ITEM 5.02 DEPARTURE OF DIRECTORS OR CERTAIN OFFICERS; ELECTION OF DIRECTORS;
APPOINTMENT OF CERTAIN OFFICERS; COMPENSATORY ARRANGEMENTS OF CERTAIN OFFICERS

2007 Omnibus Incentive Plan

On May 9, 2017, at the annual meeting of shareholders of Danaher Corporation (the Company), the Company's shareholders approved certain amendments (the Omnibus Plan Amendment) to the Company's 2007 Stock Incentive Plan (now known as the 2007 Omnibus Incentive Plan, the Omnibus Plan) and re-approved the material terms of the performance goals under the Omnibus Plan for purposes of Section 162(m) (Section 162(m)) of the Internal Revenue Code. Following is a brief description of the Omnibus Plan Amendment. The description is qualified in its entirety by reference to the amended 2007 Omnibus Incentive Plan referenced as Exhibit 10.1 hereto and incorporated by reference herein. The Omnibus Plan Amendment:

increases the plan share reserve by 51,000,000 shares of Company Common Stock;

transitions the plan from a sublimit on the number of shares that may be granted pursuant to full-value awards to a fungible share reserve that counts grants of full-value awards against the share reserve at a ratio of 3.56:1 (such that (1) each share of Common Stock subject to any award other than an option or SAR (full value award) and granted before February 28, 2017 counts against the maximum share limit as one share of Common Stock, (2) each share of Common Stock subject to a full value award and granted after February 28, 2017 counts against the maximum share limit as 3.56 shares of Common Stock, and (3) if after February 28, 2017 any full value award expires, is canceled, forfeited, cash-settled, exchanged or assumed by a third party or terminates for any other reason, in each case without a distribution of shares of Common Stock to the participant, each share of Common Stock available under that award is added back to the maximum share limit as 3.56 shares of Common Stock);

provides for cash-based awards (subject to an annual limit of \$10 million (which amount is doubled in the initial year of hire) per employee participant) and re-titles the plan the 2007 Omnibus Incentive Plan;

reduces the annual cap on the number of shares of Common Stock that may be awarded to any individual (1) under options or SARs to 1,000,000, and (2) under any other type of award intended to be qualified performance based compensation under Section 162(m) to 500,000, provided that these caps are doubled in the initial year of hire;

extends the Plan term to May 9, 2027;

implements an \$800,000 cap (\$1,300,000 for any non-management Board chair or vice chair (or similar role)) on the annual cash and equity compensation (based on grant date fair value) that may be awarded to any individual, non-management director;

provides for dividends or dividend equivalents to be paid on awards other than options and SARs, if so provided by the Compensation Committee (the Committee), but subject to any time-based or performance-based vesting

conditions applicable to the underlying award;

updates the tax withholding provision and permits tax withholding at any rate that would not cause adverse accounting consequences for the Company and is permitted under applicable rules of the IRS or other applicable regulatory entity;

modifies the definition of Substantial Corporate Change to (1) refer to the acquisition by a person, entity or group of more than 50% of the Company's shares by voting power (in place of the prior standard of 100%), and (2) add a provision relating to the turnover of a majority of the Company's Board members, subject to certain exceptions (provided that notwithstanding this modification, the Board still retains discretion whether or not to cash-out or accelerate the vesting of any equity awards upon a Substantial Corporate Change);

updates the list of permissible performance criteria and eliminates the provision requiring that 162(m)-compliant performance-based awards be subject to an incremental performance requirement (in addition to the primary performance requirement) of four quarters of positive net income following grant date;

with respect to all equity awards granted following the date of the Company's 2017 annual meeting, implements a minimum one-year vesting or performance requirement (in place of the prior minimum vesting requirements of one-year for performance-based awards and three-years for non-performance-based awards), while retaining the existing exception for up to 5% of the maximum share limit and the existing exceptions relating to death, disability, retirement, other terminations of employment and any substantial corporate change;

in addition to the existing prohibitions on repricing of awards and cancelling underwater options or stock appreciation rights (SARs) for cash, prohibits the cancellation of any outstanding option or SAR in exchange for an option or SAR with an exercise price that is less than the exercise price of the original option or SAR (except upon a substantial corporate change or change in the Company's capital structure);

conforms the definition of disability to the definition used in the Company's 2007 Executive Incentive Compensation Plan;

adds a provision requiring participants to waive a jury trial with respect to disputes under the plan and eliminating liability for good faith actions by directors in respect of the plan;

updates the language relating to the requirements of Section 409A of the Internal Revenue Code (Section 409A);

modifies the provisions relating to termination for gross misconduct to make them applicable at the administrator's discretion; and

implements certain other ministerial and clarifying changes.

2007 Executive Incentive Compensation Plan

On May 9, 2017, at the Company's annual meeting of shareholders, the Company's shareholders approved certain amendments (the EIC Plan Amendment) to the Company's 2007 Executive Incentive Compensation Plan (the EIC Plan) and re-approved the material terms of the performance goals under the EIC Plan for purposes of Section 162(m). Following is a brief description of the EIC Plan Amendment. The description is qualified in its entirety by reference to the amended 2007 Executive Incentive Compensation Plan referenced as Exhibit 10.2 hereto and incorporated by reference herein.

The plan previously identified a list of business criteria that the Committee could use to establish performance goals under the plan, as well as the maximum dollar amount that could be paid to each plan participant with respect to a performance period. The EIC Plan Amendment substitutes for these terms a specific performance formula that determines the maximum award amount payable to each plan participant with respect to a performance period. Under the revised plan, for any twelve-month performance period, the maximum award payable to (1) a participant serving as Chief Executive Officer of the Company equals 0.5% of the Company's operating profit for such performance period as determined under GAAP, or (2) any other participant equals 0.25% of the Company's operating profit for such performance period as determined under GAAP (or in each case a proportionate amount for a performance period longer or shorter than twelve months), subject in each case to the Committee's exercise of negative discretion (which are adjustments that eliminate or reduce (but not increase) an award otherwise payable to a participant for a performance period). The EIC Plan Amendment also:

adds a requirement that a participant must remain employed through the end of the performance period to be eligible for an award for such performance period;

adds a provision requiring participants to waive a jury trial with respect to disputes under the plan;

updates the language relating to the requirements of Section 409A; and

implements certain other ministerial and clarifying changes.
