of executive retention, because this feature provides an incentive to our executive officers to remain in our employ during the vesting period.

In considering the grants for the 2009 fiscal year, the Compensation Committee first established a target compensation value that it wanted to deliver to the Named Executives through long-term equity awards. In doing so, the Compensation Committee took into account various factors, including the number of stock options, restricted stock units and performance share units that each of our executive officers had previously been awarded, the gains realized in connection with prior option grants and the number of vested and unvested options held by that individual, the expected value of outstanding performance share units, the base salary of the executive officer and the heavy weight placed on equity in the mix of total compensation, and the perceived retention value of the total compensation package in light of the competitive environment. The Compensation Committee also took into account the size of comparable awards made to individuals in similar positions within the industry, the scope, responsibility and business impact of the officer's position, the individual's potential for increased responsibility and promotion over the performance unit term, and the individual's personal experience and performance in recent periods. Once the target value was established, the Compensation Committee determined the number of restricted stock units and performance-based stock units by reference to the current value of the Company's Class A Common Stock.

Based on the foregoing considerations, in December 2009, the Compensation Committee approved the following restricted stock units:

Name	Date of Grant	Number of Restricted Stock Units
Francisco D. Souza	December 1, 2009	50,000
Gordon Coburn	December 1, 2009	28,000
Ramakrishnan Chandrasekaran	December 1, 2009	20,000
Rajeev Mehta	December 1, 2009	25,000
Steven Schwartz	December 1, 2009	10,000

Such restricted stock units were granted pursuant to the terms and conditions of the Company's 2009 Incentive Plan and the related Stock Unit Award Agreements.

The December 2009 restricted stock units, referred to herein as the December 2009 Stock Units, vest in quarterly installments over three years, with 1/12 of the December 2009 Stock Units vesting on each March 1, June 1, September 1 and December 1 of each 2010, 2011 and 2012.

Table of Contents

Also, based on the foregoing considerations, in December 2009, the Compensation Committee approved the following performance-based stock units, also referred to herein as the Performance Units:

Name	Number of Performance Units
Francisco D. Souza	50,000
Gordon J. Coburn	28,000
Ramakrishnan Chandrasekaran	20,000
Rajeev Mehta	25,000
Steven Schwartz	10,000

The Performance Units are subject to attainment of certain performance milestones as well as certain continued service requirements. All or a portion of the Performance Units shall vest based upon the level of achievement of the revenue milestones, also referred to herein as the Performance Milestones, set forth below as follows (revenue numbers in thousands):

- (a) 0% of the Performance Units which are awarded shall vest upon the Company's achievement of 2010 revenue of less than \$3,663,000.
- (b) 50% of the Performance Units which are awarded shall vest upon the Company's achievement of 2010 revenue of \$3,663,000.
- (c) 100% of the Performance Units which are awarded shall vest upon the Company's achievement of 2010 revenue of \$3,826,000.
- (d) 150% of the Performance Units which are awarded shall vest upon the Company's achievement of 2010 revenue of \$3,989,000.
- (e) 180% of the Performance Units which are awarded shall vest upon the Company's achievement of 2010 revenue of \$4,070,000.

Whether and to what extent the Performance Milestone has been achieved shall be determined by the Compensation Committee in its sole and absolute discretion based upon the audited financials for the 2010 fiscal year. The number of Performance Units that will vest for performance between the applicable threshold targets will be determined using straight-line interpolation, rounded down to the preceding whole number (e.g., 101.74 rounded down to 101).

In addition, of the Performance Units which vest based upon attainment of the Performance Milestone, 1/3rd (or 33.33%) of such Performance Units shall be issued on the eighteen-month anniversary of the date of grant; provided that the Named Executive remains in the Company's service through such anniversary date, and the remaining 2/3rds (or 66.67%) of the Performance Units which vest based upon attainment of the Performance Milestone shall be issued on the thirty-six month anniversary of the date of grant; provided that the Named Executive remains in the Company's service through such anniversary date, each such date referred to herein as the Issue Date. For the avoidance of doubt, a Named Executive shall only be entitled to have Performance Units issued to him if the applicable Performance Milestone is achieved based on the schedule set forth above and the Named Executive remains in the service of the Company through the applicable Issue Date. The number of Performance Units which shall vest and be issued on the Issue Date which occurs on the eighteen-month anniversary of the date of grant shall be rounded down to the preceding whole number (e.g., 101.74 rounded down to 101), and the number of Performance Units which shall vest and be issued on the Issue Date which occurs on the three-year anniversary of the date of grant shall equal the aggregate number of Performance Units that vested based upon attainment of the Performance Milestone minus the whole number of Performance Units that vested upon attainment of the Performance Milestone that were issued on the previous Issue Date. In no event shall any fractional shares be issued.

Supplemental Retirement Programs

We do not have any non-qualified deferred compensation programs, pension plans or supplemental executive retirement plans for our executive officers, except for Mr. Coburn. We established a non-qualified deferred compensation program for Mr. Coburn in order to provide him with the equivalent economic value of the retirement plan in which he participated while the Company was majority-owned by IMS Health. Accordingly, Mr. Coburn is entitled to an annual Company contribution equal to 6% of his base salary and earned annual performance bonus.

Broad-Based Programs

Our U.S.-based executive officers are eligible to participate in our broad-based medical, dental and vision insurance, life and accidental death insurance, and 401(k) savings plan, supplemental retirement plan and our employee stock purchase plan on the same basis as all other regular employees. Under the 401(k) savings plan, we match employee contributions at the rate of 50% for each dollar contributed during each pay period, up to the first 6% of the amount contributed during each pay period. The matching contributions immediately vest. The 401(k) savings plan and other generally available benefit programs allow us to remain competitive for employee talent.

In addition, effective January 1, 2009, our U.S.-based executive officers who are subject to contribution restrictions under our 401(k) savings plan due to limits that apply to highly-compensated employees are eligible to participate in The Cognizant Technology Solutions Supplemental Retirement Plan, referred to herein as the CSRP, on the same basis as all other regular U.S.-based employees. The CSRP is a non-qualified savings plan in which the employee's contributions are made on a post-tax basis to an individually owned, portable and flexible retirement plan held with a life insurance company. The CSRP works alongside established qualified retirement plans such as our 401(k) savings plan or can be the basis for a long term stand-alone retirement savings plan. We provide a fully vested incentive match following the same formula as our 401(k) savings plan. Because the CSRP is not subject to the same IRS non-discrimination rules as our 401(k) savings plan, employees that face limitation on their 401(k) contributions due to these rules can avail themselves of the CSRP without foregoing the Company match. There is no limit to the amount an employee may contribute to the CSRP and it can be used in concert with other retirement strategies that may be available outside of our Company.

Our India-based executive officers are eligible to participate in our broad-based medical, dental and vision insurance, life and accidental death insurance, as well as in the India Provident Fund and India Gratuity Plan, which are statutory benefit programs, on the same basis as all other regular Indian-based employees. Under the India Provident Fund, we make a matching contribution equal to 12% of the employee's basic salary, which is a component of the employee's total salary. This contribution immediately vests. The India Gratuity Plan provides for a lump-sum payment, based on number of years of service, to an employee upon termination of employment from the Company.

We believe that the availability of the aforementioned broad-based benefit programs generally enhances employee morale and loyalty.

Perquisites

We seek to maintain an egalitarian culture in our facilities and operations. The Company's philosophy is to provide a minimum of personal benefits perquisites to its executives and generally only when such benefits have a business purpose.

We incur expenses to ensure that our employees, including our executive officers, are accessible to us and our customers at all times and to promote our commitment to provide our employees and executives with the necessary resources and items of technology to allow them to operate around the clock in a virtual office.

environment. However, we do not view these expenses as executive perquisites because they are essential to the efficient performance of their duties and are comparable to the benefits provided to a broad-based group of our employees. In addition, if an immediate family member accompanies an executive to attend a business function at which such family member is generally expected to attend, the Company reimburses the executive for the related travel expenses. Each of the Named Executives receives a perquisite in the form of an annual physical exam.

Equity Grant Practices

The Compensation Committee or the Board of Directors approves the stock-based equity awards, such as stock options, restricted stock units and performance-based stock units, at its regularly scheduled meetings or by written consent. These awards approved during a regularly scheduled meeting become effective on the date of the meeting or as of a future date, as specified by the Compensation Committee or the Board of Directors in its approval. These awards approved by unanimous written consent become effective as of the date the Company is in receipt of all signed consents or as of a future date, as specified by the Compensation Committee or the Board of Directors in the written consent. In addition, our Board of Directors has authorized an executive committee of Company management, comprised of Messrs. Narayanan, D. Souza and Coburn to issue stock-based equity awards to newly hired and existing employees in accordance with the Company's policy governing the grant of stock-based equity awards which is detailed below.

The grant of restricted stock units and performance-based stock units to executives in December 2009 were made in accordance with the timing requirements of the Company's written policy governing the grant of stock-based equity awards described below, meaning the grants were made outside of the Company's earnings black-out periods. The Compensation Committee and the Board of Directors intends to continue to comply with such timing policy with respect to all future grants of stock-based awards to employees of the Company. Accordingly, it is the intention of the Board of Directors not to approve grants of stock-based awards to employees of the Company on a date that falls within one of the Company's earnings black-out periods (period beginning fifteen days prior to the end of each fiscal quarter (i.e., March 31, June 30, September 30 and December 31) and ending with and including the second business day following the quarterly announcement of the earnings of the Company for such quarter).

The Compensation Committee and the Board of Directors do not engage in any market timing of the stock-based equity awards made to the executive officers or other award recipients. There is no established practice of timing our awards in advance of the release of favorable financial results or adjusting the award date in connection with the release of unfavorable financial developments affecting our business. It is our intent that all stock option grants, whether made by the Compensation Committee or a committee of our executive officers to whom the Board delegates authority to make option grants in accordance with the policy (the Executive Committee), have an exercise price per share equal to the fair market value of our Class A Common Stock based on the closing market price per share on the grant date.

The Company has a written policy governing the grant of stock options. The policy applies equally to grants of stock options to executives and other employees. The policy provides, among other things, that:

Stock option grants may be made by the Executive Committee, the Board of Directors or the Compensation Committee, provided the Executive Committee shall not grant options to any of its members or to any employee subject to Section 16 reporting as defined by the SEC that are not members of the Executive Committee;

The exercise price of each stock option shall not be less than 100 percent of the fair market value of our Class A Common Stock on the date of grant based on the closing market price per share on such date;

Stock options granted by the Executive Committee must be within the guidelines set forth in the policy and may only be granted on the fourteenth (14th) day of a calendar month or, if the fourteenth

Table of Contents

(14th) day is a day that the Class A Common Stock is not publicly traded, then on the last preceding trading date. The grants are reported to the Board at its next regularly scheduled meeting;

Except for grants to non-employee members of the Board (which shall only be issued with a grant date coincident with the date of the Company's Annual Meeting of Stockholders or, with respect to the initial grant made to a non-employee Board member who is first elected or appointed to the Board other than at the Annual Meeting, the date of his or her initial election or appointment to the Board), no stock options shall be granted on a date that falls within one of the Company's earnings black-out periods (period beginning fifteen days prior to the end of each fiscal quarter (i.e., March 31, June 30, September 30 and December 31) and ending with and including the second business day following the quarterly announcement of the earnings of the Company for such quarter);

No stock options shall be granted by the Executive Committee to one individual that collectively exceed 10,000 shares (subject to certain adjustments provided for under the policy) during any rolling twelve month period without approval by the Board or the Compensation Committee;

No stock option grant by the Executive Committee shall have a term in excess of ten years; a vesting schedule other than twenty-five (25) percent per year over a four-year period measured from the grant date; or contain terms other than those specified in the applicable plan document; and

All option grants to employees subject to Section 16 reporting as defined by the SEC shall be made by the Compensation Committee comprised solely of two or more outside directors as determined under Internal Revenue Code Section 162(m) and the applicable Treasury Regulations (or by the Board so long as (i) any member of the Board that does not so qualify as such an outside director recuses himself or herself, and (ii) any such grant is made by two or more members of the Board who do qualify as such outside directors).

Ongoing and Post-Employment Compensation

The Company recognizes that a change of control can create uncertainty for its employees that may result in loss or distraction of executives during a critical period. As a result, we have entered into a Severance and Noncompetition Agreement (collectively, the Severance and Noncompetition Agreements) with each of the Named Executives under which certain payments and benefits would be provided should the executive officer's employment terminate under certain circumstances, including in connection with a change in control. Under these agreements, other than in the case of a termination for cause, the Named Executive will receive his then-current base salary for the one-year period commencing on the effective date of such termination and his full bonus for the year in which the termination occurs (assuming achievement of 100% of applicable performance targets), payable, in each case, in the same amounts and at the same time intervals as the base salary and bonus would otherwise have been paid prior to such termination. In addition, such agreements provide that all options held by the Named Executive will vest in full immediately upon a change of control. Pursuant to such agreements, each Named Executive has agreed not to engage in any competitive business in any capacity for one year following termination of employment and not to solicit any of our employees to leave our employ within the one-year period following termination of employment. Our executive officers are also bound by confidentiality covenants that protect our confidential information and business. We believe that the Severance and Noncompetition Agreements continue to achieve two important goals crucial to our long-term financial success, namely, the long-term retention of our senior executives and their commitment to the attainment of our strategic objectives. These agreements will allow our participating executive officers to continue to focus their attention on our business operations and strategic plans without undue concern over their own financial situations during periods when substantial disruptions and distractions might otherwise prevail. We believe that these severance packages are also fair and reasonable in light of the years of service our executive officers have rendered us (average tenure of over 10 years), the level of dedication and commitment they have rendered us over that period, the contribution they have made to our growth and financial success and the value we expect to receive from retaining their services, including during challenging transition periods following a change in control.

Table of Contents

None of the Named Executives are entitled to any tax gross-up payments with respect to the tax liability they incur with respect to such severance benefits, including the absence of any tax gross-up with respect to any payment deemed to be parachute payment under Internal Revenue Code Section 280G.

The material terms of the Named Executive's compensation are described below in the section of the proxy statement entitled "Potential Payments upon Termination or Change in Control" on page 49.

Tax Considerations

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held companies for compensation exceeding \$1.0 million paid to certain of the corporation's executive officers, to the extent that compensation exceeds \$1.0 million per covered officer in any fiscal year. The limitation applies only to compensation which is not considered to be "qualified performance-based compensation" for purposes of Section 162(m) of the Internal Revenue Code. The Compensation Committee believes it is important to maintain incentive compensation at the requisite level to attract and retain the executive officers essential to the Company's financial success, even if all or part of that compensation may not be "qualified performance-based compensation", and therefore subject to the \$1.0 million limitation on deductible compensation under Section 162(m). Accordingly, the Compensation Committee may provide one or more executive officers with the opportunity to earn incentive compensation, whether through cash bonus programs tied to the Company's financial performance or future equity awards other than in the form of stock options, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. In establishing such cash and equity incentive compensation programs for the Company's executive officers, the Compensation Committee believes that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor.

Role of Executive Officers in Determining Executive Compensation

Our President and Chief Executive Officer, aided by our Chief Financial and Operating Officer, provided statistical data and made recommendations to the Compensation Committee to assist it in determining 2009 compensation levels. In addition, our President and Chief Executive Officer provided the Compensation Committee with a review of the performance of the other executive officers and made recommendations to the Compensation Committee with respect to the compensation packages for those officers for the 2009 fiscal year. While the Compensation Committee utilized this information and valued management's observations with regard to compensation, the ultimate decisions regarding executive compensation were made by the Compensation Committee.

- (1) Represents the aggregate grant date fair value, computed in accordance with U.S. GAAP authoritative literature guidelines, with respect to the share-based awards granted in each respective year. The reported dollar amounts do not take into account any estimated forfeitures related to service-based vesting conditions. A description of the terms of the restricted stock units and performance-based stock units granted during 2009 is disclosed under Compensation Discussion and Analysis Long-Term Incentives Stock-Based Awards on page 37 of this proxy statement.
- (2) For performance-based stock units granted in 2009, if the maximum level of performance is achieved, the grant date fair value will be approximately \$4,062,600 for Mr. D. Souza, \$2,275,056 for Mr. Coburn, \$1,625,040 for Mr. Chandrasekaran, \$2,031,300 for Mr. Mehta and \$812,520 for Mr. Schwartz. For performance-based stock units granted in 2007, if the maximum level of performance was achieved, the grant date fair value would be approximately \$3,672,711 for Mr. D. Accordingly, the performance-based stock units scheduled to vest in these years were cancelled. None of the Named Executives forfeited any option awards during the 2009, 2008 or 2007 fiscal years. For information regarding assumptions underlying the valuation of stock-based awards, see Note 12 of the Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009.

- (4) Amount represents investment earnings or losses on Mr. Coburn's nonqualified deferred compensation account. The earnings or losses correspond to the actual market earnings on a select group of investment funds utilized to track the notional investment return on the account balance for the respective fiscal year. The Company has not made any determination as to which portion of such earnings may be considered above market for purposes of column (h) of this table and has elected to report the entire amount of such earnings or losses.
- (5) Amount represents the change in the value during the respective year of the post-employment benefit payable under the India Gratuity Plan to Mr. Chandrasekaran. The decrease in 2008 is attributed to the depreciation of the Indian rupee versus the U.S. dollar as of December 31, 2008 as compared to December 31, 2007. The exchange rates used were 46.40, 48.58 and 39.38 Indian rupees to the U.S. dollar as of December 31, 2009, 2008 and 2007, respectively.

- (1) Represents the range of performance bonuses that can be earned by the Named Executive if the minimum threshold, target and maximum performance targets are achieved. The bonus is prorated if performance levels are achieved between the threshold and target levels or between the target and maximum levels. Performance below the minimum threshold results in no bonus payout to the Named Executive. The methodology and performance criteria applied in determining these potential bonus amounts are discussed under Compensation Discussion and Analysis Annual Non-Equity Incentive on page 35 of this proxy statement. The actual cash bonus paid to each Named Executive for his 2009 performance is reported as Non-Equity Incentive Plan Compensation above in the 2009 Summary Compensation Table. - (1) The number of shares shown in the table reflects the gross number of shares received by each Named Executive upon vesting of the stock awards. The Company reduced the number of shares issued to each Named Executive by automatically withholding a number of shares with a fair market value as of the issuance date sufficient to satisfy required tax withholdings. Each Named Executive actually received the following net number of shares of company stock following such share withholding: Mr. D Souza, 29,261; Mr. Coburn, 18,775; Mr. Chandrasekaran, 15,328; Mr. Mehta, 20,428; and Mr. Schwartz, 9,547.

Potential Payments upon Termination or Change in Control

No Named Executive has an employment agreement that provides a specific term of employment. Accordingly, the employment of each Named Executive may be terminated at any time at the discretion of our Board of Directors.

We have entered into a Severance and Noncompetition Agreement with each of the Named Executives, which provide certain benefits upon the termination of their employment under certain prescribed circumstances. In addition, we entered into a stock option agreement pursuant to the 1999 Incentive Plan with Mr. D Souza (the Stock Option Agreement), that also provide certain benefits upon the termination of his employment under certain prescribed circumstances. In December 2008, we entered into amendments to the Severance and Noncompetition Agreements with each of the Named Executives, which modified the Severance and Noncompetition Agreements to comply with the requirements of Section 409A of the Internal Revenue Code of 1986, as amended and the regulations promulgated thereunder. Those agreements are summarized as follows:

Severance and Noncompetition Agreements with Francisco D Souza, Gordon Coburn, Rajeev Mehta, Ramakrishnan Chandrasekaran and Steven Schwartz. Under the Severance and Noncompetition Agreement, if we terminate a Named Executive's employment without cause (a qualifying termination), we will pay such individual his then-current base salary for the one-year period commencing on the effective date of such termination and a bonus payment in an amount equal to the actual bonus which would have been earned for the year in which the termination occurs, payable, in each case, in the same amounts and at the same time intervals as the base salary and bonus would otherwise have been paid in the absence of such termination.

Under the Severance and Noncompetition Agreement, cause is generally defined to include: (i) willful malfeasance or willful misconduct by the Named Executive in connection with his employment, (ii) continuing failure to perform such duties as are requested by the Board of Directors, (iii) failure by the Named Executive to observe material policies of the Company applicable to him or (iv) the commission by the employee of (x) any felony or (y) any misdemeanor involving moral turpitude.

Table of Contents

The Severance and Noncompetition Agreement also provides that in the event of a change in control, all of the Named Executive's options to purchase Class A Common Stock of the Company then held by him will immediately vest in full without regard to the vesting provisions thereof and will immediately be exercisable for the full number of shares of Class A Common Stock subject to such options.

Pursuant to the Severance and Noncompetition Agreement, a change in control (as defined by the Company's Amended and Restated Key Employees' Stock Option Plan) is generally defined as one of the following: (i) any person (other than (A) the Company, (B) any trustee or other fiduciary holding securities under an employee benefit plan of the Company, (C) any subsidiaries of the Company, or (D) any company owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of stock of the Company), becomes the beneficial owner, directly or indirectly, of securities of the Company representing 35% or more of the combined voting power of the Company's then-outstanding securities; (ii) during any period of 24 months, individuals who at the beginning of such period constitute the Board, and any new director (other than (A) a director nominated by a person who has entered into an agreement with the Company to effect a certain transaction, (B) a director nominated by any person (including the Company) who publicly announces an intention to take or to consider taking actions (including, but not limited to, an actual or threatened proxy contest), which if consummated would constitute a change in control or (C) a director nominated by any person who is the beneficial owner, directly or indirectly, of securities of the Company representing 10% or more of the combined voting power of the Company's securities) whose election by the Board or nomination for election by the Company's stockholders is or was approved by a vote of at least two-thirds (2/3) of the directors then still in office who either were directors at the beginning of the period or whose election or nomination for election was previously so approved cease for any reason to constitute at least a majority thereof; (iii) the stockholders of the Company approve any transaction or series of transactions under which the Company is merged or consolidated with any other company, other than a merger or consolidation (A) which would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) more than 66 2/3% of the combined voting power of the voting securities of the Company or such surviving entity outstanding immediately after such merger or consolidation and (B) after which no person holds 35% or more of the combined voting power of the then-outstanding securities of the Company or such surviving entity; or (iv) the stockholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets.

Stock Option Agreement with Francisco D. Souza for grants issued in 2003. Except to the extent provided in any employment agreement or severance agreement between the Named Executive and the Company, the provisions of the Stock Option Agreement will apply to such individual's stock options upon a termination of his employment with the Company. Under the Stock Option Agreement for grants issued to Mr. D. Souza in 2003, if we terminate his employment for cause, all his unvested options will be cancelled and options that are vested and exercisable may be exercised in whole or in part at any time prior to the earlier of the expiration date and the date 90 days after the termination date. The definition of cause under such Stock Option Agreement is substantially the same as the definition described above for the Severance and Noncompetition Agreement. Under the Stock Option Agreement, the expiration date is ten years after the grant date.

If Mr. D. Souza's employment is terminated by reason of death or disability, all his options will become immediately vested and will be exercisable in whole or in part at any time prior to the earlier of the expiration date and the date one year after the termination date. The Stock Option Agreement with Mr. D. Souza defined disability as the inability to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment, which constitutes a permanent and total disability, as defined in Section 22(e) (3) of the Internal Revenue Code of 1986, as amended (or any successor section thereto).

If Mr. D. Souza's employment is terminated due to retirement, all options will become immediately vested and will be exercisable in whole or in part at any time prior to the earlier of the expiration date and the date three

years after the termination date. The Stock Option Agreement with Mr. D Souza defined retirement as such individual's termination after reaching 55 years of age.

If Mr. D Souza's employment is terminated for any reason other than for cause, death or disability or retirement, then all his options that are unvested will be cancelled and options that are vested and exercisable may be exercised in whole or in part at any time prior to the earlier of the expiration date and the date 12 months after the termination date.

While we believe that the amounts shown above and the assumptions upon which they are based provide reasonable estimates of the amounts that would have been due to the Named Executives in the event that any of the circumstances described above had occurred on December 31, 2009, the actual amounts due to the Named Executives upon a triggering event will depend upon the actual circumstances and the then applicable provisions of the Severance and Noncompetition Agreements, Stock Option Agreement, the 1999 Incentive Plan and the 2009 Incentive Plan.

Table of Contents

- (1) Represents one year's additional salary based on the salary earned by such Named Executive in 2009 and bonus payout at 100% of the 2009 target.
- (2) Represents the aggregate intrinsic value of the accelerated vesting of the Named Executive's unvested stock options. The amounts shown are based solely on the intrinsic value of the accelerated stock options in connection with a change in control without a qualifying termination or termination upon death or disability. Intrinsic value is calculated by multiplying (i) the amount by which the fair market value of our Class A Common Stock on December 31, 2009 of \$45.33 exceeds the applicable exercise price by (ii) the assumed number of number of option shares vesting on an accelerated basis on December 31, 2009.

In addition to the foregoing amounts indicated in the above table, Mr. Chandrasekaran will be entitled to the post-employment lump sum payment provided under the Indian Gratuity Plan, as described in the section below entitled "2009 Pension Benefits Table." Mr. Coburn will also be entitled to the balance of his non-qualified deferred compensation account, as described in the section below entitled "2009 Non-Qualified Deferred Compensation Table," which appears on page 52 of this proxy statement.

2009 Pension Benefits Table

The following table sets forth, for the India Gratuity Plan, the number of years of service credited to the Named Executive under the plan, the value of the benefit payable to the Named Executive if his employment was terminated as of December 31, 2009, and the dollar amount of any payments and benefits paid to the Named Executive during our last completed fiscal year.

Gordon J. Coburn	N/A			
Ramakrishnan Chandrasekaran	India Gratuity Plan	15.1	\$ 39,032	
Rajeev Mehta	N/A

Under the India Gratuity Plan, Mr. Chandrasekaran will become entitled to a lump sum payment upon his termination of employment with the Company. The actual dollar amount of such payment will be determined by multiplying the number of years of service with the Company by a defined percentage of the Named Executive's final monthly rate of salary.

V. PURCHASE PRICE

The purchase price per share of Common Stock sold under this Plan for any Purchase Period shall be equal to the lesser of (a) 90% of the Fair Market Value of a share of Common Stock on the first day of such Purchase Period, or (b) 90% of the Fair Market Value of a share of Common Stock on the Exercise Date of such Purchase Period.

VI. GRANT OF OPTION TO PURCHASE SHARES AND ACCRUAL LIMITATIONS

Each Eligible Employee shall be granted an option effective on the first day of each Purchase Period to purchase a number of full shares of Common Stock. Unless the Compensation Committee determines otherwise prior to the start date of the applicable Purchase Period and subject to the limitations set forth in this Section VI, each option granted for a Purchase Period beginning on or after January 1, 2010 shall provide the Participant with the right to purchase shares of Common Stock under this Plan with an aggregate Fair Market Value of up to \$25,000 (as determined on the first day of the Purchase Period) on the related Exercise Date.

No Eligible Employee shall be permitted to purchase shares under this Plan (or under any other employee stock purchase plan within the meaning of Section 423(b) of the Code, of the Company) with an aggregate Fair Market Value (as determined as of the first day of the Purchase Period) in excess of \$25,000 for any one calendar year within the meaning of Section 423(b)(8) of the Code.

Anything herein to the contrary notwithstanding, if, as of the first day of a Purchase Period, any Eligible Employee entitled to purchase shares hereunder would be deemed for the purposes of Section 423(b) (3) of the Code to own stock (including any number of shares which such person would be entitled to purchase hereunder) possessing 5% or more of the total combined voting power or value of all classes of stock of the Company, the maximum number of shares which such person shall be entitled to purchase pursuant to the Plan shall be reduced to that number which when added to the number of shares of stock of the Company which such person is so deemed to own (excluding any number of shares which such person would be entitled to purchase hereunder), is one less than such 5%.

The Compensation Committee shall have the discretionary authority, exercisable prior to the start of any Purchase Period under the Plan, to increase or decrease the limitations to be in effect for the number of shares purchasable per Participant and in total by all Participants on each Exercise Date.

VII. ELECTION TO PARTICIPATE

An Eligible Employee may elect to become a Participant in this Plan by completing a Stock Purchase Agreement form or otherwise indicating an election via electronic enrollment prior to the first day of the Purchase Period. In the Stock Purchase Agreement, the Eligible Employee shall authorize regular payroll deductions from his Compensation subject to the limitations in Section VIII below. Options granted to Eligible Employees who fail to authorize payroll deductions will automatically lapse. If a Participant's payroll deductions allow him to purchase fewer than the maximum number of shares of Common Stock to which his option entitles him, the option with respect to the shares which he does not purchase will lapse as of the last day of the Purchase Period.

The execution and delivery of the Stock Purchase Agreement as between the Participant and the Company shall be conditioned upon the compliance by the Company at such time with Federal (and any applicable state) securities laws.

VIII. PAYROLL DEDUCTIONS

An Eligible Employee may authorize payroll deductions from his Compensation for each payroll period of a specified percentage of such Compensation, not less than 1% and not more than 15%, in multiples of 1%.

Table of Contents

The amount of payroll deduction shall be established prior to the beginning of a Purchase Period and may not be altered, except for complete discontinuance under Section XI, XIII or XIV hereunder.

For a given Purchase Period, payroll deductions shall commence on the first day of the Purchase Period and shall end on the related Exercise Date, unless sooner altered or terminated as provided in the Plan.

IX. EMPLOYEE STOCK PURCHASE ACCOUNT

An Account will be established for each Participant in the Plan. Payroll deductions made under Section VIII will be credited to the individual Accounts and no interest or other earnings will be credited to a Participant's Account. The amounts collected from the Participant shall not be required to be held in any segregated account or trust fund and may be commingled with the general assets of the Company and used for general corporate purposes.

X. PURCHASE OF SHARES

If, as of any Exercise Date, there is credited to the Account of a Participant an amount at least equal to the purchase price of one share of Common Stock for the current Purchase Period, as determined in Section V, the Participant shall buy and the Company shall sell at such price the largest number of whole shares of Common Stock which can be purchased with the amount in his Account, subject to the limitations set forth in Section VII.

Any balance remaining in a Participant's Account at the end of a Purchase Period will be carried forward into the Participant's Account for the following Purchase Period. However, in no event will the balance carried forward be equal to or exceed the purchase price of one share of Common Stock as determined in Section V above. Notwithstanding the foregoing provisions of this paragraph, if as of any Exercise Date the provisions of Section XV are applicable to the Purchase Period ending on such Exercise Date, and the Committee reduces the number of shares which would otherwise be purchased by Participants on such Exercise Date, the entire balance remaining credited to the Account of each Participant after the purchase of the applicable number of shares of Common Stock on such Exercise Date shall be refunded to each such Participant. No refund of an Account balance made pursuant to the Plan shall include any amount in respect of interest or other imputed earnings.

Anything herein to the contrary notwithstanding, no Participant may, in any calendar year, purchase a number of shares of Common Stock under this Plan which, together with all other shares of stock of the Company and its Subsidiaries which he may be entitled to purchase in such year under all other employee stock purchase plans of the Company and its subsidiaries which meet the requirements of Section 423(b) of the Code, have an aggregate Fair Market Value (measured as of the first day of each applicable Purchase Period) in excess of \$25,000. The limitation described in the preceding sentence shall be applied in a manner consistent with Section 423(b)(8) of the Code.

XI. WITHDRAWAL

A Participant may withdraw from the Plan at any time prior to the Exercise Date of a Purchase Period by filing a notice of withdrawal. Upon a Participant's withdrawal, the payroll deductions shall cease for the next payroll period and the entire amount credited to his Account shall be refunded to him. Any Participant who withdraws from the Plan may again become a Participant hereunder at the start of the next Purchase Period in accordance with Section VII.

XII. ISSUANCE OF STOCK CERTIFICATES

The shares of Common Stock purchased by a Participant shall, for all purposes, be deemed to have been issued and sold at the close of business on the Exercise Date. Prior to that date, none of the rights or privileges of a stockholder of the Company shall exist with respect to such shares. Stock certificates shall be registered either

in the Participant's name or jointly in the names of the Participant and his spouse, as the Participant shall designate in his Stock Purchase Agreement. Such designation may be changed at any time by filing notice thereof. Certificates representing shares of purchased Common Stock shall be delivered promptly to the Participant following issuance.

XIII. TERMINATION OF SERVICE

(a) Upon a Participant's Termination of Service for any reason other than death or voluntary termination of employment on or after attaining age 55 (Retirement), no payroll deduction may be made from any Compensation due him as of the date of his Termination of Service and the entire balance credited to his Account shall be automatically refunded to him.

(b) Upon a Participant's Retirement, no payroll deduction shall be made from any Compensation due him as of the date of his Retirement. Such a Participant may, prior to Retirement, elect:

(1) to have the entire amount credited to his Account as of the date of his Retirement refunded to him, or

(2) to have the entire amount credited to his Account held therein and utilized to purchase shares on the Exercise Date as provided in Section X.

(c) Upon the death of a Participant, no payroll deduction shall be made from any Compensation due him at time of death, and the entire balance in the deceased Participant's Account shall be paid to the Participant's designated beneficiary, or otherwise to his estate.

XIV. AUTHORIZED LEAVE OF ABSENCE, DISABILITY

Payroll deductions shall cease during a period of absence without pay from work due to a Participant's authorized leave of absence, disability or for any other reason. If such Participant shall return to active service prior to the Exercise Date for the current Purchase Period, payroll deductions shall be resumed in accordance with his prior authorization.

If the Participant shall not return to active service prior to the Exercise Date for the current Purchase Period, the balance of his Stock Purchase Account will be used to purchase shares on the Exercise Date as provided in Section X, unless the Participant elects to withdraw from the Plan in accordance with Section XI.

XV. PROCEDURE IF INSUFFICIENT SHARES AVAILABLE

In the event that on any Exercise Date the aggregate funds available for the purchase of shares of Common Stock pursuant to Section X hereof would result in purchases of shares in excess of the number of shares of Common Stock then available for purchase under the Plan, the Committee shall proportionately reduce the number of shares which would otherwise be purchased by each Participant on the Exercise Date in order to eliminate such excess, and the provisions of the second paragraph of Section X shall apply.

XVI. RIGHTS NOT TRANSFERABLE

The right to purchase shares of Common Stock under this Plan is exercisable only by the Participant during his lifetime and is not transferable by him. If a Participant attempts to transfer his right to purchase shares under the Plan, he shall be deemed to have requested withdrawal from the Plan and the provisions of Section XI hereof shall apply with respect to such Participant.

XVII. NO OBLIGATION TO EXERCISE OPTION

Granting of an option under this Plan shall impose no obligation on an Eligible Employee to exercise such option.

Table of Contents

XVIII. NO GUARANTEE OF CONTINUED EMPLOYMENT

Granting of an option under this Plan shall imply no right of continued employment with the Company for any Eligible Employee.

XIX. NOTICE

Any notice which an Eligible Employee or Participant files pursuant to this Plan shall be in writing and shall be delivered personally or by mail addressed to the Committee, c/o Chief Executive Officer at Glenpointe Center West, 500 Frank W. Burr Blvd., Teaneck, NJ 07666, or such other person or location as may be specified by the Committee.

XX. REPURCHASE OF STOCK

The Company shall not be required to repurchase from any Participant shares of Common Stock acquired under this Plan.

XXI. ADJUSTMENT FOR RECAPITALIZATION, MERGER, ETC.

Should any change be made to the Common Stock by reason of any stock split, stock dividend, recapitalization, combination of shares, exchange of shares, spin-off transaction or other change affecting the outstanding Common Stock as a class without the Company's receipt of consideration or should the value of outstanding shares of Common Stock be substantially reduced as a result of a spin-off transaction or an extraordinary dividend or distribution, then equitable adjustments shall be made by the Compensation Committee to (i) the maximum number and class of securities issuable under the Plan, (ii) the maximum number and class of securities purchasable per Participant on any one Exercise Date, (iii) the maximum number and class of securities purchasable in total by all Participants under the Plan on any one Exercise Date and (iv) the number and class of securities and the price per share in effect under each outstanding option. The adjustments shall be made in such manner as the Compensation Committee deems appropriate and such adjustments shall be final, binding and conclusive.

Subject to any required action by the stockholders, if the Company shall be the surviving corporation in any merger, reorganization or other business combination, any option granted hereunder shall cover the securities or other property to which a holder of the number of shares of Common Stock would have been entitled pursuant to the terms of the merger. A dissolution or liquidation of the Company or a merger or consolidation in which the Company is not the surviving entity shall cause every option outstanding hereunder to terminate.

The foregoing adjustments and the manner of application of the foregoing provisions shall be determined by the Committee in its sole discretion. Any such adjustment shall provide for the elimination of any fractional share which might otherwise become subject to an option.

XXII. AMENDMENT OF THE PLAN

The Board of Directors may, without the consent of the Participants, amend the Plan at any time, provided that no such action shall adversely affect options theretofore granted hereunder, and provided that no such action by the Board of Directors, without approval of the Company's stockholders, may:

- (a) increase the total number of shares of Common Stock which may be purchased by all Participants, except as contemplated in Section XXI;
- (b) change the class of Employees eligible to receive options under the Plan;
- (c) decrease the minimum purchase price under Section V;

XXIV. TERM OF THE PLAN

This Plan became effective as of the Effective Date, and was approved by the stockholders on May 26, 2004. The Plan, as amended and restated effective April 1, 2010 became effective upon its adoption by the Board of Directors on such date, provided, however, that the increase in the number of shares of Common Stock reserved for issuance under the Plan from 6,000,000 shares to 9,000,000 shares shall become effective only if it is approved at the Company's 2010 Annual Meeting of Stockholders. The Plan shall continue in effect until all shares reserved for issuance pursuant to Article IV have been granted to Participants, unless terminated prior thereto pursuant to Section XV or XXI hereof, or pursuant to the next succeeding sentence. The Board of Directors shall have the right to terminate the Plan at any time, effective as of the next succeeding Exercise Date. In the event of the termination of the Plan, outstanding options shall not be affected, except to the extent provided in Section XV and any remaining balance credited to the Account of each Participant as of the applicable Exercise Date shall be refunded to each such Participant.
