BRASKEM ANNOUNCES CHANGES IN THE IR AREA STRUCTURE

São Paulo, Brazil, April 18, 2012 - Braskem (BM&FBovespa: BRKM5, BRKM3, BRKM6; NYSE: BAK; LATIBEX: XBRK), the leading resin producer in the Americas, announces to the market its new Investor Relations structure.

Guilherme A. Mélega, responsible for Corporate Controlling since April 2008, will also be the head of the IR area, reporting directly to the CFO and IR, Marcela Drehmer. Guilherme is graduated in Economics from FAAP/SP and holds an MBA from the University of Rochester in the USA.

Braskem takes this opportunity to reaffirm its commitment to the Capital Market, in a continuous pursue of the best practices of corporate governance, excellence in communication, focused on transparency and equality, and a proactive approach towards investors and analysts.

The IR team remains at your disposal for further clarifications at + 55 (11) 3576-9531 or braskem-ri@braskem.com.br.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
