Voting Procedures

If you are a stockholder of record as of the record date, you may vote your shares over the Internet or by telephone by following the instructions set forth on the Notice or the proxy card mailed to you, or by mailing in a completed proxy card. Your shares will be voted at the Annual Meeting in the manner you direct. The Internet voting procedures are designed to authenticate each stockholder's identity and to allow stockholders to vote their shares and confirm that their voting instructions have been properly recorded. If you vote via the Internet, you do not need to return your proxy card. Stockholders voting via the Internet should understand that there may be costs associated with voting in these manners, such as usage charges from Internet service providers, that must be borne by the stockholder.

Votes submitted by mail, telephone or via the Internet must be received by 11:59 p.m., Eastern Time, on June 29, 2010. Submitting your vote by mail, telephone or via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting.

If your shares are registered in the name of a bank or brokerage firm, you will receive instructions from your bank or brokerage firm that must be followed in order for the record holder to vote the shares per your instructions. Banks and brokerage firms have a process for their beneficial holders to provide instructions via the Internet or over the phone, as well as instructions for requesting a hard copy of the proxy materials and proxy card.

If you own shares that are traded through the Tel-Aviv Stock Exchange, or TASE, you may only vote your shares in one of the following two ways:

1. *By mail:* sign and date a proxy card in the form filed on MAGNA together with the proxy statement and attach to it a proof of ownership certificate from the TASE Clearing House member through which the shares are held indicating that you were the beneficial owner of the shares on the record date, and return the proxy card or voting instructions card, along with the proof of ownership certificate, to Israel Brokerage and Investments - I.B.I. Ltd., 9 Ahad Ha Am Street, Shalom Tower, 26 Floor, Tel Aviv 65251, which was designated by VeriFone to accept voting instructions for the TASE Shares.

2. *In person:* attend the annual meeting, where ballots will be provided. If you choose to vote in person at the meeting, you must bring the proof of ownership certificate from the TASE's Clearing House member through which the shares are held, indicating that you were the beneficial owner of the shares on the record date.

Quorum

The holders of a majority of the outstanding shares of common stock on May 7, 2010, present in person or represented by proxy and entitled to vote, will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes are treated as present for quorum purposes.

Broker Non-Votes

A broker non-vote occurs when your broker submits a proxy for your shares but does not indicate a vote on a particular matter because the broker has not received voting instructions from you and does not have authority to vote on that matter without such instructions. Broker non-votes are treated as present for purposes of determining a quorum but are not counted as withheld votes, votes against the matter in question, or as abstentions, nor are they counted in determining the number of votes present for a particular matter.

Under rules of the New York Stock Exchange (NYSE), which apply to us, the election of directors (Proposal 1 of this Proxy Statement) is not a matter on which a broker may vote without your instructions. Therefore, if you do not provide instructions to the record holder of your shares with respect to this proposal, a broker non-vote as to your shares will result with respect to the proposal. The ratification of the appointment of our independent registered public accounting firm (Proposal 2 of this Proxy Statement) is a routine item under

Table of Contents

NYSE rules. As a result, brokers who do not receive instructions as to how to vote on that matter generally may vote on that matter in their discretion.

If your shares are held of record by a bank, broker, or other nominee, we urge you to give instructions to your bank, broker, or other nominee as to how you wish your shares to be voted so you may participate in the shareholder voting on these important matters.

Voting Requirements

The number of votes required to approve each of the proposals that are scheduled to be presented at the meeting is as follows:

	Proposal	Required Vote
Election of directors.		A plurality of the votes cast is required for the election of directors; accordingly the nine nominees receiving the highest number of votes FOR will be elected even if any nominee receives less than a majority of the votes cast. Abstentions will have no effect on the election of directors.
Ratification of appointment of Ernst & Young LLP as VeriFone's independent registered public accounting firm.		The affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote on the matter. Abstentions will have the same effect as a vote Against the matter.

Proxy Solicitation

VeriFone will pay the costs of soliciting proxies. In addition to the use of mails, proxies may be solicited by personal or telephone conversation, facsimile, electronic communication, posting on VeriFone's website, <http://www.verifone.com>, and by the directors, officers and employees of VeriFone, for which they will not receive additional compensation. VeriFone may reimburse brokerage firms and other owners representing beneficial owners of shares for their reasonable expenses in forwarding solicitation materials to such beneficial owners.

Proxies and ballots will be received and tabulated by the inspector of election for the Annual Meeting. The inspector of election will treat shares of common stock represented by a properly signed and returned proxy as present at the meeting for purposes of determining a quorum, whether or not the proxy is marked as casting a vote or abstaining or withholding on any or all matters.

Revocation of Proxies

The shares represented by valid proxies received and not revoked will be voted at the Annual Meeting. If you execute the enclosed proxy card but do not give instructions, your shares will be voted as follows: **FOR** the election of all of our director nominees, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending October 31, 2010, and otherwise in accordance with the judgment of the persons voting the proxy on any other matter properly brought before the Annual Meeting and any adjournments or postponements thereof.

A proxy may be revoked at any time before it is voted by (i) delivering a written notice of revocation to our Secretary at c/o VeriFone Systems, Inc., 2099 Gateway Place, Suite 600, San Jose, CA, 95110, (ii) subsequently submitting a duly executed proxy bearing a later date than that of the previously submitted proxy (including by submission over the Internet), or (iii) attending the Annual Meeting and voting in person. Attending the Annual Meeting without voting will not revoke your previously submitted proxy.

Stockholder Proposals for the 2011 Annual Meeting

Our stockholders may submit proposals that they believe should be voted upon at our 2011 Annual Meeting of Stockholders.

In the event a stockholder wishes to have a proposal considered for presentation at our 2011 Annual Meeting and included in our proxy statement and form of proxy used in connection with such meeting, the proposal must be forwarded to our Secretary so that it is received no later than January 19, 2011, which is the date 120 calendar days prior to the anniversary of the mailing date of the proxy statement for the fiscal 2010 Annual Meeting. Any such proposal must comply with the requirements of Rule 14a-8.

Under our bylaws, if a stockholder, rather than including a proposal in the proxy statement as discussed above, seeks to propose business for consideration at that meeting, notice must be received by our Secretary at our principal offices at 2099 Gateway Place, Suite 600, San Jose, CA, 95110, not less than 90 days prior to the first anniversary of the preceding year's Annual Meeting. Name Change

We have changed our corporate name from VeriFone Holdings, Inc. to VeriFone Systems, Inc. effective as of May 18, 2010.

DIRECTOR INDEPENDENCE AND CORPORATE GOVERNANCE

Director Independence

For a member of our Board to be considered independent under NYSE rules, the Board must determine that the director does not have a material relationship with VeriFone and/or its consolidated subsidiaries (either directly or as a partner, stockholder, or officer of an organization that has a relationship with any of those entities). The Board has determined that Mr. Alspaugh, Dr. Denend, Mr. Hart, Mr. Henske, Mr. McGinn, Mr. Raff, Mr. Rinehart, Mr. Roche and Mr. Stiefler are independent under NYSE rules.

Our Board has undertaken a review of the independence of our directors in accordance with standards that the Board and the Corporate Governance and Nominating Committee have established to assist the Board in making independence determinations. Any relationship listed under the heading *Material Relationships* below will, if present, be deemed material for the purposes of determining director independence. If a director has any relationship that is considered material, the director will not be considered independent. Any relationship listed under the heading *Immaterial Relationships* below will be considered categorically immaterial for the purpose of determining director independence. Multiple *Immaterial Relationships* will not collectively create a material relationship that would cause the director to not be considered independent. In addition, the fact that a particular relationship is not addressed under the heading *Immaterial Relationships* will not automatically cause a director to not be independent. If a particular relationship is not addressed under the standards established by the Board, the Board will review all of the facts and circumstances of the relationship to determine whether or not the relationship, in the Board's judgment, is material.

Material Relationships

Any of the following shall be considered material relationships that would prevent a director from being determined to be independent:

Auditor Affiliation. The director is a current partner or employee of VeriFone's internal or external auditor or a member of the director's immediate family (including the director's spouse; parents; children; siblings; mothers-, fathers-, brothers-, sisters-, sons-, and daughters-in-law; and anyone who shares the director's home, other than household employees); the director is a current employee of such auditor who participates in the firm's audit, assurance, or tax compliance (but not tax planning) practice or a current partner of such auditor; or the director or an immediate family member of the director was a partner or employee of the firm who personally worked on VeriFone's audit within the last five years.

Business Transactions. The director is an employee of another entity that, during any one of the past five years, received payments from VeriFone, or made payments to VeriFone, for property or services that exceeded the greater of \$1 million or 2% of the other entity's annual consolidated gross revenues, or a member of the director's immediate family has been an executive officer of another entity that, during any one of the past five years, received payments from VeriFone, or made payments to VeriFone, for property or services that exceeded the greater of \$1 million or 2% of the other entity's annual consolidated gross revenues.

Employment. The director was an employee of VeriFone at any time during the past five years or a member of the director's immediate family was an executive officer of VeriFone in the prior five years.

Interlocking Directorships. During the past five years, the director or an immediate family member of the director was employed as an executive officer by another entity where one of VeriFone's current executive officers served at the same time on the Compensation Committee.

Other Compensation. A director or an immediate family member of a director received more than \$100,000 per year in direct compensation from VeriFone, other than director and committee fees, in the past five years.

Table of Contents

Investment Banking or Consulting Services. A director is a partner or officer of an investment bank or consulting firm that performs substantial services to VeriFone on a regular basis.

Immaterial Relationships

The following relationships shall be considered immaterial for purposes of determining director independence:

Affiliate of Stockholder. A relationship arising solely from a director's status as an executive officer, principal, equity owner, or employee of an entity that is a stockholder of VeriFone.

Certain Business Transactions. A relationship arising solely from a director's status as an executive officer, employee or equity owner of an entity that has made payments to or received payments from VeriFone for property or services shall not be deemed a material relationship or transaction that would cause a director not to be independent so long as the payments made or received during any one of such other entity's last five fiscal years are not in excess of the greater of \$1 million or 2% of such other entity's annual consolidated gross revenues.

Director Fees. The receipt by a director from VeriFone of fees for service as a member of the Board and committees of the Board.

Other Relationships. Any relationship or transaction that is not covered by any of the standards listed above in which the amount involved does not exceed \$25,000 in any fiscal year shall not be deemed a material relationship or transaction that would cause a director not to be independent. Notwithstanding the foregoing, no relationship shall be deemed categorically immaterial pursuant to this section to the extent that it is required to be disclosed in SEC filings under Item 404 of the SEC's Regulation S-K.

Corporate Governance Guidelines

Our Board has adopted corporate governance guidelines that provide the framework within which the Board directs the corporate governance of VeriFone. These corporate governance principles are reviewed annually by our Corporate Governance and Nominating Committee, and changes are recommended to the Board for approval as appropriate. Our corporate governance guidelines are available on the Investor Relations section of our website, <http://ir.verifone.com/>, and are available in print to any stockholder who requests it.

Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics, which is available on the Investor Relations section of our website, <http://ir.verifone.com/>, and is available in print to any stockholder who requests it. The Code of Business Conduct and Ethics applies to all of VeriFone's employees, officers and directors. We will post any amendments to or waivers from a provision of our Code of Business Conduct and Ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions and that relates to any element of the code of ethics definition set forth in Item 406(b) of Regulation S-K of the SEC at <http://ir.verifone.com/>.

Director Attendance at Meetings

Although our Board recognizes that conflicts may occasionally prevent a director from attending a Board or stockholder meeting, the Board expects each director to make every reasonable effort to keep such absences to a minimum. In fiscal year 2009, the Board held six meetings. During that period, each director attended not less than 75% of the meetings of the Board and committees of the Board on which the director served. At the 2009 Annual Meeting of Stockholders, all of our current directors who were directors at that time were in attendance, with the exception of Mr. Roche.

Table of Contents

Executive Sessions

Non-employee directors meet in executive session with no management directors or employees present at each regularly scheduled Board meeting. The presiding director at these meetings is Mr. Rinehart, the Chairman of the Board.

Communications with Directors

Any interested party may direct communications to individual directors, including the presiding director, to a board committee, the independent directors as a group, or to the Board as a whole, by addressing the communication to the named individual, to the committee, the independent directors as a group, or to the Board as a whole c/o Secretary, VeriFone Systems, Inc., 2099 Gateway Place, Suite 600, San Jose, CA, 95110. VeriFone's Secretary or an Assistant Secretary will review all communications so addressed and will relay to the addressee(s) all communications determined to relate to the business, management or governance of VeriFone.

Committees of our Board of Directors

Our Board has an Audit Committee, a Compensation Committee and a Corporate Governance and Nominating Committee.

Audit Committee

Our Board has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. Our Board has adopted an Audit Committee charter, which is available on the Investor Relations section of our website at <http://ir.verifone.com/>, and is available in print to any stockholder who requests it, and defines the Audit Committee's purposes to include:

Overseeing the compensation for and supervising our independent registered public accounting firm;

Reviewing our internal accounting procedures, systems of internal controls, and financial statements;

Reviewing and approving the services provided by our internal auditors and independent registered public accounting firm, including the results and scope of their audits; and

Reviewing and approving all related party transactions.

The Audit Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Audit Committee. The Audit Committee may, in its discretion, delegate to one or more of its members the authority to pre-approve any audit or non-audit services to be performed by the independent auditors, provided that any pre-approvals made under delegated authority are presented to the Audit Committee at its next scheduled meeting.

In fiscal year 2009, our Audit Committee met eleven times. Our Board and our Corporate Governance and Nominating Committee have determined that each member of the Audit Committee is independent within the meaning of the rules of both the NYSE and the SEC.

The report of the Audit Committee is included in this Proxy Statement under Report of the Audit Committee.

Table of Contents

Compensation Committee

Our Board has adopted a Compensation Committee charter, which is available on the Investor Relations section of our website at <http://ir.verifone.com/>, and is available in print to any stockholder who requests it, and defines the Compensation Committee's purposes to include:

Reviewing and approving corporate goals and objectives relevant to the compensation of VeriFone's Chief Executive Officer (CEO), evaluating the CEO's performance in light of those goals and objectives and, either as a committee or together with the other independent directors (as directed by the Board), determining and approving the CEO's compensation level based on this evaluation;

Making recommendations to the Board with respect to non-CEO compensation, incentive compensation plans, and equity-based plans, including the VeriFone Bonus Plan and the 2006 Equity Incentive Plan, overseeing the activities of the individuals responsible for administering these plans, and discharging any responsibilities imposed on the Compensation Committee by any of these plans;

Approving any new equity compensation plan or any material change to an existing plan where stockholder approval has not been obtained;

In consultation with management, overseeing regulatory compliance with respect to compensation matters, including overseeing VeriFone's policies on structuring compensation programs to preserve tax deductibility, and, as and when required, establishing performance goals and certifying that performance goals have been attained for purposes of Section 162(m) of the Internal Revenue Code;

Making recommendations to the Board with respect to any severance or similar termination payments proposed to be made to any current or former officer of VeriFone; and

Preparing an annual report of the Compensation Committee for inclusion in our annual proxy statement.

The Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to such standing or ad hoc subcommittees as it may determine to be necessary or appropriate for the discharge of its responsibilities, as long as the subcommittee contains at least the minimum number of directors necessary to meet any regulatory requirements.

In fiscal year 2009, our Compensation Committee met seven times, and met in executive session without management present at each such meeting.

Our Board of Directors and our Corporate Governance and Nominating Committee have determined that each member of the Compensation Committee is independent within the meaning of the rules of both the NYSE and the SEC.

The report of the Compensation Committee is included in this Proxy Statement under Compensation Committee Report.

Corporate Governance and Nominating Committee

Our Board of Directors has adopted a Corporate Governance and Nominating Committee charter, which is available on the Investor Relations section of our website at <http://ir.verifone.com/> and is available in print to any stockholder who requests it, and defines the Corporate Governance and Nominating Committee's purposes to include:

Edgar Filing: VERIFONE SYSTEMS, INC. - Form DEF 14A

Making recommendations to the Board from time to time as to changes that the Corporate Governance and Nominating Committee believes to be desirable to the size of the Board or any committee thereof;

Identifying individuals believed to be qualified to become Board members, consistent with criteria approved by the Board, and selecting, or recommending to the Board, the nominees to stand for

Table of Contents

election as directors at the annual meeting of stockholders or, if applicable, at a special meeting of stockholders;

Developing and recommending to the Board, standards to be applied in making determinations as to the absence of material relationships between VeriFone and a director;

Identifying Board members qualified to fill vacancies on any committee of the Board (including the Corporate Governance and Nominating Committee) and recommending that the Board appoint the identified member or members to the respective committee;

Establishing procedures for the Corporate Governance and Nominating Committee to exercise oversight of the evaluation of the Board and management;

Developing and recommending to the Board a set of corporate governance principles applicable to VeriFone and reviewing those principles at least once a year; and

Assisting management in the preparation of the disclosure in VeriFone's annual proxy statement regarding the operations of the Corporate Governance and Nominating Committee.

The Corporate Governance and Nominating Committee has not established specific minimum education, experience, or skill requirements for potential members, but, in general, expects that qualified candidates will have managerial experience in a complex organization and will be able to represent the interests of the stockholders as a whole. The Corporate Governance and Nominating Committee considers each candidate's judgment, skill, diversity, experience with businesses and other organizations of comparable size, the interplay of the candidate's experience with the experience of other Board members, and the extent to which the candidate would be a desirable addition to the Board and any committees of the Board. In addition, each candidate must have the time and ability to make a constructive contribution to the Board.

The Corporate Governance and Nominating Committee has generally identified nominees based upon suggestions by directors, management, outside consultants, including third party search firms, and stockholders. Before any nominee is considered, the Corporate Governance and Nominating Committee makes a preliminary determination as to whether there is a need for additional members of the Board. If a need is identified, members of the Corporate Governance and Nominating Committee discuss and evaluate possible candidates in detail and suggest individuals to explore in more depth. Once a candidate is identified for further consideration, members of the Committee, as well as other members of the Board as appropriate, interview the nominee. After completing this evaluation the Committee makes a recommendation and the nominee is referred to the full Board for its consideration of the nominee. The Corporate Governance and Nominating Committee will consider candidates recommended by stockholders in the same manner as other candidates. Stockholders may nominate candidates for director in accordance with the advance notice and other procedures contained in our Bylaws.

The Corporate Governance and Nominating Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Corporate Governance and Nominating Committee.

In fiscal year 2009, our Corporate Governance and Nominating Committee met four times, and met in executive session at each such meeting.

Our Board of Directors and our Corporate Governance and Nominating Committee have determined that each member of the Corporate Governance and Nominating Committee is independent within the meaning of the rules of both the NYSE and the SEC.

Director Compensation

For fiscal year 2009, all directors who are not our employees were entitled to receive annual fees for service on the Board and Board committees as follows:

Annual director retainer	\$ 35,000
Chairman of the Board retainer(1)	\$ 45,000

Edgar Filing: VERIFONE SYSTEMS, INC. - Form DEF 14A

(1) The Chairman of the Board retainer is incremental to the annual director retainer.

For fiscal year 2009, the Board retained the same fee levels as for fiscal years 2008 and 2007. All annual fees are paid in quarterly installments. In addition, we have granted to each director who is not our employee, upon the director's initial appointment to the Board, options to purchase 30,000 shares of our common stock and

plan to grant options to purchase an additional 11,000 shares of our common stock to each such director each year thereafter. The initial option grant to a director is made on the first trading day of the month following the director's appointment to the Board, and the annual option grant is made on the first trading day following each fiscal year end. The exercise price for these options is the fair market value of our common stock at the time of the grant of the options. For each grant of options, one quarter of the options vest after one year, and the remainder vest ratably by quarter over the succeeding three years. The options have a term of seven years. In addition to this annual retainer, all directors were entitled to receive \$2,500 for each Board and committee meeting attended in person and \$1,250 for each telephonic Board and committee meeting attended. Directors are also reimbursed for all reasonable expenses incurred in connection with attendance at any of these meetings.

The following table sets forth a summary of the compensation earned by our non-employee directors for services in fiscal year 2009:

Name	Cash Fees	Stock Awards	Option Awards(3),(4)	All Other Compensation	Total
Robert W. Alspaugh	\$ 87,500		\$ 72,574		\$ 160,074

Jeffrey Stiefler	\$ 75,000		\$ 72,574		\$ 147,574

- (1) Mr. McGinn joined our Board effective December 17, 2008, and became a member of our Corporate Governance and Nominating Committee effective March 18, 2009.
- (2) Mr. Roche began receiving these fees and option grants in the fourth quarter of fiscal year 2009; prior to such time Mr. Roche had waived these fees and option grants.
- (3) Amounts shown in this column reflect our accounting expense for these awards and do not reflect whether the recipient has actually realized a financial benefit from the awards (such as by exercising stock options). This column represents the dollar amount recognized for financial statement reporting purposes with respect to fiscal year 2009 for the fair value of stock options granted to the non-employee directors. The fair value was estimated using the Black-Scholes option pricing model in accordance with ASC 718 (formerly SFAS No. 123(R), *Share-Based Payment*). Pursuant to SEC rules, amounts shown exclude the impact of estimated forfeitures related to service-based vesting conditions. For information on the valuation assumptions used for the calculation of these amounts, refer to *Stockholders' Equity* of the notes to consolidated financial statements included in our Annual Report on Form 10-K for each of our fiscal years.
- (4) During fiscal year 2009, Mr. McGinn was granted 30,000 options at the time he joined our Board. The grant date fair value of such options computed in accordance with ASC 718 (formerly SFAS No. 123(R), *Share-Based Payment*) totaled \$84,990 for Mr. McGinn. As of October 31, 2009, the aggregate outstanding number of options held by each director is as follows: Mr. Alspaugh, 52,000 shares; Dr. Denend, 72,000 shares; Mr. Hart, 63,000 shares; Mr. Henske 71,500 shares; Mr. McGinn, 41,000 shares; Mr. Raff, 52,000 shares; Mr. Rinehart, 63,000 shares; Mr. Roche, 11,000 shares; and Mr. Stiefler, 52,000 shares.

In 2010, the Board and the Corporate Governance and Nominating Committee conducted a review of director compensation, which included an evaluation of peer group pay practices and recommendations by a third party compensation consultant. Following such review, and upon recommendation of the Corporate Governance and Nominating Committee, the Board implemented a revised director compensation plan for directors who are not our employees. Effective March 17, 2010, each incumbent director will be entitled to receive an annual equity award consisting of options to purchase shares of our common stock with a target value of \$65,000 and restricted stock units with a target value of \$65,000. Upon a director's initial appointment to the Board, such

Table of Contents

director will receive an award of restricted stock units with a target value of \$200,000. The grant date of director equity awards will be the first trading day in the month following our annual meeting and the exercise price of the stock option grants will be the closing price of our common stock on the grant date. The number of options will be determined based on the Black-Scholes fair value as of the date of grant and the number of restricted stock units will be determined based on the 60 day average share price as of the date of grant, in each case rounded to the nearest 500 options or units. The annual equity awards vest in full on the first anniversary of the grant date. A new director's initial restricted stock unit award vests in annual installments over a four year period from award date. Stock options will have a term of seven years. In addition to an equity award, each director shall be entitled to receive an annual cash retainer and a meeting attendance fee for service on the Board and Board committees as follows:

Annual director retainer	\$ 45,000
Chairman of the Board retainer(1)	\$ 45,000
Annual committee chair retainers:	
Audit Committee(2)	\$ 20,000
Compensation Committee(2)	\$ 10,000
Corporate Governance and Nominating Committee(2)	\$ 10,000
Board and committee meeting attendance fee(3)	\$ 1,500

- (1) The Chairman of the Board retainer is incremental to the annual director retainer.
- (2) Under the revised director compensation plan effective March 17, 2010, Board committee members no longer receive an annual committee member retainer.
- (3) The meeting attendance fee applies to both in-person and telephonic meetings.

Director Stock Ownership Guidelines

In March 2010, the Board adopted stock ownership guidelines for our directors. These guidelines require each director who is not our employee to own a minimum number of shares of our common stock equal to approximately three times the annual cash retainer for a director. Under these guidelines, only vested restricted stock units and owned stock count toward the ownership level, and directors have a five year period over which to achieve the target ownership level. The Board also adopted stock ownership guidelines for our named executives as described under *Compensation Discussion and Analysis – Compensation Program* of this Proxy Statement.

PROPOSAL 1: ELECTION OF DIRECTORS

The business and affairs of VeriFone are managed under the direction of our Board of Directors. Our Board has responsibility for establishing broad corporate policies and for the overall performance of VeriFone, rather than for day-to-day business operations. VeriFone currently has authorized ten directors and our Board presently consists of ten members. All of our directors are elected annually for a one year term expiring at the Annual Meeting of Stockholders in the following year. The proxy holders named on the proxy card intend to vote for the election of the nine nominees listed below. The Board has selected these nominees on the recommendation of the Corporate Governance and Nominating Committee. If at the time of the meeting one or more of the nominees have become unable to serve, shares represented by proxies will be voted for the remaining nominees and for any substitute nominee or nominees designated by the Corporate Governance and Nominating Committee. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis (CD&A) describes the principles, policies, and practices that formed the foundation of our compensation program in fiscal year 2009 and explains how they applied to our named executives for fiscal year 2009, who are our Chief Executive Officer, Douglas G. Bergeron; our Senior Vice President and Chief Financial Officer, Robert Dykes; our Executive Vice President managing the United States, Canada, Northern Europe, Middle East and Africa, Jeff Dumbrell; our Executive Vice President, Integrated Solutions, Elmore Waller; and our President of VeriFone Israel and Executive Vice President, Continental Europe, South East Europe and Asia, Eliezer Yanay. We refer to these executive officers as our named executives.

Compensation Program

Objectives

We believe that highly talented, dedicated, and results-oriented management is critical to our growth and long-term success. Our compensation program, which is subject to the oversight of our Board of Directors and its Compensation Committee, is designed to:

Attract, motivate, and retain management talent of high quality in a competitive market;

Align our management s interests with long-term stockholder value by providing for a significant portion of compensation in the form of stock options, restricted stock units, and other stock-based awards the value of which depends upon performance of our common stock;

Tie each named executive s compensation to our success during the most recent fiscal year, measured in large part by our financial and operational performance and any variations in stockholder value during that period;

Tie a portion of each named executive s compensation to that executive s individual performance in supporting our goals for the fiscal year as outlined by the Board, in order to encourage and reflect individual contributions to our overall performance by rewarding individual achievement;

Ensure that each named executive s compensation is at appropriate and competitive levels relative to each other and to senior executives at companies that we have identified as peer group companies, including certain of our competitors; and

Permit, to the extent deemed appropriate by our Compensation Committee, the bonuses paid to our named executives to be tax deductible to us as qualified performance-based compensation under Section 162(m) of the Internal Revenue Code.

Implementing Our Objectives

The Compensation Committee determines the compensation for each of the named executive officers. The Compensation Committee evaluates base salaries and short-term and long-term incentive awards as tools to provide the appropriate incentives to meet our compensation objectives both individually and in the aggregate for our named executives. We believe the most important indicator of whether our compensation objectives are being met is whether we have motivated our named executives to deliver superior performance, particularly with respect to financial performance and stockholders returns, and incentivized executives performing in line with our expectations to continue their careers with us.

Table of Contents

Elements of Executive Compensation

Each compensation component is structured to recognize individual performance and to incentivize both short and long-term performance. Our compensation program consists of the following short-term and long-term components:

Short-term components

Base salary

Variable annual and quarterly or semi-annual performance-based cash bonus awards

One-time cash performance-based bonus awards for exceptional individual performance

Benefits and perquisites

Long-term component

Periodic grants of long-term equity-based awards, including restricted stock units and stock options

The foregoing elements combine to promote the compensation objectives that we have outlined above. The Compensation Committee believes that a mix of both short-term cash incentives and long-term equity incentives are appropriate to implement our overall compensation program. The Compensation Committee sets base salaries and benefits and perquisites at levels that are designed to provide a competitive level of compensation in order to achieve our objective of attracting, motivating and retaining management talent of high quality in a competitive environment. The Compensation Committee structures performance-based cash bonus awards to provide our named executives with compensation that rewards the achievement of our quarterly and annual goals and other near term stockholder value-creation strategies. The Compensation Committee uses equity incentive awards to motivate named executives to achieve superior performance over a longer period of time and to tie the majority of each named executive's compensation to long-term stockholder value creation. In determining the amount of the compensation awarded to a particular named executive, the Compensation Committee considers the following factors:

Whether the short and long-term components of the compensation package, in absolute as well as relative terms, assure that appropriate recognition, incentives and retention value are maintained.

Our share price performance during the fiscal year.

Our performance during the fiscal year as measured against projections of our performance prepared by management for the fiscal year, including projections in respect of revenue, as adjusted and net income, as adjusted, per share.

Evaluations prepared by our Chief Executive Officer with respect to the individual performance of each of our other named executives consistent with our compensation objectives. In making recommendations with respect to named executive officers other than himself, our Chief Executive Officer evaluates the performance of the executives and considers the executive's responsibilities and compensation in relation to other officers. Our Chief Executive Officer does not make recommendations about his own compensation.

Based on the foregoing factors as well as the objectives described above, the Compensation Committee considers the total compensation that may be awarded to the named executive including the allocation among base salary, performance based bonuses, equity incentives and benefits and perquisites. The Compensation

Table of Contents

Committee also takes into account the prior year's annual cash compensation of each named executive as well as how total compensation compares as between individual named executives. For our Chief Executive Officer, the Compensation Committee also considers his equity holdings, including equity awards previously granted to him and the vesting schedules of such awards. Except as described above, the Compensation Committee does not take into account amounts realized from prior compensation or payable upon termination or change of control in determining total compensation. The Compensation Committee's goal in awarding compensation is to award compensation that is reasonable in relation to the objectives of our compensation program when all elements of potential compensation are considered.

Mix of Compensation Elements

As discussed above, we weigh compensation for the named executives primarily towards short-term performance-based compensation and long-term equity compensation. However, we do not have any pre-established targets relating to the mix between base salary, short-term performance-based compensation and long-term equity compensation. The Compensation Committee makes a determination as to the particular mix of a named executive's total compensation for a particular year based on its review of the factors described above relating to how base salaries, short-term performance-based compensation and long-term equity compensation are set in each year.

Executive Stock Ownership Guidelines

In March 2010, the Board adopted stock ownership guidelines which apply to each executive officer who is a direct report to our chief executive officer. The guidelines require our chief executive officer to own a minimum number of shares of our common stock valued at approximately three times his annual base salary, and for each executive who is a direct report to the chief executive officer to own a minimum number of shares of our common stock valued at approximately one times such executive's annual base salary. Under these guidelines, only vested restricted stock units and owned stock count toward the ownership level. An executive has a five year period over which to achieve the target ownership level. Ownership and progress toward guidelines will be reviewed annually by the Compensation Committee.

Tax Considerations

Section 162(m) of the U.S. Internal Revenue Code places a limit on the tax deduction for compensation in excess of \$1 million paid to certain covered employees of a publicly held corporation (generally, the corporation's principal executive officer and its next four most highly compensated executive officers in the year that the compensation is paid). This limitation applies only to compensation which is not considered performance-based under the Section 162(m) rules. The Compensation Committee believes that it is in our best interests and the best interests of our stockholders to comply with the limitations of Section 162(m) of the Code to the extent practicable and consistent with retaining, attracting, and motivating our named executives. No named executive received annual compensation in fiscal year 2009 that exceeded the \$1,000,000 limit for purposes of Section 162(m). Our Bonus Plan provides for performance based awards within the meaning of Section 162(m) and the Compensation Committee generally intends to grant awards under the Bonus Plan that are performance based within the meaning of Section 162(m).

Role of CEO in Determining Executive Compensation For Named Executives

As noted above, in connection with the determination of compensation for executive officers, Mr. Bergeron provides recommendations to the Compensation Committee; however, Mr. Bergeron does not make a recommendation as to his own compensation. While the Compensation Committee uses this information and values Mr. Bergeron's recommendations, the Compensation Committee ultimately approves the compensation program for named executives. Mr. Bergeron was not present at any Compensation Committee discussions regarding his own compensation.

Speculative Transactions

In accordance with our insider trading policy, we do not permit any employee, including the named executives, to enter into any derivative or hedging transaction on our stock (including short-sales, market options, equity swaps or other equity derivatives or hedging transactions).

Employment-Related Agreements with Named Executives

We may enter into employment agreements with one or more of our named executives if we determine that an employment agreement is necessary to obtain a measure of assurance as to the executive's continued employment in light of prevailing market competition for the particular position held by the named executive and the importance of the particular position, or if the Compensation Committee determines that an employment agreement is necessary and appropriate to attract, motivate, and retain executive talent in light of market conditions, the prior experience of the executive, or our practices with respect to other similarly situated employees. Based on an evaluation of these factors, we entered into an amended and restated employment agreement with our Chief Executive Officer, Mr. Bergeron, during the fiscal year ended October 31, 2009, which continues Mr. Bergeron's employment with the Company through October 31, 2012. The terms of this employment agreement are described below under "Employment Agreement with our Chief Executive Officer."

Employment Agreement with our Chief Executive Officer

In the first half of fiscal year 2009, our Compensation Committee undertook a review of the compensation program for Mr. Bergeron, our Chief Executive Officer, in light of the pending expiration of his January 2007 amended and restated employment agreement (the "2007 Employment Agreement") on October 31, 2009. The Compensation Committee was mindful of Mr. Bergeron's role in the Company's performance since July 2001 and the Company's continuing success. In conducting its review, the Compensation Committee also considered Mr. Bergeron's compensation history with the Company, equity holdings and the vesting schedule of his equity awards to assess the extent to which those holdings and the remaining unvested awards helped to serve the Compensation Committee's goal of retaining and motivating Mr. Bergeron. In addition, the Compensation Committee also conducted an evaluation of compensation levels, mix of compensation components and compensation structure for chief executive officers of peer group companies based on data provided by Compensia, an independent executive compensation consultant, and took into consideration the stock performance of the Company relative to the stock performance of peer group companies during the preceding 12 months.

Our Compensation Committee determined that renewal of Mr. Bergeron's 2007 Employment Agreement was appropriate but also sought to establish a program that provided for both near term and long term incentives for Mr. Bergeron to promote increased value for our stockholders, including through share price appreciation, consistent with the aim of the 2007 Employment Agreement. To achieve these objectives, the Compensation Committee determined that it would be appropriate to combine time-based stock options, which would incentivize consistent performance over the vesting term, and performance-based equity awards based on achieving substantial improvement in financial and operating performance as measured by a non-GAAP earnings per share financial target for fiscal year 2009, which would reward near term performance.

Based on the Compensation Committee's review, on April 8, 2009, we entered into an amended and restated employment agreement with Mr. Bergeron (the "2009 Employment Agreement") which supersedes the remaining employment term of Mr. Bergeron under the 2007 Employment Agreement. The 2009 Employment Agreement provides for an annual base salary of \$700,000 in fiscal year 2009, subject to annual increases in subsequent fiscal years at the discretion of the Board upon recommendation of the Compensation Committee, and for potential annual cash bonuses, with no target bonus for fiscal year 2009. Annual bonus eligibility and any related bonus target will be determined for each year after fiscal year 2009 by the Compensation Committee in its discretion. Annual bonuses may be between 0 and 200% of the target bonus, based on Mr. Bergeron's performance and the achievement of performance criteria to be established by our Compensation Committee.

Table of Contents

Further, to the extent that the Compensation Committee establishes an annual cash bonus target that is conditioned upon the Company's financial performance meeting specified targets, the Compensation Committee may, in its discretion, include a provision requiring that any bonus actually paid to Mr. Bergeron be reimbursed to the Company in the event or to the extent that, during a time period established by the Compensation Committee at the time such incentives are established, the Company announces a restatement of its financial results, a result of which is that the relevant performance threshold would no longer be met.

Under the 2009 Employment Agreement, Mr. Bergeron is entitled to an initial stock option award and an annual equity award, in each case the amount, terms and condition to be determined by the Board upon recommendation by the Compensation Committee, but would not be entitled to any further compensation benefits under the 2007 Employment Agreement, including with respect to the performance RSUs granted under that agreement. In connection with the execution of the 2009 Employment Agreement, for fiscal 2009 Mr. Bergeron received a grant of 150,000 time-based stock options which vest over a four year period and cliff vest as to 25% on the first anniversary of the vesting commencement date, and a grant of 150,000 performance-based stock options which may be earned based upon our achieving a non-GAAP earnings per share financial target for fiscal 2009 as set by our Board of Directors. Subsequent to October 31, 2009, the target for this grant was achieved, and the stock options were earned. Shares subject to these options vest and become exercisable on October 31, 2010. These equity award grants to Mr. Bergeron is discussed under *Long-Term Equity Incentive Compensation* below.

The term of the 2009 Employment Agreement ends on October 31, 2012, subject to automatic renewal for additional one-year periods six months prior to the termination date. If Mr. Bergeron's employment is terminated without cause or if Mr. Bergeron terminates his employment for good reason, then Mr. Bergeron may be entitled to severance equal to one year's current base salary and bonus paid for the immediately previous fiscal year provided that any severance payments are conditioned on Mr. Bergeron's compliance with the noncompetition and nonsolicitation provisions of the 2009 Employment Agreement. We have the option to extend the noncompetition and nonsolicitation period for an additional year, by paying Mr. Bergeron an additional year's severance. In the event of a termination of Mr. Bergeron's employment without cause or if Mr. Bergeron terminates his employment for good reason, Mr. Bergeron will be entitled to receive continuation of medical benefits for two years following the termination date on terms substantially the same as in effect immediately preceding the termination. Certain of our equity awards to Mr. Bergeron also include provisions for acceleration upon a qualifying termination in connection with a change of control. A qualifying termination occurs if Mr. Bergeron's employment is terminated other than for cause or if he resigns for good reason in the period beginning 90 days prior to a change in control and ending 12 months after a change in control. A change in control means any of the following events, subject to specified exceptions:

any person or group of persons becomes the beneficial owner of 40% or more of our outstanding voting securities;

the consummation of a merger or similar transaction that requires the approval of our stockholders (either for the transaction itself or for the issuance of securities);

the sale of all or substantially all of our assets; and

our liquidation or dissolution.

See *Potential Payments Upon Termination or Change of Control*.

Severance Agreement with our Chief Financial Officer

Mr. Dykes became our Chief Financial Officer on September 9, 2008. We entered into a severance agreement with Mr. Dykes effective September 2, 2008. Similar to Mr. Bergeron's employment agreement, Mr. Dykes' severance agreement requires us to provide specified payments and benefits to Mr. Dykes if we undergo a change in control that results in a qualifying termination.

Table of Contents

If there is a qualifying termination, we must pay Mr. Dykes, within 10 days following the date of termination, a sum equal to the total of (i) Mr. Dykes' base salary through the date of termination and any bonuses that have become payable and have not been paid or deferred, (ii) any accrued vacation pay and compensation previously deferred, other than pursuant to a tax-qualified plan and (iii) Mr. Dykes' annual base salary during the six-month period immediately prior to the date of termination. In connection with a qualifying termination, we must also provide Mr. Dykes with continuing health insurance and related benefits for six months following the date of termination.

In the event of a change in control, the severance agreement also provides for the full vesting of any stock options, restricted stock and other stock-based rights held by Mr. Dykes pursuant to our 2006 Equity Incentive Plan. The agreement provides for modification to these payments and other benefits in order to mitigate the tax effects on Mr. Dykes of a specified federal excise tax.

Under the severance agreement, Mr. Dykes has agreed that in the event of a tender or exchange offer, proxy contest or the execution of an agreement whose consummation would constitute a change in control, he will not voluntarily leave his employment with us (other than as a result of disability, mandatory retirement or for good reason) until the change in control occurs or is terminated. The severance agreement continues in effect until we give 12 months' written notice of cancellation, but the agreement ends immediately if Mr. Dykes' employment is terminated more than 90 days before a change in control.

Indemnification Agreements

As permitted by the Delaware General Corporation Law, we have adopted provisions in our amended and restated certificate of incorporation that authorize and require us to indemnify our officers and directors to the full extent permitted under Delaware law, subject to limited exceptions. We have also entered, and intend to continue to enter, into separate indemnification agreements with each of our directors and executive officers which may be broader than the specific indemnification provisions contained in Delaware law.

Determination of Compensation

Role of Compensation Consultants

We and the Compensation Committee consult from time to time with executive compensation consultants and consider the compensation levels of companies within our industry and other industries that compete for the same talent. Neither we nor the Compensation Committee has maintained any long-term contractual relationship with any compensation consultant, but in recent years the Compensation Committee has retained an independent executive compensation consultant in connection with its review of compensation for the named executives. Periodically, the Compensation Committee also retains compensation consultants to assist in the design of programs that affect named executive compensation. As described below, in fiscal year 2009, the Compensation Committee used market data and analysis from Compensia in reviewing our compensation levels and the proposed structure of the compensation program for our Chief Executive Officer and other named executives. The Compensation Committee also considered overall global compensation trends based on Watson Wyatt Worldwide reports. In addition, we subscribe to certain third party compensation survey services that allow us and the Compensation Committee to access reports and compensation survey data detailing compensation practices at peer companies and in the relevant geographical locations for benchmarking purposes.

Competitive Data

For fiscal year 2009, our Compensation Committee relied upon market data and executive compensation data and trends of our peer group companies from three primary third party sources: Compensia, Equilar, Inc., a provider of executive compensation benchmarking solutions, and Radford, a provider of compensation market intelligence to the technology and life sciences industries. The peer group companies reviewed and approved by the Compensation Committee are primarily technology companies, some of which compete with us for business.

Table of Contents

or for executive personnel. The Compensation Committee's intent was to choose peer group companies that have one or more attributes significantly similar to us, including size (evaluated on the basis of revenue and market capitalization), location, general industry, or products. The Compensation Committee reviewed this and other benchmarking data and market trends derived from additional surveys and market information with representatives of our Human Resources department. The following companies made up the peer group companies for fiscal year 2009:

Cadence Design Systems	salesforce.com
Intermec	ScanSource
MICROS Systems	Sybase, Inc.
Novell	Zebra Technologies

The Compensation Committee used the compensation data and market trends described above as one of a number of factors in its decisions regarding compensation, and generally used such data and trends as a reference point rather than as a strict benchmarking tool in making decisions as to whether the contributions of each named executive are properly reflected in his compensation. The Compensation Committee also gave great weight to our business performance, including performance under several financial metrics, and individual performance as described below in its executive compensation decisions. It did not, however, separately consider the historical performance or future projected performance trends of any of these peer group companies relative to our historical performance or future projected performance trends for executive compensation purposes. The Compensation Committee applied a similar approach with respect to determinations of change of control or termination payments for our named executives, as further described below under *Potential Payments Upon Termination or Change of Control*.

The Compensation Committee reviewed our executive compensation programs and practices, and analyzed, for each named executive, all existing elements of compensation (including base pay, cash bonus awards, and long-term compensation in the form of equity awards). The Compensation Committee compared these compensation components separately, and in total, to compensation at the peer group companies in an effort to set each element of compensation at a level such that the aggregate total compensation for each named executive is at or above the median levels of peer group companies surveyed as appropriate to retain and motivate our most talented and experienced executives.

Base Salary

The objective of base salary is to provide fixed compensation to a named executive that reflects his or her job responsibilities, experience, value to our company, and demonstrated performance. The salary of our Chief Executive Officer, Mr. Bergeron, for the 2009 fiscal year was determined by his 2009 Employment Agreement, as described above under, *Employment-Related Agreements with Named Executives Employment Agreement with our Chief Executive Officer*. The salaries for the other named executives were determined by the Compensation Committee based on its subjective evaluation of a variety of factors including the following:

The scope and importance of the named executive's responsibilities.

The contribution and experience of the named executive.

Competitive market information regarding salaries.

Overall compensation trends and economic conditions.

The importance of retaining the named executive along with the competitiveness of the market for the named executive's role and responsibilities.

The recommendation of our Chief Executive Officer based on his subjective evaluation of the individual's performance.

The base salary of the named executive in prior fiscal years.

The base salary of individual named executives as compared with each other.

Table of Contents

Base salaries are typically reviewed annually in the first quarter of each fiscal year in connection with annual performance reviews and adjusted to take into account the factors described above.

Fiscal Year 2009 Annual Base Salary Determination

The Compensation Committee set fiscal year 2009 annual base salaries of the named executives as follows:

Named Executives	Fiscal Year 2009 Annual Base Salary
Douglas G. Bergeron(1)	\$ 700,000
Robert Dykes	\$ 420,000
Jeff Dumbrell	\$ 300,000
Elmore Waller	\$ 315,000
Eliezer Yanay(2)	\$ 319,404

- (1) Mr. Bergeron's base salary was set in accordance with the terms of his employment agreement.
- (2) Mr. Yanay's annual base salary is set and paid in Israeli New Shekels. For disclosure purposes, Mr. Yanay's annual base salary of ILS 1,200,000 has been converted from Israeli New Shekels to U.S. Dollars at the October 31, 2009 exchange rate of 3.757 Shekels per one U.S. Dollar. Mr. Yanay's annual base salary was increased to this level effective December 2008. For fiscal year 2009, Mr. Yanay's actual salary as converted to U.S. Dollars was \$308,757.

For the fiscal year ended October 31, 2009, the Compensation Committee generally set the annual base salary of each of our named executives, including that of our Chief Executive Officer but excluding Messrs. Dumbrell and Yanay, at the same level as the annual base salary for the fiscal year ended October 31, 2008 due primarily to the global recession. The fiscal year 2008 base salaries had been set at the same levels as fiscal year 2007 primarily because in fiscal year 2008 we restated our interim financial statements for fiscal year 2007. In the case of Mr. Dykes, who joined our company as Senior Vice President and Chief Financial Officer in September 2008, the Compensation Committee considered a number of factors in setting Mr. Dykes base salary, including similar arrangements in place at our peer group companies, the total compensation package to be offered to Mr. Dykes, the extent of Mr. Dykes' past experience, and Mr. Dykes' role and scope of responsibilities within our company. In the case of Mr. Dumbrell, his fiscal year 2009 base salary was increased from fiscal year 2008 to reflect a promotion, and in the case of Mr. Yanay, his fiscal year 2009 base salary included an increase based on competitive market data and in recognition of exceptional performance in the business units managed by Mr. Yanay.

Performance-Based Bonuses

With the exception of Mr. Bergeron, who is eligible for an annual bonus only at the discretion of the Compensation Committee in accordance with the terms of his employment agreement, we pay quarterly or semi-annual bonuses together with annual bonuses as a component of overall compensation as well as to provide an incentive and reward for superior performance over the short-term. For fiscal year 2009, Mr. Dykes was eligible for a semi-annual bonuses and Messrs. Dumbrell, Waller and Yanay were eligible for quarterly bonuses. Quarterly bonuses are generally paid in cash in the fiscal quarter following the applicable period's performance and are intended to account for approximately two-thirds of aggregate bonus compensation for our named executives. The semi-annual bonus for Mr. Dykes is intended to account for approximately one-third of his aggregate bonus compensation and is paid in June for the first six months of our fiscal year and in December for the last six months of our fiscal year. Annual bonuses are typically approved by the Board upon recommendation of the Compensation Committee and paid in the first fiscal quarter of each year based on our financial performance during the prior fiscal year and in part on the individual performance of the named executives, in each case based on pre-established targets and objectives.

Table of Contents

In setting annual bonus compensation, which is usually intended to account for all of the bonus compensation of our CEO and at least one-third of overall bonus compensation of our other named executives, the Compensation Committee determines a target dollar value for annual bonus awards at the beginning of the fiscal year and has the discretion to deliver between 0% and 200% of the target annual bonus compensation for our CEO and between 0% and 100% of the target annual bonus compensation to our other named executives based on objective performance-based factors. The Compensation Committee generally allocates at least 80% of a named executive's total performance bonus based on objective performance-based factors. For fiscal year 2009, 100% of each named executive's annual bonus, 100% of Mr. Dykes' semi-annual bonus, 100% of Mr. Yanay's quarterly bonuses and 80% of each of Messrs. Waller and Dumbrell's quarterly bonus were based on objective performance-based factors, which are as follows:

Our actual corporate financial performance in comparison to internal financial performance forecasts prepared by our management and presented to the Compensation Committee and the Board of Directors in the first quarter of each fiscal year. This includes overall financial performance on a consolidated basis as well as performance of individual business units which a named executive is responsible for managing.

Our stock price performance as compared to internal stock price appreciation targets and the stock price appreciation of our peers during the prior fiscal year. For purposes of this evaluation, our peers are those companies listed under *Competitive Data* above.

Performance objectives for the business units managed by each named executive and individual performance objectives for each named executives, including considerations relating to increased responsibilities performed by a named executive during the fiscal year which were not contemplated when the named executive's target bonus was established.

Performance considerations relating to unforeseen events during the prior year. These factors are described in further detail below:

Objective Portion of Bonuses

1. Financial Performance

In the first quarter of each fiscal year, the Compensation Committee and the Board of Directors receives financial forecasts from management. Based on its review of the financial forecasts and its assessment of the probability of achieving these forecasts, after consultation with management and the full Board, the Compensation Committee sets financial performance metrics for the named executives. These metrics serve as the primary basis for the Compensation Committee's evaluation of corporate financial performance. These financial performance metrics are set forth below:

Financial Performance Metric	Description
Revenue, As Adjusted(1), (3)	Growth in revenue, as adjusted, is an essential component of long-term success and viability. Revenue, as adjusted is used by us in addition to revenue recognized in accordance with generally accepted accounting principles (GAAP), and is a non-GAAP financial measure.
Net Income, as Adjusted and Net Income, As Adjusted, Per Share(2), (3)	Growth in net income, as adjusted and net income, as adjusted, per share provides an indicator as to our ability to generate returns on our operations and fund future growth. These are non-GAAP financial measures that we have historically used to evaluate our performance and compare our current results with those for prior periods as well as with the results of other companies in its industry. These non-GAAP financial measures have also been used by investment analysts to evaluate our performance.

Table of Contents

- (1) For fiscal year 2009, revenue, as adjusted, was calculated by adding back the amortization of step-down in deferred revenue on acquisitions to our GAAP revenue. We refer to this measure as Non-GAAP Revenue in our reports of our financial results on Form 8-K.
- (2) Net income, as adjusted, and net income, as adjusted, per share are non-GAAP financial measures that we use in addition to GAAP results to evaluate our performance and compare our results to other companies. We refer to these measures as Non-GAAP Net Income and Non-GAAP Net Income per Share in our reports of our financial results on Form 8-K. Net income, as adjusted, per share is calculated by excluding the following GAAP items from net income (loss) as reported: acquisition-related expenses such as amortization of purchased intangibles, purchased core-and-developed technology, settlements of contingencies established at the time of acquisition and other similar acquisition-related charges, impairment of goodwill and intangible assets and write-off of capitalized software, post-restatement incremental professional services fees, restructuring charges and gain on extinguishment of debt, normalization of overhead expenses, restatement expenses and stock-based compensation, all presented on an after-tax basis, as well as changes in the valuation allowance of deferred tax assets.
- (3) Each fiscal quarter and for each fiscal year we report these metrics, which we refer to as, Non-GAAP Revenue, Non-GAAP Net Income and Non-GAAP Net Income per Share, in our reports of our financial results on Form 8-K. For the fiscal year ended October 31, 2009, our GAAP financial statements and the items to reconcile to our non-GAAP financial measures are described and included in our Form 8-K filed December 14, 2009 for our fourth quarter and fiscal year 2009 results; Form 8-K filed September 2, 2009 for our third quarter results; Form 8-K filed June 2, 2009 for our second quarter results and Form 8-K filed March 3, 2009 for our first quarter results.

The Compensation Committee views financial performance as the most important factor in determining a named executive's annual bonus. In addition to the above, a portion of the fiscal year 2009 quarterly performance-based bonus for Messrs. Dumbrell and Waller was measured against pre-established contribution and gross margin targets for the business units that each manages, and all of Mr. Yanay's fiscal year 2009 quarterly performance-based bonus was measured against pre-established contribution and gross margin targets for the business units that he manages.

2. Stock Price Performance

In accordance with the compensation program goal of tying executive compensation to stock price performance, the Compensation Committee places significant weight on the stock price performance of our common stock in setting annual bonus awards. In particular, the Compensation Committee considers the relative performance of our stock price to the stock price of our peers that are identified under *Competitive Data* above when evaluating the compensation structure that would best achieve our compensation objectives.

3. Individual and Organization Performance

The Compensation Committee recognizes that it is important to reward individual contributions measured based on performance goals set for each named executive that reflect our overall corporate business strategy as well as business unit-specific strategic and financial goals and other particular areas of importance for the business units managed by each named executive. Up to fifty percent of a named executive's annual bonus may be based on such individual performance goals.

A portion of each named executive's bonus as set forth below under *Individual Bonus Targets* is evaluated based on attainment of pre-established personal and organizational, or business unit-specific, performance objectives. Generally, in the first quarter of each fiscal year, the Compensation Committee sets a list of individual performance goals for our Chief Executive Officer after meeting with him. For fiscal year 2009, as described above under, *Employment-Related Agreements with Named Executives* *Employment Agreement with our Chief Executive Officer*, the Compensation Committee did not set a fiscal year 2009 bonus target for

Table of Contents

Mr. Bergeron. The Compensation Committee also reviews the individual performance goals that the Chief Executive Officer recommends for the other named executives and makes adjustments to those performance goals as it deems appropriate.

After the completion of the fiscal year, the Compensation Committee meets with the Chief Executive Officer to review whether the Chief Executive Officer's pre-established individual performance goals were met and to provide the Chief Executive Officer with an opportunity to present what he believes are his significant contributions to our company for the fiscal year. The Compensation Committee also reviews the individual performance of each other named executive with the Chief Executive Officer. In determining the overall individual performance of each named executive other than the Chief Executive Officer, the Compensation Committee places substantial weight on the Chief Executive Officer's recommendations and their discussions with the Chief Executive Officer regarding the performance of the other named executives.

4. Unforeseen Events

After the end of the fiscal year, the Compensation Committee reviews our actual performance against each of the financial and stock price performance metrics. In determining the extent to which the financial and stock price performance metrics are met for a given period, the Compensation Committee exercises its judgment whether to reflect or exclude the impact of changes in accounting principles and extraordinary, unusual or infrequently occurring events. To the extent appropriate, the Compensation Committee will also consider the nature and impact of such events in the context of the bonus determination.

We do not have a formal policy on the adjustment or recovery of awards or payments if the relative performance measures are restated or otherwise adjusted for our named executives other than with respect to the outstanding performance equity awards for Mr. Bergeron. For Mr. Bergeron, in certain circumstances in which we restate financial results such that the performance condition for an equity award tranche would no longer be met, then such award would be forfeited. However, the Compensation Committee expects that named executives will forfeit or return any award or payment to the extent that such award or payment was incorrectly awarded or paid because the relevant performance measures used to determine such award or payment are restated or otherwise adjusted in a manner that would reduce the size of the award or payment. As an example, the Compensation Committee requested (and our former Chief Financial Officer agreed), that our former Chief Financial Officer would upon departure from the company forfeit quarterly bonus payments previously received in respect of fiscal year 2007 because such quarterly bonus payments were awarded on the basis of financial performance measures that, following the company's restatement of its interim results for fiscal year 2007, were not met. The amount of these previous bonus payments was offset against his contractual severance payments.

Discretionary Portion of Bonuses

Although the Compensation Committee believes that the bulk of the bonus should normally be based on objective measures of financial and stock performance, the Compensation Committee believes that in certain circumstances more subjective elements are also important in setting the bonus compensation of named executives.

1. Individual Bonus Targets

A portion of a named executive's bonus target may be awarded based on a subjective evaluation of the named executive's performance. For fiscal year 2009, approximately 20% of the quarterly bonus target for each of Messrs. Dumbrell and Waller was awarded based on whether he met or exceeded the expectations of our CEO based on our CEO's subjective review of his individual performance during each quarter. This performance assessment is evaluated subjectively and typically based on qualitative factors such as management abilities and staff development.

Table of Contents***2. Compensation Committee Discretion***

A named executive's bonus award may be adjusted based on the Compensation Committee's subjective evaluation of the named executive's individual performance. In addition, the Compensation Committee has the discretion, in appropriate circumstances, to award a bonus less than the amount determined by the objective steps set out above, including to award no bonus at all. From time to time, we may also pay additional special one-time bonuses for exceptional performance or for the achievement of specific accomplishments that the Compensation Committee, after consultation with management, has determined are of significant importance to us.

Fiscal Year 2009 Bonus Determinations***Determination of 2009 Target Bonus Amount***

In the first quarter of each fiscal year, the Compensation Committee sets a target bonus amount for each named executive. The target bonus takes into account all factors that the Compensation Committee deems relevant, with a focus on the objectives of our compensation program. In particular, the Compensation Committee evaluates individual and company performance during the last fiscal year and then existing competitive market conditions for executive talent in determining the target bonus of the named executives in the current fiscal year. The Compensation Committee also places significant weight on the recommendation of and discussions with our Chief Executive Officer in setting target annual bonus compensation of the other named executives for the fiscal year.

Annual Target Bonus

For fiscal year 2009, the Compensation Committee approved the following annual target bonuses for the named executives:

Named Executive	Target Annual Bonus
Douglas G. Bergeron(1)	\$
Robert Dykes	\$ 180,000
Jeff Dumbrell	\$ 36,000
Elmore Waller	\$ 50,000
Eliezer Yanay(2)	\$ 26,617

- (1) Pursuant to the 2009 Employment Agreement, Mr. Bergeron was not eligible for a bonus for fiscal 2009.
- (2) Mr. Yanay's annual bonus amount is set and paid in Israeli New Shekels. For disclosure purposes, Mr. Yanay's annual bonus amount of ILS 100,000 has been converted from Israeli New Shekels to U.S. Dollars at the October 31, 2009 exchange rate of 3.757 Shekels per one U.S. Dollar.

As indicated above, Mr. Bergeron may receive between 0% and 200% of his annual target bonus and each other named executive may receive between 0% and 100% of his annual target bonus. Accordingly, Mr. Bergeron may receive a bonus that is greater or less than his annual target bonus and each of the other named executives may receive an annual bonus that is equal to or less than his annual target bonus (and which could be zero), depending on whether, and to what extent performance and other conditions are satisfied and the Compensation Committee's evaluation of the named executive's performance. For fiscal year 2009, each named executive's annual bonus was based entirely on performance-based objectives.

Annual Bonus Awards

Annual bonus awards are determined in part based on our actual corporate financial performance compared to the forecasts developed at the beginning of the fiscal year and in part based on achievement of pre-set personal and organization objectives which are business-unit specific. For fiscal year 2009, for each of Messrs. Dykes, Dumbrell, Waller and Yanay, 50% of the annual bonus was allocated based on the achievement of pre-set targets

for revenue, as adjusted, and net income, as adjusted. The remaining 50% of the annual bonus for each of these named executives was allocated based on a set of business unit-specific criteria consistent with overall corporate goals and objectives, each of which were given equal weighting toward the business-unit specific component of a named executive's annual bonus. For Mr. Dykes, the business unit-specific criteria for fiscal year 2009 were enhancement of the financial processes, controls and staffing of our global finance operations, completion of business development initiatives and achievement of goals related to manufacturing and operational efficiencies. For Messrs. Dumbrell, Waller and Yanay, the business unit-specific criteria for fiscal year 2009 were business unit contribution to corporate initiatives and successes, including expansion into emerging markets, strategic growth and business development efforts related to the business unit that each such named executive manages.

The following table provides a summary of the annual bonus performance targets, weighting of each and award for fiscal year 2009:

The following tables show the total annual bonus award made to our named executives for fiscal year 2009:

Determination of 2009 Semi-Annual or Quarterly Target Bonus Amounts

In the first quarter of each fiscal year, the Compensation Committee sets quarterly, or in the case of Mr. Dykes semi-annual, bonus targets for each of our named executives other than our CEO. Mr. Dykes semi-

Table of Contents

annual bonus target is awarded based solely on performance-based goals established by the Compensation Committee and performance-based objectives recommended to the Compensation Committee by the CEO following discussion with Mr. Dykes. Approximately 80% of the quarterly bonus targets of each of Messrs. Dumbrell and Waller is awarded if performance-based goals established by the Compensation Committee for the quarter are met. The remaining 20% of such bonus targets are not based on pre-set objectives, but rather is awarded if the named executive has met or exceeded the expectations of our CEO based on our CEO's subjective review of the named executive's individual performance during the quarter. Mr. Yanay's quarterly bonus target is awarded based solely on achievement of performance-based goals.

For fiscal year 2009, 50% of the semi-annual performance bonus for Mr. Dykes was based on the corporate financial performance metrics and 50% of such bonus was measured on achieving performance objectives specific to the organization managed by Mr. Dykes, which included executing on costs-saving and other efficiency measures, managing the development of the finance organization and business infrastructure, developing growth strategies and implementing operational and process improvements.

Each of Messrs. Dumbrell, Waller and Yanay's quarterly performance-based target bonus were based on (1) the corporate financial performance metrics, (2) the amount contributed by his business unit to our operating income for the quarter, referred to as the contribution margin and (3) the gross margin achieved by his business unit for the quarter. For fiscal year 2009, 50% of each of Messrs. Dumbrell, Waller and Yanay's performance-based bonus were based on achievement of the corporate financial performance metrics and 50% were based on achievement of the contribution margin and gross margin targets. The business unit's gross margin and contribution margin targets for each fiscal quarter were determined based on specific gross margin and contribution margin improvements built into our company-wide plan and year over year growth goals. If Messrs. Dumbrell, Waller or Yanay's business units contributed between 85% and 100% of each of his performance-based goals, he may be entitled to receive a reduced portion of his performance-based quarterly bonuses. Each such named executive's performance-based bonus could also exceed 100% of the target performance-based quarterly bonus if his business units contributed in excess of 100% of his performance-based goal.

The Compensation Committee approved the following target bonuses for fiscal year 2009 for the named executives:

For disclosure purposes, Mr. Yanay's bonus amount of ILS 105,250 has been converted from Israeli New Shekels to U.S. Dollars at the October 31, 2009 exchange rate of 3.757 Shekels per one U.S. Dollar.

Long-Term Equity Incentive Compensation

On an annual basis, the Compensation Committee determines whether to make long-term incentive awards to each named executive, with the exception of our Chief Executive Officer, whose employment agreement provides that he will receive an annual equity award. See *Employment-Related Agreements with Named Executives* *Employment Agreement with our Chief Executive Officer* above.

Amount of Incentive Compensation. The amount of long-term incentive compensation, if any, awarded each year to the other named executives is determined by the Compensation Committee, in consultation with our Chief Executive Officer, after taking into account our overall compensation program objectives. These grants are intended to serve as incentives for our named executives to remain with us, continue performance at levels consistent with our corporate objectives and to tie a substantial amount of their overall compensation to the long-term performance of our common stock. In making awards of options and restricted stock units for our named executives, the Compensation Committee determined that at least one-third of total compensation for each of the named executives other than Mr. Bergeron should be in the form of these awards to ensure that the interests of each of our named executives is aligned with the interests of our stockholders. The Compensation Committee has determined that the value of restricted stock units for purposes of the long-term incentive compensation determination should be based on the value of the underlying common stock on the date of grant. We have determined that the value of stock options for purposes of the long-term incentive compensation determination should be based on the Black-Scholes value of the stock option on the date of grant.

Table of Contents

Mix of Awards. We view stock options as a way to link the compensation of our named executives directly to value creation for our stockholders, because the amount that a named executive realizes from stock options depends solely on the increase in value of our common stock from the grant date of the option. We view restricted stock units, which are an unsecured promise to deliver shares of our common stock, as a method to economically place each recipient of a restricted stock unit in the same position as a stockholder because the amount that a recipient ultimately receives from a restricted stock unit depends on the actual value of shares of common stock when the shares underlying the restricted stock units are delivered. In addition, more recently, we have used performance-based equity awards which we view as a means to incentivize achievement of specific corporate objectives. The Compensation Committee considers all of these alternatives in determining the appropriate mix of equity awards to achieve the proper allocation of performance and retention incentives.

Vesting of Long-Term Incentives. Generally stock options granted with time-based vesting become exercisable as to 25% of the grant approximately one year after the grant date and as to the remainder of the grant in equal quarterly installments over the following three years. The stock option life is seven years from the date of grant and offers named executives the right to purchase the stated number of shares of our common stock at an exercise price per share determined on the date of grant. Stock options have value only to the extent the price of our shares on the date of exercise exceeds the applicable exercise price.

Stock options granted with performance-based criteria are earned upon achievement of one or more specified performance target and become exercisable over a preset vesting schedule usually within one year of the date the option award is earned.

Restricted stock units also generally vest as to 25% of the grant approximately one year after the grant date and as to the remainder in equal quarterly installments over the following three years and upon vesting, shares of our common stock are delivered on a one-for-one basis.

Accounting Considerations. All equity grants are accounted for in accordance with ASC 718 (formerly SFAS No. 123(R), *Share-Based Payment*). It should be noted that the Compensation Committee did not attribute significant weight to the stock-based compensation charges that would be recorded for accounting purposes for the grants of options and restricted stock units granted to our named executives in light of the fact that these items do not directly relate to the achievement of our compensation objectives.

Equity Grant Procedures. Equity awards to our employees are generally awarded only on dates that the Compensation Committee meets. As a result of this procedure, we have generally awarded equity grants to our named executives (other than our Chief Executive Officer) based on and immediately following an annual review of employee equity awards. For fiscal year 2009, the annual review was completed in April. The grant date is set as the first trading day of the month following Board approval of the equity award, and the exercise price is the fair market value of our Common Stock based on the stock closing price, as traded on the NYSE, on the grant date.

Fiscal Year 2009 Long-Term Incentive Determinations

In April 2009, in connection with the execution of Mr. Bergeron's 2009 Employment Agreement, we granted Mr. Bergeron an equity award of 150,000 retention stock options that vest ratably over four years, with 25% of the grant cliff vesting on the first anniversary of the vesting commencement date. Mr. Bergeron may also earn up to an additional 150,000 performance stock options based upon our achieving a non-GAAP earnings per share financial target for fiscal year 2009 as set by our Board of Directors. Subsequent to October 31, 2009, the target for this grant was achieved, and the stock options were earned. Shares subject to these options vest and become exercisable on October 31, 2010.

For fiscal year 2009, Mr. Dykes received an equity award of 450,000 retention stock options and each of Messrs. Dumbrell, Waller and Yanay received an equity award of 50,000 retention stock options. Mr. Dykes' award was substantially larger than the amount of retention stock options that we normally award because

Table of Contents

Mr. Dykes did not hold any stock options at the time these retention stock options were granted. These retention stock options vest ratably over four years, with 25% of the grant cliff vesting on the first anniversary of the vesting commencement date. Each of Messrs. Dykes, Dumbrell, Waller and Yanay may also earn up to an additional 50,000 performance stock options based upon our achieving a non-GAAP earnings per share financial target for fiscal year 2009 as set by our Board of Directors. Subsequent to October 31, 2009, the target for each of these grants was achieved, and the stock options were earned. Shares subject to these options vest and become exercisable on October 31, 2010.

Perquisites and Benefits

Other than with respect to Mr. Yanay, we do not provide perquisites or personal benefits (such as financial services, air travel (other than reimbursement for business travel), country club memberships or car allowances) to the named executives other than standard health benefits available to all employees. We provide Mr. Yanay with the use of a car (including reimbursement of the tax effect of such benefit), study fund contributions, severance fund contributions and a recuperation allowance and other insurance benefits as is customary for executives in Israel, Mr. Yanay's home country. We also reimbursed Mr. Yanay for the cost of his cellular telephone use (including reimbursement of the tax effect of such benefit). These benefits were previously provided to Mr. Yanay in connection with his employment at Lipman, which we acquired on November 1, 2006.

Potential Payments Upon Termination or Change of Control

Our change of control arrangements with Mr. Bergeron and Mr. Dykes are included in their agreements with us as described above under the caption *Employment Agreement with our Chief Executive Officer* and the caption *Severance Agreement with our Chief Financial Officer*. In determining the terms and scope of the change of control arrangements with Messrs. Bergeron and Dykes, our Compensation Committee considered (i) the employment agreement that Mr. Bergeron entered into in connection with the acquisition and recapitalization of our company led by him and a private equity firm in 2002 and the amended and restated employment agreement that Mr. Bergeron signed with us in 2007, (ii) the change-in-control severance agreement that our former Chief Financial Officer had entered into in connection with his initial employment in July 2004, and (iii) similar arrangements in place at our peer companies as described above under *Determination of Compensation Role of Compensation Consultants* and *Competitive Data*. In addition, certain of our equity awards in fiscal year 2006 and in early fiscal year 2007 to our named executives provide for acceleration of vesting in the event of an involuntary or constructive termination three months prior to or eighteen months following a change of control.

Under Israeli law, Mr. Yanay, our President of VeriFone Israel and Executive Vice President, Continental Europe, South East Europe and Asia, will be entitled to certain statutory severance payments upon termination of employment for any reason, including retirement.

None of our named executives is entitled to a severance payment unless the change of control event is followed by, or in the case of equity awards with a change of control provision three months preceding, an involuntary or constructive termination. All such payments and benefits would be provided by us.

Table of Contents

The tables below outline the potential payments and benefits payable to each named executive in the event of involuntary termination, or change of control, as if such event had occurred as of October 31, 2009.

- (1) The salary continuation amount assumes one year of severance. We have the option to extend the noncompetition period under Mr. Bergeron's 2009 Employment Agreement for an additional year by paying Mr. Bergeron an additional year's severance.
- (2) Based on Mr. Bergeron's bonus payment of \$0 in 2009. Under the terms of Mr. Bergeron's 2009 Employment Agreement, Mr. Bergeron is entitled to payment equal to the amount of bonus payment paid to him in the immediately previous full fiscal year.
- (3) On May 1, 2009, Mr. Bergeron was awarded an option grant conditioned on achievement of a minimum net income, as adjusted, per share, with a target and maximum award of 150,000 stock options. If Mr. Bergeron leaves VeriFone for good reason or if his employment is terminated without cause, then the vesting of the option, if already earned, shall accelerate in full. The intrinsic value of such options have not been included in the above table as the underlying options had not been earned as of October 31, 2009. Subsequent to October 31, 2009, this option grant was earned at the target amount.
- (4) Based on Israeli labor laws, an Israeli employee, such as Mr. Yanay, is entitled to severance pay upon termination of employment by the employer for any reason, including retirement. Amount represents the maximum statutory severance pay, which would be paid in the event of involuntary termination of Mr. Yanay's employment, calculated based on the most recent monthly base salary of such employee multiplied by the number of years of employment of such employee. As of October 31, 2009, Mr. Yanay has been employed with VeriFone (including his term of employment with Lipman prior to our acquisition of Lipman) for approximately 8 years. Calculated by taking Mr. Yanay's monthly base salary as of October 31, 2009, multiplied by 8 years and converted from Israeli New Shekels to U.S. Dollars at the October 31, 2009 exchange rate of 3.757 Shekels per one U.S. Dollar. Each pay period, we submit sums into a severance fund at the statutory rate of 8.33% of base salary. These amounts are reflected in compensation expense each period. In the event of separation of employment that is other than an involuntary termination, Mr. Yanay would be entitled to the lesser amount that have been funded into this severance fund rather than the maximum statutory amount based on the base salary rate at the time of termination.

Edgar Filing: VERIFONE SYSTEMS, INC. - Form DEF 14A

- (5) Calculated by taking the product of the closing market price of our common stock on October 30, 2009, of \$13.30, and RSUs subject to acceleration.

- (6) Based on the closing market price of our common stock on October 30, 2009, of \$13.30, and the respective exercise prices of unvested options subject to acceleration. No intrinsic value is attributed to unvested options subject to acceleration which have exercise prices above the closing market price of our common stock on October 30, 2009.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of VeriFone (the Compensation Committee) consists exclusively of independent directors.

The general purpose of the Compensation Committee is to (1) review and approve corporate goals and objectives relating to the compensation of VeriFone's CEO, evaluate the CEO's performance in light of those goals and objectives and, either as a committee or together with the other independent directors (as directed by the Board), determine and approve the CEO's compensation level based on this evaluation and (2) make recommendations to the Board with respect to non-CEO compensation, incentive compensation plans, and equity-based plans, among other things. VeriFone's Board of Directors and its Corporate Governance and Nominating Committee have determined that each member of the Compensation Committee is independent within the meaning of the rules of both the NYSE and the SEC.

REPORT OF THE CORPORATE GOVERNANCE AND NOMINATING COMMITTEE

The primary purposes of the Corporate Governance and Nominating Committee are to (i) identify individuals qualified to become members of the Board of Directors, (ii) develop and recommend to the Board standards to be applied in making determinations as to the absence of material relationships between VeriFone and a director, (iii) develop and recommend to the Board a set of corporate governance principles and (iv) assist management in the preparation of disclosure in this Proxy Statement regarding the operations of the Corporate Governance and Nominating Committee.

The Board has determined, upon the recommendation of the Corporate Governance and Nominating Committee, that Mr. Alspaugh, Dr. Denend, Mr. Hart, Mr. Henske, Mr. McGinn, Mr. Raff, Mr. Rinehart, Mr. Roche, and Mr. Stiefler were independent within the meaning of the rules of the NYSE and the SEC. The Corporate Governance and Nominating Committee currently consists of Mr. Alspaugh, Mr. McGinn and Mr. Raff, as well as Mr. Hart, as chairman. The Board has determined that each member of the Committee is independent within the meaning of the rules of the NYSE and the SEC.

On an ongoing basis during fiscal 2009, the Corporate Governance and Nominating Committee evaluated potential candidates for positions on the Board and its committees, in each case in accordance with the criteria set forth in VeriFone's Corporate Governance Guidelines. The Corporate Governance and Nominating Committee approved and recommended to the Board of Directors the nine director nominees currently standing for election at the Annual Meeting.

Over the course of fiscal 2009, the Corporate Governance and Nominating Committee reviewed with management both the long-term and emergency succession plans for the Chief Executive Officer and other key employees.

As part of its duties, in September 2009, the Corporate Governance and Nominating Committee reviewed the Committee's charter and VeriFone's Corporate Governance Guidelines to determine whether any changes to the charter or the guidelines were deemed necessary or desirable by the Committee. After completing this review, the Committee recommended to the Board that no amendments to these documents needed to be made at that time. In March 2010, the Corporate Governance and Nominating Committee also completed its review of existing director compensation guidelines and recommended certain changes to the Board based on such review.

The Committee also conducted an evaluation of its own performance that included an evaluation of its performance compared with the requirements of the charter of the Committee. During fiscal 2009, the Corporate Governance and Nominating Committee performed all of its duties and responsibilities under the Corporate Governance and Nominating Committee Charter.

REPORT OF THE AUDIT COMMITTEE

The purpose of the Audit Committee of VeriFone is to assist the Board of Directors in fulfilling its oversight responsibility to the stockholders, potential stockholders, the investment community, and others relating to: (i) the integrity of VeriFone's financial statements; (ii) VeriFone's compliance with legal and regulatory requirements; (iii) VeriFone's independent registered public accounting firm's qualifications and independence; (iv) the performance of VeriFone's internal audit function and independent registered public accounting firm; (v) the retention of VeriFone's independent registered public accounting firm; and (vi) the preparation of this report.

The Board of Directors has determined, upon the recommendation of the Corporate Governance and Nominating Committee, that each member of the Audit Committee is independent within the meaning of the rules of the NYSE and the SEC. The Audit Committee currently consists of Mr. Alspaugh, Dr. Denend, Mr. Rinehart and Mr. Stiefler, as well as Mr. Henske, as chairman. The Board of Directors has designated each of Mr. Henske and Mr. Alspaugh as an Audit Committee financial expert within the meaning of applicable SEC rules.

As set forth in the Audit Committee charter, management is responsible for the preparation, presentation, and integrity of VeriFone's financial statements, for the appropriateness of the accounting principles and reporting policies that are used by VeriFone and for implementing and maintaining internal control over financial reporting. The independent registered public accounting firm is responsible for auditing VeriFone's financial statements and for reviewing VeriFone's unaudited interim financial statements.

In fulfilling their responsibilities, it is recognized that members of the Audit Committee are not full-time employees of VeriFone and are not, and do not represent themselves to be, performing the functions of auditors or accountants. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Members of the Audit Committee necessarily rely on the information provided to them by management and the independent registered public accounting firm. Accordingly, the Audit Committee's considerations and discussions referred to below do not assure that the audit of VeriFone's financial statements has been carried out in accordance with generally accepted accounting principles or that VeriFone's auditors are in fact independent.

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent registered public accounting firm. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. In addition, the Audit Committee has discussed with the independent registered public accounting firm the auditors' independence from VeriFone and its management, including the matters in the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board, a copy of which the Audit Committee has received. All non-audit services performed by the registered public accounting firm must be specifically pre-approved by the Audit Committee or a member thereof.

In reliance on the reviews and discussions referred to above, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee charter, the Audit Committee recommended to the Board the inclusion of the audited financial statements in VeriFone's Annual Report on Form 10-K for the fiscal year ended October 31, 2009, as filed with the Securities and Exchange Commission.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table presents information concerning the beneficial ownership of the shares of our common stock as of April 30, 2010, by:

each person we know to be the beneficial owner of 5% of more of our outstanding shares of common stock;

each of our named executives;

each of our current directors; and

all of our current executive officers and directors as a group.

Beneficial ownership is determined under the rules of the SEC and generally includes voting or investment power over securities. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder. Percentage of beneficial ownership is based on 85,427,008 shares of common stock outstanding as of April 30, 2010. Shares of common stock subject to options that are currently exercisable or exercisable within 60 days of April 30, 2010 are considered outstanding and beneficially owned by the person holding the options for the purpose of computing the percentage ownership of that person but are not treated as outstanding for the purpose of computing the percentage ownership of any other person. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

We may occasionally enter into transactions with entities in which an executive officer, director, 5% or more beneficial owner of our common stock, or an immediate family member of these persons have a direct or indirect material interest. Our policy is that the Audit Committee reviews and approves each individual related party transaction exceeding \$120,000 after a determination that these transactions were on terms that were reasonable and fair to us. For the fiscal year ended October 31, 2009 and through the date of this Proxy Statement we had no such transactions. The Audit Committee also reviews and monitors on-going relationships with related parties to ensure they continue to be on terms that are reasonable and fair to us.

Indemnification and Employment Agreements

As permitted by the Delaware General Corporation Law, we have adopted provisions in our amended and restated certificate of incorporation that authorize and require us to indemnify our executive officers and directors to the full extent permitted under Delaware law, subject to limited exceptions. We have also entered, and intend to continue to enter, into separate indemnification agreements with our directors and executive officers which may be broader than the specific indemnification provisions contained in Delaware law. Also, as described above in *Employment-Related Agreements with Named Executives* under *Executive Compensation*, we have existing employment-related agreements with our Chief Executive Officer and Chief Financial Officer.

Equity Grants

We have granted stock options to purchase shares of our common stock to our executive officers and directors and restricted stock units to certain of our executive officers. See *Compensation Discussion and Analysis*, *Executive Compensation* and *Director Compensation* in this Proxy Statement.

**PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors of VeriFone has selected and appointed Ernst & Young LLP as the independent registered public accounting firm to audit the consolidated financial statements of VeriFone and its subsidiaries for the year ending October 31, 2010. Ernst & Young LLP audited the financial statements for us for the fiscal year ended October 31, 2009. A member of that firm will be present at the annual meeting, will have an opportunity to make a statement, if so desired, and will be available to respond to appropriate questions.

Although stockholder ratification of the appointment of our independent registered public accounting firm is not required by our bylaws or otherwise, we are submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate governance practice. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of VeriFone and its stockholders. If our stockholders do not ratify the Audit Committee's selection, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its selection of our independent registered public accounting firm.

Audit Committee Pre-Approval Policies and Procedures

As required by Section 10A(i)(1) of the Exchange Act, our Audit Committee has adopted a pre-approval policy requiring that the Audit Committee pre-approve all audit and permissible non-audit services to be performed by Ernst & Young LLP. Any proposed service that has received pre-approval but which will exceed pre-approved cost limits will require separate pre-approval by the Audit Committee. In addition, pursuant to Section 10A(i)(3) of the Exchange Act, the Audit Committee has established procedures by which the Audit Committee may from time to time delegate pre-approval authority to the Chairman of the Audit Committee. If the Chairman exercises this authority, he must report any pre-approval decisions to the full Audit Committee at its next meeting.

All Other Fees. This category consists of fees for products and services other than the services reported above.

For fiscal years 2009 and 2008 all fees paid to Ernst & Young LLP for services were pre-approved by the Audit Committee, with the exception of approximately \$38,800 of tax fees paid in fiscal year 2008 which were promptly brought to the attention of and approved by the Audit Committee.

Directors Recommendation

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm to audit the consolidated financial statements of VeriFone and its subsidiaries for the fiscal year ending October 31, 2010. Unless a contrary choice is specified, proxies solicited by the Board of Directors will be voted FOR ratification of the appointment.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires VeriFone's executive officers, directors and persons who own more than 10% of VeriFone's common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other equity securities of VeriFone. The officers, directors and 10% stockholders are required by SEC regulations to furnish VeriFone with copies of all Section 16(a) forms they file.

SEC regulations require us to identify in this Proxy Statement anyone who failed to file on a timely basis reports that were due during the most recent fiscal year or, in certain cases, prior years. Based on our review of reports we received, or written representations from reporting persons stating that they were not required to file these forms, we believe that, during the fiscal year ended October 31, 2009, all Section 16(a) filing requirements were satisfied on a timely basis.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2009, the Compensation Committee consisted of Leslie G. Denend (Chairman), Robert B. Henske, and Collin E. Roche. None of the members is an officer or employee of VeriFone, and none of our executive officers serves as a member of a board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our Board or Compensation Committee.

Householding

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or Notice of Internet Availability of Proxy Materials addressed to those stockholders. This practice, known as "householding," is designed to reduce the volume of duplicate information and reduce printing and postage costs.

If you and others who share your mailing address own our common stock in street name, meaning through bank or brokerage accounts, you may have received a notice that your household will receive only one annual report and proxy statement or Notice of Internet Availability of Proxy Materials from each company whose stock is held in such accounts. Unless you responded that you did not want to participate in householding, you were deemed to have consented to it and a single copy of our proxy statement and annual report or Notice of Internet Availability of Proxy Materials have been sent to your address.

We will promptly deliver separate copies of our proxy statement and annual report or Notice of Internet Availability of Proxy Materials at the request of any stockholder who is in a household that participates in the householding of our proxy materials. You may send your request by mail to our Investor Relations department at VeriFone Systems, Inc., 2099 Gateway Place, Suite 600, San Jose, CA 95110 or by telephone at (408) 232-7800.
