PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS

To Be Held May 17, 2017

The board of directors of Hyatt Hotels Corporation (referred to herein as *Hyatt*, *we*, *us* or the *Company*) solicits your proxy to vote at the 2017 Annual Meeting of Stockholders (the *Annual Meeting*) to be held on Wednesday, May 17, 2017, beginning 9:00 a.m., local time, at The Standard Club, 320 South Plymouth Court, Chicago, Illinois, 60604, and at any adjournments or postponements thereof. This proxy statement is first being released to stockholders by the Company on or about April 6, 2017.

**Important Notice Regarding the Availability of Proxy Materials for the
Stockholder Meeting to be Held on May 17, 2017.**

The proxy statement for the Annual Meeting and Annual Report

for the fiscal year ended December 31, 2016 are available at <http://wfss.mobular.net/wfss/h/>.

ARTICLE I: PROXY MATERIALS AND ANNUAL MEETING

Questions and Answers about the Proxy Materials and the Annual Meeting

1. Q: Why am I receiving these materials?

A: We are furnishing the enclosed Notice of Annual Meeting of Stockholders, proxy statement and proxy card to you, and to all stockholders of record as of the close of business on March 24, 2017, because the board of directors of Hyatt is soliciting your proxy to vote at the Annual Meeting and at any adjournment or postponement thereof. Also enclosed is our Annual Report for the fiscal year ended December 31, 2016, which, along with our proxy statement, is also available online at <http://wfss.mobular.net/wfss/h/>.

2. Q: When and where is the Annual Meeting?

A: The Annual Meeting will be held at The Standard Club, 320 South Plymouth Court, Chicago, Illinois, 60604, on Wednesday, May 17, 2017 at 9:00 a.m., local time.

3. Q: What is the purpose of the Annual Meeting?

A: At our Annual Meeting, stockholders will act upon the matters outlined in this proxy statement and in the Notice of Annual Meeting of Stockholders included with this proxy statement, including the election of four directors; the ratification of Deloitte & Touche LLP as our independent registered public accounting firm; the advisory vote to approve compensation paid to our named executive officers as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (the *SEC*) (the *Say on Pay Advisory Vote*); the advisory vote regarding the frequency with which stockholders will participate in an advisory vote to approve named executive officer compensation (the *Say on Frequency Advisory Vote*); and such other matters as may properly come before the meeting or any adjournment or postponement thereof.

4. Q: How can I attend the Annual Meeting?

A: Only stockholders who own shares of Hyatt common stock as of the close of business on March 24, 2017, the record date, will be entitled to attend the Annual Meeting. A valid admittance slip (or other written proof of stock ownership as described below) and a photo identification (such as a valid driver's license or passport) will be required for admission to the Annual Meeting. If you have any questions about attending the Annual Meeting or the requirements for admission, please call (312) 780-5353.

If your shares are registered in your name and you received your proxy materials by mail, an admittance slip appears at the back of this proxy statement. You should bring that admittance slip with you to the Annual Meeting.

Table of Contents

If you are a beneficial owner of shares of common stock and your shares are held in a brokerage account or by another nominee as further described in Question 6 below, you will be admitted to the Annual Meeting only if you present either a valid legal proxy from your bank or broker as to your shares, an admittance slip, or a recent bank or brokerage statement demonstrating that you owned shares of Hyatt common stock as of the close of business on March 24, 2017.

In addition, representatives of corporate or institutional stockholders should bring proof of authorization to represent such corporate or institutional stockholder at the Annual Meeting.

No cameras, recording devices, other electronic devices or large packages will be permitted at the Annual Meeting. Photographs and videos taken at the Annual Meeting by or at the request of Hyatt may be used by Hyatt, and by attending the Annual Meeting, you waive any claim or rights with respect to those photographs and their use.

5. Q: What should I do if I receive more than one set of proxy materials?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account. If you are a stockholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please vote each proxy card and voting instruction card that you receive.

6. Q: What is the difference between holding shares as a record holder versus a beneficial owner?

A: Most Hyatt stockholders hold their shares through a broker or other nominee rather than directly in their own name. There are some distinctions between shares held of record and those owned beneficially:

Record Holders: If your shares are registered directly in your name with our transfer agent, Wells Fargo Bank, N.A., you are considered, with respect to those shares, the stockholder of record or record holder. As the stockholder of record, you have the right to grant your voting proxy directly to Hyatt or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

Beneficial Owners: If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you automatically, along with a voting instruction card from your broker, bank or nominee. As a beneficial owner, you have the right to direct your broker, bank or nominee how to vote and are also invited to attend the Annual Meeting. Since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a legal proxy from the broker, bank or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, bank or nominee has enclosed or provided voting instructions for you to use in directing how to vote your shares. If you do not provide specific voting instructions by the deadline set forth in the materials you receive from your broker, bank or other nominee, your broker, bank or nominee can vote your shares with respect to discretionary items, but not with respect to non-discretionary items. The election of directors, the Say on Pay Advisory Vote, and the Say on Frequency Advisory Vote are considered non-discretionary items, while the ratification of the appointment of our independent registered public accounting firm is considered a discretionary item. For non-discretionary items for which you do not give your broker instructions, the shares will be treated as broker non-votes. See Question 12 below for more information about broker non-votes.

7. Q: Who can vote and how do I vote?

A: Only holders of our common stock at the close of business on March 24, 2017, the record date, will be entitled to notice of and to vote at the Annual Meeting. To ensure that your vote is recorded promptly, please vote as soon as possible, even if you plan to attend the Annual Meeting in person. Most stockholders have four options for submitting their votes:

in person at the Annual Meeting with a proxy card/legal proxy;

by mail, using the paper proxy card;

by telephone, by calling the toll-free telephone number on the proxy card; or

through the Internet, using the procedures and instructions described on the proxy card.

Beneficial owners may vote by telephone or Internet if their bank or broker makes those methods available, in which case the bank or broker will enclose the instructions with the proxy materials.

For further instructions on voting, see your proxy card. If you vote by proxy using the paper proxy card, by telephone or through the Internet, the shares represented by the proxy will be voted in accordance with your instructions. If you attend the Annual Meeting, you may also submit your vote in person, and any previous votes that you submitted by mail, telephone or Internet will be superseded by the vote that you cast at the

Table of Contents

Annual Meeting. Please note, however, that if your shares are held through a broker, bank or other nominee and you wish to vote at the Annual Meeting, you must obtain from your bank or broker a legal proxy issued in your name.

8. Q: What are my voting choices, and how many votes are required for approval or election?

A: In the vote on the election of four director nominees identified in this proxy statement to serve until the 2020 annual meeting of stockholders and until their respective successors have been duly elected and qualified, stockholders may (1) vote in favor of all nominees or specific nominees; or (2) withhold authority to vote for all nominees or specific nominees. A plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote with respect to the election of directors shall elect the directors. **The board of directors unanimously recommends a vote FOR each of the nominees.**

In the vote on the ratification of the appointment of Deloitte & Touche LLP as Hyatt's independent registered public accounting firm for fiscal year 2017, stockholders may (1) vote in favor of the ratification; (2) vote against the ratification; or (3) abstain from voting on the ratification. Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2017 will require the affirmative vote of a majority of the voting power of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the proposal, however, stockholder ratification is not required to authorize the appointment of Deloitte & Touche LLP as our independent registered public accounting firm. **The board of directors unanimously recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2017.**

In the Say on Pay Advisory Vote, stockholders may (1) vote in favor of the proposal; (2) vote against the proposal; or (3) abstain from voting on the proposal. Approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules will require the affirmative vote of a majority of the voting power of the shares present or represented by proxy at the Annual Meeting and entitled to vote on the proposal. This resolution is advisory and not binding on the Company, the board of directors or the compensation committee. **The board of directors unanimously recommends a vote FOR the approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules.**

In the Say on Frequency Vote, stockholders may indicate whether they would prefer an advisory vote to approve named executive officer compensation every year, every two years or every three years, or stockholders may abstain from voting on the proposal. A majority of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal shall determine the stockholders' preference with regard to the frequency of such vote. In the event that no option receives such a majority of the votes, we will consider the option that receives the most votes to be the option selected by stockholders. This resolution is advisory and not binding on the Company, the board of directors or the compensation committee. **The board of directors unanimously recommends that, with regard to this proposal, stockholders vote, on an advisory basis, to hold an advisory vote to approve named executive officer compensation EVERY YEAR.**

9. Q: How will Hyatt's dual class ownership structure impact the outcome of the voting at the Annual Meeting?

A: The holders of our Class A common stock are entitled to one vote per share and the holders of our Class B common stock are entitled to ten votes per share on all matters to be voted upon at the Annual Meeting. Holders of Class A common stock and Class B common stock will vote together as a single class on all matters to be voted upon at the Annual Meeting.

At the close of business on March 24, 2017, we had outstanding and entitled to vote 35,137,361 shares of Class A common stock and 90,323,839 shares of Class B common stock. Collectively, the holders of Class A common stock on such date will be entitled to an aggregate of 35,137,361 votes, and, collectively, the holders of Class B common stock on such date will be entitled to an aggregate of 903,238,390 votes, on all matters to be voted upon at the Annual Meeting. Therefore, for all matters to be voted upon at the Annual Meeting, the holders of our Class B common stock will collectively hold approximately 96.3% of the total voting power of our outstanding common stock. See Question 10 for additional information.

10. Q: How will voting agreements entered into with or among Hyatt's major stockholders impact the outcome of the voting at the Annual Meeting?

A: Voting agreements entered into with or among Hyatt's major stockholders will result in all of the shares of our Class B common stock being voted consistent with the recommendations of Hyatt's board of directors. Pursuant to the terms of the Amended and Restated Global Hyatt Agreement (the *Amended and Restated Global Hyatt Agreement*) and the Amended and Restated Foreign Global Hyatt Agreement (the *Amended*

Table of Contents

and Restated Foreign Global Hyatt Agreement), Pritzker family business interests, which beneficially own in the aggregate 75,399,394 shares of our Class B common stock and 563,900 shares of our Class A common stock, or approximately 80.4% of the total voting power of our outstanding common stock, have agreed to vote their shares of our common stock consistent with the recommendation of our board of directors with respect to all matters (assuming agreement as to any such matter by a majority of a minimum of three independent directors (excluding for such purposes any Pritzker)) or, in the case of transactions involving us and an affiliate, assuming agreement of all of such minimum of three independent directors (excluding for such purposes any Pritzker). This voting agreement expires on the date upon which more than 75% of our fully diluted shares of common stock is owned by non-Pritzker family business interests. In addition, other existing stockholders, including entities affiliated with Goldman, Sachs & Co., that beneficially own in the aggregate 14,924,445 shares of our Class B common stock and 958,657 shares of our Class A common stock, or approximately 16.0% of the total voting power of our outstanding common stock, have entered into the Global Hyatt Corporation 2007 Stockholders Agreement (the *2007 Stockholders Agreement*) with us under which they have agreed to vote their shares of Class A and Class B common stock consistent with the recommendation of our board of directors, without any separate requirement that our independent directors agree with the recommendation. This voting agreement will expire on the date that Mr. Thomas J. Pritzker is no longer chairman of our board of directors. While these voting agreements are in effect, they may provide our board of directors with effective control over matters requiring stockholder approval. Because our board of directors (including all of our independent directors) has recommended a vote FOR proposal one, FOR proposal two, FOR proposal three and for EVERY YEAR with regard to proposal four, each stockholder party to the voting agreements will be contractually obligated to vote in favor of proposal one, in favor of proposal two, in favor of proposal three and for a vote of every year with regard to proposal four. Because the stockholders party to such voting agreements hold approximately 96.4% of the total voting power of our outstanding common stock, these voting agreements will cause the outcome of the vote on each of the matters to be voted upon at the Annual Meeting to be consistent with the recommendations of our board of directors.

As used in this proxy statement, the term *Pritzker family business interests* means (1) various lineal descendants of Nicholas J. Pritzker (deceased) and spouses and adopted children of such descendants; (2) various trusts for the benefit of the individuals described in clause (1) and trustees thereof; and (3) various entities owned and/or controlled, directly and/or indirectly, by the individuals and trusts described in (1) and (2).

11. Q: What is the effect of a withhold or an abstain vote on the proposals to be voted on at the Annual Meeting?

A: A withhold vote with respect to the election of directors will be considered present for purposes of determining a quorum. Because a plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote with respect to the election of directors is required to elect a director (meaning that the four director nominees who receive the highest number of for votes will be elected) and each of our directors is running unopposed, a withhold vote will have no effect with respect to the outcome of election of directors.

An abstain vote with respect to the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2017, the Say on Pay Advisory Vote or the Say on Frequency Advisory Vote will be considered present for purposes of determining a quorum. Because the affirmative vote of a majority of the voting power of the shares present or represented by proxy at the Annual Meeting and entitled to vote on each proposal will be required to approve these proposals (meaning that, of the shares represented at the Annual Meeting and entitled to vote, a majority of them must be voted for the proposal for it to be approved), an abstain vote will have the effect of a vote against each these two proposals.

12. Q: What is the effect of a broker non-vote on the proposals to be voted on at the Annual Meeting?

A: A broker non-vote will occur if you are the beneficial owner of shares held by a broker or other custodian and you do not provide the broker or custodian with voting instructions on the election of directors, the Say on Pay Advisory Vote or the Say on Frequency Advisory Vote. This is because under applicable New York Stock Exchange (NYSE) rules, a broker or custodian may not vote on these matters without instruction from the underlying beneficial owner. A broker non-vote is not considered a vote cast or entitled to vote with respect to these matters and will not have any effect on the outcome of these matters. Under applicable NYSE rules, brokers and custodians may vote on the ratification of Deloitte & Touche LLP as our registered independent public accounting firm for 2017 in their discretion, and therefore we do not expect any broker non-votes on this matter.

Table of Contents

13. Q: Who counts the votes?

A: Wells Fargo Bank, N.A., will count the votes. The board of directors has appointed a representative of Wells Fargo Bank, N.A. as the inspector of elections.

14. Q: Revocation of proxy: May I change my vote after I return my proxy?

A: Yes, you may revoke your proxy if you are a record holder by:

filing written notice of revocation with Hyatt's corporate secretary at our principal executive offices at 71 South Wacker Drive, 12th Floor, Chicago, Illinois 60606;

signing a proxy bearing a later date than the proxy being revoked and submitting it to Hyatt's corporate secretary at our principal executive offices at 71 South Wacker Drive, 12th Floor, Chicago, Illinois 60606; or

voting in person at the Annual Meeting.

If your shares are held in street name through a broker, bank, or other nominee, you need to contact the record holder of your shares regarding how to revoke your proxy.

15. Q: What if I sign and return a proxy card but do not specify a choice for a matter when returning the proxy?

A: Unless you indicate otherwise, the persons named as proxies on the proxy card will vote your shares: FOR all of the nominees for director named in this proxy statement; FOR the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal year 2017, FOR the approval of the Say on Pay Advisory Vote, and for EVERY YEAR with regard to the Say on Frequency Advisory Vote.

16. Q: What constitutes a quorum?

A: Presence at the Annual Meeting, in person or by proxy, of the holders of a majority of the voting power of the issued and outstanding shares of Hyatt's common stock entitled to vote at the Annual Meeting will constitute a quorum, permitting the Annual Meeting to proceed and business to be conducted. Proxies received but with items marked as abstentions or containing broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining whether a quorum is present.

17. Q: Where can I find the voting results of the Annual Meeting?

A: We will publish final results on a Current Report on Form 8-K within four business days after the Annual Meeting.

18. Q: Who will pay the costs of soliciting these proxies?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of common stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of common stock for their reasonable costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies may be supplemented by electronic means, mail, facsimile, telephone or personal solicitation by our directors, officers or other employees. No additional compensation will be paid to our directors, officers or other employees for such services.

19. Q: What happens if additional matters are presented at the Annual Meeting?

A: Other than the four proposals described in this proxy statement, we are not aware of any other properly submitted business to be acted upon at the Annual Meeting. If you grant a proxy, the persons named as proxy holders, Mr. Mark S. Hoplamazian and Ms. Rena Hozore Reiss, will have the discretion to vote your shares on any additional matters properly presented for a vote at the Annual Meeting, including matters of which the Company did not receive timely notice. If any of our nominees for director are unavailable, or are unable to serve or for good cause will not serve, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the board of directors.

20. Q: What is the deadline under Rule 14a-8 under the Securities Exchange Act of 1934, as amended, for stockholders to propose actions to be included in our proxy statement relating to our 2018 annual meeting of stockholders and identified in our form of proxy relating to the 2018 annual meeting?

ARTICLE II: CORPORATE GOVERNANCE

Proposal 1 Election of Directors

Hyatt's Amended and Restated Certificate of Incorporation provides that the total number of members of the board of directors shall consist of not less than five nor more than 15 members, with the precise number of directors to be determined by a vote of a majority of the entire board of directors. At present, the board of directors has fixed the number of members of the board of directors at 12. Hyatt's Amended and Restated Certificate of Incorporation further provides that the board of directors will be divided into three classes, as nearly equal in number as is practicable, designated Class I, Class II and Class III. Members of each class of the board of directors are elected for a term of office to expire at the third succeeding annual meeting of stockholders after their election, with each director to hold office until his or her successor is duly elected and qualified.

Class II, the class of directors whose term expires at the Annual Meeting, currently consists of four persons. In accordance with the recommendation of the nominating and corporate governance committee, the board of directors has unanimously nominated Thomas J. Pritzker, Pamela M. Nicholson, Richard C. Tuttle and James H. Wooten, Jr., the four incumbent directors whose terms expire at the Annual Meeting, to stand for re-election to the board of directors. Each of Messrs. Thomas Pritzker, Tuttle and Wooten and Ms. Nicholson has been nominated to hold office until the 2020 annual meeting of stockholders and until their respective successors have been duly elected and qualified. Unless otherwise instructed by the stockholder, the persons named in the enclosed proxy card will vote the shares represented by such proxy for the election of the nominees named in this proxy statement.

Each of the nominees has consented to serve as a director if elected. If any of the nominees should be unavailable to serve for any reason, the board of directors may designate a substitute nominee or substitute nominees (in which event the persons named on the enclosed proxy card will vote the shares represented by all valid proxy cards for the election of such substitute nominee or nominees). Alternatively, the board of directors may reduce the size of the board of directors or allow the vacancy or vacancies to remain open until a suitable candidate or candidates are identified by the board of directors.

The board of directors unanimously recommends that the stockholders vote FOR each of Thomas J. Pritzker, Pamela M. Nicholson, Richard C. Tuttle and James H. As President and Chief Executive Officer, Mr. Hoplamazian is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while Mr. Thomas J. Pritzker, as Executive Chairman, provides guidance to the President and Chief Executive Officer on a variety of key issues and sets the agenda for board of directors meetings (with input from Mr. Hoplamazian) and presides over meetings of the full board of directors. Our board of directors has determined that Mr. Thomas J. Pritzker's active involvement as Executive Chairman while Mr. Hoplamazian serves as President and Chief Executive Officer and a Director benefits the Company as a result of Mr. Thomas J. Pritzker's deep understanding of the Company's operations, relationships with owners and developers and extensive knowledge of the hospitality industry.

Our Corporate Governance Guidelines also provide that from time to time, the independent directors may determine that the board of directors should have a lead director. In the event that the independent directors make such a determination, the chairman of the nominating and corporate governance committee shall become the lead director on an *ex officio* basis. In the event that a lead director is designated, his or her duties would include: assisting the chairman of the board and board of directors in assuring compliance with, and implementation of, the Company's Corporate Governance Guidelines, coordinating the agenda for and moderating sessions of the board of directors' non-management directors and acting as principal liaison between the non-management directors and the chairman of the board on sensitive issues. The Company currently has nine independent directors and to date they have not determined that the board of directors should have a lead director.

Our board of directors believes that this current board leadership structure is in the best interests of the Company and its stockholders at this time. Our Corporate Governance Guidelines provide the flexibility for our board of directors to modify or continue our leadership structure in the future, as it deems appropriate.

Our non-management directors regularly meet in executive session without management present and our independent directors meet in executive session at least once a year. The chairman of the nominating and corporate governance committee presides at such sessions.

Board Role in Risk Oversight

Management is responsible for the Company's day-to-day risk management activities and processes, and our board of directors' role is to engage in informed oversight of, and to provide direction with respect to, such risk management activities and processes. In fulfilling this oversight role, our board of directors focuses on understanding the nature of our enterprise risks, including risk in our operations, finances and strategic direction. Our board of directors performs this oversight function in a variety of ways, including the following:

- the board of directors receives management updates on our business operations, financial results and strategy and, as appropriate, discusses and provides feedback with respect to risks related to those topics;

- the Company maintains a risk council that is led by our senior vice president, internal audit and is comprised of certain members of management from different functional areas and business units. The risk council is responsible for identifying, assessing, prioritizing and monitoring critical risks of the Company and periodically reports to the board of directors and the audit committee regarding the Company's risk management processes and procedures; and

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

while the full board is responsible to monitor enterprise risk management overall, the audit committee assists the board of directors in its oversight of risk management by discussing with management, the internal auditors and the independent auditors the Company's policies and procedures with respect to the process governing risk assessment and risk management. To this end, the audit committee discusses with management the Company's major financial, reporting and disclosure risk exposures and the steps management has taken to monitor and control such exposures. Additionally, the compensation committee helps assess risk associated with the Company's compensation policies and procedures.

Director Independence

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

Under our Corporate Governance Guidelines, our board of directors will be comprised of a majority of directors who qualify as independent directors under the listing standards of the NYSE. Directors who do not meet the NYSE's independence standards, including current and former members of management, also make valuable contributions to the board of directors and to Hyatt by reason of their experience and wisdom, and the board of directors expects that some minority of its members will not meet the NYSE's independence standards.

Only those directors who the board of directors affirmatively determines have no direct or indirect material relationship with the Company will be considered independent directors, subject to any additional qualifications prescribed under the listing standards of the NYSE. A material relationship is one that would interfere with the director's exercise of independent judgment in carrying out his or her duties and responsibilities as a director. The nominating and corporate governance committee and the board of directors annually review all relevant business relationships any director or nominee for director may have with Hyatt, including the relationships described in the section below titled "Article IX - Certain Relationships and Related Party Transactions." As a result of this review, the board of directors has determined that each of Messrs. Ballew, Friedman, McDonald, McMillan, Rocca, Tuttle, Wooten and Mss. Kronick and Nicholson is an independent director under applicable SEC rules and the listing standards of the NYSE.

Table of Contents

In making independence determinations, in addition to the relationships described below under Article IX Certain Relationships and Related Party Transactions, the board of directors considered that certain of these directors serve or previously served together on other boards of directors, not-for-profit boards of directors and charitable organizations, certain directors serve as non-management directors or executive officers of companies with which Hyatt does business, and certain directors are affiliated with charitable organizations that received contributions from Hyatt of amounts within the criteria set forth in our Corporate Governance Guidelines. The board of directors also took into account that certain entities affiliated with the directors paid amounts to Hyatt for room accommodations and meeting space in the ordinary course of business.

Committees of the Board of Directors

Our board of directors has a nominating and corporate governance committee, an audit committee, a compensation committee and a finance committee, each of which has the composition and responsibilities described below. Our board of directors may also establish from time to time any other committees that it deems necessary or desirable. The composition of each committee complies with the listing requirements and other rules of the NYSE.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Messrs. McDonald and Tuttle and Ms. Nicholson, with Mr. Tuttle serving as chairman. Our board of directors has determined that each of Messrs. McDonald and Tuttle and Ms. Nicholson is independent within the meaning of the listing standards of the NYSE. The nominating and corporate governance committee is established to:

assist the board of directors in identifying individuals qualified to be members of the board of directors consistent with criteria approved by the board of directors and set forth in the Corporate Governance Guidelines and to recommend director nominees to the board of directors;

take a leadership role in shaping Hyatt's corporate governance, including developing and recommending to the board of directors, and reviewing on at least an annual basis, the corporate governance guidelines and practices applicable to Hyatt;

recommend board committee nominees to the board of directors; and

oversee the evaluation of the board of directors and management's performance.

Our board of directors has adopted a written charter for our nominating and corporate governance committee, which is available on our website at www.hyatt.com under the headings Investor Relations Corporate Governance Committee Composition Nominating and Corporate Governance Committee Charter.

Selection of Director Nominees

At an appropriate time prior to each annual meeting of stockholders, or if applicable, a special meeting of stockholders at which directors are to be elected or re-elected, the nominating and corporate governance committee will recommend to the board of directors for nomination such candidates as the nominating and corporate governance committee has found to be well qualified and willing and available to serve, and in each case, providing the nominating and corporate governance committee's assessment whether such candidate would satisfy the independence requirements of the NYSE.

Prior to making such recommendations to the board of directors, the nominating and corporate governance committee conducts inquiries into the background and qualifications of any potential candidates, including the following criteria set forth in our Corporate Governance Guidelines:

judgment, character, expertise, skills and knowledge useful to the oversight of Hyatt's business;

diversity of viewpoints, backgrounds and experiences;

business or other relevant experience; and

the extent to which the integrity of the candidate's expertise, skills, knowledge and experience with that of the other directors will build a board of directors that is effective, collegial and responsive to the needs of Hyatt.

The nominating and corporate governance committee also considers such other relevant factors as it deems appropriate, including requirements that the members of the board of directors as a group maintain the requisite qualifications under the applicable NYSE listing standards for independence for the board of directors as a whole and for populating the audit, compensation and nominating and corporate governance committees. While there are no specific minimum qualifications that a director candidate must possess, the nominating and corporate governance committee recommends those candidates who possess the highest personal and professional integrity, have prior experience in corporate management or our industry, maintain academic or operational expertise in an area relating to

Table of Contents

our business and demonstrate practical and mature business judgment. As described above, our Corporate Governance Guidelines specify that the value of diversity of viewpoints, backgrounds and experiences on the board of directors should be considered by the nominating and corporate governance committee in the director identification and nomination process. The nominating and corporate governance committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. The nominating and corporate governance committee does not assign specific weighting to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board of directors to fulfill its responsibilities. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability or any other basis proscribed by law.

The nominating and corporate governance committee will consider stockholder recommendations for candidates to be nominated by our board of directors for election at the 2018 annual meeting of stockholders. Stockholders who want to recommend a potential director candidate for consideration by the nominating and corporate governance committee should send a written notice, addressed to the corporate secretary at our principal executive offices at 71 South Wacker Drive, 12th Floor, Chicago, Illinois 60606. This notice must include the same information as would be required under our bylaws in a stockholder's notice to nominate a director at the 2018 annual meeting of stockholders. These information requirements are set forth in Sections 3.8(a)(2)(x) and 3.8(a)(2)(z)(i) (vii) of our bylaws. We also consider potential director candidates recommended by current directors, officers, employees and others. We may also retain the services of search firms to provide us with candidates, especially when we are looking for a candidate with a particular expertise, quality, skill or background. In 2016, we engaged Russell Reynolds Associates, an executive search consulting firm, and paid related fees in the amount of \$127,965.

The nominating and corporate governance committee screens all potential candidates in the same manner, regardless of the source of the recommendation. The review is typically based on any written materials provided with respect to potential candidates, and the nominating and corporate governance committee reviews the materials to determine the qualifications, experience and background of the candidates. Final candidates are typically interviewed by one or more members of the nominating and corporate governance committee. In making its determinations, the nominating and corporate governance committee evaluates each individual in the context of our board of directors as a whole, with the objective of assembling a group that can best perpetuate the success of our company and represent stockholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, including input from our Executive Chairman and our President and Chief Executive Officer, the nominating and corporate governance committee makes a recommendation to the full board of directors regarding whom should be nominated by the board of directors.

The nominating and corporate governance committee did not receive any timely director recommendations from a stockholder for consideration at the 2017 Annual Meeting. December 1, 2017 is the deadline established by the nominating and corporate governance committee for submission of potential director nominees for consideration by the nominating and corporate governance committee for nomination at the 2018 annual meeting of stockholders.

Audit Committee

Our audit committee, which was established in accordance with section 3(a)(58)(A) of the Exchange Act, consists of Messrs. Rocca, McMillan, Tuttle and Wooten, with Mr. Rocca serving as chairman. Our board of directors determined that each of Messrs. Rocca, Tuttle, McMillan and Wooten is independent within the meaning of applicable SEC rules and the listing standards of the NYSE applicable to the audit committee members, and has determined that each of Messrs. Rocca and McMillan is an audit committee financial expert, as such term is defined in the rules and regulations of the SEC. The audit committee has oversight responsibilities regarding:

the integrity of our financial statements and our financial reporting and disclosure practices;

the soundness of our system of internal controls regarding finance and accounting compliance;

Finance Committee

Our finance committee consists of Messrs. Thomas J. Pritzker, Friedman and McMillan and Ms. Kronick, with Mr. Thomas J. Pritzker serving as chairman. The finance committee is responsible for reviewing with Company management strategies, plans, policies and significant actions relating to corporate finance matters, including, without limitation, the following matters (which are subject to the finance committee's approval to the extent the amounts in question are greater than the minimum value thresholds set forth in the finance committee charter for such matters):

long and short-term financings, including, without limitation, borrowing of funds, issuance of debt securities and interest rate or foreign currency derivative contracts;

exemption elections regarding credit swaps that would otherwise be required to be cleared through the Commodities Future Trading Commission;

any development matters, including (a) initial investment in, (b) initial management or licensing of, (c) initial acquisition of, and/or (d) the provision of any other financial commitments relating to, the chain of hotels, resorts, vacation ownership and residential properties that are to be wholly-owned, partially-owned, managed, leased, licensed or franchised by the Company;

capital expenditures and leasing arrangements; and

over budget and unbudgeted managed cost commitments.

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

The above-listed items are subject to approval of the full board of directors in the event that the amounts in question exceed the maximum value thresholds set forth in the finance committee charter.

Our finance committee is also responsible for reviewing and making recommendations to the full board of directors regarding the following matters, which require approval of the full board of directors:

designation and issuance of equity securities of the Company and matters related to the sale and marketing thereof; and

changes in the Company's capital structure, including, but not limited to (i) cash and stock dividend policies; (ii) programs to repurchase the Company's stock; (iii) issues relating to the redemption and/or issuance of any preferred stock of the Company; and (iv) stock splits. Our board of directors has adopted a written charter for our finance committee, which is available on our website at www.hyatt.com under the headings Investor Relations Corporate Governance Committee Composition Finance Committee Charter.

Compensation Committee

Our compensation committee consists of Messrs. McDonald, Friedman and Wooten and Ms. Kronick, with Mr. McDonald serving as chairman. Our board of directors has determined that each member of our compensation committee is independent within the meaning of the SEC rules and the listing standards of the NYSE applicable to compensation committee members. However, Mr. Friedman is not an outside director for purposes of Section 162(m)

Table of Contents

(*Section 162(m)*) of the Internal Revenue Code of 1986, as amended (the *Code*), or a non-employee director under Section 16 of the Exchange Act. Accordingly, the compensation committee has appointed a sub-committee consisting of Messrs. McDonald and Wooten and Ms. Kronick (the *Section 162(m) and Section 16 subcommittee*) to take actions with respect to any compensation intended to qualify as performance-based compensation and be deductible under Section 162(m) or exempt from the short-swing rules under Rule 16b-3 of the Exchange Act. The compensation committee is authorized to discharge the responsibilities of the board of directors relating to:

the establishment, maintenance and administration of compensation and benefit policies and programs designed to attract, motivate and retain personnel with the requisite skills and abilities to enable the Company to achieve its business objectives;

the goals, objectives and compensation of our Executive Chairman and President and Chief Executive Officer, including evaluating the performance of the Executive Chairman and President and Chief Executive Officer in light of those goals;

the compensation of our other executive officers and non-management directors;

ensuring that succession planning takes place for the President and Chief Executive Officer and other senior management positions;

our compliance with the compensation rules, regulations and guidelines promulgated by the NYSE, the SEC and other law, as applicable; and

the issuance of an annual report on executive compensation for inclusion in our annual proxy statement, or Form 10-K, as applicable. Our board of directors has adopted a written charter for our compensation committee, which is available on our website at www.hyatt.com under the headings Investor Relations Corporate Governance Committee Composition Compensation Committee Charter.

During 2016, the compensation committee relied upon information provided by Mercer (US) Inc. (*Mercer*) in setting compensation for our named executive officers, as more thoroughly discussed below under the section titled Compensation Consultant Fees and Services.

In making decisions about executive compensation, the compensation committee considered input from Mercer, our Executive Chairman, our President and Chief Executive Officer and our Chief Human Resources Officer. However, the compensation committee ultimately makes all compensation decisions regarding our executive officers.

The compensation committee may delegate its duties to a subcommittee under the terms of its charter. In addition, under the terms of our Third Amended and Restated Hyatt Hotels Corporation Long-Term Incentive Plan, as amended (the *LTIP*), the compensation committee may delegate to other members of the board of directors and to our officers the authority to make awards and to amend LTIP awards, except that it may not delegate to an officer the authority to make any awards to officers who are subject to Section 16 of the Exchange Act or who are covered employees within the meaning of Section 162(m), or to make awards to themselves. In addition to the delegation to the Section 162(m) and Section 16 subcommittee as described above, as part of the grant process the compensation committee delegates its authority to Messrs. Thomas J. Pritzker, Hoplamazian and certain other executive officers to amend or modify award agreements made under the LTIP and take other actions with respect to such awards as they deem necessary, appropriate or advisable to carry out the purposes and intent of the compensation committee's grant.

Compensation Consultant Fees and Services

During 2016, Mercer was engaged by the compensation committee to provide executive, director and other compensation services. During 2016, Mercer performed the following services:

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

provided information and data so that we could assess the competitiveness of our executive compensation programs;

provided advice about our current base salaries and incentive compensation;

provided analysis regarding our total rewards program, equity awards and dilution and burn-rate under the LTIP; and

assisted with the preparation of the Compensation Discussion and Analysis (*CD&A*) section of this proxy statement. The compensation committee's decision to retain Mercer was based on Mercer's knowledge of Hyatt and the compensation committee's satisfaction with Mercer's services. Mercer first provided services to Hyatt prior to our initial public offering in 2009. The compensation committee also reviewed the nature and extent of the relationship among the compensation committee, Hyatt, Mercer, and the individuals at Mercer providing advice to the compensation committee with respect to any conflicts or potential conflicts of interest. This covered the SEC's six factor test including the provision of other services to Hyatt, the amount of fees received from Hyatt as a percentage of total revenue of Mercer and its affiliates, the policies and procedures that are designed to prevent conflicts of interest, any business or personal relationship of the advisor with a member of the compensation committee, any Hyatt

stock owned by the advisor, and any business or personal relationship of the advisor with an executive officer at Hyatt. Based on that review, the compensation committee believes that there are no conflicts of interest or potential conflicts of interest that would unduly influence Mercer's provision of advice to the compensation committee. In that regard the individual executive compensation consultant:

receives no incentive or other compensation based on the fees charged to Hyatt for other services from other lines of business provided by Mercer or any of its affiliates;

is not responsible for selling other Mercer or affiliate services; and

is prohibited by Mercer's professional standards from considering any other relationships Mercer or any of its affiliates may have with Hyatt in rendering advice and recommendations.

The compensation committee delegated to the President and Chief Executive Officer and Chief Human Resources Officer the authority to direct Mercer with respect to matters which are of general applicability to broad groups of employees at varying levels, do not involve equity compensation, are not limited to executive officers and do not exceed \$200,000 in fees per individual statement of work. As such, management has the sole authority to engage Mercer for any such additional services without further approval so long as such services remain within the scope of the established parameters. During 2016, Mercer performed the following additional services:

market-priced certain international regional office positions;

provided tools used for market pricing, global transfers, and benefit and employment guidelines; and

assisted with request for proposal for the international insurance program and negotiation of contract terms with selected vendor.

The following is a summary of the fees for professional services, as well as commissions with respect to international insurance matters, paid to Mercer and its affiliates for services rendered in 2016:

Fee Category	2016
Executive and Director Compensation Consulting	\$ 437,892
Non-Executive Compensation Consulting	\$ 434,988
Non-Executive Compensation Services by Affiliates of Mercer	\$ 641,500
Total	\$ 1,514,380

Compensation Risk Considerations

The compensation committee reviews and evaluates, in conjunction with management, the incentives and material risks arising from or relating to the Company's compensation programs and arrangements and determines whether such incentives and risks are appropriate. A team made up of members from our internal audit and human resources departments reviewed the Company's incentive compensation plans and programs in order to assess whether or not any such plans or programs could create risks that are reasonably likely to have a material adverse effect on the Company. Management then reviewed such assessment with the compensation committee. In such assessment, the Company determined that the following policies, among others, discourage unreasonable or excessive risk-taking by executives:

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

base salary levels are intended to be commensurate with the overall experience, time in the role, performance of each named executive officer (*NEO*), and the competitive market so that the NEOs and other employees are not motivated to take excessive risks to achieve a level of financial security;

annual incentive plans include a diverse mix of corporate and individual performance metrics, including non-financial measures;

annual incentive payouts are capped to ensure that no payout exceeds a specified percentage of salary, thereby moderating the impact of short-term incentives;

the mix of short- and long-term incentives is weighted such that a significant percentage of total opportunity is in the form of long-term equity awards;

awards made under our LTIP to our NEOs are generally granted as a mix of time-vested stock appreciation rights (*SARs*), time-vested restricted stock units (*RSUs*) and performance-vested restricted stock units (*PSUs*) which, together, encourage NEOs to focus on earnings, returns and long-term stockholder value;

annual audit process and activities, controls and monitoring procedures are in place, including but not limited to compensation committee oversight, that mitigate risks associated with incentive compensation plans;

in addition to our Chief Executive Officer and Chief Financial Officer being subject to the claw-back provisions of the Sarbanes-Oxley Act of 2002, the Company has adopted a compensation recovery policy, described below in the

Table of Contents

section titled *Article III Compensation Discussion and Analysis Share Ownership Requirement, Compensation Recovery Policy and Anti-Hedging/Anti-Pledging Policies* ;

hedging and pledging of our stock by our NEOs is generally prohibited under our Hyatt Hotels Corporation Insider Trading Compliance Program; and

share ownership requirements align the long-term interests of NEOs and directors with the interests of stockholders. Based on these and other considerations, the compensation committee concluded that there are no compensation policies or practices that create risks that are reasonably likely to have a material adverse effect on the Company.

Compensation of Non-Employee Directors

During 2016, we used a combination of cash and stock-based compensation to attract and retain qualified candidates to serve on our board of directors. In setting non-employee director compensation, we considered the significant amount of time that directors expend in fulfilling their duties as well as the skill level required of members of our board of directors. The compensation committee reviews director compensation periodically and recommends changes to the board of directors when it deems them appropriate. The compensation committee considers analyses prepared by Mercer, the compensation committee's executive and director compensation consultant, of publicly-reported non-employee director compensation practices at our peer companies and generally seek to target our non-employee directors' total compensation (defined as total cash compensation and total equity compensation) at or near the median total compensation of the non-employee directors of our peers. In August 2016, at the request of our compensation committee, Mercer performed and presented to the compensation committee a study of publicly-reported non-employee director compensation practices, which resulted in an increase in the Annual Equity Retainer (as defined below).

Retainers and Committee Fees

Our directors who were also our employees did not receive any additional compensation for their services as directors. Accordingly, Messrs. Thomas J. Pritzker and Mark S. Hoplamazian did not receive any compensation for their services as directors during 2016. For 2016, members of the board of directors who were not our employees were entitled to receive an annual retainer in the form of (i) a cash retainer of \$75,000 (the *Annual Fee*) and (ii) shares of Class A common stock with a grant date fair value of \$125,000 (the *Annual Equity Retainer*). Effective January 1, 2017 the grant date fair value of the Annual Equity Retainer was increased to \$150,000.

Directors were permitted to elect to receive the Annual Fee in shares of Class A common stock. The Annual Fee was paid on a quarterly basis. Directors who chose to receive cash were paid their cash fees at the end of each fiscal quarter. Directors who chose to receive shares of Class A common stock in lieu of cash were granted shares on the 15th day of the last month of the quarter (or the next day that NYSE was open if the 15th day of such month was not a trading day). The Annual Fee is prorated in the event that any director did not serve for the full fiscal quarter.

Directors receive their Annual Equity Retainer on the date of the Company's annual meeting of stockholders, payable in arrears for service since the prior annual meeting. The Annual Equity Retainer is also prorated in the event the director does not serve for the full fiscal year.

With respect to the Annual Equity Retainer and, if a director elects to receive a share of Class A common stock in lieu of cash as part of the Annual Fee, the number of shares granted is calculated by dividing the value of the applicable retainer by the Company's closing stock price on the date of grant.

Committee members and the chairman of each committee received additional annual cash retainers in the amounts set below for 2016:

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

Committee Name	2016 Retainers	
	Committee Member	Committee Chairman
Audit Committee	\$ 15,000	\$ 25,000
Compensation Committee	\$ 10,000	\$ 25,000
Nominating and Corporate Governance Committee	\$ 10,000	\$ 15,000
Finance Committee(1)	\$ 10,000	\$ 15,000

(1) As an employee of the Company, Mr. Thomas J. Pritzker was not eligible to receive and did not receive a retainer for his service as chairman of the finance committee in 2016.

The chairman of each committee received only the chairman retainer for such committee and did not also receive the committee member retainer. Committee retainers were paid in quarterly installments at the end of each fiscal quarter. All of our directors were reimbursed for reasonable expenses incurred in connection with attending board of director

Table of Contents

meetings and committee meetings and for attending corporate functions on our behalf. To encourage our directors to visit and personally evaluate our properties, our non-employee directors were eligible for complimentary and discounted rooms at Hyatt-owned, operated or franchised hotels, as well as the use of hotel services when on personal travel.

New Directors

Under our director compensation program, in addition to the cash and stock retainers discussed above, any new non-employee director will receive an initial retainer, with a grant date fair value of \$75,000, payable in the form of shares of our Class A common stock. The initial retainer is granted on the date the director is first elected or appointed to the board of directors. The number of shares granted is calculated by dividing the grant date fair value of the initial equity retainer by the Company's closing stock price on the date of grant.

Non-Employee Director Stock Ownership Guidelines

Our Corporate Governance Guidelines require that each non-employee director accumulate and own, directly or indirectly, at least \$300,000 worth of our common stock (or common stock equivalents held under the Directors Deferred Compensation Plan described below) at all times during his or her tenure on the board of directors. Effective January 1, 2017 this amount changed to five times the Annual Fee (\$375,000). Non-employee directors have up to five years to meet this ownership requirement. If, after the relevant accumulation period, the market value of such director's stock should fall below the target level, the director will not be permitted to sell any of our common stock until the market value again exceeds the target level. These sale limitations do not apply where the decline in value of the director's holdings of our common stock is in connection with a change of control transaction. Each non-employee director currently meets the guidelines.

Directors Deferred Compensation Plan

Each non-employee director may elect to defer all or any portion of his or her Annual Fee and/or Annual Equity Retainer under our Directors Deferred Compensation Plan. Once an election is made to defer a retainer, the decision may be revoked or changed only for subsequent calendar years. Under the Directors Deferred Compensation Plan, a director who elects to defer any of his or her Annual Fee may elect to have such amount invested in a notional cash account, which is credited with interest quarterly at the prime rate, or in RSUs in respect of our Class A common stock pursuant to our LTIP. Deferrals of Annual Equity Retainers are denominated in RSUs which carry dividend equivalent rights (credited as additional RSUs). A director will receive distributions from his or her account under the Directors Deferred Compensation Plan on the earlier of (i) either January 31st of the year following the director's departure from the board of directors or on the last business day of March of the fifth year following the year in which such retainer was earned (as elected by the director) or (ii) a change in control of the Company. RSUs are settled in shares of our Class A common stock.

Based on this review and discussion, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016.

Compensation Committee Interlocks and Insider Participation

During 2016, each of Messrs. McDonald, Friedman, Wooten and Wrigley and Ms. Kronick served on our compensation committee, with Mr. McDonald serving as chairman. None of these members of our compensation committee has at any time been one of our executive officers or employees. None of our executive officers currently serves, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more executive officers serving as a member of our compensation committee or board of directors. Because of his affiliation with Goldman, Sachs & Co., Mr. Friedman had certain relationships with the Company during 2016 that are required to be disclosed under the SEC rules relating to disclosure of related party transactions. Table of Contents**ARTICLE III: EXECUTIVE COMPENSATION****Compensation Discussion and Analysis**

The following discussion describes the compensation elements of our total rewards program for our NEOs, consisting of our Executive Chairman, Principal Executive Officer (*PEO*), Principal Financial Officer (*PFO*), and our two other most highly compensated executive officers.

Our NEOs for 2016 were:

Name	Position
Thomas J. Pritzker	Executive Chairman of the Board
Mark S. Hoplamazian (PEO)	President and Chief Executive Officer
Patrick Grismer (PFO)(1)	Executive Vice President, Chief Financial Officer
Atish D. Shah (Former PFO)(2)	Former Senior Vice President, Interim Chief Financial Officer
H. Charles Floyd	Executive Vice President, Global President of Operations

(1) Mr. Grismer commenced employment as Executive Vice President, Chief Financial Officer on March 14, 2016.

(2) Mr. Shah stepped down from his position as Senior Vice President, Interim Chief Financial Officer on March 14, 2016. Mr. Shah resigned from the Company effective April 6, 2016.

Our compensation committee is responsible for establishing, maintaining and administering our compensation programs for our NEOs and other executives.

Philosophy and Goals of Our Executive Compensation Program

Our goal is to become the most preferred hospitality brand loved and respected by colleagues, guests, owners, operators, community members and shareholders. We believe that this goal is central to and best promotes value creation for our stockholders. Our compensation philosophy is to provide an appropriate base of cash compensation and to align all incentive and long-term components of compensation to support long-term value creation for our stockholders. We have focused on defining annual financial and non-financial goals around metrics that we believe support and promote enhancement of long-term brand value. To attract, recruit, develop, engage and retain the talent needed to deliver on this goal, our compensation programs are designed to:

appropriately motivate colleagues through the alignment of total rewards with performance goals;

be innovative and competitive, recognizing the ever-changing dynamics of the labor market and acknowledging that, in attracting, retaining and developing talent globally, we need to offer compelling career opportunities;

address the needs and preferences of colleagues as individuals and as members of high-performing teams;

retain the colleagues with capabilities required to achieve our goal; and

be cost effective and financially sustainable over time under varying business conditions.

To accomplish these goals, our executive compensation program is based on a total rewards program, which provides:

compensation, including cash (salary and short-term incentive compensation), as well as long-term stock-based compensation;

benefits, including retirement-related, healthcare and other welfare programs;

work/lifestyle programs, including paid-time off (*PTO*), a specified number of free hotel stays and other programs that promote well-being;
and

individual development.

Our total rewards program is designed to provide rewards for individual and organizational achievement of business objectives and to emphasize long-term incentive compensation and variable compensation.

Table of Contents**Executive Compensation Practices and Alignment with Stockholder Interests and Good Governance**

The compensation committee periodically reviews what it considers to be best practices in governance and executive compensation. Based on this review, the compensation committee believes that Hyatt's executive compensation program demonstrates good governance and is aligned with stockholder interests.

What We Do:	What We Don't Do:
<i>we do</i> emphasize pay for performance by focusing on variable pay over fixed pay	<i>we don't</i> allow repricing of stock options or SARs without shareholder approval
<i>we do</i> align executive officer and stockholder interests by providing equity based compensation in the form of SARs (which will only deliver value if our stock price increases), RSUs (which deliver additional value if our stock price increases), and PSUs (which are only earned based on performance against specified three-year financial goals)	<i>we don't</i> provide for tax reimbursement payments or gross-ups (except in limited cases of new hire relocations)
<i>we do</i> require executive officers and non-employee directors to maintain specific market-competitive stock ownership levels to align their interests with stockholders	<i>we don't</i> provide for single trigger severance or accelerated equity vesting upon a change in control
<i>we do</i> have policies in place that provide for the forfeiture of vested and unvested equity awards as well as recovery of cash and equity compensation received in the event that an NEO or any other executive officer violates certain restrictive covenants or engages in fraudulent or willful misconduct that results in a restatement of Hyatt's financial statements	<i>we don't</i> generally allow hedging and pledging by our executive officers and non-employee directors as stated in the Hyatt Hotels Corporation Insider Trading Compliance Program
<i>we do</i> annually conduct risk assessments with respect to our compensation practices	<i>we don't</i> provide supplemental defined benefit pensions to executives
	<i>we don't</i> provide excessive executive perquisites
	<i>we don't</i> pay dividends on unearned PSUs (noting that currently, Hyatt does not pay dividends on any shares)

Impact of Advisory Vote Approving Executive Compensation

At the Company's 2016 annual meeting of stockholders, stockholders were provided the opportunity to cast an advisory vote approving the compensation programs for our NEOs (*say-on-pay*). That say-on-pay proposal received support from approximately 99.9% of the shares present and entitled to vote at the annual meeting, indicating strong stockholder approval of the compensation paid to our NEOs. The compensation committee considered this high level of support for our say-on-pay proposal, among other considerations, and did not change its approach to executive compensation in 2016. The compensation committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for our NEOs.

As required by Section 14A of the Exchange Act in this proxy statement we are seeking stockholder approval, on an advisory basis, of the compensation paid to our NEOs as disclosed pursuant to the SEC's compensation disclosure rules. We believe that the current best corporate practices and governance trends favor an annual advisory vote and have determined to hold an annual advisory vote. An annual vote would give stockholders the opportunity to react promptly to emerging trends in compensation, and would give the board of directors and compensation committee the opportunity to evaluate compensation decisions in light of yearly feedback from stockholders. See the section below titled "Article VII Proposal 4 Frequency of Advisory Vote on Executive Compensation."

Table of Contents

Market Data

Mercer helps us assess the market competitiveness of our NEOs' annual cash and long-term incentives. In doing so, Mercer uses several sources of information:

A primary peer group of publicly traded companies in the hospitality industry;

A secondary peer group consisting of a sub-set of the primary peer group;

Survey data for comparable positions in the hospitality/restaurant or lodging industry; and

General industry survey data for the compensation committee's consideration which includes companies with which we compete for management talent, have a similar business profile to ours, have global operations and scope, and are in a consumer facing and customer oriented service business.

In 2016, we reviewed the competitiveness of our NEO compensation against the primary peer group and then against the secondary peer group. The peer groups for 2016 were the same as for 2015. The primary peer group was selected based on several factors, including business mix and model, revenues, global presence and the strength of their brands. The primary peer group included:

Boyd Gaming Corporation*	MGM Resorts International*
Brinker International, Inc.*	Royal Caribbean Cruises, Ltd.*
Carnival Corporation	Starbucks Corporation
Darden Restaurants, Inc.*	Starwood Hotels & Resorts Worldwide, Inc.*
Hilton Worldwide Holdings, Inc.*	Wendy's Company*
Host Hotels & Resorts, Inc.*	Wyndham Worldwide Corporation*
Las Vegas Sands Corporation	Wynn Resorts, Ltd.*
Marriott International Inc.	Yum! Brands, Inc.

The secondary peer group consists of companies (marked with an * above) with revenues ranging from 0.4x - 2.5x Hyatt's revenues and a market cap ranging from 0.25x - 4x Hyatt's market cap.

For 2016 we set our base salaries, annual incentive targets and long-term incentives so that total compensation references the market 50th percentile of the primary and secondary peer groups with the opportunity for upside based on superior performance. We believe that our pay mix is generally consistent with market practice.

Note: Mr. Shah is not included in the graph above since his target annual compensation in 2016 was not adjusted for his role as Interim Chief Financial Officer.

Role of Outside Consultant

Mercer provides consulting services to our compensation committee to help:

assess the competitiveness of our executive compensation programs;

advise on current base salaries, incentive compensation and long-term stock-based compensation;

provide analysis regarding our equity awards and dilution and burn-rate under the LTIP;

review our incentive plan design, including the performance share unit program; and

assist with the preparation of this CD&A.

Mercer consultants also conduct studies on our plan design for retirement and international benefits. See the section above titled [Article II Committees of the Board of Directors Compensation Committee Compensation Consultant Fees and Services](#) for further information regarding services performed by Mercer in 2016.

Table of Contents**Role of Executive Officers**

In making decisions about executive compensation, the compensation committee invites our Executive Chairman, our President and Chief Executive Officer and our Chief Human Resources Officer to present various compensation proposals at the committee meetings and to answer any questions the committee may have. The compensation committee meets in executive session to determine Mr. Thomas J. Pritzker's compensation. With respect to the compensation of our President and Chief Executive Officer, the compensation committee meets in executive session with our Executive Chairman and, from time to time, our Chief Human Resources Officer is present at such meetings. Mr. Hoplamazian provides input and recommendations to the compensation committee for each NEO (other than Mr. Thomas J. Pritzker and himself) with respect to achievement of their individual goals under our annual incentive plan.

Key Elements of Total Rewards in 2016

Our total rewards programs include fixed and variable compensation as well as other benefits. We provide the following compensation elements to our NEOs:

Compensation Element	Purpose	Description
Base Salary	Fixed component of pay that fairly compensates the individual based upon level of responsibilities	Fixed cash payments
Annual Incentive	Aligns compensation with performance at the enterprise and regional or functional level	Variable annual cash award based on achievement of performance objectives as outlined in this CD&A
Long-Term Incentive	Reward for creating long-term stockholder value, provides alignment with stockholder interests	Value delivered as one-third SARs, one-third time-vested RSUs and one-third PSUs (based on an average Adjusted Return on Gross Assets (<i>ROGA</i>) goal), with the exception of Mr. Thomas J. Pritzker who receives 100% of his long-term incentives in the form of SARs
Employee Benefits	Retirement, health and other benefits that provide comprehensive long-term financial security to a globally mobile workforce, enables us to maintain a healthy and productive workforce and attract and retain employees	401(k) plan and deferred compensation programs with matching and retirement contributions, PTO, health, life and disability insurance, severance and change in control protections, and limited perquisites
Severance Benefits	Severance benefits provided to NEOs upon an involuntary termination of employment without cause or, within the three months prior to or the twenty-four months following a change in control, upon constructive termination	Severance facilitates recruitment and retention of NEOs by providing income security in the event of involuntary job loss, as outlined in this CD&A, and further enables NEOs to focus on our best interests and those of our stockholders in the event of a potential transaction that could result in the NEO's termination.

Table of Contents**Salary**

Salaries for our NEOs are reviewed annually. Our NEOs' salaries for 2016 reflected several factors, including overall experience, time in the role, performance, market levels and the desire to provide an appropriate base as part of their overall total rewards. During 2016, the Compensation Committee increased salaries in connection with our annual merit review and based on the factors above resulting in the year-over-year increases set forth in the following table. Mr. Hoplamazian's salary increase was intended to better align his compensation with the compensation of chief executive officers in our peer group. Mr. Haggerty's salary increase was intended to reflect increases in his responsibilities as his role as the Company's Executive Vice President, Global Head of Capital Strategy, Franchising and Select Service has continued to evolve. Mr. Shah's salary increase was implemented with the intent of retaining Mr. Shah as he transitioned from the position of Interim Chief Financial Officer.

Name	2015 Salary	2016 Salary	Salary Increase %
Thomas J. Pritzker	\$ 525,000	\$ 537,500	2.4%
Mark S. Hoplamazian	\$ 1,065,000	\$ 1,150,000	8.0%
Patrick Grismer	n/a	\$ 775,000	n/a
Atish D. Shah(1)	\$ 341,590	\$ 400,000	17.1%
H. Charles Floyd	\$ 730,000	\$ 750,000	2.7%
Stephen G. Haggerty	\$ 625,000	\$ 700,000	12.0%

- (1) Mr. Shah stepped down from his position as Senior Vice President, Interim Chief Financial Officer on March 14, 2016. Mr. Shah resigned from the Company effective April 6, 2016.

Annual Incentive

Our annual incentive plan provides at-risk compensation designed to reward executives for achievement of operating results over a one-year performance period. Incentives are based on both financial and non-financial metrics that are intended to balance overall focus on enterprise performance, regional/functional performance and other strategic priorities that will strengthen our competitive position.

Under the terms of his letter agreement with us, Mr. Thomas J. Pritzker is not eligible for annual incentives under our plan as his role is to focus on Hyatt's long-term growth and strategy. As such, he is eligible to receive long-term incentive awards through our long-term incentive program. Mr. Hoplamazian's target and maximum incentives are set according to the terms of his letter agreement with us. The target and maximum incentive opportunities for our other NEOs are determined annually by the compensation committee based on references to market data and the individual's role in the organization, overall experience and time in the role. In particular, the compensation committee considered the total compensation market data for these positions. The compensation committee focused on delivering a total compensation package which would attract a high level of talent while weighting more of the NEOs' total compensation potential on variable and long-term incentives, thereby aligning their interests with those of our stockholders. For 2016 performance, the target and maximum annual incentive opportunities as a percentage of base salary for each NEO who participated in our annual incentive plan were as follows:

Name	Target	Maximum
Mark S. Hoplamazian	175.0%	262.5%
Patrick Grismer	100.0%	150.0%
Atish D. Shah(1)	40.0%	60.0%
H. Charles Floyd	100.0%	150.0%
Stephen G. Haggerty	100.0%	150.0%

- (1) Mr. Shah stepped down from his position as Senior Vice President, Interim Chief Financial Officer on March 14, 2016. Mr. Shah resigned from the Company effective April 6, 2016. As such, Mr. Shah was not eligible to receive a payout under the annual incentive plan for 2016.

For 2016, we established an initial financial goal of \$762 million of Adjusted Compensation EBITDA¹ (*Threshold Goal*), the attainment of which was required as a condition to the payment to our NEOs of any annual incentives. If we attained the Threshold Goal, then the

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

compensation committee could pay up to the maximum annual incentive. However, the compensation committee retained discretion to reduce the annual incentive actually earned based on such other factors or metrics as it determined. The Threshold Goal was set as a meaningful baseline performance

¹ Adjusted Compensation EBITDA means our Adjusted EBITDA as described in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations Key Business Metrics Evaluated by Management Adjusted Earnings Before Interest Expense, Taxes, Depreciation, and Amortization, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, as further adjusted to exclude \$26.M of expenses relating to the annual incentive and impact of currency.

metric intended to cause the annual incentives to constitute qualified performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) (and thus preserve the potential deductibility of these payments), to the extent payable, while retaining the compensation committee's ability to apply certain qualitative metrics to the annual incentive program. For 2016 we achieved Adjusted Compensation EBITDA of \$811 million so the Threshold Goal was met. The compensation committee then applied the following incentive goals similar to those used in prior years to determine our NEOs' actual annual incentives:

Hyatt's Financial Performance (50% of overall target award): Similar to prior years, the compensation committee used Adjusted Compensation EBITDA for purposes of determining the payout of this component.

	Threshold	Target	Maximum
Adjusted Compensation EBITDA Goal	\$ 762 million	\$ 847 million	\$ 932 million
Payout	50%	100%	150%

Applying the payout scale for Adjusted Compensation EBITDA, the compensation committee awarded the NEOs 78.9% of their respective target annual incentives for this component. The results are interpolated for performance between threshold and target and maximum.

Strategic Priorities (20% of overall target award): In 2016, four strategic priorities were identified: cultivating the best people, build and deliver brand-led experiences, operate with excellence and grow with intent. In support of this, a dashboard was developed with various metrics under each priority to help the compensation committee assess achievement of this component. Based on an assessment of the progress made towards the four strategic priorities in 2016, the compensation committee awarded the NEOs 70% of their respective target annual incentives related to this component.

Individual Management By Objectives (MBOs) (15% of overall target award): Financial and non-financial MBOs (described in additional detail below) applied to each individual were designed to incentivize each NEO in his or her area of responsibility, as well as build brand value over time. Based on an assessment of achievement of these goals, awards to Mr. Hoplamazian, Mr. Grismer, Mr. Floyd and Mr. Haggerty were 90%, 95%, 91%, and 86% of their respective target annual incentives related to this component.

Discretion (15% of overall target award): Factors considered included leadership consistent with Hyatt's purpose, values, and behaviors. Based on an assessment of achievement of these goals, the compensation committee awarded the NEOs 100% of their respective target annual incentives related to this component.

Hoplamazian's 2016 Annual Incentive

Mr. Hoplamazian's individual MBOs for 2016 included:

Table of Contents

Accordingly, based on Hyatt's 2016 financial performance and the factors and considerations discussed above, the compensation committee awarded Mr. Grismer a 2016 annual incentive payment of \$513,100, representing a payout of 82.7% of target on a prorated basis.

Floyd's 2016 Annual Incentive

Mr. Floyd's individual MBOs for 2016 included:

People. Support professional development plans and identify top leaders across the enterprise.

Based on input from our President and Chief Executive Officer and the review of our performance during 2016, the compensation committee awarded Mr. Floyd 91% of his individual MBO component and 100% of the discretion component.

Accordingly, based on Hyatt's 2016 financial performance and the factors and considerations discussed above, the compensation committee awarded Mr. Floyd a 2016 annual incentive payment of \$615,700, representing a payout of 82.1% of target.

Haggerty's 2016 Annual Incentive

Accordingly, based on Hyatt's 2016 financial performance and the factors and considerations discussed above, the compensation committee awarded Mr. Haggerty a 2016 incentive payment of \$569,400, representing a payout of 81.3% of target.

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

The actual annual incentive compensation earned for 2016 performance expressed as a percentage of base salary as in effect at year-end and the resulting percentage of target incentive for each NEO was as follows:

Name	Actual(1)
Mark S. Hoplamazian	143% of year-end salary (81.9% of target)
Patrick Grismer	83% of year-end salary pro-rated (82.7% of target)
H. Charles Floyd	82% of year-end salary (82.1% of target)
Stephen G. Haggerty	81% of year-end salary (81.3% of target)

(1) For 2016, the annual incentive payments were rounded up to the nearest hundred dollar increment.

Long-Term Incentive

In 2016, we granted equity incentive awards in the form of SARs, RSUs and PSUs under our LTIP as the means of providing long-term incentives to our executives. These grants were designed to:

drive and reward performance over an extended period of time to promote creation of long-term value for our stockholders;

create strong alignment with the long-term interests of our stockholders;

assist in retaining highly qualified executives; and

contribute to competitive total rewards.

Table of Contents

In determining the value of long-term incentive grants, we considered market data, the individual's potential contribution to our success and the relationship between each NEO's short-term and long-term compensation. For 2016, the compensation committee determined that the value of long-term incentive awards to NEOs, other than Mr. Thomas J. Pritzker, would be delivered one-third in SARs, one-third in RSUs, and one-third (at target performance) in PSUs. The compensation committee believes that awarding an equal mix of SARs, RSUs and PSUs achieves a balance in linking NEO long-term rewards to company performance. SARs do not provide any value unless the stock price appreciates, the value of RSUs increases or decreases in the same way stockholders' stock value increases or decreases, and PSUs focus NEOs on the attainment of specified company performance objectives. The actual number of SARs, RSUs and PSUs granted was determined based on utilizing the Black-Scholes-Merton value for the SARs and the value of our common stock for the RSUs and PSUs based on the closing stock price of our common stock on the date of grant. Mr. Thomas J. Pritzker received his long-term incentive award for 2016 entirely in the form of SARs, taking into consideration his large existing ownership position and to further focus Mr. Pritzker on long-term shareholder value creation.

In connection with the commencement of Mr. Grismer's employment with us and as an incentive to recruit Mr. Grismer, the compensation committee granted to Mr. Grismer an additional SAR award, with a grant date fair value of \$650,000 (based on the grant-date Black-Scholes-Merton value of the SARs) and an additional RSU award with a grant date fair value of \$500,000. The SARs vest 33.3% in March 2017, 33.3% in March 2018, and 33.4% in March 2019, subject to Mr. Grismer's continued service through each applicable vesting date (subject to accelerated vesting in the case of Mr. Grismer's death or disability or his involuntary termination following a change in control of the Company). The RSUs vest in March 2020, also subject to continued service through the vesting date (and further subject to accelerated vesting upon Mr. Grismer's death or disability or his involuntary termination following a change in control of the Company).

In 2016, in addition to the annual long-term incentive grants described above, the compensation committee granted SAR and RSU awards to each of Messrs. Hoplamazian, Floyd, and Haggerty. The awards, granted in the form of SARs that deliver value only if the Company's stock price increases and RSUs that vest based on the Company's performance, were intended to, among other things, reinforce our goals of retaining and incentivizing the NEOs and continuing to align pay with performance. The SARs vest 25% in each year in March 2017, March 2018, March 2019, and March 2020, contingent on continued employment through the applicable vesting date (subject to accelerated vesting upon death or disability or involuntary termination following change in control of the Company). The RSUs vest 100% in March 2017 based on achievement of an Adjusted Compensation EBITDA performance metric, which for 2016 was the same as the Adjusted Compensation EBITDA Threshold Goal applied in respect of the 2016 annual incentive plan (described in detail in the section above in the CD&A section of this proxy statement titled "Annual Incentive"), and contingent on continued employment through the vesting date (subject to accelerated vesting upon death or disability or involuntary termination following a change in control of the Company). For 2016 we achieved Adjusted Compensation EBITDA of \$811 million so the Adjusted Compensation EBITDA Threshold Goal was met.

The grant date fair value of the RSUs (which vest over one year) was one-quarter of the grant date fair value of the SARs (which vest over four years). The number of shares of common stock underlying the special RSUs, the number of shares of common stock covered by the special SARs, and the grant date fair value of each type of award (based on the grant-date Black-Scholes-Merton value for the SARs) are set forth in the following table:

Name	SARs	SARs	RSUs	RSUs
Mark S. Hoplamazian	\$ 1,500,000	103,163	\$ 375,000	7,918
H. Charles Floyd	\$ 500,000	34,387	\$ 125,000	2,639
Stephen G. Haggerty	\$ 375,000	25,790	\$ 93,750	1,979

SARs

SARs are designed to deliver value to NEOs only if our stock price increases over the grant date value. Each vested SAR gives the holder the right to receive the appreciation in the value of one share of our Class A common stock at the exercise date over the value of one share of our Class A common stock at the date of grant. Generally, SARs vest equally over four years based on continued service and are settled by delivery of shares of our Class A common stock (but may be subject to accelerated vesting upon a recipient's death or disability, or his or her involuntary termination following a change in control of the Company).

RSUs

RSUs are designed to align the interests of our NEOs with the interests of our stockholders, to reward performance and to promote retention of our executives by providing equity-based compensation that fluctuates with our stock price. RSUs also help reduce the volatility of our overall long-term incentive package that arises in part due to the cyclical nature of the lodging industry since the volatility of the value of an RSU is

lower than the volatility of the value of a SAR.

Table of Contents

RSUs, accordingly, are intended to create a sense of ownership and to better align executives' interests with our stockholders' interests. Generally, RSUs vest equally over four years (but may be subject to accelerated vesting upon a recipient's death or disability, or his or her involuntary termination following a change in control of the Company) and are settled by delivery of shares of our Class A common stock.

PSUs

PSUs are designed to align the interests of our NEOs with the interests of our stockholders, to reward the cumulative attainment of longer-term performance objectives linked to three-year financial goals and to thereby promote greater retention of our executives while providing equity-based compensation that fluctuates with our stock price. PSUs vest based on achievement of a three-year average ROGA goal, as may be further modified based on achievement of a three-year Relative EBITDA Growth Rank, and generally subject to the NEO's continued employment through the three-year performance period (except in the case of certain qualifying terminations of employment due to death or disability, retirement, or in the case of a change in control of the Company). Adjusted ROGA is generally defined as Adjusted EBITDA divided by Average Gross Assets for each year of the three-year performance period. Average Gross Assets is defined as total assets plus accumulated depreciation of property, plant, and equipment. For this purpose Adjusted EBITDA is defined as set forth in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations Key Business Metrics Evaluated by Management Adjusted Earnings Before Interest Expense, Taxes, Depreciation, and Amortization, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2016. Relative EBITDA Growth Rank is generally defined as the rank order (including Hyatt) of cumulative growth of EBITDA figures, to the extent publicly reported, from each of the following: Accor, Hilton, Host, Intercontinental, and Marriott over the performance period.

We believe that disclosure of information regarding the specific performance metrics used in determining PSU vesting will cause substantial competitive harm to Hyatt, both directly and indirectly. Therefore, in accordance with applicable SEC rules, such information has been omitted from this proxy statement. The performance metrics used in determining PSU vesting were established such that the relative difficulty of achievement would be challenging but reasonable in light of past performance, future expectations and market conditions.

Determination of Performance for Prior-Year PSs

In 2014, the compensation committee granted performance shares (PSs) with a three-year performance period that would only be earned if the NEOs achieved challenging three-year economic profit goals established by the compensation committee. Economic profit is generally defined as Adjusted EBITDA less 10% of the Company's average invested capital for each year of the three-year performance period and excluding expenses relating to the annual incentive program and the PSs. For this purpose, Adjusted EBITDA is defined as set forth in Part II, Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations Key Business Metrics Evaluated by Management Adjusted Earnings Before Interest Expense, Taxes, Depreciation, and Amortization, of our Annual Report on Form 10-K for the fiscal year ended December 31, 2016. The vesting of these performance shares was subject to meeting the threshold goal and subject to continued service through the end of the three-year performance period (with continued payout eligibility following a recipient's death or disability, pro-rated payout eligibility following a recipient's retirement and payout at the greater of target or actual performance payout levels in the event of a change in control of the Company). Economic profit achieved for the 2014 through 2016 period was \$414 million, below the threshold of \$852 million resulting in no payout.

Equity Practices

The Company makes grants pursuant to our Amended and Restated Summary of Non-Employee Director Compensation Policy and the Third Amended and Restated Hyatt Hotels Corporation Long-Term Incentive Plan during regularly scheduled board meetings or during periods when we are not in possession of material non-public information. Pursuant to the Hyatt Hotels Corporation Insider Trading Compliance Program, neither the Company, nor executive officers, directors or covered employees may trade in any securities of the Company during the period beginning two weeks before the end of any fiscal quarter of the Company and ending two business days after the public release of earnings data for such quarter whether or not the Company or any of the executive officers, directors or covered employees is in possession of material, non-public information.

Employee Benefits

Our NEOs receive employee benefits similar to other salaried colleagues, such as participation in our 401(k) Plan, Deferred Compensation Plan (DCP) with employer contributions, health, life and disability plans and severance benefits, as described in more detail below and in the section below in the CD&A section of this proxy statement titled Potential Payments on Termination or Change in Control. In addition, we provide certain additional retirement and deferred compensation benefits to our NEOs, as well as limited perquisites. These additional employee benefits

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

and perquisites make up the benefits/work/lifestyle portion of our total rewards package and allow us to compete in attracting and retaining executives.

Termination and Severance Benefits

In the event of certain qualifying terminations of employment, NEOs are entitled to severance payments and benefits under the Hyatt Hotels Corporation Corporate Office Severance Plan (the *Severance Plan*) or, in the event of certain qualifying terminations of employment within 24 months following a change in control or within three months prior to a change in control, the Executive Officer Change in Control Plan (the *CIC Plan*). All severance payments and benefits under the CIC Plan are double trigger, meaning that an NEO will not receive these severance benefits unless the NEO experiences a qualifying termination of service in connection with a change in control. We do not provide single trigger payments or benefits to our NEOs in connection with a change in control. For a description of the material terms of the Severance Plan and the CIC Plan, see the section below in the CD&A section of this proxy statement titled *Potential Payments on Termination or Change in Control*.

We do not provide for tax reimbursement payments or tax gross-ups related to a change in control.

Retirement Programs

In addition to our 401(k) plan that is available to employees generally, our NEOs may participate in the DCP, which is a non-qualified deferred compensation plan.

401(k) Plan

Our 401(k) plan is an ongoing, tax-qualified 401(k) plan under which we match 100% on the first 3% of compensation that an employee contributes and 50% on the next 2% of compensation that an employee contributes, up to a total match of 4% of an employee's compensation (subject to the IRS limits for tax qualified plans).

Deferred Compensation Plan

The DCP allows executives to defer up to 75% of their base salaries and all or a portion of their annual incentives. We also make an employer contribution to the plan based on a designated contribution schedule. For 2016, Messrs. Thomas J. Pritzker, Hoplamazian, Floyd and Haggerty receive a dollar for dollar match on deferrals up to \$12,000, respectively. In 2015, the DCP was revised so that new hires and newly promoted individuals would receive a 3% employer contribution of his or her base salary up to \$15,000. Upon reaching the one year waiting period, Mr. Grismer will be eligible to receive contributions at this level. Executives who participate in the DCP can select among various market-based investment options and are eligible to receive their account balances when they terminate employment.

Perquisites

We offer limited perquisites to our executives which we believe are reasonable and consistent with our total rewards program and our goal of attracting and retaining key executives. Perquisites that are provided include:

limited use of Hyatt hotel properties per the policy that is applicable to all Hyatt colleagues;

corporate dining room use;

complimentary parking; and

relocation for new executives as necessary.

Messrs. Thomas J. Pritzker and Hoplamazian are permitted to use our leased corporate aircraft for personal travel. Under our aircraft usage policy, Mr. Hoplamazian may use up to 30 hours per year with Mr. Thomas J. Pritzker's prior approval, and the compensation committee's approval for personal travel over 30 hours. Mr. Hoplamazian and Mr. Thomas J. Pritzker did not use the corporate aircraft for personal travel in

2016.

Regulatory Considerations

Section 162(m)

Section 162(m) of the Code generally disallows a federal tax deduction to public companies for compensation greater than \$1 million paid in any tax year to specified executive officers unless the compensation is qualified performance-based compensation under that section.

Certain of our compensation and benefit plans are designed to permit us to grant awards that may qualify as qualified performance-based compensation; however, it is possible that awards intended to qualify for the tax deduction may

Table of Contents

not so qualify if all requirements of the qualified performance-based compensation exemption are not met. Furthermore, although the compensation committee may take action intended to limit the impact of Section 162(m) of the Code, it also believes that the tax deduction is only one of several relevant considerations in setting compensation. The compensation committee believes that the tax deduction limitation should not be permitted to compromise the ability to design and maintain executive compensation arrangements that will attract and retain executive talent. Accordingly, achieving the desired flexibility in the design and delivery of compensation may result in compensation that in certain cases is not deductible for federal income tax purposes.

ASC Topic 718

ASC Topic 718 requires us to recognize an expense for the fair value of equity-based compensation awards. Grants of stock-based compensation are accounted for under ASC Topic 718. The compensation committee regularly considers the accounting implications of significant compensation decisions, especially in connection with decisions that relate to equity-based compensation awards. As accounting standards change, we may revise certain programs to appropriately align the cost of our equity-based compensation awards with our overall executive compensation philosophy and objectives.

Our incentive compensation programs have been designed and administered in a manner generally intended to preserve federal income tax deductions. However, the compensation committee considers the tax and accounting consequences of utilizing various forms of compensation and retains the discretion to pay compensation that is not tax deductible or could have adverse accounting consequences.

Share Ownership Requirement, Compensation Recovery Policy and Anti-Hedging/Anti-Pledging Policies

In 2009, we adopted share ownership guidelines. In 2015, we revised the guidelines to require each of our NEOs (other than Mr. Thomas J. Pritzker) to hold vested SARs, vested or unvested RSUs or shares of common stock with a value within the following guidelines, which continued to be the share ownership guidelines for 2016:

NEO	Multiple of salary
Mr. Hoplamazian (CEO)	5 times base salary
Mr. Grismer, Mr. Floyd and Mr. Haggerty (EVPs)	3 times base salary
Mr. Shah (SVP)	2 times base salary

Once an NEO reaches age 55 his ownership guideline reduces by 10% per year until age 60. Our NEOs have five years to meet these goals from when they become NEOs. We adopted these share ownership guidelines as a means of requiring executives to hold equity and tie their interests to the interests of our stockholders. All NEOs currently meet the guidelines. Given that trusts for the benefit of Mr. Thomas J. Pritzker and his lineal descendants directly and indirectly own a significant percentage of our outstanding common stock, it was determined that Mr. Thomas J. Pritzker did not need to be subject to the share ownership guidelines, although his ownership of SARs alone would satisfy the guidelines at a five times base salary level.

We also have a compensation recovery policy which, if the board of directors determines that an executive has engaged in fraudulent or willful misconduct that resulted in a restatement of our financial results, allows the board of directors (or a committee thereof) in its discretion to recover from such executive any bonus, equity compensation or profits received on equity compensation by such executive.

Pursuant to our insider trading policy, our NEOs are prohibited from hedging their ownership in shares of our common stock or other equity-based interests in our Company (including by engaging in short sales relating to our common stock), and are generally prohibited from pledging shares of our common stock as collateral for loans.

Table of Contents

The actual value, if any, which an executive may realize from a SAR, RSU or PSU is contingent upon the satisfaction of the conditions to vesting applicable to that award, and with respect to SARs, is determined by reference to the excess of the stock price on the date of exercise over the base price on the date the award is granted. Thus, there is no assurance that the value, if any, eventually realized by the executive will correspond to the amount shown in the table above. The amounts shown in the table above are computed in accordance with ASC Topic 718.

- (1) The amounts shown represent the threshold, target and maximum potential payments under the annual incentive program based on multiples of the NEO's base salary as of December 31, 2016. See the section in the CD&A section of this proxy statement titled "Annual Incentive" for a more detailed description of the incentive compensation program.
- (2) The amounts shown represent the potential PSUs that may be earned under the LTIP at each of the threshold, target and maximum performance levels. Each NEO was granted PSUs at target, but the number of PSUs that will vest and be retained by the NEO will be determined at the conclusion of the 2016 through 2018 performance period. PSUs will vest based on achievement of three-year average Adjusted ROGA goals as may be further modified based on three-year Relative EBITDA Growth Rank, and are generally subject to continued employment through the vesting date. Adjusted ROGA is generally defined as Adjusted EBITDA divided by Average Gross Assets for each year of the three-year performance period. For this purpose Adjusted EBITDA is defined as set forth in Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations - Key Business Metrics Evaluated by Management - Adjusted Earnings Before Interest Expense, Taxes, Depreciation, and Amortization," of our Annual Report on Form 10-K for the year ended December 31, 2016. If the threshold Adjusted ROGA goal is not achieved at the end of the three-year performance period, then all of the PSUs will be forfeited and none will vest. If the threshold Adjusted ROGA goal is achieved, 33% of the PSUs will vest. If the target performance goal is achieved, 100% of the PSUs granted will vest. If the maximum performance goal is achieved, 182% of the PSUs will vest. Achievement between the threshold and maximum performance goals will be interpolated linearly based on level of achievement. The number of PSUs vesting will further be modified up to plus or minus 10% by Relative EBITDA Growth Rank so that overall the threshold number of PSUs to vest is 30% of target and the maximum number of PSUs to vest is 200% of target.

Table of Contents

Amounts shown represent the grant date fair value of SARs, RSUs and PSUs granted in the year indicated as computed in accordance with ASC Topic 718. For a discussion of the assumptions made in the valuation reflected in these columns, see Note 16 to the Consolidated Financial Statements contained in our Annual Report on Form 10-K for the fiscal year ended December 31, 2016. With regard to the valuation of PSU awards, the grant date fair values set forth above reflect the vesting of PSUs based upon the probable outcome at target levels.

- (3) The strike price of SARs is the closing price of the Company's stock on the date of grant.
- (4) Amounts shown represent the grant date fair value of SARs, RSUs and PSUs granted in the year indicated as computed in accordance with ASC Topic 718. For a discussion of the assumptions made in the valuation reflected in these columns, see Note 16 to the Consolidated Financial Statements contained in our Annual Report on Form 10-K for the year ended December 31, 2016. With regard to the valuation of PSU awards, the grant date fair values set forth above reflect the vesting of PSUs based upon the probable outcome at target levels.
- (5) Messrs. Hoplamazian, Floyd and Haggerty received an additional SAR grant which will vest annually in four equal installments beginning March 2017, generally subject to continued service through the vesting date.
- (6) Messrs. Hoplamazian, Floyd and Haggerty received an additional RSU grant which will vest 100% in March 2017 subject to achievement of the Adjusted Compensation EBITDA Threshold Goal and generally subject to continued service through the vesting date. There is neither a threshold nor a maximum performance measurement for these awards.
- (7) Mr. Grismer received 45,710 SARs and 10,557 RSUs in connection with his employment. The SARs vest in three equal installments beginning March 2017, generally subject to continued service through the vesting date. The RSUs vest in March 2020, generally subject to continued service through the applicable vesting date.
- (8) Mr. Shah stepped down from his position as Senior Vice President, Interim Chief Financial Officer on March 14, 2016, and as a result was not eligible for an incentive payment and his awards were forfeited.

The actual value, if any, that an executive may realize from a SAR, RSU or a PSU is contingent upon the satisfaction of the conditions to vesting in that award, and with respect to SARs, upon there being a positive excess of the stock price on the date the award is exercised over the base price established on the award date. Thus, there is no assurance that the value, if any, eventually realized by the executive will correspond to the grant date fair value shown in the table above.

Potential Payments on Termination or Change in Control*Severance*

In 2016, all NEOs would have been entitled to severance in the event of a termination of employment under the Severance Plan, which is applicable to U.S. based corporate headquarters and certain regional office employees. Benefits are paid under the plan only if the eligible employees are laid off or terminated without cause and are offset by any amounts required to be paid in lieu of notice under WARN or WARN-like state laws. In addition, we may pay the eligible employee the difference between the premiums charged for COBRA and the amount the eligible employee would have paid as an active employee for such coverage during the eligible employee's severance period. Severance can be paid in a lump sum or over the severance period at the discretion of the Company; however, severance will not be paid in a lump sum if it would violate Section 409A of the Code. All severance is subject to the applicable employee's execution and non-revocation of a general release of claims.

Under the terms of the Severance Plan, our NEOs are eligible to receive the following severance for the following severance periods:

Position	Severance Period (Weeks of Base Salary)
Executive Chairman of the Board or	78
Chief Executive Officer	
Executive Officers of Hyatt Hotels Corporation	52

as defined by the Chief Executive Officer

Mr. Thomas J. Pritzker's employment agreement provides that he is entitled to voluntarily terminate his employment and claim severance under the Severance Plan or CIC Plan (if applicable) if he is not re-appointed as Executive Chairman. Mr. Hoplamazian's employment agreement provides that he is entitled to voluntarily terminate his employment and claim severance under the Severance Plan or CIC Plan (if applicable) if he is not re-elected to serve as a director.

Change in Control

Each executive officer is entitled to enhanced severance benefits under our Executive Officer Change in Control Plan if the executive officer's employment is terminated without cause or the executive officer is constructively terminated within 24 months following a change in control or within three months prior to the change in control. In such event, our Executive Chairman and President and Chief Executive Officer would each receive severance equal to two times the sum of his base salary and target annual incentive for the year of termination, and all other executive officers would receive severance equal to one times their base salary and target annual incentive for the year of termination. All of the executive officers would also receive a pro-rata target annual incentive for the year of termination. Additionally, we may pay the executive officer the difference between the premiums charged for COBRA and the amount the executive officer would have paid as an active employee for such coverage, regardless of whether or not they elect COBRA coverage. All severance will be paid in a lump sum if permitted by Section 409A of the Code. Otherwise severance will be paid in installments over 24 months for our Executive Chairman and President and Chief Executive Officer, or 12 months for all other executive officers. All severance benefits are subject to the applicable executive officer's execution and non-revocation of a general release of claims, and are offset by any other severance or pay in lieu of notice under WARN or WARN-like state laws. We do not provide for tax reimbursement payments or gross-ups related to a change in control.

Equity Awards

Outstanding SAR and RSU awards under our LTIP will fully vest if a participant's employment is terminated by us without cause or by the participant with good reason, in either case, within 12 months following a change in control, provided such awards are assumed by a successor

in the change in control. If awards are not assumed by a successor, the compensation committee may in its discretion fully vest the awards upon the change in control. In addition, outstanding PSUs will vest upon a change in control and will be deemed to have been earned based on actual performance through the most recent fiscal quarter end (with respect to any partial calendar year, projected through the remainder of such calendar year based on actual performance). Outstanding PSs will vest upon a change in control and will be deemed to have been earned at the greater of (i) the target award level or (ii) the number of PSs that would be payable based on actual performance through the date of the change in control.

Outstanding SAR, RSU and PS awards will fully vest if a participant's employment is terminated by reason of death or disability (with PSs being earned as if the participant remained employed through the last day of the performance period). If a participant's employment is terminated by reason of death or disability, PSUs will vest based on actual performance through the most recent fiscal quarter end (with respect to any partial calendar year, projected through the remainder of such calendar year based on actual performance) pro-rated based on the number of months elapsed through the date of disability or death. If Messrs. Thomas J. Pritzker or Hoplamazian are terminated other than for cause, provided they execute a general release of claims and do not compete with us, following termination they will continue to vest in their SARs and RSUs on the vesting dates set forth in their respective award agreements.

Mr. Floyd is retirement eligible under the Retirement Policy Regarding Equity Vesting and Exercise, and as a result, his awards under the LTIP will continue to become exercisable and payable following his retirement, subject only to forfeiture for violating the policy. A portion of the performance shares units awarded to Mr. Floyd during his employment, pro-rated by reference to the portion of the performance period during which Mr. Floyd was employed, may be earned by Mr. Floyd based on actual performance through the conclusion of the performance period.

The following table summarizes the severance, the value of SARs, RSUs, PSUs (based on actual performance as of December 31, 2016), and PSs (at the target level of achievement) that would vest, and the value of other benefits that our NEOs would receive upon (i) retirement/voluntary termination, (ii) termination of employment by the Company without cause not in connection with a change in control, or (iii) termination of employment without cause or a constructive termination in connection with a change in control. The following assumptions were used in creating the table:

a stock price of \$55.26 per share, which was the closing price of our Class A common stock on December 31, 2016; and

termination of employment as of December 31, 2016 (for the scenarios that include a termination of employment).

The amounts shown do not include payments of vested benefits under our tax qualified and non-qualified retirement and deferred compensation plans or the value of vested SARs, RSUs and PSs that were vested prior to December 31, 2016.

Table of Contents**ARTICLE IV: INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****Proposal 2 Ratification of Appointment of the Independent Registered Public Accounting Firm**

The audit committee of the board of directors has appointed Deloitte & Touche LLP (*D&T*) as our independent registered public accounting firm for the fiscal year ending December 31, 2017. D&T also served as Hyatt's independent registered accounting firm for fiscal year 2016, and the services provided to us by D&T in fiscal year 2016 are described under "Independent Registered Public Accounting Firm's Fees" below. Representatives of D&T will be present at the Annual Meeting to respond to appropriate questions and to make such statements as they may desire.

Stockholder ratification of the selection of D&T as our independent registered public accounting firm is not required by our bylaws or otherwise. However, the board of directors is submitting the selection of D&T to the stockholders for ratification as a matter of good corporate governance practice. Furthermore, the audit committee will take the results of the stockholder vote regarding D&T's appointment into consideration in future deliberations. Even if the selection is ratified, the audit committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Hyatt and our stockholders.

The board of directors unanimously recommends that the stockholders vote FOR Proposal No. 2 to ratify the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of Hyatt Hotels Corporation for the fiscal year ended December 31, 2017.

Independent Registered Public Accounting Firm's Fees

In addition to retaining D&T to audit the Company's consolidated financial statements, the audit committee retained D&T to provide various other services in fiscal years 2016 and 2015. The following table presents fees for professional services rendered by D&T for fiscal years 2016 and 2015. The audit committee approved all of the fees presented in the table below.

Type of Fees	FY 2016	FY 2015
Audit Fees(1)	\$ 5,331,966	\$ 4,873,687
Audit-Related Fees(2)	\$ 877,803	\$ 1,773,148
Tax Fees(3)	\$ 2,238,276	\$ 2,331,874
All Other Fees(4)	\$ 351,625	\$ 203,896
Total	\$ 8,799,670	\$ 9,182,605

The following are footnotes to the above table, in accordance with SEC definitions:

- (1) Audit fees represent D&T fees for professional services for the audit of the Company's consolidated financial statements included in our Annual Reports on Form 10-K for the fiscal years ended December 31, 2016 and December 31, 2015 filed with the SEC, review of quarterly financial statements, accounting consultation and other attest services that are typically performed by the independent public accountant, and services that are provided by D&T in connection with statutory and regulatory filings.

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

- (2) Audit-related fees consist principally of fees for audits required under agreements with our hotels owners and, in 2015, fees for certain initiatives completed during the year.
- (3) Tax fees are fees for tax compliance, tax advice and tax planning.
- (4) All other fees are fees billed by D&T to Hyatt for any services not included in the first three categories. The 2016 and 2015 fees were for permitted advisory services.

Policy on Audit Committee Preapproval of Audit and Permissible Nonaudit Services of the Independent Registered Public Accounting Firm

The audit committee has adopted a policy requiring that all audit, audit-related and non-audit services provided by the independent auditor be pre-approved by the audit committee. The policy also requires additional approval of any engagements that were previously approved but are anticipated to exceed pre-approved fee levels. The policy permits the audit committee chair to pre-approve principal independent auditor services where the Company deems it necessary or advisable that such services commence prior to the next regularly scheduled meeting (provided that the audit committee chair must report to the full audit committee on any pre-approval determinations). All services provided to us by D&T for fiscal years 2016 and 2015 were pre-approved by the audit committee. D&T may only perform non-prohibited non-audit services that have been specifically approved in advance by the audit committee. In addition, before the audit committee will consider granting its approval, the Company's management must have determined that such specific non-prohibited non-audit services can be best performed by D&T based on its in-depth knowledge of our business, processes and policies. The audit committee, as part of its approval process, considers the potential impact of any proposed work on the independent auditors' independence.

The audit committee has adopted a policy that prohibits our independent auditors from providing:

bookkeeping or other services related to the accounting records or financial statements of the Company;

financial information systems design and implementation services;

appraisal or valuation services, fairness opinions or contribution-in-kind reports;

actuarial services;

internal audit outsourcing services;

management functions or human resources services;

broker or dealer, investment adviser or investment banking services;

legal services and expert services unrelated to the audit; and

any other service that the Public Company Accounting Oversight Board (the *PCAOB*) or the SEC determines, by regulation, is impermissible.

ARTICLE V: REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS¹

The audit committee reviews the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements, the reporting process and maintaining an effective system of internal controls over financial reporting. The Company's independent auditors are engaged to audit and express opinions on the conformity of the Company's financial statements to United States generally accepted accounting principles.

In addition to fulfilling its oversight responsibilities as set forth in its charter and further described above in the section titled "Article II Committees of the Board of Directors - Audit Committee," the audit committee has done the following things:

Prior to the filing of our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, reviewed and discussed with management and D&T the Company's audited consolidated financial statements.

Discussed with D&T the matters required to be discussed by Auditing Standard No. 1301 (Communications with Audit Committees), as adopted by the PCAOB and any other matters required to be communicated to the committee by D&T under auditing standards established from time to time by the PCAOB or SEC rules and regulations.

Evaluated D&T's qualifications, performance and independence (consistent with SEC requirements), which included the receipt and review of the written disclosures and the letter from D&T required by applicable requirements of the PCAOB regarding D&T's communications with the audit committee concerning independence and discussions with D&T regarding its independence.

Based on the reviews and discussions with management and D&T cited above, including the review of D&T's disclosures and letter to the audit committee and review of the representations of management and the reports of D&T, the audit committee recommended to the board of directors that the Company's audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2016 filed with the SEC.

ARTICLE VI: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Proposal 3 Advisory Vote to Approve Executive Compensation

As required pursuant to Section 14A of the Exchange Act, the Company requests stockholder approval, on an advisory basis, of the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis and the accompanying compensation tables and related narrative in this proxy statement).

As described under Compensation Discussion and Analysis, our executive compensation program is designed to promote long-term brand value for the Company, a goal which we believe, in turn, is central to the creation of long-term economic value for our stockholders. Our compensation program is designed to attract, recruit, develop, engage and retain the talent needed to achieve long-term brand value and to appropriately motivate our executive officers. As such, we believe that our executive compensation program and the corresponding executive compensation detailed in the compensation tables and related narrative set forth above are strongly aligned with the long-term interests of our stockholders.

As an advisory vote, this proposal is not binding upon the Company. However, our compensation committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by stockholders in their vote on this proposal, and will carefully consider the outcome of the vote when making future compensation decisions for named executive officers.

The board of directors strongly endorses the Company's executive compensation program and recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the compensation tables and any related discussion as disclosed in this proxy statement, is hereby APPROVED.

The board of directors unanimously recommends that the stockholders vote FOR Proposal No. 3 to approve, on an advisory basis, the compensation paid to our named executive officers as disclosed pursuant to the SEC's compensation disclosure rules.

ARTICLE VII: FREQUENCY OF ADVISORY VOTE ON EXECUTIVE COMPENSATION

Proposal 4 Frequency of Advisory Vote on Executive Compensation

The Company requests that the stockholders vote, on an advisory basis, to hold a stockholder advisory vote to approve named executive officer compensation every year. Stockholders are afforded the opportunity to indicate whether they would prefer an advisory vote to approve named executive officer compensation every year, every two years or every three years or stockholders may abstain from voting on the proposal.

Our board of directors believes that holding an advisory vote to approve named executive officer compensation every year provides our board of directors with direct and timely feedback from stockholders on our named executive officer compensation policies and procedures.

As an advisory vote, this proposal is not binding upon the Company. However, our board of directors values the opinions expressed by stockholders in their vote on this proposal, and will carefully consider the outcome of the vote.

The option of one year, two years or three years that receives the affirmative vote of a majority of voting power of the shares present in person or by proxy and entitled to vote at the Annual Meeting will be the frequency selected by stockholders. In the event that no option receives such a majority, we will consider the option that receives the most votes to be the option selected by stockholders of the Company.

The board of directors unanimously recommends that, with regard to Proposal No. 4, stockholders vote, on an advisory basis, to hold an advisory vote to approve named executive officer compensation EVERY YEAR.

Table of Contents**ARTICLE VIII: STOCK****Security Ownership of Certain Beneficial Owners and Management**

The following table sets forth as of March 24, 2017 information regarding:

each of our NEOs;

each of our directors and nominees for the board of directors; and

all of our directors and executive officers as a group.

The information shown in the table with respect to the percentage of shares of Class A common stock beneficially owned is based on 35,137,361 shares of Class A common stock outstanding as of March 24, 2017 (and does not assume the conversion of any outstanding shares of Class B common stock). The information shown in the table with respect to the percentage of shares of Class B common stock beneficially owned is based on 90,323,839 shares of Class B common stock outstanding as of March 24, 2017. Each share of Class B common stock is convertible at any time into one share of Class A common stock. The information shown in the table with respect to the percentage of total common stock beneficially owned is based on 125,461,200 shares of common stock outstanding as of March 24, 2017. The information shown in the table with respect to the percentage of total voting power is based on 125,461,200 shares of common stock outstanding as of March 24, 2017, and assumes that no shares of Class B common stock outstanding as of March 24, 2017 have been converted into shares of Class A common stock.

Information with respect to beneficial ownership is based on our records, information filed with the SEC or information furnished to us by each director, director nominee, executive officer or beneficial owner of more than 5% of our Class A common stock or Class B common stock. Beneficial ownership rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power and investment power with respect to those securities. Unless otherwise indicated by footnote, and subject to applicable community property laws, we believe, based on the information furnished to us, that the persons and entities named in the table have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them. Pritzker is also the grantor and beneficiary of the trust represented by clause (iii) and has the right to revoke such trust at any time without the consent of any other person. As a result, Mr. Thomas J. Pritzker could be deemed to be the sole beneficial owner of the shares owned by such trust. Mr. Thomas J. Pritzker, Mr. Jason Pritzker, THHC, L.L.C., and the trustees and the adult beneficiaries of all of these trusts have agreed to certain voting agreements and to certain limitations with respect to the sale of shares of our common stock, which are contained in the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement, and the shares of common stock listed in the table may not be sold other than in accordance with such agreements. See Part I, Item 1, Business Stockholder Agreements and Item 1A, Risk Factors Risks Related to Share Ownership and Other Stockholder Matters of our Annual Report on Form 10-K for the fiscal year ended December 31, 2016 for additional information. The share numbers included in the table do not include the following SARs held by Mr. Thomas J. Pritzker that are currently exercisable or that will become exercisable within sixty days after March 24, 2017: (a) 119,707 SARs at an exercise price of \$40.96; (b) 127,410 SARs at an exercise price of \$41.74; (c) 140,601 SARs at an exercise price of \$41.29; (d) 207,381 SARs at an exercise price of \$43.44; (e) 105,141 SARs at an exercise price of \$49.39; (f) 90,176 SARs at an exercise price of \$56.27; and (g) 68,775 SARs at an exercise price of \$47.36. The number of shares that Mr. Thomas J. Pritzker will receive upon exercise of such SARs is not currently determinable and therefore not included in the table above because each SAR gives the holder the right to receive the excess of the value of one share of our Class A common stock at the exercise date, which is not determinable until the date of exercise, over the exercise price. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, and rules of the SEC thereunder, require our directors, officers and persons who own more than 10% of our Class A common stock to file initial reports of their ownership of our Class A common stock and subsequent reports of changes in such ownership with the SEC. Simultaneously with our entering into our office lease at 71 South Wacker Drive, Chicago, Illinois (commonly known as the Hyatt Center) in June 2004, we entered into sublease agreements with each of CC-Development Group, Inc. (Vi) and TPO, among others, under which we sublease a portion of our rentable space at the Hyatt Center. Vi is owned by Pritzker family business interests. TPO is owned by a trust for the benefit of Mr. Thomas J. Pritzker, our Executive Chairman. Mr. Thomas J. Pritzker is also the Chairman and Chief Executive Officer of TPO. Mr. Jason Pritzker, one of our directors, is employed as an investment professional at TPO. Mr. Jason Pritzker is the son of Mr. Thomas J. Pritzker. The square footage of the subleased premises, the commencement date and the termination date of the sublease term, and the annual net rent per square foot during the initial sublease term, payable in monthly installments, under our sublease agreements, as amended, with Vi and TPO are as follows:

	Square	Commencement	Initial	Annual Net Rent	
	Footage	Date	Termination Date	Per Square Foot	
Vi	31,184	February 1, 2005	February 29, 2020	\$ 25.85	\$34.11
TPO	33,371	July 1, 2005	September 30, 2017	\$ 12.50	\$30.68

Each subtenant is also obligated to pay as additional rent its respective share of taxes, operating expenses and shared facilities costs related to the subleased premises. In 2012, our landlord no longer collected the rent from our subtenants and we began paying the owner of the Hyatt Center directly for all subleased space and collected the rent from our subtenants directly. In 2016, Vi and TPO made payments to us of \$1,644,843, and \$1,133,929, respectively, for their respective portion of the rent, taxes, operating expenses and shared facilities costs related to the subleased premises.

With respect to each sublease agreement, at the time we entered into these sublease agreements, our landlord at the Hyatt Center executed a master landlord recognition agreement whereby it acknowledged the applicable sublease agreement and agreed to recognize the subtenant on a direct lease basis in the event the office lease with us is terminated or if the subtenant elects to extend the term of the sublease beyond the initial term. We are not released from any liability or obligations under the office lease as a result of our sublease arrangements.

Services

We also contract with third parties for various services related to telecommunications and facilities maintenance, which are used by other tenants, including Vi and TPO. We allocate the cost of services among these entities based on usage. We also operate a corporate dining room used by TPO, the operating costs for which are allocated based on eligible headcount. In addition, we lease out parking spaces at various locations which are used by Vi and TPO. In 2016, Vi and TPO made payments to us of \$64,034 and \$224,957, respectively, for their respective allocation of costs for the corporate dining room (for TPO only), parking, telecommunications services and facilities maintenance services used by them.

In addition, once every 12 months, we may postpone for up to 120 days the filing or the effectiveness of a registration statement for a demand registration or a Form S-3 demand registration, if our board of directors determines in good faith that such a filing (1) would be materially detrimental to us, (2) would require a disclosure of a material fact that might reasonably be expected to have a material adverse effect on us or any plan or proposal by us to engage in any acquisition or disposition of assets or equity securities or any merger, consolidation, tender offer, material financing or other significant transactions, or (3) is inadvisable because we are planning to prepare and file a registration statement for a primary offering of our securities.

to Rule 144 an aggregate of 3,165,905 shares and 3,030,571 shares, respectively, of Class A common stock issuable upon conversion of Class B common stock. After giving effect to these November and December 2016 sale transactions, as of March 24, 2017, 406,579 shares of the 6,603,055 shares originally registered for resale on the shelf registration statement pursuant to shelf registration rights continue to be eligible to be sold pursuant to the shelf registration statement during the 12 month period commencing November 5, 2016 through November 4, 2017 under the lock-up restrictions contained in the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement. Furthermore, as a result of these and other sale transactions subsequent to the filing of the May 2014 shelf registration statement, trusts and other entities in the Anthony N. Pritzker and Jay Robert Pritzker beneficiary groups currently hold fewer shares than are registered for such groups for resale on the shelf registration statement pursuant to shelf registration rights. Subsequent to November 4, 2017, and assuming no further sales, 3,667,496 shares of the 6,603,055 shares originally registered for resale on the shelf registration statement pursuant to shelf registration rights will continue to be eligible to be sold pursuant to the shelf registration statement. Additional shares may be registered on the shelf registration statement in the future as such shares are eligible to be sold in accordance with the registration rights agreements and lock-up restrictions.

Stockholders party to the 2009 Registration Rights Agreement may, in addition to the demand registration rights described above, request that we register all or a portion of shares of Class A common stock issuable upon conversion of such stockholders' shares of Class B common stock on a shelf registration statement on Form S-3 pursuant to Rule 415 of the Securities Act, provided that the stockholders making the request are, at the anticipated time of effectiveness of the applicable registration statement, permitted to sell such shares of their common stock under the applicable lock-up provisions contained in the Amended and Restated Global Hyatt Agreement and Amended and Restated Foreign Global Hyatt Agreement. We have agreed to use our reasonable best efforts to keep any such shelf registration statement effective and updated for a period of three years (or, if earlier, such time as all the shares covered thereby have been sold). We have also agreed that, at the end of such three year period, we will refile a new shelf registration upon the request of stockholders party to the 2009 Registration Rights Agreement holding at least 1% of our outstanding common stock at such time.

Piggyback Registration Rights

The holders of 91,846,396 shares of our common stock are entitled to certain piggyback registration rights with respect to shares of Class A common stock issuable upon conversion of such shares of Class B common stock.

In the event that we propose to register shares of Class A common stock under the Securities Act, either for our own account or for the account of other security holders, we will notify each stockholder party to the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement that is, or will be at the anticipated time of effectiveness of the applicable registration statement, permitted to sell shares of its common stock under the applicable lock-up provisions contained in the 2007 Stockholders' Agreement, the Amended and Restated Global Hyatt Agreement and the Amended and Restated Foreign Global Hyatt Agreement of our intention to effect such a registration and will use our reasonable best efforts to include in such registration all shares requested to be included in the registration by each such stockholder, subject to certain marketing and other limitations.

Following our receipt of the demand notice from certain selling stockholders party to the 2009 Registration Rights Agreement requesting us to file a shelf registration statement, in accordance with the registration rights agreements, in 2014 we notified the other stockholders party to the 2009 Registration Rights Agreement and the 2007 Registration Rights Agreement of our intention to file a shelf registration statement and gave such stockholders the right to piggyback and register shares of Class A common stock issuable upon conversion of shares of Class B common stock owned by them and eligible to be sold under applicable lock-up agreements on the shelf registration statement. Certain stockholders party to the 2009 Registration Rights Agreement elected to exercise their piggyback registration rights with respect to 8,470 shares of Class A common stock and 8,529,992 shares of Class A common stock issuable upon conversion of shares of Class B common stock and those shares were included in the Form S-3 shelf registration statement that we filed on May 29, 2014.

Expenses of Registration, Restrictions and Indemnification

We will pay all registration expenses, including the legal fees of one counsel for all holders under the 2007 Registration Rights Agreement and one counsel for all holders under the 2009 Registration Rights Agreement, other than underwriting discounts, commissions and transfer taxes, in connection with the registration of any shares of Class A common stock pursuant to any demand registration, Form S-3 demand or piggyback registration described above. Under the 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement, if a request for a demand registration or Form S-3 demand registration is withdrawn at the request of the majority of the holders of registrable securities requested to be registered, the holders of registrable securities who have withdrawn such request shall forfeit such demand registration or Form S-3 demand registration unless those holders pay or reimburse us for all of the related registration expenses.

Table of Contents

The demand, Form S-3 demand and piggyback registration rights are subject to customary restrictions such as blackout periods and any limitations on the number of shares to be included in the underwritten offering imposed by the managing underwriter. The 2007 Registration Rights Agreement and the 2009 Registration Rights Agreement also contain customary indemnification and contribution provisions.

Other Agreements, Transactions and Arrangements

On April 25, 2016, we acquired Thompson Miami Beach for approximately \$238 million, from a seller that is indirectly owned by a limited partnership affiliated with a brother of Mr. Thomas J. Pritzker.

Pursuant to our common stock repurchase program, in August 2016, we repurchased a total of 1,881,636 shares of Class B common stock at a price of \$53.15 per share, for an aggregate purchase price of approximately \$100 million, from entities owned indirectly by trusts for the benefit of certain Pritzker family members in a privately-negotiated transaction.

In 2007, we established a Donor-Advised Fund through JP Morgan Private Bank and the National Philanthropic Trust, known as the Hyatt Community Grants Fund. Individuals and organizations are able to donate funds to the Hyatt Community Grants Fund and we recommend grant recipients of these funds through our Hyatt Community Program. The National Philanthropic Trust screens our recommended fund recipients and issues the funds to the approved recipients. In 2007, the Pritzker Foundation made a charitable contribution of \$10 million to the Hyatt Community Grants Fund, payable in annual installments of \$2.5 million over four years, commencing in 2007. Mr. Thomas J. Pritzker is a director and vice president. Mr. Jason Pritzker is the son of Mr. Thomas J. Pritzker. In 2016, the Hyatt Community Grants Fund made grants of \$350,000 to various not-for-profit organizations.

A partner of Latham & Watkins LLP, Michael A. Pucker, is the brother-in-law of Mr. Thomas J. Pritzker. Mr. Jason Pritzker is the son of Mr. Thomas J. Pritzker. In 2016, we made aggregate payments of \$1,646,953 to Latham & Watkins LLP for legal services.

During 2016, Marshall E. Eisenberg was a trustee of certain trusts for the benefit of Mr. Thomas J. Pritzker, and/or his lineal descendants. Mr. Jason Pritzker is the son of Mr. Thomas J. Pritzker. In 2016, we made aggregate payments of \$442,108 to Neal, Gerber & Eisenberg LLP for legal services. Mr. Eisenberg is a partner in the law firm of Neal, Gerber & Eisenberg LLP.

Related Party Transaction Policy and Procedures

We have adopted a written policy regarding the review, approval and ratification of related party transactions. For purposes of our policy, a related party transaction is a material transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which (i) we (including any of our subsidiaries) were, are or will be a participant and (ii) any related party had, has or will have a direct or indirect material interest. A transaction involving an amount exceeding \$120,000 is presumed to be a material transaction, although transactions involving lesser amounts may be material based on the facts and circumstances. A direct or indirect material interest of a related party may arise by virtue of control or significant influence of the related party with respect to the transaction or by direct or indirect pecuniary interest in the transaction. A related party is any executive officer, director or a beneficial owner of more than 5% of our common stock, including any of their immediate family members and any other family member who might control or influence or who might be controlled or influenced by the foregoing persons because of his or her family relationship, any firm, corporation or other entity in which any of the foregoing persons is employed as an executive officer or is a general partner, managing member or principal or in a position of having control or significant influence or in which such person has a 5% or greater beneficial ownership interest, or any firm, corporation or other entity in which any director, executive officer, nominee or more than 5% beneficial owner is employed (whether or not as an executive officer). The principal elements of this policy are as follows:

For each related party transaction (other than pre-approved transactions as discussed below), the audit committee reviews the relevant facts and circumstances, such as the extent and materiality of the related party's interest in the transaction, takes into account the conflicts of interest and corporate opportunity provisions of our Code of Ethics and either approves or disapproves the related party transaction.

Edgar Filing: Hyatt Hotels Corp - Form DEF 14A

Any related party transaction shall be consummated and shall continue only if the audit committee has approved or ratified such transaction in accordance with the policy.

If advance audit committee approval of a related party transaction requiring the audit committee's approval is not practicable, then the transaction may be preliminarily entered into by management upon prior approval of the transaction by the chairman of the audit committee, or if prior approval of the transaction by the chairman of the audit committee is not practicable, then the transaction may be preliminarily entered into by management, subject in each case to ratification of the transaction by the audit committee at the audit committee's next regularly scheduled meeting; provided that if ratification shall not be forthcoming, management shall make all reasonable efforts to cancel or annul such transaction.

Table of Contents

The Chief Financial Officer, or his designee, shall present to the audit committee each proposed related party transaction requiring the audit committee's approval, including all relevant facts and circumstances relating thereto, shall update the audit committee as to any material changes to any approved or ratified related party transaction and shall provide a status report at least annually at a regularly scheduled meeting of the audit committee of all then active related party transactions.

No director may participate in approval of a related party transaction for which he or she is a related party. Certain types of transactions have been designated pre-approved transactions under the policy, and as such are deemed to be approved or ratified, as applicable, by the audit committee. Such pre-approved transactions include: (1) executive and director compensation; (2) certain ordinary course of business transactions; (3) lodging transactions involving less than \$250,000 provided the terms of which are no less favorable to us than those of similar transactions with unrelated third parties occurring during the same fiscal quarter and/or where the transaction is a result of an open auction process involving unrelated third-party bidders; (4) ordinary course sales of timeshare, fractional or similar ownership interests at prices that are no lower than those available under our company-wide employee discount programs; (5) charitable contributions in amounts that would not require disclosure in our annual proxy statement or annual report under the NYSE corporate governance listing standards; (6) transactions involving the rendering of legal services to us by the law firm of Latham & Watkins LLP to the extent such firm is associated with one or more related parties; and (7) transactions where the rates or charges involved are determined by competitive bids. All of the transactions described above under Certain Relationships and Related Party Transactions were entered into prior to the adoption of this policy or were adopted or ratified in accordance with this policy.
