hereby and pursuant to law, propose the merger of **IPQ** into **BRASKEM** and resolve to submit to the Extraordinary General Meeting of the companies involved, this Protocol and Justification of Merger of **IPQ** (**Protocol and Justification**), the purpose of which, pursuant to articles 224, 225, 227 and 264, of Law n° 6.404/76, is to establish the terms and conditions that shall govern the transaction in reference, which conditions shall be submitted to resolution by the shareholders of the involved companies, pursuant to law:

1. JUSTIFICATION AND GROUNDS FOR THE MERGER

1.1. The transaction under this Protocol and Justification consists in the merger of **IPQ** into **BRASKEM**, with conveyance of all of the net equity of the former to the latter company, which will generally succeed to the former in all its assets, rights and obligations, under the terms of articles 227 et seq. of Law 6.404/76 (**Merger**).

1.2. The Merger presented herein is part of the strategy to reorganize and strengthen the petrochemical industry. The implementation of the Merger will cause **BRASKEM** (i) to increase the competitiveness of the entire production chain of the petrochemical and plastics industry in Brazil, leading to scale and synergy gains, a greater capacity of investments in research and development, and strengthening of the plastic industry; (ii) to move forward in the consolidation of the Brazilian petrochemical segment and to accelerate its project of being amongst the ten largest petrochemical industries worldwide; and (iii) to promote an exchange of best practices and procedures in the financial, operating and commercial areas, which will result in benefits to it and its shareholders.

1.3. It is important to stress that the **Merger** has only become viable in the current month in view of the conclusion of the works related to change, adjustment and adaptation of the accounting, financial and operational processing computer systems, as well as routine controls and internal procedures of **BRASKEM**, **IPQ** and **Copesul**, which systems are capable of making feasible the operational integration of the assets and operations of such companies so that they begin to operate as a single company. Moreover, since the United States Sarbanes-Oxley Act (Section 404) establishes that such controls must consist in an integrated operation for at least 90 days during the financial year so that **BRASKEM** is capable of obtaining the yearly certificate of suitability of routine controls and internal procedures, it is mandatory that the **Merger** becomes effective by September 30, 2008. Otherwise, there is a concrete risk of the **BRASKEM** outside auditors not granting such certificate for 2008, which will entail material and immaterial adverse effects on the business of **BRASKEM**.

1.4. (i) The economic appraisal of the **SURVIVING COMPANY** and **MERGED COMPANY**, based on the discounted cash flow method, for purposes of determining the ratio of replacement of the shares of the **MERGED COMPANY** for shares of the **SURVIVING COMPANY**; (ii) the book net equity appraisal of the **SURVIVING COMPANY** and the **MERGED COMPANY**, so as to make the accounting entries in the **SURVIVING COMPANY**, and to calculate the reimbursement value of the shares issued by the **MERGED COMPANY**, in the event of the possible exercise of the right of recourse by any of the two shareholders of the **MERGED COMPANY**, and (iii) the net equity appraisal at market price of the **SURVIVING COMPANY** and **MERGED COMPANY**, which will serve as parameters for the ratio of replacement of the shares of the **MERGED COMPANY** for the shares of the **SURVIVING COMPANY**, in compliance with the provisions in article 264 of Law n° 6.404/76, as well as the audit review of the financial statements of the **SURVIVING COMPANY** and **MERGED COMPANY**, were carried out by the specialized companies indicated in items **2.2.** below, as of the base date established in item **2.1** of this Protocol and Justification, and based on the criteria set out in Laws n° 6.404/76 and 11.638/07, regarding preparation of the financial statements.

1.5. The balances of the credit and debit accounts of the **MERGED COMPANY** will be transferred to the accounting books of the **SURVIVING COMPANY**, with the necessary adaptations being required.

1.6. The assets, rights and obligations of the **MERGED COMPANY**, which are to be conveyed to the **SURVIVING COMPANY** are described in detail in the Book Appraisal Report of the **MERGED COMPANY** (mentioned in item 2.2 below).

1.7. The management of the **SURVIVING COMPANY** will be liable for performing all acts required to implement the **Merger**, and it will be liable for all the costs and expenses arising from such implementation.

1.8. Once the **Merger** is approved pursuant to paragraph three of article 227 of Law n° 6.404/76, the **MERGED COMPANY** will be extinguished by operation of law.

2. APPRAISAL CRITERIA AND BASE DATE OF THE MERGER

2.1. For all legal effects, the **Merger** will have as reference date the base date of July 31, 2008 (Base Date).

2.2. 3. TREATMENT ASCRIBED TO EQUITY VARIATIONS UNTIL THE DATE OF THE MERGER

3.1. The equity variations in **IPQ** between the **Base Date** and the date of the **Merger** will be fully registered for all purposes in the accounting books of **IPQ** and will be recognized by **BRASKEM** in the equity accounting income account.

4. AGGREGATE AMOUNT OF THE NET EQUITY AND SHARES TO BE CANCELLED

4.1. According to the accounting appraisal of the **MERGED COMPANY**, the book value of the net equity of the **MERGED COMPANY** to be conveyed to the **SURVIVING COMPANY** is one billion nine hundred and ninety-four million four hundred and twenty-five thousand three hundred and eighty-five reais and twenty-two centavos (R\$ 1,994,425,385.22), subject to the provisions of Clause 3 above.

5. REPLACEMENT RATIO OF THE SHARES FOR MERGER PURPOSES

5.1. As a result of the **Merger**, the shareholders of the **MERGED COMPANY** will receive, in replacement of its shares representing the capital of the **MERGED COMPANY**, the shares issued by the **SURVIVING COMPANY**, according to the replacement ratio contained in the table below, which is established based on the economic values of the shares of the **PARTIES**, as per the **Appraisal Reports at Economic Value** mentioned in item **2.2.** above (Exhibit IV).

5.2. For the purposes of article 264 of Law 6404/76, the net equity of the **MERGED COMPANY** and the **SURVIVING COMPANY** was appraised according to the same criteria, at market prices, on the **Base Date**, as shown by the **Appraisal Reports on the Net equity at Market Price** (Exhibits II and III).

5.3. Within this context, based on such **Appraisal Reports at Economic Value** and **Appraisal Reports on Net Equity at Market Price**, the replacement ratio for the common and preferred shares issued by the **MERGED COMPANY** for class A preferred shares issued by the **SURVIVING COMPANY**, which are the subject matter of this merger, will be one (1) common or preferred share of the **MERGED COMPANY** for each 0,0030483804923 Class A Preferred Share of the **SURVIVING COMPANY**, established on the basis of the economic value, as per the table below:

7. CAPITAL INCREASE OF THE SURVIVING COMPANY

7.1. Upon approval of the Merger, **IPQ** will be extinguished by operation of law pursuant to the terms of articles 219, item II, and 227, paragraph 3 of Law 6.404/76, and its net assets, as of the **Base Date**, appraised at book value, will be merged into **BRASKEM**, resulting in an increase in the capital of **BRASKEM** of fourteen million one hundred and forty-six thousand one hundred and eleven reais and ninety-eight centavos (R\$ 14,146,111.98), which will raise from five billion three hundred and sixty-one million six hundred and fifty-five thousand eight hundred and eighty-eight reais and sixty-seven centavos (R\$ 5,361,655,888.67) to five billion three hundred and seventy-five million eight hundred and two thousand reais and sixty-five centavos (R\$ 5,375,802,000.65), upon the issue of one million five hundred and six thousand and sixty-one (1,506,061) class A preferred shares, registered and with no par value. Therefore, Article 4 of the bylaws of the **SURVIVING COMPANY** will henceforth have the following wording:

Article 4 The Company's share capital is five billion three hundred and seventy-five million eight hundred and two thousand and sixty-five centavos (R\$ 5,375,802,000.65), divided into five hundred and twenty-four million three hundred and ninety-one thousand six hundred and fifty-four (524,391,654) shares, of which one hundred and ninety-six million seven hundred and fourteen thousand one hundred and ninety (196,714,190) are common shares, three hundred and twenty-six million eight hundred and seventy-four thousand three hundred and ninety-eight (326,874,398) are class A preferred shares and eight hundred and three thousand and sixty-six (803,066) are class B preferred shares.

7.2. The 1,506,061 registered class A preferred shares, with no par value, issued by **BRASKEM**, will be subscribed by the shareholders of **IPQ** which hold the rights and obligations comprised in the net assets to be merged, ratably to their participation in the capital of **IPQ**, and paid up with such net assets, according to the replacement ratio established in item **5.3.** above.

7.3. As the Merger of **IPQ** into **BRASKEM** involves controlling and controlled companies, the provisions of article 226, paragraph 1 of Law 6404/76 shall apply, and the 32,589,594,686 common shares and the 36,571,689,172 preferred shares issued by **IPQ** and owned by **BRASKEM** shall be cancelled.

7.4. Although, to the best of the **IPQ** management's knowledge, there are no shareholders of **IPQ** in disagreement with this Merger transaction, item **5.3** of this **Protocol and Justification** provides not only the replacement ratio used in the Merger, ascertained on the basis of the appraisal reports at economic value of the **PARTIES**, but also the calculation of the replacement ratio based on the net equity value of the shares of the **PARTIES**, both equities being evaluated according to the same criteria and on the same date, at market prices, for the purposes of article 264 of Law 6.404/76.

8. FINAL PROVISIONS

8.1. The implementation of the **Merger** is subject and will be submitted to resolution at a general meeting of **IPQ** and **BRASKEM**, which shall approve, as applicable, (i) this **Protocol and Justification**; (ii) the appointment of a specialized company to appraise the Net Equities of the **MERGED COMPANY**; and (iii) the merger of the Net Equities of **IPQ** into **BRASKEM**, subject to the terms and conditions set out in this **Protocol and Justification**.

8.3. Since on the date hereof, the corporate act for capital reduction mentioned in item **5.1** above is still in the process of formalization at the relevant Commercial Registry, **GRUST** signs this **Protocol and Justification**, expressly consenting to the terms and conditions of the **Merger**.

8.4. By virtue of the **Merger**, **BRASKEM** will generally succeed to **IPQ** in all rights and obligations, pursuant to article 229, paragraph 1 of Law 6404/76.

8.5. After filing of the documents approving the **Merger** with the competent Commercial Registries, the management of **BRASKEM** will arrange for the obtaining of all annotations and registrations related to the **Merger** that may be necessary, including and especially before the federal, state and municipal agencies, and other competent bodies and registries, for the purpose of transferring thereto the enrollments, books, registrations and other documents of **IPQ**, pursuant to applicable laws.

8.6. To avoid interruption of the activities and operations, such activities and operations will be provisionally conducted still in the name of **IPQ**, including with the utilization of corporate and tax documents until the procedures set out in item **8.5** above can be formalized.

8.7. Additionally, as there is no further information to be provided to the **IPQ** shareholders that could assist them in evaluating the exchange ratio established herein, the managers of **IPQ** and **BRASKEM** will be at disposal to provide any clarifications that may be needed.

8.8. The **PARTIES** elect the courts of the Judicial District of Camaçari, State of Bahia, to settle all matters arising out of this **Protocol and Justification**.

9. CONCLUSION

9.1. Shareholders of **IPQ** and **BRASKEM**, these are the rules and procedures that, pursuant to law, will govern this transaction of **Merger**, and which the managers of the **PARTIES** consider to be of interest to the **COMPANY**.

IN WITNESS WHEREOF, the **PARTIES** sign this **Protocol and Justification** in three (03) counterparts of identical form and content, to one sole effect, in the presence of the two undersigned witnesses.
