As disclosed in the Current Report on Form 8-K of Bankrate, Inc. (the Company) filed on September 15, 2014, the Company's Audit Committee, which is comprised entirely of independent outside directors, concluded that the Company's previously issued financial statements for each of fiscal years 2011, 2012 and 2013 should no longer be relied upon pending the conclusion of a full internal review of these matters. This internal review is ongoing and could result in findings affecting the Company's previously issued financial statements for any or all of fiscal years 2011, 2012 and 2013. Until this review is complete, the Company will be unable to obtain and compile the financial data necessary to complete the Company's Quarterly Report on Form 10-Q for the period ended September 30, 2014, particularly the comparative columnar data regarding periods ended September 30, 2013 and December 31, 2013, and comparisons to results from such periods, without unreasonable effort and expense.

If answer is no, identify report(s).  Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?  Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As described above, the internal review remains in process. Accordingly, the Company is currently unable to determine whether any change will need to be made in results of operations from the corresponding period for the last fiscal year, and if any such change needs to be made, is currently unable to make any reasonable estimate of such results.
