Provisions of the Certificate of Incorporation and Bylaws that May Have an Anti-Takeover Effect

Certain provisions in the Certificate and the Bylaws, as well as the DGCL, may have the effect of discouraging transactions that involve an actual or threatened change in control of Lear. In addition, provisions of the Certificate, the Bylaws and the DGCL may be deemed to have an anti-takeover effect and may delay, deter or prevent a tender offer or takeover attempt that a stockholder might consider to be in its best interests.

Special Meetings of Stockholders. Our board of directors may call a special meeting of stockholders at any time and for any purpose, but no stockholder or other person may call any such special meeting.

No Written Consent of Stockholders. Any action taken by our stockholders must be effected at a duly held meeting of stockholders and may not be effected by the written consent of such stockholders.

Blank Check Preferred Stock. The Certificate contains provisions that permit our board of directors to issue, without any further vote or action by the stockholders, up to 100,000,000 shares of preferred stock in one or more series and, with respect to each such series, to fix the number of shares constituting the series and the designation of the series, the voting powers, if any, of the shares of the series, and the preferences and relative, participating, optional and other special rights, if any, and any qualifications, limitations or restrictions, of the shares of such series. Such provisions could have the effect of discouraging others from making tender offers or takeover attempts.

Advance Notice of Stockholder Action at a Meeting. Stockholders seeking to nominate directors or to bring business before a stockholder meeting must comply with certain timing requirements and submit certain information to us in advance of such meeting.

Business Combinations. We are subject to the provisions of Section 203 of the DGCL. Subject to certain exceptions, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the person becomes an interested stockholder, unless the interested stockholder attained such status with the approval of the corporation's board of directors or the business combination is approved in a prescribed manner. A business combination includes, among other things, a merger or consolidation involving the corporation and the interested stockholder and the sale of more than 10% of the corporation's assets. DESCRIPTION OF DEBT SECURITIES

General

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue separately, upon exercise of a debt warrant, in connection with a stock purchase contract or as part of a stock purchase unit, from time to time. The debt securities offered by this prospectus will be issued under one of two separate indentures between us and U.S. Bank National Association, as Trustee. We have filed the forms of indenture as exhibits to the registration statement of which this prospectus is a part. The senior note indenture and the subordinated note indenture are sometimes referred to in this prospectus individually as an indenture and collectively as the indentures. We may also issue debt securities under a separate, new indenture. If that occurs, we will describe any differences in the terms of any indenture in the prospectus supplement.

The debt securities will be obligations of Lear and will be either senior or subordinated debt securities. We have summarized material selected provisions of the indentures and the debt securities below. This summary is not complete and is qualified in its entirety by reference to the indentures. References to section numbers in this prospectus, unless otherwise indicated are references to section numbers of the applicable indenture. For purposes of this summary, the terms we, our and us refer only to Lear Corporation and not to any of its subsidiaries. Section references included in this summary of our debt securities refer to specific sections of the indentures.

The indentures do not limit the aggregate principal amount of debt securities that we may issue and provide that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. The indentures also do not limit our ability to incur other debt. The indentures give us the ability to reopen a previous issue of a series of debt securities and issue additional debt securities of the same series. If specified in the prospectus supplement relating to a particular series of debt securities, one or more subsidiary guarantors will fully and unconditionally guarantee that series, as described in the applicable prospectus supplement.

We will describe the material terms of each series of debt securities we offer in a supplement to this prospectus. Each prospectus supplement relating to a series of debt securities may also describe material U.S. federal income tax considerations applicable to the purchase, holding and disposition of such series of debt securities. If any particular terms of the debt securities described in a prospectus supplement differ from any of the terms described in this prospectus, then the terms described in the applicable prospectus supplement will supersede the terms described in this prospectus. The terms of our debt securities will include those set forth in the indentures and those made a part of the indentures by the Trust Indenture Act of 1939. You should carefully read the summary below the applicable prospectus supplement and the provisions of the indentures that may be important to you before investing in our debt securities.

Ranking

The senior debt securities offered by this prospectus will:

be general obligations;

Edgar Filing: LEAR CORP - Form S-3ASR

rank equally with all other unsubordinated indebtedness of Lear (except to the extent such other indebtedness is secured by collateral that does not also secure the senior debt securities offered by this prospectus); and

with respect to the assets and earnings of our subsidiaries, effectively rank below all of the liabilities of our subsidiaries (except to the extent that the senior debt securities are guaranteed by our subsidiaries).

The subordinated debt securities offered by this prospectus will:

be general obligations;

Table of Contents

rank subordinated and junior in right of payment, to the extent set forth in the subordinated note indenture to all senior debt of Lear; and

with respect to the assets and earnings of our subsidiaries, effectively rank below all of the liabilities of our subsidiaries (except to the extent that the subordinated debt securities are guaranteed by our subsidiaries).

A substantial portion of our assets are owned through our subsidiaries, many of which may have debt or other liabilities of their own that will be structurally senior to the debt securities. Therefore, unless the debt securities are guaranteed by our subsidiaries, our rights and the rights of our creditors, including holders of debt securities, to participate in the assets of any subsidiary upon any such subsidiary's liquidation may be subject to the prior claims of the subsidiary's other creditors.

Subject to the exceptions, and subject to compliance with the applicable requirements set forth in the indentures, we may discharge our obligations under the indentures with respect to our debt securities as described below under Defeasance.

Terms

We will describe the specific material terms of the series of debt securities being offered in a supplement to this prospectus. These terms may include some or all of the following:

the title of the debt securities;

whether the debt securities will be senior or subordinated debt;

whether and the extent to which any subsidiary will provide a subsidiary guarantee of the debt securities or whether and to the extent the debt securities are entitled to the benefits of any other form of guarantee;

any limit on the total principal amount of the debt securities;

Edgar Filing: LEAR CORP - Form S-3ASR

to be the principal shall be determined);

Any limit on the maximum total principal amount for any series of the debt securities may be increased by resolution of our board of directors. We may sell the debt securities, including original issue discount securities, at a substantial discount below their stated principal amount. If there are any special United States federal income

Table of Contents

tax considerations applicable to debt securities we sell at an original issue discount, we will describe them in the prospectus supplement. In addition, we will describe in the prospectus supplement any special United States federal income tax considerations and any other special considerations for any debt securities we sell which are denominated in a currency or currency unit other than U.S. dollars.

Form, Exchange and Transfer

We will issue the debt securities in registered form, without coupons. Unless we inform you otherwise in the prospectus supplement, we will only issue debt securities in denominations of \$2,000 and integral multiples of \$1,000 thereafter.

Holders generally will be able to exchange debt securities for other debt securities of the same series with the same total principal amount and the same terms but in different authorized denominations.

Holders may present debt securities for exchange or for registration of transfer at the office of the security registrar or at the office of any transfer agent we designate for that purpose. The security registrar or designated transfer agent will exchange or transfer the debt securities if it is satisfied with the documents of title and identity of the person making the request. We will not charge a service charge for any exchange or registration of transfer of debt securities. However, we and the security registrar may require payment of a sum sufficient to cover any tax or other governmental charge payable for the registration of transfer or exchange. Unless we inform you otherwise in the prospectus supplement, we will appoint the Trustee as security registrar. We will identify any transfer agent in addition to the security registrar in the prospectus supplement. At any time we may:

designate additional transfer agents;

rescind the designation of any transfer agent; or

approve a change in the office of any transfer agent.

However, we are required to maintain a transfer agent in each place of payment for the debt securities at all times. If we elect to redeem a series of debt securities, neither we nor the Trustee will be required:

to issue, register the transfer of or exchange any debt securities of that series during the period beginning at the opening of business 15 days before the day we mail the notice of redemption for the series and ending at the close of business on the day the notice is mailed; or

to register the transfer or exchange of any debt security of that series so selected for redemption, except for any portion not to be redeemed.

Payment and Paying Agents

Edgar Filing: LEAR CORP - Form S-3ASR

Under the indentures, we will pay interest on the debt securities to the persons in whose names the debt securities are registered at the close of business on the regular record date for each interest payment. However, unless we inform you otherwise in the prospectus supplement, we will pay the interest payable on the debt securities at their stated maturity to the persons to whom we pay the principal amount of the debt securities. The initial payment of interest on any series of debt securities issued between a regular record date and the related interest payment date will be payable in the manner provided by the terms of the series, which we will describe in the prospectus supplement.

Unless we inform you otherwise in the prospectus supplement, we will pay principal, premium, if any, and interest on the debt securities at the offices of the paying agents we designate. However, except in the case of a global security, we may pay interest:

by check mailed to the address of the person entitled to the payment as it appears in the security register, or

Table of Contents

by wire transfer in immediately available funds to the place and account designated in writing at least fifteen days prior to the interest payment date by the person entitled to the payment as specified in the security register.

We will designate the Trustee as the sole paying agent for the debt securities unless we inform you otherwise in the prospectus supplement. If we initially designate any other paying agents for a series of debt securities, we will identify them in the prospectus supplement. At any time, we may designate additional paying agents or rescind the designation of any paying agents. However, we are required to maintain a paying agent in each place of payment for the debt securities at all times.

Any money deposited with the Trustee or any paying agent in trust for the payment of principal, premium, if any, or interest on the debt securities that remains unclaimed for one year after the date the payments became due, may be repaid to us upon our request. After we have been repaid, holders entitled to those payments may only look to us for payment as our unsecured general creditors. The Trustee and any paying agents will not be liable for those payments after we have been repaid.

Restrictive Covenants

We will describe any restrictive covenants for any series of debt securities in the prospectus supplement.

Consolidation, Merger and Sale of Assets

Under the indentures, we may not consolidate with or merge into, or convey, transfer or lease all or substantially all of our properties and assets to, any person as (as defined below), referred to as a successor person unless:

the successor person expressly assumes our obligations with respect to the debt securities and the indentures;

immediately after giving effect to the transaction, no event of default shall have occurred and be continuing and no event which, after notice or lapse of time or both, would become an event of default, shall have occurred and be continuing; and

we have delivered to the Trustee the certificates and opinions required under the respective indenture.

As used in the indentures, the term person means any individual, corporation, partnership, joint venture, trust, unincorporated organization, government or agency or political subdivision thereof.

Events of Default

Edgar Filing: LEAR CORP - Form S-3ASR

Unless we inform you otherwise in the prospectus supplement, each of the following will be an event of default under the applicable indenture with respect to any series of debt securities:

our failure to pay principal or premium, if any, on that series of debt securities when such principal or premium, if any, becomes due;

our failure to pay any interest on that series of debt securities for 30 days after such interest becomes due;

our failure to deposit any sinking fund payment for 30 days after such payment is due by the terms of that series of debt securities;

our failure to perform, or our breach, in any material respect, of any other covenant or warranty in the indenture with respect to that series of debt securities, other than a covenant or warranty included in such indenture solely for the benefit of another series of debt securities, for 90 days after either the Trustee has given us or holders of at least 25% in principal amount of the outstanding debt securities of that series have given us and the Trustee written notice of such failure to perform or breach in the manner required by the indentures;

Table of Contents

specified events involving the bankruptcy, insolvency or reorganization of us; and

any other event of default we may provide for that series of debt securities, provided, however, that no event described in the fourth bullet point above will be an event of default until an officer of the Trustee responsible for the administration of the indentures has actual knowledge of the event or until the Trustee receives written notice of the event at its corporate trust office.

An event of default under one series of debt securities does not necessarily constitute an event of default under any other series of debt securities. If an event of default for a series of debt securities occurs and is continuing, either the Trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount of all the debt securities of that series due and immediately payable by a notice in writing to us (and to the Trustee if given by the holders); provided that, in the case of an event of default involving certain events of bankruptcy, insolvency or reorganization, such acceleration is automatic; and provided further, that after such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the outstanding debt securities of that series may, subject to certain conditions, rescind and annul such acceleration if all events of default, other than the nonpayment of accelerated principal have been cured or waived. Upon such acceleration, we will be obligated to pay the principal amount of that series of debt securities.

The right described in the preceding paragraph does not apply if an event of default occurs as described in the sixth bullet point above (i.e., other events of default), which is common to all series of our debt securities then outstanding. If such an event of default occurs and is continuing, either the Trustee or holders of at least 25% in principal amount of all series of the debt securities then outstanding, treated as one class, may declare the principal amount of all series of the debt securities then outstanding to be due and payable immediately by a notice in writing to us (and to the Trustee if given by the holders). Upon such declaration, we will be obligated to pay the principal amount of the debt securities.

If an event of default occurs and is continuing, the Trustee will generally have no obligation to exercise any of its rights or powers under the indentures at the request or direction of any of the holders, unless the holders offer indemnity to the Trustee reasonably satisfactory to it. The holders of a majority in principal amount of the outstanding debt securities of any series will generally have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee for the debt securities of that series, provided that:

the direction is not in conflict with any law or the indentures;

the Trustee may take any other action it deems proper which is not inconsistent with the direction; and

the Trustee will generally have the right to decline to follow the direction if an officer of the Trustee determines, in good faith, that the proceeding would involve the Trustee in personal liability or would otherwise be contrary to applicable law.

A holder of a debt security of any series may only institute proceedings or pursue any other remedy under the indentures if:

the holder gives the Trustee written notice of a continuing event of default;

holders of at least 25% in principal amount of the outstanding debt securities of that series make a written request to the Trustee to institute proceedings with respect to such event of default;

Edgar Filing: LEAR CORP - Form S-3ASR

the holders offer indemnity to the Trustee reasonably satisfactory to it against any loss, liability or expense in complying with such request;

the Trustee fails to institute proceedings within 60 days after receipt of the notice, request and offer or indemnity; and

Table of Contents

during that 60-day period, the holders of a majority in principal amount of the debt securities of that series do not give the Trustee a direction inconsistent with the request.

However, these limitations do not apply to a suit by a holder of a debt security demanding payment of the principal, premium, if any, or interest on a debt security on or after the date the payment is due.

We will be required to furnish to the Trustee annually a statement by some of our officers regarding our performance or observance of any of the terms of the indentures and specifying all of our known defaults, if any.

Modification and Waiver

When authorized by a board resolution, we may enter into one or more supplemental indentures with the Trustee without the consent of the holders of the debt securities in order to:

provide for the assumption of our obligations to holders of debt securities in the case of a merger or consolidation or sale of substantially all of our assets;

add to our covenants for the benefit of the holders of any series of debt securities or to surrender any of our rights or powers;

add any additional events of default for any series of debt securities for the benefit of the holders of any series of debt securities;

add to, change or eliminate any provision of the indentures applying to one or more series of debt securities, provided that if such action adversely affects the interests of any holder of any series of debt securities in any material respect, such addition, change or elimination will become effective with respect to that series only when no such security of that series remains outstanding;

secure the debt securities;

establish the forms or terms of any series of debt securities;

provide for uncertificated securities in addition to certificated securities;

evidence and provide for successor Trustees and to add to or change any provisions of the indentures to the extent necessary to appoint a separate Trustee or Trustees for a specific series of debt securities;

correct any ambiguity, defect or inconsistency under the indentures;

Edgar Filing: LEAR CORP - Form S-3ASR

add any person as a guarantor;

make other provisions with respect to matters or questions arising under the indentures, provided that such action does not adversely affect the interests of the holders of any series of debt securities in any material respect;

supplement any provisions of the indentures necessary to defease and discharge any series of debt securities, provided that such action does not adversely affect the interests of the holders of any series of debt securities in any material respect;

comply with the rules or regulations of any securities exchange or automated quotation system on which any debt securities are listed or traded; or

add to, change or eliminate any provisions of the indentures in accordance with any amendments to the Trust Indenture Act of 1939, provided that such action does not adversely affect the rights or interests of any holder of debt securities in any material respect.

When authorized by a board resolution, we may enter into one or more supplemental indentures with the Trustee in order to add to, change or eliminate provisions of the indentures or to modify the rights of the holders of one or more series of debt securities under such indentures if we obtain the consent of the holders of a

Table of Contents

majority in principal amount of the outstanding debt securities of all series affected by such supplemental indenture, treated as one class. However, without the consent of the holders of each outstanding debt security affected by the supplemental indenture, we may not enter into a supplemental indenture that:

except with respect to the reset of the interest rate or extension of maturity pursuant to the terms of a particular series, changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security, or reduces the principal amount of, or any premium or rate of interest on, any debt security;

reduces the amount of principal of an original issue discount security or any other debt security payable upon acceleration of the maturity thereof;

changes the place or currency of payment of principal, premium, if any, or interest;

impairs the right to institute suit for the enforcement of any payment on or after such payment becomes due for any security;

except as provided in the applicable indenture, releases any applicable guarantees;

reduces the percentage in principal amount of outstanding debt securities of any series, the consent of whose holders is required for modification of the indentures, for waiver of compliance with certain provisions of the indentures or for waiver of certain defaults of the indentures;

makes certain modifications to the provisions for modification of the indentures and for certain waivers, except to increase the principal amount of debt securities necessary to consent to any such change or to provide that certain other provisions of the indentures cannot be modified or waived without the consent of the holders of each outstanding debt security affected by such change;

makes any change that adversely affects in any material respect the right to convert or exchange any convertible or exchangeable debt security or decreases the conversion or exchange rate or increases the conversion price of such debt security, unless such decrease or increase is permitted by the terms of such debt securities; or

changes the terms and conditions pursuant to which any series of debt securities are secured in a manner adverse to the holders of such debt securities in any material respect.

In addition, the subordinated note indenture may not be amended without the consent of each holder of subordinated debt securities affected thereby to modify the subordination of the subordinated debt securities issued under that indenture in a manner adverse to the holders of the subordinated debt securities in any material respect.

Holders of a majority in principal amount of the outstanding debt securities of any series may waive past defaults or noncompliance with restrictive provisions of the indentures. However, the consent of holders of each outstanding debt security of a series is required to:

waive any default in the payment of principal, premium, if any, or interest; or

Edgar Filing: LEAR CORP - Form S-3ASR

waive any covenants and provisions of an indenture that may not be amended without the consent of the holder of each outstanding debt security of the series affected.

In order to determine whether the holders of the requisite principal amount of the outstanding debt securities have taken an action under an indenture as of a specified date:

the principal amount of an original issue discount security that will be deemed to be outstanding will be the amount of the principal that would be due and payable as of that date upon acceleration of the maturity to that date;

if, as of that date, the principal amount payable at the stated maturity of a debt security is not determinable, for example, because it is based on an index, the principal amount of the debt security

Table of Contents

deemed to be outstanding as of that date will be an amount determined in the manner prescribed for the debt security;

the principal amount of a debt security denominated in one or more foreign currencies or currency units that will be deemed to be outstanding will be the U.S. dollar equivalent, determined as of that date in the manner prescribed for the debt security, of the principal amount of the debt security or, in the case of a debt security described in the two preceding bullet points, of the amount described above; and

debt securities owned by us or any other obligor upon the debt securities or any of our or their affiliates will be disregarded and deemed not to be outstanding.

An original issue discount security means a debt security issued under the indentures which provides for an amount less than the principal amount thereof to be due and payable upon a declaration of acceleration of maturity. Some debt securities, including those for the payment or redemption of which money has been deposited or set aside in trust for the holders, and those which have been legally defeased under the indentures, will not be deemed to be outstanding.

We will generally be entitled to set any day as a record date for determining the holders of outstanding debt securities of any series entitled to give or take any direction, notice, consent, waiver or other action under an indenture. In limited circumstances, the Trustee will be entitled to set a record date for action by holders of outstanding debt securities. If a record date is set for any action to be taken by holders of a particular series, the action may be taken only by persons who are holders of outstanding debt securities of that series on the record date. To be effective, the action must be taken by holders of the requisite principal amount of debt securities within a specified period following the record date. For any particular record date, this period will be 180 days or such shorter period as we may specify, or the Trustee may specify, if it sets the record date. This period may be shortened or lengthened by not more than 180 days.

Conversion and Exchange Rights

The debt securities of any series may be convertible into or exchangeable for other securities of Lear or another issuer or property or cash on the terms and subject to the conditions set forth in the applicable prospectus supplement.

Defeasance

When we use the term defeasance, we mean discharge from some or all of our obligations under either indenture. Unless we inform you otherwise in the prospectus supplement, if we deposit with the Trustee funds or government securities sufficient to make payments on the debt securities of a series on the dates those payments are due and payable and comply with all other conditions to defeasance set forth in the indentures, then, at our option, either of the following will occur:

we will be discharged from our obligations with respect to the debt securities of that series (legal defeasance); or

we will no longer have any obligation to comply with the restrictive covenants under the indentures, and the related events of default will no longer apply to us, but some of our other obligations under the indentures and the debt securities of that series, including the obligation to make payments on those debt securities, will survive (a covenant defeasance).

Edgar Filing: LEAR CORP - Form S-3ASR

If we legally defease a series of debt securities, the holders of the debt securities of the series affected will not be entitled to the benefits of the indentures, except for:

the rights of holders of that series of debt securities to receive, solely from a trust fund, payments in respect of such debt securities when payments are due;

Table of Contents

our obligation to register the transfer or exchange of debt securities;

our obligation to replace mutilated, destroyed, lost or stolen debt securities; and

our obligation to maintain paying agencies and hold moneys for payment in trust.

We may legally defease a series of debt securities notwithstanding any prior exercise of our option of covenant defeasance in respect of such series.

In addition, the subordinated note indenture provides that if we choose to have the legal defeasance provision applied to the subordinated debt securities, the subordination provisions of the subordinated note indenture will become ineffective. The subordinated note indenture also provides that if we choose to have covenant defeasance apply to any series of debt securities issued pursuant to the subordinated note indenture we need not comply with the provisions relating to subordination.

If we exercise either our legal defeasance or covenant defeasance option, any applicable subsidiary guarantee will terminate.

Unless we inform you otherwise in the prospectus supplement, we will be required to deliver to the Trustee an opinion of counsel that the deposit and related defeasance would not cause the holders of the debt securities to recognize gain or loss for federal income tax purposes and that the holders would be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the deposit and related defeasance had not occurred. If we elect legal defeasance, that opinion of counsel must be based upon a ruling from the United States Internal Revenue Service or a change in law to that effect.

Satisfaction and Discharge

We may discharge our obligations under the indentures while securities remain outstanding if (1) all outstanding debt securities issued under the indentures have become due and payable, (2) all outstanding debt securities issued under the indentures will become due and payable at their stated maturity within one year of the date of deposit, or (3) all outstanding debt securities issued under the indentures are scheduled for redemption in one year, and in each case, we have deposited with the Trustee an amount sufficient to pay and discharge all outstanding debt securities issued under the indentures on the date of their scheduled maturity or the scheduled date of the redemption and paid all other amounts payable under the indentures. The subordinated note indenture provides that if we choose to discharge our obligations with respect to the subordinated debt securities, the subordination provisions of the subordinated note indenture will become ineffective.

Global Notes, Delivery and Form

Unless otherwise specified in a prospectus supplement, the debt securities will be issued in the form of one or more fully registered Global Notes (as defined below) that will be deposited with, or on behalf of, The Depository Trust Company, New York, New York (the Depository) and registered in the name of the Depository's nominee. Global Notes are not exchangeable for definitive note certificates except in the specific circumstances described below. For purposes of this prospectus, Global Note refers to the Global Note or Global Notes representing an entire

issue of debt securities.

Except as set forth below, a Global Note may be transferred by the Depository, in whole and not in part, only to a nominee of the Depository or by a nominee of the Depository to the Depository or another nominee of the Depository.

The Depository has advised us as follows:

The Depository is:

a limited purpose trust company organized under the laws of the State of New York;

Table of Contents

a banking organization within the meaning of the New York banking law;

a member of the Federal Reserve System;

a clearing corporation within the meaning of the New York Uniform Commercial Code; and

a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act.

The Depository was created to hold securities of its participants and to facilitate the clearance and settlement of securities transactions among its participants through electronic book entry changes in accounts of its participants, eliminating the need for physical movements of securities certificates.

The Depository participants include securities brokers and dealers, banks, trust companies, clearing corporations and others, some of whom own the Depository.

Access to the Depository book-entry system is also available to others that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

When we issue a Global Note in connection with the sale thereof to an underwriter or underwriters, the Depository will immediately credit the accounts of participants designated by such underwriter or underwriters with the principal amount of the debt securities purchased by such underwriter or underwriters.

Ownership of beneficial interests in a Global Note and the transfers of ownership will be evidenced only through records maintained by the Depository (with respect to participants), by the participants (with respect to indirect participants and certain beneficial owners) and by the indirect participants (with respect to all other beneficial owners). The laws of some states require that certain purchasers of securities take physical delivery in a definitive form of securities they purchase. These laws may limit your ability to transfer beneficial interests in a Global Note.

So long as a nominee of the Depository is the registered owner of a Global Note, such nominee for all purposes will be considered the sole owner or holder of such debt securities under the indentures. Except as provided below, you will not be entitled to have debt securities registered in your name, will not receive or be entitled to receive physical delivery of debt securities in definitive form, and will not be considered the owner or holder thereof under the indentures.

Each person owning a beneficial interest in a Global Note must rely on the procedures of the Depository and, if that person is not a participant, on the procedures of the participant through which that person owns its interest, to exercise any rights of a holder under the indentures. We understand that under existing industry practices, if we request any action of holders or if an owner of a beneficial interest in any Global Note desires to give or take any action which a holder is entitled to give or take under the indentures, the Depository would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through these participants to give or take that action or would otherwise act upon the instructions of beneficial owners owning through them.

Redemption notices shall be sent to the Depository. If less than all of the debt securities within an issue are being redeemed, the Depository's practice is to determine by lot the amount of the interest of each participant in such issue to be redeemed.

We will make payment of principal of, and interest on, debt securities represented by a Global Note to the Depository or its nominee, as the case may be, as the registered owner and holder of the Global Note representing those debt securities. The Depository has advised us that upon receipt of any payment of principal of, or interest on, a Global Note, the Depository will immediately credit accounts of participants with payments in amounts proportionate to their respective beneficial interests in the principal amount of that Global Note, as shown in the records of the Depository. Standing instructions and customary practices will govern payments by participants to owners of beneficial interests in a Global Note held through those participants, as is now the case with securities

Table of Contents

held for the accounts of customers in bearer form or registered in street name. Those payments will be the sole responsibility of those participants, subject to any statutory or regulatory requirements that may be in effect from time to time.

Neither we, the Trustee nor any of our respective agents will be responsible for any aspect of the records of the Depository, any nominee or any participant relating to, or payments made on account of, beneficial interests in a Global Note or for maintaining, supervising or reviewing any of the records of the Depository, any nominee or any participant relating to those beneficial interests.

As described above, we will issue debt securities in definitive form in exchange for a Global Note only in the following situations:

if the Depository is at any time unwilling or unable to continue as depository, defaults in the performance of its duties as depository, ceases to be a clearing agency registered under the Exchange Act, and, in each case, a successor depository is not appointed by us within 90 days after notice thereof, or

if, subject to the rules of the Depository, we choose to issue definitive debt securities.

In either instance, an owner of a beneficial interest in a Global Note will be entitled to have debt securities equal in principal amount to such beneficial interest registered in its name and will be entitled to physical delivery of debt securities in definitive form. Debt securities in definitive form will be issued in initial denominations of \$2,000 and integral multiples of \$1,000 thereafter and will be issued in registered form only, without coupons. We will maintain one or more offices or agencies where debt securities may be presented for payment and may be transferred or exchanged. You will not be charged a fee for any transfer or exchange of such debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

Subordination

Any subordinated debt securities issued under the subordinated note indenture will be subordinate and junior in right of payment to all Senior Debt (as defined below) of Lear whether existing at the date of the subordinated note indenture or subsequently incurred. Upon any payment or distribution of assets of Lear to creditors upon any:

liquidation;

dissolution;

winding-up;

receivership;

reorganization;

assignment for the benefit of creditors;

marshaling of assets; or

bankruptcy, insolvency or similar proceedings of Lear,

the holders of Senior Debt will first be entitled to receive payment in full of the principal of and premium, if any, and interest on such Senior Debt before the holders of the subordinated debt securities will be entitled to receive or retain any payment with respect of the principal of and any premium or interest on the subordinated debt securities.

Upon the acceleration of the maturity of any subordinated debt securities, the holders of all Senior Debt outstanding at the time of such acceleration will first be entitled to receive payment in full of all amounts due

Table of Contents

thereon, including any amounts due upon acceleration, before the holders of subordinated debt securities will be entitled to receive or retain any payment in respect of the principal (including redemption payments), or premium, if any, or interest on the subordinated debt securities.

No payments on account of principal (including redemption payments), or premium, if any, or interest, in respect of the subordinated debt securities may be made if:

there has occurred and is continuing a default in any payment with respect to Senior Debt; or

there has occurred and is continuing a default with respect to any Senior Debt resulting in the acceleration of the maturity thereof.

Debt means, with respect to any person:

all indebtedness of such person for borrowed money;

all obligations of such person evidenced by bonds, debentures, notes or other similar instruments, including obligations incurred in connection with the acquisition of property, assets or businesses;

all obligations of such person with respect to letters of credit, bankers' acceptances or similar facilities issued for the account of such person;

all obligations of such person to pay the deferred purchase price of property or services, but excluding accounts payable or any other indebtedness or monetary obligations to trade creditors arising in the ordinary course of business in connection with the acquisition of goods or services;

all capital lease obligations of such person;

all Debt of others secured by a lien on any asset by such person;

all Debt and dividends of others guaranteed by such person to the extent such Debt and dividends are guaranteed by such person; and

all obligations for claims in respect of derivative products.

Title

We, the Trustees and any agent of us or a Trustee may treat the person in whose name a debt security is registered on the applicable record date as the owner of the debt security for all purposes, whether or not it is overdue.

Governing Law

New York law governs the indentures and the debt securities.

Regarding the Trustee

We and our affiliates maintain various commercial and investment banking relationships with U.S. Bank National Associations and its affiliates in their ordinary course of business. An affiliate of U.S. Bank National Association is a lender under our revolving credit facility.

Table of Contents

If an event of default occurs under the indentures and is continuing, the Trustee will be required to use the degree of care and skill of a prudent person in the conduct of that person's own affairs. The Trustee will become obligated to exercise any of its powers under the indentures at the request of any of the holders of any debt securities issued under the indentures only after those holders have offered the Trustee indemnity reasonably satisfactory to it.

If the Trustee becomes one of our creditors, its rights to obtain payment of claims in specified circumstances, or to realize for its own account on certain property received in respect of any such claim as security or otherwise will be limited under the terms of the indentures. The Trustee may engage in certain other transactions; however, if the Trustee acquires any conflicting interest (within the meaning specified under the Trust Indenture Act), it will be required to eliminate the conflict or resign.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities or shares of preferred stock or common stock.

The warrants will be issued under warrant agreements to be entered into between us and a bank or trust company, as warrant agent. The terms and conditions of the warrants will be described in the specific warrant agreement and the applicable prospectus supplement relating to such warrants. Each applicable prospectus supplement relating to such warrants may also describe material U.S. federal income tax considerations applicable to the purchase, holding and disposition of such warrants. A form of warrant agreement, including the form of certificate representing the warrants, which contain provisions to be included in the specific warrant agreements that will be entered into with respect to particular offerings of warrants, will be filed as an exhibit or incorporated by reference into the registration statement of which this prospectus forms a part. A holder or prospective purchaser of our warrants should refer to the provisions of the applicable warrant agreement (and prospectus supplement for more information.

DESCRIPTION OF SUBSCRIPTION RIGHTS

We may issue subscription rights to purchase debt securities, preferred stock, common stock or other securities. These subscription rights may be issued independently or together with any other security offered hereby and may or may not be transferable by the stockholder receiving the subscription rights in such offering. In connection with any offering of subscription rights, we may enter into a standby arrangement with one or more underwriters or other purchasers pursuant to which the underwriters or other purchasers may be required to purchase any securities remaining unsubscribed after such offering.

The applicable prospectus supplement will describe the specific terms of any offering of subscription rights for which this prospectus is being delivered. Each applicable prospectus supplement may also describe material U.S. federal income tax considerations applicable to the purchase, holding and disposition of such subscription rights. A holder or prospective holder of subscription rights should refer to the applicable prospectus supplement for more specific information.

purchase contract and either (x) senior debt securities, senior subordinated debt securities, subordinated debt securities or junior subordinated debt securities, or (y) debt obligations of third parties, including U.S. Treasury securities, in each case, securing the holder's obligations to purchase our common stock under the stock purchase contracts. The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase contracts or vice versa, and such payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations thereunder in a specified manner and in certain circumstances we may deliver newly issued prepaid stock purchase contracts, or prepaid securities, upon release to a holder of any collateral securing such holder's obligations under the original stock purchase contract. The applicable prospectus supplement will describe the terms of any stock purchase contracts or stock purchase units and, if applicable, prepaid securities. Each applicable prospectus supplement may also describe material U.S. federal income tax considerations applicable to the purchase, holding and disposition of any stock purchase contracts or stock purchase units and, if applicable, prepaid securities.

PLAN OF DISTRIBUTION

We may sell common stock, preferred stock, debt securities, warrants, subscription rights, stock purchase contracts and/or stock purchase units in one or more of the following ways from time to time:

to or through underwriters or dealers;

by itself directly;

through agents;

through a combination of any of these methods of sale; or

through any other methods described in a prospectus supplement.

The prospectus supplements relating to an offering of securities will set forth the terms of such offering, including:

the name or names of any underwriters, dealers or agents;

the purchase price of the offered securities and the proceeds to us from the sale;

any underwriting discounts and commissions or agency fees and other items constituting underwriters' or agents' compensation; and

any initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which such offered securities may be listed.

Edgar Filing: LEAR CORP - Form S-3ASR

Any initial public offering prices, discounts or concessions allowed or reallocated or paid to dealers may be changed from time to time.

If underwriters are used in the sale, the underwriters will acquire the offered securities for their own account and may resell them from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The offered securities may be offered either to the public through underwriting syndicates represented by one or more managing underwriters or by one or more underwriters without a syndicate. Unless otherwise set forth in a prospectus supplement, the obligations of the underwriters to purchase any series of securities will be subject to certain conditions precedent and the underwriters will be obligated to purchase all of such series of securities if any are purchased.

In connection with underwritten offerings of the offered securities and in accordance with applicable law and industry practice, underwriters may over-allot or effect transactions that stabilize, maintain or otherwise affect the market price of the offered securities at levels above those that might otherwise prevail in the open

market, including by entering stabilizing bids, effecting syndicate covering transactions or imposing penalty bids, each of which is described below:

A stabilizing bid means the placing of any bid, or the effecting of any purchase, for the purpose of pegging, fixing or maintaining the price of a security.

A syndicate covering transaction means the placing of any bid on behalf of the underwriting syndicate or the effecting of any purchase to reduce a short position created in connection with the offering.

A penalty bid means an arrangement that permits the managing underwriter to reclaim a selling concession from a syndicate member in connection with the offering when offered securities originally sold by the syndicate member are purchased in syndicate covering transactions.

In compliance with the guidelines of the Financial Industry Regulatory Authority, or FINRA, the aggregate maximum discount, commission, agency fees, or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of any offering pursuant to this prospectus and any applicable prospectus supplement; however, we anticipate that the maximum commission or discount to be received in any particular offering of securities will be significantly less than this amount.

If 5% or more of the net proceeds of any offering of securities made under this prospectus will be received by FINRA members participating in the offering or affiliates or associated persons of such FINRA members, the offering will be conducted in accordance with FINRA Rule 5121.

These transactions may be effected on the New York Stock Exchange, in the over-the-counter market, or otherwise. Underwriters are not required to engage in any of these activities, or to continue such activities if commenced.

If a dealer is used in the sale, we will sell such offered securities to the dealer, as principal. The dealer may then resell the offered securities to the public at varying prices to be determined by that dealer at the time for resale. The names of the dealers and the terms of the transaction will be set forth in the prospectus supplement relating to that transaction.

Offered securities may be sold directly by us to one or more institutional purchasers, or through agents designated by us from time to time, at a fixed price or prices, which may be changed, or at varying prices determined at the time of sale. Any agent involved in the offer or sale of the offered securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth in the prospectus supplement relating to that offering, unless otherwise indicated in such prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

Underwriters, dealers and agents may be entitled under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that the underwriters, dealers or agents may be required to make in respect thereof. Underwriters, dealers and agents may be customers of, engage in transactions with, or perform services for us and our affiliates in the ordinary course of business.

Edgar Filing: LEAR CORP - Form S-3ASR

Under the securities laws of some states, the securities offered by this prospectus may be sold in those states only through registered or licensed brokers or dealers.

Any person participating in the distribution of common stock registered under the registration statement that includes this prospectus will be subject to applicable provisions of the Exchange Act, and applicable SEC rules and regulations, including, among others, Regulation M, which may limit the timing of purchases and sales of any of our common stock by any such person. Furthermore, Regulation M may restrict the ability of any person engaged in the distribution of our common stock to engage in market-making activities with respect to our common stock. These restrictions may affect the marketability of our common stock and the ability of any person or entity to engage in market-making activities with respect to our common stock.

Table of Contents

Other than our common stock, which is listed on the New York Stock Exchange, each of the securities issued hereunder will be a new issue of securities, will have no prior trading market, and may or may not be listed on a national securities exchange. Any common stock sold pursuant to a prospectus supplement will be listed on the New York Stock Exchange, subject to official notice of issuance. Any underwriters to whom we sell securities for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. We cannot assure you that there will be a market for the offered securities.

VALIDITY OF THE SECURITIES

ITEM 15. *INDEMNIFICATION OF DIRECTORS AND OFFICERS*

Section 102 of the General Corporation Law of the State of Delaware (the "DGCL") allows a corporation to eliminate the personal liability of directors of a corporation to the corporation or its stockholders for monetary damages for a breach of fiduciary duty as a director, except where the director breached his duty of loyalty, failed to act in good faith, engaged in intentional misconduct or knowingly violated a law, authorized the payment of a dividend or approved a stock repurchase in violation of Delaware corporate law or obtained an improper personal benefit.

Our certificate of incorporation includes a provision that eliminates the personal liability of our directors to us and our stockholders for monetary damages for any breach of fiduciary duty as a director, except to the extent prohibited by the DGCL.

Section 145 of the DGCL provides that a corporation has the power to indemnify a director, officer, employee or agent of the corporation and certain other persons serving at the request of the corporation in related capacities against amounts paid and expenses incurred in connection with an action or proceeding to which he is or is threatened to be made a party by reason of such position, if such person shall have acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interests of the corporation, and, in any criminal proceeding, if such person had no reasonable cause to believe his conduct was unlawful; provided that, in the case of actions brought by or in the right of the corporation, no indemnification shall be made with respect to any matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the adjudicating court determines that such indemnification is proper under the circumstances.

Edgar Filing: LEAR CORP - Form S-3ASR

Our certificate of incorporation provides that we will indemnify any person who was, is or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by us or in our right), by reason of the fact that such person is, was or had agreed to become a director or officer of us or is or was serving or had agreed to serve at our request as a director, officer, partner, employee or trustee of, or in another similar capacity with, another corporation, partnership, joint venture, trust or other enterprise, including any employee benefit plan, or by reason of any action alleged to have been taken or omitted in such capacity, against all expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by or on

behalf of such person in connection therewith, provided that such person acted in good faith and in a manner which he or she reasonably believed to be in, or not opposed to, our best interests, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Our certificate of incorporation also provides that we will indemnify any person who was or is made or is threatened to be made a party to any threatened, pending or completed action or suit by us or in our right, by reason of the fact that such person is, was or had agreed to become a director or officer of us or is or was serving or had agreed to serve at our request as a director, officer, partner, employee or trustee of, or in another similar capacity with, another corporation, partnership, joint venture, trust or other enterprise, including any employee benefit plan, or by reason of any action alleged to have been taken or omitted in such capacity, against all expenses (including attorneys' fees) and, to the extent permitted by law, amounts paid in settlement actually and reasonably incurred by or on behalf of such person in connection therewith, provided that such person acted in good faith and in a manner which he or she reasonably believed to be in, or not opposed to, our best interests, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person has been adjudged to be liable to us, unless, and only to the extent, that the Court of Chancery of Delaware determines upon application that, despite the adjudication of such liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses (including attorneys' fees) the Court of Chancery of Delaware deems proper.

Our certificate of incorporation also provides that we shall pay the expenses incurred by a director or officer in defending any such proceeding in advance of its final disposition, subject to such person providing us with certain undertakings.

The indemnification provisions contained in our certificate of incorporation are not exclusive of any other rights to which a person may be entitled by law, agreement, vote of stockholders or disinterested directors or otherwise.

We maintain directors and officers liability insurance providing coverage to our directors and officers, as authorized by our certificate of incorporation.

ITEM 17. UNDERTAKINGS

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered if the total dollar value of securities offered would not exceed that which was registered and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Table of Contents

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the SEC by the Registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

Edgar Filing: LEAR CORP - Form S-3ASR

- (b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the Registration Statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
