**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On June 30, 2010, Convergys Corporation (the Company) refinanced its lease arrangement (the Facility) relating to an office complex the Company occupies in Orlando, Florida (the Property). The Property is leased from Wachovia Development Corporation (the Lessor). The Facility replaces an existing facility which was scheduled to expire on June 30, 2010. The terms of the Facility provide for a new lease period of five years and a residual value guarantee by the Company of \$47 million. Total scheduled lease payments during the term are currently estimated to be approximately \$10.2 million. The lease will continue to be accounted for as an operating lease.

Upon expiration of the lease term, if the Company elects not to purchase the Property or renew the lease, the Property will be remarketed. If the Property is remarketed, the Company is obligated to pay any deficiency up to the residual value guarantee of \$47 million. The Facility also gives the Company the option to purchase the Property at any time before the expiration of the lease.

Certain equity funding for the refinancing was provided by the Lessor, with the balance of the funding provided by a group of financial institutions. As part of the refinancing, the Company paid approximately \$10 million to reduce the principal under the prior facility.

The Facility is subject to customary default provisions, including, without limitation, those relating to payment defaults under the lease and the operative documents, the acceleration of certain other unrelated debt obligations of the Company, performance defaults and events of bankruptcy. In the event that such defaults occur and are continuing, the Company (or certain subsidiaries of the Company pursuant to their guaranty) may be required to pay all amounts due under the lease through the end of the term of the lease. Under the terms of the lease, the Company also provides certain indemnities to the Lessor and the participating financial institutions, including environmental indemnities.
