What is PremierNotes?

Edgar Filing: Duke Energy CORP - Form FWP

Each note is a direct investment in new debt obligations of Duke Energy. Investments in PremierNotes are used to supplement traditional forms of capital. In return, the company will pay you a competitive floating interest rate that is at least ¹/₄ percent higher than the average rate of taxable U.S. money market mutual funds², and your money is available when you need it.

Special offer for Duke Energy retirees

Although PremierNotes accounts require a minimum initial investment of \$1,000, Duke Energy retirees are eligible to open an account with NO initial investment if they invest at least \$100 monthly to attain the minimum balance required.

To get started, complete and return the enclosed card with the self-addressed envelope to receive an enrollment kit. You can also find an application online at www.duke-energy.com/premiernotes, or request one by calling 800-659-DUKE(3853).

We look forward to working with you.

Sincerely,

Stephen G. De May
Senior Vice President, Investor Relations and Treasurer
