Previously the Company evaluated segment performance based on gross margin. Beginning in the first quarter of 2014, the Company changed the methodology of measuring segment profit and loss as management began evaluating segment performance based on earnings (loss) from operations. For comparability, the Company is providing updated segment information for prior periods which conforms to the new methodology. The change in presentation did not result in any change to consolidated Earnings (loss) from operations or Net earnings (loss) attributable to Greenbrier.
