You should consider carefully the Risk Factors beginning on page 10 of this prospectus before participating in the exchange offer.

Each broker-dealer that receives exchange notes for its own account in the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. The letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of exchange notes received in exchange for original notes where such original notes were acquired by such broker-dealer as a result of market-making activities or other trading activities. CONSOL Energy and the subsidiary guarantors have agreed that, starting on the expiration date (as defined herein) and ending on the close of business one year after the expiration date, they will make this prospectus available to any broker-dealer for use in connection with any such resale. FORWARD-LOOKING STATEMENTS

With the exception of historical matters, the matters discussed in this prospectus and the documents incorporated by reference herein are forward-looking statements that involve risks and uncertainties that could cause actual results to differ materially from projected results. Accordingly, investors should not place undue reliance on forward-looking statements as a prediction of actual results. The forward-looking statements may include projections and estimates concerning the timing and success of specific projects and our future production, revenues, income and capital spending. When we use the words believe, intend, expect, may, should, anticipate, could, estimate, plan, or their negatives, or other similar expressions, the statements which include those words are usually forward-looking statements. When we describe strategy that involves risks or uncertainties, we are making forward-looking statements. The forward-looking statements in this prospectus and the documents incorporated by reference herein speak only as of the date of this prospectus; we disclaim any obligation to update these statements unless required by securities law, and we caution you not to rely on them unduly. We have based these forward-looking statements on our current expectations and assumptions about future events. While our management considers these expectations and assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond our control. These risks, contingencies and uncertainties relate to, among other matters, the following:

deterioration in economic conditions in any of the industries in which our customers operate, or sustained uncertainty in financial markets cause conditions we cannot predict;

an extended decline in prices we receive for our coal and gas affecting our operating results and cash flows;

our customers extending existing contracts or entering into new long-term contracts for coal;

our reliance on major customers;

our inability to collect payments from customers if their creditworthiness declines;

the disruption of rail, barge, gathering, processing and transportation facilities and other systems that deliver our coal and gas to market;

a loss of our competitive position because of the competitive nature of the coal and gas industries, or a loss of our competitive position because of overcapacity in these industries impairing our profitability;

our ability to negotiate a new agreement with the United Mine Workers of America and our inability to maintain satisfactory labor relations;

coal users switching to other fuels in order to comply with various environmental standards related to coal combustion emissions;

the impact of potential, as well as any adopted regulations relating to greenhouse gas emissions on the demand for coal and natural gas, as well as the impact of any adopted regulations on our coal mining operations due to the venting of coalbed methane which occurs during mining;

Edgar Filing: CNX GAS CO LLC - Form 424B3

foreign currency fluctuations could adversely affect the competitiveness of our coal abroad;

the risks inherent in coal and gas operations being subject to unexpected disruptions, including geological conditions, equipment failure, timing of completion of significant construction or repair of equipment, fires, explosions, accidents and weather conditions which could impact financial results;

our focus on new gas development projects and exploration for gas in areas where we have little or no proven gas reserves;

decreases in the availability of, or increases in, the price of commodities and services used in our mining and gas operations, as well as our exposure under take or pay contracts we entered into with well service providers to obtain services which, if not used, could impact our cost of production;

iii

Table of Contents

obtaining and renewing governmental permits and approvals for our coal and gas operations;

the effects of government regulation on the discharge into the water or air, and the disposal and clean-up of, hazardous substances and wastes generated during our coal and gas operations;

the effects of stringent federal and state employee health and safety regulations, including the ability of regulators to shut down a mine or well;

the potential for liabilities arising from environmental contamination or alleged environmental contamination in connection with our past or current coal and gas operations;

the effects of mine closing, reclamation, gas well closing and certain other liabilities;

uncertainties in estimating our economically recoverable coal and gas reserves;

costs associated with perfecting title for coal or gas rights on some of our properties;

the outcomes of various legal proceedings, which are more fully described in our reports filed under the Securities Exchange Act of 1934;

the impacts of various asbestos litigation claims;

increased exposure to employee related long-term liabilities;

increased exposure to multi-employer pension plan liabilities;

minimum funding requirements by the Pension Protection Act of 2006 (the Pension Act) coupled with the significant investment and plan asset losses suffered during the recent economic decline has exposed us to making additional required cash contributions to fund the pension benefit plans which we sponsor and the multi-employer pension benefit plans in which we participate;

lump sum payments made to retiring salaried employees pursuant to our defined benefit pension plan exceeding total service and interest cost in a plan year;

acquisitions that we recently have completed or may make in the future including the accuracy of our assessment of the acquired businesses and their risks, achieving any anticipated synergies, integrating the acquisitions and unanticipated changes that could affect assumptions we may have made and divestitures we anticipate may not occur or produce anticipated proceeds;

the anti-takeover effects of our rights plan could prevent a change of control;

increased exposure on our financial performance due to the degree we are leveraged;

replacing our natural gas reserves, which if not replaced, will cause our gas reserves and gas production to decline;

our ability to acquire water supplies needed for gas drilling, or our ability to dispose of water used or removed from strata in connection with our gas operations at a reasonable cost and within applicable environmental rules;

our hedging activities may prevent us from benefiting from price increases and may expose us to other risks;

other factors discussed in this prospectus.

PROSPECTUS SUMMARY

Except as otherwise indicated, in this prospectus, CONSOL Energy, the company, we, us and our refer to CONSOL Energy Inc. and its consolidated subsidiaries. This summary highlights selected information contained elsewhere in this prospectus or incorporated by reference into this prospectus. This summary may not contain all of the information that you should consider before exchanging any of the notes. You should read the entire prospectus carefully, including the section entitled Risk Factors in this prospectus and in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 and our Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2011, June 30, 2011 and September 30, 2011, which are incorporated herein by reference, before making a decision to exchange the original notes for exchange notes.

Business Overview

We are a multi-fuel energy producer and energy services provider primarily serving the electric power generation industry in the United States. We produce high-Btu thermal coal used in the electric power generation industry, high quality metallurgical coal used in steelmaking, and pipeline-quality natural gas from our coalbed methane (CBM), unconventional shale, and conventional gas operations.

We operate two principal business units: coal and gas. Our coal operations include the mining, preparation, and marketing of thermal coal and metallurgical coal and are comprised of four reportable segments: steam coal, high volatile metallurgical, low volatile metallurgical and other coal. For 2010, we produced approximately 62 million tons of coal, which accounted for approximately 6% of the total tons produced in the United States and approximately 14% of the total tons produced east of the Mississippi River. We are one of the largest producers of natural gas in the Appalachian Basin. Our gas operations, which we operate through a wholly-owned subsidiary called CNX Gas Corporation, are comprised of four reportable segments: CBM, conventional, Marcellus Shale and other gas. During 2010, we produced 127.9 Bcfe of natural gas.

For a further discussion of our business, we urge you to read our Annual Report on Form 10-K for the fiscal year ended December 31, 2010. See Where You Can Find More Information.

Summary of the Exchange Offer

On March 9, 2011, we completed the private placement of original notes in the aggregate principal amount of \$250,000,000. As part of that offering, we entered into a registration rights agreement with the initial purchasers of the original notes, dated as of March 9, 2011, referred to in this prospectus as the registration rights agreement, in which we agreed, among other things, to deliver this prospectus to you and to complete an exchange offer for the original notes. Below is a summary of the exchange offer.

The Exchange Offers

We are offering to exchange any and all of our 6.375% Senior Notes due 2021, all of which have been registered under the Securities Act, for any and all of our outstanding unregistered 6.375% Senior Notes due 2021 that were issued on March 9, 2011. As of the date of this prospectus, there are \$250,000,000 aggregate principal amount of original notes outstanding. The form and terms of these exchange notes are identical in all material respects to those of the original notes except that the exchange notes are registered under the Securities Act and the transfer restrictions, registration rights and additional interest provisions applicable to the original notes do not apply to the exchange notes. The original notes were offered under an indenture dated as of March 9, 2011, which we refer to herein as the indenture.

Expiration Date

The exchange offer will expire at 5:00 p.m., New York City time, on March 2, 2012, unless we earlier terminate or extend the exchange offer in our sole discretion. The exchange offer will be open for a minimum of 30 days per the terms of the registration rights agreement.

Tenders

In order to be exchanged, an original note must be properly tendered and accepted. All original notes that are validly tendered and not withdrawn prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer will be exchanged. By tendering your original notes, you represent that:

you are neither an affiliate (as defined in Rule 405 under the Securities Act) of CONSOL Energy nor a broker-dealer tendering notes acquired directly from us for our own account;

any exchange notes you receive in the exchange offer are being acquired by you in the ordinary course of business;

at the time of commencement of the exchange offer, neither you nor, to your knowledge, anyone receiving exchange notes from you, has any arrangement or understanding with any person to participate in the distribution, as defined in the Securities Act, of the original notes or the exchange notes in violation of the Securities Act;

if you are not a participating broker-dealer, you are not engaged in, and do not intend to engage in, the distribution, as defined in the Securities Act, of the original notes or the exchange notes; and

Edgar Filing: CNX GAS CO LLC - Form 424B3

if you are a broker-dealer, you will receive the exchange notes for your own account in exchange for the original notes that you

acquired as a result of your market-making or other trading activities and you will deliver a prospectus in connection with any resale of the exchange notes that you receive. For further information regarding resales of the exchange notes by participating broker-dealers, see the discussion under the caption "Plan of Distribution."

Accrued Interest

The exchange notes will bear interest from the most recent date to which interest has been paid on the original notes. If your original notes are accepted for exchange, you will receive interest on the exchange notes and not on the original notes. Any original notes not tendered will remain outstanding and continue to accrue interest according to their terms.

Conditions to the Exchange Offer

The exchange offer is subject to customary conditions. We may assert or waive these conditions in our sole discretion. See "The Exchange Offer" "Conditions to the Exchange Offer" for more information regarding conditions to the exchange offer.

Procedures for Tendering Original Notes

A tendering holder must, on or prior to the expiration date of the exchange offer, in the case of original notes held in the form of book-entry interests, transmit an agent's message to the exchange agent at the address listed in this prospectus, or in the case of holders of certificated notes, transmit a properly completed and duly executed letter of transmittal together with the certificates representing the original notes to the exchange agent. See "The Exchange Offer" "Procedures for Tendering."

Special Procedures for Beneficial Holders

If you are a beneficial holder of original notes that are registered in the name of your broker, dealer, commercial bank, trust company or other nominee, and you wish to tender in the exchange offer, you should promptly contact the person in whose name your original notes are registered and instruct that person to tender on your behalf. See "The Exchange Offer" "Procedures for Tendering."

Guaranteed Delivery Procedures

You must comply with the applicable guaranteed delivery procedures for tendering if you wish to tender your original notes and:

your original notes are not immediately available;

time will not permit your required documents to reach the exchange agent prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer; or

you cannot complete the procedures for delivery by book-entry transfer prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer.

Withdrawal Rights

Tenders may be withdrawn at any time before 5:00 p.m., New York City time, on the expiration date of the exchange offer.

See Use of Proceeds.</p>
Resales	<p>Based on interpretations by the staff of the Securities and Exchange Commission, or the SEC, as detailed in a series of no-action letters issued to third parties that are not related to us, we believe that the exchange notes issued in the exchange offer may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery requirements of the Securities Act as long as:</p> <p>you are acquiring the exchange notes in the ordinary course of your business;</p> <p>you are not participating, do not intend to participate and have no arrangement or understanding with any person to participate in a distribution of the exchange notes; and</p>

Table of Contents

you are neither an affiliate (as defined in Rule 405 under the Securities Act) of CONSOL Energy nor a broker-dealer tendering notes acquired directly from us for your own account.

If you are an affiliate of CONSOL Energy, are engaged in or intend to engage in or have any arrangement or understanding with any person to participate in the distribution of the exchange notes:

you cannot rely on the applicable interpretations of the staff of the SEC;

you will not be able to tender your original notes in the exchange offer; and

you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements.

Each broker or dealer that receives exchange notes for its own account in exchange for original notes that were acquired as a result of market-making or other trading activities must acknowledge that it will comply with the registration and prospectus delivery requirements of the Securities Act in connection with any offer to resell, resale, or other transfer of the exchange notes issued in the exchange offer, including the delivery of a prospectus that contains information with respect to any selling holder required by the Securities Act in connection with any resale of the exchange notes.

Furthermore, any broker-dealer that acquired any of its original notes directly from CONSOL Energy:

may not rely on the applicable interpretation of the staff of the SEC's position contained in Exxon Capital Holdings Corp., SEC no-action letter (April 13, 1988), Morgan, Stanley & Co. Inc., SEC no-action letter (June 5, 1991), and Shearman & Sterling, SEC no-action letter (July 2, 1993); and

must also be named as a selling holder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

As a condition to participation in the exchange offer, each holder will be required to represent that it is not an affiliate of CONSOL Energy or a broker-dealer that acquired the original notes directly from CONSOL Energy.

The SEC has not considered the exchange offer in the context of a no-action letter, and we cannot assure you that the SEC would make similar determinations with respect to the exchange offer. If any of these conditions are not satisfied, or if our belief is not accurate, and you transfer any exchange notes issued to you in the exchange offer without an

exemption from registration of your exchange notes from those requirements, or you are a broker-dealer and fail to comply with

We will have no further obligation, except under limited circumstances, to provide for registration under the Securities Act of the original notes. make investments;

create liens or use assets as security in other transactions;

enter into sale and leaseback transactions;

an active or liquid trading market for the exchange notes will develop. If an active or liquid trading market for the exchange notes does not develop, the market price and liquidity of the exchange notes may be adversely affected.

Risk factors

You should consider carefully the information set forth in the section of this prospectus entitled **Risk Factors** and all the other information included in or incorporated by reference into this prospectus in deciding whether to participate in the exchange offer.

Table of Contents

RISK FACTORS

You should carefully consider the following risk factors in addition to the other information included in this prospectus before tendering your original notes in the exchange offer. In addition, you should carefully consider the matters discussed under Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, and in other documents that are subsequently filed with the SEC, which are incorporated by reference into this prospectus. If any of the risks discussed below or in the documents incorporated by reference actually occur, our business, financial condition, prospects, results of operations or cash flow could be materially and adversely affected. Additional risks or uncertainties not currently known to us, or that we currently deem immaterial, may also impair our business operations. We cannot assure you that any of the events discussed in the risk factors below or in the documents incorporated by reference will not occur and if such events do occur, you may lose all or part of your original investment in the notes. The risks discussed below also include forward-looking statements and our actual results may differ substantially from those discussed in these forward-looking statements. See Forward Looking Statements.

Risks Related to the Exchange Offer

You may have difficulty selling the original notes that you do not exchange.

If you do not exchange your original notes for exchange notes pursuant to the exchange offer, the original notes you hold will continue to be subject to the existing transfer restrictions. The original notes may not be offered, sold or otherwise transferred, except in compliance with the registration requirements of the Securities Act, pursuant to an exemption from registration under the Securities Act or in a transaction not subject to the registration requirements of the Securities Act, and in compliance with applicable state securities laws. We do not anticipate that we will register the original notes under the Securities Act. After the exchange offer is consummated, the trading market for the remaining untendered original notes may be small and inactive. Consequently, you may find it difficult to sell any original notes you continue to hold because there will be fewer original notes of such series outstanding.

If you do not exchange your original notes in the exchange offer, you will no longer be entitled to an increase in interest payments on original notes that the indenture provides for if we fail to complete the exchange offer.

Once the exchange offer has been completed, holders of outstanding original notes will not be entitled to any increase in the interest rate on their original notes that the indenture governing the notes provides for if we fail to complete the exchange offer. Holders of original notes will not have any further rights to have their original notes registered, except in limited circumstances, once the exchange offer is completed.

Some holders of the exchange notes may be required to comply with the registration and prospectus delivery requirements of the Securities Act.

If you exchange your original notes in the exchange offer for the purpose of participating in a distribution of the exchange notes, you may be deemed to have received restricted securities and, if so, you will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

In addition, a broker-dealer that purchased original notes for its own account as part of market-making or trading activities must deliver a prospectus when it sells the exchange notes it received in the exchange offer. Our obligation to make this prospectus available to broker-dealers is limited. We cannot assure you that a proper prospectus will be available to broker-dealers wishing to resell their exchange notes.

Table of Contents

Failure to comply with the exchange offer procedures could prevent a holder from exchanging its original notes.

Holders of the original notes are responsible for complying with all exchange offer procedures. The issuance of exchange notes in exchange for original notes will only occur upon completion of the procedures described in this prospectus under The Exchange Offer. Therefore, holders of original notes who wish to exchange them for exchange notes should allow sufficient time for timely completion of the exchange procedure. Neither we nor the exchange agent are obligated to extend the offer or notify you of any failure to follow the proper procedure.

Risks Related to the Exchange Notes

Your right to receive payments on the notes is effectively junior to those creditors who have a security interest in our assets.

Our obligations under the notes and our guarantors' obligations under their guarantees of the notes are unsecured. Our revolving credit facility and CNX Gas's revolving credit facility are secured by a security interest in substantially all of our and the guarantors' domestic tangible and intangible assets. If we are declared bankrupt or insolvent, or if we default under our revolving credit facility or CNX Gas defaults under its revolving credit facility, the lenders could declare all of the funds borrowed thereunder, together with accrued interest, immediately due and payable. If we were unable to repay such indebtedness, such secured creditors could foreclose on the pledged assets to the exclusion of holders of the notes, even if an event of default exists under the indenture under which the notes will be issued at such time. Furthermore, if such secured creditors foreclose and sell the pledged equity interests in any subsidiary guarantor under the notes, then that guarantor will be released from its guarantee of the notes automatically and immediately upon such sale. In any such event, because the notes will not be secured by any of our assets or the equity interests in subsidiary guarantors, it is possible that there would be no assets remaining from which your claims could be satisfied or, if any assets remained, they might be insufficient to satisfy your claims fully. See Description of Other Indebtedness.

As of September 30, 2011, we and the guarantors would have had \$0 of senior secured indebtedness, not including \$335.4 million of outstanding letters of credit. In addition, we would have had \$2,500 million available to be borrowed under our and CNX Gas' revolving credit facilities and an additional \$200 million available under our accounts receivable securitization facility. In addition, the indenture will permit the incurrence of substantial additional indebtedness by us and our restricted subsidiaries in the future, including secured indebtedness.

The notes will be structurally junior to indebtedness of our non-guarantor subsidiaries.

You will not have any claim as a creditor against any of our non-guarantor subsidiaries, and indebtedness and other liabilities, including trade payables, of those subsidiaries will effectively be senior to your claims against those subsidiaries. In addition, the indenture under which the notes will be issued will, subject to certain limitations, permit these subsidiaries to incur additional indebtedness and will not contain any limitation on the amount of other liabilities, such as trade payables, that may be incurred by these subsidiaries.

In addition, for the year ended December 31, 2010 (not giving effect to this offering), our non-guarantor subsidiaries generated 4.3% of our total revenues and other income and 2.5% of our EBITDA.

Certain of our subsidiaries are not subject to the restrictive covenants in the indenture governing the notes.

Certain of our subsidiaries are not subject to the restrictive covenants in the indenture governing the notes. This means that these entities will be able to engage in many of the activities that we and our restricted subsidiaries are prohibited or limited from doing under the terms of the indenture governing the notes, such as incurring additional debt, securing assets in priority to the claims of the holders of the notes, paying dividends,

making investments, selling assets and entering into mergers or other business combinations. These actions could be detrimental to our ability to make payments of principal and interest when due and to comply with our other obligations under the notes, and could reduce the amount of our assets that would be available to satisfy your claims should we default on the notes.

A court could void our subsidiaries' guarantees of the notes under fraudulent transfer laws.

Although the guarantees provide you with a direct claim against the assets of the subsidiary guarantors, under the federal bankruptcy laws and comparable provisions of state fraudulent transfer laws, a guarantee could be voided, or claims with respect to a guarantee could be subordinated to all other debts of that guarantor. In addition, a bankruptcy court could void (i.e., cancel) any payments by that guarantor pursuant to its guarantee and require those payments to be returned to the guarantor or to a fund for the benefit of the other creditors of the guarantor.

The bankruptcy court might take these actions if it found, among other things, that when a subsidiary guarantor executed its guarantee (or, in some jurisdictions, when it became obligated to make payments under its guarantee):

such subsidiary guarantor received less than reasonably equivalent value or fair consideration for the incurrence of its guarantee; and

such subsidiary guarantor:

was (or was rendered) insolvent by the incurrence of the guarantee;

was engaged or about to engage in a business or transaction for which its assets constituted unreasonably small capital to carry on its business;

intended to incur, or believed that it would incur, obligations beyond its ability to pay as those obligations matured; or

was a defendant in an action for money damages, or had a judgment for money damages docketed against it and, in either case, after final judgment, the judgment was unsatisfied.

A bankruptcy court would likely find that a subsidiary guarantor received less than fair consideration or reasonably equivalent value for its guarantee to the extent that it did not receive direct or indirect benefit from the issuance of the notes. A bankruptcy court could also void a guarantee if it found that the subsidiary issued its guarantee with actual intent to hinder, delay, or defraud creditors. Although courts in different jurisdictions measure solvency differently, in general, an entity would be deemed insolvent if the sum of its debts, including contingent and unliquidated debts, exceeds the fair value of its assets, or if the present fair saleable value of its assets is less than the amount that would be required to pay the expected liability on its debts, including contingent and unliquidated debts, as they become due.

We cannot predict what standard a court would apply in order to determine whether a subsidiary guarantor was insolvent as of the date it issued the guarantee or whether, regardless of the method of valuation, a court would determine that the subsidiary guarantor was insolvent on that date, or whether a court would determine that the payments under the guarantee constituted fraudulent transfers or conveyances on other grounds.

If a guarantee is deemed to be a fraudulent transfer, it could be voided altogether, or it could be subordinated to all other debts of the subsidiary guarantor. In such case, any payment by the subsidiary guarantor pursuant to its guarantee could be required to be returned to the subsidiary guarantor or to a fund for the benefit of the creditors of the subsidiary guarantor. If a guarantee is voided or held unenforceable for any other reason, holders of the notes would cease to have a claim against the subsidiary guarantor based on the guarantee and would be creditors only of the Company and any subsidiary guarantor whose guarantee was not similarly voided or otherwise held unenforceable.

We may be unable to purchase the notes upon a change of control.

Upon the occurrence of a change of control, as defined in the Indenture governing the notes, we will be required to offer to purchase the notes in cash at a price equal to 101% of the principal amount of the notes, plus accrued interest and additional interest, if any. A change of control will constitute an event of default under our revolving credit facility that permits the lenders to accelerate the maturity of the borrowings thereunder and may trigger similar rights under our other indebtedness then outstanding. Our revolving credit facility will prohibit us from repurchasing any notes. The failure to repurchase the notes would result in an event of default under the notes. In the event of a change of control, we may not have sufficient funds to purchase all of the notes and to repay the amounts outstanding under our revolving credit facility or other indebtedness.

An active trading market may not develop for the notes.

The notes are new issues of securities. There is no active public trading market for the notes. We do not intend to apply for listing of the notes on a security exchange. The liquidity of the trading market in the notes and the market prices quoted for the notes may be adversely affected by changes in the overall market for this type of securities and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. As a consequence, an active trading market may not develop for the notes, you may not be able to sell the notes, or, even if you can sell the notes, you may not be able to sell them at an acceptable price.

Table of Contents**USE OF PROCEEDS**

This exchange offer is intended to satisfy our obligations under the registration rights agreement. We will not receive any cash proceeds from the issuance of the exchange notes. In consideration for issuing the exchange notes contemplated in this prospectus, we will receive the original notes in like principal amount, the form and terms of which are the same as the form and terms of the exchange notes, except as otherwise described in this prospectus. The original notes surrendered in exchange for exchange notes will be retired and canceled upon consummation of the exchange offer and cannot be reissued. Accordingly, no additional debt will result from the exchange. We have agreed to pay all expenses incidental to the exchange offer other than commissions and concessions of any broker or dealer and certain transfer taxes and will indemnify holders of the notes, including any broker-dealers, against certain liabilities, including liabilities under the Securities Act.

We received approximately \$245 million of net proceeds from the sale of the original notes. We used the net proceeds from the notes offering to repay our outstanding 7.875% senior secured notes due March 1, 2012. Pending such use, the proceeds were used to reduce outstanding indebtedness under our short-term credit facilities and our accounts receivable securitization facility and for general corporate purposes.

DESCRIPTION OF CERTAIN INDEBTEDNESS

The following are summaries of certain indebtedness of CONSOL Energy, and certain of its subsidiaries, and do not purport to be complete and are subject to, and qualified in their entirety by reference to, the provisions of those agreements, each of which has been previously filed with the SEC and are incorporated by reference in this prospectus.

Revolving Credit Facility

We and certain of our subsidiaries as guarantor loan parties (other than CNX Gas and its subsidiaries) entered into a new Amended and Restated Credit Agreement dated as of April 12, 2011, which we refer to as the "Credit Agreement", for a \$1.5 billion senior secured revolving credit facility with certain lenders, PNC Bank, National Association as administrative agent, Bank of America, N.A. as syndication agent, The Bank of Nova Scotia, The Royal Bank of Scotland PLC and Sovereign Bank as co-documentation agents and PNC Capital Markets LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated as joint lead arrangers. CNX Gas and its subsidiaries separately guaranteed the obligations under the Credit Agreement pursuant to an Amended and Restated CNX Gas Continuing Agreement of Guaranty and Suretyship dated as of April 12, 2011, which we refer to as the "CNX Gas Guaranty Agreement". The new senior secured revolving credit facility replaced the Company's existing \$1.5 billion senior secured revolving credit facility which had been entered into as of May 7, 2010, which we refer to as the "Old Facility".

The Credit Agreement provides for a secured revolving credit facility, which we refer to as the "Credit Facility", in an aggregate outstanding principal amount of up to \$1.5 billion, including borrowings and letters of credit. In addition to refinancing all outstanding amounts under the Old Facility, borrowings under the Credit Facility may be used by CONSOL Energy for general corporate purposes.

Interest on outstanding indebtedness under the Credit Facility currently accrues, at our option, at a rate based on either:

the greater of (i) the federal funds open rate plus 0.5%, (ii) PNC Bank, National Association's prime rate,

and (iii) the daily LIBOR rate plus 1.0%,

in each case, plus a margin ranging from 0.75% to 1.75%

or

the LIBOR rate plus a margin ranging from 1.75% to 2.75%.

The applicable margin added to the underlying interest rate fluctuates based on the leverage ratio.

The Credit Facility matures on April 12, 2016, and requires compliance with conditions precedent that must be satisfied prior to any borrowing as well as ongoing compliance with certain affirmative and negative covenants to which CONSOL Energy and most of its wholly-owned subsidiaries must adhere.

The affirmative covenants include, among others: (i) preservation of existence; (ii) payment of obligations, including taxes; (iii) maintenance of properties, insurance, leases, books and records, coal supply agreements and material contracts; (iv) compliance with laws; (v) use of proceeds; (vi) subordination of intercompany loans; (vii) anti-terrorism laws; and (viii) collateral.

The negative covenants of the Credit Facility include restrictions on the ability of CONSOL Energy and its subsidiary guarantors (excluding CNX Gas and its subsidiaries) except in certain circumstances: (i) to create, incur, assume or suffer to exist indebtedness; (ii) to create or permit to exist liens on properties; (iii) to guaranty the debt of another party; (iv) to make loans or investments in excess of certain amounts except for permitted investments; (v) to make or pay dividends or distributions on CONSOL Energy common stock in excess of an annual rate of \$0.40 per share unless certain conditions are met; (vi) to merge, liquidate, and dissolve and to make

acquisitions; (vii) to dispose of assets in excess of certain amounts subject to certain ordinary course and other exceptions; (viii) to deal with any affiliate except on fair and reasonably arm's length terms; (ix) to create certain subsidiaries and joint ventures; (x) to engage in other businesses; (xi) to change fiscal year; (xii) other than CONSOL Energy, to issue additional equity to any person other than to CONSOL Energy or the other loan parties; (xiii) to amend certificates of incorporation, bylaws, or other organizational documents; (xiv) to make prepayments on or amendments to our senior notes; (xv) to permit restrictions on upstream dividends and payments to loan parties; or (xvi) to enter into agreements inconsistent with the Credit Agreement and loan documents. In addition, we are obligated to maintain at the end of each fiscal quarter (x) a leverage ratio not greater than 4.75 to 1.0 through March 31, 2013 and from June 30, 2013 and thereafter 4.50 to 1.0, subject to adjustment for certain dispositions; (y) an interest coverage ratio equal to or greater than 2.5 to 1.0; and (z) a senior secured leverage ratio not greater than 2.0 to 1.0; all as calculated in accordance with the terms and definitions determining such ratios contained in Credit Agreement. The Credit Agreement also contains various reporting requirements.

The Credit Facility also contains customary events of default, including, but not limited to, a cross-default to certain other debt, breaches of representations and warranties, change of control events and breaches of covenants.

The obligations under the Credit Agreement are secured by substantially all of the assets of CONSOL Energy and its subsidiaries (excluding CNX Gas and its subsidiaries and certain other subsidiaries) pursuant to the existing Amended and Restated Collateral Trust Agreement, as amended by a CONSOL Successor Agent Agreement, an Amended and Restated Pledge Agreement, an Amended and Restated Security Agreement, an Amended and Restated Patent, Trademark and Copyright Security Agreement, as well as various mortgages.

CNX Gas Credit Facility

CNX Gas and its wholly-owned subsidiaries entered into an Amended and Restated Credit Agreement dated as of April 12, 2011, which we refer to as the "CNX Gas Credit Agreement" for a \$1.0 billion senior secured revolving credit facility with certain lenders, PNC Bank, National Association as administrative agent, Bank of America, N.A. as syndication agent, The Bank of Nova Scotia, The Royal Bank of Scotland PLC and Wells Fargo Bank, N.A. as co-documentation agents and PNC Capital Markets LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated as joint lead arrangers. CONSOL Energy and its subsidiaries that are loan parties under the Credit Agreement separately guaranteed the obligations under the CNX Gas Credit Agreement pursuant to a CONSOL Amended and Restated Continuing Agreement of Guaranty and Suretyship dated as of April 12, 2011. The new CNX Gas senior secured revolving credit facility replaced CNX Gas' existing \$700 million revolving credit facility which had been entered into as of May 7, 2010, which we refer to as the "CNX Gas Old Facility".

The CNX Gas Credit Agreement provides for a secured revolving credit facility, which we refer to as the "CNX Gas Credit Facility", in an aggregate outstanding principal amount of up to \$1.0 billion, including borrowings and letters of credit. In addition to refinancing all outstanding amounts under the CNX Gas Old Facility, borrowings under the CNX Gas Credit Facility may be used by CNX Gas for general corporate purposes.

The availability under the CNX Gas Credit Facility, including availability for letters of credit, is generally limited to a borrowing base, which is determined by the required number of lenders in good faith by calculating a loan value of CNX Gas' proved reserves and reducing that number by an equity cushion determined by the lenders required to approve the borrowing base.

Table of Contents

Interest on outstanding indebtedness under the CNX Gas Credit Facility currently accrues, at CNX Gas option, at a rate based on either:

the greater of (i) the federal funds open rate plus 0.5%, (ii) PNC Bank, National Association's prime rate,

and (iii) the daily LIBOR rate plus 1.0%,

in each case, plus a margin ranging from 0.5% to 1.5%

or

the LIBOR rate plus a margin ranging from 1.5% to 2.5%.

The applicable margin added to the underlying interest rate fluctuates based on the facility utilization percentage.

The CNX Gas Credit Facility matures on April 12, 2016, and requires compliance with conditions precedent that must be satisfied prior to any borrowing as well as ongoing compliance with certain affirmative and negative covenants to which CNX Gas and its wholly-owned subsidiaries must adhere.

The affirmative covenants include, among others: (i) preservation of existence; (ii) payment of liabilities, including taxes; (iii) maintenance of properties, insurance, intellectual property and books and records; (iv) compliance with laws, leases, pipeline arrangements and other material contractual obligations; (v) use of proceeds; (vi) subordination of intercompany loans; (vii) anti-terrorism laws; and (viii) collateral and access to title information.

The negative covenants of the CNX Gas Credit Facility include restrictions on the ability of CNX Gas and its subsidiary guarantors except in certain circumstances: (i) to create, incur, assume or suffer to exist indebtedness; (ii) to create or permit to exist liens on properties; (iii) to guaranty the debt of another party; (iv) to make loans or investments in excess of certain amounts except for permitted investments; (v) to make or pay any dividends or distributions to third parties in excess of certain amounts subject to certain conditions; (vi) to merge, liquidate, or dissolve; (vii) to dispose of assets in excess of certain amounts subject to certain ordinary course and other exceptions; (viii) to deal with any affiliate except on fair and reasonably arm's length terms; (ix) creation of certain subsidiaries and joint ventures; (x) to engage in other businesses; (xi) to change fiscal year; (xii) other than CNX Gas, to issue additional equity to any person other than CNX Gas or its wholly-owned subsidiaries; (xiii) to amend certificates of incorporation, bylaws, or other organizational documents; (xiv) to enter into any hedging agreement other than those permitted by the CNX Gas Credit Agreement in the ordinary course of CNX Gas business; (xv) to sell, transfer or convey or voluntarily pool or unitize its proved reserves; (xvi) to permit restrictions on upstream dividends and payments to loan parties; or (xvii) to enter into agreements inconsistent with the CNX Gas Credit Agreement and loan documents. In addition, CNX Gas is obligated to maintain as of the end of each fiscal quarter a leverage ratio of not greater than 3.5 to 1.0 and an interest coverage ratio equal to or greater than 3.0 to 1.0, as calculated in accordance with the terms and definitions determining such ratios contained in CNX Gas Credit Agreement. The CNX Gas Credit Agreement also contains various reporting requirements.

The CNX Gas Credit Facility also contains customary events of default, including, but not limited to, a cross-default to certain other debt, breaches of representations and warranties, change of control events and breaches of covenants.

The obligations under the CNX Gas Credit Agreement are secured by substantially all of the assets of CNX Gas and its subsidiaries pursuant to an existing Amended and Restated Collateral Trust Agreement, as amended by a CNX Gas Successor Agent Agreement, a CNX Gas Pledge Agreement and a CNX Gas Security Agreement, as well as various mortgages.

Accounts Receivable Securitization

In 2007, CONSOL Energy and certain of its U.S. subsidiaries amended their existing trade accounts receivable facility with financial institutions for the sale on a continuous basis of eligible trade accounts receivable. The amended facility allows CONSOL Energy to receive, on a revolving basis, up to \$200 million. The amended facility also allows for the issuance of letters of credit against the \$200 million capacity. The amended facility expires in April 2012. In accordance with the facility agreement, CONSOL Energy is able to receive proceeds based upon total eligible accounts receivable at the previous month-end. The cost of funds is based on commercial paper rates plus a charge for administrative services paid to financial institutions. CONSOL Energy formed CNX Funding Corporation, a wholly owned, special purpose, bankruptcy-remote subsidiary for the sole purpose of buying and selling eligible trade receivables generated by certain subsidiaries of CONSOL Energy. Under the receivables facility, CONSOL Energy and certain subsidiaries, irrevocably and without recourse, sell all of their eligible trade accounts receivable to CNX Funding Corporation. CNX Funding Corporation then sells, on a revolving basis, an undivided percentage interest in the pool of eligible trade accounts receivable to financial institutions and their affiliates, while maintaining a subordinated interest in a portion of the trade receivables. CONSOL Energy has agreed to continue servicing the sold receivables for the financial institutions for a fee based upon market rates for similar services.

Senior Notes due 2017 and 2020

On April 1, 2010 the following agreements were entered into: (i) an Indenture dated as of April 1, 2010 among CONSOL Energy, the Company's subsidiaries named therein and The Bank of Nova Scotia Trust Company of New York, as trustee, regarding the issuance of 8.00% Senior Notes due 2017 (the 2017 Indenture); (ii) an Indenture dated as of April 1, 2010 among the Company, the Company's subsidiaries named therein and The Bank of Nova Scotia Trust Company of New York, as trustee, regarding the issuance of 8.25% Senior Notes due 2020 (the 2020 Indenture and together with the 2017 Indenture, the Indentures), and (iii) a Registration Rights Agreement (the Registration Rights Agreement) dated as of April 1, 2010 among CONSOL Energy Inc., the Company's subsidiaries named therein and Merrill Lynch, Pierce, Fenner & Smith Incorporated (formerly known as Bank of America Securities LLC), as representative of the several initial purchasers. The notes initially issued under these indentures were not registered under the Securities Act.

The \$1.5 billion of 8.00% Senior Notes due 2017 issued under the 2017 Indenture (including the notes offered in exchange therefore are referred to as the 2017 Notes). The \$1.25 billion of 8.25% senior notes due 2020 issued under the 2020 Indenture (including the notes offered in exchange therefore) are referred to as the 2020 Notes and, collectively with the 2017 Notes, the Notes. The 2017 Notes will mature on April 1, 2017 and bear interest at the rate of 8.00% per annum. The 2020 Notes will mature on April 1, 2020 and bear interest at the rate of 8.25% per annum. Interest on the Notes is payable on April 1 and October 1 of each year.

If the Company experiences specified kinds of changes of control, the Company must offer to repurchase the Notes at 101% of the aggregate principal amount of the Notes repurchased, plus accrued and unpaid interest and additional interest, if any, to the date of repurchase.

The Notes are general unsecured obligations of the Company. The Notes rank equal in right of payment with all of the Company's existing and future senior unsecured indebtedness.

The Notes are jointly and severally guaranteed by substantially all of the Company's wholly owned domestic restricted subsidiaries as well as by CNX Gas Corporation and its wholly-owned subsidiaries.

At any time prior to April 1, 2013, the Company may on any one or more occasions redeem with the net cash proceeds of certain common stock offerings by the Company (i) up to 35% of the aggregate principal amount of 2017 Notes at a redemption price of 108.00% and/or (ii) up to 35% of the aggregate principal amount of the 2020 Notes at a redemption price of 108.25% of the principal amount, plus in each case accrued and unpaid interest and additional interest, if any, to the redemption date.

Table of Contents

The Indentures restrict the Company's ability and the ability of certain of its subsidiaries which are restricted subsidiaries to: (i) incur or guarantee additional indebtedness; (ii) declare or pay dividends or make other distributions on capital stock or redeem or repurchase capital stock or subordinated indebtedness; (iii) make certain investments; (iv) create or incur liens or use assets as security in other transactions; (v) enter into sale and leaseback transactions; (vi) merge or consolidate with other entities; (vii) enter into transactions with affiliates; (viii) sell or transfer certain assets; and (ix) incur dividend or other payment restrictions affecting restricted subsidiaries. These covenants are subject to a number of important exceptions and qualifications.

The Indentures provide that each of the following is an Event of Default: (i) default for 30 days in the payment when due of interest on, or additional interest with respect to, the Notes; (ii) default in payment when due of the principal of, or premium, if any, on any Note; (iii) failure to comply with the obligations regarding mergers and consolidations; (iv) failure to comply for 30 days after notice with the obligations regarding change in control (other than a failure to purchase the respective Notes), incurrence or guarantee of additional indebtedness, restricted payments, restrictions on distributions from restricted subsidiaries, sale or transfer of assets (other than a failure to purchase the respective Notes), transactions with affiliates, creating or incurring liens, sale and leaseback transactions and joining future domestic subsidiaries; (v) failure to comply for 60 days after notice with any of the other agreements in the Indenture; (vi) indebtedness of the Company or any restricted subsidiary is not paid within any applicable grace period after final maturity or the maturity of such indebtedness is accelerated by the holders thereof because of a default (and such acceleration is not rescinded or annulled) and the total amount of all such indebtedness unpaid or accelerated exceeds \$75.0 million; (vii) failure by the Company or any of its significant subsidiaries to pay final judgments aggregating in excess of \$75.0 million, which judgments are not paid, discharged or stayed for a period of 60 days; (viii) any subsidiary guarantee of a significant subsidiary ceases to be in full force and effect (other than in accordance with the terms of that guarantee and the Indentures) or is declared null and void and unenforceable or found to be invalid or any subsidiary guarantor denies its liability under its subsidiary guarantee (other than by reason of release from its subsidiary guarantee); and (ix) certain events of bankruptcy or insolvency described in the Indentures with respect to the Company or any of its significant subsidiaries. In the case of an Event of Default arising from certain events of bankruptcy or insolvency with respect to the Company, all outstanding Notes will become due and payable immediately without further action or notice. If any other Event of Default occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the then outstanding Notes may declare all the Notes to be due and payable immediately.

THE EXCHANGE OFFER

Purpose of the Exchange Offer

On March 9, 2011, we issued an aggregate principal amount of \$250,000,000 of original notes under the indenture in an offering under Rule 144A and Regulation S of the Securities Act that was not registered under the Securities Act. In connection with the issuance and sale of the original notes, we entered into a registration rights agreement with the initial purchasers of the original notes. Under the registration rights agreement, we agreed to file a registration statement regarding the exchange of the original notes for exchange notes which are registered under the Securities Act. We also agreed to use our reasonable best efforts to cause the registration statement to become effective with the SEC and to conduct this exchange offer after the registration statement is declared effective. The form and terms of the exchange notes are substantially identical to the original notes except that the issuance of the exchange notes has been registered under the Securities Act and the transfer restrictions, registration rights and certain additional interest provisions relating to the original notes do not apply to the exchange notes. Under the registration rights agreement, we may be required to make additional payments in the form of additional interest to the holders of the original notes under circumstances relating to the timing of the exchange offer. The registration rights agreement provides that we will be required to pay additional interest to the holders of the original notes if the exchange offer is not consummated as of the 366th day after March 9, 2011 or a shelf registration statement is required to be filed under the registration rights agreement but has not been declared effective on or prior to date required by the registration rights agreement.

The registration rights agreement is filed as an exhibit to the registration statement of which this prospectus forms a part. This summary of certain provisions of the registration rights agreement does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the registration rights agreement, a copy of which may be obtained as described under **Where You Can Find More Information**.

Terms of the Exchange Offer

Upon the terms and conditions described in this prospectus, we will accept for exchange original notes that are properly tendered on or before the expiration date and not withdrawn as permitted below. As used in this prospectus, the term **expiration date** means 5:00 p.m., New York City time, on March 2, 2012. However, if we, in our sole discretion, have extended the period of time for which the exchange offer is open, the term **expiration date** means the latest time and date to which we extended the exchange offer.

As of the date of this prospectus, \$250,000,000 aggregate principal amount of the original notes is outstanding. The original notes were offered under the indenture dated as of March 9, 2011. This prospectus is first being sent on or about February 1, 2012 to all holders of original notes known to us. Our obligation to accept original notes for exchange in the exchange offer is subject to the conditions described under **Conditions to the Exchange Offer**. We reserve the right to extend the period of time during which the exchange offer is open. We would then delay acceptance for exchange of any original notes by giving oral or written notice of an extension and delay to the holders of original notes as described below. During any extension period, all original notes previously tendered will remain subject to the exchange offer and may be accepted for exchange by us. Any original notes not accepted for exchange will be returned to the tendering holder after the expiration or termination of the exchange offer. Holders of original notes do not have dissenters' rights of appraisal in connection with the exchange offer.

You may only exchange outstanding notes in denominations of \$2,000 and higher integral multiples of \$1,000.

We expressly reserve the right to amend or terminate the exchange offer, and not to accept for exchange any original notes not previously accepted for exchange, upon the occurrence of any of the conditions of the exchange offer specified under **Conditions to the Exchange Offer**. In the event of a material change in the

Table of Contents

terms of the offer, we will extend the expiration date, if necessary, so that at least five business days remain in the offer period following notice of the material change. We will give to the exchange agent oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the original notes as promptly as practicable. We will notify you of any extension by means of a press release or other public announcement no later than 9:00 a.m., New York City time, on the business day following the previously scheduled expiration date.

Our acceptance of the tender of original notes by a tendering holder will form a binding agreement upon the terms and subject to the conditions provided in this prospectus. The exchange offer is not being made to holders of original notes in any jurisdiction where the exchange would not comply with the securities or blue sky laws of such jurisdiction.

Procedures for Tendering

The tender to us of original notes by you, as set forth below, and our acceptance of the original notes will constitute a binding agreement between us and you, upon the terms and subject to the conditions set forth in this prospectus.

A tendering holder who holds notes in the form of book-entry interests must, on or prior to the expiration date, transmit an agent's message to the exchange agent at the address listed below under Exchange Agent. In addition, the exchange agent must receive timely confirmation of book-entry transfer of the original notes into the exchange agent's account at the Depository Trust Company, or DTC, the book-entry transfer facility, along with the agent's message. The term agent's message means a message transmitted to DTC and received by the exchange agent and forming a part of a book-entry transfer.

Only registered holders of certificated original notes may tender certificated notes in the exchange offer. A tendering holder of certificated notes must, on or prior to the expiration date, transmit a written or facsimile copy of a properly completed and duly executed letter of transmittal, including all other required documents, to the address listed below under Exchange Agent. In addition, the exchange agent must receive the certificates representing the original notes prior to the expiration date.

If you are a beneficial owner whose original notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee, and wish to tender, you should promptly instruct the registered holder to tender on your behalf. Any registered holder that is a participant in DTC's book-entry transfer facility system may make book-entry delivery of the original notes by causing DTC to transfer the original notes into the exchange agent's account.

We will determine in our sole discretion all questions as to the validity, form and eligibility of original notes tendered for exchange. This discretion extends to the determination of all questions concerning the timing of receipts and acceptance of tenders. These determinations will be final and binding.

We reserve the right to reject any particular original note not properly tendered, or any acceptance that might, in our judgment or our counsel's judgment, be unlawful. We also reserve the right to waive any conditions of the exchange offer as applicable to all original notes prior to the expiration date. We also reserve the right to waive any defects or irregularities or conditions of the exchange offer as to any particular original note prior to the expiration date. Our interpretation of the terms and conditions of the exchange offer as to any particular original note either before or after the expiration date shall be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of original notes must be cured within a reasonable period of time. None of us, the exchange agent or any other person will be under any duty to give notification of any defect or irregularity in any tender of original notes. Nor will we, the exchange agent or any other person incur any liability for failing to give notification of any defect or irregularity.

Table of Contents

By tendering, each holder represents to us that:

the holder is not an affiliate of CONSOL Energy (as defined in Rule 405 under the Securities Act) or a broker-dealer tendering notes acquired directly from us for its own account;

the exchange notes are being acquired in the ordinary course of business of the person receiving the exchange notes, whether or not that person is the holder; and

neither the holder nor the other person has any arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the exchange notes.

In the case of a holder that is not a broker-dealer, that holder, by tendering, will also represent to us that the holder is not engaged in, and does not intend to engage in, a distribution of the exchange notes.

However, each holder who is our affiliate (within the meaning of the Securities Act) who intends to participate in the exchange offer for the purpose of distributing the exchange notes or a broker-dealer (within the meaning of the Securities Act) that acquired original notes in a transaction other than as part of its trading or market-making activities and who has arranged or has an understanding with any person to participate in the distribution of the exchange notes:

will not be able to rely on the applicable interpretation by the staff of the SEC set forth in the applicable no-action letters;

will not be able to tender its original notes in the exchange offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements.

Each broker or dealer that receives exchange notes for its own account in exchange for original notes, where the original notes were acquired by it as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus that meets the requirements of the Securities Act in connection with any resale of the exchange notes. By so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. However, a broker-dealer may be a statutory underwriter. See Plan of Distribution.

Furthermore, any broker-dealer that acquired any of its original notes directly from us:

may not rely on the applicable interpretation of the staff of the SEC's position contained in *Exxon Capital Holdings Corp.*, SEC no-action letter (April 13, 1988), *Morgan, Stanley & Co. Inc.*, SEC no-action letter (June 5, 1991), and *Shearman & Sterling*, SEC no-action letter (July 2, 1993); and

must also be named as a selling holder in connection with the registration and prospectus delivery requirements of the Securities Act relating to any resale transaction.

By delivering an agent's message, a beneficial owner (whose original notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee) or holder will be deemed to have irrevocably appointed the exchange agent as its agent and attorney-in-fact (with full knowledge that the exchange agent is also acting as an agent for us in connection with the exchange offer) with respect to the original notes, with full power of substitution (such power of attorney being deemed to be an irrevocable power coupled with an interest subject only to the right of withdrawal described in this prospectus), to receive for our account all benefits and otherwise exercise all rights of beneficial ownership

Edgar Filing: CNX GAS CO LLC - Form 424B3

of such original notes, in accordance with the terms and conditions of the exchange offer.

Each beneficial owner or holder will also be deemed to have represented and warranted to us that it has authority to tender, exchange, sell, assign and transfer the original notes it tenders and that, when the same are

accepted for exchange, we will acquire good, marketable and unencumbered title to such original notes, free and clear of all liens, restrictions, charges and encumbrances, and that the original notes tendered are not subject to any adverse claims or proxies. Each beneficial owner and holder, by tendering its original notes, also agrees that it will comply with its obligations under the registration rights agreement.

Guaranteed Delivery Procedures

Holders who wish to tender their original notes and

whose original notes are not immediately available;

who cannot deliver their original notes, the letter of transmittal or any other required documents to the exchange agent prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer; or

who cannot complete the procedures for delivery by book-entry transfer prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer,
may effect a tender if:

the tender is made by or through an eligible guarantor institution;

prior to 5:00 p.m., New York City time, on the expiration date of the exchange offer, the exchange agent receives from such eligible guarantor institution a properly completed and duly executed Notice of Guaranteed Delivery, by facsimile transmission, mail or hand delivery, setting forth the name and address of the holder of the original notes, the certificate number or numbers of such original notes and the principal amount of original notes tendered, stating that the tender is being made thereby, and guaranteeing that, within three business days after the expiration date, a letter of transmittal, or facsimile thereof or agent's message in lieu of such letter of transmittal, together with the certificate(s) representing the original notes to be tendered in proper form for transfer and any other documents required by the letter of transmittal will be deposited by the eligible guarantor institution with the exchange agent; and

a properly completed and duly executed letter of transmittal (or facsimile thereof) together with the certificate(s) representing all tendered original notes in proper form for transfer, or an agent's message in the case of delivery by book-entry transfer, and all other documents required by the letter of transmittal are received by the exchange agent within three business days after the expiration date.

Acceptance of Original Notes for Exchange; Delivery of Exchange Notes

Upon satisfaction or waiver of all of the conditions to the exchange offer, we will accept, promptly after the expiration date, all original notes properly tendered, unless we terminate the exchange offer because of the non-satisfaction of conditions. We will issue the exchange notes promptly after acceptance of the original notes. For purposes of the exchange offer, we will be deemed to have accepted properly tendered original notes for exchange when, as and if we have given oral or written notice to the exchange agent, with prompt written confirmation of any oral notice. See "Conditions to the Exchange Offer" below for a discussion of the conditions that must be satisfied before we accept any original notes for exchange.

For each original note accepted for exchange, the holder of the original note will receive an exchange note having a principal amount equal to that of the surrendered original note. The exchange notes will bear interest from the most recent date to which interest has been paid on the original notes. Accordingly, registered holders of exchange notes on the relevant record date for the first interest payment date following the completion of the exchange offer will receive interest accruing from the most recent date to which interest has been paid or, if no interest has been paid on the original notes, from March, 9, 2011. Original notes accepted for exchange will cease to accrue interest from and after the date

of completion of the exchange offer. Holders of original notes whose

Table of Contents

original notes are accepted for exchange will not receive any payment for accrued interest on the original notes otherwise payable on any interest payment date, the record date for which occurs on or after completion of the exchange offer and will be deemed to have waived their rights to receive the accrued interest on the original notes.

In all cases, issuance of exchange notes for original notes will be made only after timely receipt by the exchange agent of an agent's message and a timely confirmation of the book-entry transfer of the original notes into the exchange agent's account at DTC.

Unaccepted or non-exchanged original notes will be returned without expense to the tendering holder of the original notes. The non-exchanged original notes will be credited to an account maintained with DTC promptly after the expiration of the exchange offer.

Book-Entry Transfer

The exchange agent will make a request to establish an account for the original notes at DTC for purposes of the exchange offer within two business days after the date of this prospectus. Any financial institution that is a participant in DTC's systems must make book-entry delivery of original notes by causing DTC to transfer those original notes into the exchange agent's account at DTC in accordance with DTC's procedure for transfer. This participant should transmit its acceptance to DTC on or prior to the expiration date. DTC will verify this acceptance, execute a book-entry transfer of the tendered original notes into the exchange agent's account at DTC and then send to the exchange agent confirmation of this book-entry transfer. The transmission of the original notes and agent's message to DTC and delivery by DTC to and receipt by the exchange agent of the related agent's message will be deemed to be a valid tender.

Exchanging Book-Entry Notes

The exchange agent and the book-entry transfer facility have confirmed that any financial institution that is a participant in the book-entry transfer facility may utilize the book-entry transfer facility's Automated Tender Offer Program, or ATOP, procedures to tender original notes. Any participant in the book-entry transfer facility may make book-entry delivery of original notes by causing the book-entry transfer facility to transfer such original notes into the exchange agent's account in accordance with the book-entry transfer facility's ATOP procedures for transfer. However, the exchange for the original notes so tendered will only be made after a book-entry confirmation of the book-entry transfer of original notes into the exchange agent's account, and timely receipt by the exchange agent of an agent's message and any other documents required by the letter of transmittal. Delivery of documents to DTC in accordance with DTC's procedures does not constitute delivery to the exchange agent. The term "agent's message" means a message, transmitted by the book-entry transfer facility and received by the exchange agent and forming part of a book-entry confirmation, which states that the book-entry transfer facility has received an express acknowledgment from a participant tendering original notes that are the subject of such book-entry confirmation that such participant has received and agrees to be bound by the terms of the exchange offer as described in this prospectus, and that we may enforce such terms against such participant.

Withdrawal Rights

Tenders of original notes may be withdrawn at any time before 5:00 p.m., New York City time, on the expiration date.

For a withdrawal of a tender of original notes to be effective, the exchange agent must receive a valid withdrawal request through ATOP from the tendering DTC participant before the expiration date. Any such request for withdrawal must include the VOI number of the tender to be withdrawn and the name of the ultimate beneficial owner of the related original notes in order that such bonds may be withdrawn.

Table of Contents

We will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal. Any original notes so withdrawn will be deemed not to have been validly tendered for exchange. No exchange notes will be issued unless the original notes so withdrawn are validly re-tendered. Any original notes that have been tendered for exchange, but which are not exchanged for any reason, will be returned to the tendering holder without cost to the holder. The original notes will be credited to an account maintained with DTC for the original notes. The original notes will be credited to the DTC account promptly after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn original notes may be re-tendered by following the procedures described under the heading "Procedures for Tendering" above at any time on or before 5:00 p.m., New York City time, on the expiration date.

Conditions to the Exchange Offer

Notwithstanding any other provision of the exchange offer, we will not be required to accept for exchange, or to issue exchange notes in exchange for, any original notes, and may terminate or amend the exchange offer, if at any time prior to the expiration date any of the following events occurs:

there is threatened, instituted or pending any action or proceeding before, or any injunction, order or decree issued by, any court or governmental agency or other governmental regulatory or administrative agency or commission which, in our judgment, would reasonably be expected to impair our ability to proceed with the exchange offer;

a change in applicable law prohibits the consummation of such exchange offer; or

any change, or any development involving a prospective change, has occurred or been threatened in our business, financial condition, operations or prospects and those of our subsidiaries taken as a whole that is or may be adverse to us, or we have become aware of facts that have or may have an adverse impact on the value of the original notes or the exchange notes, which in our reasonable judgment in any case makes it inadvisable to proceed with the exchange offer and about which change or development it makes a public announcement.

All conditions will be deemed satisfied or waived prior to the expiration date unless we assert them prior to the expiration date. The foregoing conditions to the exchange offer are for our sole benefit, and we may assert them prior to the expiration date regardless of the circumstances giving rise to any of these conditions, or we may waive them prior to the expiration date in whole or in part in our reasonable discretion. Our failure at any time to exercise any of the foregoing rights will not be deemed a waiver of any right.

In addition, we will not accept for exchange any original notes tendered, and no exchange notes will be issued in exchange for any original notes, if at the time the original notes are tendered any stop order is threatened or in effect relating to the registration statement of which this prospectus constitutes a part. We are required to make every reasonable effort to obtain the withdrawal of any order suspending the effectiveness of a registration statement at the earliest possible moment.

Fees and Expenses

The principal solicitation is being made by mail by the exchange agent. Additional solicitation may be made by telephone, facsimile or in person by our officers and regular employees and by persons so engaged by the exchange agent.

We will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses in connection therewith and pay other registration expenses, including fees and expenses of the trustee under the indenture, filing fees, blue sky fees and printing and distribution expenses. We will not make any payment to brokers, dealers or others soliciting acceptances of the exchange offer.

Accounting Treatment

We will not recognize any gain or loss for accounting purposes upon the consummation of the exchange offer. We will amortize the expense of the exchange offer over the term of the exchange notes in accordance with accounting principles generally accepted in the United States of America.

Transfer Taxes

We will pay all transfer taxes, if any in connection with the exchange of original notes for exchange notes in the exchange offer. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the record holder or any other person, if we are instructed to register exchange notes in the name of, or requested to return any original notes not tendered or not accepted in the exchange offer to, a person

other than the registered tendering holder.

Consequences of Exchanging or Failing to Exchange the Original Notes

Holders of original notes who do not exchange their original notes for exchange notes in the exchange offer will continue to be subject to the provisions in the indenture regarding transfer and exchange of the original notes and the restrictions on transfer of the original notes as described in the legend on the original notes as a consequence of the issuance of the original notes under exemptions from, or in transactions not subject to, the

Table of Contents

registration requirements of the Securities Act and applicable state securities laws. In general, the original notes may not be offered or sold, unless registered under the Securities Act, except under an exemption from, or in a transaction not subject to, the Securities Act and applicable state securities laws. Original note holders that do not exchange original notes for exchange notes in the exchange offer will no longer have any registration rights with respect to such notes.

Based on existing interpretations of the Securities Act by the SEC's staff contained in several no-action letters to third parties unrelated to us, and subject to the immediately following sentence, we believe that the exchange notes would generally be freely transferable by holders after the exchange offer without further registration under the Securities Act, subject to certain representations required to be made by each holder of exchange notes, as set forth below. However, any purchaser of exchange notes who is one of our affiliates (as defined in Rule 405 under the Securities Act) or who intends to participate in the exchange offer for the purpose of distributing the exchange notes:

will not be able to rely on the applicable interpretation of the staff of the SEC;

will not be able to tender its original notes in the exchange offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements. See Plan of Distribution.

We do not intend to seek our own interpretation regarding the exchange offer and there can be no assurance that the SEC's staff would make a similar determination with respect to the exchange notes as it has in other interpretations to other parties, although we have no reason to believe otherwise.

DESCRIPTION OF EXCHANGE NOTES

CONSOL Energy issued the original notes and will issue the exchange notes offered hereby (the "Notes") under the Indenture dated as of March 9, 2011 (as supplemented through the date of this prospectus, the "Indenture"), among CONSOL Energy, the Guarantors and The Bank of Nova Scotia Trust Company of New York, as trustee. The Indenture has been filed as an exhibit to the registration statement of which this prospectus is part. The Indenture complies with the Trust Indenture Act of 1939. The terms of the notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act.

On March 9, 2011, CONSOL Energy issued \$250 million aggregate principal amount of original notes under the Indenture. The terms of the exchange notes will be identical in all material respects to the terms of the original notes, except for certain transfer restrictions and registration and other rights relating to the exchange of the original notes for exchange notes. The Bank of Nova Scotia Trust Company of New York, as trustee, will authenticate and deliver exchange notes for original issue in exchange for a like principal amount of original notes.

Description of Notes

Certain terms used in this description are defined under the subheading "Certain definitions." As used in this section, the terms "Company," "we," "us" and "our" refer only to CONSOL Energy Inc., the issuer of the notes, and not to any of its subsidiaries.

The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939 (the "Trust Indenture Act"). The following description is only a summary of the material provisions of the Indenture. We urge you to read the Indenture because it, not this description, defines your rights as Holders of the Notes. You may request copies of the Indenture and the registration rights agreement at our address set forth under the heading "Where You Can Find More Information."

General

The Company issued \$250.0 million of 6.375% Senior Notes due 2021 (the "Notes") under an indenture, dated as of March 9, 2011 (the "Indenture"), among the Company, the Subsidiary Guarantors (as defined below) and The Bank of Nova Scotia Trust Company of New York as Trustee.

Principal of and interest on the Notes will be payable, and the Notes may be exchanged or transferred, at our office or agency in the Borough of Manhattan, The City of New York, except that, at our option, payment of interest may be made by check mailed to the address of the Holders as such address appears in the note register.

The Notes will be issued only in fully registered form, without coupons, in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof. No service charge shall be made for any registration of transfer or exchange of Notes, but we may require payment of a sum sufficient to cover any transfer tax or other similar governmental charge payable in connection therewith.

Subject to the covenants described below under "Certain covenants" and applicable law, the Company may issue additional Notes (the "Additional Notes") under the Indenture in unlimited principal amounts. The Notes and any Additional Notes subsequently issued under the Indenture would be treated as a single class for all purposes under the Indenture, in each case including, without limitation, waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the Indenture and this "Description of the Notes," references to the Notes include any Additional Notes actually issued.

Terms of the Notes

The \$250.0 million aggregate principal amount of Notes offered hereby will be unsecured senior obligations of the Company. The Notes will mature on March 1, 2021 and bear interest at the rate per annum shown on the

Table of Contents

cover page hereof from the date of original issuance, or from the most recent date to which interest has been paid or provided for, payable semiannually to Holders of record at the close of business (whether or not a Business Day) on the February 15 or August 15 immediately preceding the interest payment date on March 1 and September 1 of each year, beginning September 1, 2011. Interest on overdue principal and (to the extent permitted by law) on overdue installments of interest will accrue at 1% per annum in excess of such rate. Interest on the Notes will be computed on the basis of a 360-day year of twelve 30-day months.

Optional redemption

Except as set forth in the following two paragraphs, the Notes will not be redeemable at the option of the Company prior to March 1, 2016. Thereafter, the Notes will be redeemable, at our option, in whole or in part, at any time or from time to time, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to each Holder's registered address, at the following redemption prices (expressed in percentages of principal amount on the redemption date), plus accrued and unpaid interest (including additional interest, if any) to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on March 1 of the years set forth below:

Period	Redemption price
2016	103.188%
2017	102.125%
2018	101.062%
2019 and thereafter	100.000%

Prior to March 1, 2014, we may at our option on one or more occasions redeem the Notes (which includes Additional Notes, if any) in an aggregate principal amount not to exceed 35% of the aggregate principal amount of the Notes (which includes Additional Notes, if any) originally issued at a redemption price (expressed as a percentage of principal amount) of 106.375%, plus accrued and unpaid interest (including additional interest, if any) to the redemption date, with the net cash proceeds from one or more Stock Offerings; provided that at least 65% of such aggregate principal amount of Notes (which includes Additional Notes, if any) remains outstanding immediately after the occurrence of each such redemption (excluding Notes held, directly or indirectly, by the Company or its Affiliates) and each such redemption occurs within 60 days after the date of consummation of the related Stock Offering.

In addition, at any time prior to March 1, 2016, upon not less than 30 nor more than 60 days prior notice mailed by first-class mail to each Holder's registered address, the Company may redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount thereof plus the Applicable Premium, plus accrued and unpaid interest (including additional interest, if any), if any, to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date).

Selection

In the case of any partial redemption, selection of the Notes for redemption will be made by the Trustee on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion shall deem to be fair and appropriate, although no Note of \$2,000 in original principal amount or less shall be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption relating to such Note shall state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original Note.

Notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on Notes or portions of them called for redemption.

Table of Contents

Mandatory redemption; offers to purchase; open market purchases

We are not required to make any mandatory redemption or sinking fund payments with respect to the Notes. However, under certain circumstances, we may be required to offer to purchase Notes as described under the captions **Change of control** and **Certain covenants** **Limitation on sales of assets and subsidiary stock**. We may at any time and from time to time purchase Notes in the open market or otherwise.

Guarantees

The Subsidiary Guarantors, jointly and severally, as primary obligors and not merely as sureties, will irrevocably, fully and unconditionally guarantee (each, a **Subsidiary Guarantee**) on a senior basis the performance and the punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, all of the obligations of the Company under the Indenture and the Notes (all such obligations guaranteed by the Subsidiary Guarantors being herein called the **Guaranteed Obligations**). The Company derives a substantial portion of its operating income and cash flow from its subsidiaries, including the Subsidiary Guarantors.

Each Subsidiary Guarantee will be limited in amount to an amount not to exceed the maximum amount that can be guaranteed by the applicable Subsidiary Guarantor without rendering the Subsidiary Guarantee, as it relates to such Subsidiary Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally. If a Subsidiary Guarantee were to be rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and depending on the amount of such indebtedness, a Subsidiary Guarantor's liability on its Subsidiary Guarantee could be reduced to zero. See **Risk Factors** **Risks Related to the Notes** A court could void our subsidiaries' guarantees of the notes under fraudulent transfer laws.

Pursuant to the Indenture, a Subsidiary Guarantor may consolidate with, merge with or into, or transfer all or substantially all its assets to any other Person to the extent described below under **Certain covenants** **Merger and consolidation** ; provided, however, that if such Person is not the Company, the Subsidiary Guarantor's obligations under the Indenture and its Subsidiary Guarantee must be expressly assumed by such other Person. However, upon the sale or other disposition (including by way of consolidation or merger) of a Subsidiary Guarantor or the sale or disposition of all or substantially all the assets of a Subsidiary Guarantor (in each case other than to the Company or an Affiliate of the Company) in compliance with the covenant described below under **Limitation on sales of assets and subsidiary stock**, such Subsidiary Guarantor will be released and relieved from all its obligations under its Subsidiary Guarantee. See **Certain covenants** **Merger and consolidation**.

Ranking

The indebtedness evidenced by the Notes and the Subsidiary Guarantees will be unsecured, general obligations of the Company and the relevant Subsidiary Guarantor, as the case may be, senior in right of payment, as set forth in the Indenture, to the payment of any future Indebtedness of the Company or the relevant Subsidiary Guarantor, as the case may be, that is expressly subordinated in right of payment to the Notes or the Subsidiary Guarantees. The Notes and Subsidiary Guarantees will be pari passu in right of payment with all existing and future unsecured senior obligations of the Company or the relevant Subsidiary Guarantor, as the case may be. The Notes and Subsidiary Guarantees will be effectively subordinated to Secured Indebtedness of the Company and the applicable Subsidiary Guarantor, to the extent of the value of the assets securing such Indebtedness, including the obligations of the Company under, and such Subsidiary Guarantor's guarantee, if any, of the Company's obligations with respect to, the Credit Facilities and the 2012 Notes.

At September 30, 2011, the Company and the Subsidiary Guarantors would have had approximately \$0 of secured indebtedness outstanding (excluding \$335.4 million of letters of credit outstanding under our Credit

Table of Contents

Facilities), an additional \$2,500 million of unused commitments available to be borrowed under our Credit Facilities and an additional \$200 million available under our accounts receivable securitization facility.

Although the Indenture contains limitations on the amount of additional Indebtedness that the Company and the Subsidiary Guarantors may incur, under certain circumstances the amount of such Indebtedness could be substantial and, in any case, such Indebtedness may be Secured Indebtedness. See Certain covenants Limitation on indebtedness.

The operations of the Company are currently conducted through its Subsidiaries and not all of its Subsidiaries will guarantee the Notes.

The Notes will be effectively subordinated to all existing and future obligations, including Indebtedness, of any Restricted Subsidiaries that do not guarantee the Notes and of any Unrestricted Subsidiaries. Claims of creditors of these Subsidiaries, including trade creditors, will generally have priority as to the assets of these Subsidiaries over the claims of the Company and the holders of the Company's Indebtedness, including the Notes. CNX Funding Corporation (a Receivables Subsidiary) will be an Unrestricted Subsidiary. The Notes will be structurally subordinated to the liabilities of the Unrestricted Subsidiaries.

Same day settlement and payment

We will make payments in respect of the Notes (including principal, premium, if any, and interest, if any) by wire transfer of immediately available funds to the accounts specified by the holder. The Notes are expected to be eligible to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such Notes will, therefore, be required by DTC to be settled in immediately available funds.

Change of control

(a) Upon the occurrence of any of the following events (each a Change of Control), each Holder shall have the right to require that the Company purchase such Holder's Notes at a purchase price in cash equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any (including additional interest, if any), to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest on the relevant interest payment date), in accordance with the terms contemplated in paragraph (b) below:

- (1) any person (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that for purposes of this clause (1) such person shall be deemed to have beneficial ownership of all shares that such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 35% of the total voting power of the Voting Stock of the Company (for the purposes of this clause (1), such person shall be deemed to beneficially own any Voting Stock of a specified corporation held by a parent corporation, if such person is the beneficial owner (as defined in this clause (1)), directly or indirectly, of more than 35% of the voting power of the Voting Stock of such parent corporation);
- (2) during any period of two consecutive years from and after the Issue Date, individuals who at the beginning of such period constituted the Board of Directors of the Company (together with any new directors whose election by such Board of Directors or whose nomination for election by the shareholders of the Company was approved by a vote of a majority of the directors of the Company then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors then in office;

Table of Contents

- (3) the shareholders of the Company shall have approved any plan of liquidation or dissolution of the Company; or
- (4) (a) all or substantially all of the assets of the Company and the Restricted Subsidiaries are sold or otherwise transferred to any Person other than a Wholly-Owned Subsidiary or (b) the Company consolidates or merges with or into another Person or any Person consolidates or merges with or into the Company, in either case under this clause (4), in one transaction or a series of related transactions in which immediately after the consummation thereof Persons beneficially owning (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, Voting Stock representing in the aggregate a majority of the total voting power of the Voting Stock of the Company immediately prior to such consummation do not beneficially own (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, Voting Stock representing a majority of the total voting power of the Voting Stock of the Company or the surviving or transferee Person.
- (b) Within 30 days following a Change of Control, the Company shall mail a notice to each Holder with a copy to the Trustee stating: (1) that a Change of Control has occurred and that such Holder has the right to require the Company to purchase such Holder's Notes at a purchase price in cash equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any (including additional interest, if any), to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest on the relevant interest payment date); (2) the circumstances and relevant facts regarding such Change of Control; (3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed); and (4) the instructions determined by the Company, consistent with this covenant, that a Holder must follow in order to have its Notes purchased.
- (c) The Company shall comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with the provisions of this covenant, the Company shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under this covenant by virtue thereof.

The Change of Control purchase feature of the Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Company and the initial purchasers. Management has no present intention to engage in a transaction involving a Change of Control, although it is possible that the Company would decide to do so in the future. Subject to the limitations discussed below, the Company could, in the future, enter into certain transactions, including acquisitions, refinancing or other recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of Indebtedness outstanding at such time or otherwise affect the Company's capital structure or credit ratings. Restrictions on the ability of the Company to Incur additional Indebtedness are contained in the covenants described under Certain covenants Limitation on indebtedness and Limitation on liens. Such restrictions can only be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders of the Notes protection in the event of a highly leveraged transaction.

Future indebtedness of the Company may contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require such indebtedness to be repurchased upon a Change of Control. Moreover, the exercise by the Holders of their right to require the Company to repurchase the Notes could cause a default under such indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Company. Finally, the Company's ability to pay cash to the Holders of Notes following the occurrence of a Change of Control may be limited by the Company's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases.

Table of Contents

The provisions under the Indenture relating to the Company's obligation to make an offer to repurchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in outstanding principal amount of the Notes.

The Company will not be required to make an offer to purchase the Notes as a result of a Change of Control if a third party:

- (1) makes such offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture relating to the Company's obligations to make such an offer; and
- (2) purchases all Notes validly tendered and not withdrawn under such an offer.

(c) For purposes of determining compliance with this covenant, in the event that an item of Indebtedness meets the criteria of more than one of the categories of Indebtedness described in clauses (1) through (15) of the immediately preceding paragraph or is entitled to be Incurred pursuant to paragraph (a) of this covenant, the Company shall, in its sole discretion, classify (or later reclassify) such item of Indebtedness in any manner that complies with this covenant (including splitting into multiple exceptions) and will only be required to include the amount and type of such Indebtedness in one of such clauses of the immediately preceding paragraph or pursuant

Limitation on restrictions on distributions from restricted subsidiaries

The Company shall not, and shall not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary (A) to pay dividends or make any other distributions on its Capital Stock or pay any Indebtedness owed to the Company or a Restricted Subsidiary, (B) to make any loans or advances to the Company or a Restricted Subsidiary or (C) to transfer any of its property or assets to the Company or a Restricted Subsidiary, except:

- (1) any encumbrance or restriction in an agreement in effect on the Issue Date (including, without limitation, the Credit Agreement);
- (2) any encumbrance or restriction with respect to a Restricted Subsidiary pursuant to an agreement relating to any Indebtedness Incurred by such Restricted Subsidiary on or prior to the date on which such Restricted Subsidiary was acquired by the Company or became a Restricted Subsidiary of the Company (other than Indebtedness Incurred as consideration in, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Restricted Subsidiary or was acquired by the Company) and outstanding on such date;
- (3) any encumbrance or restriction pursuant to an agreement effecting a Refinancing of Indebtedness Incurred pursuant to an agreement referred to in clause (1) or (2) of this covenant or this clause (3) or

contained in any amendment to an agreement referred to in clause (1) or (2) of this covenant or this clause (3); provided, however, that the encumbrances and restrictions with respect to such Restricted Subsidiary contained in any such refinancing agreement or amendment are no less favorable to the Noteholders than encumbrances and restrictions with respect to such Restricted Subsidiary contained in such agreements;

- (4) any such encumbrance or restriction consisting of customary nonassignment provisions in leases governing leasehold interests to the extent such provisions restrict the transfer of the lease or the property leased thereunder;
- (5) in the case of clause (C) above, restrictions contained in security agreements or mortgages securing Indebtedness of a Restricted Subsidiary to the extent such restrictions restrict the transfer of the property subject to such security agreements or mortgages;
- (6) any restriction with respect to a Restricted Subsidiary imposed pursuant to an agreement entered into for the sale or disposition of all or substantially all the Capital Stock or assets of such Restricted Subsidiary pending the closing of such sale or disposition;

Limitation on sales of assets and subsidiary stock

(a) The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, consummate any Asset Disposition unless:

- (1) the Company or such Restricted Subsidiary receives consideration at least equal to the fair market value (such fair market value to be determined on the date of contractually agreeing to such Asset Disposition in good faith by an Officer or an officer of such Restricted Subsidiary with responsibility for such transaction, or the Board of Directors if the Asset Disposition exceeds \$50.0 million, which determination shall be conclusive evidence of compliance with this provision), of the equity and assets subject to such Asset Disposition;
- (2) at least 75% of the consideration received by the Company or such Restricted Subsidiary is in the form of cash or cash equivalents, Additional Assets or any combination thereof (collectively, the "Cash Consideration"); and

- (B) to the extent the Company elects, to acquire Additional Assets or to make capital expenditures in a Permitted Business within 365 days from the later of the date of such Asset Disposition or the receipt of such Net Available Cash; or
- (C) to make an offer to the Holders of the Notes (and to holders of other Pari Passu Indebtedness of the Company designated by the Company) to purchase Notes (and such other Pari Passu Indebtedness of the Company) pursuant to and subject to the conditions contained in the Indenture, as set forth below.

Pending application of Net Available Cash pursuant to this covenant, such Net Available Cash shall be invested in Temporary Cash Investments or applied to temporarily reduce revolving credit Indebtedness.

For the purposes of this covenant, any liabilities, as shown on the Company's or such Restricted Subsidiary's most recent balance sheet, of the Company or any Restricted Subsidiary (other than contingent liabilities and Subordinated Obligations) that are assumed by the transferee of any such assets pursuant to (1) a customary novation agreement that releases the Company or such Restricted Subsidiary from further liability or (2) an assignment agreement that includes, in lieu of such a release, the agreement of the transferee or its parent company to indemnify and hold harmless the Company or such Restricted Subsidiary from and against any loss, liability or cost in respect of such assumed liability, shall be deemed to be cash or cash equivalents.

(b) The amount of Net Available Cash not applied or invested as provided above will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds equals or exceeds \$50.0 million, the Company shall make such offer to purchase Notes (an Offer) on or before the 366th day after the later of the date of such Asset Disposition or the receipt of such Net Available Cash, and shall purchase Notes tendered pursuant to an Offer by the Company for the Notes (and such other Pari Passu Indebtedness of the Company) at a purchase price of 100% of their principal amount without premium, plus accrued but unpaid interest (including additional interest, if any) (or, in respect of such other Pari Passu Indebtedness of the Company, such lesser price, if any, as may be provided for by the terms of such Pari Passu Indebtedness of the Company) in accordance with the procedures (including prorating in the event of oversubscription) set forth in the Indenture. If the aggregate purchase price of the securities tendered exceeds the amount of Excess Proceeds, the Company will select the securities to be purchased on a pro rata basis but in round denominations, which in the case of the Notes will be denominations of \$2,000 principal amount or integral multiples of \$1,000 in excess thereof. Upon completion of such an Offer to purchase, Excess Proceeds will be deemed to be reset to zero.

(c) The Company will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue of its compliance with such securities laws or regulations.

Limitation on Sale and Leaseback Transactions

The Company will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into any Sale/Leaseback Transaction; *provided* that the Company or any Restricted Subsidiary may enter into a Sale/ Leaseback Transaction if:

- (3) immediately after giving effect to such transaction, the Company or the Successor Company would be able to Incur an additional \$1.00 of Indebtedness pursuant to paragraph (a) of the covenant described under Limitation on indebtedness ; and

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all of the properties or assets of one or more Restricted Subsidiaries, the Capital Stock of which constitute all or substantially all of the properties and assets of the Company, will be deemed to be the transfer of all or substantially all of the properties and assets of the Company.

The Successor Company shall be the successor to the Company and shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, and the predecessor Company, except in the case of a lease, shall be released from the obligation to pay the principal of and interest on the Notes.

SEC reports

Whether or not required by the Securities and Exchange Commission (the SEC), so long as any Notes are outstanding, the Company will furnish to the Holders of Notes, within the time periods specified in the SEC's rules and regulations for a company that is subject to Section 13(a) or 15(d) of the Exchange Act:

- (1) all quarterly and annual financial information that would be required to be contained in a filing with the SEC on Forms 10-Q and 10-K if the Company were required to file such Forms, including a Management's Discussion and Analysis of Financial Condition and Results of Operations and, with respect to the annual information only, a report on the annual financial statements by the Company's certified independent accountants; and
- (2) all current reports that would be required to be filed with the SEC on Form 8-K if the Company were required to file such reports; *provided* that any such above information or reports filed with the EDGAR system of the SEC (or successor system) and available publicly on the Internet shall be deemed to be furnished to the Holders of Notes.

The quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Company's Unrestricted Subsidiaries.

In addition, whether or not required by the SEC, the Company will file a copy of all of the information and reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the SEC's rules and regulations (unless the SEC will not accept such a filing) and make such information available to securities analysts and prospective investors upon request. The Company agrees that it will not take any action for the purpose of causing the SEC not to accept such filings. If, notwithstanding the foregoing, the SEC will not accept such filings for any reason, the Company will post the reports specified in the preceding sentence on its website within the time periods that would apply if the Company were required to file those reports with the SEC.

The Company and the Subsidiary Guarantors have agreed that, for so long as any Notes remain outstanding, the Company and the Subsidiary Guarantors will furnish to Holders of Notes and securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

Future subsidiary guarantors

If, after the Issue Date, (a) the Company or any Restricted Subsidiary shall acquire or create another domestic wholly owned Subsidiary (other than a Subsidiary that has been designated an Unrestricted Subsidiary), (b) any Unrestricted Subsidiary that is a domestic wholly owned Subsidiary is redesignated a Restricted Subsidiary or (c) any Restricted Subsidiary (including any newly formed, newly acquired or newly redesignated Restricted Subsidiary) Guarantees any Indebtedness of the Company then, in each such case, the Company shall, within 30 days following such event, cause such Restricted Subsidiary to:

- (1) execute and deliver to the Trustee (a) a supplemental indenture pursuant to which such Restricted Subsidiary shall unconditionally Guarantee all of the Company's obligations under the Notes and the Indenture and (b) a notation of Guarantee in respect of its Subsidiary Guarantee; and
- (2) deliver to the Trustee one or more opinions of counsel that such supplemental indenture (a) has been duly authorized, executed and delivered by such Restricted Subsidiary and (b) constitutes a valid and legally binding obligation of such Restricted Subsidiary in accordance with its terms.

Defaults

An Event of Default is defined in the Indenture as:

- (1) a default in any payment of interest or additional interest on the Notes when the same becomes due and payable and such default continues for a period of 30 consecutive days;
- (2) a default in the payment of principal of any Note when the same becomes due and payable at its Stated Maturity, upon optional redemption, upon required purchase, upon declaration of acceleration or otherwise;
- (3) the failure by the Company to comply with its obligations under Certain covenants Merger and consolidation above;
- (4) the failure by the Company to comply for 30 consecutive days after notice with any of its obligations in the covenants described above under Change of control (other than a failure to purchase Notes), Limitation on indebtedness, Limitation on restricted payments, Limitation on restrictions on distributions from restricted subsidiaries, Limitation on sales of assets and subsidiary stock (other than a failure to purchase Notes), Limitation on affiliate transactions, Limitation on liens, Limitation on Sale and Leaseback Transactions or Future subsidiary guarantors ;
- (5) the failure by the Company to comply for 60 consecutive days after notice with any of its other agreements contained in the Notes or such Indenture;
- (6) Indebtedness of the Company or any Restricted Subsidiary is not paid within any applicable grace period after final maturity or the maturity of such Indebtedness is accelerated by the holders thereof because of a default (and such acceleration is not rescinded or annulled) and the total amount of all such Indebtedness unpaid or accelerated exceeds \$75.0 million (the cross acceleration provision);

- (7) certain events of bankruptcy, insolvency or reorganization of the Company or a Significant Subsidiary (the bankruptcy provisions);
- (8) any judgment or decree for the payment of money in an uninsured or unindemnified amount in excess of \$75.0 million or its foreign currency equivalent at the time is rendered against the Company or a

Table of Contents

Significant Subsidiary, remains outstanding for a period of 60 days following the entry of such judgment or decree and is not discharged, waived, bonded or stayed within ten days after notice (the judgment default provision); or

- (9) any Subsidiary Guarantee of any Significant Subsidiary ceases to be in full force and effect (other than in accordance with the terms of such Subsidiary Guarantee and the Indenture) or is declared null and void and unenforceable or found to be invalid or any Subsidiary Guarantor denies its liability under its Subsidiary Guarantee (other than by reason of release of a Subsidiary Guarantor from its Subsidiary Guarantee in accordance with the terms of the Indenture and the Subsidiary Guarantee) (the guarantee default provision).

However, a default under clause (4) or (5) will not constitute an Event of Default until the Trustee or the Holders of at least 25% in principal amount of the outstanding Notes notify the Company of the default and the Company does not cure such default within the time specified after receipt of such notice.

If an Event of Default occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the outstanding Notes may declare the principal of and accrued but unpaid interest on all the Notes to be due and payable. Upon such a declaration, such principal and interest shall be due and payable immediately. If an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Company occurs and is continuing, the principal of and interest on all the Notes will ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holders of the Notes. Under certain circumstances, the Holders of a majority in principal amount of the outstanding Notes may rescind any such acceleration with respect to the Notes and its consequences.

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders of the Notes unless such Holders have furnished to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder of a Note may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 25% in principal amount of the outstanding Notes have requested the Trustee to pursue the remedy;
- (3) such Holders have furnished the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) the Holders of a majority in principal amount of the outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of the outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder of a Note or that would involve the Trustee in personal liability.

The Indenture provides that if a Default occurs and is continuing and is known to the Trustee, the Trustee must mail to each Holder of the Notes notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of or interest on any Note, the Trustee may withhold notice if and so long as a committee of its trust officers determines that withholding notice is not opposed to the interest of the Holders of

the Notes. In addition, the Company is required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Company also is required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action the Company is taking or proposes to take in respect thereof.

Amendments and waivers

Subject to certain exceptions, the Indenture may be amended with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including consents obtained in connection with a tender offer or exchange for the Notes) and any past default or compliance with any provisions may also be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding. However, without the consent of each Holder of an outstanding Note affected thereby, an amendment or waiver may not, among other things:

- (1) reduce the amount of Notes whose Holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any Note;
- (3) reduce the principal of or change the Stated Maturity of any Note;
- (4) reduce the premium payable upon a required purchase (to the extent the Company has at the time become obligated by the terms of the Indenture to effect a required purchase), or the redemption of any Note or change the time at which any Note may be redeemed as described under Optional redemption ;
- (5) make any Note payable in money other than that stated in the Note;
- (6) impair the right of any Holder of the Notes to receive payment of principal of and interest on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Notes;
- (7) make any change in the amendment provisions which require each Holder's consent or in the waiver provisions;
- (8) make the Notes or the Subsidiary Guarantees subordinated in right of payment to any other obligation; or
- (9) make any change in any Subsidiary Guarantee that could adversely affect such Holder.

Without the consent of any Holder of the Notes, the Company, the Subsidiary Guarantors and the Trustee may amend the Indenture or the Notes to:

- (1) cure any ambiguity, omission, defect or inconsistency;
- (2) provide for the assumption by a successor corporation of the obligations of the Company or the Subsidiary Guarantors under the Indenture;

- (3) provide for uncertificated Notes in addition to or in place of certificated Notes (provided that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f)(2)(B) of the Code);
- (4) add guarantees with respect to the Notes (including any Subsidiary Guarantee);
- (5) secure the Notes;
- (6) add to the covenants of the Company for the benefit of the Holders or surrender any right or power conferred upon the Company or the Subsidiary Guarantors;
- (7) make any change that does not adversely affect the rights of any Holder of the Notes;

Table of Contents

(8) comply with any requirement of the SEC in connection with the qualification of the Indenture under the Trust Indenture Act; or

(9) conform the Indenture to this Description of the Notes.

The consent of the Holders of the Notes is not necessary under the Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the Indenture becomes effective, the Company is required to mail to Holders of the Notes a notice briefly describing such amendment. However, the failure to give such notice to all Holders of the Notes, or any defect therein, will not impair or affect the validity of the amendment.

Transfer

The Notes will be issued in registered form and will be transferable only upon the surrender of the Notes being transferred for registration of transfer. The Company may require payment of a sum sufficient to cover any tax, assessment or other governmental charge payable in connection with certain transfers and exchanges.

Defeasance

The Company at any time may terminate all its obligations under the Notes and the Indenture (legal defeasance), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes, to replace mutilated, destroyed, lost or stolen Notes and to maintain a registrar and paying agent in respect of the Notes. The Company at any time may terminate its obligations under Change of control and under the covenants described under Certain covenants (other than the covenant described under Merger and consolidation), the operation of the cross acceleration provision, the bankruptcy provisions with respect to Significant Subsidiaries, the judgment default provision and the guarantee default provision described under Defaults above and the limitations contained in clause (3) under the first paragraph of Certain covenants Merger and consolidation above (covenant defeasance).

The Company may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the Company exercises its legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect thereto. If the Company exercises its covenant defeasance option, payment of the Notes may not be accelerated because of an Event of Default specified in clause (4), (6), (7) (with respect only to Significant Subsidiaries) or (8) under Defaults above or because of the failure of the Company to comply with clause (3) under the first paragraph of Certain covenants Merger and consolidation above. If the Company exercises its legal defeasance option or its covenant defeasance option, each Subsidiary Guarantor will be released from all its obligations with respect to its Subsidiary Guarantee.

In order to exercise either defeasance option, the Company must irrevocably deposit in trust (the defeasance trust) with the Trustee money or U. S. Government Obligations for the payment of principal and interest on the Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an opinion of counsel to the effect that Holders of the Notes will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such opinion of counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law).

Concerning the Trustee

The Bank of Nova Scotia Trust Company of New York is the Trustee under the Indenture and has been appointed by the Company as Registrar and Paying Agent with regard to the Notes.

Table of Contents

The Holders of a majority in principal amount of the outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. The Indenture provides that if an Event of Default occurs (and is not cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any Holder of Notes, unless such Holder shall have furnished to the Trustee security and indemnity satisfactory to it against any loss, liability or expense and then only to the extent required by the terms of the Indenture.

The Indenture will provide that it and the Notes will be governed by, and construed in accordance with, the laws of the State of New York.

U.S. Government Obligations means direct obligations (or certificates representing an ownership interest in such obligations) of the United States of America (including any agency or instrumentality thereof) for the payment of which the full faith and credit of the United States of America is pledged and which are not callable at the issuer's option.

Book-Entry, Delivery and Form

Except as set forth below, Notes will be issued in registered, global form in minimum denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The Notes initially will be represented by one or more notes in registered, global form without interest coupons (collectively, the Global Notes). The Global Notes will be deposited upon issuance with the Trustee as custodian for DTC, in New York, New York, and registered in the name of DTC or its nominee, in each case for credit to an account of a direct or indirect participant in DTC as described below.

Except as set forth below, the Global Notes may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may be exchanged for Notes in certificated form. See Exchange of Global Notes for Certificated Notes. In addition, transfers of beneficial interests in the Global Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear and Clearstream), which may change from time to time.

Depository Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream are provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. CONSOL Energy takes no responsibility for these operations and procedures and urges investors to contact the system or their participants directly to discuss these matters.

DTC has advised us that DTC is a limited-purpose trust company organized under the laws of the State of New York, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the Uniform Commercial Code and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC was created to hold securities for its participating organizations (collectively, the Participants) and to facilitate the clearance and settlement of transactions in those securities between Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers (including the Initial Purchasers), banks, trust companies, clearing corporations and certain other organizations. Access to DTC's system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the Indirect Participants). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised us that, pursuant to procedures established by it:

- (1) upon deposit of the Global Notes, DTC will credit the accounts of Participants with portions of the principal amount of the Global Notes; and
- (2) ownership of these interests in the Global Notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants in DTC's system may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants in such system. All interests in a Global Note may be subject to the procedures and requirements of DTC. The laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such Persons will be limited to that extent. Because DTC can act only on behalf of participants, which in turn act on behalf of indirect participants, the ability of a Person having beneficial interests in a Global Note to pledge such interests to Persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Notes will not have Notes registered in their names, will not receive physical delivery of Notes in certificated form and will not be considered the registered owners or Holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered Holder under the Indenture. Under the terms of the Indenture, CONSOL Energy and the applicable Trustee will treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners thereof for the purpose of receiving payments and for all other purposes. Consequently, neither CONSOL Energy, the Trustee nor any agent of CONSOL Energy or the Trustee has or will have any responsibility or liability for:

- (1) any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining,

Table of Contents

supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

(2) any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised CONSOL Energy that its current practice, upon receipt of any payment in respect of securities such as the Notes (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of Notes will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the Trustee or CONSOL Energy. Neither CONSOL Energy nor the Trustee will be liable for any delay by DTC or any of its Participants in identifying the beneficial owners of the Notes, and CONSOL Energy and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between Participants in DTC will be effected in accordance with DTC's procedures, and will be settled in same-day funds.

DTC has advised CONSOL Energy that it will take any action permitted to be taken by a Holder of Notes only at the direction of one or more Participants to whose account DTC has credited the interests in the Global Notes and only in respect of such portion of the aggregate principal amount of the Notes as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the Notes, DTC reserves the right to exchange the Global Notes for legended Notes in certificated form, and to distribute such Notes to its Participants.

Although DTC has agreed to the foregoing procedures to facilitate transfers of interests in the Global Notes among participants in DTC, it is under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. Neither CONSOL Energy nor the Trustee nor any of their respective agents will have any responsibility for the performance by DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for definitive Notes in registered certificated form (Certificated Notes) if:

(1) DTC (a) notifies CONSOL Energy that it is unwilling or unable to continue as depositary for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act, and in each case CONSOL Energy fails to appoint a successor depositary;

(2) CONSOL Energy, at its option, notifies the Trustee in writing that it elects to cause the issuance of Certificated Notes (DTC has advised CONSOL Energy that, in such event, under its current practices, DTC would notify its participants of CONSOL Energy's request, but will only withdraw beneficial interests from a Global Note at the request of each DTC participant); or

(3) there will have occurred and be continuing a Default or Event of Default with respect to the Notes.

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the Trustee by or on behalf of DTC in accordance with the Indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of the depositary (in accordance with its customary procedures).

Exchange of Certificated Notes for Global Notes

Certificated Notes may not be exchanged for beneficial interests in any Global Note unless the transferor first delivers to the Trustee a written certificate (in the form provided in the Indenture) to the effect that such transfer will comply with the appropriate transfer restrictions applicable to such Notes.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

TO ENSURE COMPLIANCE WITH TREASURY DEPARTMENT CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (I) ANY DISCUSSION OF FEDERAL TAX CONSEQUENCES CONTAINED OR REFERRED TO IN THIS PROSPECTUS WAS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED, BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON THEM UNDER THE INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE CODE); (II) SUCH DISCUSSION WAS WRITTEN IN CONNECTION WITH THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (III) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

The following is a summary of the material United States federal income tax consequences relating to the exchange of the original notes for exchange notes in the exchange offer, but does not purport to be a complete analysis of all the potential tax considerations relating thereto. This summary is based upon the Code, Treasury Regulations, Internal Revenue Services (IRS) rulings and pronouncements, and judicial decisions now in effect, all of which are subject to change at any time by legislative, administrative, or judicial action, possibly with retroactive effect. We have not sought and will not seek any rulings from the IRS with respect to the statements made and the conclusions reached in the following summary, and accordingly, there can be no assurance that the IRS will not successfully challenge the tax consequences described below.

This summary only applies to you if you exchange your original notes for exchange notes in the exchange offer. This summary only applies to U.S. Holders that exchange original notes for exchange notes in the exchange offer. This summary is limited to tax consequences to U.S. Holders that are original beneficial owners of the original notes, that purchased original notes at their original issue price for cash and that hold such original notes as capital assets within the meaning of Section 1221 of the Code. This summary does not address the tax consequences to subsequent purchasers of the original notes or the exchange notes. This summary also does not discuss the effect of any state, local, foreign or other tax laws or any U.S. federal estate, gift or alternative minimum tax considerations. In addition, this summary does not describe every aspect of U.S. federal income taxation that may be relevant to you in light of your particular circumstances or if you are subject to special tax rules, including, without limitation, if you are:

a bank;

a financial institution;

a broker or dealer in securities or currencies;

a trader in securities that elects to use a mark-to-market method of accounting for securities holdings;

an insurance company;

a person whose functional currency is not the U.S. dollar;

a tax-exempt organization;

an investor in a pass-through entity holding the notes;

an S corporation, a partnership or other entity treated as a partnership for tax purposes;

a U.S. expatriate;

a person holding notes as part of a hedging, conversion or other risk-reduction transaction or a straddle for tax purposes; or

a foreign person or entity.

YOU ARE URGED TO CONSULT YOUR TAX ADVISOR WITH RESPECT TO THE APPLICATION OF THE UNITED STATES FEDERAL INCOME TAX LAWS TO YOUR PARTICULAR SITUATION AS WELL AS ANY TAX CONSEQUENCES ARISING UNDER THE U.S. FEDERAL ESTATE, GIFT OR ALTERNATIVE MINIMUM TAX RULES OR UNDER THE LAWS OF ANY STATE, LOCAL, FOREIGN OR OTHER TAXING JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.

For purposes of this summary, a U.S. Holder is a beneficial owner of an exchange note that is, for United States federal income tax purposes, (i) an individual who is a citizen or resident of the United States, (ii) a corporation or other entity treated as a corporation for United States federal income tax purposes, created in or organized under the law of the United States or any state or political subdivision thereof, (iii) an estate the income of which is includible in gross income for United States federal income tax purposes regardless of its source, or (iv) a trust (A) the administration of which is subject to the primary supervision of a United States court and with respect to which one or more United States persons have the authority to control all substantial decisions of the trust or (B) that has in effect a valid election under applicable United States Treasury regulations to be treated as a United States person. If a partnership (including any entity or arrangement treated as a partnership for United States federal income tax purposes) is a beneficial owner of exchange notes, the treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. A holder of exchange notes that is a partnership and partners in such a partnership should consult their tax advisors regarding the United States federal, state, local and foreign income and other tax consequences of the exchange offer and of the holding and disposing of exchange notes.

The exchange of the original notes for the exchange notes in the exchange offer should not constitute a taxable exchange for United States federal income tax purposes, because the exchange notes should not be considered to differ materially in kind or extent from the original notes. As a result, for United States federal income tax purposes (1) you should not recognize any income, gain or loss as a result of exchanging the original notes for the exchange notes; (2) the holding period of the exchange notes should include the holding period of the original notes exchanged therefor; and (3) the adjusted tax basis of the exchange notes should be the same as the adjusted tax basis of the original notes exchanged therefor immediately before such exchange.

PLAN OF DISTRIBUTION

Each broker-dealer that receives exchange notes for its own account pursuant to the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of such exchange notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer for resales of exchange notes received in exchange for original notes where such original notes were acquired as a result of market-making activities or other trading activities. We and the subsidiary guarantors have agreed that, starting on the expiration date and ending on the close of business 180 days after the expiration date, we will make this prospectus, as amended and supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until May 1, 2012, dealers effecting transactions in the exchange notes may be required to deliver a prospectus.

Neither we nor the subsidiary guarantors will receive any proceeds from any sale of exchange notes by broker-dealers. Exchange notes received by broker-dealers for their own account pursuant to the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the exchange notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or at negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from the selling broker-dealer or the purchasers of any such exchange notes. Any broker-dealer that resells exchange notes that were received by it for its own account pursuant to the exchange offer and any broker or dealer that participates in a distribution of such exchange notes may be deemed to be an "underwriter" within the meaning of the Securities Act and any profit of any such resale of exchange notes and any commissions or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an "underwriter" within the meaning of the Securities Act.

For a period of 180 days after the expiration date, we and the subsidiary guarantors will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the letter of transmittal. We and the subsidiary guarantors have agreed to pay all expenses incidental to the exchange offer (including the expenses of one counsel for the holder of the original notes) other than commissions and concessions of any brokers or dealers and certain transfer taxes and will indemnify holders of the original notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

Under existing interpretations of the Securities Act by the SEC's staff contained in several no-action letters to third parties, and subject to the immediately following sentence, we believe that the exchange notes would generally be freely transferable by holders after the exchange offer without further registration under the Securities Act, subject to certain representations required to be made by each holder of exchange notes, as set forth below. However, any purchaser of exchange notes who is one of our "affiliates" (as defined in Rule 405 under the Securities Act) or who intends to participate in the exchange offer for the purpose of distributing the exchange notes:

will not be able to rely on the applicable interpretation of the staff of the SEC;

will not be able to tender its original notes in the exchange offer; and

must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer of the notes unless such sale or transfer is made pursuant to an exemption from such requirements.

We do not intend to seek our own interpretation regarding the exchange offer and there can be no assurance that the SEC's staff would make a similar determination with respect to the exchange notes as it has in other interpretations to other parties, although we have no reason to believe otherwise.
