(1) Assumes conversion of all of the holder's notes at a conversion rate of 16.7771 shares of common stock per \$1,000 principal amount at maturity of the notes. This conversion rate is subject to adjustment, however, as described under "Description of the Notes - Conversion Rights - Make Whole Amount and Description of the Notes - Conversion Rights." As a result, the number of shares of common stock issuable upon conversion of the notes may increase or decrease in the future. With respect to each \$1,000 principal amount of notes surrendered for conversion, we will deliver the conversion value to holders as follows: (1) an amount in cash (the "principal return") equal to the lesser of (a) the aggregate conversion value of the notes to be converted and (b) \$1,000, and (2) if the aggregate conversion value of the notes to be converted is greater than the principal return, an amount in shares (the "net shares") equal to such aggregate conversion value, less the principal return. The number of net shares to be delivered will be determined as described in the prospectus.

(2) Includes shares of common stock issuable upon conversion of the notes in addition to any other shares of common stock identified to us by the selling securityholder as owned by it. See footnote (1).

(3) Calculated based on Rule 13d-3(d)(i) of the Exchange Act, using 59,536,005 common shares outstanding as of September 27, 2006. In calculating this amount for each holder, we treated as outstanding the number of shares of common stock issuable upon conversion of all that holder's notes, but we did not assume conversion of any other holder's notes.

(4) The selling securityholder has identified itself as an affiliate of a broker-dealer. Each such selling securityholder has informed us that: (1) such selling securityholder purchased its notes in the ordinary course of business, and (2) at the time that the notes were purchased, the selling securityholder had no agreements or understandings, written or otherwise, with any person to, directly or indirectly, distribute the notes.

(5) The selling securityholder has indicated that Patrick Corrigan, a director of Deutsche Bank Securities, Inc., has dispositive power over the notes and voting and dispositive power over the shares of common stock underlying the notes held by this selling securityholder. Mr. Corrigan disclaims beneficial ownership of the notes and the shares of common stock underlying the notes held by this selling securityholder.

(6) Michael A. Boyd, Chairman and Chief Executive Officer of Forest Investment Management LLC, the investment advisor of the selling securityholder, has dispositive power over the notes and voting and dispositive power over the shares of common stock underlying the notes held by this selling securityholder.
