Notes to Financial Statements

March 31, 2006 (unaudited)

**1. Basis of Presentation and Significant Accounting Policies**

**Basis of Presentation**

The real and personal property commonly known as the Westin Atlanta North at Perimeter (the Hotel), a 369-room hotel located in Atlanta, Georgia, was owned by Starwood CMBS I LLC, a wholly owned subsidiary of Starwood Hotels & Resorts Worldwide, Inc. (Starwood), until May 2, 2006. On May 2, 2006 all real and personal property of the Hotel was purchased by Noble-Diamondrock Perimeter Center Owner, LLC, a Delaware limited liability company (see Note 5).

**Basis of Accounting**

The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States and accounting practices commonly employed in the hospitality industry.

**Cash and Cash Equivalents**

The Hotel considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

**Accounts Receivable**

Accounts receivable consists primarily of meeting and banquet room rental and hotel guest receivables. The Hotel generally does not require collateral. Accounts receivable and all receivables deemed uncollectible are written off. Ongoing credit evaluations are performed and an allowance for potential credit losses is provided against the portion of accounts receivable that is estimated to be uncollectible. Historically, credit losses have not been significant.

**Inventory**

Inventory consists of food and beverage stock items as well as linens, china, glass, silver, uniforms, utensils and guest items. The food and beverage inventory items are recorded at the lower of FIFO cost (first-in, first-out) or market. Significant purchases of linens, china, glass, silver, uniforms, utensils and guest room items are recorded at purchased cost and amortized to 50% of their cost over 36 months. Normal replacement purchases are expensed as incurred.

Notes to Financial Statements (continued)

**1. Basis of Presentation and Significant Accounting Policies (continued)**

**Property, Buildings and Equipment**

Property, buildings and equipment are stated at cost. Costs of improvements that extend the life of the property, buildings, and equipment are capitalized; costs of normal repairs and maintenance are charged to expense as incurred. Property, buildings and equipment (including information technology software) are depreciated using the straight-line method over estimated useful lives (15 to 40 years for buildings and improvements and 5 to 15 years for furniture, fixtures and equipment). Interest costs relating to qualifying assets under construction are capitalized until such time as the assets are ready for their intended use. Interest costs capitalized were not significant in 2006 and 2005.

**Goodwill**

An allocation of goodwill was made to the Hotel from Starwood. The Hotel reviews all goodwill for impairment by comparison of fair value to book value annually, or upon the occurrence of a trigger event. Impairment charges, if any, will be recognized in operating results. In accordance with Statement of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets*, the Hotel has completed its annual recoverability tests on goodwill and intangible assets, which did not result in any impairment charges.

**Income Taxes**

The Hotel provides for incomes taxes in accordance with Statement of Financial Accounting Standards No. 109, *Accounting for Income Taxes*. The objectives of accounting for income taxes are to recognize the amount of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequences of events that have been recognized in an entity's financial statements or tax returns.

Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in earnings in the period when the new rate is enacted.

**Revenue Recognition**

The Hotel's revenues are derived from its operations and include revenues from the rental of rooms, food and beverage sales, telephone usage and other service revenue. Revenue is recognized when rooms are occupied and services have been performed.

## Notes to Financial Statements (continued)

**1. Basis of Presentation and Significant Accounting Policies (continued)****Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**2. Debt Defeasance**

In February 2006, Starwood Hotels & Resorts Worldwide, Inc. and Starwood Hotels & Resorts (collectively, the Seller) defeased approximately \$470 million of debt, including the portion allocated to the Hotel. In order to accomplish this, the Seller purchased Treasury securities sufficient to make the monthly debt service payments and the balloon payments due under the loan agreement. The Treasury securities were then substituted for the real estate and hotels that originally served as collateral for the debt. As part of the defeasance, the Treasury securities and the debt were transferred to a third party successor borrower who in turn is liable for all obligations under this debt. As such, the allocated portion of the debt is no longer reflected on the Hotel's balance sheet. Defeasance costs allocated to the Hotel of \$1,475,000 are included in interest expense in the statement of operations.

**3. Commitments and Contingencies**

In the normal course of business, the Hotel is subject to certain claims and litigation, including unasserted claims. The Hotel, based on its current knowledge and discussions with its legal counsel, is of the opinion that such legal matters will not have a material adverse effect on the financial position or results of operations of the Hotel.

**4. Equity**

Activity in the equity of acquired property account for the three-months ended March 31, 2006 is as follows:

	<b>2006</b>
Balance, beginning of period	\$ 32,699,552
Net loss	(540,274)
Net capital contributions	20,771,528
Balance, end of period	\$ 52,930,806

Westin Atlanta North at Perimeter

Notes to Financial Statements (continued)

**5. Subsequent Events**

On May 2, 2006, Starwood CMBS I LLC, a wholly owned subsidiary of Starwood, sold all of the real and personal property of the Hotel to Noble-Diamondrock Perimeter Center Owner, LLC for approximately \$61.5 million. Prior to the sale, Starwood entered into a transaction to defease the debt secured by the Hotel (see Note 2).

**Report of Independent Registered Public Accounting Firm**

To Starwood Hotels & Resorts Worldwide, Inc.

We have audited the accompanying balance sheets of the Westin Atlanta North at Perimeter (the Hotel ) as of December 31, 2005 and 2004, and the related statements of income and cash flows for the years then ended. These financial statements are the responsibility of the Hotel's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Westin Atlanta North at Perimeter at December 31, 2005 and 2004, and its operations and its cash flows for the years then ended in conformity with U.S. generally accepted accounting principles.

**1. Basis of Presentation and Significant Accounting Policies (continued)**

**Income Taxes**

The Hotel provides for incomes taxes in accordance with Statement of Financial Accounting Standards No. 109, *Accounting for Income Taxes*. The objectives of accounting for income taxes are to recognize the amount of taxes payable or refundable for the current year and deferred tax liabilities and assets for the future tax consequences of events that have been recognized in an entity's financial statements or tax returns.

Deferred tax assets and liabilities are measured using enacted tax rates in effect for the year in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in earnings in the period when the new rate is enacted.

**Revenue Recognition**

The Hotel's revenues are derived from its operations and include revenues from the rental of rooms, food and beverage sales, telephone usage and other service revenue. Revenue is recognized when rooms are occupied and services have been performed.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Concentration of Credit Risk**

Financial instruments which potentially subject the Hotel to a concentration of credit risk consist principally of cash and cash equivalents and guest and trade accounts receivable. Cash and cash equivalents are exposed to credit risk since the Hotel periodically maintains balances in excess of federally insured limits. The Hotel limits these risks by selecting only reputable financial institutions where cash deposits will be maintained and limiting investments to money market and mutual fund accounts. Concentration of credit risk with respect to guest and trade accounts receivable is limited due to the wide variety of customers and industries to which the Hotel's services are sold, as well as the dispersion of customers across many geographic areas.

## Notes to Financial Statements (continued)

**1. Basis of Presentation and Significant Accounting Policies (continued)****Fair Value of Financial Instruments**

The Hotel is required to disclose the fair market value of its financial instruments for which it is practicable to estimate such value. The fair values of financial instruments are estimates based upon market conditions and perceived risks at the balance sheet date and require varying degrees of management judgment. Management has estimated that the fair value of the long-term debt is approximately \$21.3 million at December 31, 2005.

The carrying value of cash and cash equivalents, restricted cash, guest and trade accounts receivable, inventory, prepaid expenses and other current assets, bank overdraft, accounts payable, accrued liabilities, accrued interest, and advance deposits are reasonable estimates of their fair values because of the short maturities of these instruments.

**Impairment of Long-Lived Assets and Long-Lived Assets to be Disposed Of**

In accordance with Statement of Financial Accounting Standards No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, the Hotel evaluates the carrying value of its long-lived assets for impairment. Recoverability is measured by the expected undiscounted future cash flows of the assets compared to the net book value of the assets. If the expected undiscounted future cash flows are less than the net book value of the assets, the excess of the net book value over the estimated fair value is charged to current earnings. Fair value is based upon discounted cash flows of the assets at a rate deemed reasonable for the type of asset and prevailing market conditions, appraisals and, if appropriate, current estimated net sales proceeds from pending offers. The Hotel evaluates the carrying value of its long-lived assets based on its plans, at the time, for such assets. No impairments were recognized during 2005 or 2004.

**2. Property, Buildings and Equipment**

Property, buildings and equipment consist of the following at December 31, 2005 and 2004:

**6. Commitments and Contingencies**

In the normal course of business, the Hotel is subject to certain claims and litigation, including unasserted claims. Such costs, if paid by the Hotel, are generally reimbursed by Starwood. During the years ended December 31, 2005 and 2004, these costs were not material.

**8. Employee Benefit Plan**

The Hotel participates in a 401(k) plan (the "Plan") which is a defined contribution plan. The Plan covers substantially all salaried and nonunion hourly employees. The Hotel does not begin to match contributions until the participant attains age 21 and is credited with at least 1,000 hours of service during a consecutive 12-month period of employment.

Participants may contribute from 1% to 18% of their compensation annually, subject to certain limitations as defined by the Plan. # Edgar Filing: DiamondRock Hospitality Co - Form 8-K/A

**K** Reflects the adjustment to include the depreciation and amortization resulting from the 2006 and 2005 hotel acquisitions as follows:

## Hotel

Torrance Marriott	\$	51,663
Vail Marriott		1,108,399
Capital Hotel Investment Portfolio		4,979,981
Oak Brook Hills Marriott Resort		1,934,359

**L** Reflects the adjustment to our historical income tax provision to reflect the pro forma tax provision of our Taxable REIT Subsidiary assuming we had elected REIT status and the TRS leases were in place as of January 1, 2005. Our Taxable REIT Subsidiary's pro forma pre-tax loss was \$5.2 million for the year ended December 31, 2005. The pro forma income tax provision was calculated using our Taxable REIT Subsidiary's historical effective income tax rate. The pro forma income tax provision includes the \$1.4 million income tax charge as a result of our REIT election in 2005 that is reflected in the historical financial statements.

**M** Reflects the adjustment to include interest expense incurred for mortgage debt relating to the Capital Hotel Investment Portfolio, the Frenchman's Reef & Morning Star Marriott Beach Resort, the Orlando Airport Marriott, and the Chicago Marriott. The adjustment also includes the unused facility fee on the \$75 million senior secured credit facility.

**N** Reflects the adjustment to reduce interest expense by \$1,594,190 for interest and deferred financing cost amortization of the mortgage debt related to the Torrance Marriott, which was repaid with the proceeds of our initial public offering, by \$691,837 for interest and deferred financing cost amortization of the mortgage debt related to the Lodge at Sonoma, a Renaissance Resort & Spa which was repaid with the proceeds of our initial public offering, offset by an increase of interest expense by \$1,861,333 relating to the refinancing of the Courtyard Fifth Avenue mortgage debt. The Courtyard Manhattan / Fifth Avenue adjustment consists of (a) \$3,409,721 of interest expense and deferred financing cost amortization on the \$51 million fixed rate mortgage debt, less (b) \$1,548,388 of interest expense and deferred financing cost amortization recorded in the historical financial statements related to the \$23 million variable rate mortgage debt. Adjustment also reflects the \$137,000 reduction of interest expense included in the historical financial statements related to the \$12 million draws under the senior secured credit facility that were repaid with proceeds from the follow-on offering.
