This filing relates to the proposed transaction pursuant to the terms of that certain Agreement and Plan of Merger, dated as of May 7, 2013 (the Merger Agreement ), by and among Trulia, Inc. ( Trulia ), Market Leader, Inc. ( Market Leader ) and Mariner Acquisition Corp., a wholly owned subsidiary of Trulia.

Global e-mail from Peter Flint to all Trulia employees.

Good Morning Trulians,

I am very excited to announce a landmark event for our company. We have entered into a definitive agreement to acquire Market Leader, the leading provider of Software as a Service (SaaS)-based customer relationship management (CRM) software for the real estate sector.

This acquisition is all about helping one of our key customer groups – real estate agents, brokerages, and franchisors – succeed. Real estate professionals are looking for more comprehensive tools to help grow their business and convert more leads into new customers. Market Leader's leading agent productivity tools will help us address this need, offer even more value to real estate professionals, and make our existing Trulia products more valuable. Market Leader also has deep partnerships with leading franchise brands such as Keller Williams, Century 21, and many regional independent brokerages that will provide value to even more agents and solidify our position as a key partner to the industry.

Based in Seattle, Market Leader has about 300 talented employees who will join our company upon close of the deal in roughly the third quarter of 2013. Just like Trulia, Market Leader has a talented and energetic team that will be a wonderful cultural fit. We are two rapidly growing companies, whose products are complementary. Our opportunities as separate companies are big. Our opportunity as a combined company is enormous!

The combined company will have approximately 46,000 premium subscribers. We believe that adding Market Leader to Trulia will springboard us on a path to category leadership. We expect the transaction will provide meaningful value to shareholders and create growth opportunities for employees across both companies.

Because we are both publicly traded companies, what I can elaborate on here is limited, and I will share our strategy behind this acquisition with you at today's all hands meeting. In the meantime, please read the press release (copied below). We plan to gather as a company at 1:00 pm ET/10 am PT as a company to discuss what this means for you and our business. If you have questions in the meantime, feel free to reach out to [questions@trulia.com](mailto:questions@trulia.com).

You should all feel very proud of the work we've done to enable this new growth opportunity. Together, we will solidify our leadership position and move even more quickly to revolutionize online real estate. I am looking forward to sharing more details during our all hands meeting later today.

Cheers - Pete

Combined company will have approximately 46,000 premium subscribers, more than any other online real estate marketplace.

Transaction will allow Trulia, Market Leader and their customers to be best positioned for the housing recovery and the technological transformation of the consumer-agent relationship.

Combined company's unprecedented functionality will serve the entire customer chain in the \$24 billion real estate marketing and software market.

**SAN FRANCISCO, CA & KIRKLAND, WA MAY 8, 2013** Trulia, Inc. (NYSE: TRLA, Trulia), a leading online marketplace for homebuyers, sellers, renters and real estate professionals, announced today that it has entered into a definitive agreement to acquire Market Leader, Inc. (NASDAQ: LEDR, Market Leader), a leading provider of Software as a Service (SaaS)-based customer relationship management (CRM) software for the real estate sector, for approximately \$355 million, or an implied price of \$11.33 per share (based on Trulia's closing share price on Tuesday, May 7, 2013). Market Leader's shareholders will receive \$6.00 in cash and 0.1553 shares of Trulia's common stock for each share of Market Leader common stock

under the terms of the agreement that was unanimously approved by the boards of directors of both companies. The purchase price represents an 18% premium to Market Leader's closing share price of \$9.61 on Tuesday, May 7, 2013.

Our acquisition of Market Leader will create unprecedented value for our customer base while also accelerating our growth, said Pete Flint, Chief Executive Officer of Trulia. Merging our 31 million and increasing monthly unique visitors with Market Leader's robust offerings and extensive partnerships with leading real estate franchisors and brokerages creates a company that will play an even more integral role driving value to the real estate industry. Together, we will help brokerages and franchisors enhance the productivity of their agents by offering them the most comprehensive, end-to-end solution via web and mobile devices. Our combined platform also will enable agents to increase their follow-up capabilities, engagement with clients and the return on investment on their leads.

A real estate industry leader for more than a decade, Market Leader partners with major real estate brokerages and franchisors to help their agents build their personal reputations, manage their leads, and ultimately convert those leads into closings. Market Leader is a rapidly growing company and its products are complementary to those offered by Trulia.

Market Leader has great products for agents, brokerage companies, and franchise organizations and is an excellent strategic fit for Trulia, said Mr. Flint. Market Leader stands alone as a clear leader in the highly fragmented real estate software sector. The company has an existing and proven revenue stream that grew approximately 32% in 2012, the second consecutive year of growth of over 30%. The combination also offers numerous opportunities to cross-promote the two companies' products, deliver integrated products and services, and leverage complementary sales teams and processes. We are also executing this acquisition at what we view as an attractive valuation for both companies' shareholders, while retaining sufficient financial capacity to pursue additional growth initiatives.

The transaction will result in a combined platform that creates value for the entire real estate market, from consumers to brokerages, agents and franchisors.

Benefits for Franchisors and Brokerages:

Today, Market Leader and Trulia each have deep partnerships with hundreds of real estate brokerages and franchisors. Market Leader's SaaS solution allows franchisors and brokerages to provide leading-edge productivity and daily workflow tools to their agents, while Trulia's broker and franchisor partnerships help agents close more business by promoting their listings and generating leads from Trulia's transaction-ready consumer audience.

Benefits for Real Estate Agents:

Real estate agents will now benefit from the industry's first end-to-end solution. As the Trulia and Market Leader products integrate over time following the acquisition, agents will have unmatched data, combined with leading edge tools for working with consumers to help them find the home of their dreams. Agents that use the combined platform will realize that every lead will become more valuable and the agent will have greater visibility into the value of the lead.

Benefits for Consumers:

Real estate consumers will benefit from improved responsiveness and better service from the agents with whom they work. Trulia anticipates that increased agent responsiveness will result in more consumer delight on Trulia's web and mobile properties.

Attracting buyers and sellers and servicing them from research to closing in today's market requires agents to have the most comprehensive end-to-end solution available on the web and mobile," said Market Leader President and Chief Executive Officer Ian Morris. "Market Leader and Trulia have highly complimentary offerings and cultures and we believe this combination will be a big win for our customers, our employees, and our shareholders. The Market Leader team and I are excited to join Trulia and jointly pursue the many growth opportunities before us.

The acquisition is subject to the approval of the holders of a majority of the shares of Market Leader's common stock, as well as customary closing conditions, including regulatory approvals. The transaction is expected to be completed during the third quarter of 2013. J.P. Morgan is acting as the exclusive financial advisor to Trulia and Wilson Sonsini Goodrich & Rosati is serving as legal counsel. GCA Savvian Advisors, LLC is acting as the exclusive financial advisor to Market Leader, with Perkins Coie LLP serving as legal counsel.

The combined company will be headquartered in San Francisco, CA, with the Market Leader offices in Kirkland, WA continuing to be innovation and sales hubs for SaaS-based CRM. Market Leader will operate as a wholly-owned subsidiary of Trulia.
