This section includes information regarding the overall objectives of our compensation program and each element of compensation that we provide. This compensation discussion and analysis is limited to a discussion of compensation and other benefits earned by the named executive officers for their performance in fiscal year 2011.

Overview of Executive Compensation Program

Compensation Philosophy and Objectives

Pendrell believes that the skill, talent, judgment and dedication of its executive officers are critical factors affecting the long-term value of our Company. Therefore, the primary goals for our executive compensation program are to attract and retain qualified executives who are well suited to lead the Company as it evolves and that are able to contribute to our long-term success, induce performance consistent with clearly defined corporate and individual performance goals, and align our executives' long-term interests with those of our stockholders. We believe our executive compensation program provides a solid framework for implementing and maintaining a balanced approach to compensation, has been instrumental in helping us accomplish our business objectives, and is strongly aligned with the long-term interests of our stockholders. In more detail, our compensation program is designed to:

provide effective Board of Directors and Compensation Committee oversight;

avoid rigid or formulaic incentives that could create unintended consequences;

offer compensation to attract, retain and develop individuals with the leadership abilities and skills to successfully execute our business strategy and build long-term stockholder value;

encourage and reward outstanding initiative, achievement and teamwork;

motivate individuals to perform at their highest level;

provide compensation and incentive packages to our executives that are competitive with our current and anticipated peer companies;

emphasize performance-based pay that aligns incentives with the strategic objectives of the Company; and

provide a meaningful ownership stake in the Company to appropriately align executive interests with stockholder interests.

Elements of Compensation

Our executive compensation program consists of the following primary elements: base salary, annual cash bonuses and equity-based compensation awards. Each element is designed to achieve one or more of our Company's performance, retention and alignment goals as described below.

Compensation Element	Designed to Reward	Relationship to Compensation Philosophy
Base Salary	Executive officer's experience, responsibilities, and contributions to the Company	Attract and retain talented executives through competitive pay programs
Annual Cash Bonuses	Achievement of discretionary corporate and individual performance goals	Motivate executives to achieve and exceed annual business and personal objectives
Long-term Equity Incentives	Increased stockholder value through achievement of long-term strategic goals	Align executive and stockholder interests to optimize stockholder return

Edgar Filing: Pendrell Corp - Form 10-K/A

(options and stock awards)

such as revenue growth, return on invested capital and stock price appreciation

Motivate executives to achieve and exceed business objectives

Addressing Risk-Taking

We recognize that incentive-based compensation arrangements may encourage risk-taking by senior management. For this reason, the Compensation Committee regularly assesses our executive compensation program to ensure that our executives' incentive compensation and performance-based compensation does not encourage excessive risk-taking. The Compensation Committee manages this concern by monitoring compliance with our code of ethics, structuring executives' pay to include both fixed and variable compensation, and retaining broad discretion over the award of annual cash bonuses. Through application of these checks and balances, the Compensation Committee has determined that our compensation arrangements do not lend themselves to unnecessary or excessive risk-taking.

Executive Compensation Decision-Making Process

Say on Pay Feedback from Stockholders

At the 2011 annual meeting of stockholders, our stockholders approved, on an advisory basis, the compensation of our named executive officers. The advisory vote received over 82% favorable votes from our stockholders. The Compensation Committee reviewed the vote of the stockholders and, given the significant level of stockholder support, made no changes to our executive compensation policies or decisions as a result of the vote. At the 2011 annual meeting, our stockholders also approved, on an advisory basis, our recommendation for an advisory vote on executive compensation of our named executive officers on an annual basis. Consistent with our recommendation and the approval by our stockholders, on an advisory basis, we have determined to hold an advisory vote on executive compensation of our named executive officers on an annual basis.

Determining Compensation for Chief Executive Officer and Other Named Executive Officers

At the beginning of 2011 and again at mid-year when the majority of our executives were hired, Mr. Wolff and our Compensation Committee jointly developed a set of objectives for Pendrell and its executive officers. These objectives were derived largely from financial and strategic planning sessions, during which in-depth reviews of the Company's opportunities were analyzed and goals then established for the upcoming year. The resulting objectives include both quantitative financial measurements and qualitative strategic and operational considerations that are evaluated subjectively, without any formal weightings, and are focused on factors that our Compensation Committee and our Board of Directors believe create long-term stockholder value.

360 Degree Performance Evaluation Process

At year-end, our Compensation Committee members interviewed each executive team member and reviewed a self-assessment of their performance, their assessment of the Chief Executive Officer's performance, and an assessment of the performance of the other members of our executive team. The Compensation Committee evaluated these assessments along with peer Company data. The Compensation Committee then met with the Chief Executive Officer and received his assessment of executive performance (other than his own performance). After reviewing the performance evaluations, the data and the Chief Executive Officer's recommendations, members of the Compensation Committee then met with our Chief Executive Officer and with our chief people officer to assess the performance of, and determine the compensation of, our executives. The Chief Executive Officer worked closely with the Compensation Committee in this process, but did not participate in determining his own compensation. We believe this 360 Degree review process was effective for 2011, and expect that it will therefore be utilized for future performance evaluations.

Role of Compensation Consultant

From time to time, the Compensation Committee has sought the views of Barney & Barney regarding compensation trends and our compensation programs. In 2011, the Compensation Committee did not request an opinion from Barney & Barney on the amount of compensation paid to our executives, but did obtain its views on the appropriateness of our peer groups, general market practices relating to compensation and benefits for executive officers of public companies. Barney & Barney's services are provided to our Compensation Committee under hourly fee arrangements and not pursuant to a standing engagement.

Peer Companies and Benchmarking

In determining compensation for our named executive officers in 2011, the Compensation Committee compared each compensation component (salary, bonus, and equity), to the components paid to executives in similar positions within certain peer companies, which are determined based on the criteria indicated below.

Named Executive Officer Compensation, Other than Chief Executive Officer. The peer companies used for comparison of the compensation of our named executive officers, other than our Chief Executive Officer, include companies from the Radford Global Technology Survey, referred to as the Radford Survey. For establishing and changing 2011 compensation of our named executive officers (other than the Chief Executive Officer), including Gerry Salemm's full-time compensation adjustment in July, the Compensation Committee considered Radford Survey data for technology companies with revenues between \$200 million and \$500 million. The Compensation Committee chose this revenue range because of its belief that we typically compete with companies at or above this revenue range with respect to the recruiting and retention of employees.

Chief Executive Officer Compensation. When establishing our Chief Executive Officer's full-time compensation commencing July 2011, the Compensation Committee compared data from several sources, relying principally on data from a group of companies within the technology, intellectual property and publicly held private equity industries. Our chief people officer and Compensation Committee selected these companies based on a number of factors, including revenues, stage of development, and market capitalization. The group consisted of:

Acacia Research Corporation	Arbitron Inc.
Boston Private Financial Holdings, Inc.	Constant Contact, Inc.
DG FastChannel	Dice Holdings, Inc.
Evercore Partners Inc.	Fortress Investment Group LLC
Hercules Technology Growth Capital	InterDigital, Inc.
iStar Financial Inc.	LogMeIn, Inc.
NewStar Financial, Inc.	PacWest Bancorp
Rambus Inc.	Silicon Image, Inc.
Sonus Networks, Inc.	Tekelec
Tessera Technologies, Inc.	TiVO Inc

At year-end, with Pendrell's primary operating subsidiary established as a fully-integrated IP investment and advisory firm, our Compensation Committee refined the list of peer companies to include those of comparable size and similar focus. Therefore, when reviewing our Chief Executive Officer's 2011 performance in February 2012, our Compensation Committee reviewed data from the following companies:

Acacia Research Corporation	Dolby Laboratories, Inc.
Dynamic Technology Systems, Incorporated	Immersion Corporation
InterDigital, Inc.	Rambus Inc.
Rovi Corporation	RPX Corporation
Tessera Technologies, Inc.	TiVO Inc.
VirnetX Holding Corporation	

In order to retain the best talent, and to reward superior performance, our Compensation Committee does not rigidly apply competitive compensation data. Instead, the Compensation Committee generally targets median cash compensation for executives at the 50th percentile of the cash compensation paid to executives at peer companies. Actual cash compensation paid may be above or below the targeted range due to a number of factors, including but not limited to: Company and individual performance, differences in responsibilities between executives at peer companies, executives' experience and tenure with the Company, executives' performance, and contributions relative to other executives at the Company. The Compensation Committee also targets median equity compensation for executives at the 50th percentile of the equity compensation paid to executives at peer companies. As with cash compensation, the value of equity compensation grants to particular executives may be above or below the targeted range due to the factors listed above, as well as the following additional factors: perceived limitations in the compensation survey data as it relates to equity compensation, executives' potential future contributions to the Company, executives' expected tenure, and the retention value, or holding power, of existing equity compensation grants.

Executive Compensation Decisions for 2011

General Considerations

In reviewing named executive officers' performance and determining cash and equity compensation bonus awards, the Compensation Committee noted the terms of employment for each named executive officer as set forth in their respective employment letters or agreements, if any, and then focused on the named executive officer's individual responsibilities and performance, as well as the Company's overall performance. The Compensation Committee did not adopt formal guidelines for assessing performance; nor did the Compensation Committee apply formulae to determine the relative mix of compensation elements. As such, the mix of compensation elements may vary from individual to individual.

During its annual performance review in February 2012, the Compensation Committee evaluated executive performance based upon fulfillment of responsibilities, demonstrated leadership, management experience and effectiveness, and Company performance. Specific factors affecting compensation decisions for the Company's named executive officers included:

achievement of strategic objectives such as the development and expansion of our IP investment and advisory business;

Edgar Filing: Pendrell Corp - Form 10-K/A

achievement of specific operational goals for the Company, including sustained progress in furtherance of our IP investment and advisory business;

growth in the value of the Company, as demonstrated by increased stock price;

demonstrated leadership through the establishment and maintenance of productive and effective working relationships with other employees of the Company; and

resolution of issues related to our legacy satellite operations and assets, including successful disposition of satellite assets and progress in the ongoing litigation with Boeing.

The following describes the primary components of our executive compensation program for each of our named executive officers during 2011.

Base Salaries

We provide base salary as a fixed source of compensation for our executives to mitigate the risks associated with variable cash bonuses and stock-based incentive compensation. Our Compensation Committee recognizes the importance of base salary as a tool to attract, retain and reward our named executive officers. This was particularly evident in 2011; a year in which Mr. Wolff and Mr. Salemme agreed to relinquish significant roles with and compensation from Eagle River in order to devote full time efforts to Pendrell, and in which all of our other named executive officers (other than Mr. Leybold, our former interim Chief Financial Officer) were hired as employees. As such, all of our executives base salary determinations were established through arm's-length negotiation at the time of hire or full-time transition.

The annualized base salaries of our current named executive officers at the end of 2011 are set forth below. Actual base salaries earned for our named executive officers in 2011 are reflected under the section Executive Compensation Summary Compensation.

Named Executive Officer and Principal Position	2011 Annualized Base Salary* (as of year-end) (\$)	2010 Annualized Base Salary (as of year-end) (\$)
Benjamin G. Wolff, President and Chief Executive Officer	750,000*	500,000
Thomas J. Neary, Chief Financial Officer	250,000	
R. Gerard Salemme, Chief Strategy Officer	400,000*	
Joseph K. Siino, Chief IP Officer	400,000	
Timothy M. Dozois, Acting General Counsel and Corporate Counsel	250,000	

* Mr. Wolff's base salary at the commencement of 2011 was \$500,000 and Mr. Salemme's base salary upon commencement of his employment was \$300,000. Their salaries were adjusted upward in July 2011 in connection with their commitment to devote full time efforts to Pendrell.

Annual Cash Bonuses

The Compensation Committee has not adopted formal guidelines for determining annual cash bonuses, but is instead guided by each named executive officers' employment letters and an assessment of the individual's performance against stated objectives. All cash bonuses are discretionary, determined by the Compensation Committee based on subjective assessment of individual and Company performance as determined through the 360 Degree evaluation process referenced above. Given the early stage of development our new business initiatives, it was not practical for the Compensation Committee to establish quantitative or formulaic Company-wide performance objectives for 2011. Instead, the Compensation Committee evaluated Pendrell's overall performance against the following qualitative objectives that were established in early 2011:

secure sufficient capital to fund operations;

improve the Company's year over year net cash position;

pursue a successful resolution of the Boeing litigation and establish plans for use of proceeds, if any;

ensure the protection of the Company's tax assets; and

divest legacy satellite business while preserving related assets.

Edgar Filing: Pendrell Corp - Form 10-K/A

Upon the completion of the \$325 million sale of our bankrupt subsidiary, DBSD North America, Inc. (DBSD) to DISH Network Corporation (DISH Network) in March 2011, the Compensation Committee established these additional Company objectives:

develop a strategic plan that preserves, enhances and increases value by leveraging the Company's remaining assets;

assemble a highly skilled management team;

re-position the Company to distance it from its legacy business; and

complete a transaction consistent with the strategic plan.

To determine cash bonuses, the Compensation Committee then assessed executive performance as a function of: (i) the performance objectives indicated above, (ii) the executive's individual objectives for the year, (iii) our Company's major accomplishments, and (iv) successful implementation of our strategic plan.

The resulting cash bonuses for 2011 ranged from 80% of target to 114% of target (with targets established in our named executives' employment letters). The variances in the bonus payments resulted from the Compensation Committee's subjective determinations regarding the extent to which each executive officer contributed to the accomplishment of the Company's stated objectives. In particular, with respect to Mr. Siino, the Compensation Committee considered his important role in assisting to establish the Company's IP business operations.

In addition to the bonuses contemplated by our executives' employment letters, the Compensation Committee approved special one-time bonuses to Ben Wolff and Gerry Salemme for their efforts in connection with the Company's sale of DBSD to DISH Network, which yielded proceeds to the Company of approximately \$325 million. In granting this unique, one-time award, the Compensation Committee noted the extraordinary impact of the DISH transaction on the Company and its future prospects.

The discretionary cash bonuses awarded to our named executive officers (other than Mr. Leybold, our former interim Chief Financial Officer, who did not receive a cash bonus) for 2011 were as follows:

Named Executive Officer	2011	2011	2011
	Annualized Target Bonus \$(1)	Prorated Target Bonus \$(2)	Actual Bonus (\$)
Mr. Wolff	750,000	750,000	1,250,000(3)
Mr. Neary	125,000	55,822	55,822
Mr. Salemme	400,000	353,973	707,946(3)
Mr. Siino	300,000	161,918	185,000
Mr. Dozois	82,500	40,459	32,367

- (1) Reflects target bonuses in effect at the end of 2011 pursuant to each of the executive's employment letters. Mr. Wolff's target bonus at the commencement of 2011 was \$500,000 and Mr. Salemme's target bonus upon commencement of his employment was \$150,000. Their target bonuses were adjusted upward in July 2011 in connection with their commitment to devote full time efforts to Pendrell.
- (2) Reflects prorated target bonuses for each executive officer's partial year of service, based on their annualized base salary in effect at the end of 2011.
- (3) Reflects bonus paid at 100% of target plus the one-time special bonus for completing the DISH transaction.

Long-Term Equity Incentive Compensation

Our long-term incentive program is designed to attract a talented executive team, encourage long-term retention of executive officers and enable us to recognize efforts put forth by executives who contribute to stock price appreciation and development. The periodic vesting of long-term incentive compensation, which is contingent upon continued employment, directly aligns executive officer interests with our stockholders' interests by rewarding creation and preservation of long-term stockholder value.

Stock Options. A stock option is the right for a recipient to purchase a specified number of shares of our Class A common stock at a price designated on the date of grant. Stock options have value only to the extent the price of our stock on the date of exercise exceeds the stock price on the grant date. We believe this factor motivates our executive officers to improve and maintain Company performance, which in turn may drive stock price and increase the value of any unexercised stock options.

Time-Based Restricted Stock Awards. An award of restricted stock, or RSA, entitles the recipient to receive a specified number of shares of our Class A common stock, at no cost to the recipient, if the recipient remains employed with us when the restricted stock vests. We believe restricted stock awards directly link executive officer interests with those of our stockholders because restricted stock value is tied to the market value of our common stock.

Performance-Based Restricted Stock Awards. The Compensation Committee believes that achievement of key corporate goals should directly and materially impact the total compensation opportunity for our named executive officers. As a result, while a small percentage of the RSAs that we issued in 2011 vest over time, more than 92% of the RSAs issued to executives in 2011 vest only upon achievement of ambitious net income and stock price goals.

Stock Appreciation Rights. As a general rule, the Compensation Committee prefers non-cash equity incentives to equity incentives that are settled in cash, and therefore typically does not grant stock appreciation rights, or SARs, to executives. However, in connection with our acquisition of Ovidian Group and the corresponding engagement of Joe Siino as our chief IP officer, Mr. Siino was granted stock appreciation

Edgar Filing: Pendrell Corp - Form 10-K/A

rights that entitle him to additional cash compensation only if both of the following occur: (i) our intellectual property, innovation and technology businesses achieve ambitious net income goals, and (ii) our Class A common stock price exceeds \$6.00 per-share and \$10.00 per-share price goals. The Compensation Committee views Mr. Siino's stock appreciation rights as a unique benefit that was ancillary to the purchase of Ovidian Group, that will be payable only if our team of IP professionals drive significant business growth.

The Compensation Committee awarded the following long-term equity incentive awards to our current named executive officers in 2011 pursuant to the executive officer's employment letter and, in February 2012, in connection with the 2011 annual performance review cycle as described above:

Named Executive Officer	Employment Letter Awards				July 2011		Annual Review	
	Option Time-Based	RSA Time-Based	RSA Performance	SAR Performance	Option Time-Based	RSA Performance	Option Time-Based	RSA Time-Based
Mr. Wolff					950,000	950,000	75,000	150,000
Mr. Neary	150,000		150,000				30,000	50,000
Mr. Salemme	400,000	250,000			700,000	700,000	50,000	100,000
Mr. Siino	1,000,000			850,000			50,000	100,000
Mr. Dozois	150,000		150,000				10,000	20,000

Compensation Mix

For 2011, the mix of the total compensation elements for each of our named executive officers (other than Mr. Leybold, our former interim Chief Financial Officer, who received only a base salary) is as follows:

Percent of Total Compensation*

Named Executive Officer	Base Salary and Other Compensation	Annual Bonus and Non-Equity Incentive Compensation	Equity and Long-Term Incentive Awards
Mr. Wolff	20.2%	38.8%	41.0%
Mr. Neary	31.3%	15.8%	52.9%
Mr. Salemme	10.3%	22.5%	67.2%
Mr. Siino	7.7%	6.6%	85.7%
Mr. Dozois	30.2%	9.4%	60.4%

* The percentage of compensation is determined based on the amounts reported in the Summary Compensation table below. The allocation of a majority of compensation in the form of equity incentive awards reflects the principle that a substantial portion of total compensation should be delivered in the form of contingent compensation to align the interests of our named executive officers with those of our stockholders.

Other Compensation

Employment, Severance and Change in Control Arrangements

Each named executive officer is employed at will. We issued employment letters to each of our named executive officers when they were hired that provide for general employment terms and, in the case of Mr. Wolff, Mr. Salemme and Mr. Dozois, certain benefits payable in connection with a termination of employment under certain circumstances, such as termination without cause, as specified in their employment letters. The terms of these arrangements are described in further detail in the section below titled Potential Payments upon Termination or Change in Control. These severance benefits are intended to ensure that key executives are focused on the Company's goals and objectives, as well as the interests of our stockholders, by removing uncertainties related to unexpected termination of employment.

In addition, all equity grants made to our named executive officers and non-executive employees under our 2000 Stock Incentive Plan, as Amended and Restated (the 2000 Stock Incentive Plan) provide for 100% acceleration in the event that we are subject to a change in control and the equity obligation is not assumed by the acquiring Company.

Health and Welfare Benefits

Edgar Filing: Pendrell Corp - Form 10-K/A

Our executive officers receive the same health and welfare benefits offered to other employees including medical, dental, vision, life, accidental death and dismemberment, and disability insurance; and holiday pay. The same contribution amounts, percentages and plan design provisions are applicable to all employees.

Retirement Programs

The executive officers may participate in the same tax-qualified, employee-funded 401(k) plan offered to all other employees, through which we offered up to \$4,083 in an annual matching contribution for the 2011 plan year that commenced August 1, 2011. We have no defined benefit pension plans or supplemental retirement plans for executives.

Perquisites and Personal Benefits

We do not provide special benefits or other perquisites to any of our named executive officers.

Taxation of Parachute Payments and Deferred Compensation

Sections 280G and 4999 of the Internal Revenue Code (the Code) provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control that exceeds certain prescribed limits, and that we, or a successor, may forfeit a deduction on the amounts subject to this additional tax. Section 409A of the Code (Section 409A) also imposes additional significant taxes on the individual in the event that an executive officer, director or other service provider receives deferred compensation that does not meet the requirements of Section 409A. We do not provide any executive officer, including any named executive officer, with a gross-up or other reimbursement payment for any liability that he or she might owe as a result of the application of Sections 280G or 4999 of the Code. The employment letters with Mr. Wolff and Mr. Salemmé allow the Company to accelerate severance payments to the extent necessary to comply with Section 409A and Mr. Wolff's employment letter provides for a gross up for all taxes or other payments that may be due pursuant to Section 409A.

Other Policies and Considerations

Assessment of Risk in our Compensation Program

The Compensation Committee believes that the annual and long-term equity incentive compensation programs for our executive officers appropriately focus these individuals on our current and future business needs, without encouraging undue risk-taking. The Compensation Committee periodically assesses the Company's compensation program to monitor and mitigate risk. This ongoing assessment includes consideration of the primary design features of the compensation plans and the process to determine incentive compensation eligibility and grant awards for employees. We believe that our compensation policies and practices for all employees, including named executive officers, do not create risks that are reasonably likely to have a material adverse effect on the Company.

Stock Ownership Guidelines

Given the early stage of Pendrell's new business initiatives and the high percentage of executive equity holdings that are not yet vested, we currently do not require our executive officers to own a particular amount of our stock. The Compensation Committee is satisfied that stock and other equity holdings among our executive officers are sufficient at this time to provide appropriate motivation and to align this group's long-term interests with those of our stockholders. However, we may in the future require our executive officers to own a particular amount of our stock, particularly as existing unvested performance based awards begin to vest.

Policies Regarding Granting of Equity Awards

During 2011, equity awards were granted to the Chief Executive Officer and individuals reporting directly to the Chief Executive Officer, during meetings of the Compensation Committee. The grant date for the awards was either (a) the individual's employment start date or (b) the 15th day of the month following the individual's employment start date, as determined by the Compensation Committee.

Our Board of Directors has authorized our Chief Executive Officer, who is also a member of our Board of Directors, to grant stock options and restricted stock awards to certain newly hired employees and consultants, subject to certain limitations, as follows:

the awards will be granted on the 15th day of each month following an individual's employment start date;

the individual cannot report directly to the Chief Executive Officer or be subject to Section 16 reporting requirements;

the total number of shares granted under all awards to an individual during a single period may not exceed certain levels, as approved in advance by the Compensation Committee; and

Edgar Filing: Pendrell Corp - Form 10-K/A

the total number of shares granted under all awards by the Chief Executive Officer during a calendar year may not exceed 1,000,000 shares.

Each stock option must have an exercise price equal to the closing share price on the date of grant. We do not have either a policy or practice in place to grant equity awards that are timed to precede or follow the release or withholding of material nonpublic information.

Tax Deductibility of Executive Compensation

Section 162(m) of the Code (Section 162(m)) generally disallows an income tax deduction to publicly traded companies for compensation over \$1.0 million paid to the Chief Executive Officer or any of the Company's other four most highly compensated

executive officers. Under Section 162(m), the Company may deduct compensation in excess of \$1 million if it qualifies as performance-based compensation, as defined in Section 162(m). Stock options granted under the Company's 2000 Stock Incentive Plan will qualify as performance-based compensation and be exempt from the Section 162(m) deductibility limit provided these stock options are approved by the Compensation Committee and granted in compliance with the requirements of Section 162(m). The Compensation Committee believes that in certain circumstances factors other than tax deductibility take precedence when determining the forms and levels of executive compensation most appropriate and in the best interests of the Company and its stockholders. Given the Company's changing focus and its tax assets, as well as the competitive market for outstanding executives, the Compensation Committee believes that it is important for it to retain the flexibility to design compensation programs consistent with the Company's overall executive compensation program, even if some executive compensation is not fully deductible by the Company. Accordingly, the Compensation Committee may from time to time approve elements of compensation for certain officers that are not fully deductible by the Company, and reserves the right to do so in the future when appropriate.

Policies on Hedging Economic Risk

No director or officer designated by our Board of Directors as a reporting person or insider, and no employee working in any of our corporate offices, may engage in any transaction involving the Company's securities or securities of certain companies with whom we transact business (including a stock plan transaction such as an option exercise, a gift, a loan or pledge or hedge, a contribution to a trust, or any other transfer), without first obtaining pre-clearance of the transaction from our legal department.

Recovery of Incentive-Based Compensation

We recognize that our compensation program will be subject to the forthcoming rules and regulations to be promulgated by SEC as a result of Section 954 of the Dodd-Frank Act, which directs the SEC to issue rules prohibiting the listing on any national securities exchange of companies that do not adopt a policy providing for the recovery from any current or former executive officer of any incentive-based compensation (including stock options) awarded during the three-year period prior to an accounting restatement resulting from material noncompliance of the issuer with financial reporting requirements. We intend to adopt such a clawback policy which complies with all applicable standards when such rules become available.

- (1) The equity awards were approved by the Compensation Committee prior to the executive officer's start date; the grant dates for these awards were the later of (a) the approval date; (b) the employment start date; or (c) such later date as determined by the Compensation Committee.
- (2) These performance-based restricted stock awards may vest in four (4) 25% increments following the one year anniversary of the grant date, upon achievement of four (4) different performance targets, each of which independently triggers a vesting event as to 25% of the restricted shares. If any one of, or all of, the performance targets are not met within seven years, the unvested awards will be forfeited.
- (3) Mr. Salemme's restricted stock award vests in four equal annual installments beginning March 4, 2012.
- (4) The stock options awarded to Mr. Wolff, Mr. Salemme, Mr. Siino and Mr. Dozois vest in four equal annual installments beginning June 17, 2012; Mr. Neary's stock option vests in four equal annual installments beginning July 21, 2012.
- (5) The exercise price is the closing sales price of our common stock on NASDAQ on the grant date.
- (6) Reflects the grant date fair value computed in accordance with applicable accounting guidance for the stock and option awards. See footnote (1) to the Summary Compensation table above for further information on the performance based restricted stock awards and stock appreciation rights granted in 2011.
- (7) The stock appreciation rights granted to Mr. Siino were awarded at a substantially higher base price than our current stock price, and will only vest in the event the Company achieves certain net income goals for a period of two consecutive calendar years and can be settled only in cash. As such, these stock appreciation rights do not diminish the shares available for issuance under our 2000 Stock Incentive Plan. In order for Mr. Siino to realize any value from the awards upon achievement of the net income goals, the Company's stock price will need to be in excess of the \$6.00 and \$10.00 base price of each award. If the performance conditions are not met within seven (7) years or if the Company's stock price is not in excess of the respective base price at the time such net income goals are achieved, the awards will be

forfeited.

Pension Benefits

During 2011, the Company did not provide pension benefits for any named executive officer.

Non-Qualified Deferred Compensation

During 2011, the Company did not provide non-qualified deferred compensation benefits for any named executive officer.

Potential Payments Upon Termination or Change in Control

The following summaries and tables set forth certain compensation that would have become payable under existing plans and arrangements if the named executive's employment had terminated on December 31, 2011.

Change in Control

All employees, including the named executive officers, are entitled to acceleration of the shares underlying their stock option grants upon the occurrence of certain events. Specifically, under the terms of the 2000 Stock Incentive Plan, in the event of a Corporate Transaction (as defined in the 2000 Stock Incentive Plan), outstanding awards will either automatically vest, or, depending on the type of Corporate Transaction, may be replaced with essentially equivalent awards from the surviving entity in the Corporate Transaction.

Termination

Mr. Wolff, Mr. Salemme and Mr. Dozois are the only named executive officers who have severance provisions in their employment letters that may be triggered upon termination of employment. The following descriptions are based upon the terms of each such employment letter:

Benjamin G. Wolff. Mr. Wolff's employment is at-will, and he is subject to termination with or without cause. However, if we terminate Mr. Wolff without Cause, or if he terminates his employment due to Disability or resigns from the Company for Good Reason (as those terms are defined in his employment letter), upon execution of a release of claims, he is entitled to: (i) payment of an amount equal to two times the sum of his base salary then in effect (which is currently \$750,000) plus 100% of his target bonus (which is currently \$750,000); provided that the payments will be accelerated to the extent necessary to comply with Section 409A, plus a full gross up for all taxes and other payments that may be due pursuant to Section 409A; (ii) continuation of health benefits for up to two (2) years; and (iii) vesting of all options and shares of restricted stock in which he would have vested had he remained actively employed through the second anniversary of the date of termination (with the exception of the July 5, 2011 grant of performance based restricted stock).

R. Gerard Salemme. Mr. Salemme's employment is at-will, and he is subject to termination with or without cause. However, if we terminate Mr. Salemme without Cause, or if he terminates employment due to Disability or resigns from the Company for Good Reason (as those terms are defined in his employment letter), upon execution of a release of claims, he is entitled to: (i) payment of an amount equal to his base salary then in effect (which is currently \$400,000) plus 100% of his target bonus (which is currently \$400,000); provided that the payments will be

Edgar Filing: Pendrell Corp - Form 10-K/A

accelerated to the extent necessary to comply with Section 409A and (ii) vesting of all options and shares of restricted stock in which he would have vested had he remained actively employed through the second anniversary of the date of termination (with the exception of the July 5, 2011 grant of performance based restricted stock).

Timothy M. Dozois. Mr. Dozois' employment is at-will, and he is subject to termination with or without cause. However, if we terminate Mr. Dozois without Cause, or if he resigns from the Company for Good Reason (as those terms are defined in his employment letter), upon execution of a release of claims, he is entitled to payment of an amount equal to his base salary then in effect (which is currently \$250,000).

Estimated Payments

The tables below set forth potential benefits that each named executive officer would be entitled to receive upon termination of employment or change in control in the situations outlined above. These disclosed amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the named executive officers at the time they become eligible for payment. The amounts shown in the table are the amounts that could be payable under existing plans and arrangements if the named executive officer's employment had terminated at December 31, 2011. Values for equity awards are based on our closing price on December 30, 2011, the last business day of the calendar year. The table below does not include amounts to which the named executive officers would be entitled that are already described in the compensation tables appearing earlier in this Amendment, including the value of equity awards that have already vested.

Name	Change in Control	Employment Termination Events (2)			Total	
	Accelerated Vesting of Equity Awards	Severance Payment(3)	Accelerated Vesting of Equity Awards	Health Insurance Coverage	Change in Control	Termination
Mr. Wolff	\$ 7,743,625	\$ 2,250,000	\$ 3,971,625	\$ 48,103	\$ 7,743,625	\$ 6,269,728(4)
Mr. Neary	\$ 384,000	\$ 0	\$ 0	\$ 0	\$ 384,000	\$ 0
Mr. Leybold(1)						
Mr. Salemme	\$ 2,787,800	\$ 800,000	\$ 265,360	\$ 0	\$ 2,787,800	\$ 1,065,360
Mr. Siino	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0	\$ 0
Mr. Dozois	\$ 407,850	\$ 250,000	\$ 0	\$ 0	\$ 407,850	\$ 250,000

- (1) Mr. Leybold, our former interim Chief Financial Officer, was not entitled to any of the above benefits upon change in control or termination as he was engaged indirectly by the Company under a consulting fee arrangement with Tatum LLC.
- (2) As described above, Mr. Wolff, Mr. Salemme and Mr. Dozois are entitled to certain severance payments in the event they are terminated without Cause, or if they resign from the Company for Good Reason (as those terms are defined in their employment letter); Mr. Wolff and Mr. Salemme are also entitled to these payments in the event their employment is terminated due to Disability (as defined in their employment letter).
- (3) Mr. Wolff's severance payment is equal to two times the sum of his annual base salary plus 100% of his annual target performance bonus; Mr. Salemme's severance payment is equal to the amount of his annual base salary plus 100% of his annual performance bonus; Mr. Dozois's severance payment is equal to the amount of his annual base salary.
- (4) The total amount Mr. Wolff would be entitled to receive in the event of certain termination events (as described above), does not include a gross up amount for taxes that may become due under 409A.

Overview of Director Compensation Program**Compensation Earned by Non-Employee Directors During the First Half of 2011**

Pursuant to the Board of Directors Compensation Policy in effect during the first half of 2011, each director determined to be independent within the meaning of the applicable NASDAQ listing standards, received an annual retainer of \$30,000, payable in quarterly installments of \$7,500. Our directors did not receive any additional fees for their committee service or number of meetings attended.

Compensation Earned by Non-Employee Directors During the Second Half of 2011

During the second half of 2011, a new Board of Directors Compensation Policy (the 2011 Policy) was adopted which provides for (i) an annual retainer of \$250,000, paid annually, to our Board of Directors Chair and (ii) an annual retainer, paid quarterly, to each of our independent directors (who are not the paid Board of Directors Chair) for their Board of Directors and committee service, as follows:

Board of Directors and Committee Service	Annual Retainer
Independent Director	\$ 50,000
Audit Committee Chair	\$ 20,000
Compensation Committee Chair	\$ 20,000
Nominating and Governance Committee Chair	\$ 15,000*

Edgar Filing: Pendrell Corp - Form 10-K/A

Audit Committee Member	\$	8,000
Compensation Committee Member	\$	8,000
Nominating and Governance Committee Member	\$	8,000*

* Fees for Nominating and Governance Committee Chair and Members approved in February 2012 for their service period commencing January 1, 2012.

The annual retainer earned by our independent directors is paid in four equal quarterly installments on or about the first day of July, October, January and April to those directors who served on our Board of Directors through the end of the applicable period. Non-employee directors are also reimbursed for customary and usual travel expenses incurred attending company meetings.

The 2011 Policy also provides for the grant of stock options to our independent directors under the terms of our 2000 Stock Incentive Plan. All independent directors receive an initial option to purchase 75,000 shares of Class A common stock, vesting over four equal annual installments. In addition, all independent directors receive an annual option to purchase 60,000 shares of Class A common stock on October 1 of each year, vesting 100% on the one-year anniversary. All options granted have an exercise price equal to the fair market value of our Class A common stock on the date of grant, have a term of 10 years and fully accelerate following a change in control, if they are not assumed or substituted by the successor company.

To further align the interests of our directors with the interests of our stockholders, our non-employee directors may elect to receive all or part of their director fees in the form of Class A common stock. The Class A common stock portion of the payment of the fee earned each quarter is issued on the first trading day of the following quarter. The number of shares issued is equal to the amount of the fee that would have been paid to the non-employee director during the preceding quarter divided by the fair market value of a share of Class A common stock (the closing price of our stock as reported on NASDAQ) on the final business day of the quarter for which payment is earned. Only whole numbers of shares of Class A common stock are issued; fractional shares are paid in cash.

Director Compensation for 2011

The table below sets forth certain information regarding the compensation earned by, or awarded to, each non-employee director who served on our Board of Directors in 2011. During 2011, Messrs. Wolff and Salemme were each employees of Pendrell, so were not compensated for their services as directors of the Company. We also reimburse directors for reasonable travel and accommodation expenses incurred in connection with Company business, the values of which are not included in the table below.

Name	Fees Earned	Option	Total
	or Paid in Cash(1)	Awards (3)(4)	
Richard P. Emerson	\$ 44,000	\$ 66,000	\$ 110,000
Richard P. Fox	\$ 54,000	\$ 66,000	\$ 120,000
Nicolas Kauser(5)(6)	\$ 12,500	\$ 66,000	\$ 78,500
Craig O. McCaw(6)	\$ 250,000	\$	\$ 250,000
Stuart M. Sloan	\$ 44,000	\$ 66,000	\$ 110,000
H. Brian Thompson	\$ 54,000	\$ 66,000	\$ 120,000
Barry L. Rowan(7)	\$ 15,000	\$	\$ 15,000

- (1) Director fees were paid at the end of the quarter for which services were provided. As noted above, beginning with third quarter, directors may elect to receive all, or a portion of, their cash compensation in the form of stock. The amounts in the Fees Earned or Paid in Cash column represent the amounts paid to directors in the form of cash, unless otherwise indicated as follows:

Name	Fees Earned or Paid in Cash			Total
	Fees Paid in Cash	Stock in Lieu of Cash (#)	Value of Stock (2)	
Richard P. Emerson	\$ 15,000	12,108	\$ 29,000	\$ 44,000
Richard P. Fox	\$ 34,000	8,350	\$ 20,000	\$ 54,000
Craig O. McCaw	\$	90,909	\$ 250,000	\$ 250,000
Stuart M. Sloan	\$ 15,000	12,108	\$ 29,000	\$ 44,000
H. Brian Thompson	\$ 34,502	8,141	\$ 19,498	\$ 54,000

- (2) The Value of Stock column reflects the value of the stock issued in lieu of cash based on the closing market value of our common stock on the last trading day of the quarter in which the fees were earned.

Edgar Filing: Pendrell Corp - Form 10-K/A

- (3) Amounts reported reflect the grant date fair value of each stock option granted during 2011 computed in accordance with ASC 718, excluding estimated forfeitures. See Note 8 to our consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011, for the assumptions underlying the grant date fair value. The amounts reported do not reflect the compensation actually received by the directors. There can be no assurance that stock options will be exercised (in which case no value will be realized by the individual) or that the value on vesting of exercise will approximate the compensation expense recognized by the Company.

- (4) The aggregate number of stock option awards outstanding held by each director (representing unexercised stock options, both vested and unvested) at December 31, 2011, is as follows:

Name	Number of Shares Subject to Outstanding Option Awards
Richard P. Emerson	210,000
Richard P. Fox	285,000
Nicolas Kauser	220,000
Craig O. McCaw	300,000
Stuart M. Sloan	185,000
H. Brian Thompson	380,000
Barry L. Rowan(6)	375,000

- (5) Mr. Kauser did not receive director fees until the fourth quarter of 2011, when the Board of Directors determined that he was independent under applicable NASDAQ listing standards.
- (6) Although Mr. McCaw and Mr. Kauser did not begin receiving director fees until the third and fourth quarter, respectively, of 2011, the Company's advisory services agreement with Eagle River was in effect until July 2011. This agreement required (i) payment of an annual fee of \$500,000 in quarterly installments in stock or cash, and (ii) reimbursement of out-of-pocket expenses. The Company elected to make all quarterly payments in Class A common stock, and total payments for the year ended December 31, 2011 were 105,595 shares of Class A common stock and \$100,000 in reimbursable expenses.
- (7) Mr. Rowan did not stand for re-election to the Board of Directors at our June 2011 meeting. The amount reported in the Fees Earned or Paid in Cash column reflects a partial year of service. Mr. Rowan did not receive any option awards during 2011. Upon Mr. Rowan's departure, the Committee approved the continued vesting of his outstanding option awards for a period of two years following the date he ceased providing services as a director.

Compensation Committee Interlocks and Insider Participation

The Board of Directors currently has a Compensation Committee consisting of Messrs. Fox, Sloan and Thompson. The Compensation Committee of the Board of Directors was established by the Board of Directors to: (i) act on behalf of the Board of Directors in fulfilling the Board of Director's responsibilities to oversee the Company's compensation policies, plans and programs; (ii) review and determine the compensation to be paid to the Company's executive officers and directors; (iii) review the Compensation Discussion and Analysis (CD&A) with management and make a recommendation as to whether the CD&A should be included in the Company's annual report and/or proxy statement; (iv) prepare and review the Compensation Committee Report included in the Company's annual report and/or proxy statement in accordance with applicable rules and regulations of the SEC in effect from time to time; and (v) perform such other functions as may be deemed necessary or convenient in the efficient and lawful discharge of the foregoing. The charter grants the Compensation Committee members full access to all books, records, facilities and personnel of the Company, as well as the authority to obtain, at the expense of the Company, advice and assistance from internal and external legal, accounting or other advisors and consultants and other external resources that the Compensation Committee considers necessary or appropriate in the performance of its duties. In particular, the Compensation Committee has the authority to retain compensation consultants to assist in its evaluation of executive and director compensation, including the authority to approve the consultants' reasonable fees and other retention terms.

No member of the Compensation Committee is, or was during 2011, an officer or employee of Pendrell, and none of the Company's executive officers serves, or during 2011 served, as a member of a compensation committee (or other Board of Directors committee performing equivalent functions) of any entity that has one or more executive officers serving as a member of the Company's Compensation Committee. No member of the Compensation Committee is a former officer of the Company, nor does any executive officer of the Company serve as a director of any entity that is in any manner affiliated with a member of the Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this annual report on Form 10-K/A (amendment no. 1). Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this annual report on Form 10-K/A (amendment no. 1). **The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any filing of the Company the Securities Act of 1933, as amended or the Securities Exchange Act of 1934, as amended.**

To assist with the identification of potential related-party transactions, we solicit information through questionnaires in connection with the appointment of new directors and executive officers and on an annual basis with respect to existing directors and executive officers.
