PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 21, 2014

These proxy materials are furnished in connection with the solicitation of proxies by the Board of Directors of Actuate Corporation (the Company or Actuate) for the Annual Meeting of Stockholders (the Annual Meeting) to be held at Actuate s corporate headquarters located at 951 Mariners Island Boulevard, San Mateo, California 94404, on Wednesday, May 21, 2014, at 9:00 a.m. local time, and at any adjournment or postponement of the Annual Meeting. The Notice of the Annual Meeting was first mailed to stockholders on or about April 11, 2014.

PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders and described in more detail in this Proxy Statement.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Actuate s Common Stock is the only type of security entitled to vote at the Annual Meeting. On March 28, 2014, the record date for the determination of stockholders entitled to vote at the Annual Meeting, there were 46,810,603 shares of Common Stock outstanding. Each stockholder of record on March 28, 2014 is entitled to one vote for each share of Common Stock held by such stockholder on March 28, 2014. All votes will be tabulated by the inspector of election appointed for the meeting.

Quorum Required

Holders of a majority of the total outstanding shares of our Common Stock entitled to vote at the Annual Meeting on the record date, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. If a quorum is not established, the Annual Meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Broker Non-Votes

Broker non-votes result from shares held of record by stock brokerage firms or financial institutions which are not voted due to the failure of the beneficial owners of those shares to provide voting instructions as to certain non-routine matters as to which such brokerage firms or financial institutions may not vote on a discretionary basis. One matter to be submitted for stockholder approval at the Annual Meeting, ratification of the appointment of Grant Thornton LLP (Proposal 2) is considered a routine matter and therefore brokerage firms or other financial institutions may vote on it in the absence of voting instructions from the beneficial owners of the shares.

Votes Required

Proposal 1. Directors are elected by a plurality of the affirmative votes of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting. The seven (7) nominees for director receiving the highest number of affirmative votes will be elected. Withheld votes and broker non-votes will have no effect on Proposal 1.

Proposal 2. Ratification of the appointment of Grant Thornton LLP as Actuate s Independent Registered Public Accounting Firm for the fiscal year ending December 31, 2014 requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote on Proposal 2. An abstention on Proposal 2 has the effect of a vote against the proposal because it requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting. Broker non-votes will have no effect on Proposal 2.

Proposal 3. Approval of the advisory non-binding resolution regarding the compensation of the Company's named executive officers, requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on Proposal 3. An abstention on Proposal 3 has the effect of a vote against the proposal because it requires the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting. Broker non-votes will have no effect on Proposal 3.

Proxies

Whether or not you are able to attend the Annual Meeting, we urge you to promptly vote your shares at the Annual Meeting by telephone, by the Internet or, if this proxy statement was mailed to you, by returning the enclosed proxy card. The proxy solicited by Actuate's Board of Directors will be voted as you direct on your proxy when properly completed. In the event no directions are specified, proxies will be voted FOR the nominees of the Board of Directors as set forth in Proposal 1, FOR Proposal 2 and FOR Proposal 3 and in the discretion of the proxy holders as to other matters that may properly come before the Annual Meeting. You may also revoke or change your proxy at any time before the Annual Meeting. To do this, send a written notice of revocation or another signed proxy with a later date to the Secretary of Actuate Corporation at Actuate's principal executive offices before the beginning of the Annual Meeting. You may automatically revoke your proxy by attending the Annual Meeting and voting in person.

Solicitation of Proxies

Actuate will bear the entire cost of solicitation, including the preparation, assembly, printing and dissemination of the Notice, this Proxy Statement, the proxy and any additional soliciting material furnished to stockholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, Actuate may reimburse such persons for their costs of forwarding the solicitation material to such beneficial owners. The original solicitation of proxies may be supplemented by solicitation by telephone, telegram, or other means by directors, officers, employees, or at Actuate's request, Alliance Advisors (AA) a professional proxy solicitation firm. No additional compensation will be paid to directors, officers or employees for such services, but AA would be paid a fee estimated to be \$1,300 for search and distribution services.

PROPOSAL 1

ELECTION OF DIRECTORS

The directors nominated for election to the Board of Directors (the Nominees), their ages as of April 1, 2014, their positions and offices held with Actuate and certain biographical information are set forth below. If a Nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who may be designated by the current Board of Directors. As of the date of this Proxy Statement, the Board of Directors is not aware of any Nominee who is unable or will decline to serve as a director. The seven (7) Nominees receiving the highest number of affirmative votes of the shares entitled to vote at the Annual Meeting will be elected directors of Actuate to serve until the next Annual Meeting or until their successors have been duly elected and qualified.

Nominees	Positions and Offices Held with Actuate
Nicolas C. Nierenberg	Chairman of the Board and Chief Technical Officer
Peter I. Cittadini	Director, President and Chief Executive Officer
Kenneth E. Marshall	Director
Raymond L. Ocampo Jr.	Director
Arthur C. Patterson	Director
Steven D. Whiteman	Director
Timothy B. Yeaton	Director

Nicolas C. Nierenberg, 57, has been Chairman of the Board of Directors since he co-founded Actuate in November 1993 and was its Chief Architect from August 2000 to July 2013. Mr. Nierenberg became Actuate's Chief Technical Officer in July 2013. He was Chief Executive Officer from November 1993 until August 2000 and President from November 1993 until October 1998. Prior to founding Actuate, from April 1993 to November 1993, Mr. Nierenberg worked as a consultant for Accel Partners, a venture capital firm, evaluating investment opportunities in the enterprise software market. Prior to that, Mr. Nierenberg co-founded Unify Corporation (now Daegis Inc.) which develops and markets relational database development tools. Mr. Nierenberg held a number of positions at Unify including, Chairman of the Board of Directors, Chief Executive Officer, President, Vice President, Engineering and Chief Technical Officer. Mr. Nierenberg is currently CEO of Persyst Development Corporation and is on its board of directors. As a co-founder of the Company and an expert in the enterprise software industry, Mr. Nierenberg brings a unique perspective to the Company's Board of Directors.

Peter I. Cittadini, 58, has been a director of Actuate since February 1999. Mr. Cittadini has been Chief Executive Officer of Actuate since August 2000 and its President since October 1998. Mr. Cittadini was also Actuate's Chief Operating Officer from October 1998 until August 2000 and served as Actuate's Executive Vice President from January 1995 to October 1998. From 1992 to 1995, Mr. Cittadini held a number of positions at Interleaf, Inc., an enterprise software publishing company, including Senior Vice President of Worldwide Operations responsible for worldwide sales, marketing, customer support and services. From 1985 to 1991, Mr. Cittadini held a number of positions at Oracle Corporation, including Vice President, Northeast Division. The Company believes it is important to have its President and Chief Executive Officer participate on its Board of Directors because of his knowledge of the day to day operations of the Company.

Kenneth E. Marshall, 61, has been a director of Actuate since January 2001. Mr. Marshall is currently CEO of Correlsense, a provider of application performance management software. He also serves as Chairman of Extraprise Group Inc., a provider of marketing services, which he founded in 1997. Previously, he was Chairman and CEO of Carbonflow, a provider of SaaS applications for the emission reduction market, President and COO of Giga Information Group, an information technology advisory company, and President and CEO of Object Design, Inc, the leader in database products based on object technologies. Earlier in his career he was a Group Vice President at Oracle Corporation and founded their consulting business. Mr. Marshall is a seasoned expert in the software industry and has a particular expertise with respect to the professional services aspect of our business.

Raymond L. Ocampo Jr., 61, has been a director of Actuate since July 2010. Mr. Ocampo is Chief Executive Officer of Samurai Surfer LLC, a private investment and consulting company, and is a past member of the board of directors of PMI Group, Inc. and Keynote Systems, Inc. He retired in November 1996 as Senior Vice President, General Counsel and Secretary of Oracle Corporation after serving as its chief legal counsel for more than a decade. After retiring from Oracle Corporation, Mr. Ocampo co-founded the Berkeley Center for Law & Technology, the top-rated intellectual property program in the United States, and served as its executive director for two years. Mr. Ocampo's legal background and extensive experience in managing public enterprise software companies provides the Board with additional unique and valuable insight and perspective.

Arthur C. Patterson, 70, has been a director of Actuate since November 1993 and was appointed lead outside director in May 2004. Mr. Patterson is a partner of Accel Partners, a venture capital firm, which he founded in 1983. He currently serves as director to several privately held enterprise software and communications companies. Mr. Patterson brings the Company a wealth of knowledge and experience regarding technology companies from his broad experience as a founding partner of one of the country's leading venture capital firms.

Steven D. Whiteman, 63, has been a director of Actuate since April 1998. Since January 2005, Mr. Whiteman has worked as an independent consultant. From May 2001 to December 2004, Mr. Whiteman was President and Chief Executive Officer of Intesource, Inc., a privately held procurement solutions company, where he currently serves on the board of directors. From June 2000 to May 2002, Mr. Whiteman worked as an

independent consultant. From June 1997 to June 2000, Mr. Whiteman held a number of positions, including Chairman of the Board, Chief Executive Officer and President at Viasoft, Inc., a software application and services company. In addition to serving as a director of Intesource, Mr. Whiteman currently serves as a director of privately held company Trax Technologies and as a director of Daegis Inc. (formerly known as Unify Corporation) which is traded on NASDAQ. The Board has determined that Mr. Whiteman is a financial expert as defined in the rules of the Securities and Exchange Commission and for this reason, in addition to his other technology and software experience, is a valuable member of the Board

Timothy B. Yeaton, 55, has been a director of Actuate since January 2011. Mr. Yeaton is currently Senior Vice President, Infrastructure Group at Red Hat, Inc. Mr. Yeaton has over 30 years of technology leadership experience including as President and CEO of Black Duck Software and several prior years as an executive at Red Hat, where he was instrumental in expanding into the developer and middleware markets. Mr. Yeaton has held leadership positions at EqualLogic, Dell, Avaki and Macromedia and spent the early part of his career at Compaq and Digital Equipment Company. Mr. Yeaton sits on the Board of Directors of the Roger Williams University Board of Trustees. He was previously on the boards of directors of Black Duck, the N.H. High Technology Council, the Open Group and the Open Software Foundation. Mr. Yeaton holds an M.B.A. from Babson College, and a B.S., *summa cum laude*, from Roger Williams University. Mr. Yeaton's extensive management experience in open source software and technology companies provides the Board with significant insight and knowledge regarding our business operations, particularly our hybrid open source/enterprise model.

Board of Directors Leadership Structure, Risk Management, Meetings and Committees

Leadership Structure

The Company separates the roles of Chairman of the Board and Chief Executive Officer. The CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company. The Chairman of the Board provides guidance to the CEO and presides over meetings of the full Board of Directors. Each independent director under the applicable NASDAQ listing standards serves as either Lead Director or Chairman or member of at least one of the committees of the Board. The Lead Director has the responsibility of providing input to the Chairman of the Board and CEO on the agenda items for the meeting of the Board and providing feedback to the Chairman of the Board and CEO following executive sessions. The Company believes this structure is the most appropriate for the Company because it divides the role of Chairman and CEO and places leadership for the committees of the Board with individuals who are independent directors under the applicable NASDAQ listing standards. The Company also endeavors to match the experience and skills of each director with the Chairmanship of the most relevant committee or as Lead Director. If the Board's composition changes, the Company may consider changing these policies.

Risk Management

The Board's role in the Company's risk oversight process includes receiving reports from members of senior management on areas of material risk to the Company as issues arise, including operational, financial, legal, regulatory and strategic and reputational risks. The full Board of Directors (or the appropriate Committee in the case of risks that are under the purview of a particular Committee) receives these reports from the appropriate risk owner within the organization to enable it to understand our risk identification, risk management and risk mitigation strategies. When a Committee receives such a report, the Chairman of the relevant Committee will report on the discussion to the full Board of Directors as necessary or delegates the reporting task to the appropriate risk owner. This enables the Board of Directors and its Committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. As part of its charter, the Audit Committee discusses with management the adequacy and effectiveness of the Company's policies and procedures to assess, monitor and manage business and financial risk and legal and ethical compliance programs and meets with the Company's independent auditors, without management present, at each regularly scheduled meeting of the Audit Committee.

The Company's compensation programs are designed to maintain an appropriate balance between long-term and short-term incentives by using a combination of compensation elements, including base salary, annual cash incentive awards, paid either as commissions or bonuses, and long-term equity awards. For the reasons described below, the Compensation Committee has concluded that the Company's compensation programs are not reasonably likely to have a material adverse effect on the Company. For a discussion of the primary components of the compensation packages for the Company's executive officers, please see the section below entitled "Executive Compensation and Related Information - Compensation Discussion and Analysis."

The Company has conducted a risk assessment of its compensation programs for executive officers and all other employees. The Company's Legal and Human Resources department catalogued and analyzed each category of our compensation programs, practices and policies ("Compensation Programs"). The Company's Chief Compliance Officer discussed the findings of this review with the Compensation Committee.

Based upon this assessment, the Company has concluded that its Compensation Programs are balanced and do not, by design, motivate excessive risk taking. In determining that the programs contained an appropriate mix of risk and reward in relation to the Company's strategy and long-term goals without encouraging excessive risk taking, the following elements were considered:

In general, compensation consists of a balanced mix of fixed and variable compensation. The fixed component, base salary, provides a stable income stream to employees and executives. Variable compensation, consisting of commissions for sales personnel, bonuses tied to the achievement of management's business objectives, and market stock units ("MSUs") which vest on the basis Company performance and continued service over designated periods, provide compensation opportunities tied to both individual achievement and the Company's short and long-term goals. Variable compensation is not likely to constitute the predominant element of an employee's total compensation package and other components, such as long-term equity incentives in the form of options and/or restricted stock units ("RSUs"), serve to balance the package.

The commission plans for our sales force align variable compensation with both short and long-term Company goals. The Company structured these plans so that regardless of personal achievement, commissions do not exceed a maximum percentage of the commissionable amount. Further, our corporate controls require approval of customer contracts by both our finance and legal departments prior to execution, in order to confirm the contracts are in accord with corporate policies.

For non-commissioned employees, bonuses provide the potential for variable cash compensation based upon the Company's achievement of annual or quarterly financial and strategic business objectives. These objectives are set at the Company level, and accordingly are not based upon the results for any one individual, team or division and thus do not encourage excessive risk-taking by any particular individual or division.

Equity awards, which are granted to United States employees and some international employees, generally consist of stock options and RSUs. Mr. Cittadini, our Chief Executive Officer and President and Mr. Gaudreau, our Senior Vice President Operations and Chief Financial Officer, have also been awarded MSUs. These awards align employee compensation with the Company's long-term success because they increase in value as our stock price increases over time and, are subject to a vesting schedule tied to the employee's continued service over a designated period. As a result, those awards promote a commonality of interest between the executive officers and the Company's stockholders in sustaining and increasing stockholder value. Because the equity awards are typically made on an annual basis to the executive officers, those officers always have unvested awards outstanding that could decrease significantly in value if the Company's business is not managed to achieve its long-term goals.

The Company believes that an equity package consisting of a combination of RSUs, MSUs and employee stock options helps to mitigate excessive risk-taking by balancing the positive and negative attributes of each type of equity award. For example, stock options and MSUs are generally considered to have a stronger pay-for-

performance component (and thereby could encourage more risk taking) since the awards result in realizable value to the executive only if the company's stock price increases over time, or the applicable performance goals are met. Alternatively, RSUs retain value when the company's stock price decreases, and accordingly are considered to be less likely to encourage risk taking.

Meetings and Committees

The Board of Directors held twelve (12) meetings during the fiscal year ended December 31, 2013. During 2013, no director attended fewer than seventy-five percent of the aggregate of (i) the total number of meetings of the Board of Directors held during the period he served as a director and (ii) the total number of meetings held by committees of the Board on which he served, during the periods that he served.

The Board of Directors currently has three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance/Nominating Committee.

Audit Committee The principal functions of the Audit Committee are to monitor the integrity of Actuate's financial statements; oversee the accounting and financial reporting process and the systems of internal accounting and financial controls; review the qualifications (including independence) and performance of the Independent Registered Public Accounting Firm; and oversee compliance with Actuate's ethics policies and applicable legal and regulatory requirements. The Audit Committee met four (4) times during 2013. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors which can be viewed at www.actuate.com. The current members of the Audit Committee are Messrs. Marshall, Ocampo, Whiteman and Yeaton. The Board of Directors has determined that each member of the Audit Committee is an independent director under the applicable NASDAQ listing standards and rules of the Securities and Exchange Commission (the "SEC"). The Board of Directors has determined that Mr. Whiteman is an audit committee financial expert as defined under the SEC rules.

Compensation Committee The Compensation Committee reviews and sets the compensation for Actuate's Chief Executive Officer and its other executive officers, evaluates the performance of the executive officers, and oversees the administration of Actuate's equity compensation plans. The Compensation Committee also sets the compensation of the non-employee directors. The Compensation Committee met five (5) times during 2013. The Compensation Committee acts pursuant to a written charter adopted by the Board of Directors that can be viewed at www.actuate.com. The current members of the Compensation Committee are Messrs. Marshall, Ocampo, Whiteman and Yeaton. The Board of Directors has determined that each member of the Compensation Committee is an independent director under the applicable NASDAQ listing standards.

The Compensation Committee is authorized to use independent compensation consultants and other professionals to assist in the design, formulation, analysis and implementation of compensation programs for the Company's executive officers and other key employees and non-employee directors. In 2013, the Compensation Committee engaged the compensation consulting firm Compensia to (i) identify Actuate's peer group for compensatory purposes, (ii) determine appropriate levels of compensation for its executive officers and non-employee members of the Board of Directors, and (iii) otherwise provide advice about executive compensation best practices. The Compensation Committee conducted an assessment of Compensia's independence using certain defined criteria including (i) fees paid by the Company to Compensia as a percentage of Compensia's total revenue; (ii) other services provided to the Company by Compensia; (iii) Compensia's business or personal relationships with Compensation Committee members and executive officers; (iv) shares of Company common stock owned by Compensia; and (v) other potential conflicts of interest. No conflict of interest was identified as a result of such assessment.

In determining or recommending the amount or form of executive officer compensation each year, the Compensation Committee generally considers the recommendations of compensation consultants engaged by Actuate and/or the Compensation Committee, compensation surveys, such as Radford Global Technology Survey

Group surveys and the High-Tech Executive TDC Survey and recommendations from Actuate's Chief Executive Officer with respect to the compensation of other executive officers based on his annual review of those officers' performance.

Corporate Governance/Nominating Committee The Corporate Governance/Nominating Committee is responsible for overseeing Actuate's corporate governance policies and processes, evaluating and recommending qualified candidates to election to the Board of Directors and evaluating and recommending Board committee composition. The Corporate Governance/Nominating Committee met once during 2013. The Corporate Governance/Nominating Committee acts pursuant to a written charter adopted by the Board of Directors that can be viewed on our website at www.actuate.com. The current members of the Corporate Governance/Nominating Committee are Messrs. Marshall, Ocampo, Whiteman and Yeaton. The Board of Directors has determined that each member of the Corporate Governance/Nominating Committee is an independent director under the applicable listing standards of NASDAQ.

The Corporate Governance/Nominating Committee has established minimum qualifications that a director nominee should possess. These qualifications include integrity and sound ethical character, absence of any legal or regulatory impediments, absence of conflicts of interests that would interfere with the exercise of independent judgment, the ability to represent fairly all stockholders of Actuate, relevant expertise and experience, general appreciation of the issues confronting a public company of Actuate's size and operational scope and adequate time to devote to service on the Board and its committees. In addition, the Corporate Governance/Nominating Committee has adopted a process for identifying and evaluating new candidates for nomination as a director. The Corporate Governance/Nominating Committee or the Board will initiate the process by identifying the need to add a new Board member with specific criteria or to fill a vacancy. In doing so, the Committee considers and recommends to the Board the appropriate size and the needs of the Board. The Committee determines the backgrounds, skills, and attributes of Board members are needed to help strengthen and balance the Board. If there is a need for a new member of the Board, the Chairman of the Committee will initiate a search, working with staff support and seeking input from other members of the Board and members of senior management. If the Chairman of the Committee believes it is necessary, the Committee will engage a search firm. The Chairman of the Committee will then present an initial list of candidates that satisfy the desired criteria and the minimum qualifications to the Corporate Governance/Nominating Committee. Thereafter, the members of the Corporate Governance/Nominating Committee will lead further due diligence of the candidates, including interviews of the prospective candidates by the Chairman of the Board, the CEO/President and at least one member of the Corporate Governance/Nominating Committee. Ultimately the Corporate Governance/Nominating Committee will select a candidate and recommend him or her to the full Board for approval. The Corporate Governance/Nominating Committee does not have a formal policy for identifying and evaluating director nominees on the basis of diversity. However, the Company has endeavored to have members that have varied yet complementary skills and experiences that are relevant to the Company's business, strategy and goals.

The Corporate Governance/Nominating Committee would give the same consideration to director candidates recommended by the Company's stockholders as those candidates recommended by others. To recommend a candidate for the Corporate Governance/Nominating Committee's consideration, a stockholder should follow the procedures set out in the Company's Amended and Restated Bylaws and submit the required information and materials described in such bylaws, including the candidate's name and qualifications to the Company's corporate secretary in writing at the following address: 951 Mariners Island Boulevard, San Mateo, CA 94404. To date, Actuate has not received director candidates recommended by its stockholders and the Board of Directors believes that it could appropriately address any such recommendations received without a formal policy.

Stockholders may communicate with the Board of Directors by sending a letter to the Company's corporate secretary at the following address: 951 Mariners Island Boulevard, San Mateo, California 94404. Stockholders who would like their submission directed to a particular member of the Board of Directors by the corporate secretary may so specify.

The Board of Directors has determined that, all members of the Board of Directors are independent directors within the meaning of the applicable listing standards of NASDAQ other than Messrs. Cittadini and Nierenberg who are not considered independent because they are executive officers of Actuate.

Although Actuate does not have a formal policy regarding attendance by members of the Board of Directors at annual meetings of stockholders, directors are encouraged to attend annual meetings. No directors attended the 2013 annual meeting of stockholders.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** THE NOMINEES LISTED HEREIN.

PROPOSAL 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Grant Thornton LLP (Grant Thornton) was the Company s independent, registered public accounting firm for fiscal years 2011 through 2013. On January 29, 2014, the Company re-appointed Grant Thornton as its independent, registered public accounting firm for the audit of the Company s financial statements for fiscal year 2014. Representatives from Grant Thornton are expected to be at the Annual Meeting. They will have the opportunity to make a statement and will be available to respond to appropriate stockholder questions.

Prior to the time Grant Thornton became the Company s independent, registered public accounting firm, we did not consult with them regarding either (i) the application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on our financial statements, and neither a written report was provided to us or oral advice was provided that Grant Thornton concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) any matter that was either the subject of disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K and the related instructions to Item 304 of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

The affirmative vote of the holders of a majority of shares present or represented by proxy and entitled to vote on this proposal will be required to ratify the appointment of Grant Thornton. In the event the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if it concludes that such a change would be in Actuate s and its stockholders best interests.

Principal Accounting Fees and Services

Grant Thornton served as our independent registered public accounting firm and conducted the audit of our financial statements for the fiscal years ended December 31, 2013 and 2012.

The following table presents the aggregate fees for professional and other services rendered by Grant Thornton as our principal accountant for fiscal years ended December 31, 2013 and 2012:

Fee Category	2013	2012
Audit Fees	\$ 809,618	\$ 722,724
Audit-Related Fees	\$ 10,000	\$ 10,700
All Other Fees	\$	\$ 46,774
Total	\$ 819,618	\$ 780,198

Audit Fees. Audit fees include the audit of Actuate's annual financial statements included in our Annual Report on Form 10-K, review of financial statements included in each of our quarterly reports on Form 10-Q, and services that are normally provided by our outside auditors rendering the audit opinion in connection with statutory and regulatory filings or engagements for those fiscal years.

Audit-Related Fees. Audit-related fees consist of fees for assurance and related services by our outside auditors rendering the audit opinion that are reasonably related to the performance of the annual audit or quarterly review of our financial statements.

All Other Fees. All other fees consist of services rendered for one customer audit and due diligence work related to the Quitarian acquisition.

Our Audit Committee charter provides that the Audit Committee shall pre-approve all audit and permitted non-audit services to be provided to us by our independent auditors, subject to the de minimis exception set forth in Section 10A(i)(1)(B) of the Securities Exchange Act. The Audit Committee may delegate the pre-approval authority to a member of the Audit Committee, subject to the designated committee member presenting his decisions at the next scheduled meeting of the Audit Committee.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR** PROPOSAL 2.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Pursuant to Section 14A(a)(1) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), the Company's stockholders are entitled to vote at the Annual Meeting to approve the compensation of the Company's named executive officers as disclosed in this Proxy Statement in accordance with the standards established under Item 402 of Regulation S-K under the Exchange Act. This proposal is commonly referred to as "say-on-pay."

The stockholder vote on executive compensation is an advisory vote only, and it is not binding on us, our Board of Directors or the Compensation Committee. Although the vote is non-binding, our Board of Directors and the Compensation Committee value the opinions of the stockholders and will consider the outcome of the vote when making future compensation decisions affecting our executive officers.

We encourage stockholders to read closely the "Executive Compensation" section of this Proxy Statement, beginning with the Compensation Discussion and Analysis ("CD&A"), which describes in detail our executive compensation programs, policies and practices with respect to the compensation of our named executive officers in the year ended December 31, 2013.

The Compensation Committee believes that compensation is an important tool to help recruit, retain, and motivate executives critical to Actuate's current and future success. The Compensation Committee also believes the executive compensation program should be structured to encourage management to achieve our financial and strategic objectives and create long-term value for our stockholders. Consistent with this objective, we have designed our compensation program to: assist in recruiting and retaining talented executives; motivate executives to achieve business objectives; align executives with stockholders' interests; emphasize performance-based compensation; and manage the dilutive impact of equity awards.

The Board is asking the Company's stockholders to indicate their support for the compensation of the Company's named executive officers, as described in this Proxy Statement, by casting a non-binding advisory vote **FOR** the following resolution:

RESOLVED, that the Company's stockholders hereby **APPROVE** the compensation paid to the Company's executive officers named in the Summary Compensation Table of this proxy statement, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and the accompanying narrative discussion included in this proxy statement.

The vote on this resolution is not intended to address any specific element of compensation; rather the vote relates to the overall compensation of the Company's named executive officers, and the philosophy, policies and practices described in this Proxy Statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

Recommendation of the Board of Directors

THE BOARD OF DIRECTORS RECOMMENDS AN ADVISORY VOTE **FOR** ADOPTION OF THE RESOLUTION APPROVING THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT IN ACCORDANCE WITH THE STANDARDS ESTABLISHED UNDER ITEM 402 OF REGULATION S-K UNDER THE EXCHANGE ACT. UNLESS OTHERWISE INSTRUCTED, THE PROXY HOLDERS NAMED IN EACH PROXY WILL VOTE THE SHARES REPRESENTED THEREBY FOR THE APPROVAL OF SUCH RESOLUTION.

2013 COMPENSATION OF NON-EMPLOYEE DIRECTORS

The following table sets forth certain information regarding the compensation of each non-employee director for the 2013 fiscal year. No stock or stock-based awards other than RSUs were granted to the non-employee directors in 2013, and no stock awards other than stock options and RSUs were held by non-employee directors in 2013. The Company does not sponsor any non-equity incentive plan, pension plan, or non-qualified deferred compensation plan for its non-employee directors. However, non-employee directors may elect to defer receipt of the shares of Actuate Common Stock otherwise issuable pursuant to RSUs, as described below in the section entitled *Equity Compensation*.

Name	Fees Earned	Stock Awards	Option Awards	Total
	or Paid in Cash (1)	(2)(3)	(4)	
Kenneth E. Marshall	\$ 66,000	\$ 104,800	\$	\$ 170,800
Raymond L. Ocampo Jr.	\$ 66,000	\$ 104,800	\$	\$ 170,800
Arthur C. Patterson	\$ 66,000	\$ 104,800	\$	\$ 170,800
Steven D. Whiteman	\$ 66,000	\$ 104,800	\$	\$ 170,800
Timothy B. Yeaton	\$ 66,000	\$ 104,800	\$	\$ 170,800

- (1) Consists of the annual cash retainer fees paid to non-employee directors for service as members of the Company's Board of Directors. For further information concerning such fees, see the section below entitled *Directors' Annual Cash Retainer Fees*.
- (2) The amounts in the Stock Awards column reflects the grant-date fair value of the RSUs awarded to the non-employee director during the 2013 year, calculated in accordance with FASB ASC Topic 718, without taking into account any estimated forfeitures. Assumptions used in the calculation of the grant-date fair value are set forth in Note 9 of the Notes to Consolidated Financial Statements in our 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 7, 2014. For further information concerning such equity awards, see the section below entitled *Equity Compensation*.
- (3) As of December 31, 2013, the following non-employee directors held RSUs representing the right to receive the following number of shares of the Company's Common Stock: Kenneth E. Marshall 40,000 shares; Raymond L. Ocampo Jr. 44,500 shares; Arthur C. Patterson 40,000 shares, Steven D. Whiteman 40,000 shares and Timothy B. Yeaton 44,500 shares. The RSUs were granted under the Company's 1998 Equity Incentive Plan (the 1998 Plan). For further information concerning the grant of RSUs to non-employee directors under the 1998 Plan, see the section below entitled *Equity Compensation*.
- (4) As of December 31, 2013, the following non-employee directors held options to purchase the following number of shares of the Company's Common Stock: Kenneth E. Marshall 143,000 shares; Raymond L. Ocampo Jr. 57,000 shares; Arthur C. Patterson 57,000 shares, Steven D. Whiteman 183,000 shares and Timothy B. Yeaton 57,000 shares. The options were granted under either the 1998 Plan or the Company's 1998 Non-Employee Directors Plan (the Directors' Plan). For further information concerning the grant of options to non-employee directors under such plans, see the section below entitled *Equity Compensation*.

Directors' Annual Cash Retainer

In 2013, Messrs. Marshall, Ocampo, Patterson, Whiteman and Yeaton each received a cash retainer of \$66,000 for their service as non-employee directors. These directors were also reimbursed for reasonable expenses incurred in connection with their attendance at a board or committee meeting.

Equity Compensation

Pursuant to the Company's non-employee director compensation policy, an individual who first joins the Board of Directors as a non-employee director is awarded an option to purchase 25,000 shares of the Company's Common Stock and an RSU covering 12,500 shares of the Company's Common Stock. Each of these option and

RSU awards have a four year vesting period tied to continued service. Each option has an exercise price per share equal to the closing price of a share of the Company's Common Stock on the effective date of the grant. Twenty five percent (25%) of the options vest upon the non-employee directors' continued Board service through the first anniversary of the option grant date and the remaining options vest in 36 successive equal monthly installments over the 36-month period thereafter. Each initial RSU award vests twenty five percent (25%) 13 months after the award date, and the remaining 75% vests in a series of three successive equal annual installments on each of the second, third and fourth anniversaries of the grant date, provided that the non-employee director continues in service. Each non-employee director receiving an initial RSU award may defer the receipt of the shares of common stock that vest and would otherwise become issuable until their termination of Board service. In the absence of an effective deferral election, any shares of the Company's Common Stock will be issued as those shares vest.

Each continuing non-employee director is awarded an RSU covering 16,000 shares of the Company's Common Stock at each shareholder meeting. If a director has timely filed a deferral election prior to the year in which the RSU award is granted, each RSU will vest at the following annual shareholder meeting. If not, each RSU granted to that continuing non-employee director will vest 13 months after the award date.

Each RSU and each option granted to a new or continuing non-employee director will vest in full on an accelerated basis upon (i) an acquisition of the Company by merger or consolidation, (ii) a sale of all or substantially all of the Company's assets, (iii) the successful completion of a tender or exchange offer for securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities, or (iv) the death or disability of the director while serving as a member of the Board of Directors. Each RSU that vests will entitle the recipient to one share of the Company's Common Stock on the designated issuance date for that share. All grants are made under the 1998 Plan.

Pursuant to the non-employee director compensation policy, at the 2013 Annual Meeting, Messrs. Marshall, Ocampo, Patterson, Whiteman and Yeaton each received an RSU award covering 16,000 shares of the Company's Common Stock.

Additional Chairman and Chief Technical Officer Options

Nicolas C. Nierenberg, Chairman of the Board and Chief Architect, is an executive officer who does not receive additional compensation for services he provides as Chairman of the Board. As of February 28, 2014, Mr. Nierenberg held options to purchase 100,000 shares of the Company's Common Stock under the 1998 Plan. Mr. Nierenberg also receives the same perquisites as other executive officers of the Company as discussed in the Compensation Discussion and Analysis section of this proxy statement.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2013 with respect to shares of our Common Stock that may be issued under our existing equity compensation plans. As of such date, there were no outstanding options granted under equity compensation plans or option agreements assumed by us in connection with our acquisitions of various companies.

Plan Category	Number of Securities to be Issued Upon Exercise of Options and Restricted Stock Units	Weighted Average Exercise Price of Outstanding Options	Number of Available Securities Remaining for Future Issuance
Equity Compensation plans approved by stockholders(1)	9,944,113(2)	\$ 5.28(3)	13,825,132(4)
Equity Compensation plans not approved by stockholders(5)	35,156	\$ 5.57	705,541
Total	9,979,269	\$ 5.29	14,530,673

- (1) Consists of three plans: the 1998 Plan, the Directors' Plan, and the Amended and Restated 1998 Employee Stock Purchase Plan (the Purchase Plan). The Directors' Plan expired by its terms on May 27, 2008, and no awards have been or will be made under such plan following such date, however the 105,000 options outstanding under such plan on December 31, 2013 are included in the number of securities to be issued upon the exercise of options column and in the weighted-average exercise price of outstanding options column. The total number of shares of Common Stock issuable upon the exercise of options and the vesting of RSU is 8,660,671 and 1,283,442, respectively.
- (2) Excludes purchase rights accruing under the Purchase Plan. Under the Purchase Plan, each eligible employee may purchase shares of Actuate's Common Stock, subject to a maximum number of shares per accumulation period (currently 1,000 shares) at each semi-annual purchase date within an offering period (the last business day of January and July each year) at a purchase price per share equal to eighty-five percent (85%) of the lower of (i) the closing selling price per share of Common Stock on the date immediately preceding the start date of the offering period in which that semi-annual purchase date occurs or (ii) the closing selling price per share of Common Stock on the semi-annual purchase date.
- (3) Represents the weighted-average exercise price of outstanding options and RSUs.
- (4) This number includes shares available for future issuance under the 1998 Plan and the Purchase Plan. As of December 31, 2013 an aggregate of 10,582,120 shares of Common Stock under the 1998 Plan and 2,800,301 shares of Common Stock under the Purchase Plan less 52,289 Common Stock previously issued to the beneficiary of deceased senior executive and a current employee were available for issuance. The number of shares of Common Stock available for issuance under the Purchase Plan automatically increases on January 1st of each calendar year by an amount equal to the lesser of (i) 2% of Actuate's outstanding shares of Common Stock as of December 31st of the immediately preceding calendar year or (ii) 600,000 shares. Shares may be issued under the 1998 Plan in the form of stock options, stock appreciation rights, restricted stock, RSUs or performance shares.
- (5) Consists of our 2001 Supplemental Stock Plan. See Note 9 of the Notes to Consolidated Financial Statements in our 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 7, 2014 for a description of such plan.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of February 28, 2014, certain information with respect to shares beneficially owned by (i) each person who is known by Actuate to be the beneficial owner of more than five percent of Actuate's outstanding shares of Common Stock, (ii) each of Actuate's directors, (iii) each of Actuate's executive officers named in the Summary Compensation Table and (iv) all current directors and executive officers as a group. Except for shares of Actuate Common Stock held in brokerage accounts which may from time to time, together with other securities held in those accounts, serve as collateral for margin loans made from such accounts, none of the shares reported as beneficially owned are pledged as security for any outstanding loan or indebtedness.

- (15) Shares of Common Stock issuable upon the exercise of options currently exercisable, or exercisable within 60 days after February 28, 2014, are deemed outstanding for purposes of computing the percentage ownership of the person holding such options, but are not deemed outstanding for computing the percentage ownership of any other person.

EXECUTIVE COMPENSATION AND RELATED INFORMATION

Compensation Discussion and Analysis

Introduction It is our intent in this Compensation Discussion and Analysis to inform our stockholders of the policies and objectives underlying the compensation programs for our executive officers. Accordingly, we will address and analyze each element of the compensation provided to our president and chief executive officer (CEO/President) our senior vice president operations/chief financial officer (SVP OPS/CFO) and the other executive officers named in the Summary Compensation Table which follows this discussion. We will also discuss how each element of compensation relates to the other elements of compensation.

The Compensation Committee and Actuate's management believe that compensation is an important tool to help recruit, retain, and motivate executives critical to Actuate's current and future success. The Compensation Committee and Actuate's management also believe the executive compensation program should be structured to encourage management to achieve financial and strategic objectives and create long-term value for our stockholders. Consistent with this objective, we have designed our compensation program to: assist in recruiting and retaining talented executives; motivate executives to achieve business objectives; align executives' interests with stockholders' interests; emphasize performance-based compensation; and manage the dilutive impact of equity awards.

Edgar Filing: ACTUATE CORP - Form DEF 14A

The Company has for some time been transitioning from our legacy e.Report based product line to our new BIRT-based product line. Throughout this transition, the Company has maintained excellent operating income and cash flows, while overall total revenue growth has been adversely affected by declines in the Company's legacy products. The Compensation Committee believes it is in the shareholders' best interest to retain the key

talent required to achieve this long-term business strategy, and to reward progress on the execution of that strategy. The Compensation Committee has sought to incentivize the executive officers to achieve the transition to the Company's BIRT-based product line in a manner that closely aligns executive compensation with stockholder return, as discussed in detail below.

Executive Summary of Compensation Principles and Decisions The Company's overarching compensation principles are (a) to reward our executive officers in a manner that supports a strong pay-for-performance philosophy in order to create a positive relationship between the compensation program and the Company's operational performance and stockholder return, while (b) maintaining an overall level of compensation that the Company believes is fair, reasonable, responsible and in line with the compensation packages of the Company's peers. The Company believes these principles are supported through the decisions that were made with respect to the 2013 compensation package for our named executive officers as described below.

1. The Compensation Committee has sought to incentivize the executive officers to achieve an orderly transition to the Company's BIRT-based product line in a manner that closely aligns executive compensation with the Company's achievement of quantifiable goals intended to increase stockholder return as well as stockholder return itself.
2. In order to assure that the compensation programs for the executive officers create rewards for the realization of our long-term strategic objectives, including the transition to our BIRT-based product line and accomplish the Company's pay-for-performance objectives, the Committee works with Compensia, an independent consultant, to obtain the advice and market data needed to ensure that the Company's compensation programs achieve these goals.
3. In order to motivate Peter Cittadini, our CEO/President and Daniel Gaudreau, our SVP OPS/CFO to grow our new BIRT based product line, and align their compensation with shareholder return as legacy product revenue declines, the Company's 2013 non-equity incentive program provided them with a cash bonus award tied to the Company's achievement of aggregate total revenue (65% weighting) and non-GAAP operating income (35% weighting). The Company's performance in 2013 resulted in a payment of 70.13% of the target bonus to Messrs. Cittadini and Gaudreau, based on achievement of the revenue goal at 93% of target and the non-GAAP operating income goal at 83% of target.
4. In order to motivate Nobby Akiha, our Senior Vice President, Marketing and Thomas E. McKeever, our Senior Vice President, General Counsel, Corporate Development, Chief Compliance Officer and Secretary to help complete the transition to our new BIRT-based product line, the Company's 2013 non-equity incentive program provided them with a quarterly cash bonus award tied to the Company's achievement of a BIRT iHub bookings goal. In 2013, the Company achieved double digit growth for BIRT iHub-based license business and total BIRT iHub-based business. This performance resulted in a payment of 74% of target bonus to Messrs. Akiha and McKeever based on achievement of the BIRT iHub bookings target at approximately 83%.
5. Dylan Boudraa, our Senior Vice President, earned commissions based on the achievement of 2013 quotas for compliance license and back maintenance bookings and standard and non-standard maintenance renewal bookings. The Company's performance in 2013 resulted in a payment of: (a) 90% of target commissions based on achievement of 90% of quota for compliance license and back maintenance bookings; (b) 146% of target commissions based on achievement of 112% of quota for standard maintenance renewal bookings; and (c) 72% of target commissions based on achievement of 72% of quota for non-standard maintenance renewal bookings. This resulted in a payment of 115% of total target commissions to Mr. Boudraa. Upon his promotion to Senior Vice President in July 2013, Mr. Boudraa became eligible to earn an additional incentive in the amount of \$12,500, if the Company released an integrated version of its iHub3 product with its Customer Communications Management and Business Analytic products on or before December 31, 2013. This milestone was achieved and the incentive payment was earned by Mr. Boudraa.
6. The Committee awarded market stock units (MSUs) and restricted stock units (RSUs) to Messrs. Cittadini and Gaudreau in 2013. The MSUs awarded in 2013 are performance-vested RSUs where the actual number of RSUs subject to the award will be determined and vest 50% over a 2-year performance

period ending December 31, 2014 and 50% over a 3-year performance period ending December 31, 2015, on the basis of Actuate's total shareholder return in relation to total shareholder return realized for those same periods by the companies comprising the Russell 2000 Index. No options were awarded to Messrs. Cittadini and Gaudreau in 2013. The Committee approved this equity compensation package for a number of reasons, including ongoing concerns over the dilutive effect of option grants on our outstanding shares, and improving the retention value of the long term incentive compensation package in a way that provides a direct link between compensation and shareholder return. Consistent with past practice, the Committee awarded both stock options and RSUs to our other executive officers in 2013.

7. In connection with our goal of targeting total compensation between the 50th percentile and the 75th percentile of our peer group, base salaries for our executive officers were increased for the 2013 fiscal year by the following percentage: Mr. Cittadini 0%; Mr. Gaudreau 0%; Mr. Akiha 3.5%; and Mr. McKeever 3.5%. Mr. Boudraa's base salary was increased in 2013 by 28.6%, in connection both to expanded responsibilities and with his promotion to Senior Vice President in July.
8. The Company does not offer a defined benefit pension plan, a deferred compensation plan (other than the ability to defer the receipt of vested RSUs and MSUs) or a supplemental executive retirement plan.
9. The Company has not entered into employment agreements with any of the named executive officers and none of our named executive officers are entitled to severance payments or accelerated vesting of outstanding equity awards upon termination for any reason other than death in the absence of a change in control.
10. The Company has entered into change in control severance agreements with its named executive officers, none of which contain a tax gross-up.

Compensation Policy for Executive Officers To support the Company's overarching compensation principles as described above, each executive officer's total direct compensation package is comprised of three elements: (i) base salary and perquisites; (ii) a non-equity incentive plan award; and (iii) long-term equity incentive awards. In determining the appropriate level for each element of compensation, the Compensation Committee has generally followed the practice of setting the level of total direct target compensation for our executive officers at between the 50th and 75th percentiles based on relevant market data. The Compensation Committee reviews and evaluates the level of Actuate's performance, each executive officer's level of individual performance, tenure, past employment experience, potential to contribute to Actuate's future growth and compensation history. Based on these factors, an executive officer's actual target compensation may be set closer to the 50th percentile or to the 75th percentile, and in certain cases above the 75th percentile. Consistent with our philosophy of emphasizing pay for performance, non-equity incentive plans are designed to pay above target when Actuate exceeds its goals and below target when Actuate does not achieve its goals.

Comparative Framework In order to assure that the compensation programs for the executive officers create rewards for the realization of our long-term strategic objectives, including the transition to our BIRT-based product line, remain competitive with peer companies, and accomplish the Company's pay-for-performance objectives, the Committee works with Compensia, an independent consultant, to obtain the advice and market data needed to ensure that the Company's compensation programs achieve these goals.

Based upon advice from Compensia, the Compensation Committee determined Actuate's peer group and an appropriate mix of forms of compensation intended to place Actuate's CEO/President and SVP OPS/CFO between the 50th percentile and the 75th percentile and sometimes above the 75th percentile of that peer group. As part of this process, in 2013 the Compensation Committee reviewed tally sheets prepared by Compensia, in order to provide the Compensation Committee with a comprehensive snapshot of the elements of actual and potential future compensation for our CEO/President and SVP OPS/CFO. The tally sheets identified the dollar amount of each component of CEO/President and SVP OPS/CFO compensation, including current and proposed cash salaries, bonuses earned for the prior year and targeted for the 2013 year, and current projected values for proposed equity-based awards based on their net present value, historical compensation, amounts realized and realizable from prior equity awards, as well as an estimate of the value of the severance package contained in those officer's employment agreements.

Edgar Filing: ACTUATE CORP - Form DEF 14A

The 16 companies which comprised the peer group for purposes of determining 2013 CEO/President and SVP OPS/CFO compensation were as follows:

Accelrys	Keynote Systems	Pros Holding
Callidus Software	Limelight Networks	QAD

For Actuate's other executive officers, our Human Resources department surveyed compensation practices of United States high tech companies with revenues in the \$50,000,000 to \$199,000,000 range, using Radford's Executive Survey results. For 2013, Actuate's Human Resources department reviewed each executive officer's base salary and annual non-equity incentive award to determine where their total direct compensation fell in a range from the 50th percentile to just over the 75th percentile of the levels in effect for comparable positions at Actuate's peer group above. Based on this information, Actuate's CEO/President recommended an appropriate compensation package for those officers depending on the executive officer's performance, tenure, and past employment experience. The Compensation Committee, in consultation with Compensia, then reviewed the CEO/President's recommendations and either revised or approved them based on what the Compensation Committee believed was the appropriate level of total direct compensation and the appropriate mix of base salary and perquisites, a non-equity incentive plan award and a long-term equity-based incentive award.

The net result for the 2013 fiscal year was to bring the target total direct compensation of the relevant peer group and/or survey data to approximately the following percentiles (the > sign means the amount was slightly above the indicated level and the < sign means the amount was slightly below the indicated level):

Executive Officer	Percentile
Peter I. Cittadini	<50th
Daniel A. Gaudreau	>50th
N. Nobby Akiha	<75th
Thomas E. McKeever	>75th
Dylan Boudraa	<75th

Elements of Compensation Each of the three major elements comprising an executive officer's compensation package (base salary and perquisites, non-equity incentive plan award and long-term equity incentive plan award) is designed to achieve one or more of our overall objectives in fashioning a competitive level of compensation, tying compensation to the attainment of one or more of our strategic business objectives, establish a meaningful and substantial link between each executive officer's compensation and our long-term financial success, and align management and stockholder interests. We also strive to achieve an appropriate mix between cash payments and equity incentive awards in order to meet our objectives. We do not rigidly apply any apportionment goal between those two components, and no such goal controls our compensation decisions; however, we emphasize variable compensation elements that provide value to the executive officer in an amount commensurate with both the Company's and the individual's performance. Our mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of cash and equity incentive awards.

In deciding on the type and amount of compensation for each executive, we focus on both current pay and the opportunity for future compensation. Because of Actuate's stock price, the number of shares that would be required to deliver market-competitive equity incentive grants based on market value (for RSUs and MSUs) and black-scholes value (for options) would be extremely high, and would result in a total annual equity grant level that the Company does not believe is in the best interests of our stockholders. As a result, when determining the

appropriate mix of compensation elements, Actuate's philosophy is to weigh the cash compensation component of an executive officer's compensation more heavily than the equity component in order to target total direct compensation appropriately within its peer group. We combine the compensation elements for each executive in a manner we believe optimizes the executive's contribution to the Company.

The manner in which the Compensation Committee has structured each element of compensation may be explained as follows.

Base Salary and Perquisites Each executive officer receives an appropriate level of salary commensurate with the duties and responsibilities required to manage a company of the same size and stage of development as Actuate. Each executive officer's base salary for 2013 was analyzed on the basis of (i) the executive officer's salary history; (ii) the Compensation Committee's evaluation of the executive officer's personal performance in the prior year based on the recommendations that the CEO/President presented with respect to executive officers other than himself and the SVP OPS/CFO; (iii) the Company's actual performance as compared with pre-set goals for the prior year; and (iv) the Compensation Committee's perception of an amount sufficient to retain the executive officer in a competitive marketplace for individuals in comparable positions. The weight given to these factors differed from individual to individual, as the Compensation Committee deemed appropriate. Based on this analysis, and connection with our goal of targeting total compensation between the 50th percentile and the 75th percentile of our peer group, base salaries for executive officers for the 2013 fiscal year were increased by the following percentage: Mr. Cittadini 0%; Mr. Gaudreau 0%; Mr. Akiha 3.5%; Mr. Boudraa 28.6%;¹ and Mr. McKeever 3.5%.

Each executive officer received the following perquisites in 2013: (a) \$1,500 per month car allowance; (b) \$10,000 per year toward medical expenses not reimbursed under the Company's group health plan; (c) up to \$10,000 per year spent for tax and estate planning; (d) company-paid health care coverage under the Company's group health plan; and (e) up to \$2,500 reimbursement of premium payments on a policy providing up to \$5,000,000 of umbrella insurance coverage. We believe these perquisites are consistent with compensation best practices generally and are an important factor in retaining Actuate's executive officers.

2013 Non-Equity Incentive Plan Award Actuate seeks to fairly compensate its executive officers for target-level performance and to provide an opportunity for each executive officer to be rewarded for outstanding performance. To this end, a significant portion of the total compensation for our executive officers is tied to achievement of financial goals that the Compensation Committee and executive management believe to be fundamental drivers of Actuate's overall performance and that align executive management with the interests of Actuate's stockholders. As part of this pay for performance philosophy, Actuate's 2013 non-equity incentive plan required executive officers to achieve pre-set, objective, quantitative goals in areas identified by the Compensation Committee (with respect to the CEO/President and SVP OPS/CFO) and the Compensation Committee in consultation with the CEO/President (with respect to other executive officers) as key drivers for Actuate's success. Each incentive award was set at a target level tied to a specified percentage of the executive officer's base salary. The actual amount of the incentive award was dependent upon the level at which the objective performance goals were actually attained.

Actuate established different metrics for its CEO/President and SVP OPS/CFO versus its other executive officers: By establishing these different metrics, Actuate believes that each executive officer's compensation is more directly tied to areas under his control while still aligned with the interests of Actuate's stockholders. Mr. Cittadini and Mr. Gaudreau were encouraged to increase total revenue and non-GAAP operating income. Messrs. Akiha and McKeever were encouraged to drive BIRT-related license bookings. Mr. Boudraa was encouraged to drive compliance license and back maintenance bookings and standard and non-standard maintenance renewal bookings excluding compliance.

¹ Mr. Boudraa's base salary for 2013 was increased by 14.3% by the Company's President and CEO at the beginning of the year, reflecting a merit increase and compensation for additional areas of responsibility. His base salary was increased by 12.5% in June 2013, in connection with his promotion to Senior Vice President.

Edgar Filing: ACTUATE CORP - Form DEF 14A

CEO/President and SVP OPS/CFO Non-equity Incentive Plan. For 2013, annual non-equity incentive plan targets for our *CEO and SVP OPS/CFO* were set at the following percentages of executive officer base salary:

Name	Threshold	Percent of Base Salary (Annual Non-Equity Incentive Award)	
		Target	Max Above-Target
Peter I. Cittadini	17.5%	100%	200%
Daniel A. Gaudreau	11.4%	65%	130%

The goals were weighted 65% toward pre-set levels of total revenues and 35% toward pre-set levels of non-GAAP operating income. The specific goals at threshold, target and above target levels were as follows:

Goal	Threshold	Goals	
		Target	Max Above-Target
Total revenue	\$ 122,800,000	\$ 144,500,000	\$ 158,900,000
Non-GAAP operating income	\$ 23,100,000	\$ 28,800,000	\$ 33,100,000

For performance that fell between designated levels, the incentive award was interpolated on a linear basis. The Company's performance in 2013 resulted in a payment to Messrs. Cittadini and Gaudreau of 77% of the revenue target bonus, based on achievement of the revenue goal at 93% and in a payment of 57% of the operating income target bonus, based on achievement of the non-GAAP operating income goal at 83% of target.

Other Executive Officer Non-Equity Incentive Plan Each quarter, Mr. Akiha and Mr. McKeever were eligible to receive the following percentages of their base salary based on achievement of an annual BIRT iHub bookings goal of \$86,500,000:

Amount of Bonus Earned for each Percent of BIRT iHub

% of Target	Bookings Target Achieved
0 - 33%	0.600% of annual target bonus for every 1% of target achieved from 0% - 33%
34 - 67%	0.900% of annual target bonus for every 1% of target achieved from 34% - 67%
68 - 100%	1.500% of annual target bonus for every 1% of target achieved from 68% - 100%
> 100%	2.000% of annual target bonus for every 1% of target achieved above 100%

The Company's performance in 2013 resulted in a payment of 74% of target bonus to Messrs. Akiha and McKeever based on achievement of the BIRT iHub bookings target at approximately 83%.

Mr. Boudraa was eligible to receive commissions based on achievement of: (a) annual compliance and back maintenance bookings at a rate of 0.41176% from 0% to 100% based on a quota of \$21,250,000 and at a rate of 0.82353% over 100% of that quota; (b) annual standard maintenance renewal bookings excluding compliance at a rate of 0.15867% from 0% to 100% based on a quota of \$49,630,000 and at a rate of 0.63470% over 100% of that quota; and (c) non-standard maintenance renewal bookings excluding compliance at a rate of 0.26237% from 0% to 100% based on a quota of \$3,335,000 and at a rate of 0.52474% over 100% of that quota. The Company's performance in 2013 resulted in a payment of: (a) 90% of target commissions based on achievement of 90% of quota for compliance license and back maintenance bookings; (b) 146% of target commissions based on achievement of 112% of quota for standard maintenance renewal bookings; and (c) 72% of target commissions based on achievement of 72% of quota for non-standard maintenance renewal bookings. This resulted in a payment of 115% of total target commissions to Mr. Boudraa. Upon his promotion to Senior Vice President in July 2013, Mr. Boudraa was provided an additional incentive of \$12,500 if the Company released an integrated version of its iHub3, Xenos and Business Analytic products on or before December 31, 2013. Mr. Boudraa did earn this incentive.

The Company's CEO/President retained the ability to award discretionary bonuses to executive officers other than the CEO/President and SVP OPS/CFO throughout 2013. Mr. McKeever was granted a one-time spot bonus of \$5,000.

Long-Term Equity Award Policies Generally, to immediately align an executive officer's interests with the interests of Actuate's stockholders, a significant equity grant is made in the year that an executive officer commences employment. Thereafter, additional awards may be made at varying times and in varying amounts for past performance, to provide a continuing incentive for future performance and to further align executive officer and stockholder interests. The Compensation Committee determines the actual number of shares subject to each grant. Generally, the size of each grant is set at a level that the Compensation Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's position with Actuate, the individual's potential for future responsibility and promotion, the individual's performance in the recent period and the number and value of vested and unvested equity awards held by the individual at the time of the new grant. The relative weight given to each of these factors will vary from individual to individual at the Compensation Committee's discretion.

Actuate's long-term equity awards are designed to further align the interests of Actuate's executive officers and its stockholders by giving executive officers a significant stake in the future performance of Actuate's stock. Actuate has structured its long-term incentive program with a mix of stock option grants and RSUs, and for Messrs Cittadini and Mr. Gaudreau, MSUs. Each option grant allows the executive officer to acquire shares of Actuate's Common Stock at a fixed price per share over a specified period of time. Option grants only provide a return if an executive officer remains employed by Actuate and the market price of Actuate's Common Stock appreciates from the grant price over the option term. Each RSU and MSU entitles the recipient to one share of our Common Stock at a designated issue date following the vesting of that unit, without the payment of an exercise price or other consideration. Unless the named executive officer elects to defer the issuance of the shares of Common Stock until separation from service from the Company, shares of Common Stock will be issued as the units vest. Options and RSUs typically vest in installments over a four-year period. MSUs vest on the basis of the Company's performance against a quantifiable goal over a designated period or periods, contingent upon the executive officer's continued employment with Actuate through the applicable performance period.

Actuate has developed guidelines for the size of equity grants for the Company's executive officers and other employees based on peer group practice with respect to the economic value (Black-Scholes/binomial value for options and intrinsic value for RSUs and MSUs) of the equity compensation and the number of shares granted each year as a percent of total common shares outstanding. When determining the actual number of shares subject to an equity award the Compensation Committee tends to give the most weight to the number of shares granted each year as a percent of total common shares outstanding. The committee recognizes that a common practice is to determine equity grant guidelines solely based on the economic value of the award at the time of grant. However, the number of shares that would be required to deliver a market-competitive equity incentive grant based on this methodology would be extremely high, due to Actuate's current stock price, and would result in a total annual equity grant level that the committee does not believe is in the best interests of stockholders.

There is no established practice of timing equity grants in advance of the release of favorable financial results or adjusting the award date in connection with the release of unfavorable financial developments affecting our business. Equity awards to Section 16 officers are made only at duly convened meetings of the Compensation Committee or Board of Directors. Annual Option, RSU and MSU awards are generally granted in the January meeting of the Compensation Committee or Board of Directors. However, the MSUs in 2013 were awarded to Mr. Cittadini and Mr. Gaudreau in April 2013, as the Compensation Committee, working together with Compensia, determined that additional time was needed in order to obtain the relevant advice and market data necessary to finalize the terms of such awards. The date for the January meetings is normally set more than one year prior to that meeting. Equity awards for newly hired executives are typically made at the next scheduled Board of Directors or Compensation Committee meeting following the executive's hire date.

It is our intent that all stock option grants have an exercise price per share equal to the closing selling price per share on the grant date.

An executive officer may elect to defer the receipt of any shares of the Company's common stock into which RSUs or MSUs may convert to a later date by submitting a deferral election form to the Company within a specified time period. In the absence of a deferral, the shares that vest under the award will be issued on the applicable vesting date.

Actuate has not adopted a policy to require executive officers to hold options or other equity for any period of time.

2013 Long-Term Equity Incentive Awards In 2013, the Company awarded a mix of stock options, RSUs and MSUs to the executive officers, as described below. The Compensation Committee believes RSUs and MSUs provide an effective balance to stock options for several reasons, including ongoing concerns over the dilutive effect of option grants on our outstanding shares, our desire to have a more direct correlation between the compensation expense we must take for financial accounting purposes and the actual value delivered to our executive officers and the incentive effects of RSUs and MSUs are less subject to market volatility than stock options. MSUs also provide substantial upside for strong performance.

The Company granted stock options to Mr. Akiha (10,000 shares) Mr. Boudraa (30,000 shares) and Mr. McKeever (45,000 shares). No options were awarded to Messrs. Cittadini and Gaudreau in 2013. Each awarded stock option has an exercise price per share of \$5.55, the closing selling price per share on the grant date and a maximum term of ten years measured from the grant date, subject to earlier termination upon the individual's cessation of service with the Company. Twenty five percent (25%) of the option shares will vest on the one year anniversary of the option grant date and the remaining option shares will vest in thirty-six equal monthly installments over the thirty-six month period measured from the first anniversary of the option grant date, provided the optionee continues to provide services to the Company through each applicable vesting date. Each option will vest in full on an accelerated basis upon certain changes in control or upon the optionee's termination of employment under certain circumstances in connection with such change in control, as described in more detail under the heading "Termination of Employment and Change in Control Agreements" herein.

The Company granted RSUs to Mr. Cittadini (170,000 shares), Mr. Gaudreau (90,000 shares), Mr. Akiha (5,000 shares), Mr. Boudraa (15,000 shares) and Mr. McKeever (7,500 shares). The RSUs granted to the executive officers will vest in four successive equal annual installments. With the exception of Mr. Boudraa, the first installment vested on January 30, 2014, and the remaining installments will vest on the second, third and fourth anniversaries of the January 30, 2013 award date, provided the recipient remains in the Company's continuous service through each such date. Mr. Boudraa's first installment vested on March 2, 2014, and the remaining installments will vest on the second, third and fourth anniversaries of the January 30, 2013 award date, provided the recipient remains in the Company's continuous service through each such date. The RSUs will vest in full on an accelerated basis upon the termination of the named executive officer's employment under certain prescribed circumstances within 12 months following certain changes in ownership or control of the Company or during the period commencing with the Company's execution of a definitive agreement to effect a change in control and ending on the earlier to occur of: (i) the closing of the change in control transaction or (ii) the termination of such definitive agreement (the "Pre-Closing Period"), as described in more detail under the heading "Termination of Employment and Change in Control Agreements" herein.

The Compensation Committee granted 100,000 MSUs to Mr. Cittadini and 25,000 MSUs to Mr. Gaudreau. The actual number of shares of the Company's Common Stock into which the MSUs will convert is tied to the total shareholder return realized by the Company's shareholders compared to the total shareholder return realized by companies comprising the Russell 2000 Index. Fifty percent of the shares so earned will vest based on continued service with the Company through the completion of a 2-year performance period beginning January 1, 2013 and ending on December 31, 2014, while the other fifty percent of the shares will vest based on continued service with the Company after a 3-year performance period beginning January 1, 2013 and ending on December 31, 2015. The number of shares earned for each performance period is calculated by multiplying the target number of MSUs by a percentage ranging from 0% to 200% based on the actual level at which the applicable performance goal is attained, as certified by the Compensation Committee.

Should the executive officer's service with the Company terminate prior to the completion of a service period under the MSU award, then the shares allocated to those service periods will be forfeited, whether or not the performance goal applicable to those shares is met. However, the shares will be subject to accelerated vesting as described in detail under the heading "Termination of Employment and Change in Control Agreements" herein.

Severance Agreements Actuate has entered into a change of control severance benefit agreement (the "Severance Agreements") with each of the following executive officers named in the Summary Compensation Table: Messrs. Cittadini, Gaudreau, Akiha, Boudraa and McKeever. A summary of the material terms of the severance agreements, together with a quantification of the benefits available under the agreements, may be found in the section of the proxy statement entitled "Executive Compensation and Related Information - Termination of Employment and Change in Control Arrangements." The severance agreements are intended to keep executive management neutral and aligned with the stockholders' best interests when considering an acquisition of Actuate and also to provide a stable transition period following such an acquisition by imposing a double trigger on the benefits provided under such agreements. The severance benefits will only be payable if the executive's employment terminates under certain specified circumstances in connection with a change in control of the Company. Accordingly, the severance agreements provide protection against an involuntary termination or constructive termination following a change in control and will allow the executives to focus their attention on acquisition proposals that are in the best interests of the stockholders, without undue concern as to their own financial situation. We also believe, based on advice from Compensia, the terms of the severance agreements are within the range of best practices for Actuate's size and stage of development.

Tax Limitation Under Internal Revenue Code Section 162(m), a publicly-held company such as Actuate is not allowed a federal income tax deduction for compensation paid to certain executive officers to the extent that compensation exceeds \$1.0 million per covered officer in any year. The limitation applies only to compensation that is not performance based. To qualify for an exemption from the \$1.0 million deduction limitation with respect to stock options, the stockholders approved a limitation under Actuate's 1998 Plan on the maximum number of shares of Common Stock for which any one participant may be granted stock options per calendar year. As a result of that limitation, the compensation deemed paid to an executive officer in connection with the exercise of outstanding options under the 1998 Plan with an exercise price equal to the fair market value of the option shares on the grant date should in most instances qualify as performance-based compensation that will not be subject to the \$1.0 million limitation. However, service-vesting RSUs and the Company's MSU awards do not qualify as performance-based compensation. In 2013, Mr. Cittadini's non-performance based compensation exceeded the \$1.0 million deduction limitation. Because the Company includes RSUs and MSUs as a component of equity compensation, it is possible that the non-performance-based compensation payable to the Company's executive officers will exceed the \$1.0 million limit again in one or more future years.

The Compensation Committee believes that in establishing the cash and equity incentive compensation programs for the Company's executive officers, the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the Compensation Committee has and may in future years deem it appropriate to provide one or more executive officers with the opportunity to earn incentive compensation, whether through cash incentive award programs tied to the company's financial performance or equity incentive grants that do not qualify as performance-based, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. The Compensation Committee believes it is important to maintain cash and equity incentive compensation at the requisite level to attract and retain the executive officers essential to the company's financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

Advisory Vote on Executive Compensation.

At the 2013 Annual Meeting, approximately 97% of the votes cast on the advisory vote on executive compensation proposal were in favor of our named executive officer compensation as disclosed in the proxy

statement, and as a result our named executive officer compensation was approved. The Board of Directors and Compensation Committee reviewed these final vote results in the context of our overall compensation philosophy and programs, and based on the level of support, determined that no significant changes to our compensation policies and programs were necessary at this time. Nevertheless, as discussed in this Compensation Discussion and Analysis, the Compensation Committee considered the interests of our stockholders when evaluating recent changes to the compensation package for the executive officers and again awarded MSUs to Messrs. Cittadini and Gaudreau, in order to provide a direct link between compensation and shareholder return. In addition, based on ongoing concerns regarding stockholder dilution, no options were awarded in 2013 to Messrs. Cittadini and Gaudreau. These changes are intended to build upon our strong compensation governance framework and pay-for-performance philosophy.

We have determined that our stockholders should vote on a say-on-pay proposal every year, consistent with the preference expressed by our stockholders at the 2011 Annual Meeting.

Conclusion

Actuate believes the total compensation packages for its executive officers are reasonable and appropriate considering Actuate's size and stage of development, the competitive environment in which it operates, achievement of its annual goals and its overall performance.

Summary Compensation Table

The following table provides certain summary information concerning the compensation earned for services rendered in all capacities to the Company and its subsidiaries for the years ended December 31, 2011, December 31, 2012 and December 31, 2013 by the Company's CEO/President, SVP OPS/CFO and each of the Company's three other most highly compensated executive officers whose total compensation for the 2013 fiscal year was in excess of \$100,000 and who were serving as executive officers at the end of that year. These individuals are referred to herein as the Named Executive Officers. No other individuals other than Mr. Nierenberg, our Chairman of the Board of Directors and Chief Technical Officer, were executive officers of the Company in 2013.

- (1) Includes amounts deferred at the executive officer's election under the Actuate Corporation 401(k) Retirement Savings Plan, a qualified deferred compensation plan under section 401(k) of the Internal Revenue Code.
- (2) The amounts in column (e) reflect the aggregate grant-date fair value of the RSUs and MSUs awarded for the applicable year to the Named Executive Officers as determined in accordance with FASB ASC Topic 718. Consistent with FASB ASC Topic 718, the full grant date fair value for the MSU is included in the amounts shown for fiscal 2013 (the year of grant) and was determined using a Monte Carlo simulation model. The aggregate grant-date fair value so calculated for the MSU awards has not been reduced for estimated forfeitures. For purposes of calculating the grant-date fair value of RSUs, estimated forfeitures were not taken into account. Assumptions used in the calculation of such grant-date fair values are set forth in Note 9 of the Notes to our Consolidated Financial Statements in our 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 7, 2014.
- (3) The amounts in column (f) reflect the aggregate grant-date fair value of the stock options awarded to the named executive for the applicable year, calculated in accordance with FASB ASC Topic 718, without taking into account any estimated forfeitures. Assumptions used in the calculation of the grant date fair value of each option are included in Note 9 of the Notes to Consolidated Financial Statements in our 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 7, 2014.
- (4) The amounts in column (g) reflect the cash awards earned by the named executive under the Company's non-equity incentive plan which is described in detail under the heading "Actual 2013 Non-Equity Incentive Plan Awards" herein.

- (5) The amounts in column (h) reflect the summary cash value of certain payments and perquisites received by the named executive as described in the table below, Itemization of All Other Compensation.
- (6) Mr. Boudraa became an executive officer of the Company in June 2013 in connection with his promotion to SVP of BIRT Engineering & Products.
- (7) Reflects a discretionary cash bonus awarded to Mr. McKeever by Mr. Cittadini as a result of Mr. McKeever's contribution on a significant transaction.

Itemization of All Other Compensation

- (1) Reflects the potential payouts under the Company's non-equity incentive plan based on the Company's performance for the 2013 fiscal year. For further information concerning the performance goals applicable to these awards and the methodology for determining the actual amount of such awards, see the Compensation Discussion and Analysis section above. The actual amounts earned under such plan for the 2013 fiscal year are disclosed in the Summary Compensation Table in the column Non-Equity Incentive Plan Compensation.

- (2) Reflects the potential payouts under the Company's 2013 MSU awards to its President/CEO and SVP Ops/CFO. In April 2013, the Compensation Committee granted 100,000 MSUs to Mr. Cittadini and 25,000 MSUs to Mr. Gaudreau. The actual number of shares of the Company's Common Stock into which the MSUs will convert is tied to the total shareholder return realized by the Company's shareholders in relation to the total shareholder return realized by the companies comprising the Russell 2000 Index. Fifty percent of the shares will be earned and vest based on the executive officer's continued service with the Company through the completion of a 2-year performance period beginning January 1, 2013 and ending on December 31, 2014, while the other fifty percent of the shares will be earned and vest based on the executive officer's continued service with the Company after a 3-year performance period beginning January 1, 2013 and ending on December 31, 2015. The number of shares earned for each performance period is calculated by multiplying the target number of MSUs by a percentage ranging from 0% to 200% based on the actual level at which the applicable performance goal is attained, as certified by the Compensation Committee.
- (3) The RSUs granted to each named executive officer vest in four successive equal annual installments. With the exception of Mr. Boudraa, the first installment vested on January 31, 2014, and the remaining installments will vest on the second, third and fourth anniversaries of the January 2013 award date, provided the recipient remains in the Company's continuous service through each such date. Mr. Boudraa's first installment vested on March 2, 2014, and the remaining installments will vest on the second, third and fourth anniversaries of the January 30, 2013 award date, provided the recipient remains in the Company's continuous service through each such date. The RSUs will vest in full on an accelerated basis as described in more detail under the heading "Termination of Employment and Change in Control Agreements" herein. Unless the named executive officer elected to defer the issuance of the shares of Common Stock until the named executive officer's separation from service from the Company, the shares of Common Stock will be issued as the RSUs vest. All of the RSUs granted to the named executive officers were made under the 1998 Plan. Mr. Cittadini, Mr. Gaudreau and Mr. McKeever elected to defer receipt of the shares of Actuate Common Stock otherwise issuable pursuant to their RSU awards.
- (4) Each reported option will vest in accordance with the following schedule: 25% of the option shares will vest on the one year anniversary of the option grant date and the remaining option shares will vest in thirty-six equal monthly installments over the thirty-six month period measured from the first anniversary of the option grant date, provided the optionee continues to provide services to the Company through each applicable vesting date. Each option will vest in full on an accelerated basis upon certain changes in ownership or control of the Company or upon the optionee's termination of employment under certain circumstances within 12 months following certain changes in ownership or control of the Company, as described in more detail under the heading "Termination of Employment and Change in Control Agreements" herein. All of the options granted to the named executive officers were made under the 1998 Plan.
- (5) Reflects the aggregate grant-date fair value of the options, RSUs and MSUs awarded to the Named Executive Officers as determined in accordance with FASB ASC Topic 718. For purposes of calculating the grant-date fair value of MSUs, the number of shares of common stock subject to each such award is determined on the basis of the probable outcome of the applicable goals of the number of shares allotted to each award). The aggregate grant-date fair value so calculated for the MSU awards has not been reduced for estimated forfeitures. For purposes of calculating the grant-date fair value of RSUs, estimated forfeitures were not taken into account. Assumptions used in the calculation of such grant-date fair values are set forth in Note 9 of the Notes to our Consolidated Financial Statements in our 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 7, 2014.

Outstanding Equity Awards at Fiscal Year-End

The following table sets forth the outstanding equity awards for each of Actuate's executive officers as of December 31, 2013. As of December 31, 2013, none of the executive officers held unvested stock or stock-based awards other than the unexercisable stock options, RSUs and MSUs reported below.(1)

- (4) Represents the number of shares of our common stock that will vest and become issuable pursuant to the MSUs if the goals are attained at Target level. The number of shares of the Company's common stock into which the MSUs will convert is determined on the basis of a performance-vesting requirement tied to the total shareholder return realized by the Company's shareholders over a 2-year performance period beginning January 1, 2012 and ending on December 31, 2013 in relation to the total shareholder return realized for that same period by the companies comprising the S&P SmallCap 600 Index. The actual number of shares of the Company's common stock into which the MSUs will convert is calculated by multiplying the target number of MSUs by a percentage ranging from 0% to 200% based on the actual level at which the applicable performance goal is attained, as certified by the Compensation Committee. Fifty percent of the shares earned on the basis of the Company's performance will vest based on the executive officer's continued service with the Company through the completion of the 2-year performance period, and the remainder of those shares will vest based on the executive officer's continued service with the Company through December 31, 2014. In addition, the MSUs are subject to accelerated vesting in certain defined circumstances, as described in the Compensation Discussion and Analysis section above.
- (5) Represents the number of shares of our common stock that will vest and become issuable pursuant to the MSUs if the goals are attained at Target level. The first 50% of the award will vest over a 2-year performance period beginning January 1, 2013 and ending on December 31, 2014. The remaining 50% will vest over a 3-year performance period beginning on January 1, 2013 and ending on December 31, 2015. The number of shares of the Company's common stock into which the MSUs will convert is determined on the basis of a performance-vesting requirement tied to the total shareholder return realized by the Company's shareholders in relation to the total shareholder return realized for that same period by the companies comprising the Russell 2000 Index.

Option Exercises and Stock Vested

The following table sets forth for each of the named executive officers, the number of shares of the Company's Common Stock acquired and the value realized upon the exercise of stock options and the vesting of RSU awards during the year ended December 31, 2013. No stock appreciation rights were held or exercised by the named executive officers during 2013.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$)(2)
Peter I. Cittadini	400,000	1,620,000	84,030(3)	537,471
Daniel A. Gaudreau	88,607	293,670	48,100(4)	302,239
N. Nobby Akiha			9,187	53,267
Thomas E. McKeever			11,875	69,713
Dylan Boudraa	5,885	22,657		

- (1) Value realized is determined by multiplying (i) the amount by which the market price of the Common Stock on the date of exercise exceeded the exercise price by (ii) the number of shares for which the options were exercised.
- (2) Value realized is determined by multiplying the amount of the Common Stock vested on the date of vesting by the market close price.
- (3) Company received a timely filed deferral election from the named executive officer; accordingly, 84,030 vested shares will be issued upon the executive's termination of employment.
- (4) Company received a timely filed deferral election from the named executive officer; accordingly 48,100 vested shares will be issued upon the executive's termination of employment.

Pension Benefits

Actuate does not sponsor a tax-qualified defined benefit retirement plan or a supplemental executive retirement plan.

Nonqualified Deferred Compensation

Deferred Equity Compensation

The following table shows the deferred compensation activity for each named executive officer for the 2013 fiscal year attributable to the shares of the Company's Common Stock that vested in 2013 under his outstanding RSU and MSU awards and that are subject to a deferred issuance schedule:

Name	Executive Contributions in 2013 (\$)(1)	Registrant Contributions in 2013 (\$)(1)	Aggregate Earnings in 2013 (\$)(2)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at 12/31/13 (\$)(3)
Peter I. Cittadini			110,400		647,871
Daniel A. Gaudreau			68,613		370,851

- (1) Mr. Cittadini and Mr. Gaudreau vested in an aggregate of 84,030 and 48,100 shares of the Company's Common Stock, respectively in January, February and December of 2013 under their outstanding RSU and MSU awards with deferred issuance dates. The fair market value of the shares of the Company's Common Stock in which Mr. Cittadini and Mr. Gaudreau vested was \$537,471 and \$302,239, respectively, calculated by multiplying those vested deferred shares by the \$6.40 and \$6.28 weighted-average per share closing

prices of the Common Stock on the applicable vesting dates. This amount was previously included in the Summary Compensation Tables for the 2010, 2011 and 2012 years under the heading "Stock Awards" in which the grant-date fair value of the RSUs awarded to the named executive officer, calculated in accordance with FASB ASC Topic 718 was disclosed.

- (2) Represents the fair market value of the shares of the Company's Common Stock in which Mr. Cittadini (84,030 shares) and Mr. Gaudreau (48,100 shares) were vested on January 26, 2013, January 28, 2013, February 28, 2013 and December 31, 2013 under their outstanding RSU and MSU awards with deferred issuance dates, the amount by which the fair market value of those shares on December 31, 2013 exceeded the \$537,471 and \$302,239 fair market values, respectively, calculated for each share as of the applicable aforementioned vesting date.
- (3) Represents the fair market value on December 31, 2013 of the shares of the Company's Common Stock in which Mr. Cittadini and Mr. Gaudreau were vested on that date under their outstanding RSU and MSU awards with deferred issuance dates. The amount reported was calculated by multiplying those vested deferred shares by the \$7.71 per share closing price of the Common Stock on December 31, 2013. Mr. Cittadini and Mr. Gaudreau were credited with 84,030 and 48,100 vested deferred shares, respectively as of December 31, 2013.

Termination of Employment and Change in Control Agreements

Summary

Equity Compensation

Upon a Change in Control, each outstanding option award under the 1998 Plan will vest and become immediately exercisable as to all the shares subject to such award if that award is not (i) assumed by the surviving corporation or its parent or (ii) otherwise replaced with a substitute award with substantially the same terms or that preserves the economic value of the award. In the event of an involuntary termination of the optionee's employment within 12 months following a Change in Control in which the award is assumed or replaced, the vesting of each award held by such individual will accelerate in full.

RSUs awarded to the Company's named executive officers will vest in full on an accelerated basis upon the termination of the named executive officer's employment under certain prescribed circumstances within 12 months following certain changes in ownership or control of the Company or during the period commencing with the Company's execution of a definitive agreement to effect a change in control and ending on the earlier to occur of: (i) the closing of the change in control transaction or (ii) the termination of such definitive agreement (the "Pre-Closing Period").

Under the 1998 Plan a Change in Control is defined as (i) a merger or consolidation after which Actuate's then current stockholders own less than 50% of the surviving corporation, (ii) a sale of all or substantially all of the assets of Actuate, (iii) a proxy contest that results in replacement of more than one-third of the directors over a 24-month period or (iv) an acquisition of 50% or more of Actuate's outstanding stock by a person other than a trustee of any of Actuate's employee benefit plans or a corporation owned by the stockholders of Actuate in substantially the same proportions as their stock ownership in Actuate.

The Compensation Committee has granted MSUs to Mr. Cittadini and Mr. Gaudreau. The MSU awards are subject to both Company performance vesting requirements as well as the following accelerated vesting provisions:

In the event the executive officer dies, he will vest in all of the shares earned on the basis of the level at which the performance goal is obtained at the end of the 2-year performance period.

In the event the executive officer's employment is terminated by the Company for any reason other than for cause following the expiration of the 13-month period measured from the award date, but during the Pre-Closing Period, the executive officer will immediately vest in all of the shares subject to

the award at such time. However, in the event such termination occurs prior to the expiration of either the two or three year performance period, the number of shares that vest on an accelerated basis will be determined based on the level at which the performance goal is attained over an abbreviated performance period ending with the effective date of the executive officer's termination of employment.

In the event of a change in control of the Company prior to the completion of either the two or three year performance period, the level at which the total shareholder return goal is attained will be measured over an abbreviated performance period ending with the effective date of the change in control, and the number of shares to be earned pursuant to the award will be determined based on that performance. A pro-rated number of those shares will immediately vest based on the number of months that have elapsed in each performance period and the remainder will vest at the end of the performance period.

In the event the executive officer's employment terminates under certain prescribed circumstances within twelve (12) months following the effective date of change in control transaction, the executive officer will immediately vest in all of the shares subject to the award on his termination date.

Severance Agreements

Actuate has entered into change of control severance benefit agreements (the "Severance Agreements") with each of the following executive officers: Messrs. Akiha, Boudraa, Cittadini, Gaudreau and McKeever. Pursuant to the terms of the Severance Agreements, in the event the executive officer's employment with Actuate terminates pursuant to an involuntary termination, or his resignation for good reason, within 12 months following a change in control of Actuate, or should such executive officer's employment be terminated by Actuate for any reason other than for cause during the Pre-Closing Period, then the executive officer will be entitled to receive the following change in control severance benefits, provided the executive officer executes a general release of all claims against Actuate: (i) each outstanding option held by the executive officer will become fully vested and exercisable, (ii) a lump-sum cash severance payment in an amount equal to 1.5 times for Mr. Cittadini and Mr. Gaudreau and 1 times for Messrs. Akiha, Boudraa and McKeever, the sum of (a) the executive's annual rate of base salary and (b) the executive's average bonus (measured over the 3 years prior to the year of termination), and (iii) continued health care coverage at Actuate's expense for a period of up to 18 months for Mr. Cittadini and Mr. Gaudreau and up to 12 months for Messrs. Akiha, Boudraa and McKeever. However, the executive's right to the lump-sum cash severance payment will be dependent upon the consummation of an actual change in control and the continued health care coverage at Actuate's expense shall cease in the event the change in control is not consummated. Any severance benefits which are treated as parachute payments under Section 280G of the Internal Revenue Code will be subject to reduction, to the extent such reduction would provide the executive officer with the greatest after-tax amount of benefits after taking into account any excise tax to which he or she might be subject under Section 4999 of the Internal Revenue Code.

Quantification of Benefits

The charts below indicate the potential payments each of our executive officers would receive under his Severance Agreement based upon the following assumptions:

- (i) the executive's employment terminated on December 31, 2013 under circumstances entitling the executive to severance benefits under the executive's Severance Agreement,
- (ii) as to any benefits tied to the executive's rate of base salary, the rate of base salary is assumed to be the executive's rate of base salary as of December 31, 2013, and
- (iii) the change in control is assumed to have occurred on December 31, 2013 and the change in control consideration paid per share of outstanding Common Stock is assumed to be equal to the closing selling price of our Common Stock on December 31, 2013, which was \$7.71 per share.

Because the amounts reported below are based on hypothetical circumstances, the amounts payable upon an actual change in control could differ, perhaps materially, from those reported herein.

Change in Control Severance Benefits (1)

Executive Officer	Cash Severance \$(2)	Value of Health Coverage (\$)	Value of Unvested Options/RSUs/ MSUs \$(3)(4)	Combined Total Value
Peter I. Cittadini	1,448,876	22,254	3,848,232	5,319,361
Daniel A. Gaudreau	881,377	31,410	1,857,663	2,770,449
N. Nobby Akiha	336,556	20,940	251,566	609,062
Thomas E. McKeever	348,748	6,328	431,860	786,936
Dylan Boudraa	464,320	20,940	276,541	761,801

- (1) Any benefits payable under the Severance Agreement which are treated as parachute payments under Section 280G of the Internal Revenue Code will be subject to reduction, to the extent such reduction would provide the executive officer with the greatest after-tax amount of benefits after taking into account any excise tax to which he or she might be subject under Section 4999 of the Internal Revenue Code.
- (2) As of December 31, 2013, the three year average bonus, upon which a portion of the cash severance amount is calculated, for each executive officer was as follows: Mr. Cittadini, \$476,879; Mr. Gaudreau, \$228,724; Mr. Akiha, \$77,806, Mr. McKeever, \$79,648, Mr. Boudraa \$239,320.
- (3) Includes the intrinsic value of each stock option, RSU and MSU which vests on an accelerated basis in connection with the change in control or termination of employment and is calculated by multiplying (i) the aggregate number of equity awards which vest on such an accelerated basis by (ii) the amount by which the \$7.71 closing selling price of our Common Stock on December 31, 2013 exceeds any exercise price payable per vested share.
- (4) Includes the intrinsic value of the 2012 and 2013 MSU awards based on the level at which the total shareholder return goal would have been attained for each award over an abbreviated performance period ending with the effective date of the change in control, and based on the number of months that would have elapsed under each of those awards specifically: (a) 160,000 and 75,000 shares of the Company's Common Stock that would have vested for Mr. Cittadini and Mr. Gaudreau, respectively, under the 2012 MSU awards; and (b) the 100,000 and 25,000 shares of the Company's Common Stock that would have vested for Mr. Cittadini and Mr. Gaudreau, respectively, under the 2013 MSU awards. The intrinsic value of each MSU was calculated by multiplying the aggregate number of MSUs which vest on such an accelerated basis by the \$7.71 closing selling price of our Common Stock on December 31, 2013.

CERTAIN RELATIONSHIPS, RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Actuate's Articles of Incorporation (as amended and restated) provide that Actuate shall indemnify its directors and officers to the fullest extent permitted by Delaware law, including in circumstances in which indemnification is otherwise discretionary under Delaware law.

Actuate has entered into indemnification agreements with certain of its officers and directors containing provisions that may require Actuate, among other things, to indemnify such officers and directors against certain liabilities that may arise by reason of their status or service as officers and directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified. Actuate also maintains insurance policies covering officers and directors under which the insurers agree to pay, subject to certain exclusions, for any claim made against the officers and directors of Actuate for a wrongful act that they may become legally obligated to pay for or for which Actuate is required to indemnify the officers or directors.

The Audit Committee reviews and approves related party transactions as such term is defined under Item 404(a) of Regulation S-K pursuant to our Audit Committee charter.

For a director to be considered independent, the Board of Directors must determine that the director does not have any direct or indirect material relationship with Actuate. The Board of Directors considers all relevant facts and circumstances in making an independence determination. The independent directors are named above under Proposal 1: Election of Directors. In the course of the Board of Directors' determination regarding the independence of each non-employee director, it considered any and all transactions, relationships and arrangements a director may have with the Company. All members of the Audit, Compensation, and Corporate Governance/Nominating Committees must be independent directors. Members of the Audit Committee must satisfy a Securities and Exchange Commission (SEC) independence requirement, which provides that they may not accept directly or indirectly any consulting, advisory or other compensatory fee from Actuate or any of its subsidiaries other than their directors' compensation.

The Board of Directors has determined that, except as noted below, all members of the Board of Directors are independent directors within the meaning of the applicable listing standards of NASDAQ. Messrs. Cittadini and Nierenberg are not considered independent because they are executive officers of Actuate.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The members of the Board of Directors, the executive officers of Actuate and persons who hold more than 10% of Actuate's outstanding Common Stock are subject to the reporting requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended, which require them to file reports with respect to their ownership of Actuate's Common Stock and their transactions in such Common Stock. Based upon (i) the copies of Section 16(a) reports that Actuate received from such persons during 2013 for their transactions in the Common Stock and their Common Stock holdings and (ii) the written representations received from one or more of such persons that no annual Form 5 reports were required to be filed by them for 2013, Actuate believes that all reporting requirements under Section 16(a), for such fiscal year were met in a timely manner by its executive officers, directors and greater than 10% stockholders, except the following: Mr. Akiha filed a late report on Form 4 covering two transactions.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee currently consists of Messrs. Marshall, Ocampo, Whiteman and Yeaton. None of these individuals was at any time during fiscal year 2013, or at any other time, an officer or employee of Actuate. No executive officer of Actuate serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of Actuate's Board of Directors or Compensation Committee.

REPORT OF THE COMPENSATION COMMITTEE

Based on its review and discussion of the Compensation Discussion and Analysis with Actuate's management and, based on that review and discussion, the Compensation Committee recommends to the Board of Directors that the Compensation Discussion and Analysis be included in Actuate's Proxy Statement and 2013 Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 7, 2014.

REPORT OF THE AUDIT COMMITTEE

The following is the report of the Audit Committee with respect to Actuate's audited financial statements for the fiscal year ended December 31, 2013.

The purpose of the Audit Committee is to assist the Board of Directors in its oversight of Actuate's financial reporting, internal controls and audit functions. The Audit Committee Charter describes in greater detail the full duties and responsibilities of the Audit Committee.

The Audit Committee has reviewed and discussed the consolidated audited financial statements with management and Grant Thornton, Actuate's Independent Registered Public Accounting Firm. Actuate management is responsible for financial reporting processes, the preparation of financial statements in accordance with generally accepted accounting principles and a system of internal controls and processes designed to help ensure compliance with applicable accounting standards. Grant Thornton is responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

During 2013, the Audit Committee held four (4) meetings. The meetings were conducted to permit open communication among the members of the Audit Committee, Grant Thornton and Actuate management. Among other things, the Audit Committee discussed with Grant Thornton the plans and scope of their audit. The Audit Committee met with Grant Thornton with and without management present to discuss the results of their work and their opinions and recommendations with respect to Actuate's internal controls and processes. The Audit Committee has also reviewed and approved the fees paid to Grant Thornton and KPMG for audit and non-audit services.

The Audit Committee has discussed with Grant Thornton the matters required to be discussed by Statement of Auditing Standards No. 61 (AICPA, *Professional Standards*, Vol. 1AU Section 380), *Communication with Audit Committees*, as amended and as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T (SAS 61). The Audit Committee has also reviewed the written disclosures and a letter from Grant Thornton LLP required under SAS 61 regarding Grant Thornton's communications with the audit committee concerning independence and has discussed with Grant Thornton their independence from Actuate.

Based on the review and discussions referred to above, the Audit Committee recommended to Actuate's Board of Directors that the audited consolidated financial statements be included in Actuate's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 and filed with the SEC on March 7, 2014.

STOCKHOLDER PROPOSALS FOR 2014 ANNUAL MEETING

Stockholder proposals that are intended to be presented at the annual meeting of stockholders to be held in calendar year 2015 must be received by December 16, 2014 in order to be included in the proxy statement and proxy relating to that meeting. All nominations for directors and stockholder proposals are subject to the advance notice provisions of the Company's Amended and Restated Bylaws which were adopted on January 30, 2009 and filed as an exhibit to a Form 8-K filed by the Company on February 2, 2009. Stockholder proposals should be addressed to Corporate Secretary, Actuate Corporation, 951 Mariners Island Boulevard, San Mateo, California 94404.

In addition, the proxy solicited by the Board of Directors for the 2014 annual meeting of stockholders will confer discretionary authority to vote on any stockholder proposal presented at that meeting if Actuate does not receive notice of such proposal prior to February 21, 2014.

OTHER MATTERS

The Board of Directors knows of no other matters to be presented for stockholder action at the Annual Meeting. However, if other matters do properly come before the Annual Meeting or any adjournments or postponements thereof, the Board of Directors intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.

Actuate will mail without charge, upon written request, a copy of Actuate's Annual Report on Form 10-K for the fiscal year ended December 31, 2013, excluding exhibits. Requests should be sent to Actuate Corporation, 951 Mariners Island Boulevard, San Mateo, California 94404, Attn: General Counsel. The Annual Report can also be viewed on our website at www.actuate.com

By Order of the Board of Directors,

Nicolas C. Nierenberg

Chairman of the Board

and Chief Technical Officer
