GENERAL INFORMATION

Solicitation by the Board of Directors

This proxy statement is being sent on or about March 25, 2013, in connection with the solicitation by the Board of Directors of Trustmark Corporation (Trustmark) of proxies to be voted at the 2013 Annual Meeting of Shareholders (the Annual Meeting) and at any adjournment or postponement thereof for the purposes set forth in the foregoing Notice of Annual Meeting of Shareholders.

Trustmark is furnishing this proxy statement over the Internet to most shareholders to lower the cost of this solicitation, expedite receipt of this proxy statement by shareholders and help conserve natural resources. These shareholders will not receive printed copies of the proxy statement and proxy card, and instead will receive a Notice of Internet Availability containing instructions on how to access the proxy materials over the Internet. If you received a Notice of Internet Availability, for additional information please see [Availability of Proxy Materials](#) on page 42.

Meeting Location, Date and Time

The Annual Meeting will be held in the Trustmark Conference Center at the Mississippi Sports Hall of Fame, located at 1152 Lakeland Drive, Jackson, Mississippi 39216, on Tuesday, May 7, 2013, at 9:00 a.m. To obtain directions to attend the meeting, contact the Secretary at 1-601-208-5088 or toll-free at 1-800-844-2000 (extension 5088).

Shareholders Entitled to Vote

Shareholders of record at the close of business on March 19, 2013, are entitled to notice of and to vote at the meeting in person or by proxy. On the record date, Trustmark had outstanding 67,658,795 shares of common stock.

Required Vote

A majority of the shares outstanding and entitled to vote constitutes a quorum. The ten candidates who receive the highest number of affirmative votes will be elected as directors. In the election of directors, each shareholder may vote his shares cumulatively by multiplying the number of shares he is entitled to vote by the number of directors to be elected. This product constitutes the number of votes the shareholder may cast for one nominee or distribute among any number of nominees. For all other proposals, each share is entitled to one vote on each proposal. Any such proposal, including the advisory vote to approve Trustmark's executive compensation and ratification of the selection of KPMG LLP (KPMG) as independent auditor, will be approved if the votes cast in favor of the proposal exceed the votes cast opposing the proposal, if a quorum is present. While abstentions and broker non-votes are

counted as shares present at the meeting for purposes of determining a quorum, they are not otherwise counted and, therefore, will have no effect on the outcome of the election of directors or any other proposal.

Applicable rules determine whether proposals presented at shareholder meetings are routine or non-routine. If a proposal is routine, a bank, broker or other holder of record which holds shares for an owner in street name generally may vote on the proposal without receiving voting instructions from the beneficial owner. If a proposal is non-routine, the bank, broker or other holder of record generally may vote on the proposal only if the beneficial owner has provided voting instructions. A broker non-vote occurs when a broker or other entity returns a signed proxy card but does not vote shares on a particular proposal because the proposal is not a routine matter and the broker or other entity

has not received voting instructions from the beneficial owner of the shares. The ratification of the selection of KPMG as independent auditor is considered a routine matter, while the election of directors and the advisory vote to approve Trustmark's executive compensation are considered non-routine matters.

All valid proxies received by Trustmark will be voted in accordance with the instructions indicated in such proxies. If no instructions are indicated in an otherwise properly executed proxy, it will be voted FOR the director nominees named in Proposal 1, FOR approval of Trustmark's executive compensation in Proposal 2, FOR ratification of the selection of KPMG as independent auditor in Proposal 3 and on all other matters in accordance with the recommendations of the Board of Directors of Trustmark.

How to Vote

Shareholders of record can vote in person at the Annual Meeting or by proxy without attending the Annual Meeting.

To vote by proxy:

- (1) If you received a printed copy of the proxy statement, complete the enclosed proxy card, sign, date and return it in the enclosed postage-paid envelope, or
- (2) Vote by Internet (instructions are on the proxy card or the Notice of Internet Availability).

If you hold your shares through a bank, broker or other holder of record, your bank, broker or agent will provide materials and instructions for voting your shares. If you hold your shares through a bank, broker or other holder of record, and you plan to vote in person at the meeting, you should contact your bank, broker or agent to obtain a legal proxy or broker's proxy card and bring it to the meeting in order to vote in person.

You will receive multiple Notices of Internet Availability or printed copies of the proxy materials if you hold your shares in different ways (e.g., individually, by

Table of Contents

joint tenancy, through a trust or custodial account, etc.) or in multiple accounts. Please vote the shares represented by each Notice of Internet Availability or proxy card you receive to ensure that all of your shares are voted.

Revocation of Proxies

A shareholder of record may revoke a proxy at any time before it is voted by written notice to the Secretary, by revocation at the meeting, by delivery to the Secretary of a subsequently dated proxy card or by submitting a later vote by Internet (instructions are on the proxy card or the Notice on Internet Availability). In the case of multiple submissions regarding the same shares, the proxy with the latest date will be counted.

If you hold your shares through a bank, broker or other holder of record, you should contact your bank, broker or agent to revoke your proxy or change your vote.

Voting on Other Matters

The Board of Directors is not aware of any additional matters to be brought before the meeting. If other matters do come before the meeting, the persons named in the accompanying proxy or their substitutes will vote the shares represented by such proxies in accordance with the recommendations of the Board of Directors of Trustmark.

Cost of Proxy Solicitation

Solicitation of proxies will be primarily by mail and electronic delivery. Associates of Trustmark and its subsidiaries may be used to solicit proxies by means of telephone or personal contact but will not receive any additional compensation for doing so. Banks, brokers, trustees and nominees will be reimbursed for reasonable expenses incurred in sending proxy materials to the beneficial owners of such shares. The total cost of the solicitation will be borne by Trustmark.

CORPORATE GOVERNANCE

Trustmark's governance structure enables the Board of Directors (the Board) to effectively and efficiently address key, specific issues such as business growth, human capital and technology, among others. This is accomplished through four standing Board committees and through the effective utilization of the directors' combined wisdom and diverse experience and business knowledge.

Provisions of Trustmark's governance structure include, among other things, a mandatory retirement age of 68, a minimum ownership of Trustmark stock, required

notification of changes in professional responsibilities and residence, a directors' attendance policy, as well as the authority to seek advice or counsel from external advisers on an as-needed basis.

Board Mission

The role of the Board is to foster Trustmark's long-term success consistent with its fiduciary responsibilities to shareholders. As part of this role, Trustmark's Board is responsible for:

Providing strategic guidance and oversight,
Acting as a resource on strategic issues and in matters of planning and policy-making,
Ensuring that management's operations contribute to Trustmark's financial soundness,
Promoting social responsibility and ethical business conduct,
Providing insight and guidance on complex business issues and problems in the banking and financial services industries,
Ensuring that an effective system is in place to facilitate the selection, succession planning and compensation of the Chief Executive Officer (CEO), and
Ensuring Trustmark's compliance with all relevant legal and regulatory requirements.

The Board has adopted, and annually reviews, formal charters for the Board and its committees to address the governance guidelines and responsibilities of each. Likewise, the Board has adopted codes of conduct/ ethics for directors, senior financial officers (including the CEO) and associates. These materials are available on Trustmark's website at www.trustmark.com or may be obtained, without charge, by written request addressed to the Secretary of the Board, Trustmark Corporation, Post Office Box 291, Jackson, MS 39205.

Meetings of the Board of Directors

The Board met five times in 2012. Each director attended at least 75% of the total number of meetings of the Board and Board committees of which the director was a member in 2012.

Director Attendance at the Annual Meeting

Directors are expected to attend the annual meeting of shareholders, and in 2012, six of the nine then serving directors were present.

Table of Contents

Director Independence

The Board has affirmatively determined that the following directors and director nominees are independent directors (within the meaning of Rule 5605(a)(2) of the NASDAQ Listing Rules):

Adolphus B. Baker

John M. McCullouch

Toni D. Cooley

Richard H. Puckett

Daniel A. Grafton

R. Michael Summerford

David H. Hoster II

LeRoy G. Walker, Jr.

William C. Deviney, Jr., who retired from the Board on May 8, 2012, was also an independent director. In conjunction with these independence determinations, the Board considered the relationships Messrs. Hoster and Puckett have as customers of the Bank's subsidiary, Fisher Brown Bottrell Insurance, Inc., and in each case concluded that the business relationship did not interfere with the individual's ability to exercise independent judgment as a director of Trustmark.

Board Leadership

Under Trustmark's governance guidelines, the Board has the responsibility to determine the most appropriate leadership structure for the company, including whether it is best for the company at a given point in time for the roles of Board Chairman and CEO to be separate or combined.

Since January 1, 2011, Trustmark has operated under a board leadership structure with separate roles for Board Chairman and CEO and, since May 10, 2011, Trustmark has had an independent Board Chairman.

Pursuant to the governance guidelines contained in Trustmark's Board Charter, when the CEO also serves as Board Chairman, the independent chairman of the Executive Committee will serve as the Board's Lead Director with primary responsibility for chairing meetings of the non-management directors. The Lead Director is also responsible for referring to the appropriate Board committee any issue brought to his attention by shareholders, directors or others and for serving as the primary communicator between the directors and the CEO. Daniel A. Grafton has served as the Board's Lead Director since May 2010. Although a separate Lead Director position is not required given that Trustmark's Board Chairman is independent, Mr. Grafton continues to serve unofficially as the Board's Lead Director.

The Board believes its current leadership structure is the most efficient and effective leadership structure for Trustmark at this time. The current leadership structure allows the CEO to focus on providing day-to-day leadership and management of the company, while, as an independent Board Chairman, Mr. Grafton, who has a broad business background and has developed extensive managerial and leadership skills through his business career, can provide

guidance to the CEO, set the agenda for Board meetings (in consultation with the CEO and other members of the Board), preside over meetings of the Board, continue his role as the primary communicator between the directors and the CEO and perform other administrative functions relating to the Board's activities. This separation of the roles also fosters greater independence between the Board and management.

The Board believes that maintaining separate Board Chairman and CEO positions permits Mr. Host to focus on managing Trustmark's business operations in his role as CEO while Mr. Grafton, as Board Chairman, maintains

responsibility for leading the Board in its oversight function and consideration of broader corporate strategy. The Board believes that this leadership structure provides the appropriate balance between strategic development and independent oversight of management.

Committees of the Board of Directors

There are four standing committees that collectively provide guidance on strategic issues, planning and policymaking: Audit and Finance, Executive, Human Resources and Nominating. Currently, the committees are comprised solely of independent directors, with the exception of the Executive Committee.

Audit and Finance Committee

Under the terms of its Charter, the Audit and Finance Committee meets at least five times a year and is responsible for, among other things, annual approval of the independent auditor, oversight of audit activities, financial reporting and regulatory compliance thereof, as well as review and approval of Trustmark's profit plan. The Committee meets with the independent and internal auditors without management present on a regular basis.

The Audit and Finance Committee Charter is posted on Trustmark's website at www.trustmark.com under *Investor Relations/Corporate Governance/Audit and Finance Committee Charter*.

Executive Committee

The Executive Committee acts on behalf of the Board if a matter requires Board action before a meeting of the Board can be held. The Committee provides guidance to management on the strategic planning process and issues of strategic importance including business growth and expansion, material transactions and technology. Additionally, the Committee is responsible for reviewing the corporate governance structure and annually evaluating each director's performance against specific performance criteria. The Committee is also responsible for monitoring progress with Trustmark's long-term strategic and financial objectives.

Table of Contents

Human Resources Committee

The role of the Human Resources Committee is to ensure that appropriate policies and practices are in place to facilitate the development of management talent, orderly CEO succession planning, corporate social responsibility and the setting of management compensation.

The Human Resources Committee Charter is posted on Trustmark's website at www.trustmark.com under *Investor Relations/Corporate Governance/Human Resources Committee Charter*.

Nominating Committee

The Nominating Committee is charged with the responsibility of seeking, interviewing and recommending to the Board qualified candidates for Board and committee membership.

The Nominating Committee Charter is posted on Trustmark's website at www.trustmark.com under *Investor Relations/Corporate Governance/Nominating Committee Charter*.

Board Oversight of Risk Management

Trustmark believes that its leadership structure allows the directors to provide effective oversight of Trustmark's risk management function. Trustmark's directors receive and discuss regular reports prepared by Trustmark's senior

management, including the Chief Financial Officer and the Chief Risk Officer, on areas of material risk to the company, including credit, liquidity, market/interest rate, compliance, operational, technology, strategic, financial and reputational risks. The Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports to enable it to understand the risk identification, risk management and risk mitigation strategies and to ensure that the strategies are implemented appropriately. When a committee receives the report, the chairman of the relevant committee presents a report regarding the risk, including strategies for managing or mitigating the risk, as appropriate, to the full Board at the next Board meeting. To further support the risk management function, Trustmark also has an Enterprise Risk Management Committee, comprised solely of independent directors, at the Trustmark National Bank (the Bank) Board level. The Committee is responsible for an integrated effort to identify, assess and manage or mitigate material risks facing the company. The Committee reports to the Bank Board at least quarterly and works closely with senior management to ensure that Trustmark's Board receives appropriate information about risk identification, risk management and risk mitigation strategies. This reporting structure, which includes information from senior management and the Bank's Enterprise Risk Management Committee, enables Trustmark's Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

(1) Mr. Deviney, who retired from the Board on May 8, 2012, did not serve on any Board committees during 2012.

(2) The Strategic Planning Committee was dissolved in January 2013, with its responsibilities reassigned to the Executive Committee.

Director Compensation

Non-employee director compensation is determined by the Board of Directors, based on the recommendation of the Human Resources Committee, which periodically reviews non-employee director compensation to determine if changes are needed. Associates of Trustmark who also serve as directors receive no compensation for Board or committee service.

Since May 2009, non-employee directors receive an annual retainer of \$12,000 plus \$1,500 for each Board meeting attended. The Chairman of the Human Resources Committee receives an additional annual retainer of \$6,000, the Chairman of the Audit and Finance Committee receives an additional annual retainer of \$12,000, the Chairman of the Nominating Committee receives an additional annual retainer of \$2,000 and the independent Chairman of the Board receives an additional annual retainer of \$36,000. Prior to 2013, when the committee was dissolved, the Chairman of the Strategic Planning Committee also received an additional annual retainer of \$2,000. All Board committee chairmen and committee members receive \$1,000 for each committee meeting attended (including ad hoc committees). In addition, each director who serves as chairman of a committee of the Bank Board receives an additional annual retainer of \$2,000. All Bank Board committee chairmen and committee members receive \$750 for each committee meeting attended. For meetings wherein the director attends via teleconference, the director receives

one-half of the meeting fee. In addition, directors who serve as advisory directors on Trustmark's Community Bank Advisory Boards of Directors receive a fee of \$250 for each Advisory Board meeting attended. Annual retainer and meeting fees are paid monthly. Directors are also eligible to be reimbursed for expenses incurred in attending Board and committee meetings.

Trustmark maintains a Directors' Deferred Fee Plan for non-employee directors who became directors prior to 2003, and who elected to participate in the plan. Under the plan, participating directors had to defer \$12,000 of fees annually to fund a portion of the cost of their defined retirement benefits and death benefits. The amount of the retirement benefit and death benefit has been determined based upon the participant's annual contribution amount, the length of Board service and the age of the director at date of entry into the plan. In order to control costs, and based on peer company and broader market data provided by the Human Resources Committee's compensation consultant, Pearl Meyer & Partners (PM&P), that comparable organizations were not providing this benefit to directors, the Board amended the plan on April 28, 2009, to cease future benefit accruals under, and contributions by directors to the plan effective March 1, 2010. The plan requires retirement benefits to commence at a director's normal retirement date (March 1 following age 65). Thus, should a director continue service beyond normal retirement date, retirement benefits would begin prior to cessation of Board service. Depending on a number of factors, the vested annual benefit at retirement is payable for the longer of life or twenty-five years and, as of December 31, 2012, ranges from \$51,000 to \$78,000 (taking into account the March 1, 2010 benefit accrual freeze) for current directors who elected to participate in the plan. If a participating director dies prior to normal retirement, his beneficiary will receive a scheduled death benefit for ten years. Trustmark has purchased life insurance contracts on participating directors to fund the benefits under this plan.

Non-employee directors are eligible to receive equity compensation awards under the Trustmark Corporation 2005 Stock and Incentive Compensation Plan. Consistent with a July 2011 determination that the annual awards of time-based restricted stock for the non-employee directors should be valued at approximately \$35,000, on January 24, 2012, each non-employee director received 1,372 shares of time-based restricted stock, valued on a 10-day average closing stock price up to and including the date of the grant. Subject to accelerated vesting in full upon a change in control, retirement at or after age 65 with consent of the Human Resources Committee and where cause for termination is not present, disability, death, or termination without cause, the restricted shares vest on January 24, 2015, if the director is still serving at the time.

Table of Contents

In addition to the \$1,000 minimum ownership required to become a director (as discussed under Director Qualifications), since May 2009, the Board has imposed a director stock ownership requirement that requires all directors to own a minimum of 3,000 shares of Trustmark stock. Directors have up to five years from the later of May 2009 or the date Board service begins to meet the ownership requirement. Until a director has reached the minimum requirement, the director is required to hold 100% of the shares received from any Trustmark stock awards.

Non-employee directors may defer all or a part of their annual retainer and meeting fees pursuant to Trustmark's Non-Qualified Deferred Compensation (NQDC) Plan. The compensation deferred is credited to an account, which is deemed invested in and mirrors the performance of one or more designated investment funds available under the plan and selected at the option of the director. The deferred compensation account will be paid in a lump sum or in annual installments at a designated time, upon the occurrence of an unforeseen emergency or upon a director's retirement or cessation of service on the Board.

Director Compensation for 2012

The following table provides director compensation information for the year ended December 31, 2012:

(1) Gerard R. Host, Trustmark's CEO, is not included in this table as he is an associate of Trustmark and thus received no compensation for his service as a director. The compensation received by Mr. Host as an associate of Trustmark is shown in the Summary Compensation Table on page 32.

(2) The amounts in this column include fees deferred pursuant to the voluntary Trustmark Corporation NQDC Plan. Where applicable, the amounts also include fees paid for attendance at Community Bank Advisory Board of Directors meetings and at committee meetings of the Trustmark National Bank Board of Directors (the Bank Board).

(3) The amounts in this column reflect the aggregate grant date fair value of time-based restricted stock awards granted to the directors on January 24, 2012 (computed in accordance with ASC Topic 718 excluding the impact

of estimated forfeitures). Assumptions used in the calculation of these amounts are included in Note 16 to Trustmark's audited financial statements for the year ended December 31, 2012, in Trustmark's Annual Report on Form 10-K filed with the Securities and Exchange Commission (SEC) on February 27, 2013. At December 31, 2012, each non-employee director held 3,438 shares of unvested time-based restricted stock.

- (4) No stock option awards were made during 2012. At December 31, 2012, non-employee directors had the following options outstanding from grants under Trustmark's stock and incentive compensation plans: McCullough, Summerford 4,000 each, Grafton 2,000, all other non-employee directors 6,000 each, with the exception of Messrs. Hoster and Yates, who had no options outstanding.*
- (5) The amounts in this column reflect the increase in actuarial present value of the director's accumulated benefits under Trustmark's Directors' Deferred Fee Plan, determined using interest rate and mortality rate assumptions included in Note 15 to Trustmark's audited financial statements for the year ended December 31, 2012, in Trustmark's Annual Report on Form 10-K filed with the SEC on February 27, 2013.*
- (6) Mr. Deviney retired from the Board on May 8, 2012.*

Communications with Directors

Shareholders desiring to contact Trustmark's Board may do so by sending written correspondence to Board of Directors, Trustmark Corporation, Post Office Box 291, Jackson, MS 39205 or by email to boardofdirectors@trustmark.com.

Communications will be referred to the Executive Committee Chairman, who will determine the appropriate committee to receive the communication and take any action deemed necessary by that committee.

Pursuant to Trustmark's Whistleblower Policy, complaints relating to Trustmark's accounting, internal accounting controls or auditing matters should be directed to the Trustmark Hotline at 1-866-979-3769. Complaints will be investigated by Trustmark's General Counsel and reported to the Audit and Finance Committee.

Nomination of Directors

Nominations for election to the Board may be made by the Board or by any shareholder of any outstanding class of capital stock of Trustmark entitled to vote for the election of directors. Nominations other than those made by or on behalf of the existing management of Trustmark shall be made in writing and shall be delivered or mailed to Trustmark's Chairman of the Board not less than fourteen days nor more than fifty days prior to any meeting of shareholders called for the election of directors; provided, however, that if less than twenty-one days' notice of the meeting is given to shareholders, such nomination shall be mailed or delivered to the Chairman of the Board no later than the close of business on the seventh day following the day on which the notice of the meeting was mailed. Such notification shall contain the following information to the extent known to the notifying shareholder: (a) the name and address of each proposed nominee; (b) the principal occupation of each proposed nominee; (c) the total number of shares of capital stock of Trustmark that will be voted for each proposed nominee; (d) the name and residence address of the notifying shareholder; and (e) the number of shares of capital stock of Trustmark owned by the notifying shareholder.

Nominations not made in accordance with the above procedure may be disregarded by the Chairman of the meeting at his discretion, and upon his instruction, all votes cast for each such nominee may be disregarded.

Trustmark's bylaws permit direct nominations by shareholders. Therefore, the Nominating Committee does not have a policy for considering nominations by shareholders through the process outlined above. However, if a shareholder wishes to recommend an individual for Board service, rather than directly nominate the individual as set forth above, the shareholder may submit the individual's name to the Nominating Committee in writing addressed to Trustmark Corporation Nominating Committee, Post Office Box 291, Jackson, MS 39205 or by email to boardofdirectors@trustmark.com. In order to give the Nominating Committee adequate time to consider any such individual for nomination as a director at the 2014 Annual Meeting of Shareholders, such recommendations should be delivered no later than October 1, 2013. In considering an individual recommended by a shareholder but not directly nominated, the Nominating Committee will use the same guidelines as set forth in the Director Qualifications section below.

When identifying potential candidates for director nominees, the Nominating Committee may solicit suggestions from incumbent directors, management or others. With regard to the proposed nominees for 2013, all nominees are current Board members, except for Ms. Cooley, who was recommended by the Chairman of the Board.

Director Qualifications

The Board believes that in order to appropriately carry out its roles, directors must demonstrate a variety of personal traits, leadership qualities and individual competencies. In considering nominees submitted by the Board or management and any recommendations submitted by shareholders, the Nominating Committee will use these personal traits, leadership qualities and individual competencies to assess future director nominees' suitability for Board service. The Nominating Committee also evaluates each director nominee's qualities in the context of how that nominee would relate to the Board as a whole, in light of the Board's current composition and Trustmark's evolving needs. Although Trustmark has no formal policy regarding diversity, the Nominating Committee believes that the Board should include directors with diverse skills, experience, and business knowledge, and whose backgrounds, ages, geographical representation and community involvement contribute to an overall diversity of perspective that enhances the quality of the Board's deliberations and decisions. The Nominating Committee may consider these factors as it deems appropriate in connection with the general qualifications of each director nominee. Each director is required to own in his or her own right, common or preferred stock of Trustmark having an aggregate par, fair market or equity value of not less than \$1,000 as of the most recent of (i) the date of purchase, (ii) the date the person became a director or

(iii) the date of the director's most recent election to the Board. Upon attaining the age of 68, a director is required to retire from the Board effective upon completion of his or her then current term of office.

Personal Traits

Board service is an extremely important, high profile role and carries with it significant responsibility. For that reason, it is important that all directors possess a certain set of personal traits, including:

Personal and Professional Integrity
Accountability
Informed Business Judgment
Mature Confidence

High Performance Standards
Initiative and Responsiveness
Business Credibility

Table of Contents***Leadership Qualities***

For individuals considered for Board leadership roles, the following skill sets are required:

Communication Skills

Crisis Management Skills

Facilitation Skills

Relationship Building/Networking Skills

Individual Competencies

There are certain competencies that must be represented collectively by the directors on each Board committee, but each individual director need not necessarily possess all of them. The specific competencies vary by committee, as illustrated in the chart below:

Specific Director Experience, Qualifications, Attributes and Skills

The Nominating Committee assists the Board by identifying individuals qualified to serve as Board members and by recommending to the Board the director nominees for election at the next annual meeting of shareholders. The Board believes that each director nominee possesses the personal traits described above and that each director nominee for a position of Board leadership also demonstrates the additional leadership qualities described above. In considering the director nominees' individual competencies, the Board believes that the appropriate competencies are represented for the Board as a whole and for each of the Board's committees. In addition, each nominee possesses characteristics that led the Board to conclude that such person should serve as a director. The specific experience, qualifications, attributes and skills that the Board believes each nominee possesses are discussed under Proposal 1 in the table entitled "The Nominees," beginning on page 10.

Table of Contents**PROPOSAL 1: ELECTION OF DIRECTORS**

The Board has fixed the number of directors for the coming year at ten. The nominees listed herein have been proposed by the Board for election at the meeting. Shares represented by valid proxies will, unless authority to vote is withheld, be voted in favor of the proposed slate of ten nominees. In the election of directors, each shareholder may vote his shares cumulatively by multiplying the number of shares he is entitled to vote by the number of directors to be elected. This product constitutes the number of votes the shareholder may cast for one nominee or distribute among any number of nominees. The proxies reserve the right, in their discretion, to vote cumulatively. If a shareholder withholds authority for one or more nominees and does not direct otherwise, the total number of votes the shareholder is entitled to cast will be distributed among the remaining nominees.

Should any of these nominees be unable to accept the nomination, the votes which otherwise would have been cast for the nominee(s) will be voted for such other person(s) as the Board shall nominate. Each director is elected to hold office until the next annual meeting of shareholders or until a successor is elected and qualified. The persons who will be elected to the Board will be the ten nominees receiving the highest number of votes.

The Board recommends that shareholders vote for the proposed nominees.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act) requires Trustmark's directors, executive officers and persons who own more than 10% of Trustmark's common stock to file reports of their ownership and changes in ownership of Trustmark's common stock. Trustmark prepares these reports for the directors and executive officers who request it on the basis of information obtained from them and Trustmark's records. Based on the information available to Trustmark, Trustmark believes that its directors and executive officers complied with all reporting requirements under Section 16(a) for 2012, except that Harry M. Walker, Regional President - Central Mississippi, filed a report on Form 4 on January 24, 2013, disclosing ownership of 3,135 shares of Trustmark stock that had been inadvertently omitted from his prior reports under Section 16(a).

EXECUTIVE COMPENSATION

Human Resources Committee

The Human Resources Committee of the Board (the Committee) is responsible for overseeing the development of a program to compensate Trustmark's management in accordance with Trustmark's compensation philosophy and objectives. The Committee is currently comprised of Messrs. McCullough (Chairman), Baker, Grafton and Summerford, all of whom are non-employee directors (within the meaning of Rule 16b-3 of the Exchange Act), outside directors (within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended) and independent directors (within the meaning of Rule 5605(a)(2) of the NASDAQ Listing Rules). In addition, no Committee member is a current or former associate of Trustmark or any of its subsidiaries.

The Committee is authorized to retain experts, consultants and other advisors to aid in the discharge of its duties. In accordance with the Committee's charter, the hiring of such advisors is at the Committee's discretion, except that the Committee Chairman must obtain approval of the Board for the engagement of an executive compensation consultant that exceeds \$100,000 annually and for other engagements that exceed \$10,000 annually.

In the past few years, the Committee has engaged Pearl Meyer & Partners (PM&P) to provide analyses and recommendations to aid the Committee in determining the amount and form of director and executive pay consistent with Trustmark's compensation philosophy and to periodically test Trustmark's pay-for-performance alignment. During 2012, PM&P did not provide any non-executive consulting services to Trustmark, and it maintains no other economic relationship with Trustmark.

The Committee has assessed the independence of PM&P pursuant to SEC rules and has concluded that the advice it receives from PM&P is objective and not influenced by other relationships that could be viewed as conflicts of interest.

Compensation Discussion and Analysis

The following discussion addresses the compensation determinations relating to Trustmark's NEOs and the rationale for those determinations and should be read in conjunction with the compensation tables for the NEOs beginning on page 20. Although considered officers of Trustmark Corporation under the Exchange Act, the NEOs' compensation, except for equity awards under Trustmark's stock and incentive compensation plans, is paid by the Bank.

Executive Summary. The Committee believes that executive compensation should be linked with Trustmark's performance and significantly aligned with both the long-term and short-term interests of Trustmark's shareholders. The Committee also believes that executive compensation should be designed to allow Trustmark to recruit, retain and motivate employees who play a significant role in the organization's current and future success.

The Committee believes that its executive compensation program is working to achieve these goals, as evidenced by another year of strong financial performance for Trustmark in 2012, particularly in the retail, mortgage banking and insurance businesses. Key financial and operating results for the year include the following.

Financial Metrics and Ratios:

net income available to common shareholders (NI) of \$117.3 million,
earnings per share of \$1.81, which is an increase of 8.4% compared to 2011,
annual dividend of \$0.92 per share to shareholders,
return on average tangible common equity (ROATE) of 12.55%, and
return on average assets of 1.20%.

Credit Quality Improvements:

reduction of classified and criticized loans by 20% and 18%, respectively,
a 15.3% reduction in non-performing assets,
a 51.8% reduction in net charge-offs, and
a 59.4% reduction in provision for loan losses.

Table of Contents

In addition, for the three-year period ended December 31, 2012, Trustmark was in the 67th percentile for ROATE and in the 42nd percentile for total shareholder return among the peer companies from its 2010 performance-based restricted stock awards, reflecting strong performance over the three-year period compared to those peer companies.

The most significant decisions made by the Committee with respect to executive compensation for 2012 and thus far in 2013 were the following:

approved significant base salary merit increases for Messrs. Host and Greer effective March 2012, updated the performance measures, performance ranges and potential payouts under the management incentive plan to better align the bonus program with Trustmark's operations and shareholder interests, accelerated the payment of bonus awards for members of the executive committee (which includes all of the NEOs) under the management incentive plan for 2012 performance in light of anticipated tax rate increases in 2013, adopted stock ownership guidelines for the executive committee, maintained Trustmark's Luxury Expenditures Policy as good corporate practice even though no longer required by TARP (as defined below), and included a clawback provision in the performance-based restricted stock awards granted in January 2012 and the annual cash bonuses earned under the management incentive plan for 2012.

Alignment Between Pay and Performance. Trustmark is committed to aligning the compensation of the executive officers with Trustmark's financial and operational performance. The Committee uses annual cash bonuses and performance-based equity compensation awards to link executive pay with Trustmark's performance. Annual cash bonuses, which are earned under the annual management incentive plan and in recent years have represented approximately 33% of each NEO's total annual compensation, are earned based on Trustmark's achievement of key corporate, strategic and line of business performance goals, as applicable, from Trustmark's annual profit plan. A minimum achievement of 80% of the budgeted goals is required to earn the minimum annual cash bonus, and Trustmark performance that exceeds the budgeted goals results in higher bonus awards for the year. Performance-based equity compensation awards, which in 2012 represented approximately 21% (for the CEO) and 15% (for the other NEOs) of each NEO's total annual compensation, are earned based on Trustmark's achievement of ROATE and total shareholder return (TSR) compared to Trustmark's peer group over a three-year performance period, with vesting up to 200% in the event of performance at or above the 75th percentile of the peer group.

The Committee believes that Trustmark's strong financial performance in the past three years, combined with payouts of annual cash bonuses of 149% or greater of the target amount for each of the NEOs for each of the past three years and vesting of the performance-based equity compensation awards of 120%, 190% and 200% in 2012, 2011 and 2010, respectively, demonstrates that the executive compensation programs are working as intended to promote both long term and short term success of Trustmark. As a result, the Committee believes that Trustmark's executive compensation is appropriately aligned with the level of corporate performance.

2012 Say on Pay Vote. In 2012, Trustmark asked its shareholders, through an advisory vote, to approve the compensation of the named executive officers as described in the proxy statement for the 2012 Annual Meeting of Shareholders. The advisory vote received overwhelming support from shareholders, receiving approval of over 98% of the votes cast on the proposal. The Committee considered the results of this advisory vote on Trustmark's executive compensation by Trustmark's shareholders, and in light of such strong support, during the remainder of 2012 and in 2013 has continued to apply the same compensation philosophy and practices that were described in the 2012 proxy statement in determining amounts and types of executive compensation. The Committee believes that the strong

shareholder support for approval of the executive compensation as described in the 2012 proxy statement is evidence that Trustmark's executive compensation program is appropriately tailored to Trustmark's business strategies, appropriately aligns pay with performance and reflects industry best practices regarding executive compensation.

Board and Committee Process. The Committee reviews and recommends to the Board compensation levels for the CEO and reviews and recommends to the Bank Board compensation levels for the Bank's executive management, based on Trustmark's performance, individual performance and experience, as well as peer and broader financial services industry comparisons (referred to as market data) and company affordability analysis. The Committee initiates, develops and recommends for approval by the Board the cash and equity compensation of the CEO, based on the Committee's evaluation of the CEO's performance relative to annual corporate goals and objectives and in conjunction with comparative market data provided by PM&P and internal data provided by human resources personnel. For cash compensation of the other NEOs, the CEO and Director of Human Resources make recommendations to the Committee, which are considered for approval by the Committee and then recommended to the Bank Board for its review and approval. With respect to equity compensation awarded to other NEOs and associates, the Committee reviews and recommends stock-based awards for approval by the Board. The Committee has delegated authority to the CEO to grant limited equity awards, which are reviewed by the Committee. The Committee also administers Trustmark's equity-based compensation plans, deferred compensation plans and other benefit plans.

Table of Contents

The CEO and the Director of Human Resources work with the Chairman of the Committee to establish the agenda for Committee meetings and interface with the Committee in connection with the Committee's executive compensation decision-making, providing comparative market data as well as making recommendations. The Committee periodically meets with the CEO and the Director of Human Resources to assess progress toward meeting objectives set by the Board for both annual and long-term compensation. The Committee also meets in executive session without management present when appropriate.

The Committee believes that the total compensation opportunity available to members of management should consist of base salary, annual cash bonuses, equity-based compensation, retirement benefits and perquisites, each of which is a standard compensation component for NEOs at Trustmark's peer companies. The Committee reviews all of these components in making determinations on the mix, amount and form of executive compensation. In making compensation decisions, the Committee seeks to promote teamwork among, and high morale within, our senior management team, including the NEOs. While the Committee does not use any quantitative formula or multiple for comparing or establishing compensation for the senior management team, it is mindful of internal pay equity considerations, and assesses the relationship of the compensation of each executive to other members of the senior management team.

The Committee, in consultation with management and PM&P, continues to evaluate the executive compensation program and will recommend changes when it believes appropriate in light of evolving company needs and industry best practices. The Committee's decisions regarding base salary increases for Messrs. Host and Greer and adjustments to the annual cash bonus management incentive plan, as described below, illustrate this ongoing process. All determinations regarding the amount or form of executive compensation are made by the Committee, approved by the Board as appropriate, and reflect factors and considerations in addition to the information and advice provided by any single source.

Guiding Philosophy. The Committee's guiding philosophy is to attract and retain highly qualified executives and to motivate them to maximize shareholder value while limiting risk appropriately and maintaining the safety and soundness of the organization. The following objectives serve as guiding principles for all compensation decisions:

- rewarding performance,
- providing competitive total compensation that will enable Trustmark to attract, retain and motivate highly qualified executives,
- promoting teamwork among, and high morale within, the senior management team, including the NEOs,
- aligning compensation opportunities with shareholder interests by making a portion of each NEO's compensation dependent on Trustmark's performance, while limiting risk appropriately and maintaining the safety and soundness of the organization,
- using base salary to reward higher levels of experience and performance that contribute to the achievement of planned financial objectives,
- providing a strong emphasis on equity-based compensation and equity ownership, creating a direct link between shareholder and management interests,
- ensuring that incentive compensation paid to NEOs will generally be deductible for federal income tax purposes, and
- ensuring that policies and practices are in place to develop management talent, establish effective corporate governance and set management compensation at competitive levels.

Role of the Compensation Consultant. The Committee engaged PM&P to provide information, analyses and advice to aid in the determination of competitive executive pay consistent with Trustmark's compensation philosophy.

PM&P's services for the Committee during 2011 and a portion of 2012 for compensation to be paid in 2012 included:

evaluating the competitiveness of the base salaries, annual incentive and long-term incentive compensation for Trustmark's NEOs relative to Trustmark's peer group and the broader financial services industry and providing advice regarding emerging best practices in executive compensation, evaluating the competitiveness of the opportunity provided by Trustmark's management incentive plan and making recommendations to improve the plan's pay for performance alignment and risk mitigation, consistent with current best practices, emerging regulatory guidance and Trustmark's compensation philosophy and strategic objectives, providing recommendations regarding executive compensation in 2012, including consideration of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) and related pending rulemaking and requirements of the joint final guidance regarding incentive compensation arrangements issued by federal banking regulators, providing recommendations for Trustmark's peer group for 2012, and reviewing drafts of this Compensation Discussion and Analysis.

Table of Contents

PM&P made a comprehensive executive compensation presentation at the December 2011 Committee meeting to plan for executive compensation to be paid in 2012 and participated either in person or by phone at the request of the Committee in several Committee meetings during 2011 and 2012.

Benchmarking. The Committee believes that pay practices at other companies provide useful reference information when establishing compensation for Trustmark's executives. Therefore, among other factors, the Committee considers executive compensation information provided by PM&P that is derived from two primary data sources: peer group data and market data from the banking and financial services industry, when determining the amount and form of compensation for executives.

Peer Group Data. The peer group data is gathered by PM&P from the proxy statements of a peer group of financial institutions in the United States. The peer group consists of a minimum of 15 financial institutions and is updated annually by the Committee, based on a process that includes recommendations from internal sources, including the Director of Human Resources, and external sources such as PM&P, to reflect the companies against which Trustmark competes for executive talent or for shareholder investment. The specific characteristics of the financial institutions comprising the peer group vary from year to year, but the companies are chosen based on having similar asset size to Trustmark, offering similar banking functions and having similar organizational structure. Twenty-one of the 23 companies comprising the peer group for the Committee's 2012 executive compensation determinations were the same as used by the Committee for its 2011 determinations. During 2011, two of the 2011 peer companies were acquired and were therefore removed from the 2012 peer group and replaced with two companies recommended by PM&P and management as fitting the peer group profile. The resulting 23 peer companies all had assets within approximately 60% to two times the size of Trustmark, which is considered an appropriate range for comparison purposes. The specific asset sizes for the peer companies listed in the PM&P report presented to the Committee in December 2011 ranged from approximately \$6.0 billion to \$19.8 billion, and the market capitalizations ranged from approximately \$594.0 million to \$3.4 billion. Trustmark's asset size was below and market capitalization was just above the median for this peer group.

For 2012, Trustmark's peer group consisted of the following companies:

Company Name	Ticker	Company Name	Ticker	Company Name	Ticker
BancorpSouth, Inc.	BXS	Fulton Financial Corporation	FULT	Susquehanna Bancshares, Inc.	SUSQ
Bank of Hawaii Corporation	BOH	Glacier Bancorp, Inc.	GBCI	UMB Financial Corporation	UMBF

Market Data. The market data used by the Committee consists of survey data of executive compensation for financial services companies that focus on the commercial banking industry, with an orientation toward regional bank holding companies with a total asset size comparable to Trustmark. This market data is compiled by PM&P from various published and private compensation surveys, and when available for a particular job responsibility, proxy statements of the peer group financial institutions, and provides information from a broad cross-section of financial services companies.

Use of Compensation Data. The Committee uses the peer group data primarily to establish performance goals for long-term incentive awards and evaluate its pay for performance alignment. The Committee uses the market data primarily to assist with assessing Trustmark's compensation competitiveness. The Committee is of the general view that, to attract, retain and motivate highly qualified executives, its executive compensation should be in the median range of compensation levels for management of similar-sized financial institutions with Trustmark's level of corporate performance. Therefore, in making its 2012 compensation recommendations, the Committee considered market data comparisons prepared by PM&P, including an analysis of the 25th, 50th (median) and 75th percentile of the compensation paid by these companies for base salary, annual cash incentive, long-term equity incentives and the total of these elements as a point of reference for each NEO.

Table of Contents

Recognizing that comparative pay assessments have inherent limitations, due to the lack of precise comparability of executive positions between companies, as well as the companies themselves, the comparative data are used only as a guide and the Committee does not fix any NEO's compensation (or individual compensation elements) to a particular compensation level within this comparative data. In exercising its judgment, the Committee looks beyond the comparative data and also considers individual job responsibilities, individual performance, experience, compensation history (both at Trustmark and at prior employers in the case of new hires), company performance and company goals.

Based on a review of the 2011 market data comparison information, Trustmark's total executive compensation was below the median market level, while Trustmark's business performance was at or above the median level, with the NEOs' base salaries and long-term equity incentives comprising the primary reason for the below-median compensation.

Compensation Mix. The Committee does not target a specific allocation among the various compensation components. The approximate percentages of salary, bonus and equity-based (using grant date fair value) compensation compared to the total of such compensation (referred to as total compensation) for 2012 for the NEOs were as follows:

Name	Base Salary %	Cash Bonus %	Equity Award %
Gerard R. Host	33%	39%	28%
Louis E. Greer	47%	35%	18%
Duane A. Dewey	53%	26%	21%
Wayne A. Stevens	49%	30%	21%
Breck W. Tyler	46%	34%	20%

In allocating compensation among salary, bonus and equity-based compensation, the Committee believes that the compensation of the senior-most levels of management with the greatest ability to influence Trustmark's performance should be significantly performance-based, while lower levels of management should receive a greater portion of their compensation in base salary. The Committee also makes allocations between long-term and short-term compensation for NEOs. The Committee believes long-term equity awards are effective in aligning management's interests with shareholder interests to increase overall long-term shareholder value, rewarding NEOs for implementing long-term initiatives that take more than one fiscal year to accomplish, and promoting stability and continuity among the NEOs. However, a portion of the NEOs' annual compensation is also linked to Trustmark's short-term performance to motivate and reward executives to achieve annual profit plan objectives and to attract and retain talented executives. In making these decisions, the Committee considers the comparative market data and the recommendations of the CEO, among other things. Consistent with its executive compensation philosophy and goals, in 2012, the Committee provided that for the senior-most levels of management 100% of short-term cash incentive payments and 67% of long-term equity-based awards would be determined by performance achievement.

Base Salaries. Trustmark's goal is to provide its executive management with fixed cash compensation in the form of base salary that will attract and retain highly qualified executives. Trustmark also uses base salary to reward top performance, industry and job specific knowledge, experience and leadership ability. The base salaries for Trustmark's NEOs are typically established in the first quarter of the year after Trustmark's financial information and performance results from the previous year are available, although mid-year adjustments are made occasionally to reflect changes in responsibility or other developments. In establishing the CEO's base salary, the Committee typically considers PM&P's recommendations based on an analysis of peer group data and market data and also considers internal data provided by human resources personnel and the CEO's individual performance and contributions relative to Trustmark's corporate goals. In establishing base salaries of Trustmark's other NEOs, the Committee typically

considers the recommendations of the CEO, which are based on individual responsibility level, individual and company performance, total compensation histories for each NEO, the market data provided by PM&P for similar positions and a general understanding of executive compensation in the financial services industry. The CEO evaluates the other NEOs' performance using the same metrics normally used for determining annual incentive plan awards. The Committee considers each of these factors but does not assign a specific value to any of them. The Committee's process also involves a subjective component in evaluating each NEO's overall span of responsibility and control, knowledge and leadership ability.

As noted below, in connection with his promotion to CEO, Trustmark and Mr. Host entered into an employment agreement in September 2010 providing for a promotion and inducement bonus of \$150,000 and an initial base salary of \$550,000. In light of the bonus and the increase in base salary, which took effect January 1, 2011, the Committee and the Board deferred any additional merit increase to Mr. Host's base salary in March 2011. In December 2011, in view of Mr. Host's successful transition to CEO and successes with respect to acquisition efforts during 2011, as well as the Committee's continuing goal to bring the CEO's salary closer to the market median level, the Committee recommended, and in January 2012 the Board approved, a base salary merit increase for Mr. Host of \$150,000. In January 2012, in light of the CFO's increased responsibilities during 2011 and the Committee's continuing goal to also bring the CFO's salary closer to the market median level, the Committee approved, and in January 2012 the Board approved, a base salary merit increase for Mr. Greer of \$45,500. These merit increases took effect March 1, 2012.

Following significant increases to the base salaries of Messrs. Dewey and Stevens in 2011 to reflect an increase in their responsibilities and also to bring Mr. Stevens's salary to a more competitive level, in February 2012 the Committee approved more routine base salary increases for Messrs. Dewey, Stevens and Tyler, which were approved by the Bank Board in March 2012, and took effect on March 1, 2012.

The base salaries as of December 31, 2011 and those approved for 2012, effective March 1, 2012, were as follows:

	2012	2011	
	Base Salaries	Base Salaries	% Change
Name	(\$)	(\$)	(%)
Gerard R. Host	\$ 700,000	\$ 550,000	27.3%
Louis E. Greer	\$ 345,500	\$ 300,000	15.2%
Duane A. Dewey	\$ 335,000	\$ 327,000	2.5%
Wayne A. Stevens	\$ 315,000	\$ 300,000	5.0%
Breck W. Tyler	\$ 306,000	\$ 300,000	2.0%

Annual Cash Bonuses. The Committee typically awards cash bonuses utilizing a structured, objective approach based upon the achievement of performance objectives in accordance with an annual management incentive plan. Cash bonuses constitute the largest cash component tied specifically to company performance. Cash bonuses are designed to reward achievement of Trustmark's corporate goals and objectives, and, where applicable, line of business goals and objectives.

Key features of the annual management incentive plan, each as may be adjusted by the Committee, include:

- a primary emphasis on corporate/financial performance, as measured by net income available to common shareholders for the company (NI) and ROATE, and
- a quantitative assessment of strategic achievements in areas of management including revenue, non-interest expense and credit quality at the corporate level or line of business level, as appropriate, and net income at the line of business level.

At the beginning of each year, Trustmark develops a bonus matrix for the management incentive plan. The performance goals are keyed to various goals in Trustmark's profit plan for the year, and the performance results at or slightly above the target levels are intended to be achievable, but challenging. In developing the bonus matrix, the

CEO recommends to the Committee overall incentive target payout levels for each NEO, stated as a percentage of base salary. The CEO also recommends performance measures from Trustmark's annual profit plan, such as NI, ROATE, credit quality measures and non-interest expense, each as may be adjusted by the Committee, and the weightings to be assigned to the performance measures for each NEO. The Committee reviews the CEO's recommendations along with market data to ensure that proposed target payout levels provide an appropriate opportunity to earn bonuses and are competitive with the companies in Trustmark's peer group. In addition, the Committee reviews the recommended performance measures and weightings, as well as the threshold and maximum performance ranges, and makes a recommendation to the Board for approval. In making its recommendation, the Committee may consider events outside the influence or control of the NEOs, and may adjust the performance goals to exclude the effect of these events. The Committee did not include any such adjustments when recommending the performance goals for 2012. After the target levels and performance goals and weightings have been approved by the Board, the Committee retains the discretion to adjust the target levels and performance goals and weightings during or after the year, on an individual or group basis, if the Committee determines additional adjustments are appropriate for this purpose. The Committee did not make any such adjustments for 2012. Following the end of a year, the Committee also has discretion to increase or decrease the amount of an award earned under the plan, change the individual weightings or adjust the threshold payout level and minimum performance goals, including when the minimum performance goals are not achieved.

In 2011, the Committee engaged PM&P to evaluate the competitiveness of the opportunity provided by Trustmark's management incentive plan and make recommendations to improve the plan's pay for performance alignment and risk mitigation features, consistent with current best practices, emerging regulatory guidance and Trustmark's compensation philosophy and strategic objectives, including an analysis of payouts under the plan as a percentage of NI relative to Trustmark's peer companies. Based on recommendations of PM&P, the Committee recommended and the Corporate and Bank Boards approved the following adjustments to the management incentive plan for 2012:

using net income instead of earnings per share as a primary corporate goal, to avoid duplication of overlapping measures and to focus on measures for which executives have direct accountability, revising the corporate strategic operational drivers (to revenue, non-interest expense and provision for loan losses), to eliminate overlap of goals and ensure a weighting of at least 10% for each goal to focus management attention on fewer, higher-level goals, adding line of business performance goals for revenue, non-interest expense and provision for loan losses, to reduce incentive risks and better reflect total performance of the business unit, adjusting the weightings for the corporate NEOs (CEO and CFO) to 70% based on corporate performance goals and 30% based on strategic operational drivers (from 75%/25%) and for the line of business NEOs to 30% based on corporate performance goals and 70% based on line of business goals (from 50%/50% and 40%/60%), to create more consistency in approach among NEOs with comparable responsibilities, establishing a wider performance range for certain goals from a threshold and maximum of 85% and 115% to a threshold and maximum of 80% and 120%, to reflect the uncertainty of achieving the goals and provide more variability in pay for changes in performance while requiring higher performance to reach the maximum payout level, and establishing a wider range of potential payouts from a threshold and maximum of 70% and 150% (of target payout level) to a threshold and maximum of 50% and 200% (of target payout level), to make the incentive payouts more variable relative to performance.

The following table shows the threshold, target and potential maximum bonus payout levels established for each NEO under the management incentive plan, expressed as a percentage of base salary, for 2012:

	Threshold Bonus	Target Bonus	Potential Maximum
	Payout Level	Payout Level	Bonus Payout Level
Name	(as percentage of salary)	(as percentage of salary)	(as percentage of salary)
Gerard R. Host	35.0%	70%	140%
Louis E. Greer	22.5%	45%	90%
Duane A. Dewey	22.5%	45%	90%
Wayne A. Stevens	22.5%	45%	90%
Breck W. Tyler	20.0%	40%	80%

Mr. Host's overall target bonus payout level is established in his employment agreement. For the other NEOs, the 2012 target bonus payout levels were consistent with the 2011 levels, which reflected changes from prior years for Mr. Greer, the CFO, to bring the CFO's total cash compensation to a more competitive level, and for Mr. Stevens, to make his bonus target consistent with that of Messrs. Greer and Dewey.

For 2012, overall incentive targets for NEOs were allocated among corporate performance goals, strategic operational drivers and, for NEOs working in specific lines of business, line of business goals. The corporate performance goals related to NI and ROATE, the strategic operational drivers related to revenue, efficiency (in the form of non-interest expense) and credit quality (in the form of provision for loan losses), and the line of business goals related to these same measures as applied to the specific line of business.

The following table shows the weightings of these goals for each NEO for 2012:

	Corporate Performance	Strategic Operational	Line of Business
Name	Goals	Drivers	Goals
Gerard R. Host	70%	30%	---
Louis E. Greer	70%	30%	---
Duane A. Dewey	30%	---	70%
Wayne A. Stevens	30%	---	70%
Breck W. Tyler	30%	---	70%

Table of Contents

These weightings reflect the adjustments made for the corporate NEOs (CEO and CFO) to 70% based on corporate performance goals and 30% based on strategic operational drivers (from 75%/25%) and for the line of business NEOs to 30% based on corporate performance goals and 70% based on line of business goals (from 50%/50% and 40%/60%), to create more consistency in approach among NEOs with comparable responsibilities.

As noted above, for 2012 the threshold and maximum performance levels reflect a change from the 2011 levels of 85%/115% in order to reflect the uncertainty of achieving the goals and provide more variability in pay for changes in performance while also requiring higher performance to reach the maximum payout level. Accordingly, for the 2012 bonus matrix, the Committee recommended and the Board approved the following threshold and maximum performance levels for the NEOs:

	Threshold	Maximum
	Performance Level	Performance Level
	(as percentage of	(as percentage of
Performance Goal	performance goal)	performance goal)
<i>Corporate Performance Goals:</i>		
Net income	80%	120%
ROATE	80%	120%
<i>Corporate/Strategic Operational Drivers:</i>		
Total revenue (net interest income + non-interest income)	80%	120%
Non-interest expense	120%	80%
Provision for loan losses	120%	80%
<i>Line of Business Goals:</i>		
Total revenue	80%	120%
Non-interest expense	120%	80%
Provision for loan losses	120%	80%
Net income	80%	120%

Depending on performance achievement against the stated goals, the payout percentage, if any, for 2012 could range from a level of 50% of the target bonus payout (for threshold performance achievement) to a level of 100% (for target performance achievement) to a level of 200% (for maximum performance achievement), reflecting the wider range of potential payouts selected for 2012 (from a threshold and maximum of 70% and 150% (of target payout level) for 2011), to make the payouts under plan more variable relative to performance.

While the Committee typically reviews Trustmark's performance compared to the performance goals established under the management incentive plan in the early part of the following year, in light of increases in applicable individual tax rates expected to take effect in 2013, in December 2012, the Committee recommended and the Board approved the accelerated payment of the bonus awards earned under the management incentive plan for 2012 performance for the members of Trustmark's executive committee, which includes all of the NEOs. Because the bonus awards paid for 2012 were still to be determined by Trustmark's actual performance for the January 1 – December 31, 2012 performance year, Trustmark paid 90% of the estimated earned award to each executive on December 31, 2012, and paid the remaining amount on March 15, 2013, after actual results under the management incentive plan were confirmed by the Committee and the Board.

Trustmark's strong performance in 2012 resulted in individual payout results for the NEOs of 147% of the target level in the aggregate prior to the award of any discretionary cash bonus. The Committee determined the bonus payments by applying the relevant weighting to the achievement of the applicable performance goals for each NEO. In addition, as noted earlier, the Committee has discretion to adjust the amount of an award earned under the plan, including discretion to increase cash bonus payouts when the Committee feels an individual's performance warrants an increase.

In the exercise of this discretion for the 2012 cash bonus payments, the Committee awarded an additional \$20,000 to Mr. Tyler in recognition of his expertise and the mortgage department's significant contribution to Trustmark's performance in 2012. The final bonus amounts for the CEO and CFO were approved by the Committee and by the Board in January 2013, and the final bonus amounts for the other NEOs were approved by the Committee in February 2013 and by the Bank Board in March 2013. Trustmark paid the following cash bonuses for 2012 performance under the management incentive plan:

These 2012 cash bonus amounts are presented as Non-Equity Incentive Plan Compensation, and as Bonus compensation in the case of the additional award for Mr. Tyler, for 2012 in the Summary Compensation Table on page 32.

Equity-Based Compensation. Trustmark strongly believes that long-term equity-based awards are an integral part of total compensation for NEOs and certain key managers with significant responsibility for Trustmark's long-term results. Equity-based awards generally constitute the largest non-cash component of each NEO's total compensation package. To promote teamwork among the senior management team, all members of executive management (other than the CEO) receive the same size annual equity-based award. Equity-based awards and the related performance goals for NEOs under the Trustmark Corporation 2005 Stock and Incentive Compensation Plan (2005 Incentive Plan) are recommended by the Committee and approved by the Board generally at its first meeting of each year. Awards are typically made as early as practicable in the year to maximize the time-period for achieving performance goals associated with the awards. The Committee's meeting schedule is determined several months in advance, so the proximity of any grant of awards to earnings announcements or other market events is coincidental.

The 2005 Incentive Plan:

- authorizes the granting of restricted stock, restricted stock units (RSUs), performance units, stock options, stock appreciation rights (SARs) and other incentive awards (payable in cash or shares), all of which may be made subject to the attainment of performance goals established by the Committee,
- provides for the ability to base an individual's performance goals on specified corporate and line of business criteria, and
- limits the maximum amount of restricted stock, stock options, SARs and other incentive awards that can be granted to a participant in any given year.

Trustmark's primary form of equity-based compensation is restricted stock awards. Since 2008, Trustmark has awarded a combination of performance-based restricted stock (67%) and time-based restricted stock (33%) to ensure alignment of executives' interests with those of shareholders and to align the components of Trustmark's equity-based compensation with that of its peers and to accomplish Trustmark's equity award objectives, including executive officer retention and attraction. The Committee believes that performance-based restricted stock provides an effective means of delivering incentive compensation, a reward for achievement of long-term objectives and an effective means of executive retention, with normal vesting not occurring for three years. The Committee also believes that use of time-based restricted stock grants, which vest in three years, provides a balanced retention element against the negative impact of economic issues outside the control of management on the ultimate earning of performance-based awards.

In 2012 the CEO received an award value of approximately 75% of his 2012 base salary, consistent with the Committee's approach since 2010 for Mr. Host. The Committee determined the award value of restricted stock granted in 2012 would be approximately the same as in 2011 for the other NEOs. This award value has remained relatively unchanged since 2007. In establishing award levels, the Committee generally does not consider the equity ownership levels of the recipients or prior awards that are fully vested.

For the performance-based restricted stock awards to be earned, certain performance goals must be achieved within the three-year performance period covered by the awards. The executive must also remain employed by Trustmark through the end of the performance period for restricted stock to vest fully. The performance goals are scaled so that the recipient can receive a partial award in the event that acceptable, but not the target, results are achieved and so that performance above the target level yields higher awards.

The performance-based restricted stock awards granted in 2012 vest based on the achievement of target percentages related to ROATE (50%), with vesting up to and including 100%, and TSR (50%), with vesting up to and including 100%, compared to Trustmark's peer group. For each of ROATE and TSR, the threshold performance level is reached at the 30th percentile compared to the peer group, with 50% vesting occurring at the 50th percentile and 100% vesting occurring at the 75th percentile. The performance period began January 1, 2012, and continues through December 31, 2014. If a greater than 100% vesting level with respect to the ROATE and TSR targets is achieved in the aggregate (with the maximum being 200%) for an executive who remains employed for the entire performance period, an additional award of time-based restricted stock (excess shares) will be issued. The number of excess shares issued will equal the number of shares awarded initially to that executive multiplied by the vesting percentage exceeding 100%. Any earned excess shares will be issued during the first 2 1/2 months of 2015 and will vest on the third anniversary of their issue date, if the executive remains employed through such date.

In the event of an executive's death, disability, retirement at or after age 65 with consent of the Committee and where cause for termination is not present, termination by Trustmark without cause, termination by the executive for good reason (if provided in the executive's employment agreement) or a change in control, partial time-weighted performance vesting occurs based on ROATE and TSR through the end of the calendar quarter prior to such event. These events may also trigger

Table of Contents

accelerated vesting of excess shares. Dividends on any performance-based restricted stock, as well as any excess shares issued, are accumulated and will vest and be paid only when and to the extent the shares to which they relate vest, subject to a six-month delay when required by Section 409A of the Internal Revenue Code. No interest is paid on the accumulated dividends.

The time-based awards granted in 2012 vest 100% at January 24, 2015, if the executive remains employed through such date. Accelerated vesting may occur based on the executive's death, disability, retirement at or after age 65 with consent of the Committee and where cause for termination is not present, termination by Trustmark without cause, termination by the executive for good reason (if provided in the executive's employment agreement) or a change in control. Dividends on any time-based restricted stock are accumulated and will vest and be paid only when and to the extent the shares to which they relate vest, subject to a six-month delay when required by Section 409A.

The following table reflects the grant date fair values of the performance-based restricted stock awards and potential excess shares and time-based restricted stock awards granted to the NEOs in 2012:

	Value of Performance-Based Shares	Value of Excess Shares (1)	Value of Time-Based Shares	Total

- (1) Reflects 190% vesting of performance-based shares granted in 2009, based on Trustmark's 3-year ROATE and TSR performance against its peer companies.
- (2) Reflects vesting of time-based excess shares issued in 2010 in connection with 200% vesting of performance-based shares granted in 2007, based on Trustmark's 3-year ROATE and TSR performance against its peer companies.
- (3) Reflects vesting of time-based shares granted in 2009.

Changes for 2013. After considering the observation from PM&P that three-year vesting is more common than six-year vesting in the case of performance-based awards, the Committee recommended and the Board approved a change to the performance-based restricted stock awards granted in January 2013. The 2013 performance-based awards are based on the same performance-vesting criteria as the 2012 awards, with potential vesting up to the same 200% over a three-year performance period, but in the case of vesting at a greater than 100% level, unrestricted achievement shares will be issued following the performance period instead of restricted excess shares that vest only after an additional three years of service.

Retirement Benefits. Trustmark maintains several plans providing retirement benefits in which the NEOs and certain other associates participate, as described below.

Trustmark Capital Accumulation Plan. Trustmark maintains a non-contributory defined benefit plan (Trustmark Capital Accumulation Plan) that provides a pension equity benefit for substantially all associates, including NEOs, who were employed prior to January 1, 2007. Retirement benefits under the plan's pension equity benefit formula are based on the length of credited service and final average compensation, as defined in the plan, through May 15, 2009, and vest upon three years of service. The pension equity benefit is paid after cessation of employment (unless the participant decides to delay payment to the normal retirement age of 65) as a lump sum or as a life annuity based on the plan's actuarial conversion factors, as selected by the participant.

Benefits payable under the plan are based on a pension equity formula that takes into account the participant's compensation through May 15, 2009, averaged over the highest consecutive five-year period out of the most recent seven-year period, the number of years of credited service and the age when each year of credited service was earned through May 15, 2009. Compensation consists of W-2 taxable income adjusted for associate contributions to Trustmark's 401(k) plan, qualified transportation fringe benefits and cafeteria plans. Compensation does not include group term life insurance, automobile allowance, moving expenses, severance pay or income from stock options after 2002. After 2003, compensation also excludes all incentive compensation, bonuses and commissions, with exceptions for associates whose pay is 100% commission-based.

In an effort to control expenses, participation and benefit accrual under the plan were frozen as of May 15, 2009 (except for certain grandfathered participants, none of whom are NEOs), so that individual pension amounts under the plan are not increased for compensation or service after May 15, 2009 (other than for the grandfathered participants). This freeze applied to all NEOs for 2012. After May 15, 2009, the pension equity lump sum credit balance of each NEO is increased only for interest credited under IRS regulations (but only until the plan benefit commences to be paid).

For 2012, the maximum annual benefit allowable by tax law under the plan was \$200,000. Amounts payable pursuant to the plan are not subject to reduction for social security benefits.

See the Pension Benefits for 2012 table on page 37 for more information regarding this plan.

Executive Deferral Plan. Because of the limits for tax qualified retirement plans, Trustmark also maintains a defined benefit supplemental retirement plan (Executive Deferral Plan) that provides additional retirement benefits to selected executives. The Committee believes the plan is competitive with Trustmark's peer financial institutions and is an important tool in attracting and retaining executive management. NEOs selected for plan participation by the Committee receive retirement benefits generally equal to 50% of their covered salaries. The retirement benefit is payable for life, but not less than 10 years, and normally commences at normal retirement age, which is considered to be the attainment of age 65. Benefits payable pursuant to the plan are not subject to reduction for social security benefits.

The plan provides retirement and pre-retirement death benefits based upon a retirement benefit amount for each participant established by the Committee. The retirement benefit amount is based on the NEO's level of responsibilities and, in part, on his specified covered salary.

The following table shows, as to each NEO, annual retirement benefits currently anticipated to be paid at normal retirement:

Annual Benefit

Name	(\$)
Gerard R. Host	\$ 300,000
Louis E. Greer	\$ 75,000
Duane A. Dewey	\$ 100,000
Wayne A. Stevens	\$ 75,000
Breck W. Tyler	\$ 75,000

The plan permits early retirement at or after age 55 with five years of plan participation. Benefits at early retirement are actuarially reduced. The plan also provides a deferred vested benefit payable at normal retirement age to a participant terminating for reasons other than retirement with at least one year of plan participation or retiring early with a pre-existing election to be paid commencing at his or her normal retirement date. The deferred benefit is accrued and vests at the rate of 1/10th of the anticipated normal retirement benefit for each year of plan participation for a maximum of 10 years. If a participant does not complete at least one year of plan participation, plan benefits are forfeited (except where the cessation of employment is due to death, retirement, total disability or just cause as defined in the plan). Should a participant die prior to retirement, the participant's beneficiary will receive a death benefit equal to a percentage (100% for the first year and 75% for the remaining years) of a specified covered salary amount (which amount is twice the anticipated normal retirement benefit) for ten years or until the participant would have reached normal retirement age, whichever is later. Life insurance contracts have been purchased to fund payments under the plan.

See the Pension Benefits for 2012 table on page 37 for more information regarding this plan.

Non-Qualified Deferred Compensation Plan. Trustmark also provides a non-qualified deferred compensation plan that provides additional salary deferral opportunities for executives who may be impacted by the compensation and contribution limits that restrict participation in the 401(k) plan. The Committee believes the plan is competitive with those offered by Trustmark's peer financial institutions and is an important tool in attracting and retaining executive management. The plan allows executives, including NEOs, to defer on a pre-tax basis up to 90% of annual base salary and/or cash bonus. No contribution is made to the plan by Trustmark. Each executive's deferred income is credited to an account, which is deemed invested in and mirrors the performance of one or more designated investment funds available under the plan and selected at the option of the executive. Distributions can be received under this plan upon retirement, death, long-term disability, termination of employment or during employment at specified dates.

See the Non-Qualified Deferred Compensation for 2012 table on page 37 for more information regarding this plan.

Perquisites; Other Compensation. Perquisites provided to each NEO are reviewed annually within the context of Trustmark's executive compensation program, market practices and the nature of each NEO's responsibilities. Generally, Trustmark limits the types of perquisites offered to NEOs as shown in the All Other Compensation for 2012 table on page 33. In addition to the cash and equity compensation and supplemental retirement benefits described above, NEOs are eligible to participate in the same benefit plans available to all other salaried associates. These include:

- health insurance (portion of costs),
- basic life insurance,
- long-term disability insurance,
- participation in Trustmark's 401(k) plan, including a company match, and
- participation in the Trustmark Capital Accumulation Plan (if last hired prior to January 1, 2007), provided that after May 15, 2009, most employees (including all NEOs) do not accrue additional benefits, except for interest as required by IRS regulations.

Consistent with other financial institutions in its peer group, Trustmark encourages executive management to belong to a golf or social club so that there is an appropriate entertainment forum for customers and appropriate interaction with the executives' communities. Trustmark pays the initiation fee and annual dues for a club membership for some of the NEOs. Relocation benefits are also reimbursed but are individually negotiated when they occur. In addition, Trustmark provides Mr. Host with use of a company-owned automobile, as it does for Mr. Stevens, due to his responsibilities, which require him to travel frequently between various Trustmark offices and branch locations. Messrs. Host and Stevens also use these automobiles for personal transportation. The Committee believes the currently-offered perquisites are minimal in overall cost and competitively necessary to attract and retain talented executives. As the needs of Trustmark and the responsibilities of the NEOs change, the Committee may consider offering different or additional perquisites as appropriate to support Trustmark's business and attract and retain talented executives. For example, in January 2013, the Board authorized an annual allowance of up to 15 hours of personal use of Trustmark's airplane for the CEO. The Committee approved this perquisite as both a competitive attraction and retention tool and to provide an efficient way to minimize travel time commitments for the CEO and maximize his available time for company business.

Severance and Change in Control Benefits. Upon any termination of employment, the executives would be entitled to receive their vested benefits under the 401(k) plan, pension plan (Trustmark Capital Accumulation Plan), non-qualified deferred compensation plan (NQDC Plan) and supplemental retirement plan (Executive Deferral Plan), although these benefits generally would not be increased or accelerated (except for additional years of service provided under the Executive Deferral Plan under certain circumstances).

Trustmark believes that additional severance benefits are appropriate for executive management because it may be difficult for senior executives to find comparable employment within a short period of time. As discussed above, Trustmark's stock option and restricted stock awards provide for accelerated vesting upon a change in control and upon certain termination events, and an incremental benefit is provided under the Executive Deferral Plan upon certain termination events following a change in control. Other than these benefits, severance benefits for the executives other than the CEO, who do not have written agreements, are determined on a case by case basis.

Table of Contents

Employment Agreement with Mr. Host. In light of the CEO's role and importance to the success of Trustmark, the Committee believes that it is appropriate to provide for severance and change in control benefits in a written agreement. In the case of a change in control, the Committee believes that providing change in control benefits should eliminate, or at least reduce, any reluctance to pursue potential change in control transactions that may be in the best interests of shareholders. Trustmark believes that the severance and change in control benefits it provides are customary among its peers and that the potential cost of these benefits is relatively minor relative to Trustmark's overall value.

With the exception of the accelerated vesting of stock option and restricted stock awards, Trustmark's change in control benefits provided to the CEO are generally double trigger, which means that the benefits are payable only if the executive's employment is terminated other than for cause, death, disability or retirement or if the executive resigns for good reason within a specified period following a change in control. Trustmark believes that these benefits are consistent with the general practice among its peers. In addition, Trustmark believes the use of a double trigger in most cases reasonably balances the needs of the executive and Trustmark by protecting the legitimate interests of executives in employment security without unduly burdening Trustmark or shareholder value.

The Committee has determined that a gross-up payment to make an executive whole for any golden parachute excise tax is not currently appropriate. The Committee also believes that an executive should receive the entire change in control benefits which he or she is due; thus, it does not believe that an executive's change in control benefits should be reduced to avoid the golden parachute excise tax, or to avoid non-deductibility of excess parachute payments by Trustmark, unless a reduction will cause the executive to receive more after-tax compensation than without a reduction.

In connection with his election as President and CEO of Trustmark Corporation and the Bank, Trustmark and Mr. Host entered into a new employment agreement, effective January 1, 2011 (the Agreement) to replace Mr. Host's prior 2007 agreement, which terminated as of December 31, 2010. The Agreement provides for Mr. Host to serve as President and CEO of Trustmark and the Bank for a term of three years beginning January 1, 2011, with an automatic rolling one-year extension each December 31, unless either Trustmark or Mr. Host provides notice of non-extension, in which case the Agreement would expire at the end of the then-current term. Either Trustmark or Mr. Host may terminate Mr. Host's employment with 30 days' notice, except that no prior notice is required in the case of termination for Cause. If not terminated earlier, Mr. Host's employment under the Agreement will automatically terminate upon his retirement on December 31, 2019, the year he turns 65.

In connection with Mr. Host's election to President and CEO and the related increase in his responsibilities, he received a one-time promotion and inducement bonus of \$150,000. Mr. Host is guaranteed a minimum base salary of \$550,000 annually, subject to annual review. Recognizing the need to be flexible in the current economic environment, the Agreement provides that Mr. Host's base salary may be reduced below \$550,000, with his consent if Trustmark reduces the base salaries of other senior executives.

Mr. Host is eligible to earn an annual cash bonus, with a bonus target amount of 70% of his base salary. Mr. Host is also eligible to receive equity compensation awards on such basis as the Committee determines.

In addition to participating in any benefit plans or programs that are offered to senior executives generally, beginning January 1, 2011, Mr. Host's target normal retirement annual benefit in the Executive Deferral Plan was increased from \$150,000 to \$300,000, subject to vesting and accrual rules and future modification by Trustmark.

On any cessation of employment, Mr. Host will be entitled to his earned but unpaid base salary and annual bonus and, except in the case of termination for Cause, any accrued vacation (earned compensation). Mr. Host will be entitled to

additional severance benefits in the event his employment ends as a result of his death or disability, or in the event his employment is terminated by Trustmark without Cause whether in connection with a change in control of Trustmark or not, or in the event Mr. Host resigns for Good Reason whether in connection with a change in control of Trustmark or not.

Under the Agreement, Mr. Host is subject to standard confidentiality, non-solicitation and non-competition obligations during the term of the Agreement and for two years after his employment ends. As partial consideration for these obligations after his employment ends, if Mr. Host's employment is terminated by Trustmark without Cause or if he resigns for Good Reason, he will be entitled to payments equal to two times the sum of (i) his annual base salary and (ii) the average of his annual bonuses earned for the three years prior to the end of his employment (the Covenant Payments).

If Mr. Host's employment is terminated by Trustmark without Cause or he resigns for Good Reason, in each case within two years after a change in control, he will be entitled to the following benefits in addition to the Covenant Payments and earned compensation: (i) a lump sum payment equal to one times his base salary and the average of his annual bonuses earned for the three years prior to the change in control, (ii) thirty-six months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination, and (iii) accelerated vesting of any unvested stock options.

If Mr. Host's employment is terminated by Trustmark without Cause or he resigns for Good Reason where he is not entitled to such change in control enhanced severance benefits, he will be entitled to twenty-four months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination, in addition to the Covenant Payments and earned compensation.

Table of Contents

If Mr. Host's employment is terminated due to disability or if he dies during the term, he or his designated beneficiary, spouse or estate will be entitled to a lump sum payment of his earned compensation plus a time-weighted pro-rata share of his annual bonus target amount for that year.

In certain cases, some or all of the payments and benefits provided on termination of employment may be delayed for six months following termination to comply with the requirements of Section 409A of the Internal Revenue Code. Any payment required to be delayed would be paid at the end of the six-month period in a lump sum, with any payments due after the six-month period being paid at the normal payment date provided for under the Agreement. In the case of benefits that are delayed, Mr. Host would pay the cost of benefit coverage during the six-month delay period and then be reimbursed by the Company at the end of the six-month period.

In recognition of developing best practices in executive compensation, the Agreement includes a clawback provision that will permit Trustmark to recover certain incentive-based compensation as required by federal law and as determined by the Committee.

For purposes of this agreement, **Cause** means (i) commission of an act of personal dishonesty, embezzlement or fraud, (ii) misuse of alcohol or drugs, (iii) failure to pay any obligation owed to Trustmark or any affiliate, (iv) breach of a fiduciary duty or deliberate disregard of any rule of Trustmark or any affiliate, (v) commission of an act of willful misconduct or the intentional failure to perform stated duties, (vi) willful violation of any law, rule or regulation (other than misdemeanors, traffic violations or similar offenses) or any final cease-and-desist order or (vii) unauthorized disclosure of any confidential information of Trustmark or any affiliate or engaging in any conduct constituting unfair competition or inducing any customer of Trustmark or any affiliate to breach a contract with Trustmark or any affiliate, (viii) conviction of, or entry of a guilty plea or plea of no contest to, any felony or misdemeanor involving moral turpitude, (ix) continual failure to perform substantially his duties and responsibilities (other than any such failure resulting from incapacity due to disability) after a written demand for substantial performance is delivered which specifically identifies the manner in which he has not substantially performed his duties and responsibilities, (x) violation in any material respect of Trustmark's policies or procedures, including the Code of Ethics, or (xi) conduct that has resulted, or if it became known by any regulatory or governmental agency or the public is reasonably likely to result, in the good faith judgment of the Board, in material injury to Trustmark, whether monetary, reputational or otherwise.

Good Reason means (i) a demotion in status, title or position or the assignment of the person to duties or responsibilities which are materially inconsistent with such status, title or position, (ii) a material breach of the agreement by Trustmark, (iii) a relocation of Trustmark's offices to a location more than fifty miles outside of Jackson, Mississippi, without the executive's consent.

Change in control means (i) the acquisition by any person of the power to vote, or the acquisition of, more than 20% ownership of Trustmark's voting stock, (ii) the acquisition by any person of control over the election of a majority of the Board, (iii) the acquisition by any person or by persons acting as a group for securities law purposes of a controlling influence over Trustmark's management or policies or (iv) during any two year period, a more than one-third change in the Board (Existing Board), treating any persons approved by a vote of at least two-thirds of the Existing Board as ongoing members of the Existing Board. However, in the case of (i), (ii) and (iii), ownership or control of Trustmark's voting stock by a company-sponsored or a company subsidiary-sponsored employee benefit plan will not constitute a change in control.

The amounts which would have been payable to Mr. Host assuming a termination event at December 31, 2012, are addressed in the Potential Payments Upon Termination or Change in Control section beginning on page 38.

The above is a summary of the material terms and provisions of the Agreement. For the complete Agreement, including the exact definitions of the defined terms appearing therein, refer to the copy of the Agreement which has been filed with the SEC and is incorporated by reference into this proxy statement.

Deductibility of Compensation. In making compensation decisions, the Committee carefully considers Section 162(m) of the Internal Revenue Code, which limits the tax deductibility of certain compensation in excess of \$1 million paid to Trustmark's NEOs. The Committee believes it is generally in Trustmark's best interest, and that of its shareholders, to offer compensation that is deductible under Section 162(m). It is, therefore, the Committee's general intent that grants of performance-based restricted stock and other incentive awards made pursuant to Trustmark's stock and incentive compensation plans normally comply with the deductibility requirements of Section 162(m) or be in amounts that normally would not be expected to result in non-deductibility under Section

162(m).

The Committee also believes, however, that in certain circumstances factors other than tax deductibility should take precedence when determining the forms and levels of executive compensation. Given the competitive market for outstanding executives, for example, the Committee believes that it is important to retain the flexibility to determine compensation elements consistent with Trustmark's compensation philosophy, even if some executive compensation is not fully deductible under Section 162(m). Accordingly, the Committee may from time to time approve elements of compensation for certain executives that are not fully deductible by Trustmark, and reserves the right to do so in the future when appropriate. For that reason, Trustmark's annual cash bonus management incentive plan is currently designed to provide compensation that may not be deductible under Section 162(m) for all NEOs.

Table of Contents

As a result of its participation in the U.S. Treasury's Troubled Asset Relief Program Capital Purchase Program (TARP), Trustmark agreed not to deduct compensation of more than \$500,000 paid to any NEO for any year for which it was subject to the TARP restrictions and limitations. This limitation applies to essentially all compensation of the affected executives, including deferred compensation, commission pay and performance-based compensation. As a result, certain long-term awards that accrued in part while Trustmark was subject to these restrictions and limitations, and compensation that was earned during such period, which is paid after 2009 will also be subject to the \$500,000 deduction limit on a pro-rata basis.

When the Board determined to participate in TARP, it was aware of, factored into its analysis and agreed to, the potential increased after-tax cost of Trustmark's executive compensation program that could result from the \$500,000 deduction limitation. As a result, while the Committee is constantly mindful of the Section 162(m) deduction limitation, during 2012 it concluded that any continuing impact of the \$500,000 deduction limitation would not be a significant factor in its decision-making with respect to the compensation of Trustmark's executive officers, consistent with its compensation philosophy. In 2012, a portion of the compensation of Messrs. Host, Dewey and Tyler was not deductible by Trustmark under Section 162(m).

Policy Against Hedging and Limitations on Pledging. To ensure that executive officers bear the full risks of stock ownership, Trustmark's insider trading policy prohibits executive officers, among others, from engaging in options trading, short sales or hedging transactions relating to Trustmark stock. With limited exceptions, executive officers are also prohibited from pledging or creating a security interest in any Trustmark stock they hold.

Stock Ownership Guidelines. Although the Board believes management's current ownership of Trustmark stock adequately aligns the interests of management and shareholders, in January 2013 the Board adopted stock ownership guidelines for the CEO and other members of executive management in recognition that such guidelines are considered a best compensation practice that mitigates risks associated with Trustmark's compensation programs and encourages management to focus on long-term growth and financial success. The guidelines require the CEO to own shares of Trustmark stock having a value of three times his base salary and require other members of executive management to own shares of Trustmark stock having a value of one and one-half times their base salary. The guidelines provide that the applicable ownership level should be reached within five years from the later of January 22, 2013 or the date of appointment as CEO or as a member of executive management. The Human Resources Committee will review stock ownership levels of executive management annually. Although Trustmark does permit pledging of Trustmark shares in very limited circumstances, pledged shares are not considered to be owned for purposes of the stock ownership guidelines. In addition, until an executive has reached the minimum requirement, the executive is required to hold 100% of the shares received from any Trustmark stock awards.

Executive Compensation Recoupment. Ethical behavior and integrity remain an important priority for Trustmark. In support of this, and in anticipation of adopting a comprehensive executive compensation recoupment policy (also known as a "clawback" policy), the Committee began including a clawback provision in the performance-based restricted stock awards beginning with awards granted to the executive officers in 2011. Also since 2011, the Committee has included a similar clawback provision in the management incentive plan with respect to annual cash bonuses that may be earned under the plan. Under these provisions, any performance-based restricted stock that vests or cash bonus paid is subject to recovery by Trustmark as required by applicable federal law and on such basis as the Board determines. The Committee anticipates adopting a comprehensive executive clawback policy once the SEC publishes final rules implementing the clawback requirements from the Dodd-Frank Act.

Analysis of Risk Associated with Trustmark's Compensation Policies and Practices. In late 2012 and early 2013, the Committee, together with Trustmark's risk officers, conducted an in-depth risk assessment of Trustmark's compensation policies and practices. Management prepared detailed materials regarding the operation of Trustmark's

various compensation arrangements with its associates and submitted the materials to Trustmark's risk officers, who reviewed the materials with the members of management most closely involved with the respective compensation arrangements. Trustmark's risk officers identified the key enterprise risks to which Trustmark is subject, including credit, liquidity, market/interest rate, compliance, operational, technology, strategic, reputational and other risks, and focused their review on the compensation arrangements most likely to implicate those risks. Trustmark's Chief Risk Officer presented the risk officers' conclusions and supporting materials to the Committee, which reviewed and discussed the analysis at its meeting on February 19, 2013. The Committee has concluded that several features of Trustmark's compensation policies and practices maintain an appropriate balance between prudent business risk and resulting compensation and encourage appropriate risk behavior consistent with Trustmark's business strategy and profit goals. These features include the overall compensation mix, weighting of performance metrics, timing of awards in relation to performance measurement period, use of full value equity-based awards with multiyear vesting periods, and establishment of targets with payouts at multiple levels of performance, chargeback

Table of Contents

provisions on returned or unearned commissions, capped upside opportunities, and oversight by executive management and the Board. In addition, Trustmark's incentive compensation arrangements are subject to a system of internal controls to ensure that incentive compensation is properly tracked, approved and paid. Trustmark's internal controls include comparisons throughout the year of performance results against performance requirements, approval by appropriate levels of management, the Committee, the Board and/or the Bank Board of incentive compensation payouts, with separate review and approval by division controllers of lines of business that have significant incentive compensation payouts, and coordination among human resources, accounting, and payroll personnel to ensure that incentive compensation payouts that have been approved are appropriately reconciled to those approvals before and after payment is made. As a result, the Committee has concluded that Trustmark's compensation policies and practices are not reasonably likely to have a material adverse effect on Trustmark, do not encourage imprudent risk-taking behavior, and are consistent with maintaining the organization's safety and soundness.

Summary Compensation Table for 2012

The following table summarizes the compensation components for the CEO, the CFO and each of the next three most highly compensated executive officers during 2012, and indicates their positions as of December 31, 2012. The table includes base salary, cash incentives paid or accrued, as well as amounts for equity awards, retirement benefits and other compensation for 2010, 2011 and 2012. The amounts reported in the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column were not paid to the NEOs in any year shown. These amounts represent the annual change in the present value of potential future benefits the NEOs might receive upon retirement, assuming the benefits have vested.

- (1) Mr. Host became President and CEO of Trustmark Corporation and Trustmark National Bank effective January 1, 2011, and in connection with the related increase in his responsibilities, he received a one-time promotion and inducement bonus of \$150,000 in December 2010. For Messrs. Stevens and Tyler, the amounts in this column reflect the additional amounts awarded in the Committee's discretion under the management incentive plan.
- (2) The amounts in this column reflect restricted stock awards granted to the NEOs during 2010, 2011 and 2012 and are disclosed as the aggregate grant date fair value of the awards, computed in accordance with ASC Topic 718 based, in the case of performance-based awards, on the then-anticipated outcome (maximum performance), and excluding the impact of estimated forfeitures. These awards include performance-based awards that will vest only if the related performance measures are achieved. Assumptions used in the calculation of these amounts are included in Note 16 to Trustmark's audited financial statements for the year ended December 31, 2012, in Trustmark's Annual Report on Form 10-K filed with the SEC on February 27, 2013.
- (3) No stock option awards were made during 2010, 2011 or 2012.
- (4) Annual cash bonuses earned under Trustmark's management incentive plan are reported in this table as Non-Equity Incentive Plan Compensation.
- (5) The amounts in this column reflect the increase in actuarial present value of the NEO's accumulated benefits under the Trustmark Capital Accumulation Plan and Executive Deferral Plan, determined using interest rate and mortality rate assumptions consistent with those used in Trustmark's audited financial statements and include amounts which the NEO may not currently be entitled to receive because such amounts are not yet vested.
- (6) See the following table for details of all other compensation for 2012.

(1) The aggregate incremental cost of Messrs. Host's and Stevens' personal use of a company-owned automobile is calculated based on the annual cost to Trustmark to own and operate each automobile (taking into account depreciation, insurance, taxes, repairs, maintenance and fuel) multiplied by the percentage that Messrs. Host and Stevens, respectively, used the automobile for personal rather than business travel.

Grants of Plan-Based Awards for 2012

The following table presents information regarding incentive-based cash bonuses and equity awards granted to the NEOs during or for the year ended December 31, 2012, under Trustmark's annual management incentive plan (cash) and 2005 Incentive Plan (restricted stock) and in the case of incentive-based awards reflects the amounts that could be earned or received under such awards:

- (1) The amounts shown in these columns reflect the minimum possible payment level (threshold) under the management incentive plan awards, which was 50% of the target amount shown, the target payment under the awards and the maximum possible payment under the awards, which was 200% of the target. All of these amounts are percentages of the executive's base salary as of March 1, 2012. As noted earlier, Trustmark accelerated the payment of these awards for 2012, paying 90% of the estimated earned amount to the executives on December 31, 2012, and paying the remaining amount earned on March 15, 2013, after the final amounts were confirmed by the Committee and the Board. The final amount of the award earned by the CEO and CFO was recommended by the Committee and approved by the Board on January 22, 2013. The final amount of the awards earned by the other NEOs were recommended by the Committee and approved by the Bank Board on March 12, 2013. All amounts earned are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table on page 32.
- (2) Reflects the number of performance-based restricted shares granted on January 24, 2012. The awards vest based on the achievement of target percentages related to ROATE (50%), with vesting up to and including 100%, and TSR (50%), with vesting up to and including 100%, compared to the 2012 peer group. The performance period began January 1, 2012, and continues through December 31, 2014. In the event of the executive's death, disability, retirement at or after age 65 with consent of the Committee and where cause for termination is not present, termination by Trustmark without cause, termination by the executive for good reason if provided in the executive's employment agreement or a change in control, partial time-weighted performance vesting occurs based on ROATE and TSR through the end of the calendar quarter prior to such event. If a greater than 100% vesting level with respect to the ROATE and TSR targets is achieved in the aggregate (with the maximum being 200%), an additional award of time-based restricted

Table of Contents

stock (excess shares) will be issued to the NEO if he remains employed for the entire performance period. The number of excess shares issued will equal the number of shares awarded initially to the executive multiplied by the vesting percentage exceeding 100%. Any earned excess shares will be issued during the first 2 1/2 months of 2015 and will vest on the third anniversary of their issue date, if the executive remains employed through such date. Accelerated vesting of these excess shares may also occur based on the occurrence of any of the events noted above. Dividends on any performance-based restricted shares, as well as any excess shares issued, are accumulated and will vest and be paid only when and to the extent the related shares vest, subject to a six-month delay when required by Section 409A.

- (3) Reflects the number of time-based restricted shares granted on January 24, 2012. The awards vest on January 24, 2015, if the executive remains employed through such date. Partial time-weighted vesting will occur through the calendar month ending on or prior to the occurrence of any of the accelerated vesting events described in footnote (2) above. Dividends on any time-based restricted shares will be accumulated and will vest and be paid only when and to the extent the shares vest, subject to a six-month delay when required by Section 409A.
- (4) The amounts in this column reflect the grant date fair value of the performance-based restricted stock and potential excess shares that may be awarded in the future, computed in accordance with ASC Topic 718, in each case based on the then-anticipated outcome (maximum performance), and the grant date fair value of the time-based restricted stock computed in accordance with ASC Topic 718.

Table of Contents

- (1) *Dividends on these shares are accumulated, vest and are paid only when and to the extent the underlying restricted shares vest, subject to a six-month delay when required by Section 409A. Accelerated vesting of these shares may occur based on the executive's death, disability, retirement at or after age 65 (with consent of the Committee in the case of awards originally granted after 2008) and where cause for termination is not present, termination by Trustmark without cause, termination by the executive for good reason if provided in the executive's employment agreement or a change in control.*
- (2) *The market value of shares that have not vested is the number of reported shares multiplied by the closing market price of Trustmark's common stock on December 31, 2012, which was \$22.46 per share.*
- (3) *Reflects the number of excess shares that were issued on February 22, 2011, in connection with the greater than 100% vesting of the performance-based restricted stock award granted on January 22, 2008. These time-based restricted shares will vest on December 16, 2013, if the executive remains employed through such date. See footnote (1) above for information regarding dividend accumulation and the events that may trigger accelerated vesting with respect to these shares.*
- (4) *Reflects the number of excess shares that were issued on February 14, 2012, in connection with the greater than 100% vesting of the performance-based restricted stock awards granted on January 27, March 31, October 27 and December 16, 2009. These time-based restricted shares will vest on December 16, 2014, if the executive remains employed through such date. See footnote (1) above for information regarding dividend accumulation and the events that may trigger accelerated vesting with respect to these shares.*
- (5) *For restricted stock granted on January 26, 2010, reflects the number of performance-based restricted shares that vested and excess shares that were issued under the award on February 19, 2013. The awards vested based on achievement of ROATE targets, with potential vesting up to and including 100% based on ROATE and TSR targets, with potential vesting up to and including 100% based on TSR, compared to a group of peer financial institutions over a January 1, 2010, through December 31, 2012, performance period. Because of the achievement of a performance-based vesting level with respect to the ROATE and TSR targets greater than 100% in the aggregate (120% out of a maximum of 200%), an additional award of time-based restricted stock (excess shares) was issued on February 19, 2013. These excess shares will vest on the third anniversary of the issue date, if the executive remains employed through such date. See footnote (1) above for information regarding dividend accumulation and the events that may trigger accelerated vesting with respect to these excess shares.*
- (6) *Reflects time-based restricted stock granted, which vests 100% on the third anniversary of the grant date, if the executive remains employed through such date. See footnote (1) above for information regarding dividend accumulation and the events that may trigger partial time-weighted accelerated vesting with respect to these shares.*
- (7) *For awards granted on January 25, 2011, reflects the target (100%) number of performance-based restricted shares granted. The awards vest based on achievement of ROATE targets, with vesting up to and including 100% based on ROATE, and TSR targets, with vesting up to and including 100% based on TSR, compared to a group of peer financial institutions over a January 1, 2011, through December 31, 2013, performance period, if the executive remains employed through the end of the performance period. Partial time-weighted performance vesting occurs based on ROATE and TSR through the end of the calendar quarter prior to the occurrence of any of the events described in footnote (1) above. If a greater than 100% vesting level with respect to the ROATE and TSR targets is achieved in the aggregate (with the maximum being 200%) for an executive who remains employed for the entire performance period, then an additional award of time-based restricted stock (excess shares) will be issued in the first two and one-half months after the end of the performance period equal to the number of shares awarded initially to that executive multiplied by the vesting exceeding 100%. Any such awarded excess shares will vest on the third anniversary of their issue date, if the executive remains employed through such date. See footnote (1) above for information regarding dividend accumulation and the events that may trigger accelerated vesting with respect to these shares.*
- (8) *For awards granted on January 24, 2012, reflects the target (100%) number of performance-based restricted shares granted. See footnote (2) to the Grants of Plan-Based Awards for 2012 table on page 33 for discussion of*

the vesting schedule of these awards of performance-based restricted shares and potential excess shares.

Option Exercises and Stock Vested for 2012

The following table presents information regarding stock options exercised and restricted stock that vested during 2012 for each of the NEOs:

(1) Actual years of service as a Trustmark associate for each NEO is as follows: Host 28, Greer 25, Dewey 9, Stevens 26 and Tyler 22. Effective May 15, 2009, benefits under the Trustmark Capital Accumulation Plan were frozen. Thus, NEOs will not earn additional benefits after May 15, 2009, except for interest as required by IRS regulations. For purposes of the Executive Deferral Plan, NEOs normally receive one year of credited service for every 12 months of employment with Trustmark since commencement of participation in the plan. For purposes of calculating years of credited service for the Trustmark Capital Accumulation Plan, NEOs received one year of credited service for every calendar year in which they worked 1,000 hours (but disregarding hours of service after May 15, 2009, due to the benefit accrual freeze under the plan). Therefore, number of years of credited service as an associate and years of credited service for the Trustmark Capital Accumulation Plan and the Executive Deferral Plan may differ. Also, since the date of entry into the Executive Deferral Plan could be subsequent to the date of entry into the Trustmark Capital Accumulation Plan, the number of years of credited service for each plan may be different depending on each respective date of entry. This table assumes the entire service period was completed under the benefit formula that was effective for service through December 31, 2012, and thereafter, subject to the benefit accrual freeze as of May 15, 2009, for the Trustmark Capital Accumulation Plan.

- (2) Includes amounts which the NEO may not currently be entitled to receive because such amounts are not vested.
- (3) The present value of accumulated benefit is based on converting the lump sum attributable to credits earned to date to an annuity payable at retirement age, which is then discounted back to December 31, 2012.

Non-Qualified Deferred Compensation for 2012

Trustmark's non-qualified deferred compensation plan is discussed in more detail under Non-Qualified Deferred Compensation Plan on page 28. The following table presents information relating to each NEO's participation in the plan:

Name	Executive Contributions in Last Fiscal Year (1) (\$)	Trustmark Contributions in Last Fiscal Year (\$)	Aggregate Earnings in Last Fiscal Year (2) (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last Fiscal Year-End (3) (\$)

Breck W. Tyler	\$ 189,647	---	\$ 84,844	---	\$ 811,384

(1) All amounts are reported as 2012 non-equity incentive plan compensation for the NEO in the Summary Compensation Table on page 32.

(2) The amounts in this column consist of investment gains for 2012 and do not include any above-market earnings.

(3) Of the amounts disclosed in this column, the following amounts were previously reported as compensation to the NEO in a Summary Compensation Table prior to 2012: Host \$1,215,390, Greer \$22,500, Dewey \$188,477 and Tyler \$245,737.

Table of Contents**Potential Payments Upon Termination or Change in Control**

As discussed above, Trustmark's executive compensation programs, plans and agreements provide for payments to the NEOs in the event of certain terminations of employment or upon a change in control of Trustmark. The following table describes the potential payments that would be made to each of the NEOs in various termination and change in control scenarios based on compensation, benefit and equity levels in effect on December 31, 2012. The amounts shown are estimates, and assume that the termination or change in control event occurred on December 31, 2012. The actual amounts to be paid can only be determined at the time of an NEO's actual termination of employment or an actual change in control of Trustmark.

In accordance with SEC regulations, the following table does not report any amount to be provided to an NEO that does not discriminate in scope, terms or operation in favor of Trustmark's executive officers and which is available generally to all salaried employees, and excludes (i) amounts accrued through December 31, 2012, that would be paid in the normal course of continued employment, such as accrued but unpaid salary and bonus amounts, (ii) vested account balances under the Trustmark Capital Accumulation Plan, Executive Deferral Plan, NQDC Plan and 401(k) plan and (iii) already vested equity awards.

Table of Contents

- (1) *If during the term of his employment agreement, Mr. Host's employment is terminated due to disability or if he dies, he or his designated beneficiary, spouse or estate will be entitled to a lump sum payment of a time-weighted pro-rata share of his annual bonus target amount for that year (\$490,000 for 2012), in addition to accrued but unpaid compensation to date of termination.*
- (2) *Payments pursuant to Mr. Host's employment agreement in consideration of covenants relating to confidentiality and two-year non-solicitation and non-competition commitments. Payment amounts shown for Mr. Host are reduced, pursuant to his employment agreement, to the maximum amount which may be paid without triggering a golden parachute excise tax under Section 280G of the Internal Revenue Code.*
- (3) *Under a change in control without termination of employment, the executive is entitled to accelerated vesting of a pro-rata portion of his unvested restricted stock (plus accumulated dividends attributable to the shares of restricted stock vesting), based on actual service in the case of time-based restricted stock, and actual service and actual performance in the case of performance-based restricted stock (but including 100% of any excess shares issued for completed performance periods). None of the NEOs held any unvested stock options as of December 31, 2012 and, therefore, no incremental value has been attributed to accelerated vesting of options. The value of the restricted stock upon vesting is based on the closing market price per share of \$22.46 as of December 31, 2012. The NEOs would also receive the amount of accumulated cash dividends attributable to the shares of restricted stock vesting. No other incremental compensation or benefits are payable in such change in control event.*
- (4) *Upon death or disability, retirement at age 65 or older where cause for termination is not present (with consent of the Committee in the case of awards granted after 2008), termination by Trustmark not for cause or termination by the executive for good reason if provided in the executive's employment agreement, the executive is entitled to accelerated vesting of a pro-rata portion of his unvested restricted stock (plus accumulated dividends attributable to the shares of restricted stock vesting), based on actual service in the case of time-based restricted stock, and actual service and actual performance in the case of performance-based restricted stock (but including 100% of any excess shares issued for completed performance periods).*
- (5) *Upon death, an incremental pre-retirement death benefit may be payable to the executive's beneficiary under the Executive Deferral Plan.*
- (6) *Upon termination within three years following a change in control, the incremental Executive Deferral Plan benefit amount is equal to the present value difference between the benefit at normal retirement date and the deferred benefit accrued to date, calculated by adding five years of service, up to a maximum of ten total years of participation. The actuarial assumptions used to calculate the incremental benefit are the same as the assumptions in the Pension Benefits for 2012 table using a 3.5% rate for present value computations. Messrs. Host, Greer and Tyler were already fully vested as of December 31, 2012, and did not receive any incremental benefits from this provision. Messrs. Dewey and Stevens were each awarded one additional year of service, which resulted in the incremental benefits shown in the table.*
- (7) *Mr. Host is entitled to 24 months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination if his employment is terminated by Trustmark without cause or if he resigns for good reason, and 36 months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination upon such events in the case of a change in control.*

Human Resources Committee Report

The Human Resources Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K and, based on such review and discussions, the Human Resources Committee, as listed below, recommended to the Audit and Finance Committee, acting on behalf of the Board, that the Compensation Discussion and Analysis be included in this proxy statement.

John M. McCullough (Chairman)

Daniel A. Grafton

Aldolphus B. Baker

R. Michael Summerford

Human Resources Committee Interlocks and Insider Participation

The following directors served on Trustmark's Human Resources Committee during 2012: John M. McCullough (Chairman), Adolphus B. Baker, Daniel A. Grafton and R. Michael Summerford. No current or former executive officer or associate of Trustmark or any of its subsidiaries currently serves or has served as a member of the Human Resources Committee or has been involved in any related party transaction, as discussed in the section beginning on page 41.

PROPOSAL 2: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires that Trustmark's shareholders have the opportunity to provide an advisory vote to approve Trustmark's executive compensation as disclosed in this proxy statement pursuant to the SEC's compensation disclosure rules. Accordingly, Trustmark's shareholders are hereby given the opportunity to cast an advisory vote to approve or not approve the compensation of Trustmark's named executive officers as described above, by voting for or against this proposal.

The Human Resources Committee and Board have designed Trustmark's executive compensation to recruit, retain and motivate employees who play a significant role in the organization's current and future success. Trustmark, through the Human Resources Committee, the Board and the contributions of an outside compensation consultant, structures executive compensation to motivate these employees to maximize shareholder value by achieving performance goals while limiting risk appropriately and maintaining the safety and soundness of the organization. For a full description of these executive compensation practices, please see the description provided under the heading "Executive Compensation," including the "Compensation Discussion and Analysis" and the tabular disclosures of NEO compensation and related disclosures that follow.

Table of Contents

Trustmark believes that its executive compensation and compensation practices and policies are reasonable in comparison to its peer group, are focused on pay-for-performance principles, are strongly aligned with the long-term interest of shareholders and are necessary to attract and retain experienced, highly-qualified executives important to Trustmark's long-term success and the enhancement of shareholder value. The Board believes that Trustmark's executive compensation achieves these objectives, and, therefore, recommends that shareholders vote for the proposal.

Because this vote is advisory, it will not be binding on the Board and will not be construed as overruling any decision made by the Board. The Human Resources Committee and the Board will take into account the outcome of this advisory vote when considering future executive compensation arrangements, but they are not required to do so. Pursuant to the vote of Trustmark's shareholders at the 2011 Annual Meeting of Shareholders, Trustmark will conduct an advisory vote to approve executive compensation on an annual basis. The next advisory vote to approve executive compensation will occur at the 2014 Annual Meeting of Shareholders.

The Board recommends that shareholders vote for this proposal to provide advisory approval of Trustmark's executive compensation.

PROPOSAL 3: RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

The Board, based on the recommendation of the Audit and Finance Committee, has engaged KPMG as Trustmark's independent auditor since April 29, 2002, and has reaffirmed KPMG's engagement as the independent auditor for the fiscal year ending December 31, 2013. The Board recommends that shareholders vote in favor of ratifying the selection of KPMG. If shareholders do not ratify the selection of KPMG, the Audit and Finance Committee will consider a change in independent auditor for the next year.

Representatives of KPMG are expected to be present at the annual meeting with the opportunity to make a statement, if they desire to do so, and to be available to respond to appropriate questions during the period generally allotted for questions at the meeting.

The Board recommends that shareholders vote for ratification of the selection of KPMG as Trustmark's independent auditor.

AUDIT AND FINANCE COMMITTEE REPORT

Trustmark's Audit and Finance Committee, which conducts the usual and necessary activities in connection with the audit functions of Trustmark, held five meetings during 2012. The Committee reviewed and discussed with management and KPMG the consolidated audited financial statements as of and for the three years ended December 31, 2012. The Committee also discussed with KPMG the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended (AICPA, *Professional Standards*, Vol. 1, AU Section 380) as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Committee received the written disclosures and the letter from KPMG required by the applicable requirements of the PCAOB regarding the independent auditor's communications with the audit committee concerning independence, and discussed the independence of KPMG. Based on this review, the Committee recommended to the Board that the consolidated audited financial statements be included in Trustmark's Annual Report on Form 10-K for the year ended December 31, 2012.

None of the following members of Trustmark's Audit and Finance Committee serve on the audit committee of another company, and all are independent directors as defined by NASDAQ Listing Rules:

R. Michael Summerford (Chairman)	Richard H. Puckett
David H. Hoster II	LeRoy G. Walker, Jr.

The Board has determined that R. Michael Summerford qualifies as a financial expert pursuant to the requirements of the SEC.

Table of Contents**Principal Accountant Fees**

The following table presents the fees for professional audit services rendered by KPMG for the audit of Trustmark's consolidated financial statements for the fiscal years ended December 31, 2012, and December 31, 2011, and fees billed for other services rendered by KPMG during those periods. All services reflected below for 2012 and 2011 were pre-approved in accordance with the policy of the Audit and Finance Committee. Information related to audit fees for 2012 includes amounts billed through December 31, 2012, and additional amounts estimated to be billed for the 2012 period for audit services rendered.

	2012	2011
Audit Fees (1)	\$ 730,000	\$ 715,000
Audit-Related Fees (2)	\$ 156,491	\$ 176,568
Tax Fees (3)		\$ 9,690

All Other Fees	---	---
	\$ 886,491	\$ 901,258

(1) Audit fees include fees for professional services in connection with the audit of Trustmark's consolidated financial statements, audit of internal control over financial reporting, review of the interim consolidated financial statements included in quarterly reports and services provided by KPMG in connection with statutory and regulatory filings.

(2) Audit-related fees include fees for professional services in connection with Trustmark's SOC-I examination, acquisition activity and other various assurance services.

(3) Tax fees consist of fees for tax-related consulting services.

Pre-Approval Policy

The Audit and Finance Committee has adopted a policy that sets forth guidelines and procedures for the pre-approval of services to be performed by the independent auditor, as well as the fees associated with those services. Annually, the Committee reviews and establishes the types of services and fee levels to be provided by the independent auditor. Any additional services or fees in excess of the approved amounts require specific pre-approval by the Committee. The Committee has delegated to its Chairman the authority to evaluate and approve services and fees in the event that pre-approval is required between meetings. If the Chairman grants such approval, he will report that approval to the full Committee at its next meeting. Non-audit services, prohibited by the SEC, are likewise prohibited under the Committee's pre-approval policy.

RELATED PARTY TRANSACTIONS

The Bank made a payment of approximately \$275,000 in 2012 to Bloomfield Equities, LLC, for the naming rights to the Mississippi Braves AA Baseball Stadium, known as Trustmark Park. Ninety percent (90%) of Bloomfield Equities, LLC, is owned indirectly by Trustmark director William G. Yates III and his family. The dollar value of Mr. Yates III's interest in the transaction was approximately \$81,751. The collective dollar value of this transaction to the Yates family was approximately \$247,500. The Bank expects to make a payment of \$275,000 in 2013 to

Bloomfield Equities, LLC, for naming rights to Trustmark Park. The specific dollar value of Mr. Yates III's interest in the 2013 transaction is not known at this time.

In addition, Trustmark purchased a \$17,500 sponsorship from Spectrum Events, LLC, for college baseball games played at Trustmark Park in 2012 and leased a billboard from Spectrum Advertising, LLC, for \$2,000 per month in 2012. Thirty-three percent (33%) of Spectrum Capital, LLC, which wholly owns Spectrum Events, LLC, and Spectrum Advertising, LLC, is owned directly by director William G. Yates III, while his family and a family trust own the remaining 67%. Spectrum Capital, LLC, also wholly owns Magnolia Properties, LLC, which owns a 90% interest in Bloomfield Equities, LLC. The dollar value of Mr. Yates III's interest in these transactions is approximately \$13,833. The collective dollar value of these transactions to the Yates family is approximately \$41,500. Trustmark expects to pay a \$16,000 sponsorship to Spectrum Events, LLC, for college baseball games played at Trustmark Park in 2013, and to lease a billboard from Spectrum Advertising, LLC, for \$2,025 per month in 2013.

Table of Contents

During 2012, W.G. Yates & Sons Construction Company (WGY&S), which is wholly-owned by Mr. Yates III and his family, and for which Mr. Yates III serves as President and CEO, and certain of its wholly-owned subsidiaries paid premiums for employee benefits insurance policies to third party insurance companies. Fisher Brown Bottrell Insurance, Inc. (Fisher Brown Bottrell), a subsidiary of the Bank, received commissions of \$280,227 from such insurance companies for placing these policies. Trustmark believes the premiums and the terms of the insurance policies are no more favorable than could be obtained from a non-related party in an arm's length transaction. Fisher Brown Bottrell continues to serve as insurance agent for these policies for WGY&S in 2013. The dollar value of Mr. Yates III's interest in this transaction is not known at this time.

The Bank also made loans to directors, executive officers and principal shareholders and their related interests in 2012 and continues to do so in 2013. Such loans were made in the course of ordinary business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank, and do not involve more than the normal risk of collectability or present other unfavorable features.

Trustmark's Audit and Finance Committee has adopted and manages a written policy with respect to related party transactions that governs the review, approval or ratification of covered related party transactions. The policy generally provides that Trustmark may enter into a related party transaction only if the Audit and Finance Committee approves or ratifies such transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party or the transaction involves compensation approved by the Human Resources Committee. A Related Party is (i) an executive officer, director or nominee for director of Trustmark, (ii) a shareholder owning in excess of 5% of Trustmark's outstanding equity securities, (iii) a person who is an immediate family member of someone listed in (i) or (ii), or (iv) any firm, corporation or other entity in which anyone listed in (i) or (ii) is employed or is a general partner or principal or is in a similar position or in which such person has a 5% or greater beneficial ownership interest.

In the event management recommends a related party transaction to the Audit and Finance Committee, the Committee reviews and either approves or disapproves such transaction. At subsequent Committee meetings, as necessary, management updates the Committee as to any material change to a proposed or approved related party transaction. The Committee approves only those related party transactions that are in, or are not inconsistent with, the best interests of Trustmark and its shareholders, as the Committee determines in good faith. The Committee considered and pre-approved the 2012 and 2013 payments, as applicable, to Bloomfield Equities, LLC, Spectrum Events, LLC, and Spectrum Advertising, LLC, and, therefore, to Mr. William G. Yates III, as well as the business relationship between Fisher Brown Bottrell and WGY&S and certain of its subsidiaries.

PROPOSALS OF SHAREHOLDERS

Shareholders may submit proposals to be considered at the 2014 Annual Meeting of Shareholders if they do so in accordance with applicable regulations of the SEC. Any shareholder intending to propose a matter for consideration at Trustmark's 2014 Annual Meeting of Shareholders must submit such proposal in writing to the Secretary of Trustmark no later than February 8, 2014; however, in order to be considered for inclusion in Trustmark's proxy statement for the 2014 Annual Meeting of Shareholders, the proposal must meet the requirements of SEC Rule 14a-8 and be submitted to the Secretary of Trustmark no later than November 25, 2013. In addition, the proxy solicited by the Board for the 2014 Annual Meeting of Shareholders will confer discretionary authority to vote on any shareholder proposal presented at the meeting if Trustmark has not received notice of such proposal by February 8, 2014.
