OF INSIDER HOLDINGS**

ATHENS, GREECE, July 30, 2008 Star Bulk Carriers Corp. (the Company or Star Bulk) (NASDAQ: SBLK), announced today that F5 Capital, a company affiliated with Mr. Nobu Su, one of the Company's directors, filed a Schedule 13D report yesterday with the Securities and Exchange Commission to disclose its disposition of approximately 9.5 million Star Bulk common shares in certain private transactions. According to the Schedule 13D, F5 Capital's beneficial ownership in the Company has been reduced to approximately 3.8 million shares, representing roughly 7% of the Company's issued and outstanding shares. .

Akis Tsirigakis, President and CEO of Star Bulk commented: The sale of a number of Star Bulk shares held by a company affiliated with Nobu Su was effected with the consent of our Board of Directors. It does not affect our business plan and does not diminish our confidence in the positive outlook of the dry bulk sector and the prospects of

our company. Further, Mr. Su's affiliated company continues to be a significant shareholder. There has been no change in our Board of Directors and Mr. Su remains a Director. We welcome the higher free float and the potential for increased liquidity of our shares.

Forward-Looking Statements

The information in this press release may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements include, but are not limited to, statements regarding: (1) the delivery and operation of assets of Star Bulk; (2) Star Bulk's future operating or financial results; (3) future, pending or recent acquisitions, business strategy, areas of possible expansion, and expected capital spending or operating expenses; (4) drybulk market trends, including charter rates and factors affecting vessel supply and demand; and (5) other statements identified by words such as "anticipate," "believe," "plan," "estimate," "expect," "intend," "should," "may," or words of similar meaning.

Such forward looking statements are based upon various assumptions, many of which are based, in turn, upon further assumptions, including without limitation, Star Bulk's examination of historical operating trends, data contained in their records and other data available from third parties. Although Star Bulk believes that these assumptions were reasonable when made, because these assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond their control, Star Bulk cannot assure you that Star Bulk will achieve or accomplish these expectations, beliefs or projections. Important factors that could cause actual results to differ materially from those discussed in the forward-looking statements include the failure of a seller to deliver one or more vessels, the strength of world economies and currencies, general market conditions, including changes in charterhire rates and vessel values, changes in demand that may affect attitudes of time charterers to scheduled and unscheduled drydocking, changes in Star Bulk's operating expenses, including bunker prices, dry-docking and insurance costs, or actions taken by regulatory authorities, potential liability from pending or future litigation, domestic and international political conditions, potential disruption of shipping routes due to accidents and political events or acts by terrorists. Additional factors that could cause Star Bulk's results to differ materially from those described in the forward-looking statements can be found in Star Bulk's Annual Report on Form 20-F, Registration Statement on Form F-1/F-4 and reports on Form 6-K filed with the Securities and Exchange Commission (the "SEC") and available at the SEC's Internet site (<http://www.sec.gov>).
