IMPORTANT NOTICE REGARDING THE AVAILABILITY OF

PROXY MATERIALS FOR THE SHAREHOLDER MEETING TO BE HELD ON APRIL 17, 2012.

This Proxy Statement, the Notice of Annual Meeting of Shareholders, a form of the Proxy Card and the 2011 Annual Report to Shareholders (which is not a part of the proxy soliciting material) are available at www.proxyvote.com.

PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors (the Board) of Uninvest Corporation of Pennsylvania (the Corporation or Uninvest), 14 North Main Street, P.O. Box 64197, Souderton, Pennsylvania 18964, for use at the Annual Meeting of Shareholders to be held April 17, 2012, and at any adjournment thereof. Copies of this Proxy Statement and proxies to vote the Common Stock are being sent to the shareholders on or about March 16, 2012. Any shareholder executing a proxy may revoke it at any time by giving written notice to the Secretary of the Corporation before it is voted. Some of the officers of the Corporation or employees of Uninvest Bank and Trust Co. (the Bank) and other subsidiary companies or employees of Broadridge, Inc., the Corporation's transfer agent, may solicit proxies personally and by telephone, if deemed necessary. The Corporation will bear the cost of solicitation and will reimburse brokers or other persons holding shares of the Corporation's voting stock in their names, or in the names of their nominees, for reasonable expense in forwarding proxy cards and proxy statements to beneficial owners of such stock.

The person named in the proxy will vote in accordance with the instructions of the shareholder executing the proxy, or in the absence of any such instruction, for or against on each matter in accordance with the recommendations of the Board set forth in the proxy.

Uninvest's Board of Directors recommends a vote:

1. FOR the election of three Class I Directors each for a three-year term expiring in 2015 and until their successors are elected and qualified.
2. FOR the election of one alternate Director for a one-year term expiring in 2013 and until his successor is elected and qualified.
3. FOR the ratification of KPMG LLP as our independent registered public accounting firm for 2012.
4. FOR the advisory vote to approve named executive officer compensation as presented in this Proxy Statement.

The Board has fixed the close of business on February 24, 2012, as the record date for the determination of shareholders entitled to notice and to vote at the Annual Meeting. As of February 24, 2012, there were 18,266,404 issued and 16,774,174 outstanding shares of Common Stock (exclusive of 1,492,230 shares held as treasury stock which will not be voted).

Holders of record of the Corporation's Common Stock on February 24, 2012 will be entitled to one vote per share on all business of the meeting. The nominees for election as Class I Directors who receive the highest number of votes cast, in person or by proxy, at the meeting will be elected as Class I Directors. The nominee for election as the alternate Director who receives the highest number of votes cast, in person or by proxy, at the meeting will be elected as the alternate Director. Shareholders cannot cumulate votes for the election of Directors. The other matters of business listed in this proxy will be decided by the affirmative vote of a majority of all votes cast, in person and by proxy, at the meeting.

The presence in person or by proxy of the holders of the majority of the outstanding shares of Common Stock will constitute a quorum for the transaction of business at the meeting. If you are the beneficial owner of shares held in the name of a broker, trustee or other nominee and do not provide that broker, trustee or other nominee with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. These matters include the election of Directors and the proposal regarding executive compensation. Broker non-votes for these proposals are the equivalent to a vote against the proposal. It is very important that you give your broker voting instructions. Abstentions also have the effect of a negative vote.

As of February 24, 2012, Uninvest Bank and Trust Co. held 944,341 shares or 5.6% of the Corporation's outstanding Common Stock in various trust accounts in a fiduciary capacity in its Trust Department. No one trust account has 5% or more of the Corporation's Common Stock.

A copy of the Annual Report to Shareholders, including financial statements for the year ended December 31, 2011, was mailed on March 16, 2012 to each shareholder of record as of February 24, 2012. The Annual Report is not a part of the proxy soliciting material.

Compliance with Section 16 (a) of the Securities Exchange Act of 1934

Section 16 (a) of the Securities Exchange Act of 1934 requires the Corporation's Directors and Executive Officers, and persons who own more than ten percent of a registered class of the Corporation's equity securities, to file with the Securities and Exchange Commission (the SEC) initial reports of ownership and reports of changes in ownership of Common Shares and other equity securities of the Corporation. Officers, Directors and greater than ten percent shareholders are required by SEC regulations to furnish the Corporation with copies of all Section 16 (a) forms they file.

To the Corporation's knowledge, based solely on a review of the copies of such reports furnished to the Corporation and written representations that no other reports were required during the fiscal year ended December 31, 2011, all Section 16 (a) reports by its Officers, Directors and greater than ten percent beneficial owners were timely filed except reports filed by: Mark A. Our Board of Directors determined that all directors, with the exception of Messrs. Aichele and Mininger, are independent within the meaning of the listing standards of the NASDAQ Stock Market and SEC regulations. The Board has determined that a lending relationship resulting from a loan made by the Bank to a director would not affect the determination of independence if the loan complies with Regulation O under the federal banking laws. The Board also determined that maintaining with the Bank a deposit, savings or similar account by a director or any of the director's affiliates would not affect the determination of independence if the account is maintained on the same terms and conditions as those available to similarly situated customers.

Mr. Aichele is the current President and CEO of the Corporation and is Chairman of the Bank. Mr. Mininger is an officer of a builder engaged by the Corporation to perform building expansion projects in the normal course of business on substantially the same terms as available from others. All of the members of the Audit Committee are independent as defined in the listing standards of the NASDAQ Stock Market and SEC regulations.

As of January 1, 2011, William G. Morral was named Chairman of the Audit Committee. The Board has determined that Mr. Morral meets the requirements adopted by the SEC and the NASDAQ Stock Market for qualification as an audit committee financial expert. Mr. Morral has served as a member of the Board since 2002. Mr. Morral is a certified public accountant and has experience in the public accounting field as a former partner at Arthur Young and Co. (now Ernst & Young LLP). Mr. Morral's past employment experience as Senior Vice President and Chief Financial Officer of Moyer Packing Company for sixteen years included active supervision of finance, accounting, audit, credit, information technology, payables and payroll, providing him with a high level of financial sophistication, as well as a comprehensive knowledge of internal controls and audit committee functions. Additionally, a person who is determined to be an audit committee financial expert will not be deemed an expert for purposes of Section 11 of the Securities Act of 1933.

The Board approved an updated Audit Committee Charter in January 2012. Also at the January 2012 meeting of the Audit Committee, the Committee re-approved the Audit and Non-Audit Services Pre-Approval Policy. Copies of these documents may be found on the Corporation's Web Site: www.univest.net in the INVESTORS section under Governance Documents.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee (Committee) met five (5) times during 2011. The Committee has reviewed and discussed the audited consolidated financial statements of the Corporation for the year ended December 31, 2011, with the Corporation's management. The Committee has discussed with KPMG LLP (KPMG), the Corporation's independent registered public accounting firm for the fiscal year ended December 31, 2011, the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61 (Communication with Audit Committees), as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, and SAS No. 99 (Consideration of Fraud in a Financial Statement Audit.)

Ratification of the Appointment of Independent Registered Public Accounting Firm

The audit committee of our board has appointed KPMG LLP as our independent registered public accounting firm for 2012. KPMG LLP was first engaged as our independent registered public accounting firm in 2004 and has audited our financial statements for 2011.

Although shareholder ratification of the appointment of KPMG LLP as our independent registered public accounting firm is not required by our bylaws or otherwise, our board has decided to afford our shareholders the opportunity to express their opinions on the matter of our independent registered public accounting firm. Even if the selection is ratified, the audit committee in its discretion may select a different independent registered public accounting firm at any time if it determines that such a change would be in the best interests of us and our shareholders. If our shareholders do not ratify the appointment, the audit committee will take that fact into consideration, together with such other facts as it deems relevant, in determining its next selection of an independent registered public accounting firm.

A representative from KPMG, as independent registered public accounting firm for the current fiscal year, is expected to be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Independent Registered Public Accounting Firm Fees

The following table presents fees for professional services rendered by KPMG for the integrated audit, including an audit of the Corporation's annual financial statements and internal controls over financial reporting, and fees billed for other services rendered by KPMG:

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The principal objective of the Corporation is to maximize shareholder value through the development and enhancement of the Corporation's business operations. To further that objective, the Corporation's executive compensation program is designed to:

Attract and retain employees in leadership positions in the Corporation by recognizing the importance of these individuals in carrying out the Corporation's Mission Statement, Core Values and Vision Statement: To be the best integrated financial solutions provider in the market. These key statements are critical in keeping us focused on our short-term and long-term goals for the success of the Corporation.

Edgar Filing: UNIVEST CORP OF PENNSYLVANIA - Form DEF 14A

Support strategic performance objectives through the use of compensation programs. The goal of the executive compensation program is to provide the executive with a total compensation package competitive with the market and industry in which the Corporation operates, and to promote the long-term goals, stability and performance of the Corporation. By doing this, we will align the interests of management with those of our shareholders.

Support the Corporation's management development and succession plans.

Create a mutuality of interest between executive officers and shareholders through compensation structures that share the rewards and risks of strategic decision-making.

Require executives to acquire substantial levels of ownership of Corporation stock in order to better align the executives interests with those of the shareholders interests through a variety of plans.

Ensure, to the extent possible, that compensation has been and will continue to be tax deductible.

An executive's total compensation is composed of three primary components: base salary compensation, annual incentive compensation, and long-term incentive compensation. Each component is based on individual and group performance factors, which are measured objectively and subjectively by the Compensation Committee. Although there are no formal guidelines with respect to the amount of each named executive officer's compensation that is in the form of base salary, annual incentive compensation and long-term incentive compensation, in general the compensation program results in the approximate following payouts:

	September 30, Base Salary	September 30, Annual Incentive Compensation	September 30, Long-Term Incentive Compensation	September 30, Total Compensation
CEO Corporation	50.0%	25.0%	25.0%	100.0%
CEO Bank	50.0%	20.0%	30.0%	100.0%
SEVP	50.0%	20.0%	30.0%	100.0%
EVP	65.0%	15.0%	20.0%	100.0%

As a result of the annual incentive paid for 2011 being above target, the actual payout of total compensation for 2011, consisting of base salary, annual incentive compensation and long-term incentive stock option and restricted stock grants, differed from the table above and was as follows:

	September 30, Base Salary	September 30, Annual Incentive Compensation	September 30, Long-Term Incentive Compensation	September 30, Total Compensation			
CEO Corporation	43.7%	30.4%	25.9%	100.0%			
CEO Bank	46.0%	25.6%	28.4%	100.0%			
SEVP	51.2%	53.5%	22.7%	26.1%	20.4%	26.1%	100.0%
EVP	58.9%	62.7%	16.5%	21.2%	17.5%	24.7%	100.0%

Payouts under the Annual Incentive Compensation plan are generally made in cash, although they may be made in stock, and long-term incentive compensation awards are normally in the form of restricted stock and/or stock options.

BASE SALARY COMPENSATION

The Compensation Committee's approach is to offer competitive salaries in comparison with market practices. The Committee annually examines market compensation levels and trends observed in the labor market. For its purposes, the Compensation Committee has defined the labor markets as the pool of executives who are currently employed in similar positions in companies with similar asset size, with special emphasis placed on salaries paid by companies that constitute the banking industry. Market information is used as a frame of reference for annual salary adjustments and starting salaries.

The Compensation Committee makes salary decisions in a structured annual review. The Compensation Committee considers decision-making responsibilities, experience, work performance and achievement of key goals, and team-building skills of each position as the most important measurement factors in its annual reviews. To help quantify these measures, the committee has enlisted the assistance of independent compensation consultants. Base salaries are determined by considering the experience and responsibilities of the individual executive officer with a target of paying at the median (50%) level of our peer group adjusted for overall performance of the individual executive. Base salaries are adjusted annually and are in effect for the period January 1 through December 31.

During 2011, the Corporation engaged Mosteller & Associates to accumulate comparative data on the Corporation's peer group which the Compensation Committee utilized in adjusting the base salary of its executive group. The Corporation's peer group, twenty-one (21) institutions of similar asset size and regional location, consists of: Beneficial Mutual Bancorp, Inc.; Independent Bank Corp.; S&T Bancorp, Inc.; WSFS Financial Corporation; Sandy Spring Bancorp, Inc.; Tompkins Financial Corporation; Washington Trust Bancorp, Inc.; Lakeland Bancorp, Inc.; Metro Bancorp, Inc.; First Defiance Financial Corp.; OceanFirst Financial Corp.; Peoples Bancorp, Inc.; ESB Financial Corporation; Parkvale Financial Corporation; Arrow Financial Corp.; First United Corporation; Tower Bancorp, Inc.; Alliance Financial Corp.; VIST Financial Corp.;

Bryn Mawr Bank Corporation; and Orrstown Financial Services, Inc.

In November 2011, the Compensation Committee met and reviewed the performance of the named executive officers with the Chief Executive Officer to determine increases in base salary compensation for 2012. The Committee also met in executive session without the Chief Executive Officer present, to discuss the individual performance of the CEO. Increases in base salary compensation for 2012 were based on individual performance, increased responsibilities of certain named executive officers and the selected peer group compensation review along with market analysis, which provides a broader view of compensation practices than the more limited peer group represented by the proxy study performed by the Corporation's independent compensation consultants.

Below outlines the increases in base salary compensation for 2012 approved by the Compensation Committee:

Executive	September 30, 2012 Base Salary	September 30, 2011 Base Salary	September 30, % Increase
William S. Aichele	\$ 475,000	\$ 460,000	3.26%
K. Leon Moyer	\$ 310,000	\$ 300,000	3.33%
Jeffrey M. Schweitzer	\$ 265,000	\$ 245,000	8.16%
Kenneth D. Hochstetler	\$ 249,000	\$ 229,000	8.73%
Duane J. Brobst	\$ 185,000	\$ 180,000	2.78%

The increases in Mr. Schweitzer's and Mr. Hochstetler's base salaries are due to merit and also to bring their respective salaries more in line with the median (50%) level of base salary when compared to the peer banks included in the compensation study provided by Mosteller and Associates.

Compensation for Group Life Insurance premiums, hospitalization and medical plans, and other personal benefits are provided to all full-time employees and part-time employees averaging a certain number of hours and do not discriminate in favor of officers of the Corporation or its subsidiaries.

ANNUAL INCENTIVES

Univest established a non-equity annual incentive plan to reward executive officers for accomplishing annual financial objectives. The weighted financial measures and related targets for the plan are set in the preceding fiscal year by the Compensation Committee. The annual incentive program consists primarily of cash bonuses paid for: 1) individual performance to reinforce the critical focus of our executive officers on certain annual objectives that have significant impact on our long-term performance strategy; and 2) meeting annual Corporation performance goals (annual net income, efficiency ratio, return on average assets, return on average equity or other annual performance targets as set by the Compensation Committee). An executive may receive up to 50% of their annual incentive bonus in shares of the Corporation's stock which the Corporation will match with a restricted stock grant. The restricted stock grant will vest ratably over a five-year period. The purpose of this deferral option is to further align the executive's interests with those of the shareholders, promote retention and keep the executive focused on the long-term viability, performance and stability of the Corporation.

For the year-ended December 31, 2011, based on the projected performance goals, the Threshold was set at a 40% payout, the Target was established at a 100% payout and Optimum was established at a 150% payout; if the projected performance goals are less than the established threshold amounts, there is no payout. For example, if the incentive reward is established at 50% of the executive's year-to-date base salary: the Threshold payout would 40% of that incentive at 20%; the Target payout would be 100% of that incentive at 50%; and the Optimum payout would be 150% of that incentive at 75%. Understanding that actual results will not equal the Target, Threshold or Optimum goals exactly, the payout under the Annual Incentive Compensation plan will be interpolated based on actual results compared to Threshold, Target and Optimum. Performance above Optimum will be interpolated using one-half the rate of increase used for Target to Optimum.

The Annual Incentive Compensation plan provides for laddered payouts based on actual results compared to Target and by Officer Category as detailed in the table below. Category 1 is the CEO of the Corporation, Category 2 is the CEO of the Bank, Category 3 is any Senior Executive Vice President of the Corporation or Bank and Category 4 is any Executive Vice President of the Corporation or Bank.

	September 30, Threshold	September 30, Target	September 30, Optimum
Category 1	20.0%	50.0%	75.0%
Category 2	16.0%	40.0%	60.0%
Category 3	14.0%	35.0%	52.5%
Category 4	10.0%	25.0%	37.5%

Note: Above percentages are a percent of year-to-date base salary.

The payout under the Annual Incentive Compensation plan will occur during February of each year for which a payout is made. The payout will be based 25% on the performance of the individual and their contribution to the Corporation in the particular year and 75% on the achievement of Corporation performance targets for the year. Each individual performance metric will have a None, Threshold, Target and Optimum component.

The Corporate performance metrics which will be measured each have a 25% weighting and will be:

Net Income

Return on average assets

Return on average equity

Efficiency ratio

Recognizing that unforeseen events in the economy could have an impact on yearly performance of the Corporation, but still result in the Corporation, through focused and disciplined management, exceeding the performance of its Select Peer Group, as determined by the Board of Directors, which consists of all publicly traded Mid-Atlantic (defined as Pennsylvania, New York, New Jersey, Delaware, Maryland and the District of Columbia) banks, thrifts and savings institutions between \$1 billion and \$5 billion in total assets, the Annual Incentive Compensation Plan also has a Peer Performance Lever. The Compensation Committee has the discretion to pay out at the Threshold level, even if the Corporation's performance does not meet Threshold levels, if the Corporation's performance exceeds 50% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended. Additionally, the Compensation Committee has the discretion to pay out at the Target level, even if the Corporation's performance does not meet Target levels, if the Corporation's performance exceeds 80% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended. Finally, the Compensation Committee has the discretion to not pay out the Annual Incentive Compensation if the Corporation's performance does not exceed 40% of the Select Peer Group performance with respect to Return on Average Assets and Return on Average Equity, blended.

The financial targets set by the Compensation Committee for 2011 for the Annual Incentive Compensation component of executive compensation were as follows:

Performance Metric	September 30, Threshold	September 30, Target (Plan)	September 30, Optimum
Net Income (000 \$)	\$ 13,663	\$ 17,079	\$ 20,495
Return on Average Assets	0.65%	0.81%	0.97%
Return on Average Equity	4.97%	6.21%	7.45%
Efficiency Ratio	64.06%	61.56%	59.06%

Edgar Filing: UNIVEST CORP OF PENNSYLVANIA - Form DEF 14A

In January 2012, the Compensation Committee reviewed the Corporation's performance compared to the targets established for 2011. Based on this review, it was determined that the Corporation's performance exceeded the Target level of the financial targets during 2011. Uninvest achieved net income of \$18.9 million, which was between the target and optimum levels; return on average assets of 0.89%, which was between the target and optimum levels; return on average equity of 6.91%, which was between the target and optimum levels; and an efficiency ratio of 59.14%, which was between the target and optimum levels. As a result, a cash bonus was paid to the executives of the Corporation for 2011 which ranged between 111.75% and 139.25% of the targeted payout level depending on individual performance.

LONG-TERM INCENTIVES**Stock-Based Compensation**

The long-term incentive program consists primarily of stock options and restricted stock grants, which are granted based on the Corporation's performance compared to its selected peers with respect to certain financial measures. The purpose of the program is to align management's interests with those of our shareholders, promote employee retention and also to ensure management's focus on the long-term stability and performance of the Corporation. The Corporation's target is to pay out incentive compensation, both short-term and long-term, at the median (50%) level of our peer group.

At the Annual Meeting in 2003, the shareholders approved the Univest 2003 Long-Term Incentive Plan; at the Annual Meeting in 2008, the shareholders approved the Amended and Restated Univest 2003 Long-term Incentive Plan. The purpose of the plan is to enable employees of the Corporation to: (i) own shares of stock in the Corporation, (ii) participate in the shareholder value which has been created, (iii) have a mutuality of interest with other shareholders and (iv) enable the Corporation to attract, retain and motivate key employees of particular merit. Participation in the 2003 Long-Term Incentive Plan is determined by the Compensation Committee. The plan authorizes the Committee to grant both stock and/or cash-based awards through incentive and non-qualified stock options, stock appreciation rights, restricted stock, and/or long-term performance awards to participants. With respect to these grants, 1,500,000 shares were set aside for these long-term incentives. At the time of an award grant, the Committee will determine the type of award to be made and the specific conditions upon which an award will be granted (i.e. term, vesting, performance criteria, etc.).

Upon a change in control: any stock appreciation rights outstanding for at least six months and any stock options awarded which have been held for at least six months shall become fully vested and exercisable; restrictions applicable to any restricted stock award shall lapse and such shares shall be deemed fully vested; the value of all outstanding stock options, stock appreciation rights and restricted stock awards shall be cashed out on the basis of the fair market value; and any outstanding long-term performance awards shall be vested and paid out based on the prorated target results for the performance periods in question.

Long-term incentive compensation consists of a combination of stock options and performance-based restricted stock. The granting of options is anticipated to occur annually, at the discretion of the Compensation Committee, on January 31 and is not contingent on the achievement of annual targets described under *Annual Incentive Compensation*. The number of options to be granted each year will be determined by the Compensation Committee.

On January 31, 2012, the Compensation Committee approved the granting of stock options to the following named executives:

Executive	September 30, Stock Options Granted
William S. Aichele	9,000 shares
K. Leon Moyer	7,000 shares
Jeffrey M. Schweitzer	4,500 shares
Kenneth D. Hochstetler	4,500 shares
Duane J. Brobst	2,000 shares

Performance-based restricted stock grants are anticipated to be granted each year on January 31 based on the Top Quintile performance as detailed in the chart below. The performance-based restricted stock will vest on February 15th after three years of performance (i.e. restricted stock granted on January 31, 2012 will vest on February 15, 2015) based on the Corporation's performance compared to its Select Peer Group with respect to three-year average Return on Average Assets and Return on Average Equity, blended.

	September 30, Top Quintile 80% - 100%	September 30, 2 nd Quintile 60% - 80%	September 30, 3 rd Quintile 40% - 60%
Category 1	7,500	5,000	2,500
Category 2	5,625	3,750	1,875
Category 3	3,750	2,500	1,250
Category 4	2,250	1,500	750

On January 31, 2012, the Compensation Committee approved the granting of performance based restricted stock to the following named executives:

Executive	September 30, Shares of Restricted Stock Granted
William S. Aichele	7,500 shares
K. Leon Moyer	5,625 shares
Jeffrey M. Schweitzer	3,750 shares
Kenneth D. Hochstetler	3,750 shares
Duane J. Brobst	2,250 shares

Post-Retirement Plans

Univest provides a qualified pension plan to all employees hired prior to December 7, 2009, and non-qualified pension plans for certain executive officers. The Defined Benefit Pension Plan (DBPP) is a nondiscriminatory retirement plan which qualifies under the Internal Revenue Code. The DBPP is a noncontributory defined benefit retirement plan covering substantially all employees of the Corporation and its wholly owned subsidiaries. In order to be eligible for the DBPP, employees must complete one year of service (defined as working more than 1,000 hours) and attain age 21. The DBPP is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The DBPP is administered by a Pension Committee appointed by the Board of Directors of the Corporation. The Pension Committee has appointed Univest Bank and Trust Co., a wholly owned subsidiary of the Corporation, as trustee of the DBPP. Employer contributions are based on amounts required to be funded under the provisions of ERISA. No contributions are required or permitted by the participants. Entrance into the DBPP was frozen to new entrants as of December 7, 2009.

On June 24, 2009, the Compensation Committee of the Board of Directors of the Corporation resolved that effective December 31, 2009, the benefits under the DBPP, in its current form, would be frozen and the current plan would be amended and converted to a cash balance plan under which employees would continue to receive future benefits in accordance with the provisions of the cash balance plan.

The normal retirement date is the first day of the month in which the participant's 65th birthday occurs and he/she has completed five years of credited service. Prior to December 31, 2009, the normal annual retirement benefit amount accrued as 1.5% of average earnings for each year of credited service up to 20 years plus 0.5% of average earnings for each year of credited service in excess of 20, plus 0.25% of average earnings in excess of the average Social Security wage base for each year of credited service up to 35 years.

Benefits under the cash balance plan will be credited to the employees' account based on the following formula:

Years of Service	September 30, Annual Benefit Credited
0 - 10	3% of salary
11 - 20	5% of salary
21 +	7% of salary

Additionally, annually the employees' account will be credited with a guaranteed return of the ten year Treasury note rate plus 1% not to exceed the 30 year Treasury note rate. In order to not penalize long-term employees of the Corporation, for employees over the age of 55 with over 20 years of service on December 31, 2009, the annual retirement benefit is guaranteed to be the higher of the benefit attributable to the formula under the DBPP or the new cash benefit account.

Each participant who has at least 10 years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to the participant's normal retirement age. These participants who elect and qualify for early retirement are considered fully vested by the DBPP. Prior to the cash balance plan conversion, the early retirement benefit is based on credited service and average earnings at early retirement date without reduction on the date when the participant's age plus years of service equal 85, but not before age 62 or after age 65. Benefits are reduced from that retirement date by 1/15th per year for the first five years and 1/30th per year thereafter to age 55.

Participants are not vested until they have completed five years of service, at which time they become fully vested in the DBPP. Participants will not be vested until they have completed three years of service, at which time they will become fully vested in the cash balance plan. Participants may elect to receive pension benefits in the form of a joint and survivor annuity, a life annuity, or a lump-sum payment.

A vested participant who dies before the annuity starting date and who has a surviving spouse shall have the death benefit paid to the surviving spouse in the form of a pre-retirement survivor annuity and may have the death benefit distributed to his/her beneficiaries within five years after death.

While the Corporation has not expressed any intent to do so, the DBPP/cash balance plan may be discontinued at any time, subject to the provisions of ERISA. In the event such discontinuance results in termination of the DBPP/cash balance plan, the DBPP/cash balance plan provides that the net assets of the plan shall be allocated among the participants in the order provided for in ERISA. To the extent there are unfunded vested benefits other than benefits becoming vested by virtue of termination of the DBPP/cash balance plan, ERISA provides that such benefits are payable to participants by the Pension Benefit Guaranty Corporation (PBGC) up to specified limitations.

Should the DBPP/cash balance plan terminate at some future time, its assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty while other benefits may not be provided for at all.

The non-qualified plans include a Supplemental Retirement Plan and a Supplemental Non-Qualified Pension Plan inclusive of a Medical Reimbursement Plan and Split-Dollar Life Insurance. These non-qualified plans generally provide an additional retirement benefit paid to the employee beginning at age 65 for a term between 10 and 15 years, plus death benefits. An employee, upon attaining the age of 60, may elect early retirement and be entitled to receive this benefit based upon the employee's accrual balance as of the early retirement date.

The Supplemental Retirement Plan (SERP) was established in 1994 for employees whose date of hire was prior to January 1, 1994, were a current participant in the qualified pension plan for at least five years and whose benefit under the qualified pension plan was affected by the changes made to the Internal Revenue Code Section 401(a)(17) as enacted in the Omnibus Budget Reconciliation Act of 1993. The SERP establishes a payment to the participant that equates to the difference between: the payment amount of the qualified plan retirement benefit to which the participant would have been entitled under the qualified plan if such benefit were computed subject to Code Section 401(a)(17) as in effect prior to the effective date of the Omnibus Budget Reconciliation Act of 1993; and the amount of the qualified plan retirement benefit actually payable to the participant. Under a change in control, no termination of the SERP shall directly or indirectly deprive any current or former participant or surviving spouse of all or any portion of the SERP benefit which has commenced prior to the effective date of such change in control.

The Supplemental Non-Qualified Pension Plan (SNQPP) was established in 1981 for employees who have served for several years, with ability and distinction, in one of the primary policy-making senior level positions at Uninvest, with the understanding that the future growth and continued success of Uninvest's business may well reflect the continued services to be rendered by these employees and Uninvest's desire to be reasonably assured that these employees will continue to serve and realizing that if these employees would enter into competition with Uninvest, it would suffer severe financial loss. The SNQPP was established prior to the existence of a 401K Deferred Savings Plan, the Employee Stock Purchase Plan and the Long-Term Incentive Plans and therefore is not actively offered to new participants. At the age of 65 years, covered employees will receive annual payments equivalent to fifty percent of their annual salary at their retirement date, adjusted annually thereafter by a percentage of the change in the Consumer Price Index (CPI). Between the ages of 60 and 65, covered employees may choose early retirement and receive payments under the SNQPP based on the employee's accrual balance, adjusted annually thereafter by a percentage of the change in the CPI. The benefit period is a maximum of fifteen years. Benefits will continue to be paid to the employee's beneficiary upon the employee's death for the remainder of the benefit period. Payments under the SNQPP are capped each year and adjusted annually by a percentage of the change in the CPI. In 2011 the maximum benefit payable was \$113,290. Upon a change in control, the covered employee is entitled to a lump sum benefit equal to the present value of the employee's accrued balance using the ten-year Treasury yield. Upon a change in control where Uninvest is not the surviving company, the SNQPP is not automatically terminated and the obligations under the SNQPP become the obligations of the surviving company. The SNQPP contains a non-compete clause under which payments will be forfeited by those covered retirees and employees who compete with Uninvest.

The SNQPP also includes a Medical Reimbursement Plan providing covered employees, who maintain a medical insurance policy during retirement, reimbursements for uncovered medical expenses up to \$5,000 per annum during the benefit period.

During 2000, Univest purchased Bank Owned Life Insurance (BOLI) to offset the funding needs of future obligations under these non-qualified pension plans. The SNQPP includes a Split-Dollar Agreement which provides the covered employee's beneficiary a fixed dollar amount of the death proceeds under the BOLI. The fixed dollar amounts payable range between \$200,000 and \$250,000.

Income tax regulations require the inclusion of nonqualified deferred compensation benefits as wages for Social Security and Medicare tax purposes. The non-qualified plan benefits and vesting provisions are reviewed annually, the covered employees' Social Security and Medicare wages reflect includable nonqualified deferred compensation, and appropriate taxes are withheld.

On an optional basis, all officers and employees who have attained the age of 18 and have completed one month of continuous service may participate in the Deferred Salary Savings Plan (DSSP). In the year 2011, participants could defer up to a maximum of \$16,500 if under age 50 and \$22,000 if at least age 50 by December 31. After employees complete 6 months of service, the Corporation or its subsidiaries will make a matching contribution of 50% of the first 6% of the participant's salary. All contributions are invested via a trust. The Corporation's matching contributions for 2011, 2010 and 2009, amounting to \$638,723, \$588,235 and \$536,380, respectively, are vested at 50% at the end of two years, 75% at the end of three years, and 100% at the end of four years. Benefit payments normally are made in connection with a participant's retirement. The DSSP permits early withdrawal of the money under certain circumstances. Under current Internal Revenue Service regulations, the amount contributed to the plan and the earnings on those contributions are not subject to Federal income tax until they are withdrawn from the plan.

OTHER PERQUISITES

Certain named executive officers receive expense allowances, a car allowance and/or country club membership dues. These perquisites are determined by the Compensation Committee under the same methodologies for and in conjunction with base salary compensation. Univest also provides certain named executive officers with personal tax preparation services; these services are provided by a Certified Public Accounting firm other than Univest's Independent Registered Public Accounting Firm, KPMG LLP.

FUTURE COMPENSATION DETERMINATION

The Committee will continue to reassess Univest's executive compensation program in order to ensure that it promotes the long-term objectives of Univest, encourages growth in shareholder value, provides the opportunity for management investment in the Corporation, and attracts and retains top-level executives who will manage strategically in 2012 and beyond.

TAX CONSIDERATIONS

Internal Revenue Code Section 162(m) imposes a limitation on the deduction for certain executive officers' compensation unless certain requirements are met. The Corporation and the Compensation Committee have carefully considered the impact of these tax laws and have taken certain actions intended to preserve the Corporation's tax deduction with respect to any affected compensation.

CONCLUSION

Through the programs described above, a significant portion of the Corporation's executive compensation is linked directly to individual and corporate performance and growth in shareholder value. The Committee intends to continue the policy of linking executive compensation to individual and corporate performance and growth in shareholder value, recognizing that the business cycle from time to time may result in an imbalance for a particular period.

The following tables set forth for the fiscal years ending December 31, 2011, 2010 and 2009, the compensation which the Corporation and its subsidiaries paid to its principal executive officer, principal financial officer and three other named executive officers. These tables should be read in conjunction with the Compensation Discussion and Analysis section of this Proxy.

(a) The Corporation has a stock-for-stock-option exchange (or cashless exercise) program in place, whereby optionees can exchange the value of the spread of in-the-money options for Corporation stock having an equivalent value. This exchange allows the executives to exercise their options on a net basis without having to pay the exercise price in cash. However, it will result in the executives acquiring fewer shares than the number of options exercised.

(b) Value Realized is calculated by subtracting the exercise price from the Fair Market Value as of the exercise date. Fair Market Value is calculated as the mean of the closing bid and asked prices of the Corporation's common stock as reported by the NASDAQ Stock Market.

- (a) Uninvest's pension plans are described in the Compensation Discussion and Analysis under the heading Post-Retirement Plans. Assumptions used in calculating the present value of the accumulated benefit are set forth in Note 9 to the Financial Statements included in Uninvest's Form 10-K for the year ended December 31, 2011.

NONQUALIFIED DEFERRED COMPENSATION

Uninvest does not currently have any non-qualified contributory deferred compensation plans available to the named executive officers.

OTHER POTENTIAL POST-EMPLOYMENT PAYMENTS

Certain triggering events could potentially affect the amounts of compensation reported in the above tables. Triggering events would include retirement, early-retirement, termination by reason of disability, death or cause, or a change in control of the Corporation. None of the named executive officers in the tables above has an individual change in control or employment agreement, but provisions for these triggering events are addressed within the 2003 Long-term Incentive Plan, the Defined Benefit Pension Plan (DBPP), the Supplemental Retirement Plan (SERP) and the Supplemental Non-Qualified Pension Plan (SNQPP).

2003 Long-term Incentive Plan

Upon a change in control, stock options and restricted stock awards which have been held for at least six months shall become fully vested. Upon retirement, early-retirement or termination by reason of disability, the Compensation Committee may elect to accelerate the vesting period to allow all stock options to become fully vested and exercisable up to a period of two years after the date of such retirement, early-retirement or disability date and may elect to accelerate the vesting period of all restricted stock awards. Upon termination by death, the Compensation Committee may elect to accelerate the vesting period to allow all stock option awards to become fully vested, and exercisable by the legal representative of such employee's estate or legatee of such employee's will for a period of one year from the date of death and may elect to accelerate the vesting period of all restricted stock awards. There are no acceleration provisions for the willful termination of employment or termination of employment for cause. Upon the willful termination of employment, the optionee would have the lesser of three-months or the remaining term to exercise any vested stock options. Upon termination of employment for cause, all vested and unvested stock options will immediately terminate.

The following table demonstrates the impact under different triggering events if such event occurred on December 31, 2011:

Defined Benefit Pension Plan (DBPP)

Each participant who has at least 10 years of service and who has attained age 55 may elect to retire early within the 10-year period immediately prior to the participant's normal retirement age. These participants who elect and qualify for early retirement are considered fully vested by the DBPP. Prior to the cash balance plan conversion, the early retirement benefit is based on credited service and average earnings at early retirement date without reduction on the date when the participant's age plus years of service equal 85, but not before age 62 or after age 65. Benefits are reduced from that retirement date by 1/15th per year for the first five years and 1/30th per year thereafter to age 55. A vested

participant who dies before the annuity starting date and who has a surviving spouse shall have the death benefit paid to the surviving spouse in the form of a pre-retirement survivor annuity and may have the death benefit distributed to his/her beneficiaries within five years after death. None of the triggering events would impact the vested balance of a named executive officer's benefit under the DBPP.

Supplemental Retirement Plan (SERP)

Under a change in control, no termination of the SERP shall directly or indirectly deprive any current or former participant or surviving spouse of all or any portion of the SERP benefit which has commenced prior to the effective date of such change in control. None of the triggering events would impact the vested balance of a named executive officer's benefit under the SERP.

Supplemental Non-Qualified Pension Plan (SNQPP)

Upon a change in control where Univest is not the surviving company, the SNQPP is not automatically terminated and the obligations under the SNQPP become the obligations of the surviving company. Upon a change in control or death of the covered employee prior to their retirement date, the covered employee, or employee's designated beneficiary is entitled to a lump sum benefit equal to the present value of the employee's accrued balance using the ten-year Treasury yield. The accrued balance is the projected lump sum of the employee's retirement benefit payable upon the employee's attainment of age 65. Upon early-retirement, which is obtainable at the age of sixty, the employee is entitled to the accrual balance payable over fifteen years, adjusted annually thereafter by a percentage of the change in the Consumer Price Index (CPI). Upon termination of employment due to disability, the employee is entitled to the accrual balance payable, commencing at age 65, provided that the amount of the retirement benefit shall be based on the accrual balance on the date of termination due to disability, increased by an interest factor equal to the interest factor used in determining the accrual balance. If an employee terminated due to disability, and a change of control occurs prior to this employee reaching the age of 65, the employee is entitled to a lump sum benefit equal to the present value of the employee's accrued balance using the ten-year Treasury yield. The SNQPP contains a non-compete clause under which payments will be forfeited by those covered retirees and employees who compete with Univest. If the employee is terminated for a reason other than death, retirement, early-retirement, disability, or a change in control, the benefits under the SNQPP are forfeited by the employee. The only named executive officers who are participants in the SNQPP are William S. Aichele and K. Leon Moyer. If at December 31, 2011, either of these participants' employment was terminated for a reason other than death, retirement, early-retirement, disability, or a change in control, the benefits shown in the Pension Benefits table would be forfeited. If a change in control had occurred at December 31, 2011, these participants would benefit from a lump sum payment equal to their present value of accumulated benefit, in the Pension Benefits table above, plus the following amounts: for William S. Aichele, \$329,857; and for K. Leon Moyer, \$255,811.

- (c) Mr. Anders retired effective July 31, 2011

For the year ended December 31, 2011, each non-employee Director or Alternate Director was paid an annual retainer fee of \$12,000. Additionally, the chair of the Audit Committee receives an additional annual retainer fee of \$5,000 and the chair of the Compensation Committee receives an additional annual retainer fee of \$2,500. Each non-employee Director receives a fee of \$900 for each Board Meeting of Univest Corporation of Pennsylvania or Univest Bank and Trust Co. which he/she attends. Each Alternate Director receives a consultant fee of \$900 for each Board meeting of Univest Corporation of Pennsylvania or Univest Bank and Trust Co. which he/she attends. Only one fee is paid to the Director or Alternate Director if these Boards meet on a concurrent basis. Non-employee Directors or Alternate Directors who attend committee meetings of the Board receive a fee ranging from \$550 to \$800 for each meeting attended.

The Corporation offers a Director Fee Deferral Plan under which the directors can voluntarily contribute all or a portion of their director fees. These deferred fees accumulate value either based on the Bank's average cost of total time deposits and purchased funds or the Corporation's stock index, as elected by the director. The deferred fees remain the property of the Corporation until it is contractually obligated to pay such fees to the director upon death or after the director's termination in accordance with the director's irrevocable election.

RELATED-PARTY TRANSACTIONS

During 2011, some of the directors and executive officers, including their immediate family members and affiliated organizations, had lending relationships and other banking transactions with us as customers of Univest's banking subsidiary, Univest Bank and Trust Co. In management's opinion, the loans were made in the ordinary course of business and on substantially the same terms, including interest rates, collateral and repayment terms, as those prevailing at the time for comparable loans with persons not related to the lender; they did not involve more than normal collection risk and do not present other unfavorable features. Other banking transactions were also undertaken in the ordinary course of business. It is anticipated that similar transactions will occur in the future.

These transactions were made in compliance with applicable law, including Section 13(k) of the Securities and Exchange Act of 1934 and Federal Reserve Board Regulation O. As of December 31, 2011, loans to executive officers, directors, and their affiliates represented 8.4% of total shareholders' equity in Univest Corporation.

In addition to these banking transactions and lending relationships, some directors and their affiliated entities provide services or otherwise do business with Univest and its affiliated entities; all such transactions are handled in the ordinary course of business and are reviewed by the Audit Committee on a quarterly basis, at which time transactions with directors are monitored to verify their independent status as a director. During 2011, the Corporation and its subsidiaries paid \$400 thousand to H. Mininger & Son, Inc. for building expansion projects which were in the normal course of business on substantially the same terms as available from others. H. Ray Mininger, a non-independent Director of the Corporation, is Vice President and Secretary of H. Mininger & Son, Inc.

Our Audit Committee Charter provides for the review and approval of reports and disclosures of insider and affiliated-party transactions by the Committee. Our Nominating and Governance Committee reviews the independence of directors annually.

COMPENSATION COMMITTEE OF THE BOARD

The Compensation Committee of the Board (Committee) for the fiscal year ended December 31, 2011 was comprised of four independent members appointed by the Board: R. Lee Delp, William G. Morral, Mark A. Schlosser, and P. Gregory Shelly.

The Committee's responsibilities include reviewing and approving corporate goals and objectives, including financial performance and shareholder return, relevant to approving the annual compensation of the Corporation's CEO, executive officers, and other key management personnel through consultation with management and the Corporation's independent professional compensation consultants. Recommendations are made to the Board with respect to overall incentive-based compensation plans, including equity based plans, which includes a review of the Corporation's management development and succession plans. In addition, the Committee will review and recommend changes to the annual retainer and committee fee structure for non-employee directors on the Board. The Committee's charter is available at the Corporation's website on the internet: www.univest.net in the INVESTORS section under Governance Documents.

No member of the Compensation Committee (i) was, during 2011, or had previously been an officer or employee of the Corporation or our subsidiaries nor (ii) had any direct or indirect material interest in a transaction of the Corporation or a business relationship with the Corporation, in each case that would require disclosure under the applicable rules of the SEC. No other interlocking relationship existed between any member of the Compensation Committee or an executive officer of the Corporation, on the one hand, and any member of the compensation committee (or committee performing equivalent functions, or the full board of directors) or an executive officer of any other entity, on the other hand, requiring disclosure pursuant to the applicable rules of the SEC.

Management's role in the compensation process includes: evaluating employee performance; establishing corporate goals and objectives; and recommending the salary levels and option awards for all employees other than the named-executive officers. The Committee may retain an outside consultant to assist in the evaluation of any individual executive compensation, incentive programs, or any other matter deemed appropriate by the Committee and to provide for the appropriate funding of such consulting or advisory firm. During 2011, the Committee retained Mosteller & Associates to provide comparative data concerning the Corporation's peer group listed in the Compensation Discussion and Analysis.

COMPENSATION COMMITTEE REPORT

The Compensation Committee (Committee) met six (6) times during 2011. The Committee has reviewed and discussed the Compensation Discussion and Analysis for the year ended December 31, 2011 with the Corporation's management.

Based on the Committee's review and discussions noted above, the Committee recommended to the Board that the Corporation's Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A, for filing with the Securities and Exchange Commission.

CODE OF CONDUCT

The Corporation has adopted a Code of Conduct for all directors and a Code of Conduct for all officers and employees including the CEO and senior financial officers. It is the responsibility of every Univest director, officer and employee to maintain a commitment to high standards of ethical conduct and to avoid any potential conflicts of interest. The Codes are designed not only to promote clear and objective standards for compliance with laws and accurate financial reporting they also contain an accountability mechanism that ensures consistent enforcement of the Codes and protection for persons reporting questionable behavior, including a fair process for determining possible violations. The Codes of Conduct are available on our website at www.univest.net in the INVESTORS section under Governance Documents.

Any waiver of the Codes of Conduct for directors or executive officers must be approved by the Board or a committee of the Board and disclosed on Form 8-K within two days. Any waivers would also be posted on our website within two business days. The waiver reporting requirement process was established in 2003, and there have been no waivers.

NOMINATING AND GOVERNANCE COMMITTEE OF THE BOARD

The Nominating and Governance Committee met three (3) times during the fiscal year ending December 31, 2011. All members of the Committee are independent as defined by the listing standard rules of the NASDAQ Stock Market and the SEC Regulations. The primary purpose of the Committee is to identify individuals for nomination as members of the Board and Board committees as appropriate for the Corporation to discharge its duties and operate in an effective manner to further enhance shareholder value.

The Nominating Committee charter is available for shareholder review on the internet at www.univest.net in the INVESTORS section under Governance Documents, or by requesting a copy in writing from the Secretary of the Corporation. Members of the Committee at December 31, 2011 were: R. Lee Delp, H. Paul Lewis, Mark A. Schlosser, and P. Gregory Shelly.

The Nominating and Governance Committee recommended to the Board the slate of nominees included in this Proxy Statement for election to the Board of Directors at the annual meeting of shareholders.

Univest currently has one Alternate Director who is elected annually by the Corporation's shareholders and serves for a one-year term. The Alternate Director position provides an avenue for the Corporation to nurture future directors that the Board of Directors has determined would qualify as a nominee for the Board of Directors. The alternate director, by attending board meetings on a regular basis without a vote, stays informed of the activities and conditions of the Corporation and stays abreast of general industry trends and any statutory or regulatory developments. The pace of change in today's financial industry makes it imperative that the Corporation maintain a fully informed Board. Unlike members of the Board of Directors, the Alternate Director does not participate in independent director meetings or vote on matters coming before the Board of Directors.

The Nominating and Governance Committee is responsible for identifying and evaluating individuals qualified to become Board members and to recommend such individuals to the Board for nomination. The Nominating and Governance Committee does not specifically consider diversity of gender or ethnicity in fulfilling its responsibilities to select qualified and appropriate director candidates, instead the Committee will seek to balance the existing skill sets of current board members with the need for other diverse skills and qualities that will complement the Corporation's strategic vision. All director candidates are evaluated based on general characteristics and specific talents and skills needed to increase the Board's effectiveness. Additionally, all candidates must possess an unquestionable commitment to high ethical standards and have a demonstrated reputation for integrity. Other facts to be considered include an individual's business experience, education, civic and community activities, knowledge and experience with respect to the issues impacting the financial services industry and public companies, as well as the ability of the individual to devote the necessary time to service as a Director. A majority of the Directors on the Board must meet the criteria for independence established by the NASDAQ Stock Market, and the Committee will consider any conflicts of interest that might impair their independence.

Annually, the Nominating and Governance Committee assesses the composition of the Board along with the particular skills and qualities individual Board members possess to determine that individual Board members continue to possess the skills and qualities necessary to complement the Corporation's strategic vision. Based on this, the Nominating and Governance Committee recommends nominees for election to the Board of Directors based on the Class of Directors up for nomination in a particular year. The Corporation believes the individuals below possess the required experience, qualifications and skills to continue as members of the Board of Directors:

The structure of the Corporation's Board of Directors consists of a Chairman of the Board, who currently is also the President and Chief Executive Officer of the Corporation, a Vice Chairman of the Board, who currently is also President and Chief Executive Officer of Univest Bank and Trust Co., and individual directors. The Board of Directors does not currently have a Lead Director. The Corporation and the Board of Directors believe this structure is appropriate for the Corporation as the Board consists predominately of outside, independent directors, with management representation constituting only one of the nine members of the Board of Directors and the only Alternate Director position. The Independent Directors of the Board meet separately twice a year without management present. Additionally, the Corporation has an active Board Committee structure in which members of the Board of Directors attend and actively participate in the following Committees: Audit Committee, Compensation Committee, Executive Committee, Enterprise Risk Management Committee, Investment/Asset & Liability Management Committee, Loan Policy Committee, Nominating and Governance Committee, Community Reinvestment Act Committee, Deferred Salary Savings Plan Committee, Deferred Salary Savings Plan Trustee Committee, Employee Stock Purchase Plan Committee, Payment Systems Risk Committee, Pension Committee, Security Committee and Trust Committee. The active participation in these Committees in addition to the monthly Board of Directors meetings provides the independent members of the Board the necessary insight into the daily operations of the Corporation.

All nominees will be evaluated in the same manner, regardless of whether they are recommended by the Nominating and Governance Committee or recommended by a shareholder.

Risk Management

Risk Management is the cornerstone of banking and integral to the daily operations of the Corporation. The Board of Directors oversees the Risk Management functions of the Corporation through the Enterprise-Wide Risk Management Committee, which consists of six members of management, including the Chairman, President and Chief Executive Officer of the Corporation, along with three independent directors of the Board. In addition to this committee, there is also an Enterprise-Wide Risk Management Working Committee, which meets twice a year, consisting of nineteen members of management representing each line of business and area of support tasked with identifying and addressing the risks of the Corporation. Minutes from these meetings along with the minutes from the Board attended Enterprise- Wide Risk Management Committee are reported into the full Board of Directors. The Enterprise-Wide Risk Management Committee meets four times a year and is chaired by the Chief Risk Officer. The Chief Risk Officer reports directly to the Chairman of the Board of the Corporation and to the Audit Committee, however, the Chief Risk Officer also attends each Board of Directors meeting, Audit Committee meeting, Loan Policy Committee meeting and Investment/Asset Liability Management Committee meeting in order to understand the differing risks the Corporation is encountering and also to provide perspective with respect to Enterprise-Wide Risk Management to the members of the Board of Directors attending these meetings.
