Dear Fellow Stockholders,

You are cordially invited to attend our 2019 Annual Meeting of Stockholders (which we refer to as the Annual Meeting in the Proxy Statement), which will be held on Wednesday, June 19, 2019 at 10:00 a.m. Pacific Time, at our corporate headquarters located at 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052. In the following pages, you will find the Notice of Annual Meeting and Proxy Statement describing the business to be conducted at the Annual Meeting.

2018 was my first full year as CEO of Spectrum Pharmaceuticals and I am proud to report it was a year of tremendous progress. The advances in our two late-stage pipeline assets, poziotinib and ROLONTIS® (eflapegrastim), are the most significant developments of 2018. These two assets are the cornerstones of Spectrum's strategy and have the potential to positively transform our Company in the near future.

By the end of 2018, we fully enrolled the first cohort of patients in the poziotinib pivotal ZENITH20 clinical trial. Earlier, data from the Phase 2 MD Anderson investigator-initiated study demonstrated that poziotinib provided impressive anti-tumor activity in non-small cell lung cancer patients with exon 20 mutations in both EGFR and HER2.

We are making specific and measurable progress having streamlined the Company and sharpened our focus on novel therapies in areas of unmet needs that we believe will drive stockholder value. We added an accomplished Chief Medical Officer and new Board members to strengthen our management team and allow for new perspectives. Our current pipeline products have the potential to meaningfully grow Spectrum while also helping thousands of people battling cancer. We will continue to pursue new drug assets. Management is committed to operate with the highest integrity and ensure our employees are dedicated to fulfilling our mission.

At the Annual Meeting, we are asking you to elect our nominees for the Board of Directors for the coming year and vote on the other matters described in the accompanying notice. We believe that each director nominee brings their own unique background and range of expertise, knowledge, and experience that provide our Board of Directors with an appropriate and diverse mix of qualifications, skills, and attributes necessary for our Board of Directors to fulfill its fiduciary responsibility to all of our stakeholders.

Whether or not you plan to attend the Annual Meeting in person, we encourage you to access the proxy materials online and cast your vote using the instructions provided so that your shares are represented at the Annual Meeting.

We thank you for your ongoing support of Spectrum Pharmaceuticals.

Warm Regards,

JOSEPH W. TURGEON

PROXY STATEMENT

The enclosed Proxy Statement is solicited on behalf of the Board of Directors (the Board) of Spectrum Pharmaceuticals, Inc. (Spectrum, the Company, we, us, or our), for use at the 2019 Annual Meeting of Stockholders to be held on June 19, 2019 at 10:00 a.m. Pacific Time (the Annual Meeting), or at any postponements or adjournments thereof. The Annual Meeting is being held for the purposes described in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders.

QUESTIONS AND ANSWERS ABOUT THE

ANNUAL MEETING AND VOTING

*The following questions and answers are intended to briefly address potential questions that our stockholders may have regarding this Proxy Statement and the Annual Meeting. They are also intended to provide our stockholders with certain information that is required to be provided under the rules and regulations of the Securities and Exchange Commission (the SEC). These questions and answers may not address all of the questions that are important to you as a stockholder. If you have additional questions about the Proxy Statement or the Annual Meeting, please see **Whom should I contact with other questions?** below.*

1. What is the purpose of the Annual Meeting?

At the Annual Meeting, our stockholders will be asked to consider and vote upon the matters described in this Proxy Statement and in the accompanying Notice of Annual Meeting, and any other matters that properly come before the Annual Meeting.

2. When and where will the Annual Meeting be held?

You are invited to attend the Annual Meeting on Wednesday, June 19, 2019 at 10:00 a.m. Pacific Time at our corporate headquarters located at 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052.

3. Why am I receiving these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of proxies to be voted at the Annual Meeting, and at any adjournment or postponement thereof. This Proxy Statement contains important information

for you to consider when deciding how to vote on the matters brought before the Annual Meeting. You are invited to attend the Annual Meeting in person to vote on the proposals described in this Proxy Statement. However, you do not

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

attend the Annual Meeting to vote your shares. Instead, you may vote your shares using one of the other voting methods described in this Proxy Statement. Whether or not you expect to attend

the Annual Meeting, please vote your shares as soon as possible in order to ensure your representation at the Annual Meeting and to minimize our proxy solicitation costs.

4. Why did I receive a notice in the mail regarding the Internet availability of proxy materials?

Instead of mailing printed copies to each of our stockholders, we have elected to provide access to our proxy materials over the Internet under the SEC's notice and access rules. These rules allow us to make our stockholders aware of the Annual Meeting and the availability of our proxy materials by sending a Notice of Internet Availability of Proxy Materials (a Notice), which provides instructions for how to access the full set of proxy materials through the Internet or make a request to have printed proxy materials

delivered by mail. Accordingly, on or about April 30, 2019, we will mail a Notice to each of our stockholders who held shares as of April 22, 2019, which is the Record Date for the Annual Meeting. The Notice contains instructions on how to access our proxy materials, including our Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 (the Annual Report). The Notice also provides instructions on how to vote your shares.

5. What is the purpose of complying with the SEC's notice and access rules?

We believe compliance with the SEC's notice and access rules will allow us to provide our stockholders with the materials they need to make informed decisions about the matters to be voted upon at the Annual Meeting, while lowering the costs of printing and delivering those materials and reducing the environmental impact

of our Annual Meeting. However, if you would prefer to receive printed proxy materials, please follow the instructions included in the Notice. If you have previously elected to receive our proxy materials electronically, you will continue to receive these materials via e-mail unless you elect otherwise.

6. What am I being asked to vote upon at the Annual Meeting?

At the Annual Meeting, you will be asked to:

- (1) Elect the seven director nominees named in this Proxy Statement to serve until the Annual Meeting to be held in 2020, or until their successors are duly elected and qualified;
- (2) Approve, on a non-binding advisory basis, the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis section of this Proxy Statement;

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card, who are persons designated by the Board and are members of our management team, will vote in accordance with the recommendations of the Board. Management does not know of any matters which will be

brought before the Annual Meeting other than those specifically set forth in this Proxy Statement. However, if any other business properly comes before the Annual Meeting, the proxy holders or their substitutes will vote as recommended by our Board or, if no recommendation is given, in their own discretion.

9. Who can vote at the Annual Meeting?

If you were a holder of our common stock as a stockholder of record, or if you are the beneficial owner of our common stock held in street name, as of the close of business on the Record Date, you may vote your shares at the Annual Meeting, and at any postponements or adjournments of the Annual Meeting. As of the Record Date, there were 111,951,027 shares of our common stock outstanding. Each stockholder has one vote for

each share of common stock held as of the Record Date. A list of our stockholders will be available for examination by any stockholder at the Annual Meeting and at our corporate headquarters, located at 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052, for a period of ten days prior to the Annual Meeting.

10. What does it mean to be a stockholder of record ?

If, on the Record Date, your shares were registered directly in your name with our transfer agent, Computershare, then you are a stockholder of record. As a stockholder of record, you may vote in person at the Annual

Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote your shares using one of the voting methods described in this Proxy Statement and the Notice.

11. What does it mean to be a beneficial owner of shares held in street name ?

If, on the Record Date, your shares were held in an account at a broker, bank, or other financial institution (we refer to each of those organizations collectively as a broker), then you are the beneficial owner of shares held in street name and these proxy materials are being made available to you by that broker. The broker holding your account is considered the stockholder of record for purposes of voting at the Annual Meeting. You have the right to direct your broker on how to vote the shares in your account. As a beneficial owner, you are also invited to attend the Annual Meeting, but since you are not a stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid legal proxy from

your broker, which is a written document that will give you the legal right to vote the shares at the Annual Meeting. You must also satisfy the Annual Meeting admission criteria set out below.

Under the rules that govern brokers, your broker is not permitted to vote on your behalf on any matter to be considered at the Annual Meeting (other than the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2019) unless you provide specific instructions to the broker as to how to vote. As a result, we encourage you to communicate your voting decisions to your broker before the date of the Annual Meeting to ensure that your vote will be counted.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

12. How many shares must be present or represented to conduct business at the Annual Meeting?

The presence at the Annual Meeting of the holders of a majority of the outstanding shares of common stock, as of the Record Date, in person or by proxy and entitled to vote, will constitute a quorum, permitting us to conduct our business at the Annual Meeting. Abstentions and broker non-votes will each be counted as present at the Annual Meeting for purposes of determining the existence of a quorum at the Annual Meeting. Broker non-votes will result for shares that are not voted by the broker who is the record holder

of the shares because the broker is not instructed to vote on such matter by the beneficial owner of the shares and the broker does not have discretionary authority to vote on such matter. For further discussion on broker non-votes, please refer to **What are the voting requirements to approve the proposals?** below. If a quorum is not present, the Annual Meeting will be adjourned until a quorum is obtained.

13. How can I vote my shares of Spectrum stock?

Stockholders of record can vote by proxy or by attending the Annual Meeting and voting in person. The persons named as proxies on the proxy card were designated by the Board and are members of our management. If you vote by proxy, you can vote over the Internet, by telephone, or by mail as described below. If you are the beneficial owner of shares, please refer to the information forwarded by your broker to see which voting options are available to you and to see what steps you must follow if you choose to attend the Annual Meeting to vote your shares.

® **Vote by Internet:** You can vote by proxy over the Internet by following the instructions provided in the Notice or the voting instruction card provided to you by your broker, if applicable. Internet voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 18, 2019. Our Internet voting procedures are designed to authenticate stockholders by using individual control numbers, which are located on the Notice.

® **Vote by Telephone:** If you requested to receive printed proxy materials, you can vote by telephone pursuant to the instructions provided on the proxy card or by following the voting instruction card provided to you by your broker, if applicable. Telephone voting is available 24 hours a day and will be accessible until 11:59 p.m. Eastern Time on June 18, 2019.

- ④ **Vote by Mail:** If you requested to receive printed proxy materials, you can vote by mail pursuant to the instructions provided on the proxy card or by following the voting instruction card provided to you by your broker, if applicable. In order to be effective, completed proxy cards must be received by 11:59 p.m. Eastern Time on June 18, 2019. If you choose to vote by mail, simply mark your proxy card, date and sign it, and return it in the postage-prepaid envelope. If you do not have the postage-prepaid envelope, please mail your completed proxy card to the following address: Spectrum Pharmaceuticals, Inc., Proxy Services, c/o Computershare Investor Services, Post Office Box 505008, Louisville, KY 40233-9814.

- ④ **Vote in Person at the Annual Meeting:** If you satisfy the admission requirements to the Annual Meeting, as described in this Proxy Statement, you may vote your shares in person at the Annual Meeting. Even if you plan to attend the Annual Meeting, we

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

encourage you to vote in advance by Internet, telephone or mail so that your vote will be counted in the event you later decide not to attend the Annual Meeting. The method you use to vote will not limit your right to vote at the Annual Meeting if you decide to attend in person. If you are the beneficial owner of your shares, you must obtain a legal proxy, executed in your favor by your broker, to be able to vote at the Annual Meeting. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board.

YOUR VOTE IS VERY IMPORTANT. We encourage you to submit your proxy even if you plan to attend the Annual Meeting. If you properly give your proxy and submit it to us in time to vote, the individuals named as your proxy holders will vote your shares as you have directed. Whether or not you plan to attend the Annual Meeting, and regardless of the number of shares of our stock that you own, it is important that your shares be represented at the Annual Meeting.

14. How may I attend the Annual Meeting?

You are entitled to attend the Annual Meeting only if you were a stockholder of record as of the Record Date, or if you are a beneficial owner who holds a valid legal proxy, executed in your favor by your broker, for the Annual Meeting. Registration will begin at 9:00 a.m. Pacific Time on the date of the Annual Meeting and seating will begin immediately after. Since seating is limited, admission to the Annual Meeting will be on a first-come, first-served basis. If you attend, please note that you should be prepared to present government-issued photo identification for admittance, such as a passport or driver's license. If you are the beneficial owner of your

shares, you will also need proof of ownership as of the Record Date, such as your most recent account statement prior to the Record Date, a copy of the voting instruction card provided by your broker, or similar evidence of ownership. If you do not have proof of ownership of our stock and a valid picture identification, you may be denied admission to the Annual Meeting. Please note that for security reasons, you and your bags may be subject to search prior to your admittance to the Annual Meeting. If you do not comply with each of the foregoing requirements, you may not be admitted to the Annual Meeting.

15. Can I change my vote after I have submitted my vote?

Yes. You may change your vote at any time before your proxy is voted at the Annual Meeting. If you are a stockholder of record, you may change your vote by (i) providing written notice of revocation to our Secretary at our corporate headquarters located at 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052, (ii) by executing a subsequent proxy using any of the voting methods discussed above, or (iii) by attending the Annual Meeting and voting in

person. However, simply attending the Annual Meeting will not, by itself, revoke your proxy. If you are a beneficial owner of shares and have previously instructed your broker to vote your shares, you must follow directions received from your broker to change those instructions. Subject to any such revocation, all shares represented by properly executed proxies will be voted in accordance with the specifications therein.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

16. What are the voting requirements to approve the proposals?

Assuming that a quorum is present at the Annual Meeting, the voting requirements to approve each of the proposals to be voted upon at the Annual Meeting are as follows:

- Ⓡ **Election of Directors (Proposal 1)** Directors will be elected by the affirmative vote of the majority of votes cast with respect to each director's election at the Annual Meeting, in person or by proxy. This means that only the director nominees that receive more FOR votes than AGAINST votes will be elected. If a nominee who currently serves as one of our directors is not re-elected at the Annual Meeting, under current Delaware law, such director would continue to serve on the Board as a holdover director. The Board has adopted a formal policy under which each of our directors is expected to submit an advance, contingent, irrevocable resignation that the Board may accept if our stockholders do not re-elect such director. In that situation, our Nominating and Corporate Governance Committee would submit promptly a recommendation to the Board as to whether or not to accept the resignation. A properly executed proxy marked ABSTAIN with respect to the election of one or more directors will not be voted with respect to the director or directors indicated and, as such, will not have an effect in determining the election results. Similarly, abstentions will have no effect on the outcome of this Proposal. The election of directors is a non-discretionary matter under applicable stock exchange rules, meaning that if you are the beneficial owner of your shares and do not instruct your broker how to vote with respect to the election of directors, your broker is not permitted to vote on this Proposal and your votes will be counted as broker non-votes. Broker non-votes will have no effect in determining which directors are elected at the Annual Meeting.
- Ⓡ **Advisory Vote on the Compensation of Our Named Executive Officers (Proposal 2)** Approval of the non-binding advisory resolution regarding the compensation of our named executive officers, as disclosed in the Compensation Discussion and Analysis section of this Proxy Statement, will require the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter. Abstentions will be counted toward the tabulation of votes present or represented on this Proposal and will have the same effect as votes against this Proposal. The advisory vote on compensation is a non-discretionary matter under applicable stock exchange rules, meaning that if you are the beneficial owner of your shares and do not instruct your broker how to vote with respect to the advisory vote on compensation, your broker is not permitted to vote on this Proposal and your votes will be counted as broker non-votes. Broker non-votes will have no effect on the outcome of the Proposal.
- Ⓡ **Ratification of Selection of Independent Registered Public Accounting Firm (Proposal 3)** Ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019 will require the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the matter. Abstentions will be counted

toward the tabulation of votes present or represented on this Proposal and will have the same effect as votes against this Proposal. The ratification of Deloitte & Touche LLP is a discretionary matter under applicable stock exchange rules, meaning that if you are the beneficial owner of your shares and do not instruct your broker how to vote with respect to the ratification of Deloitte & Touche LLP, your broker may use

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

its discretion to vote your uninstructed shares on this Proposal. A failure by your broker to vote your uninstructed shares on this

Proposal will result in an abstention, which will have the same effect as a vote against this Proposal.

17. Could other matters be decided at the Annual Meeting?

As of the date this Proxy Statement was made available to stockholders, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. However, if any other matters are presented for consideration at the Annual Meeting including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or

place in order to solicit additional proxies in favor of one or more of the Proposals, the persons named as proxy holders and acting thereunder will have discretion to vote on these matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote.

18. Who is paying for the cost of this proxy solicitation?

The proxies being solicited hereby are being solicited by us, and the cost of soliciting proxies in the enclosed form will be borne by us. We have also retained Georgeson LLC, to aid in the solicitation. For these services, we will pay Georgeson LLC a fee of approximately \$25,000 and reimburse it for certain out-of-pocket disbursements and expenses. Our officers and

other employees may, without compensation other than their regular compensation, solicit proxies by further mailings, personal conversations, telephone, facsimile or other electronic means. We will, upon request, reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to the beneficial owners of stock.

19. What is the deadline to submit stockholder proposals for our 2020 Annual Meeting of Stockholders?

Under Rule 14a-8 of the Securities Exchange Act of 1934 (the Exchange Act), any stockholder desiring to include a proposal in our Proxy Statement with respect to our 2020 Annual Meeting of Stockholders should arrange for such proposal to be delivered to us at our corporate headquarters no later than January 1, 2020, in order to be considered for inclusion in our proxy statement relating to such annual meeting. Matters pertaining to such proposals, and the eligibility of persons entitled to have such proposals included, are regulated by the Exchange Act and the rules of the SEC.

In addition, pursuant to our bylaws, any stockholder desiring to submit a proposal for

action or nominate one or more persons for election as directors at our 2020 Annual Meeting of Stockholders pursuant to the advance notice provisions of our bylaws must submit a notice of the proposal or nomination to us between February 20, 2020 and March 21, 2020, or else it will be considered untimely and ineligible to be properly brought before the Annual Meeting. In each case, the notice of the proposal or nomination must include certain information specified in our bylaws, including information concerning the nominee or proposal, as the case may be, and information about the stockholder's ownership of and agreements relating to our capital stock. However, if our 2020 Annual Meeting of Stockholders is not held between

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

May 20, 2020 and August 28, 2020, under our bylaws, this notice must be provided not earlier than the 120th day prior to the 2020 Annual Meeting of Stockholders and not later than the close of business on the later of (a) the 90th day prior to the 2020 Annual Meeting of Stockholders or (b) the 10th day following the date on which notice of the date of the 2020 Annual Meeting of Stockholders is first mailed to stockholders or otherwise publicly disclosed, whichever first occurs.

Further, in March 2018, we amended our bylaws to permit a holder (or a group of no more than 20 holders) of at least 3% of our outstanding common stock continuously for at least three years to nominate and include in our proxy materials director nominees not to exceed 20% of the total number of directors to be elected at an annual meeting, or if such amount is not a whole number, the closest whole number below 20%, but not less than two, provided that the nominating holder(s) and the nominee(s) satisfy the requirements set forth in our bylaws, including providing us with advance notice of the nomination. Any stockholder seeking to nominate

one or more persons for election as directors at our 2020 Annual Meeting of Stockholders pursuant to the proxy access provisions of our bylaws must submit a notice of the nomination to us no earlier than 150 days and no later than 120 days before the anniversary of the date that we filed our proxy statement for the Annual Meeting; provided, however, that if the date of the 2020 Annual Meeting of Stockholders is called for more than 30 days earlier or later than the anniversary date of the Annual Meeting, then not later than the close of business on the earlier of (i) the 10th day after public announcement of the meeting date, or (ii) the 60th day prior to the date we file our proxy statement in connection with the 2020 Annual Meeting of Stockholders. For our 2020 Annual Meeting of Stockholders, any such notice must be received by us at our principal executive offices not later than January 1, 2020 to be considered timely for purposes of the 2020 Annual Meeting of Stockholders.

All such notices should be directed to our Secretary at our corporate headquarters located at Spectrum Pharmaceuticals, Inc., 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052.

20. I share an address with another stockholder, and we received only one copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

The SEC rules permit brokers to participate in a practice known as householding, which means that only one copy of the Notice and, if applicable, this Proxy Statement and the Annual Report, will be sent to multiple stockholders who share the same address unless we have received contrary instructions from one or more of the stockholders. Householding is designed to reduce printing and postage costs, and results in cost savings for us. Stockholders who participate in householding will continue to be able to access and receive separate proxy cards. If you receive a householding mailing this year and would like to have additional copies of our Notice and, if applicable, this Proxy Statement and/or the Annual Report mailed to you, or if you would like

to opt out of this practice for future mailings, please contact your broker or submit your request to our Secretary, c/o Spectrum Pharmaceuticals, Inc., 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052 or contact us by telephone at (702) 835-6300. Upon receipt of any such request, we agree to promptly deliver a copy of the Notice and, if applicable, this Proxy Statement and/or the Annual Report to you. In addition, if you are currently a stockholder sharing an address with another stockholder and wish to receive only one copy of future proxy materials for your household, please contact us using the contact information set forth above. PROPOSAL 1 ELECTION OF DIRECTORS

Our Board currently consists of nine annually-elected directors. Acting upon the recommendation of our Nominating and Corporate Governance Committee, the Board passed a resolution reducing the authorized number of directors from nine to seven. This resolution will take effect upon the certification of the election to be held at the Annual Meeting. Also acting upon the recommendation of our Nominating and Corporate Governance Committee, the Board nominated William L. Ashton, Raymond W. Cohen, Elizabeth A. Czerepak, Joseph W. Turgeon, Jeffrey L. Vacirca, Dolatrai M. Vyas and Bernice R. Welles for election to our Board at the Annual Meeting.

Each director will be elected to serve a one-year term expiring at the Annual Meeting of Stockholders to be held in 2020 when his or her successor has been duly elected and qualified, or until his or her earlier death, resignation or removal.

Each of the nominees has consented to serve if elected. If any of them becomes unavailable to serve as a director, our Board may designate a substitute nominee. In that case, the proxy holders will vote for the substitute nominee designated by the Board. Our Board has no reason to believe that any of the nominees will be unable to serve. There are no agreements or understandings pursuant to which any of the directors was selected to serve as a director. There are no family relationships between any director or director nominee and any other director or director nominee or any executive officer. There are no legal proceedings related to any of the directors or director nominees which must be disclosed pursuant to Item 401(f) of Regulation S-K.

Required Vote of Stockholders

The affirmative vote of a majority of the votes cast with respect to each director's election at the Annual Meeting is required for the election of each director. This means that only the director nominees that receive more **FOR** votes than **AGAINST** votes will be elected. If a nominee who currently serves as one of our directors is not re-elected at the Annual Meeting, under current Delaware law, such director would continue to serve on the Board as a holdover director. The Board has adopted a formal policy under which each of our directors is expected to submit an advance, contingent, irrevocable resignation that the Board may accept if our stockholders do not re-elect such director. In that situation, our Nominating and Corporate Governance Committee would submit promptly a recommendation to the Board as to whether or not to accept the resignation. A properly executed proxy marked **ABSTAIN** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated and, as such, will not have an effect in determining the election results. Abstentions and broker non-votes will have no effect in determining which directors are elected at the Annual Meeting.

Proxies received in response to this solicitation will be voted **FOR** the election of Drs. Vacirca, Vyas and Welles, Messrs. Ashton, Cohen, Turgeon and Ms. Czerepak to our Board unless otherwise specified in the proxy.

PROPOSAL 2 ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Board is committed to excellence in governance and recognizes the interest our stockholders have in our executive compensation program. Our stockholders are being asked to support, on an advisory basis, the compensation of our named executive officers for the fiscal year ended December 31, 2018, as reported in the Compensation Discussion and Analysis section of this Proxy Statement.

Our relationship with our stockholders is an important part of our Company's success and we continue to actively engage with our stockholders. During 2018, our management team, led by the Independent Chairman of the Compensation Committee along with our Chief Financial Officer, reached out to discuss a wide variety of issues with investors representing an aggregate of at least 65% of our outstanding shares. We believe that our approach to engaging openly with our investors on topics such as financial performance, corporate governance, executive compensation, and leadership structure drives increased corporate accountability, improves decision making, and enhances our corporate governance practices and disclosures each year. In addition to our year-round engagement process, our Investor Relations group extensively engages throughout the year with our stockholders, frequently along with our President and Chief Executive Officer and our Chief Financial Officer.

Through our ongoing stockholder engagement, we receive consistent feedback that our investors favor incentive compensation arrangements tied to specific performance measures that both drive the business forward and are aligned with the short-term and long-term interests of our stockholders. In 2018, we engaged two independent executive compensation firms, Radford and Equilar, to review current compensation practices and make updated recommendations to the Compensation Committee and the full Board. In response to stockholder feedback, and in consultation with our independent compensation consultants, beginning with fiscal year 2017, our Compensation Committee and Board charted a course to transform our executive pay program to include significant performance attributes.

Stockholders are urged to read the Compensation Discussion and Analysis portion of this Proxy Statement, which discusses in detail our fiscal year 2018 compensation program and moreover, decisions made by our Compensation Committee with respect to recent updates to compensation composition of our named executive officers.

Say-on-Pay Vote

In accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, this non-binding advisory stockholder vote gives you as a stockholder the opportunity to approve or not approve the compensation of the named executive officers that is disclosed in this Proxy Statement by voting for or against the following resolution (or by abstaining with respect to the resolution):

RESOLVED, that the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, and the related compensation tables and narrative discussion, is hereby APPROVED.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in

this Proxy Statement. Because your vote is advisory, it will not be binding on the Board, the Compensation Committee or us. However, the Board and the Compensation Committee, which is comprised entirely of independent directors, values the opinions of our stockholders and will, in their discretion, consider your vote when making future executive compensation decisions. The Board has adopted a policy of providing for annual advisory votes from our stockholders on executive compensation. Unless the Board modifies its determination on the frequency of future say-on-pay advisory votes, the next say-on-pay advisory vote will be held at the Company's 2020 Annual Meeting of Stockholders.

Required Vote of Stockholders

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this Proposal 2 is required for the approval thereof. Abstentions will have the same effect as votes **AGAINST** this Proposal. Broker non-votes will have no effect on the outcome of this Proposal.

Proxies received in response to this solicitation will be voted **FOR** the approval, on an advisory basis, of the compensation of our named executive officers as described in the Compensation Discussion and Analysis section of this Proxy Statement unless otherwise specified in the proxy.

Board Recommendation

OUR BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THE COMPENSATION DISCUSSION AND ANALYSIS SECTION OF THIS PROXY STATEMENT.

PROPOSAL 3 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board is responsible for the appointment, remuneration, retention and oversight of the work of our independent registered public accounting firm. The Audit Committee has selected Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019, and has further directed that management submit its selection of our independent registered public accounting firm for ratification by our stockholders at the Annual Meeting. Deloitte & Touche LLP served as our independent registered public accounting firm for the fiscal year ended December 31, 2018.

Although ratification by our stockholders is not a prerequisite to the Audit Committee's ability to make this selection of our independent registered public accounting firm, it believes that requesting stockholder ratification represents an important corporate governance practice. Accordingly, our stockholders are being asked to ratify, confirm and approve the selection of Deloitte & Touche LLP as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements and our internal control over financial reporting for the fiscal year ending December 31, 2019. If our stockholders do not ratify our selection of Deloitte & Touche LLP, this selection will be reconsidered by the Audit Committee; however, since this is a non-binding vote, the Audit Committee may still retain Deloitte & Touche LLP for these fiscal year 2019 services. Conversely, if our stockholders ratify the appointment of Deloitte & Touche LLP, the Audit Committee will continue to conduct an ongoing assessment of their scope of engagement, pricing and work quality, among other factors, and will retain the right to replace Deloitte & Touche LLP at any time.

There will be representatives from Deloitte & Touche LLP present at the Annual Meeting. They may provide a statement regarding their engagement with the Company, and will be available to answer appropriate questions from stockholders.

Required Vote of Stockholders

The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on this Proposal 3 is required for the approval thereof. Abstentions will have the same effect as votes **AGAINST** this Proposal.

Proxies received in response to this solicitation will be voted **FOR** the ratification of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019 unless otherwise specified in the proxy.

CORPORATE GOVERNANCE

Our Board of Directors

Our Board is committed to effective corporate governance principles and practices, and has adopted Corporate Governance Guidelines that provide a sound governance framework for our Board and our Company. These Guidelines address, among other matters, the overall role of our Board, director qualification standards, director retirement and resignation policies, director independence standards, and committee structure and objectives. Our Board reviews its Corporate Governance Guidelines annually as part of its self-evaluation process. A copy of the Corporate Governance Guidelines is posted on our website at www.sppirx.com/corporate-governance.html.

We have an Independent Chairman of the Board who is appointed annually by the independent members of the Board. The roles of Chairman and CEO have been separate since 2017, which we believe increases the Board's independence from management and thus leads to better monitoring and oversight. Our CEO has primary responsibility for the operational leadership and strategic direction of the Company. Our Independent Chairman leads our Board's independent oversight of management, ensures there is effective communication with our stockholders, and leads our Board's consideration of key governance matters. Our Board believes its leadership structure is appropriate because it effectively allocates authority, responsibility, and oversight between management and the independent members of our Board.

We have recently implemented certain changes that we believe further strengthen our governance and executive compensation practices in the interests of our stockholders.

In response to stockholder votes at our 2016 and 2017 Annual Meetings of Stockholders, on March 23, 2018, the Board unanimously approved the following measures:

1. Amended our bylaws to establish certain stockholder proxy access rights

Pursuant to which a holder (or a group of holders) who has held at least 3% of our outstanding common stock continuously for at least three years may nominate and include in our proxy materials director nominees not to exceed 20% of the total number of directors to be elected at an annual meeting (rounded to the nearest whole number below 20%, but not less than two), subject to certain notice and information requirements.

2. Amended our bylaws to implement a majority voting standard

Pursuant to which director nominees in uncontested elections will be elected by the affirmative vote of the majority of votes cast at an annual meeting of stockholders.

3. Rescinded our stockholder rights plan

In order to eliminate our existing poison pill, which was previously implemented through our stockholder rights plan, pursuant to which we issued a dividend of rights to purchase preferred stock to holders of our common stock.

Table of Contents

CORPORATE GOVERNANCE

We also maintain, among other measures, the following corporate governance practices to ensure the accountability of our Board:

- ® We hold annual elections of our Board.
- ® We maintain stock ownership requirements for our Chief Executive Officer and our non-employee directors.
- ® 6 of 7 members of our proposed Board are independent, including our Chairman.
- ® We hold an advisory vote of our stockholders to approve the compensation of our named executive officers annually.
- ® We evaluate the independence of our directors annually.
- ® Our governing documents do not include any supermajority voting provisions.
- ® We separated the roles of Chief Executive Officer and Chairman of the Board.
- ® Our directors hold regular executive sessions without management.
- ® Each of the members of our Audit Committee is designated as an audit committee financial expert .

Board Independence

In determining whether members of our Board are independent, the Board reviews a summary of our relationships with each director and other facts relevant to the analysis of whether the directors qualify as independent directors under the NASDAQ Listing Rules.

The Board has affirmatively determined that Drs. Vacirca, Vyas, Maida, Krassner, Lenaz and Welles, Messrs. Ashton, Gagnon and Cohen, and Ms. Czerepak, each of whom served as members of our Board during the fiscal year ended December 31, 2018, are independent directors pursuant to the NASDAQ Listing Rules. All members of the Audit, Compensation, and Nominating and Corporate Governance Committees are independent pursuant to the NASDAQ Listing Rules. In addition, the members of the Audit Committee are independent directors pursuant to the heightened independence criteria for members of Audit Committees set forth in SEC rules.

Comprehensive Annual Evaluation of Board Effectiveness

Each year, our Board conducts a comprehensive self-evaluation in order to assess its own effectiveness, reviews our governance practices, and identifies areas for enhancement. Our Board's annual self-evaluation also is a key

component of its director nomination process and succession planning.

The Nominating and Corporate Governance Committee (the Nominating Committee), in consultation with our Independent Chairman, reviews and determines the overall process, scope, and content of our Board's annual self-evaluation process. As provided in its charter, each of our Board's standing committees also conducts a separate self-evaluation process annually which is led by the committee chair. Our Board's and each committee's self-evaluation includes a review of the Corporate Governance Guidelines and its committee charter, respectively, to consider any proposed changes.

The Nominating Committee has continued to enhance the form and scope of the Board's self-evaluation process based on director feedback, best practices, experience, and regulatory expectations.

Table of Contents**CORPORATE GOVERNANCE**

The Nominating Committee reviews best practices annually relating to Board and committee self-evaluation processes and makes changes to the form and scope of its evaluation so that the process continues to provide the Board with an effective mechanism to evaluate the Board's performance and effectiveness and make changes the Board determines are necessary and appropriate.

Board Meeting Attendance

Our Board met 10 times and acted by unanimous written consent 7 times during 2018. We expect each director to attend each meeting of the Board and of the committees on which he or she serves. Our policy is that every director is expected to attend the annual meeting of our stockholders in-person. If a director is unable to attend a meeting, he or she must notify the Board and attempt to participate in the meeting by telephone, if possible. All directors have attended at least 75% of the meetings of the full Board and the meetings of committees on which he or she served in 2018. Our Board met in executive sessions without management 4 times during 2018. All Board members, with the exception of Drs. Lenaz and Shrotriya, attended the 2018 Annual Meeting of the Stockholders.

Committees of the Board

Our Board has three standing committees: Audit; Compensation; and Nominating and Corporate Governance. Each committee acts pursuant to a written charter. Copies of the Audit, Compensation, and Nominating and Corporate Governance Committee charters are posted on our website at <https://www.sppirx.com/corporate-governance.html>. The Board intends to reevaluate the composition of each of the committees at its meeting immediately following the Annual Meeting.

Committee membership. The Audit Committee held 6 meetings during 2018. Our Board determined that Drs. Maida and Krassner, and Mr. Cohen were audit committee financial experts within the meaning of SEC rules.

The principal responsibilities of the Audit Committee include but are not limited to:

Duly appointing and overseeing the quality and scope of work conducted by the independent registered public accounting firm;

Reviewing independence qualifications and quality-control procedures of the independent registered public accounting firm;

Overseeing and monitoring the Company's internal controls over financial reporting; and

Discussing with management and the independent registered public accounting firm, the quality of its quarterly and annual financial statements and related disclosures, prior to its filing with the SEC.

Compensation Committee.

At December 31, 2018, the Compensation Committee was comprised of Messrs. Cohen (Chair) and Ashton and Drs. Vyas and Welles. The Compensation Committee held 3 meetings during 2018 and acted by unanimous written consent 7 times during 2018. Our Board determined that each of the members was an independent director within the meaning of the NASDAQ Listing Rules.

For additional information about the role and responsibilities of the Compensation Committee, see the *Compensation Discussion and Analysis - Role of Compensation Committee in Determining Executive Compensation* section of this Proxy Statement.

Nominating and Corporate Governance Committee.

At December 31, 2018, the Nominating Committee was comprised of Drs. Krassner (Chair) and Maida, and Messrs. Ashton and Cohen. Our Board determined that each of the members was an independent director under the NASDAQ Listing Rules. The Nominating Committee's responsibilities include, but are not limited to: the identification and recommendation of nominees for election as directors by the stockholders; the identification and recommendation of candidates to fill any vacancies on our Board; and the recommendation of policies and standards of corporate governance. The Nominating Committee held 3 meetings during 2018 and acted by unanimous written consent 1 time during 2018.

The Nominating Committee considers a number of factors when reviewing potential nominees for the Board. The factors which are considered by the Nominating Committee include the following: (i) the candidate's ability and willingness to commit adequate time to Board and committee matters; (ii) the fit of the candidate's skills and

personality with those of other directors and potential directors in building and maintaining an effective and collegial Board; (iii) the candidate's personal and professional integrity, ethics and values; (iv) the candidate's experience as a corporate officer of a publicly-held company; (v) the candidate's experience in our industry and with corporate responsibility and sustainability; (vi) the candidate's experience as a Board member of another publicly-held company; (vii) whether the candidate would be independent under applicable standards; (viii) whether the candidate has practical and seasoned business judgment; and (ix) the candidate's academic

CORPORATE GOVERNANCE

qualifications and professional credentials in an area of our operations. The Nominating Committee has evaluated and recommended to the Board the nomination of each of the seven nominees named in this Proxy Statement for election to the Board.

For all directors, we require independence, integrity, personal and professional ethics and business judgment. Gender, race, and ethnic diversity also have been, and will continue to be, a priority for the Nominating Committee and our Board in its director nomination process. This is because the Nominating Committee and our Board believe that it is essential that the composition of our Board appropriately reflects the diversity of our Company's team members, its customers, and the communities they serve. The Nominating Committee recognizes the need for refreshment to bring new perspectives, keeping in mind our commitment to diversity, as well as the value of informed experience. This also best ensures the continuing success of our business through the exercise of sound judgment that diversity of experience and perspectives provides. If each director nominee is elected to the Board, after the 2019 Annual Meeting, over 50% of our Board will represent new directors being added in the past year. The remaining 50% of the Board will represent incumbent directors, who have served as directors of the Company for an average of 6 years. Together, the composition of the entire Board is designed to provide the Company with informed continuity of leadership.

In selecting and making recommendations to the Board for director nominees, the Nominating Committee may consider suggestions from many sources, including our stockholders. Any such director nominations, together with appropriate biographical information and qualifications, should be submitted by the stockholder(s) to the Chairman of the Nominating Committee of our Board of Directors, c/o Spectrum Pharmaceuticals, Inc., 11500 South Eastern Avenue, Suite 240, Henderson, Nevada 89052, following the procedures set forth in the Company's bylaws. Director nominees submitted by stockholders are subject to the same review process as director nominees submitted from other sources, such as other Board members or senior management. No director nominations by stockholders have been received as of the filing of this Proxy Statement.

In identifying, evaluating and selecting future potential director nominees for election at each annual meeting of stockholders and nominees for directors to be elected by the Board to fill vacancies and newly created directorships, the Nominating Committee engages in a selection process. In identifying potential nominees, the Nominating Committee will consider as potential director nominees candidates recommended by various sources, including any member of the Board, any of our stockholders or senior management. In appropriate circumstances, the Nominating Committee may also hire a search firm to help locate qualified candidates. This past year, the Company engaged a third-party search firm, Korn Ferry, to assist the Nominating Committee in identifying, evaluating and conducting due diligence on potential director nominees. Once potential nominees are identified, they are initially reviewed by the Chairman of the Nominating Committee, or in the Chairman's absence, any other member of the Nominating Committee delegated to initially review director candidates. The reviewing member of the Nominating Committee will make an initial determination in his or her own independent business judgment as to the qualifications and fit of such director candidates based on the criteria set forth above. If the reviewing member determines that it is appropriate to proceed, the Chief Executive Officer and at least one member of the Nominating Committee will interview the prospective director candidate(s). The full Nominating Committee may interview the candidates as well. The Nominating Committee will provide informal progress updates to the Board and will meet to consider and recommend final director candidates to the entire Board. Our Board determines which candidates are nominated or elected to fill a vacancy.

CORPORATE GOVERNANCE

Board Leadership Structure

Currently, the leadership structure of the Board is such that our Chairman and Chief Executive Officer positions are separate with Dr. Krassner, a member of the Board since 2004, serving as the Chairman of the Board and Mr. Turgeon serving as our Chief Executive Officer. The Board believes that the current structure, providing for the separation of the role of the Chairman and the Chief Executive Officer is appropriate at this time because it allocates the oversight of the business and management among the directors and the executive officers. This allows our Chief Executive Officer to focus on the proper functioning of daily business operations, and our Chairman to focus on the appropriate oversight of management's business execution and the proper governance of the Board. While the Board believes the current structure provides the most effective leadership for the Company, the Board will continue to assess this structure to best serve the interests of the Company and its stockholders. Dr. Krassner is not standing for re-election as a director at the Annual Meeting, and a new Chairman will be appointed following the election.

Risk Oversight

Management is responsible for identifying our risk exposures and communicating such exposures to our Board. The Board is responsible for implementing our risk oversight responsibilities. The Board does not have a standing risk management committee, but administers this function directly, as well as through committees of the Board. For example, the Audit Committee assists the Board in its risk oversight function by reviewing and discussing with management its accounting policies, financial reporting processes, disclosure controls and procedures, and internal controls over financial reporting. The Nominating Committee assists the Board in its risk oversight function by periodically reviewing and discussing with management important corporate governance principles and practices and by considering risks related to our director nominee evaluation process. The Compensation Committee assists the Board in its risk oversight function by overseeing compliance with our executive compensation programs and considering risks relating to the design of our executive compensation programs and arrangements. In addition, our compliance officer monitors our corporate compliance program and our compliance with applicable laws, rules and regulations and provides reports to our Board with respect to compliance matters and any related issues. The full Board considers strategic risks and opportunities and receives reports from the committees regarding risk oversight in their areas of responsibility as necessary. We believe our Board leadership structure facilitates the division of risk management oversight responsibilities among the Board committees and enhances the Board's effectiveness in fulfilling its oversight function with respect to different areas of our business risks and our risk mitigation practices.

Stockholders who wish to contact members of our Board may send email correspondence to: *ir@sppirx.com*. Code of Business Conduct and Ethics

We have adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including the principal executive officer, principal financial officer, principal accounting officer, controller or persons performing similar functions. A copy of the Code of Business Conduct and Ethics is available on our website at www.sppirx.com/corporate-governance.html. Stock Ownership Policy

We adopted a Stock Ownership Policy that applies to our Chief Executive Officer and our non-employee directors, effective as of April 1, 2015, to further align the interests of such individuals with those of our stockholders. Under the policy, the Chief Executive Officer and non-employee directors must hold and maintain, directly or indirectly (including through equity incentive plans), shares of our common stock (including vested in-the-money options) equivalent to at least five times his or her annual base cash salary or three times the annual cash Board retainer fee (excluding any additional fees paid for committee assignments and service as the lead director or committee chair, if any), as applicable. The current Chief Executive Officer and non-employee directors have five years from the effective date of the policy (April 1, 2020) to reach the required ownership level, and any newly appointed or elected persons will have five years from the date on which he or she is appointed or elected to reach the required ownership level. Furthermore, within one year of his or her initial appointment or election, each such person must own and maintain some shares of our capital stock. Individuals who do not hold the required number of shares will be required to hold all shares received as an equity grant, net of shares sold or withheld to pay the exercise price of stock options or to pay withholding taxes. A copy of the Stock Ownership Policy is posted on our website at www.sppirx.com/corporate-governance.html.

Anti-Hedging Policy

We have adopted an anti-hedging policy that prohibits any of our or our subsidiaries' directors, officers or other employees from, at any time, directly or indirectly, engaging in any kind of hedging transaction that could reduce or limit such person's holdings, ownership or interest in or to any of our shares of common stock or other securities,

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of our Board is responsible for assisting our Board in fulfilling its oversight responsibilities regarding our financial accounting and reporting process, system of internal control, audit process, and process for monitoring compliance with laws and regulations. The Audit Committee operates pursuant to a written charter, a copy of which is posted on our website at www.sppirx.com/corporate-governance.html. The Audit Committee met six times during fiscal 2018. All members of the Audit Committee are non-employee directors and satisfy the current NASDAQ Listing Rules and SEC requirements with respect to independence, financial literacy and experience.

Our management has the primary responsibility for our consolidated financial statements as well as our financial reporting process, accounting principles and internal controls. Deloitte & Touche LLP, our independent registered public accounting firm in 2018, is responsible for performing an audit of our consolidated financial statements and internal control over financial reporting, and expressing an opinion as to the conformity of such financial statements with generally accepted accounting principles and the effectiveness of our internal control over financial reporting.

In this context, the Audit Committee has reviewed and discussed our audited consolidated financial statements as of and for the year ended December 31, 2018 with our management and our independent registered public accounting firm. The Audit Committee has discussed with our independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, *Communication with Audit Committees* (formerly known as Auditing Standard No. 16), as adopted by the Public Company Accounting Oversight Board (PCAOB). The Audit Committee has also received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB (Rule 3526) regarding the independent accountants' communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the accounting firm's independence.

Based on the foregoing, the Audit Committee has recommended to our Board the inclusion of the audited consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

Compensation Philosophy and Objectives

Compensation Philosophy

The Committee's executive compensation philosophy is to attract and retain professionals of the highest caliber with highly sought-after skill sets, who are capable of leading us in fulfilling our ambitious business objectives. The Committee understands that competition for attracting talent in the pharmaceutical industry is intense, and that such competition is local, national, and even international in scope.

As a result, the Committee seeks to design executive compensation packages that encourage exceptional candidates to join and stay with us over other potential life sciences employers that may be larger and better known than us. The Committee seeks to implement a compensation philosophy that significantly reward executives for advancing our financial and strategic goals.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Objectives

When reviewing and approving our executive compensation program, the Committee is guided by the following five compensation objectives:

Attract the Right Executives

Attract exceptional and accomplished executives with the relevant experience and skills required to direct our strategic objectives.

Motivate the Right Executives

Provide a total compensation package that is highly competitive within the life sciences industry and, more specifically, as compared to a like-situated peer group of companies.

Pay for Performance

Condition a portion of an executive's compensation on the achievement of Company and individual performance targets.

Align the Long-Term Interests of Executives and Stockholders

Include as a portion of total compensation grants of restricted stock awards, stock options and performance-based units that are tied to relative total stockholder return, in order to more directly align the long-term interests of our executive officers with those of our stockholders.

Retain the Right Executives

Provide for time-based vesting of restricted stock and stock option awards to encourage our executive officers to remain with us over time.

Quantitative and Qualitative Performance Indicators

The Committee considers quantitative financial metrics, as well as qualitative indicators of Company and individual performance in determining the level and structure of compensation for each of the named executive officers. Quantitative metrics are determined annually based upon our goals and objectives and may include, among other things, (i) completion of the acquisition of commercial or clinical-phase drugs at an advantageous cost structure, (ii) advancement of product candidates through clinical trials, and (iii) obtaining regulatory approvals in the U.S. and abroad. Qualitative factors are intended to identify and reward achievements that the Committee believes are preparatory steps in our achievement of meaningful growth and may include, among other things, (i) maintaining employee engagement, (ii) maintaining effective corporate governance, including making adjustments in response to stockholder feedback, and (iii) fostering a high- performance culture throughout the organization.

The Committee believes that our success depends on these performance indicators. As a result, the Committee seeks to ensure that the compensation of our named executive officers is aligned with the achievement of each. The specific performance indicators for purposes of compensation paid in 2018 are discussed below. For additional information, see *Compensation Discussion and Analysis - Key Elements of Executive Compensation - Annual Cash Bonuses*.

Principal Compensation Elements

In furtherance of the Committee's compensation philosophy, the Committee believes that using a combination of three principal compensation elements—base salary, annual cash bonus, and equity

COMPENSATION DISCUSSION AND ANALYSIS

incentive awards appropriately delivers on our executive compensation objectives. The Committee also uses other compensation elements, including standard benefits and perquisites, as well as change of control benefits for certain executives, which it views as necessary components of a competitive program.

Mix of Compensation Elements

In assessing the total compensation opportunity for each named executive officer, and determining the value with respect to each compensation element, the Committee generally seeks to weight the compensation mix heavily towards performance-based compensation (annual cash bonuses and equity awards), which we refer to as at-risk compensation, and seeks to limit the level of guaranteed compensation, such as cash compensation (base salary, benefits, and perquisites). In doing so, the Committee is mindful of the appropriate mix between guaranteed pay and at-risk pay to mitigate the potential for excessive risk taking.

The Committee also strives to provide a significant proportion of the total compensation opportunity in the form of non-cash (such as restricted stock, stock options and performance-based restricted stock units) rather than cash components. The Committee does so to allow the named executive officers to be financially rewarded for exceptional Company performance to further align the interests of the named executive officers with those of our stockholders.

However, the Committee has not established any formal policies for allocating between at-risk and guaranteed compensation, or cash and non-cash compensation. For additional information, see *Compensation Discussion and Analysis - Key Elements of Executive Compensation*.

Governance of Executive Compensation Program

Role of Compensation Committee in Determining Executive Compensation

The Committee was appointed by the Board and consists entirely of directors who are independent directors under the applicable NASDAQ Listing Rules, who are free from any relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment as a member of the Committee. The Committee is responsible for, among other things:

- ® reviewing and approving the compensation of our named executive officers
- ® reviewing and approving offer letters, employment agreements, severance agreements, change of control agreements and other similar compensatory arrangements with our named executive officers
- ® approving individual and Company performance targets that relate to the payment of annual cash bonuses and the grant of equity awards, assessing achievement with respect to the targets, and approving the payments
- ® reviewing and discussing the Compensation Discussion and Analysis section of our annual proxy statement with management, including the related executive compensation information, and determining

administering our cash incentive plans, equity incentive plans, profit sharing plans, deferred compensation plans and similar programs (if any), and approving awards under such plans to our named executive officers

 preparing and approving the Report of the Compensation Committee for inclusion in this Proxy Statement

A secondary committee of one or more directors (including, but not limited to the CEO) may be appointed by either the Committee or the Board to have separate but concurrent authority with the Committee to grant cash incentive awards or equity incentive awards under the Company's incentive plans to all eligible employees (other than directors and executive officers). The secondary committee shall regularly report to the Committee the grants so made; provided further, however, that any such grants are consistent with parameters approved in advance by the Committee or the Board; provided further, however, that a summary of all grants whether by the Committee or a secondary committee shall be reported to the Board.

In performing its duties, the Committee, in its discretion, may retain or replace any independent counsel, compensation consultants or other outside expert or advisor that the Committee believes necessary or advisable, and the Committee has the sole authority to approve the compensation of such persons. The Committee held three in-person meetings during 2018 and acted by unanimous written consent seven times.

Role of Executive Officers in Determining Executive Compensation

While our Chief Executive Officer discusses his compensation recommendations for other named executive officers with the Committee, he does not participate in any Committee deliberation or determination with respect to his own compensation. The determination of the amount of compensation paid to the Chief Executive Officer is made solely by the Committee or the full Board.

The Committee considers recommendations of our Chief Executive Officer when assessing individual performance of the other named executive officers. However, the determination of the amount of any cash or equity incentive awards payable to the other named executive officers is made by the Committee or the full Board. The other named executive officers and other senior management personnel are not present at meetings of the Committee and do not participate in its discussions regarding executive compensation decisions.

Role of Stockholders in Determining Executive Compensation

Management and the Committee engage openly with our stockholders on a number of matters, including executive compensation. In fact, in 2018 we reached out to holders representing over 60% of the voting shares.

We listened to stockholders by implementing:

- Ⓡ Holding requirements for the Chief Executive Officer and non-employee directors
- Ⓡ Adding a clawback provision whereby executives' shares can be forfeited based on detrimental conduct

- Ⓡ Increasing the performance-based units two-year performance period to a three-year performance period beginning in 2019

- Ⓡ Separating the roles of Chief Executive Officer and Chairman of the Board

Peer Group Companies*Compensation Consultant and 2018 Peer Group Data*

The Compensation Committee compares each executive officer's base salary, annual cash bonuses, annual and long-term equity incentive awards to amounts paid to individuals acting in similar positions at peer group companies. The Compensation Committee reviews the composition of our peer group each year in conjunction with setting executive compensation. As part of such reviews, the Committee considers specific criteria and recommendations regarding companies to add or remove from the peer group.

In the first quarter of 2018, the Committee engaged with Radford, an independent executive compensation firm, to conduct an updated competitive review of our executive compensation program, which included an evaluation of our peer group companies. Specifically, the Committee tasked Radford with identifying and selecting a comparably sized, industry-affiliated peer group of companies operating within the biotechnology or pharmaceutical industries.

The peer group that Radford selected and which the Committee approved, included the following 27 publicly traded pharmaceutical companies which we refer to as our 2018 Peer Group :

Ionis Pharmaceuticals	Ariad Pharmaceuticals
Progenics Pharmaceuticals	Depomed
Mannkind	Pacific Biosciences
Amag Pharmaceuticals	PTC Therapeutics
Halozyme Therapeutics	Seattle Genetics
Nanostring Technologies	Retrophin
Repligen	Sagent Pharmaceuticals
Pernix Therapeutics	Vivus
Lexicon Pharmaceuticals	Supernus Pharmaceuticals
Momenta Pharmaceuticals	Sciclone Pharmaceuticals
Ironwood Pharmaceuticals	Sucampo Pharmaceuticals
The Medicines Company	Juniper Pharmaceuticals
Theravance Biopharma US	Pacira Pharmaceuticals

Insys Therapeutics

Radford was tasked with reviewing and compiling data on the executive compensation practices of the 2018 Peer Group and to provide the Committee guidance on compensation practices. Radford's report was presented to the

Committee in the first quarter of 2018. The Committee reviewed and discussed the findings and recommendations at length.

The Radford report was used by the Committee to review and understand the level of total compensation, and the level and mix of base salaries, annual cash bonuses, annual and long-term equity incentive awards, and other benefits and perquisites provided to executives of companies within the 2018 Peer Group. The Committee reviewed compensation data from the 2018 Peer Group in an effort to obtain an understanding of current comparative compensation practices and as one of several components in making its executive compensation decisions. The Committee references the 2018 Peer Group data in order to ensure that our compensation program is competitive and appropriate. The Committee concluded that its named executive officers are reasonably compensated with an appropriate mix of guaranteed and at-risk pay in light of competitive pay practices of our 2018 Peer Group and our 2018 performance.

Compensation Consultant and 2019 Peer Group Data

In November 2018, the Committee engaged with two independent executive compensation firms, Radford and Equilar, to conduct an updated review of our executive compensation program, which included an evaluation of our peer group companies. Specifically, the Committee focused on selecting a comparably sized, industry-affiliated peer group of companies operating within the biotechnology or pharmaceutical industries.

The peer group that was selected was a combination of the Radford and Equilar surveys, and which the Committee approved, included the following 25 publicly traded pharmaceutical companies which we refer to as our 2019 Peer Group :

ACADIA Pharmaceuticals	Momenta Pharmaceuticals
Aerie Pharmaceuticals	Omeros
Amicus Therapeutics	Pacira Pharmaceuticals
Clovis Oncology	PTC Therapeutics
Corcept Therapeutics	Repligen
Eagle Pharmaceuticals	Retrophin
Genomic Health	Spark Therapeutics
Halozyme Therapeutics	Supernus Pharmaceuticals
Heron Therapeutics	Tesaro
Intercept Pharmaceuticals	The Medicines Company
Ironwood Pharmaceuticals	Theravance Biopharma
Lexicon Pharmaceuticals	Vanda Pharmaceuticals
Luminex	

The Radford and Equilar surveys were used by the Committee to review the 2018 salaries of the executive officers and to determine the 2019 salaries of the executive officers, outlined below. The Committee reviewed compensation data from the 2019 Peer Group in an effort to obtain an understanding of current comparative compensation practices and as one of several components in making its executive compensation decisions. The Committee references the 2019 Peer Group data in

order to ensure that our compensation program is competitive and appropriate. The Committee concluded, based on the review of the 2019 Peer Group that the Chief Executive Officer's salary would remain the same while the salaries of the other named executive officers were increased for 2019.

Key Elements of Executive Compensation

The principal elements of compensation for our named executive officers include:

- ® Base Salary

- ® Annual Cash Bonus

- ® Equity Incentive Awards (Restricted Stock, Stock Options and Performance-Based Units)

- ® Benefits and Perquisites

® Payments upon Termination of Employment or Change in Control

We believe our pay for performance philosophy attracts, retains and motivates our named executive officers to be fully aligned with the interests of our stockholders, as well as our short and long-term strategic objectives.

Base Salary

We provide base salaries to attract and retain executives with the proper experiences and skill sets required to assist us in achieving our specific business objectives. Base salaries provide a guaranteed base level of compensation that comprises a standard element of executive compensation packages within our industry.

The base salaries of our named executive officers are established as part of an annual compensation review undertaken by the Committee. Base salaries for a particular fiscal year are generally established either at the end of the prior year or the beginning of the current year (in which case they are generally retroactive to the beginning of the year). Base salaries are intended to reflect the scope of each executive's responsibilities, as well as their qualifications, breadth of experience, functional expertise, recent individual performance, impact on our results and overall performance.

In January 2018, the Committee increased Mr. Turgeon's base salary to \$750,000 to reflect his new role as President and Chief Executive Officer. At that same time, Mr. Riga's base salary was increased to \$500,000 to reflect his new role as Executive Vice President, Chief Operating Officer and Chief Commercial Officer.

In January 2019, the Committee approved the base salaries for each of our named executive officers for 2019. Mr. Turgeon's base salary was set at the same amount. Mr. Gustafson's salary was increased to \$540,000. Mr. Riga's salary was increased to \$550,000. Mr. McGahan's salary was increased to \$500,000. These increases were consistent with market trends and practice, including a review of the 2019 Peer Group's compensation practices.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The base salaries approved by the Committee for our named executive officers in 2018 and 2019 were as follows:

Executive	Base Salary	
	2018	2019
Joseph W. Turgeon	\$750,000	\$750,000
Kurt A. Gustafson	\$525,000	\$540,000
Thomas J. Riga	\$500,000	\$550,000
Keith M. McGahan	\$470,000	\$500,000

Annual Cash Bonuses

As discussed above, the Committee believes it is important to tie a meaningful portion of the total compensation potential for the named executive officers to the achievement of specified quantitative and qualitative Company performance targets, as well as individual performance targets. The achievement of these targets advances our specific business objectives and result in long-term stockholder value. One compensation component that the Committee uses to address these objectives is annual cash bonuses that are earned based on the achievement of pre-established Company and individual performance targets and which are subject to the executive's continued employment through the date of payment.

In determining the amount of the annual cash bonus amount to award to our Chief Executive Officer and our other named executive officers, the Committee evaluates specified performance targets, but retains the discretion to consider additional qualitative factors beyond the achievement of the applicable criteria. We believe this provides our Committee with the flexibility to reward our executives for their performance when considered in the context of our dynamic industry and provides them with the incentive to pursue strategic objectives in addition to our pre-established goals.

Notably, while the annual cash bonuses paid by us have components of a non-equity incentive plan award since they are based, to a large extent, on actual performance with respect to pre-determined performance metrics, they also have a discretionary component to them because the actual targeted amount, as well as the precise correlation between the achievement of the performance targets and the annual cash bonus amount, is not pre-established and communicated by the Committee. For this reason, and in accordance with SEC rules, the annual cash bonus amounts are disclosed as bonuses in the Summary Compensation Table (rather than as non-equity incentive plan awards). For additional information on amounts actually awarded, see *Summary Compensation Table* later in this Proxy Statement.

Named Executive Officers. The 2018 target bonus opportunity for Mr. Joseph W. Turgeon, our Chief Executive Officer, was set as a percentage of salary and was raised 10% to 70% of base salary from 2017. In determining the 2018 annual cash bonus awards for our other named executive officers, the Committee considered our financial and strategic performance goals, as well as the individual performance of each of the other named executive officers. The Committee also considered the recommendations of Mr. Turgeon, our Chief Executive Officer, in order to form a meaningful and comprehensive assessment of the capabilities and contributions of each of Messrs. Gustafson, Riga and McGahan.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

The other named executive officers' 2018 target bonus opportunities were set at the same percentage of salary as in 2017 and the target payouts were based on their 2018 salary as of the last day of the fiscal year. The 2019 target bonus opportunities were set at the same percentage of salary as 2017 and 2018 and are consistent with market trends and practices, including a review of the applicable year's Peer Group's bonus practices. The target bonus opportunity was set as a percentage of salary in 2018 and 2019 and is set forth below:

Executive	Target	
	2018	2019
Joseph W. Turgeon	70% of base salary	70% of base salary
Kurt A. Gustafson	50% of base salary	50% of base salary
Thomas J. Riga	50% of base salary	50% of base salary
Keith M. McGahan	50% of base salary	50% of base salary

The bonus for business achievements during fiscal 2018 was determined by the Committee in January 2019, based on an assessment of the following objectives: (i) annual revenue; (ii) cash and debt management; (iii) clinical development of two products; (iv) presentation of data from clinical studies; (v) execution of certain supply and license agreements; and (vi) strategic build out of our corporate compliance program.

The Committee determined that substantially all of these goals were met on a weighted-basis, as summarized in the tables below:

2018 Key Strategic Goals (100% maximum achievement)**Revenue / Cash Goals:**

Achievement of an annual product revenue target of more than \$100 million.

Achievement of a year-end cash balance target of more than \$100 million.

Achieved and Exceeded:

Total revenue Exceeded \$100 million.

Equity Incentive Awards

In furtherance of the Committee's compensation philosophy, the Committee believes it is important to provide a significant portion of the named executive officers' total compensation opportunity through the grant of equity incentive awards. Furthermore, the Committee believes granting equity incentive awards that vest over time encourage executives to remain with us. In order to accomplish these objectives, the Committee has historically granted the named executive officers a combination of options and restricted stock each year.

Following engagement with our stockholders in 2018 regarding our executive compensation program, at the recommendation of our independent executive compensation firm, Radford, the Committee revised its long-term equity incentive compensation program to include the grant of performance-based units effective for 2018. Under the terms of the revised program:

® Award sizes are determined annually based on competitive benchmarking data;

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

Ⓡ Approximately one-third of the target annual grant value is in the form of performance-based units (the TSR Performance-Based Units) tied to our relative total stockholder return (TSR) performance, approximately one-third of the value is in stock options which will vest over time, and approximately one-third of the value is in restricted stock which will vest over time;

Ⓡ The addition of a clawback provision whereby shares can be forfeited based on detrimental conduct; and

Ⓡ The number of the TSR Performance Based Units earned are tied to the Company s TSR as compared to the TSR of the peer group measured over a two-year performance period and over a three-year performance period beginning in 2019.

Additional information on the 2018 grants can be found under the *Grants of Plan-Based Awards in 2018* table later in this Proxy Statement.

Stock Options. As noted, approximately one-third of the equity award value for 2018 was made in the form of stock options granted under the 2009 Incentive Award Plan, as amended and the 2018 Plan (collectively, the Plans), which were previously approved by our Board and stockholders. In accordance with the terms of the Plans, the exercise price of stock options granted pursuant to the Plans is set at the closing price of our common stock on the date immediately prior to the date of grant. We believe that stock options are an important element of total named executive officer compensation principally because stock options:

Ⓡ Are consistent with our philosophy of aligning the interests of our named executive officers with those of our stockholders, because value is created for the executives only if the share price of our common stock increases during the stock option term, which in turn leads to increased stockholder value; and

Ⓡ Help to retain executives through the use of time-based vesting over several years.

Restricted Stock. As noted, approximately one-third of the equity award value for 2018 was made in the form of time-vesting restricted stock granted under the Plans. We believe restricted stock is an important element of total named executive officer compensation because restricted stock:

Ⓡ Results in immediate value to the recipients while still providing incentive to maximize the value of our stock; and

Ⓡ Helps to retain executives through the use of time-based vesting provisions that provide for vesting over several years.

[Performance-Based Units](#). As noted, approximately one-third of the equity award value for 2018 was made in the form of performance-based restricted stock units granted under the Plans. We believe that performance-based units are an important element of total named executive officer compensation because they provide equity incentives linked to our performance rather than being based solely on continued employment. The principal terms of such performance-based units include:

- Ⓜ The number of TSR Performance-Based Units earned will be tied to our TSR as compared to the TSR of the peer group measured over a two-year performance period (January 1, 2018-December 31, 2019). To earn at least the target number of TSR Performance-Based Units, our

relative TSR ranking for the two-year performance period must be at or above the 50th percentile of the peer group. If our relative TSR ranking is below the 30th percentile of the peer group, no TSR Performance-Based Units will be earned. If our relative TSR ranking is at the 30th percentile of the peer group, then 25% of the target number of TSR Performance-Based Units will be earned. If our relative TSR ranking is at or above the 80th percentile of the peer group, a maximum of 200% of the target number of TSR Performance-Based Units will be earned. For relative TSRs between the 30th percentile and the 50th percentile, or between the 50th percentile and the 80th percentile, the number of TSR Performance-Based Units earned will be determined by means of linear interpolation.

- Ⓡ TSR Performance-Based Units tied to our relative TSR performance are potentially earned following the end of the two-year performance period.

- Ⓡ If a Change in Control (as defined in each of the Plans) occurs prior to the end of the two-year performance period, and the TSR Performance-Based Units are not assumed by the acquirer, they will become immediately vested based on our actual TSR ranking as compared to the peer group for the shortened performance period. Further, in the case of our Chief Executive Officer, if, prior to the end of the two-year performance period, he is terminated by us without Cause, terminates his employment for Good Reason or is terminated for death or Disability (as such terms are defined in his employment agreement), then the greater of (i) the target number of TSR Performance-Based Units and (ii) the number of TSR Performance-Based Units that would otherwise have vested for the shortened performance period based on our actual TSR ranking as compared to the peer group during such period, will become immediately vested.

Benefits and Perquisites

The named executive officers are eligible to receive benefits that are generally available to each of our full-time employees, including health insurance, long-term disability insurance, life insurance and vacation pay. As with other employees, the named executive officers are required to make contributions to us to offset a portion of the cost of certain benefit plans.

We also maintain a 401(k) Plan and an Amended and Restated Employee Stock Purchase Plan (ESPP), each of which are generally available to all employees. The 401(k) Plan provides matching employee contributions in shares of our common stock up to applicable limits. The ESPP was amended in September 2018 so that it did not terminate on the ten-year anniversary of its approval by the stockholders of the Company. The ESPP provides employees with the opportunity to purchase our common stock through accumulated payroll deductions, at a 15% discount to the lesser of (i) the market price of the stock at the beginning of the designated period, and (ii) the market price of the stock at the end of the period. These plans are designed to encourage employees to save for retirement and to encourage ownership of shares of our common stock. We believe they provide an additional incentive for our employees to contribute towards our continued success and align the interests of our employees with those of our stockholders.

In addition, our Board approved the Nonqualified Deferred Compensation Plan in 2011. The Nonqualified Deferred Compensation Plan is administered by the Committee and is intended to be an unfunded plan. The Nonqualified Deferred Compensation Plan is maintained primarily to provide deferred compensation benefits for a select group of our employees, including our named executive officers. Under the Nonqualified Deferred Compensation Plan, we

cash compensation, as established by the Committee (in 2018, eligible participants could defer up to 75% of base salary and up to 100% of bonus). In addition, we have the option, but not the obligation, to make discretionary or matching cash contributions to employees under the Nonqualified Deferred Compensation Plan. During 2018, we matched each participant's contributions to the Nonqualified Deferred Compensation Plan up to 10% of the participant's eligible compensation. For additional information, see *Nonqualified Deferred Compensation Plan* later in this Proxy Statement.

Employment and Change in Control Agreements

We entered into new employment agreements with Messrs. Turgeon, Gustafson and Riga in April 2018 and Mr. McGahan in June 2018, which supersede the terms of their previously executed pr
