The number of common stock outstanding of the registrant as of June 30, 2011, was 164,892,596.

EXPLANATORY NOTE

The purpose of this Amendment No. 1 to our Quarterly Report on Form 10-Q for the period ended June 30, 2011, as filed with the Securities and Exchange Commission on August 3, 2011, is to furnish Exhibit 101 to the Form 10-Q as required by Rule 405 of Regulation S-T. Exhibit 101 to this report provides the unaudited consolidated financial statements and related notes from MF Global Holdings Ltd.'s Quarterly Report on Form 10-Q for the quarter ended June 30, 2011 formatted in eXtensible Business Reporting Language (XBRL).

No other changes have been made to the Form 10-Q other than those described above. Except as provided below under Additional Information, this Amendment No. 1 does not reflect subsequent events occurring after the original filing date of the Form 10-Q or modify or update in any way disclosures made in the Form 10-Q.

Users of this data are advised that pursuant to Rule 406T of Regulation S-T these interactive data files are deemed not filed or part of a registration statement or prospectus for purposes of Sections 11 or 12 of the Securities Act of 1933, as amended, are deemed not filed for purposes of Section 18 of the Securities Exchange Act of 1934, and otherwise are not subject to liability under these sections.

ADDITIONAL INFORMATION

As previously disclosed, the Company is required to maintain specific minimum levels of regulatory capital in its operating subsidiaries that conduct its futures and securities business, which levels its regulators monitor closely. The Company was recently informed by the Financial Industry Regulatory Authority, or FINRA, that its regulated U.S. operating subsidiary, MF Global Inc., is required to modify its capital treatment of certain repurchase transactions to maturity collateralized with European sovereign debt and thus increase its required net capital pursuant to SEC Rule 15c3-1. MF Global Inc. has increased its net capital and currently has net capital sufficient to exceed both the required minimum level and FINRA's early-warning notification level. The Company does not believe that the increase in net capital will have a material adverse impact on its business, liquidity or strategic plans. In addition, the Company expects that its regulatory capital requirements will continue to decrease as the portfolio of these investments matures, which currently has a weighted average maturity of April 2012 and a final maturity of December 2012.
