(1) The number of underlying securities is based on the stock fund balance on March 2, 2006. The actual number of shares issuable upon the distribution date is not determinable since the stock fund is a unitized account consisting of 96% company stock and 4% money market fund. The stock account balance reflected in this report is based on a March 2, 2006, stock fund price of \$70.67 per share. A company matching contribution of 80.98 shares was deposited into the account.

(2) Each share of phantom stock is the economic equivalent of one share of Johnson Controls common stock. Shares of phantom stock are payable in cash following the reporting person's termination of employment with the company and may be transferred by the reporting person into an alternative investment account at any time.

(3) The phantom stock units were accrued under the Johnson Controls Annual Incentive Plan and are to be settled 100% in cash upon the reporting person's retirement.

(4) Fifty percent of the options become exercisable two years after the grant date; the remaining 50%, three years after grant date.
