GENERAL

We have made these materials available over the Internet, and for those who have received or may request to receive the materials in hard copy or by e-mail the proxy materials have been sent to you, on or about April 20, 2012 because the Board of Directors of Michael Baker Corporation (Michael Baker) is soliciting your proxy to vote at Michael Baker's 2012 annual meeting of shareholders.

Who May Vote

Shareholders of Michael Baker as reflected in Michael Baker's stock records at the close of business on April 10, 2012 may vote.

One-Page Notice Regarding Internet Availability of Proxy Materials

Pursuant to rules adopted by the Securities and Exchange Commission (SEC), we are once again providing access to our Proxy Statement, proxy card and 2012 Annual Report to Shareholders, referred to as our Proxy Materials , over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (the Notice) to our shareholders of record and beneficial owners. You will have the ability to access the Proxy Materials on a website referred to in the Notice or request a printed or e-mailed set of the Proxy Materials. Instructions on how to access the Proxy Materials over the Internet or to request a printed or e-mailed copy may be found in the Notice. In addition, you may request delivery of future annual meeting proxy materials in printed form by mail or electronically by email on an ongoing basis.

How to Vote

You can direct your vote by proxy as follows:

Via the Internet: You may submit voting instructions to the proxy holders through the Internet by following the proxy voting instructions found in the Notice.

By Telephone: You may submit voting instructions to the proxy holders by telephone by following the proxy voting instructions found in the proxy card.

By Mail: You may sign, date and return your proxy card in the pre-addressed, postage-paid envelope that will be provided.

At the Meeting: If you attend the annual meeting, you may vote in person by ballot, even if you have previously returned a proxy card or otherwise voted.

How a Proxy Works

Giving Michael Baker a proxy means that you authorize Michael Baker to vote your shares in accordance with your directions. If you give Michael Baker a proxy, but do not direct how to vote your shares on any of the proposals, your shares will be voted in favor of any such proposal.

You may receive more than one Notice depending on how you hold your shares. Shares registered in your name are generally covered by one Notice. If you hold shares through someone else, such as a stockbroker, then you may get material from them asking you how you want to vote.

Changing Your Vote

You may revoke your proxy before it is voted by submitting a new proxy with a later date, including a proxy submitted over the Internet or by telephone, by voting in person at the meeting or by notifying Michael Baker's Secretary in writing.

Common Stock Outstanding

Table of Contents

Quorum and Voting Information

Quorum

In order to conduct the business of the meeting, there must be a quorum. This means at least a majority of the issued and outstanding shares eligible to vote must be represented at the meeting, either in person or by proxy. You are considered a part of the quorum if you vote over the Internet, vote by telephone or submit a properly signed proxy card if you received one. Votes withheld, broker non-votes and abstentions, as well as votes for or against a proposal, are counted as eligible votes represented at the meeting in determining a quorum. Broker non-votes are proxies submitted by brokers that do not indicate a vote for a proposal because the broker does not have discretionary voting authority and has not received instructions as to how to vote on the proposal.

Election of Directors

If a quorum is present at the meeting, the vote to elect nine directors to Michael Baker's Board of Directors will be determined based on a plurality of the votes cast. This means the nine director candidates receiving the greatest number of votes cast will be elected to fill the open seats on the Board of Directors.

You have one vote for each share of Michael Baker common stock you own, and you have cumulative voting rights in the election of directors. Cumulative voting entitles you to that number of votes in the election of directors equal to the number of shares of Michael Baker common stock you own, multiplied by the total number of directors to be elected. Under cumulative voting, you may cast the total number of your votes for one nominee or distribute them among any two or more nominees as you choose. Your proxy will be voted for the election of these nominees, unless you withhold authority to vote for any one or more of them. Shares represented by proxies, unless otherwise indicated on the proxy card, will be voted cumulatively in such manner that the number of shares voted for each nominee (and for any substitute nominated by the Board of Directors, if any nominee listed becomes unable or is unwilling to serve) will be as nearly equal as possible. The nine nominees receiving the highest number of affirmative votes cast at the annual meeting by the holders of common stock voting in person or by proxy, a quorum being present, will be elected as directors. If any nominee is unable or unwilling to stand for election, your proxy authorizes Michael Baker to vote for a replacement nominee if the Board names one.

Only votes for a candidate are counted in the election of directors. The nine nominees who receive the most votes will be elected as directors.

Approval of an Advisory Resolution on Michael Baker's 2011 Named Executive Officer Compensation

If a quorum is present at the meeting, then the approval of the advisory resolution on Michael Baker's 2011 named executive officer compensation requires the affirmative vote of a majority of the votes cast, in person or by proxy, at the annual meeting. The result of this vote is not binding on the Board of Directors, but will be considered by the Board and its Compensation Committee.

Ratification of the Selection of Deloitte & Touche LLP

If a quorum is present at the meeting, then the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012 will be approved if the majority of the votes cast, in person or by proxy, on the proposal by the holders of shares is in favor of the proposal.

Other Matters

If a quorum is present, then any proposal other than the election of directors, the approval of the advisory resolution on Michael Baker's named executive officer compensation and the ratification of the selection of Deloitte & Touche LLP will be approved if a majority of the votes cast (in person or by proxy) are in favor of the proposal, unless the matter requires more than a majority of votes cast under statute or Michael Baker's bylaws. There are no other proposals included in this Proxy Statement or expected to come before the Annual Meeting.

Table of Contents**Shares Held by your Broker**

If your shares are held by a broker, the broker will ask you how you want your shares voted. If you give the broker instructions on how to vote your shares, your shares will be voted as you direct. If you do not give instructions, one of two things will happen, depending on the proposal. For Proposal 3, the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012, the broker may vote your shares at its discretion. For all other proposals, the broker may not vote your shares at all if you do not give instructions.

Abstentions and Broker Non-Votes

Under the Pennsylvania Business Corporation Law, an abstention or a broker non-vote is not considered a vote cast or considered in the calculation of the majority of votes cast and, therefore, will have no effect on the vote for an item.

As mentioned above, Dr. Murray, age 79, will serve as a director until the 2012 Annual Meeting. Dr. Murray has served as Chancellor of Duquesne University since 2001 and is a Professor of Law of Duquesne University since 1995. Dr. Murray was formerly the President of Duquesne University from 1988 until 2001, as well as the Dean of University of Pittsburgh and Villanova University Schools of Law. Dr. Murray previously held numerous investment company directorships in the Federated Fund Complex, including the Chairman of the Board, of the Federated Fund Complex until December 2008.

The Board and Committees

The Board met ten times during 2011. All directors then serving participated in at least 75% of all meetings of the Board and the committees on which they served in 2011. The standing Board committees that help the Board fulfill its duties include the Executive Committee, the Audit Committee, the Compensation Committee, the Governance and Nominating Committee, and the Safety, Health and Environmental Compliance Committee.

The Board has adopted categorical standards to assist it in determining whether its members meet the independence requirements of the NYSE Amex. The Board has reviewed the independence of its members under the NYSE Amex listing standards and has determined that a majority of its members are independent. Specifically, none of the following directors, Dr. Bontempo, Mr. Constantakis, Mr. DeNinno, General (Ret.) Foglesong, Mr. Kaplan, Dr. Murray, Ms. Pierce and Dr. Wormley, has a material relationship with Michael Baker and each such director meets the independence requirements of the NYSE Amex.

It is Michael Baker's policy that all directors attend the annual meeting of shareholders if reasonably possible. All directors then serving attended the 2011 annual meeting of shareholders with the exception of Mr. Kaplan.

The Board Leadership Structure and Risk Oversight

The Board operates under the leadership of the Chairman. The Board has adopted a policy to have a different individual fill the role of Chairman and Chief Executive Officer, except during times of transition when the same person may fill both roles in an interim capacity while an appropriate candidate is found to assume the vacant position. Michael Baker reviews this practice from time to time.

Michael Baker's bylaws also provide for a Vice Chairman who, subject to the direction of the Board, will direct and supervise those affairs of the Company to which the Vice Chairman is assigned by the bylaws. The Vice Chairman shall, in the absence or disability of the Chairman, preside at all meetings of the Board and of the shareholders.

In the event the positions of Chairman of the Board and Chief Executive Officer are held by the same individual, or if the Chairman of the Board is not an independent director, the Board has adopted a policy under which the independent members of the Board will select an independent director to serve as the Board's Lead Director. The Board will annually review the performance of the Lead Director and currently expects to periodically rotate which independent director serves in that capacity. The Lead Director presides over the executive sessions of the independent directors, provides feedback from the executive sessions to the Chief Executive Officer and Chairman, calls meetings of the independent directors, and generally serves as a liaison with the Chief Executive Officer, Chairman and independent directors. The Lead Director also presides at all meetings of the Board at which neither the Chairman nor the Vice Chairman is present.

Currently, Mr. Shaw is Chairman of the Board, Ms. Pierce is Vice Chairman, Dr. Bontempo is Lead Director and Mr. Mallory is the Chief Executive Officer. Michael Baker feels the current leadership structure provides the appropriate balance of oversight, independence, administration and hands-on involvement in Board activities that are required for the efficient conduct of corporate governance activities.

Table of Contents

The Board takes an active role in overseeing Michael Baker's risks, including but not limited to those created by legislative, business regulatory, and public policy changes. Michael Baker's management is responsible for managing these risks, which it does through several individuals, including the Chief Executive Officer, the Chief Financial Officer, the Chief Operating Officer, the Chief Legal Officer, and through an individual designated as the Chief Risk Officer, who is responsible for overseeing Michael Baker's enterprise risk management program. The Board receives periodic updates from management on these and other risks at its scheduled meetings throughout the year.

Oversight of certain specific key risks has been delegated by the Board to various standing committees. The oversight of risks associated with Michael Baker's various compensation programs, including incentive compensation, has been delegated to and is monitored by the Compensation Committee. The monitoring of audit and key financial risks is the responsibility of the Audit Committee, which contains at least one individual who has been deemed an audit committee financial expert in accordance with the SEC's rules. Risks associated with job safety and related to health compliance, as well as changes in regulations affecting workplace safety, are overseen by Michael Baker's Safety, Health and Environmental Committee. The Audit Committee, the Compensation Committee, and the Safety, Health and Environmental Committee report their activities to the Board periodically as needed.

The Executive Committee

The Executive Committee has all of the powers of, and the right to exercise all of the authority of, the Board of Directors in the management of the business and affairs of Michael Baker between meetings of the Board. The Executive Committee met six times in 2011. During 2011 the Executive Committee members were Mr. Shaw, Mr. Mallory and Drs. Murray and Bontempo. Currently the Executive Committee members are Mr. Shaw, Mr. Kaplan, Mr. Mallory and Drs. Bontempo and Wormley. Mr. Kaplan and Dr. Wormley were appointed to the Executive Committee in February 2012. Mr. Shaw serves as the Executive Committee's Chairman.

The Audit Committee

The Audit Committee acts under a written charter, which was amended and restated by the Board of Directors on August 2, 2011. The Audit Committee reviews and reassesses the adequacy of the Audit Committee Charter on an annual basis. A current copy of the Audit Committee Charter is available on Michael Baker's website at <http://www.mbakercorp.com> and available in print to any shareholder upon request.

The Audit Committee met six times in 2011. During 2011 the Audit Committee members were Mr. Constantakis, Mr. Kaplan and Ms. Pierce. Currently the Audit Committee members are Dr. Bontempo, Mr. Constantakis, Mr. Kaplan and Ms. Pierce. Mr. Constantakis was appointed Chairman of the Audit Committee in November 2007. Mr. Kaplan was appointed to the Audit Committee in February 2008. Ms. Pierce was appointed to the Audit Committee in September 2008. Dr. Bontempo was appointed to the Audit Committee in February 2012. The Board of Directors has concluded that all Audit Committee members are independent as defined by the NYSE Amex listing standards. In addition, the Board has determined that Mr. Constantakis and Mr. Kaplan each qualify as an audit committee financial expert, as such term is defined by the regulations of the Securities and Exchange Commission.

The Audit Committee assists the Board in overseeing the accounting and financial reporting processes of Michael Baker. It is directly responsible for appointing, compensating, retaining and overseeing the work of the independent registered public accounting firm engaged by Michael Baker. The functions performed by the Audit Committee include:

appointing the independent registered public accountants;

reviewing with the independent registered public accountants the plan for, and the results of, the auditing engagement;

approving professional services to be provided by the independent registered public accountants before the services are performed;

reviewing the independence of the independent registered public accountants;

overseeing the work of the independent registered public accountants;

discussing Michael Baker's financial statements with the independent registered public accountants and management; and

reviewing Michael Baker's system of internal accounting controls.

The Audit Committee has established procedures for the receipt, retention and treatment of complaints received by Michael Baker regarding accounting, internal controls or auditing matters. The Audit Committee has oversight of the internal audit function, including reviewing the annual internal audit plan and assessing the internal audit function's performance.

The Audit Committee considers whether the independent registered public accountants' provision of non-audit related services is compatible with maintaining the independence of the independent registered public accountants.

The Audit Committee Report

The Audit Committee is responsible for reviewing Michael Baker's financial reporting process on behalf of the Board of Directors. Management of Michael Baker has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. In the performance of the Audit Committee's oversight function, the Audit Committee meets with management periodically to consider the adequacy of Michael Baker's internal controls and the objectivity of its financial reporting. The Audit Committee meets privately with the independent registered public accountants of Michael Baker, who have unrestricted access to the Audit Committee. Specifically, the Audit Committee reviewed and discussed the consolidated balance sheet of Michael Baker and its subsidiaries as of December 31, 2011, and the related consolidated statements of income, shareholders' investment and cash flows, for the year then ended, with management of Michael Baker and the independent registered public accountants. These consolidated financial statements, which are the responsibility of Michael Baker's management, are included in Michael Baker's annual report to shareholders and in Michael Baker's annual report on Form 10-K as filed with the Securities and Exchange Commission. They have been audited by Deloitte & Touche LLP, independent registered public accounting firm, and their report thereon, which accompanies the consolidated financial statements, is an important part of Michael Baker's reporting responsibility to its shareholders. Based on the Audit Committee's review of the consolidated financial statements and the discussions with Michael Baker's management and the independent registered public accountants, the Audit Committee is responsible for making a recommendation to the Board of Directors of Michael Baker regarding inclusion of the audited financial statements in Michael Baker's annual report on Form 10-K.

The Audit Committee has met with the independent registered public accountants and discussed the matters that they are required to communicate to the Audit Committee by Statement on Auditing Standards No. 114 (*The Auditor's Communication With Those Charged With Governance*) relating to the conduct of the audit. These items include, but are not limited to, significant issues identified during the audit such as management judgments and accounting estimates, accounting policies, proposed audit adjustments, financial statement disclosure items and internal control issues, and if there were any disagreements with management or difficulties encountered in performing the audit.

Michael Baker's independent registered public accountants also provided the Audit Committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee has met with and discussed the independent registered public accountants' independence. The Audit Committee has determined that Deloitte & Touche LLP are independent auditors with respect to Michael Baker within the meaning of the federal securities laws and the rules and regulations thereunder and Rule 3200T of the Public Company Accounting Oversight Board.

Table of Contents

As part of the ongoing oversight process, the Audit Committee, with the advice of legal counsel, Michael Baker's independent registered public accountants and other advisors, has adopted and implemented in a timely manner any new rules and regulations promulgated by the Securities and Exchange Commission and NYSE Amex.

Based on the Audit Committee's review and discussions, the Audit Committee has recommended to Michael Baker's Board of Directors that the aforementioned 2011 audited financial statements be included in Michael Baker's annual report on Form 10-K for filing with the Securities and Exchange Commission.

The Compensation Committee provides assistance to the Board relating to the compensation of Michael Baker's officers and directors. The Committee's principal responsibilities include:

reviewing and approving Michael Baker's compensation philosophy;

The Chief Executive Officer approves salary adjustments for executive officers other than the Chief Executive Officer based on research provided by the Chief Resource Officer. The Committee reviews these salary adjustments and makes a final comparison to verify that the total percentage increase in compensation paid to the executive officers as a group is not disproportionate to the percentage increase applicable to other Michael Baker employee groups. The Compensation Committee periodically reviews market data by reviewing executive compensation surveys compiled by third-party consultants, compensation of an industry peer group and compensation of a group of local companies to assess Michael Baker's competitive position for the components of executive compensation, which include base salary, short-term incentive compensation, and long-term incentive compensation.

The Compensation Committee periodically reviews market data compiled by third-party consultants, along with general industry information and other relevant sources to assess the competitiveness of the Chief Executive Officer's salary.

Pursuant to its charter, the Compensation Committee is authorized to engage compensation consultants of its selection to advise it with respect to Michael Baker's salary and incentive compensation and benefits programs. The Compensation Committee has historically engaged compensation consultants for a variety of purposes. The Compensation Committee regularly reviews data from multiple third party sources in connection with performance of its duties, including data compiled by or provided by compensation consultants. Mercer (US) Inc. (Mercer) assisted in providing information concerning Michael Baker's short-term incentive compensation plan. In 2010, Michael Baker's management engaged Mercer to assist in recommending the compensation of Michael Baker's Chief Executive Officer, and conducted a competitive analysis for its other executive officers based on a variety of sources. The recommendations and competitive analysis provided in 2010 were the basis for the 2011 compensation of the Chief Executive Officer and other executive officers.

Table of Contents

In regard to Michael Baker's non-employee directors, the Compensation Committee also uses data from an industry peer group and local companies and survey data compiled by third-party consultants to assess and determine the level of director compensation. The Compensation Committee also adopts or amends incentive compensation plans and equity award plans in which the executive officers and non-employee directors are participants.

In addition to providing timely notice, any shareholder wishing to recommend a director candidate for consideration must also provide notice in the proper written form to the Secretary of Michael Baker, Airside Business Park, 100 Airside Drive, Moon Township, PA 15108. To be in proper written form, a shareholder must set forth in the notice all information relating to the nominee that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder, and a description of all direct or indirect compensation and other material monetary agreements, arrangements and understandings during the past three years, and any other material relationships, between or among the shareholder making the nomination and the proposed nominee. The Committee believes that Board diversity is an expansive attribute that includes differing points of view, professional experience and expertise, and education, as well more traditional diversity concepts. The Committee considers the candidates' character, integrity, experience, understanding of strategy and policy-setting, and reputation for working well with others. If candidates are recommended by Michael Baker's shareholders, then such candidates will be evaluated using the same criteria. With respect to nomination of continuing directors for re-election, the individual's past contributions to the Board are also considered.

Pursuant to authority granted under its charter, the Governance and Nominating Committee has the authority to hire and pay a fee to a consultant or search firm to assist in the process of identifying and evaluating director candidates. The Committee did not use a consultant or search firm in the last fiscal year and, accordingly, did not pay any fees for identifying director candidates.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

The principal elements of Michael Baker's executive compensation program for 2011 are base salary, short-term incentive compensation, long-term incentive compensation and retirement and other benefits. Michael Baker's philosophy on compensation places a substantial share of overall compensation at risk, thereby rewarding employees based on the overall performance of Michael Baker.

Objectives and Philosophy

The overall objectives of Michael Baker's executive compensation program are:

to attract and retain executive officers and other key employees of outstanding ability, and to motivate all employees to achieve Michael Baker's financial and operational goals;

to ensure that pay is competitive with other leading companies in Michael Baker's industries and local markets;

to reward executive officers and other key employees for corporate, group and individual performance; and

to ensure that total compensation to the executive officers as a group is reasonable and competitive when compared to Michael Baker's size, industry and local markets.

The Compensation Committee believes that executive compensation packages provided by Michael Baker to its executives during 2011, including the named executive officers, were competitive and appropriately rewarded the named executive officers.

Compensation Process

Compensation Committee. The Compensation Committee is composed of three members, Mr. Constantakis, General Foglesong and Dr. Wormley. General Foglesong was appointed Chairman of the Compensation Committee in February 2012. The Compensation Committee approved the 2011 compensation arrangements described in this compensation discussion and analysis. Michael Baker's Board of Directors appoints the Compensation Committee members and delegates to the Compensation Committee the direct responsibility for, among other matters:

reviewing and approving Michael Baker's compensation philosophy;

reviewing and approving the executive compensation programs, plans and awards; and

overseeing Michael Baker's short- and long-term incentive plans and other stock or stock-based plans, as developed.

The Compensation Committee periodically reviews market data through executive compensation surveys compiled by third-party consultants, considering compensation of an industry peer group and compensation of a group of local companies to assess Michael Baker's competitive position for the components of executive compensation, which includes base salary, short-term incentive compensation and long-term incentive compensation.

The Compensation Committee periodically reviews market data compiled by third-party consultants, along with general industry information and other relevant sources to assess the competitiveness of the Chief Executive Officer's salary, and based on this review, as described below,

approves in advance any salary increase for the Chief Executive Officer.

Table of Contents

Role of Compensation Experts. Pursuant to its charter, the Compensation Committee is authorized to engage compensation consultants to advise with respect to Michael Baker's salary and incentive compensation and benefits programs. The Compensation Committee has historically engaged compensation consultants for a variety of purposes. The Compensation Committee regularly reviews data from multiple third party sources, in connection with the performance of its duties, including data compiled by or provided by compensation consultants. Mercer assisted in providing information concerning Michael Baker's short-term incentive compensation plan. In 2010, Michael Baker's management engaged Mercer to assist in recommending the compensation of Michael Baker's Chief Executive Officer, and conducted a competitive analysis for its other executive officers based on a variety of sources. The recommendations and competitive analysis provided in 2010 were the basis for the 2011 compensation of the Chief Executive Officer and other executive officers.

Role of Michael Baker's Executive Officers in the Compensation Process. The Chief Executive Officer approves all salary adjustments for executive officers other than the Chief Executive Officer based on research provided by the Chief Resource Officer.

2011 Say-on-Pay Vote. The Compensation Committee has reviewed and considered the results of the most recent annual shareholder advisory (non-binding) vote on 2010 named executive officer compensation, which was our Say-on-Pay proposal. Approximately 93% of our shareholders who voted on our Say-on-Pay proposal approved our named executive officer compensation as described in the Compensation Discussion and Analysis and tabular disclosure in the 2011 proxy statement. The Compensation Committee believes those results indicate substantial support by our shareholders for our existing named executive officer compensation program, philosophy and process and, accordingly, determined to continue our named executive officer compensation program, philosophy and process, as described in this Compensation Discussion and Analysis.

The shareholders were also given an opportunity to vote on an advisory basis whether the Say-on-Pay proposal should occur every one, two or three years. Approximately 90% of the voting shares were voted in favor of holding the Say-on-Pay advisory vote on an annual basis and, in accordance with this preference, the Board determined that the Say-on-Pay advisory vote will be held on an annual basis.

Compensation Risk Assessment

As part of its oversight, the Compensation Committee considers the impact of Michael Baker's compensation programs, plans and awards, and the incentives created by the compensation awards that it administers, on Michael Baker's risk profile. The Committee reviews the executive compensation policies and procedures, including the incentives the policies and procedures create, and other factors that may affect the likelihood of excessive risk taking, to determine whether Michael Baker's compensation policies and practices present a significant risk to Michael Baker. The Committee also considers the effects of the policies and procedures that exist to mitigate any potential excessive risk taking, including the balance of compensation between cash and equity, short- and long-term performance measures, financial and non-financial measures, and the discretion of the Committee to amend or rescind any of the compensation programs, plans or awards. Based on this review, the Committee has concluded that the risks arising from Michael Baker's compensation programs, plans and awards are not reasonably likely to have a material adverse effect on Michael Baker.

Table of Contents***Components of Compensation***

Michael Baker's 2011 compensation consisted of base salary, short-term incentive compensation and long-term incentive compensation elements primarily structured to reward Michael Baker's executive officers for achieving certain financial and business objectives. In 2011, the compensation of Michael Baker's named executive officers was allocated as follows:

	Base Salary and Other Compensation(1)	Short-Term Incentive Compensation	Long-Term Incentive Compensation
Mr. Mallory	46.8%	6.3%	46.9%
Mr. Zugay	68.8%	7.0%	24.2%
Mr. Greenwood	82.3%	7.5%	10.2%
Mr. Kurgan	66.3%	7.6%	26.1%
Mr. McKnight	67.4%	7.4%	25.2%
Mr. Wiley(2)	78.2%	0.0%	21.8%

(1) Other compensation is disclosed under the "All Other Compensation" column of the summary compensation table below.

(2) Mr. Wiley's base salary and other compensation include amounts paid to him pursuant to his severance agreement which is described in the "Potential Payments on Termination or Change in Control" section below.

Base Salaries. Overall base salary budget recommendations are compiled by the Human Resources department for all divisions of Michael Baker. A preliminary recommendation is communicated to the Compensation Committee for the next calendar year. Human Resources monitors market conditions and makes a final recommendation to the Compensation Committee, with the Committee making the final approval for the next year based on a review of a variety of third party compensation data. For 2011 salaries, the Compensation Committee reviewed such data from Hewitt, Engineering and Construction Compensation Forum (ECCF), Dietrich Surveys (Dietrich), Salary.com, and WorldatWork.

Michael Baker establishes a salary range based on benchmarking for each of its executive officers' salary grade level. The competitive norm for salary ranges for 2011 was established by reviewing data from the third-party consultant surveys including Hewitt, ECCF, Dietrich, Salary.com, and WorldatWork. Consideration was also given to Michael Baker's industry peer group. Michael Baker's industry peer group for benchmarking includes Tetra Tech Inc., Granite Construction, Inc., Oceaneering International, Inc., MasTec, Inc., Insituform Technologies, Inc., ENGlobal Corporation, Sterling Construction Company, Hill International, Inc. and TRC Companies, Inc. In using this group for benchmarking, the Compensation Committee took into consideration that many of the peer group companies have higher market capitalization and/or total revenue than Michael Baker. Finally, consideration was given to comparable local companies to determine if the proposed ranges of executive salaries were in line with the local markets. This benchmarking is performed using local companies such as Mine Safety Appliances Company, Westinghouse Air Brake Technologies Corporation, Koppers Holdings, Inc., and L.B. Foster Company. The use of local companies in addition to survey data and Michael Baker's peer group is based on the philosophy that Michael Baker's executives are hired from a talent pool that is not comprised of only engineering industry executives and that Michael Baker competes in the local market for certain of its executive officer positions. Michael Baker generally establishes its executive officer salary midpoint at the average midpoint determined through this benchmarking process. Based on this benchmarking process, the salary ranges for Michael Baker's executive officers were increased in the aggregate by 2% for fiscal year 2011. Additional information on the specific adjustments to the salaries of individual named executive officers is set forth in the narrative discussion following the Summary Compensation Table and related tables below.

Individual executive officer base salaries for Michael Baker's executive officers other than the Chief Executive Officer are reviewed and approved annually by the Chief Executive Officer, with increases normally to be effective in April of the next fiscal year. The Compensation Committee reviews and approves the annual salary adjustments for the Chief Executive Officer. The position of the executive officer within the salary range

for the executive's position established by the benchmarking process described above and the executive's years in the position, responsibility and contributions to the business are all taken into consideration. Individual salaries may be above or below the midpoint in the established range based on the individual's years in the position, contribution to business results, capabilities and qualifications, potential and the importance of the individual's position to Michael Baker's success. For 2011, the base salary increases for the named executive officers ranged from 0% to 16.74%. The effectiveness of the increases to base salary were delayed from April until October as part of an overall initiative to reduce costs, and are discussed further in connection with the Summary Compensation Table, which follows below.

Short-Term Incentive Compensation. Michael Baker's short-term incentive compensation plan is renewed on an annual basis and is intended to compensate executive officers if financial performance targets are achieved for the preceding fiscal year. The short-term incentive compensation plan contemplates the designation of eligible participants into three groups. Each group may participate in one or more incentive programs that may be administered under the plan. The Committee may, in lieu of the incentive programs described above, elect to grant a bonus to any participant based on any criteria it determines. As in 2009 and 2010, the Compensation Committee elected not to set targets for the named executive officers as a group for the 2011 plan year.

The Compensation Committee considered alternative strategic and financial performance targets, in order to reward employees for outstanding performance during 2011. Based on Michael Baker's 2011 performance, the Compensation Committee recommended and the Board approved a discretionary pool available for distribution of \$3,000,000, of which \$190,000 was paid to the named executive officers and is reflected in the Summary Compensation Table below.

Long-Term Incentive Compensation. Michael Baker's Long-Term Incentive Plan (the LTIP) was adopted by the Board and approved by the shareholders in 2010. The purposes of the LTIP are to:

promote Michael Baker's growth and profitability;

provide officers and other key employees with the incentive to achieve long-term corporate objectives;

attract and retain officers and other key employees of outstanding competence; and

provide such individuals with an opportunity to acquire shares of common stock of Michael Baker.

The LTIP is administered by Michael Baker's Compensation Committee. The Committee has authority to designate the individuals eligible to participate in the LTIP, to grant awards under the LTIP and, subject to the terms of the LTIP, to establish terms and conditions of each award. The Committee also has the authority to interpret the LTIP, to adopt, amend and rescind rules and regulations relating to the LTIP, and to make other determinations and take all actions necessary or advisable for the implementation and administration of the LTIP.

Under the LTIP, the Committee may grant stock options, stock appreciation rights, restricted stock, restricted stock units, performance share units, and other stock-based awards. In determining eligibility of any participant and the number of shares or value of an award, the Committee considers the individual's position and responsibilities, the nature and value of the individual's services, the individual's potential contribution to the success of Michael Baker, and such other factors as the Committee may deem relevant.

The Committee's administration of the LTIP provides for five tiers of participation, or impact levels, with each impact level corresponding to a different level of award. The Committee believes the multiple impact level design gives the Committee the maximum amount of flexibility in determining the appropriate mix of awards to different levels of eligible employees to promote the achievement of Michael Baker's strategic objectives and align the employee's interests with the interests of the shareholders. Currently, each impact level of the LTIP is awarded an amount of restricted stock that is determined by the Committee. The restricted stock awarded to each impact level under the LTIP vests in equal installments on each of the three annual anniversary dates following the date of the award, contingent upon the recipients continued employment at Michael Baker.

Table of Contents

Restricted stock awards are initially subject to the achievement by Michael Baker of certain key performance indicators that are established and approved by the Committee. The key performance indicators are designed to align awards under the LTIP with Michael Baker's achievement of its five year strategic plan. Each key performance indicator is weighted and targets are established for the five year period. The target for any given year has a minimum and a maximum value. The target minimum value represents the key performance indicator level below which no award will be granted. The target maximum value represents the key performance indicator level above which no additional potential awards will be granted.

For fiscal year 2010, the Compensation Committee established revenue, earnings per diluted common share for continuing operations (EPS) and a ratio of earnings before interest, taxes, depreciation and amortization (EBITDA) divided by revenue termed EBITDA Margin as the key performance indicators. The key performance indicators were weighted and a target was set for each. The Committee designated the key performance indicators in an effort to drive performance to achieve Michael Baker's five year strategic plan, and support the shareholder interests of growth and profitability.

Based upon the performance in 2010, an award of restricted stock was made to the LTIP participants in 2011 based on the achievement of 68.5% of the performance targets. The following table describes the total percentage of award based on the achievement by Michael Baker of each of the performance targets:

Key 2010 Performance Indicator	Target	Minimum Target	Actual	Percent of Target Achieved	Weight	Weighted Percent Achieved
EPS	\$ 2.74	\$ 2.19	\$ 1.60		20.0%	
Revenue	\$ 574mm	\$ 459mm	\$ 499.4mm	87.0%	30.0%	26.1%
EBITDA Margin	7.9%	6.3%	6.7%	84.8%	50.0%	42.4%
Total Percent of Target to be Awarded						68.5%

Each named executive officer received an amount under the 2011 award as reflected in the Summary Compensation table below.

Also, on May 25, 2011, the terms of the existing and future Restricted Stock Agreements the LTIP were amended to permit the immediate vesting of awarded but unvested shares in the event a participant is terminated without cause as defined in the LTIP, or the participant voluntarily resigns for Good Cause as defined in the amended Restricted Stock Agreements. These amendments are discussed further in the Potential Payments on Termination or Change of Control section below.

Along with Michael Baker's LTIP, the Board adopted and the shareholders approved Michael Baker's Employee Stock Purchase Plan (the ESPP) in 2010. The purpose of the ESPP is to provide a method whereby employees of Michael Baker, including named executive officers, have an opportunity to purchase shares of Michael Baker common stock through payroll deductions. The ESPP is administered by Michael Baker's Compensation Committee.

Under the ESPP, an eligible employee may elect to purchase shares of Michael Baker common stock by participating during any quarterly purchase period. An eligible employee may authorize a payroll deduction between 1% and 10%, subject to Internal Revenue Code limits applicable to the Plan.

The initial purchase period of Michael Baker's ESPP was from January 1, 2011 to March 31, 2011, with subsequent purchasing periods running consecutively each calendar quarter after the termination of the preceding purchase period. The purchase price of shares of Michael Baker's common stock purchased under the ESPP is discounted to 90% of the closing fair market value of the common stock on the last business day of each purchase period. However, the Committee may change the designated percentage of the discount with respect to any future purchase period, but not below 85%, and the Committee may determine with respect to any prospective purchase period that the purchase price shall be the designated percentage of the lower of (a) the fair market value of Michael Baker common stock on the initial day of the offering period or (b) the fair market value of Michael Baker common stock on the purchase date, which is the last calendar day of the quarter.

Perquisites and Other Personal Benefits. Group life insurance premiums for our executive officers, including our named executive officers, are paid by Michael Baker. The value of these payments is reflected in the Summary Compensation Table below. Prior to February 2011, a club membership available to the executive officers of Michael Baker was held in Mr. Mallory's name, and Mr. Mallory was reimbursed by Michael Baker for the club fees plus a tax gross-up payment in 2011. The club membership was terminated in February 2011.

Stock Ownership Requirements. Michael Baker has a policy that prohibits certain trades by executive officers and directors, including among others, pledging shares of Michael Baker common stock as collateral for a loan, holding shares of Michael Baker common stock in a margin account, making short sales of Michael Baker's common stock, and trading in options of Michael Baker's common stock. In March 2012 the Board approved Corporate Governance Guidelines which provide, among other things, that the Board will adopt stock ownership guidelines for the directors and executive officers generally consistent with the prevailing best practices for peer companies as may be recommended by the Governance and Nominating Committee. The directors and executive officers will be required to meet the requirements on a timetable approved by the Compensation Committee. The specific stock ownership guidelines are being developed by the Governance and Nominating Committee as of the date of this Proxy Statement. As of April 10, 2012, Michael Baker's directors and executive officers as a group owned approximately 3.8% of Michael Baker's outstanding common stock.

Tax Implications of Executive Compensation. Michael Baker's deductions for compensation payable to the named executive officers (other than the Chief Financial Officer) are potentially limited by Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), to the extent the aggregate amount paid to an executive officer exceeds \$1 million, unless it is paid under a predetermined objective performance plan meeting certain requirements, or satisfies one of various other exceptions specified in the Code. Michael Baker generally seeks to preserve the income tax-deductibility of compensation paid to the executive officers. Notwithstanding this general policy, the Compensation Committee retains the authority to authorize compensation arrangements under which not all compensation paid to covered individuals would be tax deductible, if such payments are deemed to be in the best interests of both the Company and its shareholders. All of the compensation paid to the named executive officers in 2011 was fully deductible.

Stock Option Practices. The Compensation Committee has the authority to award stock options under Michael Baker's Long-Term Incentive Plan. However, the Committee has not authorized the award of stock options to named executive officers under the Long-Term Incentive Plan. Under the terms of the plan, the Committee may grant incentive stock options pursuant to Section 422 of the Code, and nonstatutory stock options, which are stock options that do not so qualify. The option price for each stock option may not be less than 100% of the fair market value of Michael Baker common stock on the date the stock option is granted. Fair market value, for purposes of the Long-Term Incentive Plan, is the closing price of Michael Baker common stock on the NYSE Amex Exchange for the date as of which fair market value is to be determined.

A stock option becomes exercisable at such time or times and/or upon the occurrence of such event or events as the Committee may determine. No stock option may be exercised after the expiration of ten years from the date of grant. A stock option to the extent exercisable at any time may be exercised in whole or in part.

The Long-Term Incentive Plan provides standard terms and conditions applicable to stock options and the Committee's discretion with respect to such terms.

Post-termination Compensation. Michael Baker does not generally provide employment or severance agreements to its executive officers. On April 20, 2009, Michael Baker entered into employment continuation agreements which apply in the event of a change of control and are more fully discussed below under the section entitled "Potential Payments on Termination or Change in Control" below, with several of its senior executives, including the named executive officers.

Table of Contents

Severance. The named executive officers are covered under Michael Baker's standard separation policy. While the standard separation policy sets certain amounts that a named executive officer is to receive under the policy, Michael Baker may negotiate the terms of severance agreements with its executive officers based on the facts and circumstances of the separation.

Accrued Vacation. Under Michael Baker's separation policy, employees who leave Michael Baker are entitled to receive payment for any accrued vacation.

Paid up Life Insurance Policy. Under Michael Baker's separation policy, employees who have ten years of service and are at least 55 years of age, including the named executive officers who meet these criteria, and who retire from service at Michael Baker receive a paid up life insurance policy of \$5,000.

Grants of Plan Based Awards for 2011

As discussed in the Compensation Discussion and Analysis section above, Michael Baker did not utilize targets under the 2011 Incentive Compensation Plan. As a result, only discretionary incentive awards were granted under the 2011 Incentive Compensation Plan and \$190,000 were granted to named executive officers. To the extent any awards were made to the named executive officers in prior periods, the discretionary incentive awards are included in the Summary Compensation Table.

As discussed in the Compensation Discussion and Analysis above, based upon Michael Baker's performance in 2010, in which the Company achieved 68.5% of the performance targets, an award was made to participants of the Long Term Incentive Plan in 2011. Employment Continuation Agreements

The named executive officers entered into employment continuation agreements with Michael Baker on April 20, 2009. Under the terms of these agreements, if the executive is employed on the date on which a change of control, as defined in the agreement, occurs, the executive will be entitled to remain employed by Michael Baker until the 24 month anniversary of the change of control, subject to the termination provisions described below. Michael Baker is also required to maintain existing or comparable insurance policies covering such matters at a level of protection that is no less than that afforded under Michael Baker's governing documents in effect immediately prior to the change of control.

If an executive's employment is terminated within the 24 month employment period after a change of control due to death or disability, as defined in the agreement, the executive will receive only the executive's base salary through the date of termination, any vested amounts or benefits under Michael Baker's benefit plans, including accrued but unpaid vacation, and any benefits payable for death or disability under applicable plans or policies. If, after a change of control, an executive's employment is terminated within the 24 month employment period by Michael Baker for cause, as defined in the agreement, or the executive voluntarily terminates his or her employment other than for good reason, as defined in the agreement, the executive will receive only the executive's base salary through the date of termination and any vested amounts or benefits under Michael Baker's benefit plans, including accrued but unpaid vacation. The amounts are subject to further reduction as may be necessary to avoid characterization of amounts as excess parachute payments under the Internal Revenue Code, and no tax gross-up payouts are provided for under the agreements.

Michael Baker will also pay the executive's costs incurred in enforcing the employment continuation agreement if the executive is the prevailing party in a dispute. The agreement also contains requirements and restrictions applicable to the executive's disclosure of Michael Baker confidential information and return of Michael Baker property following a termination of employment.

Long-Term Incentive Plan

Pursuant to Michael Baker's Long-Term Incentive Plan, and as provided in the Restricted Stock Agreements executed in connection with the awards thereunder and described below, the participants of the Long-Term Incentive Plan have the following rights with respect to the restricted stock awarded under the Long-Term Incentive Plan in the event of a termination:

- (a) *Death, Disability or Retirement.* All restrictions placed upon restricted stock shall lapse immediately upon termination of the participant's employment with Michael Baker if such termination is by reason of the participant's death, the disability of the participant covered by a long-term disability plan of Michael Baker then in effect, or if such termination occurs as the result of the participant's retirement under any retirement plan of Michael Baker then in effect.

- (b) *Sale of Business Unit or Subsidiary.* All restrictions placed upon restricted stock shall lapse immediately upon termination of a participant's employment due to the sale of a business unit or subsidiary of Michael Baker by which the participant is employed.
- (c) *Discretion.* The Compensation Committee may in its discretion allow restrictions on restricted stock to lapse prior to the date specified in an award agreement.

In addition to the rights of a participant under the Long-Term Incentive Plan, as described above, the Restricted Stock Agreements executed for each award were amended on May 25, 2011, granting the following additional rights in the event of a termination:

- (i) the restriction on disposition of the restricted stock granted as the award will lapse immediately if the termination of the participant's employment with Michael Baker is without cause as that term is defined below and;
- (ii) the restriction on disposition of the restricted stock granted as the award will lapse immediately if the participant voluntarily terminates their employment with Michael Baker for good reason.

Good reason means the occurrence of any of the following, without the consent of the participant; provided, however, that the participant must provide notice to Michael Baker of any such act or failure to act within 90 days of the initial existence of such act or failure to act, and if Michael Baker remedies and corrects such act or failure to act during the period 30 days following the participant's notice, such act or failure to act shall not constitute good reason under the Restricted Stock Agreement:

- (i) a reduction or adverse alteration in the nature of the participant's position, duties or responsibilities from those in effect on the grant date;
- (ii) the assignment to the participant of duties inconsistent with the participant's position as of the grant date;
- (iii) a reduction by Michael Baker in the participant's base salary as in effect on the grant date, or as the same shall be increased from time to time;
- (iv) Michael Baker requiring the participant to be based at a location in excess of fifty (50) miles from the location where the participant is based on the grant date, or
- (v) any purported termination of the employment of the participant by Michael Baker other than a termination for cause; provided that, for the purpose of the Restricted Stock Agreement a termination for cause shall mean any termination of employment where it can be shown that the participant has (aa) willfully failed to perform his or her employment duties, (bb) willfully engaged in conduct that is materially injurious to Michael Baker, monetarily or otherwise, or (cc) committed acts that constitute a felony under applicable federal or state law or constitute common law fraud; provided, further, that for purposes of the Restricted Stock Agreement no act or failure to act on a participant's part shall be considered willful unless done, or omitted to be done, by him or her not in good faith and without reasonable belief that his or her action or omission was in the best interest of Michael Baker.

Along with the rights described above, the participants under Michael Baker's Long-Term Incentive Plan are granted certain additional rights in the event of a change of control. A Change of Control under the Long-Term Incentive Plan means:

- (i) the acquisition by any individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act or any successor rule thereto) (a Person) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act or any successor rule thereto) of securities of Michael Baker entitling such Person to 30% or more of the combined voting power of the

then outstanding voting securities of Michael Baker entitled to vote generally in the election of directors (the Voting Power); provided, however, that for purposes of this subsection (i), the following acquisitions shall not constitute or cause a Change of Control: (A) any acquisition directly from Michael Baker following which the members of the Board continue to be comprised of at least 51% of Continuing Directors, (B) any acquisition by Michael Baker, or (C) any acquisition by any employee benefit plan, employee stock ownership plan (or any related trust for such plans) sponsored or maintained by Michael Baker or by any corporation controlled by Michael Baker; or

- (ii) Completion of a tender offer to acquire securities of Michael Baker entitling the holders thereof to 30% or more of the Voting Power of Michael Baker, excepting any acquisitions specified in subsection (i), above, that do not constitute or cause a Change of Control; or
- (iii) A successful solicitation subject to Rule 14a-11 under the Exchange Act relating to the election or removal of 50% or more of the members of the Board or any class thereof shall be made by any Person other than the Company or less than 51% of the members of the Board shall be Continuing Directors; or
- (iv) The occurrence of a merger, consolidation, share exchange, division or sale or other disposition of all or substantially all of Michael Baker's assets, and as a result of which the shareholders of Michael Baker immediately prior to such transaction do not hold, directly or indirectly, immediately following such transaction a majority of the Voting Power of (i) in the case of a merger or consolidation, the surviving or resulting company, (ii) in the case of a share exchange, the acquiring company, or (iii) in the case of a division or a sale or other disposition of assets, each surviving, resulting or acquiring company which, immediately following the transaction, holds more than 30% of the consolidated assets of Michael Baker immediately prior to the transaction.

For purposes of this definition, Continuing Directors shall mean a director of Michael Baker who either (i) was a director of Michael Baker immediately prior to the Effective Date or (ii) is an individual whose election, or nomination for election, as a director of Michael Baker was approved by a vote of at least two-thirds of the directors then still in office who were Continuing Directors (other than an individual whose initial assumption of office is in connection with an actual or threatened election contest relating to the election of directors of Michael Baker which would be subject to Rule 14a-11 under the Exchange Act).

Except as otherwise expressly provided to the contrary in an award agreement made under the Long-Term Incentive Plan, in the event the employment of a participant is terminated by Michael Baker without cause within two years after the occurrence of a Change of Control, his or her restricted stock, restricted stock units, and other stock-based awards shall fully vest and, to the extent subject to an exercise right, may be exercised within one year after the date such termination occurred; provided, however, that the restricted stock units, and other stock-based awards shall remain payable on the date(s) provided in the underlying award agreement and provisions of the Long-Term Incentive Plan unless the Change of Control constitutes a change in ownership or effective control of Michael Baker or a change in the ownership of a substantial portion of the assets of Michael Baker under Section 409A of the Code (a 409A Change of Control), in which such case the award shall be payable upon such Change of Control. For purposes of this paragraph, without cause shall mean any termination of employment where it cannot be shown that the employee has (i) willfully failed to perform his or her employment duties for Michael Baker, (ii) willfully engaged in conduct that is materially injurious to Michael Baker, monetarily or otherwise, or (iii) committed acts that constitute a felony under applicable federal or state law or constitute common law fraud. For purposes of this paragraph, no act or failure to act on the participant's part shall be considered willful unless done, or omitted to be done, by him or her not in good faith and without reasonable belief that his or her action or omission was in the best interest of Michael Baker.

Except as otherwise expressly provided to the contrary in an award agreement, if any Change of Control occurs prior to the end of any performance period, all performance criteria and other conditions pertaining to performance share units and other awards under which payments are subject to performance goals shall be

deemed to be achieved or fulfilled on a pro-rata basis for (i) the number of whole months elapsed from the commencement of the performance period through the Change of Control over (ii) the number of whole months included in the original performance period, measured at the actual performance level achieved or, if not determinable, in the manner specified by the Committee at the commencement of the performance period, and shall be waived by Michael Baker. Such awards shall be payable on the date(s) provided in the underlying award agreement and provisions of the Long-Term Incentive Plan unless the Change of Control constitutes a 409A Change of Control, in which such case the Award shall be payable upon such Change of Control.

Notwithstanding the foregoing, the Committee may condition the extension of exercise periods, lapse of restrictions and/or deemed achievement of performance goals upon the occurrence of a 409A Change of Control.

Separation Policy

During 2011, the named executive officers were covered by Michael Baker's standard separation policy. Michael Baker's separation policy provides for severance payments in the event an employee is terminated by Michael Baker other than for cause. While these severance payments are the minimum amounts that the named executive officers would receive under the Company's standard separation policy, Michael Baker may negotiate the terms of severance arrangements with its executive officers based on the facts and circumstances of the separation. Michael Baker's separation policy also provides that the amount of accrued vacation will be paid to employees who leave Michael Baker.

Michael Baker's separation policy also provides that employees who have ten years of service and are at least 55 years of age, including the named executive officers who meet these criteria, and who retire from service at Michael Baker will receive a paid up life insurance policy of \$5,000. As of December 31, 2011, only Mr. Greenwood, Mr. Kurgan and Mr. McKnight meet the requirements and were eligible to receive the fully paid up life insurance policy.

Short-Term Incentive Plan

No post-termination benefits are available under the 2011 Incentive Compensation Plan for voluntary terminations by an individual. Under this plan, any participant whose employment is terminated by Michael Baker involuntarily other than for cause following the end of a plan year will not forfeit such participant's right to any unpaid incentive awards for such plan year. In addition, any participant whose employment is terminated by Michael Baker involuntarily other than for cause after June 30 of a plan year will be entitled to a pro-rated incentive award for the period of employment during such plan year, subject to the discretion of the Compensation Committee, the other terms and conditions of the plan, and the achievement of the applicable performance goals and targets for such period.

- (2) The Termination Subtotal represents the amounts a named executive officer would receive if one of the termination events would occur without a prior change in control. Therefore, the Termination Subtotal does not include the amounts under the employment continuation agreements.
- (3) Under the employment continuation agreements, benefits are only payable upon the occurrence of a double-trigger, which requires a change of control to occur prior to any termination event.
- (4) The payment amounts a named executive officer would receive pursuant to the employment continuation agreement are non-duplicative of any benefits available under any other employment agreement and Michael Baker's severance policy.
- (5) Under the employment continuation agreements, in the event that any benefit payable constitutes a parachute payment within the meaning of Internal Revenue Code Section 280G and would be subject to excise tax imposed by Section 4999 of the Internal Revenue Code, then payments shall be provided either in full or reduced to an amount in which no portion of the benefits would be subject to excise tax, whichever provides the greatest after-tax benefit. The amounts in the table represent the benefits without consideration of reduction to avoid excise tax.
- (6) The Change in Control Double Trigger Termination Total represents the amounts a named executive officer would receive if one of the termination events occurs with a prior change in control. The Change in Control Double Trigger Termination Total includes amounts under the employment continuation agreements, the Long-Term Incentive Plan, and Michael Baker's standard separation policy.

Board of Directors Compensation

Employee directors receive no compensation for their service on the Board of Directors. Each non-employee director of Michael Baker receives an annual cash retainer equal to \$17,000 for his or her services as director. In addition, each such non-employee director is entitled to receive \$1,000 for each Board meeting that he or she attends in person and \$750 for each committee meeting that he or she attends in person. If a non-employee director participates by telephone in a Board meeting or Board committee meeting, then such director is entitled to receive \$100 for each meeting in which they participate. Further, the Chairman of the Board of Directors is entitled to receive an additional annual retainer equal to \$15,000 for his services and \$1,250 for each Board meeting that he attends in person. The chairperson of the Board committees, excluding the Audit Committee Chairman, are entitled to receive an additional annual retainer equal to \$2,500 for services. The Audit Committee Chairman receives an additional annual retainer equal to \$4,500 for services. All non-employee directors are reimbursed for their out-of-pocket expenses incurred in connection with attendance at meetings and other activities relating to the Board or its committees.

During 2011, in support of Baker's cost control efforts, the Board temporarily reduced director compensation by an amount equal to 10% of their total 2010 compensation, including the value of stock options and restricted stock. The temporary reduction was applied to the director's monthly cash retainer on a pro rata basis over the full 12 months of 2011. The temporary reduction went into effect in May 2011 and continued until the director's retainer was reinstated to the full amount in September 2011.

Non-employee directors may participate in the Outside Directors' Deferred Compensation Plan, which provides the opportunity to voluntarily defer all or a portion of an eligible director's compensation. Under this plan, any non-employee director may voluntarily defer their retainer and meeting fees until the sooner of the director's termination of service as a director for any reason, or the date of payment specified by the director in the election deferral form. Payments from the plan are made in a single lump sum, unless the director elects to receive the payments in the form of either five or ten annual installments. The election to receive the payments in annual installments is irrevocable and applies to all future deferrals. The plan also permits the Board to make payments in the case of severe financial hardship, but only to the extent necessary to satisfy the hardship. The deferred compensation is credited
