Forward-looking statements are necessarily based upon a number of factors and assumptions that, if untrue, could cause our actual results, performances or achievements to be materially different from future results, performances or achievements expressed or implied by such statements. Such statements and information are based on numerous assumptions regarding present and future business strategies and the environment in which we will operate in the future, including the price of gold, anticipated costs and ability to achieve goals. Certain important factors that could cause actual results, performances or achievements to differ materially from those in the forward-looking statements include, among others, gold price volatility, discrepancies between actual and estimated production, mineral reserves and mineral resources and metallurgical recoveries, mining operational and development risks, litigation risks, regulatory restrictions (including environmental regulatory restrictions and liability), changes in national and local government legislation, taxation, controls or regulations and/or change in the administration of laws, policies and practices, expropriation or nationalization of property and political or economic developments in Canada, the United States and other jurisdictions in which we carry on business, or may carry on business in the future, delays,

suspensions or technical challenges associated with capital projects, higher prices for fuel, steel, power, labour and other consumables, currency fluctuations, the

speculative nature of gold exploration, the global economic climate, dilution, share price volatility, competition, loss of key employees, additional funding requirements and defective title to mineral claims or property. Although we believe our expectations are based upon reasonable assumptions and have attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended.

Forward-looking statements are subject to known and unknown risks, uncertainties and other important factors that may cause our actual results, level of activity, performance or achievements to be materially different from those expressed or implied by such forward-looking statements, including but not limited to: risks related to the integration of acquisitions; risks related to international operations, including economic and political instability in foreign jurisdictions in which we operate; risks related to current global financial conditions; risks related to joint venture operations; actual results of current exploration activities; actual results of current reclamation activities; environmental risks; conclusions of economic evaluations; changes in project parameters as plans continue to be refined; future prices of gold, silver, copper, lead and zinc; possible variations in ore reserves, grade or recovery rates; failure of plant, equipment or processes to operate as anticipated; mine development and operating risks; accidents, labour disputes and other risks of the mining industry; delays in obtaining governmental approvals or financing or in the completion of development or construction activities; risks related to indebtedness and the service of such indebtedness, as well as those factors discussed in the section entitled *Risk Factors* in this prospectus or the documents incorporated by reference. Although we have attempted to identify important factors that could cause actual results to differ materially from those contained in forward-looking statements, there may be other factors that cause results not to be as anticipated, estimated or intended. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements. **The forward-looking statements included and incorporated by reference in this prospectus are made as of the date of this prospectus or the documents incorporated by reference herein, as applicable, and, accordingly, are subject to change after such date. Except as otherwise indicated by us, these statements do not reflect the potential impact of any non-recurring or other special items or of any dispositions, monetizations, mergers, acquisitions, other business combinations or other transactions that may be announced or that may occur after the date hereof. CAUTIONARY NOTE TO UNITED STATES INVESTORS CONCERNING ESTIMATES OF MEASURED, INDICATED AND INFERRED MINERAL RESOURCES

In accordance with applicable Canadian securities regulatory requirements, all of our mineral reserve and mineral resource estimates incorporated by reference in this prospectus have been prepared in accordance with the requirements of Canadian securities laws, which differ from the requirements of United States securities laws and uses terms that are not recognized by the SEC. The terms *mineral reserve*, *proven mineral reserve* and *probable mineral reserve* are Canadian mining terms as defined in accordance with the Canadian Institute of Mining, Metallurgy and Petroleum (**CIM**) *Definition Standards* adopted by CIM Council on May 10, 2014 (the **CIM Definition Standards**) which were incorporated by reference in the Canadian Securities Administrators *National Instrument 43-101 Standards of Disclosure for Mineral Projects* (**NI 43-101**). These definitions differ from the definitions in SEC Industry Guide 7 (**SEC Industry Guide 7**) under United States securities laws. Under SEC Industry Guide 7 standards, a *final* or *bankable* feasibility study is required to report reserves or cash flow analysis to designate reserves and the primary environmental analysis or report must be filed with the appropriate governmental authority.

Table of Contents

In addition, the terms mineral resource , measured mineral resource , indicated mineral resource and inferred mineral resource are defined in and required to be disclosed by NI 43-101; however, these terms are not defined terms under SEC Industry Guide 7 and are normally not permitted to be used in reports and registration statements filed with the SEC. United States investors are cautioned not to assume that any part or all of mineral deposits in these categories will ever be converted into reserves. inferred mineral resources have a great amount of uncertainty as to their existence and their economic and legal feasibility. A significant amount of exploration must be completed in order to determine whether an inferred mineral resource may be upgraded to a higher category. Under Canadian regulations, estimates of inferred mineral resources may not form the basis of feasibility or pre-feasibility studies, except in rare cases. United States investors are cautioned not to assume that all or any part of an inferred mineral resource exists or is economically or legally mineable. Disclosure of contained ounces in a resource is permitted disclosure under Canadian regulations if such disclosure includes the grade or quality and the quantity for each category of mineral resource and mineral reserve; however, the SEC normally only permits issuers to report mineralization that does not constitute reserves by SEC standards as in place tonnage and grade without reference to unit measures.

Accordingly, information contained in this prospectus and the documents incorporated by reference herein containing descriptions of our mineral deposits may not be comparable to similar information made public by United States companies subject to the reporting and disclosure requirements under the United States federal securities laws and the rules and regulations thereunder.

CERTAIN AVAILABLE INFORMATION

In addition to our continuous disclosure obligations under the securities laws of the provinces and territories of Canada, we are subject to the informational reporting requirements of the United States Securities Exchange Act of 1934 (the **Exchange Act**). Accordingly, we are required to publicly file reports and other information with the SEC. Under MJDS, we are permitted to prepare such reports and other information in accordance with Canadian disclosure requirements, which are different from United States disclosure requirements. As a foreign private issuer, we are exempt from the rules under the Exchange Act prescribing the furnishing and content of proxy statements, and our officers, directors and principal shareholders are exempt from the reporting and short-swing profit recovery provisions contained in Section 16 of the Exchange Act.

Reports and other information concerning Goldcorp can be inspected and copied at the public reference facilities maintained by the SEC at: 100 F. Street, N.E., Washington, D.C. 20549. Copies of these materials can be obtained from the Public Reference section of the SEC at 100 F Street, N.E., Washington, D.C. at prescribed rates. Please call the SEC at 1-800-SEC-0330 for further information on the public reference room. Certain of the Corporation's filings are also electronically available from the SEC's Electronic Document Gathering and Retrieval System (**EDGAR**), and which may be accessed at www.sec.gov.

We have filed with the SEC a registration statement on Form F-10 under the Securities Act of 1933 with respect to the Securities. This prospectus, including the documents incorporated by reference in this prospectus, which forms a part of the registration statement, does not contain all of the information set forth in the registration statement, certain parts of which are contained in the exhibits to the registration statement as permitted by the rules and regulations of the SEC. For further information with respect to Goldcorp and the Securities, reference is made to the registration statement and the exhibits thereto. The registration statement can be found on EDGAR at www.sec.gov.

ENFORCEABILITY OF CERTAIN CIVIL LIABILITIES

We are a corporation incorporated and existing under the laws of Ontario, Canada. All or a substantial portion of our assets are located outside of the United States and some or all of our officers and directors are residents of

Table of Contents

Canada or otherwise reside outside of the United States, and all or a substantial portion of their assets are located outside of the United States. We have appointed an agent for service of process in the United States, but it may be difficult for United States investors to effect service of process within the United States upon those officers or directors who are not residents of the United States, or to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of such officers or directors under United States federal securities laws or the securities or blue sky laws of any state within the United States.

We have been advised by our Canadian counsel, Cassels Brock & Blackwell LLP, that, subject to certain limitations, a judgment of a United States court predicated solely upon civil liability under United States federal securities laws may be enforceable in Canada if the United States court in which the judgment was obtained has a basis for jurisdiction in the matter that would be recognized by a Canadian court for the same purposes. We have also been advised by Cassels Brock & Blackwell LLP, that there is substantial doubt whether an action could be brought in Canada in the first instance on the basis of liability predicated solely upon United States federal securities laws.

We have filed with the SEC, concurrently with the registration statement on Form F-10 relating to this prospectus, an appointment of agent for service of process on Form F-X. Under the Form F-X, we appointed CT Corporation System as our agent for service of process in the United States in connection with any investigation or administrative proceeding conducted by the SEC and any civil suit or action brought against or involving us in a United States court arising out of or related to or concerning the offering of Securities.

NON-GAAP FINANCIAL MEASURES

The 2015 MD&A and Interim MD&A (each as defined herein), which are incorporated by reference herein, contain references to certain financial measures that are not recognized under IFRS. Management uses non-GAAP financial measures such as all-in sustaining costs per gold ounce, total cash costs: by product, adjusted operating cash flows, free cash flows before dividends, adjusted net earnings attributable to common shareholders and adjusted net earnings per share to provide investors with a supplemental measure to evaluate our underlying performance. Management also believes that securities analysts, investors and other interested parties frequently use non-GAAP financial measures in the evaluation of issuers. Management also uses non-GAAP financial measures in order to facilitate operating performance comparisons from period to period, prepare annual operating budgets, and to assess its ability to meet future debt service, capital expenditure, and working capital requirements. Non-GAAP financial measures do not have standardized meanings and are unlikely to be comparable to any similar measures presented by other companies.

A reconciliation of non-GAAP financial measures related to Goldcorp can be found under the heading "Supplemental Information" in each of the 2015 MD&A and Interim MD&A.

GOLDCORP INC.

We are engaged in the operation, exploration, development, and acquisition of precious metal properties in Canada, the United States, Mexico, and Central and South America. Our current sources of operating cash flows are primarily from the sale of gold, silver, copper, lead and zinc.

Our principal product is gold doré with the refined gold bullion sold primarily in the London spot market. As a result, we will not be dependent on a particular purchaser with regard to the sale of the gold doré. In addition to gold, we also produce silver, copper, lead and zinc primarily from concentrate produced at the Peñasquito Mine and Alumbra Mine, which is sold to third party refineries.

We continue to investigate and negotiate the acquisition of additional gold mining properties or interests in such properties. There is no assurance that any such investigations or negotiations will result in the completion of an acquisition.

Recent Developments

On February 29, 2016, Mr. David A. Garofalo was appointed as Goldcorp's President and Chief Executive Officer and was elected to the Goldcorp Board at Goldcorp's annual and special meeting held on April 28, 2016.

On May 12, 2016, Goldcorp announced that it had entered into the Arrangement Agreement pursuant to which Goldcorp has agreed to acquire all of the outstanding Kaminak Shares for total consideration of approximately C\$520 million. USE OF PROCEEDS

The net proceeds to Goldcorp from any offering of Securities, the proposed use of those proceeds and the specific business objectives which we expect to accomplish with such proceeds will be set forth in the applicable prospectus supplement relating to that offering of Securities.

There may be circumstances where, on the basis of results obtained or for other sound business reasons, a re-allocation of funds may be necessary or prudent. Accordingly, our management will have broad discretion in the application of the proceeds of an offering of Securities. The actual amount that we spend in connection with each intended use of proceeds may vary significantly from the amounts specified in the applicable prospectus supplement and will depend on a number of factors, including those referred to under **Risk Factors** and any other and any other factors set forth in the applicable prospectus supplement. We may invest funds which we do not immediately use. Such investments may include short-term marketable investment grade securities.

EARNINGS COVERAGE RATIOS

The applicable prospectus supplement will provide, as required, the earnings coverage ratios with respect to the issuance of Securities pursuant to such prospectus supplement.

the indenture and the offered Debt Securities are brief summaries of certain provisions of the indenture and do not purport to be complete. For a more complete description, including the definition of any terms used but not defined under this section, prospective investors should refer to the indenture and the applicable supplemental indenture. Whenever we refer to particular provisions of the indenture, those provisions are qualified in their entirety by reference to the indenture and the applicable supplemental indenture.

We may from time to time issue debt securities and incur additional indebtedness otherwise than through the offering of Debt Securities pursuant to this prospectus.

This section describes the general terms that will apply to any Debt Securities that may be offered by us pursuant to this prospectus. The terms and provisions of any Debt Securities offered under a prospectus supplement may differ from the terms described below, and may not be subject to or contain any or all of the terms described below. The particular terms and provisions of the Debt Securities, and the extent to which the general terms described in this section apply to those Debt Securities, will be described in the applicable prospectus supplement.

General

The indenture does not limit the aggregate principal amount of Debt Securities (which may include debentures, notes or other evidences of indebtedness) which may be issued thereunder. It provides that Debt Securities may be issued from time to time in one or more series and may be denominated and payable in foreign currencies. Special Canadian and United States federal income tax considerations applicable to any Debt Securities so denominated will be described in the prospectus supplement relating thereto. Unless otherwise indicated in the applicable prospectus supplement, the indenture permits Goldcorp to increase the principal amount of any series of Debt Securities previously issued and to issue debt securities of such increased principal amount.

The applicable prospectus supplement will set forth the specific terms relating to the Debt Securities of the series being offered and may include, without limitation, any of the following:

the specific designation of the offered Debt Securities;

the aggregate principal amount of the offered Debt Securities;

the extent and manner, if any, to which payment on or in respect of the offered Debt Securities will be senior or will be subordinated to the prior payment of our other liabilities and obligations;

the percentage or percentages of principal amount at which the offered Debt Securities will be issued;

the date or dates on which the offered Debt Securities will mature and the portion (if less than all of the principal amount) of the offered Debt Securities to be payable upon declaration of acceleration of maturity;

the rate or rates per annum (which may be fixed or variable) at which the offered Debt Securities will bear interest, if any, the date or dates from which any such interest will accrue (or the method by which such date or dates will be determined) and the dates on which any such interest will be payable and the regular record dates for any interest payable on the offered Debt Securities;

any mandatory or optional redemption or sinking fund or analogous provisions, including the period or periods within which, the price or prices at which and the terms and conditions upon which the offered Debt Securities may be redeemed or purchased at the option of Goldcorp or otherwise;

if the offered Debt Securities will be issuable in whole or in part in the form of one or more registered global securities (registered global securities), the identity of the depository for such registered global securities;

the denominations in which registered Debt Securities (registered securities) will be issuable, if other than denominations of US\$2,000 and any integral multiple of US\$1,000 in excess thereof;

each place where the principal of and any premium and interest on the offered Debt Securities will be payable and each place where the offered Debt Securities may be presented for registration of transfer or exchange;

if other than U.S. dollars, the foreign currency or the units based on or relating to foreign currencies in which the offered Debt Securities are denominated and/or in which the payment of the principal of and any premium and interest on the offered Debt Securities will or may be payable;

any index formula or other method pursuant to which the amount of payments of principal of, and any premium and interest on, the offered Debt Securities will or may be determined;

the terms and conditions, if any, on which the offered Debt Securities may be convertible into or exchangeable for any other of our securities or securities of other entities;

if the payment of the offered Debt Securities will be guaranteed by any other person, the terms of any such guarantees;

if the offered Debt Securities will have the benefit of any security interest created pursuant to the terms of the indenture; and

any other terms of the offered Debt Securities, including covenants and events of default which apply solely to the offered Debt Securities, or any covenants or events of default generally applicable to the Debt Securities, which are not to apply to the offered Debt Securities.

Unless otherwise provided in the applicable prospectus supplement, any guarantee in respect of Debt Securities would fully and unconditionally guarantee the payment of the principal of, and interest and premium, if any, on, such Debt Securities when such amounts become due and payable, whether at maturity thereof or by acceleration, notice of redemption or otherwise. We expect any guarantee provided in respect of Debt Securities would constitute a senior, unsecured obligation of the applicable guarantor. Other Debt Securities that we may issue also may be guaranteed and the terms of such guarantees (including any subordination) would be described in the applicable prospectus supplement.

Unless otherwise indicated in the applicable prospectus supplement, the indenture does not afford the holders the right to tender Debt Securities to us for repurchase or provide for any increase in the rate or rates of interest at which the Debt Securities will bear interest in the event we should become involved in a highly leveraged transaction or in the event of a change in control of Goldcorp.

Our Debt Securities may be issued under the indenture bearing no interest or interest at a rate below the prevailing market rate at the time of issuance, to be offered and sold at a discount below their stated principal amount. The

Canadian and United States federal income tax consequences and other special considerations applicable to any such discounted Debt Securities or other Debt Securities offered and sold at par which are treated as having been issued at a discount for Canadian and/or United States federal income tax purposes will be described in the prospectus supplement relating thereto.

Ranking and Other Indebtedness

Except as indicated herein or in the applicable prospectus supplement, the Debt Securities and any guarantees in respect of such Debt Securities will be unsecured obligations of Goldcorp and any applicable guarantor, respectively, and will rank equally with all of our and any applicable guarantor's other unsecured and unsubordinated Indebtedness (as defined below under *Certain Covenants*) from time to time outstanding. The Debt Securities will be effectively subordinated to all Indebtedness and other liabilities of our subsidiaries (other than any applicable guarantor, for so long as its guarantee remains in effect) and subordinated to all

Table of Contents

secured Indebtedness and other secured liabilities of Goldcorp, any applicable guarantor and our subsidiaries to the extent of the assets securing such Indebtedness and other liabilities.

Registered Definitive Securities

Unless otherwise indicated in the applicable prospectus supplement, the registered securities of a particular series may be issued in the form of definitive securities without coupons and in denominations of US\$2,000 and any integral multiple of US\$1,000 in excess thereof. Debt securities may be presented for exchange and registered securities may be presented for registration of transfer in the manner, at the places and, subject to the restrictions set forth in the indenture and in the applicable prospectus supplement, without service charge, but upon payment of any taxes or other governmental charges due in connection therewith. We have appointed the trustee as security registrar.

Unless otherwise indicated in the applicable prospectus supplement, where registered securities are issued in definitive form, payment of the principal of and any premium and interest on such securities will be made at the office or agency of the trustee at 150 East 42nd Street, 40th Floor, New York, New York 10017, Attention: Goldcorp Inc. Account Manager, to the persons in whose name such registered securities are registered at the close of business on the regular record date for such interest payment.

Registered Global Securities

The registered securities of a particular series may be issued in the form of one or more registered global securities which will be registered in the name of and be deposited with a depository, or its nominee, each of which will be identified in the prospectus supplement relating to such series. Unless and until exchanged, in whole or in part, for Debt Securities in definitive registered form, a registered global security may not be transferred except as a whole by the depository for such registered global security to a nominee of such depository, by a nominee of such depository to such depository or another nominee of such depository or by such depository or any such nominee to a successor of such depository or a nominee of such successor.

The specific terms of the depository arrangement with respect to any portion of a particular series of offered Debt Securities to be represented by a registered global security will be described in the prospectus supplement relating to such series. We anticipate that the following provisions will apply to all depository arrangements.

Upon the issuance of a registered global security, the depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Debt Securities represented by such registered global security to the accounts of such persons having accounts with such depository or its nominee (participants) as will be designated by the underwriters, investment dealers or agents participating in the distribution of such Debt Securities, or by Goldcorp if such Debt Securities are offered and sold directly by Goldcorp. Ownership of beneficial interests in a registered global security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a registered global security will be shown on, and the transfer of such ownership will be effected only through, records maintained by the depository therefor or its nominee (with respect to beneficial interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants).

So long as the depository for a registered global security or its nominee is the registered owner thereof, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by such registered global security for all purposes under the indenture. Except as provided below, owners of beneficial interests in a registered global security will not be entitled to have Debt Securities of the series represented by such registered global security registered in their names, will not receive or be entitled to receive

physical delivery of Debt Securities of such series in definitive form and will not be considered the owners or holders thereof under the indenture.

Table of Contents

Principal, premium, if any, and interest payments on a registered global security registered in the name of a depository or its nominee will be made to such depository or nominee, as the case may be, as the registered owner of such registered global security. None of Goldcorp, the trustee or any paying agent for Debt Securities of the series represented by such registered global security will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial interests in such registered global security or for maintaining, supervising or reviewing any records relating to such beneficial interests.

We expect that the depository for a registered global security or its nominee, upon receipt of any payment of principal, premium or interest, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such registered global security as shown on the records of such depository or its nominee. We also expect that payments by participants to owners of beneficial interests in such registered global security held through such participants will be governed by standing instructions and customary practices, as is now the case with Debt Securities held for the accounts of customers registered in street name, and will be the responsibility of such participants.

If the depository for a registered global security representing Debt Securities of a particular series is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act and no successor depository is appointed within 90 days after we receive notice or become aware of such condition, we will issue registered securities of such series in definitive form in exchange for such registered global security. In addition, we may at any time and in our sole discretion determine not to have the Debt Securities of a particular series represented by one or more registered global securities and, in such event, will issue registered securities of such series in definitive form in exchange for all of the registered global securities representing Debt Securities of such series.

Certain Covenants

Negative Pledge

For so long as any of our Debt Securities under the indenture are outstanding, we will not, and we will not permit any Restricted Subsidiary to, create, incur, issue, assume or otherwise have outstanding any Lien on or over any Principal Property now owned or hereafter acquired by Goldcorp or a Restricted Subsidiary to secure any Indebtedness, or on shares of stock or Indebtedness of any Restricted Subsidiary now owned or hereafter acquired by Goldcorp or a Restricted Subsidiary to secure any Indebtedness, unless at the time thereof or prior thereto the Debt Securities then outstanding under the indenture (together with, if and to the extent we so determine, any other Indebtedness then existing or thereafter created), are secured (for the avoidance of doubt, but only to the extent of any Lien not otherwise permitted pursuant to the below proviso of this paragraph) equally and ratably with (or prior to) any and all such Indebtedness for so long as such Indebtedness is so secured by such Lien; *provided, however*, such negative pledge will not apply to or operate to prevent or restrict the following permitted Liens:

- (1) any Lien on property, shares of stock or Indebtedness of any person existing at the time such person becomes a Restricted Subsidiary or created, incurred, issued or assumed in connection with the acquisition of any such person;
- (2) any Lien on any Principal Property created, incurred, issued or assumed at or prior to the time such property became a Principal Property or existing at the time of acquisition of such Principal Property by Goldcorp or

a Restricted Subsidiary, whether or not assumed by Goldcorp or such Restricted Subsidiary; *provided* that no such Lien will extend to any other Principal Property of Goldcorp or any Restricted Subsidiary;

- (3) any Lien on any Principal Property of any Restricted Subsidiary to secure Indebtedness owing by it to Goldcorp or to another Restricted Subsidiary;
- (4) any Lien on any Principal Property of Goldcorp to secure Indebtedness owing by it to a Restricted Subsidiary;

Table of Contents

- (5) any Lien on any Principal Property or other assets of Goldcorp or any Restricted Subsidiary existing on the date of the indenture, or arising thereafter pursuant to contractual commitments entered into prior to the date of the indenture;
- (6) any Lien on all or any part of any Principal Property (including any improvements or additions to improvements on a Principal Property), or on any shares of stock or Indebtedness of any Restricted Subsidiary directly or indirectly owning or operating such Principal Property, where such Principal Property is hereafter acquired, developed, expanded or constructed by Goldcorp or any Subsidiary, to secure the payment of all or any part of the purchase price, cost of acquisition or any cost of development, expansion or construction of such Principal Property or of improvements or additions to improvements thereon (or to secure any Indebtedness incurred by Goldcorp or a Subsidiary for the purpose of financing all or any part of the purchase price, cost of acquisition or cost of development, expansion or construction thereof or of improvements or additions to improvements thereon), in each case including interest thereon and fees and expenses, including premiums, associated therewith, created prior to, at the time of, or within 360 days after the later of, the acquisition, development, expansion or completion of construction (including construction of improvements or additions to improvements thereon), or commencement of full operation of such Principal Property; *provided* that no such Lien will extend to any other Principal Property of Goldcorp or a Restricted Subsidiary other than in the case of any such construction, improvement, development, expansion or addition to improvement, all or any part of any other Principal Property on which the Principal Property so constructed, developed or expanded, or the improvement or addition to improvement, is located;
- (7) any Lien on any Principal Property or other assets of Goldcorp or any Restricted Subsidiary created for the sole purpose of extending, renewing, altering or refunding any of the foregoing Liens; *provided* that the Indebtedness secured thereby will not exceed the principal amount of Indebtedness so secured at the time of such extension, renewal, alteration or refunding, plus an amount necessary to pay fees and expenses, including premiums, related to such extensions, renewals, alterations or refundings, and that such extension, renewal, alteration or refunding Lien will be limited to all or any part of the same Principal Property and improvements and additions to improvements thereon and/or shares of stock and Indebtedness of a Restricted Subsidiary which secured the Lien extended, renewed, altered or refunded or either of such property or shares of stock or Indebtedness;
- (8) any Lien in connection with Indebtedness which by its terms is Non-Recourse Debt; and
- (9) any Lien on any Principal Property or on any shares of stock or Indebtedness of any Restricted Subsidiary created, incurred, issued or assumed to secure Indebtedness of Goldcorp or any Restricted Subsidiary which would otherwise be subject to the foregoing restrictions, in an aggregate amount which, together with the aggregate principal amount of other Indebtedness secured by Liens on any Principal Property or on any shares of stock or Indebtedness of any Restricted Subsidiary then outstanding (excluding Indebtedness secured by Liens permitted under the foregoing exceptions) would not then exceed 10% of Consolidated Net Tangible Assets.

This covenant applies to Goldcorp and its Restricted Subsidiaries, which term does not include Subsidiaries of Goldcorp located outside of Canada or the United States. As of the date of this prospectus, a substantial portion of Goldcorp's and its Subsidiaries' assets on a consolidated basis are located outside of Canada and the United States.

Consolidation, Amalgamation and Merger and Sale of Assets

The indenture provides that we may not consolidate or amalgamate with or merge into or enter into any statutory arrangement with any other person, or, directly or indirectly, convey, transfer or lease all or substantially all our properties and assets to any person, unless:

the person formed by or continuing from such consolidation or amalgamation or into which we are merged or with which we enter into such statutory arrangement or the person which acquires or leases

Table of Contents

all or substantially all of our properties and assets is organized and existing under the laws of the United States, any state thereof or the District of Columbia or the laws of Canada or any province or territory thereof;

the successor person expressly assumes or assumes by operation of law all of our obligations under our Debt Securities and under the indenture;

immediately before and after giving effect to such transaction, no event of default and no event which, after notice or lapse of time or both, would become an event of default, will have happened and be continuing; and

certain other conditions are met.

Payment of Additional Amounts

Unless otherwise specified in the applicable prospectus supplement, all payments made by us or on our behalf under or with respect to any series of our Debt Securities issued under the indenture will be made free and clear of, and without withholding or deduction for or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge (including penalties, interest and other liabilities related thereto) (collectively *Taxes*) imposed or levied by or on behalf of the Government of Canada or any province or territory thereof or by any authority or agency therein or thereof having power to tax (each a *Relevant Taxing Jurisdiction*), unless we are required to withhold or deduct *Taxes* by law or by the interpretation or administration thereof by the *Relevant Taxing Jurisdiction*.

If any amount for or on account of such *Taxes* is required by any *Relevant Taxing Jurisdiction* to be withheld or deducted from any payment made under or with respect to the Debt Securities issued under the indenture, we will pay to each holder of such Debt Securities as additional interest such additional amounts (*Additional Amounts*) as may be necessary so that the net amount received by each such holder after such withholding or deduction (and after deducting any *Taxes* on such *Additional Amounts*) will not be less than the amount such holder would have received if such *Taxes* had not been required to be withheld or deducted; *provided, however*, that the foregoing obligation to pay *Additional Amounts* shall not apply to:

- (1) any *Taxes* that would not have been so imposed but for the existence of any present or former connection between the relevant holder (or between a fiduciary, settlor, beneficiary, partner, member or shareholder of, the relevant holder, if the relevant holder is an estate, nominee, trust, partnership, limited liability company or corporation) and the *Relevant Taxing Jurisdiction* other than the receipt of such payment or the ownership or holding of or the execution, delivery, registration or enforcement of such debt security;
- (2) any payment made by us under or with respect to such Debt Securities to a holder where such holder did not deal at arm's length with us (within the meaning of the *Income Tax Act* (Canada)) at the time of the relevant payment;

- (3) any estate, inheritance, gift, sales, excise, transfer, personal property Tax or similar Tax, assessment or governmental charge;
- (4) any Taxes that are payable otherwise than by deduction or withholding from a payment of principal, premium, interest, or Additional Amounts on such Debt Securities;
- (5) any Taxes that would not have been so imposed but for the presentation of such Debt Securities (where presentation is required) for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof is duly provided for, whichever is later, except to the extent that the holder thereof would have been entitled to Additional Amounts had the Debt Securities been presented for payment on the last date during such 30 day period;
- (6) any Taxes that would not have been so imposed or would have been imposed at a lower rate if the holder of such Debt Securities had provided to us, any information, certification, documentation or

Table of Contents

evidence required under applicable law, rules, regulations or generally published administrative practice of the Relevant Taxing Jurisdiction for such Taxes not to be imposed or to be imposed at a lower rate; *provided* that such information, certification, documentation or evidence is required by the applicable law, rules, regulations or generally published administrative practice of the Relevant Taxing Jurisdiction as a precondition to exemption from or reduction in the requirement to deduct or withhold all or part of such Taxes and such information, certification, documentation or evidence is reasonably requested upon reasonable notice by the applicable payor;

- (7) any Taxes that were imposed on a fiduciary, partnership or other entity that is not the sole beneficial owner of the payment, if the laws of the Relevant Taxing Jurisdiction require the payment to be included in the income for tax purposes of a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner who would not have been entitled to such Additional Amounts had it been the holder; or

- (8) any Taxes that would not have been so imposed but for any combination of the foregoing.

In any event, no Additional Amounts will be payable under the provisions described above in respect of any Debt Securities in excess of the Additional Amounts which would be required if, at all relevant times, the holder of such Debt Securities were a resident of the United States and a qualifying person for purposes of the Canada-U.S. Income Tax Convention (1980), as amended, including any protocols thereto. As a result of the limitation on the payment of Additional Amounts discussed in the preceding sentence, the Additional Amounts received by certain holders of our Debt Securities will be less than the amount of Taxes withheld or deducted, and, accordingly, the net amount received by such holders of our Debt Securities will be less than the amount such holders would have received had there been no such withholding or deduction in respect of Taxes.

We will (i) make such withholding or deduction of Taxes as is required under applicable law or the interpretation or administration thereof by the Relevant Taxing Jurisdiction, (ii) remit the full amount deducted or withheld to the Relevant Taxing Jurisdiction in accordance with applicable law and (iii) furnish to the trustee reasonable evidence of the payment of any Taxes so deducted or withheld from each Relevant Taxing Jurisdiction imposing such Taxes.

Wherever in the indenture there is mentioned, in any context, the payment of principal (and premium, if any), interest or any other amount payable under or with respect to a debt security, such mention will be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

Tax Redemption

Unless otherwise specified in the applicable prospectus supplement, a series our Debt Securities will be subject to redemption at any time, in whole but not in part, at a redemption price equal to 100% of the principal amount thereof together with accrued and unpaid interest to, but not including, the date fixed for redemption, upon the giving of a notice as described below, if we determine that:

as a result of (A) any change in or amendment to the laws (or any regulations or rulings promulgated thereunder) of a Relevant Taxing Jurisdiction, or (B) any change in the application or interpretation of such laws, regulations or rulings by any legislative body, court, governmental agency or regulatory authority

(including a holding by a court of competent jurisdiction) of a Relevant Taxing Jurisdiction, which change or amendment is announced or becomes effective on or after the date of the applicable prospectus supplement, we or a successor, as applicable, have or will become obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any debt security of such series; or

on or after the date of the applicable prospectus supplement, any action has been taken by any taxing authority of, or any decision has been rendered by a court of competent jurisdiction in a Relevant

Table of Contents

Taxing Jurisdiction, including any of those actions specified in the first bullet, whether or not such action was taken or such decision was rendered with respect to us or a successor, as applicable, or any change, amendment, application or interpretation will be officially proposed, which, in any such case, in the written opinion of our legal counsel, will result in our, or a successor, as applicable, becoming obligated to pay, on the next succeeding date on which interest is due, Additional Amounts with respect to any debt security of such series,

and, in any such case, we determine that such obligation cannot be avoided by the use of reasonable measures available to us (which shall not include the substitution of an obligor in respect of the Debt Securities).

In the event that we elect to redeem a series of our Debt Securities pursuant to the provisions set forth in the preceding paragraph, we will deliver to the trustee an officer's certificate stating that we are entitled to redeem such series of Debt Securities pursuant to their terms.

Notice of intention to redeem such series of our Debt Securities as provided above will be given not more than 60 nor less than 30 days prior to the date fixed for redemption and will specify the date fixed for redemption.

Provision of Financial Information

We will file with the trustee, within 30 days after such reports or information are filed with the SEC, copies, of our annual report and of the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) that we may be required to file with or furnish to the SEC pursuant to Section 13 or 15(d) of the Exchange Act.

Events of Default

Each of the following constitute events of default under the indenture with respect to Debt Securities of any series:

default in the payment of the principal of any Debt Securities of that series when it becomes due and payable;

default in the payment of any interest on any Debt Securities of that series when such interest becomes due and payable, and such default is continued for 30 days;

default in the performance, or breach, of any other covenant of Goldcorp in the indenture for the benefit of holders of the Debt Securities of that series, and such default or breach is continued for 60 days after written notice to us as provided in the indenture;

default by Goldcorp or any Restricted Subsidiary in the payment of indebtedness of US\$150,000,000 or more in principal amount outstanding when due after the expiration of any applicable grace period, or default under indebtedness of Goldcorp or any Restricted Subsidiary of US\$150,000,000 or more in principal amount resulting in acceleration of such indebtedness, but only if such indebtedness is not discharged or such acceleration is not rescinded or annulled;

certain events of bankruptcy, insolvency or reorganization occur involving Goldcorp; and

any other events of default provided with respect to Debt Securities of that series.

If an acceleration in an amount less than US\$150,000,000 of any of our indebtedness or that of our Restricted Subsidiary, the holders of the Debt Securities will not have the right to accelerate the maturity of their Debt Securities even though in some such cases other creditors may have that right.

The indenture provides that the trustee must give notice of a default of which it has actual knowledge to the registered holders of the Debt Securities of the relevant series within 90 days of occurrence.

Table of Contents

If an event of default relating to certain events of bankruptcy, insolvency or reorganization occurs, the principal of and interest on all the Debt Securities will become immediately due and payable without any action on the part of the trustee or any holder. If any other event of default for the Debt Securities occurs and is continuing, the trustee or the holders of at least 25% in principal amount of the outstanding securities of all series issued under the indenture and affected by the event of default (voting as a single class) may declare the principal of and all accrued and unpaid interest on the Debt Securities immediately due and payable. The holders of a majority in principal amount of the outstanding Debt Securities of all series issued under the indenture and affected by the event of default may in some cases rescind this accelerated payment requirement.

A holder of Debt Securities of any series may pursue any remedy under the indenture only if:

such holder gives the trustee written notice of a continuing event of default;

the holders of at least 25% in principal amount of the outstanding Debt Securities of all series issued under the indenture and affected by the event of default make a written request to the trustee to pursue the remedy;

such holder offers to the trustee an indemnity or security satisfactory to the trustee;

the trustee fails to act for a period of 60 days after receipt of the request and offer of indemnity; and

during that 60-day period, the holders of a majority in principal amount of the outstanding Debt Securities of all series issued under the indenture and affected by the event of default do not give the trustee a direction inconsistent with the request.

This provision does not, however, affect the right of a holder of a debt security to sue for enforcement of any overdue payment.

Holders of a majority in principal amount of the outstanding Debt Securities of all series issued under the indenture and affected by the event of default may direct the time, method and place of conducting any proceeding for any remedy available to the trustee and exercising any trust or power conferred on the trustee with respect to the Debt Securities of all series affected by such event of default. The trustee, however, may refuse to follow any such direction that conflicts with law or the indenture. In addition, prior to acting at the direction of holders, the trustee will be entitled to be indemnified by those holders against any loss and expenses caused thereby.

The indenture requires us to deliver each year to the trustee a written statement as to our compliance with the covenants contained in the indenture.

Trustee

If an event of default occurs under the indenture and is continuing, the trustee will be required to use the degree of care and skill of a prudent person in the conduct of that person's own affairs. The trustee will become obligated to exercise any of its powers under the indenture at the written request of any of the holders of any Debt Securities only after such holders have offered the trustee indemnity satisfactory to it.

The indenture contains limitations on the right of the trustee, if it becomes our creditor, to obtain payment of claims or to realize on certain property received for any such claim, as security or otherwise. The trustee is permitted to engage in other transactions with us. If, however, it acquires any conflicting interest, it must eliminate that conflict or resign within 90 days after ascertaining that it has a conflicting interest and after the occurrence of a default under the indenture, unless the default has been cured, waived or otherwise eliminated within the 90-day period.

Table of Contents

Modification and Waiver

The indenture may be amended or supplemented or any provision of the indenture may be waived without the consent of any holders of Debt Securities in certain circumstances, including:

to provide for the assumption of our obligations under the indenture by a successor;

to add covenants that would benefit the holders of any Debt Securities or to surrender any rights we have under the indenture;

to add events of default with respect to any Debt Securities;

to provide for uncertificated Debt Securities in addition to or in place of certificated Debt Securities or to provide for bearer Debt Securities;

to make any change that does not adversely affect any outstanding Debt Securities of any series issued under the indenture in any material respect; provided, that any change made solely to conform the provisions of the indenture to a description of Debt Securities in an offering circular or prospectus supplement will be deemed not to adversely affect any outstanding Debt Securities of any series issued under the indenture in any material respect, as provided in an officer's certificate;

to provide any security for, any guarantees of or any additional obligors on any series of Debt Securities;

to provide for the appointment of a successor trustee;

to comply with any requirement to effect or maintain the qualification of the indenture under the Trust Indenture Act;

to establish the form and terms of Debt Securities of any series or to authorize the issuance of additional Debt Securities of a series previously authorized; and

to cure any ambiguity, omission, defect or inconsistency.

The indenture may be amended or supplemented with the consent of the holders of a majority in aggregate principal amount of the outstanding Debt Securities of all series affected by such amendment or supplement. Without the consent of the holder of each debt security issued under the indenture and affected, however, no modification to the indenture may:

change the stated maturity of the principal of, or any installment of interest or additional amounts on, any debt security;

reduce the principal of any debt security or any premium payable on the redemption of any debt security or reduce the amount of any installment of interest or additional amounts payable on any debt security;

change the place of payment or make payments on any debt security payable in currency other than as originally stated in the debt security;

impair the holder's right to institute suit for the enforcement of any payment on any debt security;

reduce the amount of Debt Securities whose holders must consent to an amendment, supplement or waiver; or

make any change in the percentage of principal amount of Debt Securities necessary to waive compliance with certain provisions of the indenture or to make any change in the provision related to modification.

The holders of a majority in principal amount of the outstanding Debt Securities of all series affected by the waiver may on behalf of the holders of all Debt Securities of such series waive compliance by us with certain

restrictive provisions of the indenture. The holders of a majority in principal amount of the outstanding Debt Securities of all series affected by such default may waive any past default under the indenture with respect to such Debt Securities, except a default in the payment of the principal of (or premium, if any) and interest, if any, on any Debt Securities or in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of such series.

Defeasance and Covenant Defeasance

Unless otherwise specified in the applicable prospectus supplement, the indenture provides that, at our option, upon irrevocable deposit with the trustee, in trust, of money and/or U.S. government securities which will provide money in an amount sufficient to pay the principal (and premium, if any) and interest, if any, on the outstanding Debt Securities of such series, we will, at our election, either be discharged from any and all obligations in respect of the outstanding Debt Securities of any series (hereinafter referred to as a *defeasance*) (except with respect to the authentication, transfer, exchange or replacement of our Debt Securities or the maintenance of a place of payment and certain other obligations set forth in the indenture), or we may omit to comply with certain restrictive covenants in the indenture and such omissions will not be deemed to be an event of default under the indenture and the outstanding Debt Securities (hereinafter referred to as *covenant defeasance*). Such defeasance or covenant defeasance may only occur if, among other things:

in the case of a defeasance, we have delivered to the trustee an opinion of counsel in the United States to the effect that (i) we have received from, or there has been published by, the United States Internal Revenue Service a ruling, or (ii) since the date of execution of the indenture, there has been a change in the applicable United States federal income tax law, in either case to the effect that the holders of the outstanding Debt Securities of such series will not recognize income, gain or loss for United States federal income tax purposes as a result of such defeasance and will be subject to United States federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such defeasance had not occurred; or in the case of a covenant defeasance, we have delivered to the trustee an opinion of counsel in the United States to the effect that the holders of the outstanding Debt Securities of such series shall not recognize income, gain or loss for United States federal income tax purposes as a result of such covenant defeasance and shall be subject to United States federal income tax on the same amount, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;

we have delivered to the trustee an opinion of counsel in Canada or a ruling from the Canada Revenue Agency to the effect that the holders of the outstanding Debt Securities of such series will not recognize income, gain or loss for Canadian federal, provincial or territorial income or other Canadian tax purposes as a result of such defeasance and will be subject to Canadian federal, provincial or territorial income and other Canadian tax on the same amounts, in the same manner and at the same times as would have been the case had such defeasance not occurred (and for the purposes of such opinion, such Canadian counsel will assume that holders of the outstanding Debt Securities of such series include holders who are not resident in Canada);

no event of default or event that, with the passing of time or the giving of notice, or both, will constitute an event of default with respect to that series of Debt Securities will have occurred and be continuing on the date of such deposit;

we are not an insolvent person within the meaning of the *Bankruptcy and Insolvency Act* (Canada) on the date of such deposit and after the 91st day following the deposit, the trust funds will not be subject to the effect of any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally; and

other customary conditions precedent are satisfied.

We may exercise our defeasance option notwithstanding our prior exercise of our covenant defeasance option if we meet the conditions for a covenant defeasance at the time we exercise the defeasance option.

Discharge of the Indenture

We may satisfy and discharge our obligations under the indenture with respect to the offered Debt Securities by delivering to the trustee for cancellation all such outstanding Debt Securities or by depositing with the trustee or the paying agent, after such Debt Securities have become due and payable or will become due and payable within one year, whether at stated maturity, on any redemption date or otherwise, cash sufficient to pay all of the outstanding Debt Securities and pay all other sums payable under the indenture by us.

Governing Law

The indenture, any supplemental indenture and the offered Debt Securities will be governed by, and construed in accordance with, the laws of the State of New York.

Consent to Service

Under the indenture, we have irrevocably appointed CT Corporation System, 111 8th Avenue, New York, New York 10011, as its authorized agent upon which process may be served in any suit or proceeding arising out of or relating to the indenture or the offered Debt Securities that may be instituted in any federal or New York state court located in the Borough of Manhattan, in the City of New York, or brought by the trustee (whether in its individual capacity or in its capacity as trustee under the indenture), and will irrevocably submit to the non-exclusive jurisdiction of such courts.

Enforceability of Judgments

We are incorporated under and governed by the laws of Canada. Many of our assets are located outside the United States and most of our directors and officers and some of the experts named in this prospectus are not residents of the United States. As a result, it may be difficult for you to effect service within the United States upon us and upon those directors, officers and experts, or to realize in the United States upon judgments of courts of the United States predicated upon our civil liability and the civil liability of our directors, officers or experts under the United States federal securities laws. We have been advised by our Canadian counsel, Cassels Brock & Blackwell LLP, that there is doubt as to the enforceability in Canada by a court in original actions, or in actions to enforce judgments in United States courts, of civil liabilities predicated upon United States federal securities laws.

The applicable prospectus supplement will include details of the subscription receipt agreement covering the Subscription Receipts being offered. A copy of the subscription receipt agreement relating to an offering of Subscription Receipts will be filed by us with securities regulatory authorities in Canada and the U.S. after it has been entered into by Goldcorp.

Escrow

The Subscription Receipt Agreement will provide that the Escrowed Funds will be held in escrow by the Escrow Agent, and such Escrowed Funds will be released to Goldcorp (and, if the Subscription Receipts are sold to or through underwriters or agents, a portion of the Escrowed Funds may be released to such underwriters or agents in payment of all or a portion of their fees in connection with the sale of the Subscription Receipts) at the time and under the terms specified by the Subscription Receipt Agreement. The Subscription Receipt Agreement will also specify that Goldcorp may amend the Subscription Receipt Agreement and the Subscription Receipts, without the consent of the holders of the Subscription Receipts, to cure any ambiguity, to cure, correct or supplement any defective or inconsistent provision, or in any other manner that will not materially and adversely affect the interests of the holder of outstanding Subscription Receipts or as otherwise specified in the Subscription Receipt Agreement.

DESCRIPTION OF UNITS

As of the date of this prospectus, we have no Units outstanding. We may issue Units, separately or together, with Common Shares, Debt Securities, Subscription Receipts or Warrants, or any combination thereof, as the case may be. Thus, the holder of a Unit will have the rights and obligations of a holder of each Security.

This section describes the general terms that will apply to any Units that may be offered by us pursuant to this prospectus. The terms and provisions of any Units offered under a prospectus supplement may differ from the terms described below, and may not be subject to or contain any or all of the terms described below. DESCRIPTION OF WARRANTS

As at the date of this prospectus, we have no Warrants outstanding. Warrants may be offered separately or together with Common Shares, Debt Securities, Subscription Receipts or Unit or any combination thereof, as the case may be.

Unless the applicable prospectus supplement otherwise indicates, each series of Warrants will be issued under a separate warrant indenture to be entered into between us and one or more banks or trust companies acting as Warrant agent. The Warrant agent will act solely as our agent and will not assume a relationship of agency with any holders of Warrant certificates or beneficial owners of Warrants. The applicable prospectus supplement will include details of the warrant indentures, if any, governing the Warrants being offered.

This section describes the general terms that will apply to any Warrants that may be offered by us pursuant to this prospectus. Warrant certificates will be exchangeable for new Warrant certificates of different denominations at the office indicated in the prospectus supplement. Prior to the exercise of their Warrants, holders of Warrants will not have any of the rights of holders of the securities subject to the Warrants. We may amend the warrant indenture(s) and the Warrants, without the consent of the holders of the Warrants, to cure any ambiguity, to cure, correct or supplement any defective or inconsistent provision, or in any other manner that will not prejudice the rights of the holders of outstanding Warrants, as a group.

PRICE RANGE AND TRADING VOLUMES

The Common Shares are listed and posted for trading on the TSX under the symbol **G** and on the NYSE under the symbol **GG**. On June 6, 2016, the last trading day prior to the date of this prospectus, the closing price of the Common Shares on the TSX and the NYSE was C\$23.31 and US \$18.18, respectively.

Trading price and volume of the Common Shares will be provided as required for each prospectus supplement.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The applicable prospectus supplement may describe certain Canadian federal income tax consequences to an investor who is a non-resident of Canada or to an investor who is a resident of Canada of acquiring, owning and disposing of any of the Securities offered thereunder. The applicable prospectus supplement may also describe certain U.S. federal income tax consequences of the acquisition, ownership and disposition of any of the Securities offered thereunder by an initial investor who is a U.S. person (within the meaning of the U.S. Internal Revenue Code of 1986), including, to the extent applicable, such consequences relating to Debt Securities payable in a currency other than the U.S. dollar, issued at an original issue discount for U.S. federal income tax purposes or containing early redemption provisions or other special items. Investors should read the tax discussion in any prospectus supplement with respect to a particular offering and consult their own tax advisors with respect to their own particular circumstances.

PLAN OF DISTRIBUTION

We may, from time to time, during the 25-month period that this prospectus remains valid, offer for sale and issue Securities. We may issue and sell up to US\$3,000,000,000, in the aggregate, of Securities.

We may offer and sell Securities directly to one or more purchasers, through agents, or through underwriters or dealers designated by us from time to time. We may distribute the Securities from time to time in one or more transactions at a fixed price or prices (which may be changed from time to time), at market prices prevailing at the times of sale, at prices related to prevailing market prices or at negotiated prices. A description of such pricing will be disclosed in the applicable prospectus supplement. We may offer Securities in the same offering, or it may offer Securities in separate offerings. A prospectus supplement will describe the terms of each specific offering of Securities, including (i) the terms of the Securities to which the prospectus supplement relates, including the type of Security being offered; (ii) the name or names of any agents, underwriters or dealers involved in such offering of Securities; (iii) the purchase price of the Securities offered thereby and the proceeds to, and the portion of expenses borne by, Goldcorp from the sale of such Securities; (iv) any agents' commission,

Table of Contents

underwriting discounts and other items constituting compensation payable to agents, underwriters or dealers; and (v) any discounts or concessions allowed or re-allowed or paid to agents, underwriters or dealers.

Agents, underwriters or dealers who participate in the distribution of the Securities may be entitled under agreements to be entered into with Goldcorp to indemnification by us against certain liabilities, including liabilities under securities legislation, or to contribution with respect to payments which such underwriters, dealers or agents may be required to make in respect thereof.

Agents, underwriters or dealers may make sales of Securities in privately negotiated transactions and/or any other method permitted by law, including sales deemed to be an at-the-market distribution as defined in NI 44-102 and subject to limitations imposed by and the terms of any regulatory approvals required and obtained under, applicable Canadian securities laws which includes sales made directly on an existing trading market for the Common Shares, or sales made to or through a market maker other than on an exchange. In connection with any offering of Securities, except with respect to at-the-market distributions, underwriters may over-allot or effect transactions which stabilize or maintain the market price of the offered Securities at a level above that which might otherwise prevail in the open market. Such transactions may be commenced, interrupted or discontinued at any time. No underwriter or dealer involved in an at-the-market distribution, no affiliate of such an underwriter or dealer and no person or company acting jointly or in concert with such an underwriter or dealer will over-allot Securities in connection with such distribution or effect any other transactions that are intended to stabilize or maintain the market price of the Securities.

We may authorize agents or underwriters to solicit offers by eligible institutions to purchase Securities from us at the public offering price set forth in the applicable prospectus supplement under delayed delivery contracts providing for payment and delivery on a specified date in the future. The conditions to these contracts and the commissions payable for solicitation of these contracts will be set forth in the applicable prospectus supplement.

Each class or series of Securities, other than the Common Shares, will be a new issue of Securities with no established trading market. Subject to applicable laws, any underwriter may make a market in such Securities, but will not be obligated to do so and may discontinue any market making at any time without notice. There may be limited liquidity in the trading market for any such Securities.

Unless otherwise specified in the applicable prospectus supplement, we do not intend to list any of the Securities other than the Common Shares on any securities exchange. Consequently, unless otherwise specified in the applicable prospectus supplement, there is no market through which the Debt Securities, Subscription Receipts, Units and Warrants may be sold and purchasers may not be able to resell any such Securities purchased under this prospectus. This may affect the pricing of the Debt Securities, Subscription Receipts, Units and Warrants in the secondary market, the transparency and availability of trading prices, the liquidity of such Securities and the extent of issuer regulation. No assurances can be given that a market for trading in Securities of any series or issue will develop or as to the liquidity of any such market, whether or not the Securities are listed on a securities exchange.

INFORMATION NOT REQUIRED TO BE DELIVERED TO OFFEREES OR PURCHASERS

INDEMNIFICATION

Under the *Business Corporations Act* (Ontario), the Registrant may indemnify a director or officer of the Registrant, a former director or officer of the Registrant or another individual who acts or acted at the Registrant's request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding, in which the individual is involved because of that association with the Registrant or other entity and provided that the individual acted honestly and in good faith with a view to the best interests of the Registrant or, as the case may be, to the best interests of the other entity for which the individual acted as a director or officer or in a similar capacity at the Registrant's request and, in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, had reasonable grounds for believing that the individual's conduct was lawful. An individual is entitled to indemnification from the Registrant as a matter of right in respect of all costs, charges and expenses reasonably incurred by the individual in connection with the defense of any civil, criminal, administrative, investigative or other proceeding to which the individual is subject because of the individual's association with the Registrant or other entity as set out above if the individual was not judged by a court or other competent authority to have committed any fault or omitted to do anything that the individual ought to have done and fulfilled the conditions set forth above.

In accordance with the *Business Corporations Act* (Ontario), the by-laws of the Registrant indemnify a director or officer, a former director or officer, or another individual who acts or acted at the Registrant's request as a director or officer, or an individual acting in a similar capacity, of another entity, against all costs, charges and expenses, including an amount paid to settle an action or satisfy a judgment, reasonably incurred by the individual in respect of any civil, criminal, administrative, investigative or other proceeding in which the individual is involved because of that association with the Registrant or other entity if: the individual acted honestly and in good faith with a view to the best interests of the Registrant, or, as the case may be, to the best interests of the other entity for which the individual acted as a director or officer or in a similar capacity at the Registrant's request; in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty, the individual had reasonable grounds for believing that the individual's conduct was lawful; and a court or other competent authority has not judged that the individual has committed any fault or omitted to do anything that the individual ought to have done.

A policy of directors' and officers' liability insurance is maintained by the Registrant which insures directors and officers for losses as a result of claims against the directors and officers of the Registrant in their capacity as directors and officers and also reimburses the Registrant for payments made pursuant to the indemnity provisions under the by-laws and the *Business Corporations Act* (Ontario).

Insofar as indemnification for liabilities under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the Registrant pursuant to the foregoing provisions, the Registrant has been informed that in the opinion of the U.S. Securities and Exchange Commission such indemnification is against public policy in the United States as expressed in the Securities Act of 1933 and is therefore unenforceable.
