**RELEVANT FACT**

BRASKEM S.A. ( Braskem ), in compliance with the provisions of CVM Instruction 319/99 and 358/02, is informing its shareholders and the market that on July 4, 2006, its Board of Directors and its Fiscal Council have approved a proposal for the transfer of the net assets to be spun-off from *Companhia Alagoas Industrial* Cinal, a company 100% controlled by Braskem, enrolled in the CNPJ under n°. 08.444.655/0001 -60 ( Cinal ), to Braskem, as well as to convene Braskem's Extraordinary General Meeting to discuss said transaction, to be held on July 20, 2006.

The portion to be spun-off Cinal's assets and to be transferred to Braskem is made up by the assets associated to the Utilities activities and services (supply and/or treatment of industrial raw-materials, such as steam, compressed air and water). Braskem is interested in incorporating the portion to be spun-off from Cinal's assets, so as to integrate the assets related to its operations.

Within this context, Braskem has entered into an engagement with the services of a specialized company, *PricewaterhouseCoopers Auditores Independentes*, a legal entity incorporated in the City and State of São Paulo, at Av. Francisco Matarazzo, n° 1.400, to 7° by 11° and to 13° by 20° Floors, Tower Torino, and with a branch office in the City of Salvador, in the State of Bahia, at Rua Miguel Calmon, n° 555, 9° andar, registered as a branch office before the Regional Accountants Council of the State of Bahia, under CRC n° CRC 2SP000160/O-5 "F" BA, and in the CNPJ under n°. 61.562.112/0004 -73, ( PricewaterhouseCoopers Independent Accountants ), the indication and appointment whereof shall be submitted to ratification by both Braskem's and Cinal's Extraordinary General Meetings to perform the book evaluation of the assets that are to be spun-off from Cinal, predicated on the information listed in its Balance Sheet audited on March 31, 2006, ( Base Date ) to be posted at Braskem and at Cinal, and to elaborate the accounting evaluation report regarding the portion to be spun-off from Cinal and transferred to Braskem on said Base Date ( Evaluation Report ).

Pursuant to the evaluation to be effected, the book value of the net assets to be spun-off from Cinal and transferred to Braskem is of R\$58,211,586.89 (fifty-eight million, two hundred and eleven thousand, five hundred and eighty-six reais and eighty-nine centavos) on the Base Date. Any asset variations that may have taken place between the Base Date and the date of the extraordinary general meetings which approved the spin-off, and that pertain to the portion to be spun-off from Cinal and transferred to Braskem, shall be absorbed by Braskem.

As consequence of the partial spin-off of Cinal, the capital stock of this company shall be reduced by the amount of R\$58,211,586.89 (fifty-eight million, two hundred and eleven thousand, five hundred and eighty-six reais and eighty-nine centavos), going from R\$113,643,100.00 (one hundred and thirteen million, six hundred and forty-three thousand and

one hundred reais) to R\$55,431,513.11 (fifty-five million, four hundred and thirty-one thousand, five hundred and thirteen reais and eleven centavos), through the cancellation of 57.657.265 (fifty-seven million, six hundred and fifty-seven thousand, two hundred and sixty-five) preferred shares. As of this cancellation, Cinal's capital stock shall be made-up of common shares only.

As result of the transfer to Braskem of the spun-off portion, its capital stock will not undergo any changes, it being certain that 57,657,265 (fifty-seven million, six hundred and fifty-seven thousand, two hundred and sixty-five) preferred shares, issued by Cinal and held by Braskem, shall be cancelled.
