Item 1.01. Entry into a Material Definitive Agreement

On September 6, 2012, we entered into an underwriting agreement with Stifel, Nicolaus & Company, Incorporated acting severally on behalf of itself and the underwriters named in Schedule I thereto, pursuant to which we agreed to sell, and the underwriters agreed to purchase for resale to the public, subject to the terms and conditions expressed therein, 1,600,000 shares of our common stock at a price to the public of \$33.50 per share. Pursuant to the underwriting agreement, we also granted to the underwriters a 30-day option to purchase up to an additional 240,000 shares from us to cover any over-allotments. We expect the offering to close on or about September 11, 2012, subject to the satisfaction of customary closing conditions, and expect that the net proceeds from the offering will be approximately \$50.2 million after deducting the estimated underwriting discount and the estimated offering expenses payable by our company. The underwriting agreement provides that we will indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933.

The shares are being offered and sold pursuant to a prospectus supplement dated September 6, 2012 and an accompanying base prospectus dated June 26, 2012, pursuant to our existing shelf registration statement on Form S-3 (File No. 333-182097) that was declared effective by the Securities and Exchange Commission on June 26, 2012. The opinion of our counsel regarding the validity of the shares is filed herewith as Exhibit 5.1.

The foregoing description of the underwriting agreement is not complete and is qualified in its entirety by reference to the full text of the underwriting agreement, a copy of which is filed as Exhibit 1.1 to this current report on Form 8-K and is incorporated by reference herein. The underwriting agreement has been filed with this current report on Form 8-K to provide investors and security holders with information regarding its terms. It is not intended to provide any other factual information about our company. The representations, warranties and covenants contained in the underwriting agreement were made only for purposes of such agreement and as of specific dates and were solely for the benefit of the parties to such agreement, and may be subject to limitations agreed upon by the contracting parties. The representations and warranties have been made for the purposes of allocating contractual risk between the parties to the agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Investors are not third-party beneficiaries under the underwriting agreement and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of our company or any of our subsidiaries or affiliates. Moreover, information concerning the subject matter of the representations and warranties may change after the date of the underwriting agreement, which subsequent information may or may not be fully reflected in our public disclosures.
