Only holders of record of shares of Class A Common Stock, \$0.01 par value (Class A Shares or Class A Common Stock), at the close of business on April 16, 2010 (the Record Date) are entitled to vote at the Meeting, or any adjournment thereof. On the Record Date, there were 10,010,807 Class A Shares issued and outstanding, including 145,000 unvested restricted shares with voting rights. Each Class A Share is entitled to one vote on all matters to be voted upon. Stockholders of record vote at the Meeting by casting ballots (in person or by proxy), which are tabulated by a person who is appointed by the Board before the Meeting to serve as the inspector of election at the Meeting and who has executed and verified an oath of office. For purposes of determining the number of votes cast with respect to a particular matter, only those cast For or Against are included. Abstentions and broker non-votes (i.e. shares held by a broker or nominee which are represented at the Meeting, but with respect to which the broker or nominee is not empowered to vote on a particular proposal) are counted only for purposes of determining whether a quorum is present at the Meeting.

Our stock transfer books will not be closed. Stockholders who do not expect to attend the Meeting, but wish to have their shares of stock voted at the Meeting, are urged to complete, sign, date and return the enclosed Proxy as promptly as possible.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Philosophy

Bitstream's executive compensation program is intended to attract and retain highly-qualified senior managers by providing compensation opportunities that reflect our business results and the individual executive's performance. During the year ended December 31, 2009, we used salary, stock options and restricted stock awards, to meet these goals. We believe that these compensation opportunities will motivate management's efforts by ensuring that the rewards received by our executives are consistent with the achievement of our business objectives and with the value added by management to the stockholders' interests. Our compensation program provides for base salaries that reflect such factors as level of responsibility, internal fairness and external competitiveness. We also believe that a substantial portion of each of our executive's compensation should be in the form of an incentive bonus. Receipt of this bonus is contingent upon our achievement of target levels of sales and earnings, strategic acquisitions and other initiatives, introduction of innovative products and services, and the achievement of and progress toward other significant annual financial and operational objectives as determined by the Compensation Committee. In general, the cash compensation of our executive officers approximates the average of compensation paid to executives of appropriate comparable companies who occupy positions of similar responsibilities. Our compensation program also provides long-term incentive opportunities in the form of stock options, restricted stock and other forms of equity compensation that strengthen the mutuality of economic interest between management and our stockholders and encourage management continuity. During the year ended December 31, 2009, we made awards under our 2006 Incentive Compensation Plan to our executive officers. These awards included restricted stock awards that vest over five-year periods and stock options to purchase shares that vest over a four-year period.

The following is a discussion of each element of our executive compensation program, including a description of the decisions and actions taken by the Compensation Committee with respect to the 2009 compensation for the Chief Executive Officer (the "CEO") and all executive officers as a group.

Management Compensation Program

Overview

Compensation of our executive officers in the year ended December 31, 2009 (as reflected in the tables that follow with respect to the Named Executive Officers) consisted of the following elements: base salary, the opportunity for an annual incentive bonus, and stock option grants and restricted stock awards under our 2006 Incentive Compensation Plan. Total annual cash compensation for each executive officer varies each year based on our achievement of our annual objectives and the individual's performance.

Base Salary

Edgar Filing: BITSTREAM INC - Form DEF 14A

With respect to determining the base salary of each of the executive officers, the Compensation Committee takes into consideration a variety of factors, including the executive's level of responsibility and individual performance, the salaries of similar positions in comparable companies and our financial and operational performance in relation to our objectives and our competitive standing. We review the results of various industry salary surveys to ensure our understanding of competitive compensation levels and practices in the marketplace. From time to time, we utilize the services of GK Partners, a recognized, independent external consulting firm to determine marketplace compensation values and practices, and to assess the reasonableness of our overall compensation program. No specific peer group benchmarking activities were performed by the independent consultant during 2009.

Table of Contents

Annual Incentive Compensation

Our compensation philosophy includes granting annual cash bonuses reflecting the Company's performance and individual executive performance. We maintain discretion to vary overall cash compensation for a given year by varying the size of the cash bonus based on corporate performance and individual performance. These cash bonuses reflect a material part of the overall compensation, with target payments ranging from 50%-100% of salary, depending upon executive position and overall company performance, and subject to the Compensation Committee's discretion to award bonuses greater or lower than the target if they deem it appropriate. Because we believe that senior executives can have the greatest impact on the Company's overall success, we typically set bonus targets as a higher percentage of base salaries for our most highly paid executives.

Our annual incentive bonus to our executive officers (including the Named Executive Officers) is based on the achievement of objective, financial and operational performance targets and the discretion of the Compensation Committee. These targets may include sales volume, net operating income, accomplishment of certain strategic business initiatives and other performance objectives as may be determined annually. In determining individual incentive bonus awards, the accountability of executive officers and their individual contributions towards the attainment of these objectives are considered. In determining awards for the most recent performance year, we considered new product development, management of corporate expenses, and cash equivalents on hand, as well as earnings level achieved during this challenging economic climate. After considering these factors and others, we determined that no cash bonuses would be awarded. The calculation of our financial and operational performance with respect to the determination of these incentive bonus awards, if any, is made as soon as is practicable after the completion of our fiscal year.

Long-Term Incentive Awards

In addition to cash compensation, the Compensation Committee and the Board believe that providing executive officers with stock ownership opportunities aligns the interests of the executives with other stockholders and encourages the executives' long-term retention. The long-term incentive element of our management compensation program has historically been in the form of stock option grants. The 2006 Incentive Compensation Plan, which was adopted on April 14, 2006 and approved by the stockholders on June 1, 2006, authorizes a committee of two or more directors designated by the Board, currently the Compensation Committee, to grant Options, Restricted Stock, Stock granted as a bonus or in lieu of another award, Other Stock-Based Awards, Performance Awards or Annual Incentive Awards for up to 2,000,000 shares of Class A Common Stock. Awards are typically granted annually, although supplemental awards are granted occasionally. All options granted in fiscal 2009 were subject to a four-year vesting provision and all restricted stock awards in fiscal 2009 were subject to a five-year vesting provision. We make awards based upon each executive's relative position, responsibilities and performance over the previous year and the executive officer's anticipated future performance, potential and responsibilities. We also review prior awards to each executive, including the number of shares that continue to be subject to vesting under their respective outstanding awards, in setting the size of awards to be granted to the executive officers. In addition, we use data compiled by our independent compensation consultant on awards granted by comparable companies based on industry and revenue. On August 19, 2009, the Board awarded Incentive Stock Options (ISOs) to purchase 30,000 shares of Class A Common Stock to Anna Chagnon and 15,000 shares of Class A Common Stock to each of John Collins, James Dore, Sampo Kaasila, and Costas Kitsos. Such options have an exercise price equal to the fair market value of the Class A Common Stock of the Company on the date of grant as reported on NASDAQ, are exercisable for ten years and vest in one-fourth increments on each of the first, second, third and fourth anniversaries of the date of the grant. In addition, on August 19, 2009, the Board made restricted stock awards of 5,000 shares of Class A Common Stock of the Company to each of John Collins, James Dore, Sampo Kaasila, and Costas Kitsos and 10,000 shares to Anna Chagnon. Such stock awards vest in one-fifth increments on each of the first, second, third, fourth, and fifth anniversaries of the date of the grant.

The Incentive Compensation Plan is intended to create opportunities for executive officers and other key employees of the Company to acquire a proprietary interest in the Company to align their interests with those of

Table of Contents

the Company's stockholders. In addition, the vesting provisions of such awards (which limit the exercisability of stock options and the receipt of restricted stock for certain periods of time) encourage the continued service and stability of the management team.

Post Employment Benefits

Our executives have severance agreements that provide them with severance payments and benefits in the event we terminate their employment without cause or the executive officer terminates employment for good reason, following a defined Change in Control of the Company. See Potential Payments upon Termination following a Change-in-Control for a discussion of the terms of these agreements, including the definitions of cause and good reason. Severance agreements for our executive officers provide security for executives against sudden or arbitrary termination following a Change in Control and help attract and retain key employees by providing competitive arrangements. The provisions of each severance agreement are determined by the Compensation Committee based on current market trends and practices.

Individual Performance

Anna M. Chagnon has served as our Chief Executive Officer since October 2003. Effective March 1, 2008, Ms. Chagnon's salary was increased from \$275,000 to \$300,000. For 2009, Ms. Chagnon target bonus was 67% of salary. The Compensation Committee, without Ms. Chagnon's participation, evaluates Ms. Chagnon's performance (and determines her bonus) by reviewing the Company's overall revenue growth and operating profit, the performance of Ms. Chagnon's management team, and the Company's success in achieving the goals contained in the Company's budget for the year. This year, the Compensation Committee determined that based on the Company's performance, no bonuses would be paid to the members of the executive team including Ms. Chagnon, despite her guiding the Company through challenging economic times, managing expenses and our cash position, and helping to consummate several key new business relationships. Ms. Chagnon is eligible to participate in the same executive compensation programs in which our other executive-level employees participate. Her total annual compensation for 2009 (including compensation derived from salary and annual incentive bonus) was determined by the Compensation Committee in consideration of the same performance criteria used to establish pay levels for all other executive-level employees. The Compensation Committee has determined that Ms. Chagnon's salary is at or below the median salary of Chief Executive Officers in a selected group of comparable companies. On August 19, 2009, Ms. Chagnon was granted a stock option under our 2006 Incentive Compensation Plan for 30,000 shares of our common stock at a price per share of \$5.39 and awarded restricted stock of 10,000 shares of our common stock as part of the annual grant process described above. The stock options vest over four years at a rate of 25% on the first, second, third and fourth anniversary of the grant, and the restricted stock vests over five years at a rate of 20% on the first, second, third, fourth, and fifth anniversary of the grant.

Ms. Chagnon manages our named executive officers (NEOs), other than herself. Ms. Chagnon reviews the NEO's performance against operating and strategic goals set for that executive during the previous year; she then further assesses each NEO's individual performance by measuring the NEO's contribution to the Company's consolidated results and the Company's success in achieving the goals contained in the Company's budget for the year. Based on this assessment, Ms. Chagnon then recommends to the Compensation Committee what percentage of the target bonus award available to the NEOs each of the NEOs should receive. The Compensation Committee either accepts Ms. Chagnon's recommended bonus for each NEO, or suggests other factors or outcomes. After these deliberations, the Compensation Committee determines and approves a bonus for each such executive. For 2009, Ms. Chagnon set the target bonus for the other NEOs at approximately 50% of their respective annual salary or \$90,000 to each of John Collins, Sampo Kaasila, and Costas Kitsos and \$92,500 to James Dore. Based upon the Company's financial results during a year with very challenging economic conditions, the Compensation Committee decided, not to award and cash bonuses to the NEOs for the 2009 fiscal year.

EXECUTIVE AGREEMENTS

All of the Company's Named Executive Officers are employed on an at-will basis but have entered into severance agreements with the Company in the event of a Change in Control as described below. These agreements have an original term expiring on April 15, 2012, and shall thereafter be automatically renewed for successive one-year terms unless the Company has notified the NEO of its election not to renew the term of the agreement not less than 120 days before the expiration of the (then) current term.

Potential Payments upon Termination following a Change-in-Control

The severance agreements with our NEOs provide certain benefits upon the termination of employment after a change in control (a Change in Control) as defined below. Under these agreements, the NEO shall be entitled to severance benefits if terminated within twenty-four months of a Change in Control, unless such termination is due to the NEO's death or disability, or is by the Company for Cause, or is by the NEO for other

than Good Reason.

A Change in Control shall mean the occurrence of any of the following events:

- 1) any Person(s) (as such term is used in Section 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of securities of Bitstream Inc. representing thirty percent (30%) or more of the combined voting power of Bitstream Inc. s (then) outstanding securities; or

- 3) the Company is a party to (i) any consolidation or merger of Bitstream Inc. in which it is not the continuing or surviving corporation or pursuant to which its shares of common stock would be converted into cash, securities, or other property; or (ii) any sale, lease, exchange, or other transfer (in one transaction or a series of related transactions) of all or substantially all of the assets of the Company; or
- 4) approval by the stockholders of Bitstream Inc. of any plan or proposal for the liquidation or dissolution of the Company.

Cause is defined as (i) the willful and continued failure by the NEO to substantially perform the NEO's duties (other than any such failure resulting from incapacity due to physical or mental illness) after a demand for substantial performance has been delivered to the NEO by the Company, which demand specifically identifies the manner in which it is believed that the NEO has not substantially performed the NEO's duties; or (ii) conviction of a felony or acts of dishonesty resulting in gain or personal enrichment at the expense of the Company; or (iii) the NEO's willful misconduct or insubordination which is materially injurious to the Company. For purposes of this paragraph, no act or failure to act on the NEO's part shall be considered as willful unless done, or omitted to be done, by the NEO not in good faith and without reasonable belief that the action or omission was in the best interests of the Company.

Disability is defined as the illness, or mental or physical disability, of the NEO as determined by a physician acceptable to the Company and the NEO, resulting in the NEO's failure to perform substantially all of his or her applicable material duties for a period of six consecutive months, and the NEO's failure to return to the performance of such duties within 30 days after receiving written notice of termination of employment due to such Disability.

Good Reason is defined as the (i) reduction in the NEO's (then) current base salary as paid immediately preceding the Change in Control; (ii) diminution, reduction or other adverse change in the annual bonus opportunity or other incentive compensation opportunities available to the NEO immediately preceding the Change in Control; (iii) the Company's failure to pay the NEO any amounts otherwise earned, vested or due under any compensation plan or human resources policy of the Company immediately preceding the Change in Control; (iv) diminution of the Executive's title, position, authority or responsibility; (v) assignment to the NEO of duties incompatible with the position occupied by the NEO immediately preceding the Change in Control; or (vi) relocation of the NEO's position to a location more than 35 miles from the location to which the NEO was assigned immediately preceding the Change in Control.

If, after any Change in Control shall have occurred, the NEO's employment shall be terminated within twenty-four months of the date of such Change in Control either (i) by the Company other than for death, disability or Cause, or (ii) by the NEO for Good Reason, the NEO shall be entitled to the following severance benefits:

The Company shall pay the NEO's full base salary through the date of termination at the rate which is the higher of the (then) current annual rate or the annual rate in effect immediately prior to the date of any Change in Control. The Company shall also pay the NEO the amount, if any, of any unpaid earned annual bonus for the preceding fiscal year. In addition, the Company shall continue in full force and effect through the date of termination the NEO's participation in all stock ownership, stock purchase, stock option and restricted stock plans; all health and welfare benefit plans; and all insurance and disability plans as may be in effect at the date of the Change in Control. Notwithstanding the terms and conditions of any Company stock plans and related

agreements under which outstanding stock option and restricted stock grants shall have been made, any such outstanding and unvested stock options and restricted stock grants shall become immediately and fully vested upon the occurrence of a Change in Control.

The Company shall pay as severance benefits to the NEO on or before the fifth day following the date of termination of employment, a lump sum payment equal to twice the NEO's base salary in the case of the CEO and 1.75 times the NEO's base salary in the case of any other NEO, at the rate which is the higher of the (then) current annual rate or the annual rate in effect immediately prior to the date of any Change in Control. Such lump sum payment shall be subject to all applicable federal, state and local income and FICA taxes including all required withholding amounts. In no event shall the severance benefits exceed the amount that is deductible by the Company in accordance with Section 280(G) of the Code. The NEO shall not be required to mitigate or offset the amount of any severance benefits or other benefits provided by seeking employment or otherwise, nor shall the amount of any payment provided be reduced by any compensation earned by the NEO as the result of employment by another employer after the date of termination from the Company.
