DENISON MINES CORP. ANNOUNCES AGREEMENT

TO ACQUIRE JNR RESOURCES INC.

Toronto, ON, November 14, 2012 Denison Mines Corp. (**Denison**) and JNR Resources Inc. (**JNR**) are pleased to announce the signing of an acquisition agreement (the **Acquisition Agreement**) pursuant to which Denison will offer to acquire all of the issued and outstanding common shares of JNR (the **JNR Shares**) by way of a friendly take-over bid (the **Offer**). Under the terms of the Offer, JNR shareholders will receive 0.073 of a Denison common share (a **Denison Share**) for each JNR Share deposited under the Offer, provided that no fractional Denison Shares will be issued (the **Exchange Ratio**). The Offer represents a premium of 53% based on the 20-day volume weighted average share prices of both companies on the TSX and the TSX-V as of November 13, 2012, and a 55% premium to the closing prices immediately prior to announcement. The Offer values JNR at approximately \$10 million. Upon completion of the transaction, shareholders of JNR will own 2.0% of Denison.

The board of directors of JNR, after consulting with its financial and legal advisers, has unanimously approved entering into the Acquisition Agreement and unanimously recommends that JNR shareholders tender their shares pursuant to the Offer. JNR's board of directors has received a fairness opinion from its financial advisor that the consideration offered by Denison for the JNR Shares under the Offer is fair, from a financial point of view, to JNR shareholders. In addition, in conjunction with the Acquisition Agreement, certain directors and officers of JNR are entering into lock-up agreements with Denison, which together represents approximately 4.5% of the issued and outstanding JNR Shares.

We believe that the acquisition of JNR is a logical consolidation step for Denison and advances our goal to become the preeminent exploration company in the Athabasca Basin. commented Lukas Lundin, Chairman of Denison.

JNR is excited to combine with long-time multiple joint-venture partner, Denison. We believe this transaction provides our shareholders with excellent value for our current assets, along with continued exposure to future exploration success. said Rick Kusmirski, President & Director of JNR.

As part of this transaction, Denison also intends to offer replacement warrants and options to holders of outstanding JNR warrants and options on similar terms as adjusted by the Exchange Ratio.

The Acquisition Agreement provides for, among other things, a non-solicitation covenant on the part of JNR, a right in favour of Denison to match any superior proposal and a termination fee of \$325,000 payable to Denison in certain circumstances, including if JNR accepts a superior proposal.

The Offer is expected to be made pursuant to a take-over bid circular and related documents are to be mailed to JNR shareholders in accordance with applicable laws (all subject to the terms and conditions of the Acquisition Agreement). The Principal shall be payable in full on the termination of the Acquisition Agreement by either party thereto for any reason at any time (the **Due Date**).
