- .. Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Section 8 Other Events

Item 8.01 Other Events.

On November 4, 2010, Exelon Generation Company LLC (Generation) entered into a supplemental credit facility (Credit Facility) with UBS AG, Stamford Branch, as lender and administrative agent (Bank) which provides for an aggregate commitment of up to \$500,000,000. The effectiveness and full availability of the Credit Facility were subject to satisfaction of various conditions. On February 22, 2011, Generation satisfied all conditions to the effectiveness and availability of credit under the Credit Facility for loans and letters of credit in the aggregate maximum amount of \$300,000,000, which is the limit currently authorized by the board of directors of Exelon Corporation (Exelon) for this Credit Facility. The Credit Facility will be used by Generation primarily to meet requirements for letters of credit but also permits cash borrowings at a rate of LIBOR or a base rate, plus an adder of 200 basis points. No cash borrowings are anticipated under the Credit Facility. In addition, Generation will pay a facility fee, payable on the first day of each calendar quarter at a rate per annum equal to a specified facility fee rate on the total amount of the Credit Facility regardless of usage.

The Bank's lending commitment under the Credit Facility will terminate on June 15, 2021, or earlier upon the occurrence of an Event of Default. However, unless Generation takes steps to extend the availability of credit under the Credit Facility, \$150,000,000 of the current availability will expire on December 20, 2015 and the remaining \$150,000,000 will expire on March 20, 2016.

The Credit Facility includes covenants generally similar to covenants in the existing bank credit facility for Generation established in October 2006, including, among other covenants: limitations on liens; and limitations on mergers, consolidations and dispositions of assets. In addition, maintenance of a specified interest coverage ratio is a condition to each issuance of a letter of credit under the Credit Facility.

The Credit Facility also includes events of default generally similar to events of default in the existing bank credit facilities for Generation established in October 2006, including customary events of default for agreements of this type, such as: failure to pay outstanding principal, interest, fees or other amounts due under the Credit Facility; cross default to other debt in excess of a specified amount; and the failure to observe or perform covenants.

The description of the Credit Facility set forth above is not complete and is qualified in its entirety by reference to the Credit Facility, a redacted copy of which is attached hereto as Exhibit 10.1 and is incorporated herein by reference.
