PROXY STATEMENT

This Proxy Statement has been prepared in connection with the solicitation of proxies by the Board of Directors of Guaranty Federal Bancshares, Inc. (the “Company”) for use at the annual meeting of stockholders to be held on May 23, 2018 (the “Annual Meeting”), and at any adjournment(s) thereof. The Annual Meeting will be held at 6:00 p.m., local time, at the Guaranty Bank Headquarters, 2144 E Republic Rd, Suite F200, Springfield, Missouri. This Proxy Statement will first be made available to stockholders on April 13, 2018.

RECORD DATE--VOTING--VOTE REQUIRED FOR APPROVAL

All persons who were holders of record of the common stock, par value \$0.10 per share (“Common Stock”) of the Company at the close of business on April 2, 2018 (“Record Date”) will be entitled to cast votes at the Annual Meeting. Article XIII of the Company’s Certificate of Incorporation provides that the number of shares Common Stock that may be voted by a record holder who beneficially owns Common Stock in excess of 10% of the outstanding shares of Common Stock as of the Record Date (the “Limit”), will be determined pursuant to a formula set forth in Article XIII. However, if the Company’s Board of Directors (the “Board of Directors” or the “Board”) approves the acquisition of the shares of Common Stock that result in the record owner beneficially owning more than 10% of the outstanding Common Stock, Article XIII is not applicable. Further, this restriction does not apply to employee benefit plans of the Company.

Voting may be by proxy or in person. As of the Record Date, the Company had 4,439,757 shares of Common Stock issued and outstanding. Holders of a majority of the outstanding shares of Common Stock entitled to vote (after giving effect, if required, to Article XIII), will constitute a quorum for purposes of transacting business at the Annual Meeting.

Stockholders are urged to vote in one of the following manners: (i) via the internet at www.investorvote.com/GFED; (ii) by telephone at 1-866-641-4276; or (iii), for stockholders who request a paper copy, by indicating their vote in the

appropriate spaces on the proxy card. Each proxy solicited hereby, if properly executed, duly received by the Board of Directors and not revoked prior to the Annual Meeting, will be voted at the Annual Meeting in accordance with the stockholder's instructions indicated thereon. Where no instructions are indicated, proxies will be voted by those named in the proxies FOR the approval of the specific proposals presented in this Proxy Statement and on the proxy card and in the discretion of those named in the proxies upon any other business that may properly come before the Annual Meeting or any adjournment thereof. Each stockholder shall have one vote for each share of Common Stock owned. No appraisal or dissenters' rights exist for any action to be taken at the Annual Meeting.

A stockholder giving a proxy has the power to revoke the proxy at any time before it is exercised by filing with the Secretary of the Company written instructions revoking the proxy. A duly executed proxy bearing a later date will be sufficient to revoke an earlier proxy. The proxy executed by a stockholder who attends the Annual Meeting will be revoked only if that stockholder files the proper written instrument with the Secretary prior to the end of the voting at the Annual Meeting.

To the extent necessary to assure sufficient representation at the Annual Meeting, proxies may be solicited by officers, directors and regular employees of the Company personally, by telephone, by internet or by further correspondence. Officers, directors and regular employees of the Company will not be compensated for their solicitation efforts. The cost of soliciting proxies from stockholders will be borne by the Company. The Company will also reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of Common Stock.

Regardless of the number of shares of the Company's Common Stock owned, it is important that stockholders be represented by proxy or be present in person at the Annual Meeting. In order for any proposals considered at the Annual Meeting to be approved by the Company's stockholders, a quorum must be present. Stockholders are requested to vote by visiting the internet at www.investorvote.com/GFED or by requesting a paper proxy card and returning it signed and dated in the enclosed postage-paid envelope.

Proxies marked as abstentions and broker non-votes (as defined below) will be treated as shares present for purposes of determining whether a quorum is present. Proxies marked as abstentions will not be counted as votes cast and will not affect the election of directors, advisory approval of executive compensation, or ratification of BKD, LLP as the independent registered public accounting firm. Brokers are entitled to vote the shares they hold for their customers in "street name" on routine matters when the customers (i.e. the "beneficial owners") do not instruct the brokers how to vote the customer's shares. Only Proposal Three, regarding the ratification of BKD, LLP as Independent Registered Public Accounting Firm, is deemed to be a routine matter. Brokers will be entitled to vote shares of Common Stock they hold in street name on Proposal Three in the absence of instructions on how to vote by the beneficial owners. Proposals One and Two are not deemed to be routine matters and, as such, brokers are not entitled to vote shares of Common Stock they hold in street name on Proposals One and Two in the absence of instructions on how to vote from the beneficial owners. These are referred to as "broker non-votes." Broker non-votes will not be counted as votes cast, and therefore will not affect the election of directors or the advisory approval of executive compensation.

Pursuant to Article XIII of the Company's Certificate of Incorporation, the voting restrictions imposed thereby will apply to a broker, a bank, trust company or other nominee that is the record holder of Common Stock it holds for beneficial owners that either individually or collectively own in excess of the Limit. However, if the Board approved the acquisition of the shares by the broker, bank, trust company or other nominee that resulted in that record holder beneficially owning more than 10% of the outstanding Common Stock, the voting restrictions imposed by Article XIII would not be applicable and such shares would be voted as instructed by the beneficial owner.

Directors are elected by a plurality of votes of the shares represented in person or by proxy at the Annual Meeting. The proposals to approve executive compensation (advisory) and to ratify the selection of the independent registered public accounting firm require the affirmative vote of a majority of the votes cast on such matters.

SECURITIES OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND management

Persons and groups owning in excess of 5% of the Common Stock are required to file certain reports regarding such ownership pursuant to the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Article XIII of the Certificate of Incorporation of the Company restricts the voting of all shares of Common Stock beneficially owned by record holders who beneficially own in excess of 10% of the outstanding shares of Common Stock unless the Board approved the acquisition of the shares that resulted in the record owner beneficially owning more than the Limit. This restriction does not apply to employee benefit plans of the Company. The following table sets forth, as of the Record Date, persons or groups who are known by the Company to beneficially own more than 5% of the Common Stock.

Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Total Outstanding Common Shares
Castle Creek Capital Partners V, LP 6051 El Tordo Racho Santa Fe, CA 92067	918,804 (1)	20.69%

(1) Information based on a joint schedule 13G/A filed with the Securities and Exchange Commission on March 6, 2018 by Castle Creek Capital Partners V, LP (“Fund V”), Castle Creek Capital V LLC (“CCC V”), John M. Eggmeyer III, Mark G. Merlo, John T. Pietrzak and J. Mikesell Thomas as the “Reporting Persons.” Each of the Reporting Persons may be deemed to be the beneficial owner of the 918,804 shares of Common Stock held directly by Fund V. CCC V is the sole general partner of Fund V. Mr. Eggmeyer, Mr. Merlo, Mr. Pietrzak, and Mr. Thomas share voting and dispositive power over the 918,804 shares beneficially owned by Fund V, due to the fact that each is a managing principal of CCC V. CCC V, Mr. Eggmeyer, Mr. Merlo, Mr. Pietrzak, and Mr. Thomas each disclaim beneficial ownership of the Common Stock, except to the extent of their respective pecuniary interest in Fund V. The record holder of the shares of Common Stock beneficially owned by Fund V may vote all 918,804 shares of Common Stock beneficially owned by it, without restrictions on voting imposed by Article XIII of the Company’s Certificate of Incorporation, because the Board of Directors approved the acquisition of the shares of Common Stock that exceed the Limit.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than 10% of the Common Stock, to file reports detailing their ownership and changes of ownership in the Common Stock with the Securities and Exchange Commission ("SEC") and to furnish the Company with copies of all such ownership reports. Based solely on the Company's review of the copies of the ownership reports furnished to the Company, and written representations relative to the filing of certain forms, the Company believes that all Section 16(a) filing requirements applicable to its officers and directors, and persons who own more than 10% of the Common Stock, were complied with during the 2017 fiscal year.

Director Independence

The Board has determined that all of the directors, except for Mr. Burke who is an executive officer of the Company, are “independent directors” as that term is defined in Rule 5605(a) (2) of the Marketplace Rules of The NASDAQ Stock Market (“NASDAQ”). These directors constitute a majority of the Board.

Board Leadership Structure

Throughout its history, the Company has kept the positions of Chairman of the Board and Chief Executive Officer separate. Currently, Mr. Batten holds the position of Chairman of the Board (since 2016) and Mr. Burke holds the position of Chief Executive Officer. Mr. Batten is considered to be “independent” according to NASDAQ listing requirements.

The Board believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for the Company at this time and demonstrates our commitment to good corporate governance. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman to lead the Board in its fundamental role of providing advice to and independent oversight of management. We believe that having an independent Chairman eliminates the conflicts of interest that may arise when the positions are held by one person. In addition, this leadership structure allows the Board to more effectively monitor and evaluate the performance of our Chief Executive Officer.

Board’s Role in Risk Oversight

It is necessary to effectively manage risk when managing and operating every financial institution. We face a number of risks, including but not limited to, general economic risks, credit risks, regulatory risks, audit risks, information security and technology risks, reputational risks, and business competition. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the general oversight of risk management. In its role of risk oversight, the Board has the responsibility to satisfy itself that the risk management processes and procedures designed and implemented by management are appropriate and functioning as designed.

While the full Board is charged with ultimate oversight responsibility for risk management, various committees of the Board and members of management also have specific responsibilities with respect to our risk oversight. Each Board committee has been assigned oversight responsibility for specific areas of risk and risk management, and each committee considers risks within its areas of responsibility. Each of these committees receives regular reports from management regarding our risks and reports regularly to the Board concerning risk.

We believe that providing for full and open communication between management and the Board is essential for effective risk management and oversight. Certain senior management personnel, consistent with their specific areas of responsibility, attend Board meetings and/or Board committee meetings on a regular and consistent basis. We have regular and ongoing reporting and communication mechanisms in place to ensure that oversight is effective.

Meetings and Committees of the Board of Directors

The business of the Company is conducted at regular and special meetings of the full Board of Directors and its standing committees. The standing committees consist of the Executive, Audit, Compensation, Nominating, Investment, Special and Building. During the twelve months ended December 31, 2017, the Board held twelve regular meetings. No director attended less than 75% of those meetings and the meetings held by all committees of the Board of Directors on which he served.

Although the Company does not have a formal policy regarding director attendance at the Company's annual stockholders' meeting, all directors are expected to attend these annual meetings absent extenuating circumstances. All current directors attended the Company's annual meeting of stockholders held on May 24, 2017.

Stockholder Communications with Directors

Stockholders and other interested persons who wish to communicate with the Board of Directors of the Company, or any individual director, should send their written correspondence by mail to: Vicki Lindsay, Secretary, Guaranty Federal Bancshares, Inc., 2144 E. Republic Rd., Ste F200, Springfield, Missouri, 65807.

Audit Committee

The Company has a separately designated Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The Audit Committee of the Board currently consists of four directors: Messrs. Moore, Horton, Batten, and Hellweg, each of whom is an "independent director" as defined under the NASDAQ listing standards and the criteria for independence set forth in Rule 10A-3 of the Securities Exchange Act of 1934. The Board has determined that Mr. Moore qualifies as an Audit Committee Financial Expert, as defined in the rules and regulations of the SEC. This standing committee, among other things, (i) regularly meets with the internal auditor to review audit programs and the results of audits of specific areas as well as other regulatory compliance issues, (ii) meets at least annually in executive session with the Company's independent auditors to review the results of the annual audit and other related matters, and (iii) meets quarterly with management and the independent auditors to review the Company's financial statements and significant findings based on the independent auditor's review. The Audit Committee is responsible for hiring, retaining, compensating and terminating the Company's independent auditors. The Audit Committee operates under a written charter adopted by the Company's Board of Directors. A copy of the Audit Committee Charter is

included as Appendix A to this Proxy Statement.

During the twelve months ended December 31, 2017, the Audit Committee met four times.

Nominating Committee

The Nominating Committee of the Board is composed of three or more directors as appointed by the Board, each of whom are required to be an “independent director” as defined under the NASDAQ listing standards. Currently, the Nominating Committee consists of three directors, Messrs. Sivils, Moore, and Batten, each of whom is an “independent director.” During the twelve months ended December 31, 2017, the Nominating Committee met two times. The Nominating Committee operates under a formal written charter adopted by the Board of Directors. A copy of the Nominating Committee Charter was included as Appendix A to the Proxy Statement prepared in connection with the annual meeting of stockholders held on May 24, 2017.

The Nominating Committee is responsible for identifying individuals qualified to serve as members of the Board and recommending to the Board the director nominees for election and appointment to the Board, as well as director nominees for each of the committees of the Board. In accordance with its charter, the Nominating Committee recommends candidates (including incumbent nominees) based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable obligations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Company’s communities and shared values, as well as overall experience in the context of the needs of the Board as a whole. The Committee monitors the mix of skills and experience of its directors and committee members in order to assess whether the Board has the appropriate tools to perform its oversight function effectively. The Committee does not have a separate diversity policy, but the Nominating Committee does consider the diversity of its directors and nominees in terms of knowledge, experience, skills, expertise, and other demographics which may contribute to the Board.

With respect to nominating existing directors, the Nominating Committee reviews relevant information available to it and assesses their continued ability and willingness to serve as a director. The Nominating Committee will also assess such person's contribution in light of the mix of skills and experience the Nominating Committee has deemed appropriate for the Board as a whole. With respect to nominations of new directors, the Nominating Committee will conduct a thorough search to identify candidates based upon criteria the Nominating Committee deems appropriate and considering the mix of skills and experience necessary to complement existing members of the Board. The Nominating Committee will then review selected candidates and make its recommendation to the Board.

Nominations by a stockholder will be considered by the Nominating Committee if such nomination is written and delivered or mailed by first class United States mail, postage prepaid, to the Secretary of the Company between 30 and 60 days prior to the meeting at which such nominee may be considered. However, if less than 31 days' notice of the meeting is given by the Company to stockholders, written notice of the stockholder nomination must be given to the Secretary of the Company as provided above no later than the tenth day after notice of the meeting was mailed to stockholders. A nomination must set forth, with respect to the nominee, (i) name, age, and addresses, (ii) principal occupation or employment, (iii) Common Stock beneficially owned, and (iv) other information that would be required in a proxy statement. The stockholder giving notice must list his or her name and address, as they appear on the Company's books, and the amount of Common Stock beneficially owned by him or her. In addition, the stockholder making such nomination must promptly provide to the Company any other information reasonably requested by the Company. Nominations from stockholders will be considered and evaluated using the same criteria as all other nominations.

Compensation Committee

The Board of Directors of the Company and the Board of Directors of the Bank are comprised of the same persons. The Compensation Committee of the Bank's Board of Directors, which consists solely of non-employee directors of the Bank, is comprised of Messrs. Hellweg, Griesemer, Moore and Horton. As indicated above, each of these committee members is an "independent director" as defined under the NASDAQ listing standards. The Company has no employees and relies on employees of the Bank for the limited services received by the Company. All compensation paid to executive officers of the Company is paid by the Bank.

The Compensation Committee, together with the full Board, is responsible for designing the compensation and benefit plans for all employees, executive officers and directors of the Company and the Bank, including the Chief Executive Officer, based on its review of performance measures, industry salary surveys and the recommendations of management concerning compensation (See "Report on Executive Compensation"). The Compensation Committee recommends adjustments to the compensation of the Chief Executive Officer and the other Named Executive Officers of the Company based upon its assessment of individual performance and the Bank's performance, and makes other recommendations, when appropriate, to the full Board of Directors. Independent consultants may be engaged directly by the Compensation Committee to evaluate the Company's executive compensation. The Compensation Committee, together with the full Board, determines the compensation of all other officers. The Compensation Committee may delegate its authority to a subcommittee of the Compensation Committee.

During the twelve months ended December 31, 2017, the Compensation Committee met one time. The Compensation Committee operates under a formal written charter adopted by the Company's Board of Directors. A copy of the Compensation Committee Charter was included as Appendix B to the Proxy Statement prepared in connection with the annual meeting of stockholders held on May 24, 2017.

REPORT OF THE COMPENSATION COMMITTEE

Compensation Committee Interlocks and Insider Participation

Since August 2002, the Compensation Committee of the Board has consisted of non-employee directors of the Bank. Mr. Burke, the current President and Chief Executive Officer of the Company and the Bank, did not serve as a member of the Compensation Committee during 2017. No executive officer of the Company served on the Compensation Committee or Board of Directors of any company that employed any member of the Company's Compensation Committee or Board of Directors.

COMPENSATION DISCUSSION AND ANALYSIS

Overall Compensation Philosophy and Objectives

The Compensation Committee, together with the full Board, has designed the compensation and benefit plans for all employees, executive officers and directors in order to attract and retain individuals who have the skills, experience and work ethic to provide a coordinated work force that will effectively and efficiently carry out the policies adopted by the Board and to manage the Company and the Bank to meet the Company's mission, goals and objectives.

To determine the compensation of executive officers and directors, the Compensation Committee reviews industry compensation statistics based on our asset size, makes cost of living adjustments, and establishes salary ranges for each executive officer and fees for the Board. The Compensation Committee then reviews (i) the financial performance of the Bank over the most recently completed fiscal year (including Return on Assets, Return on Equity, asset quality, etc.) compared to results at comparable companies within the industry, and (ii) the responsibilities and performance of each executive officer and the salary compensation levels of each executive officer compared to like

positions at comparable companies within the industry. The Compensation Committee evaluates all factors subjectively in the sense that they do not attempt to tie any factors to a specific level of compensation.

The Compensation Committee offers long-term incentives for executive officers and other management personnel primarily in the form of restricted stock awards. We believe that our stock award programs are an important component of compensation to attract and retain talented executives, provide an incentive for long-term corporate performance, and to align the long-term interests of executives and stockholders.

All executive officers may participate on an equal, non-discriminatory basis in the Bank's contributory 401(k) tax-deferred savings plan, medical insurance plan, long-term disability plan and group life insurance plan. The Compensation Committee of the Bank recommends all compensation and benefit plans to the full Board for approval annually.

Executive Compensation Philosophy and Objectives

The Compensation Committee is guided by the following four key principles in determining the compensation of the Company's executive officers:

Competition. The Committee believes that compensation should reflect the competitive marketplace, so the Company can attract, retain and motivate talented personnel.

Accountability for Business Performance. Compensation should be tied in part to the Company's financial performance, so that executives are held accountable through their compensation for the performance of the Company.

Accountability for Individual Performance. Compensation should be tied in part to the individual's performance to reflect individual contributions to the Company's performance.

Alignment with Stockholder Interests. Compensation should be tied in part to the Company's stock performance through long-term incentives such as restricted stock, to align the executive's interests with those of the Company's stockholders.

Consideration of 2017 Say on Pay

At the Company's 2017 annual meeting of shareholders, 94.08% of voting shareholders approved the non-binding advisory proposal on the compensation of the Named Executive Officers (or "NEOs"), (commonly referred to as a "say-on-pay" vote).

The Board and the Compensation Committee pay careful attention to communications received from shareholders regarding executive compensation, including the non-binding advisory vote. The Company carefully considered the result of the 2017 advisory vote on executive compensation but not for specific 2017 compensation decisions. Based on this consideration and the other factors described in this Compensation Discussion and Analysis, the Compensation Committee did not materially alter the policies or structure for the NEO's compensation for 2017 or 2018.

Report of Executive Compensation

The compensation of the Chief Executive Officer (the "CEO") and other NEOs is recommended by the Compensation Committee with final approval from the full Board. The CEO is not a member of the Compensation Committee and does not attend any Compensation Committee meetings unless specifically requested to do so by the Chairman of the Compensation Committee. The CEO may act as a key discussion partner with the Compensation Committee members to provide information regarding business context, the market environment and our strategic direction. The CEO also

provides recommendations to the Compensation Committee on individual performance evaluations and compensation for the NEOs, other than himself. The Compensation Committee strives to provide total compensation that is aligned and competitive with compensation data compiled in 2016 by its compensation consultant, ChaseCompGroup, LLC, based on a peer group of selected publicly-traded companies within the banking industry, a similar geographic location and with comparable financial performance. The peer group provides a reference point when making pay decisions and benchmarking short-term and long-term incentive plan awards and mechanics. The compensation packages reflect a range based on this analysis, augmented by the performance of the individual executive officer and the Company. Grants under the various equity plans described below provide long-term incentive to stay with the Company, but should not replace, or override, maintenance of the compensation range established from the peer group.

The Compensation Committee has reviewed all components of the CEO's and the other NEOs compensation, including salary, bonus, accumulated and realized and unrealized stock options and restricted stock awards. Based on this review, the Committee finds the CEO's and other NEOs total compensation in the aggregate to be reasonable and not excessive. It should be noted that when the Compensation Committee considers any component of the CEO's and NEOs total compensation, the aggregate amounts and mix of all the components, including accumulated and realized and unrealized stock options and restricted stock awards, are taken into consideration in the Committee's decisions.

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis included in this Statement with management. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Statement for filing with the SEC.

In view of the current economic and financial environment, the Compensation Committee of the Board of Directors has reviewed the design and operation of the Company's incentive compensation arrangements, including the performance objectives and target levels used in connection with incentive awards and evaluated the relationship between the Company's risk management policies and practices and these arrangements. The Compensation Committee's review was designed to assess whether any aspect of the compensation program would encourage any of the Company's executives to take any unnecessary or inappropriate risks that could threaten the value of the Company or the Bank.

The Committee members identified the risks that the Company faces that could threaten its value. These risks include, but are not limited to, the following:

- Credit risk
- Liquidity risk
- Interest rate risk
- Market risk
- Operation/transactional risk
- Information and technology risk
- Fiduciary/litigation risk
- Compliance risk
- Environmental risk
- Reputation risk
- Financial risk
- Fraud risk

The Compensation Committee also reviewed and discussed materials on compensation risk assessment, including information on executive compensation design and administrative features that could induce excessive risk taking. In this regard, the performance objectives contained in our annual incentive compensation plan have been balanced with those contained in our long-term incentive compensation plan to ensure that both are aligned and consistent with our long-term business plan, our mix of equity-based awards has been allocated to ensure an appropriate combination of incentive and retention objectives, and our stock ownership guidelines have been established to ensure that the interests of our Senior Executive Officers have been aligned with the interests of our stockholders.

THE COMPENSATION COMMITTEE

On June 27, 2016, the Company entered into an employment agreement with the new CLO H. Charles Puls. Each employment agreement has a term of one year, unless further extended or earlier terminated pursuant to its terms, and sets forth a minimum base salary payable to the officer and provides that the officer is eligible to participate in the Company's bonus, incentive, retirement, health and other insurance benefit plans made available to executive-level employees.

In the event of the officer's involuntary termination without cause prior to a change in control of the Company (as defined in the employment agreement), each officer other than Mr. Burke would receive 24 months base pay. Mr. Burke would receive 36 months base pay. Such severance would be made in periodic installments and is conditioned upon the officer executing a release and waiver of claims in favor of the Company.

The four performance measurements of the Company (and the weight given to each measurement) applicable to each award level are as follows: (i) revenue growth (20%); (ii) net interest margin (20%); (iii) pre-tax net income (40%); and (iv) non-performing assets to average total assets (20%). On March 29, 2017 (the "Grant Date"), the Company entered into long-term incentive performance share arrangements for Mr. Burke, Mr. Peters, Ms. Robeson, Mr. Puls and Ms. Biser. The Plan will pay a maximum number of shares of which there are three possible levels of incentive awards: threshold (25%); target (50%); and maximum (100%). For any bonus amount to be paid, the threshold level of performance must be achieved. The bonus amount will be prorated for performance achievements between the threshold and target levels and between the target and maximum levels. The two performance measurements of the Company (and the weight given to each measurement) applicable to each award level are as follows: (i) Total Assets (50%) and (ii) Return on Average Assets (50%). The following minimum criteria must all be satisfied before an award is paid under the Plan: (i) No consent orders from any regulatory agency are in place at the time of vesting and (ii) No decline in composite CAMELS rating by the end of the Performance Period as compared to the ratings as of the Grant Date. Indebtedness of Management and Directors and Transactions with Certain Related Persons

Loans made to a director or executive officer in excess of the greater of \$25,000 or 5% of the Company's capital and surplus (up to a maximum of \$500,000) must be approved in advance by a majority of the disinterested members of the Board of Directors. The Bank, like other financial institutions, provides loans to its officers, directors, and employees to purchase or refinance personal residences as well as consumer loans. As an additional benefit to eligible Bank directors and employees, the Bank offers an employee mortgage loan program (the "Loan Program"). The Loan Program provides mortgage loans at favorable interest rates, namely a one-year adjustable rate mortgage priced at the Bank's cost of funds with a 1% floor. The purpose of the loan must be to purchase or refinance a primary or secondary residence (i.e., no investment properties). All full-time employees that have completed the 30-day probation period are eligible to participate in this Loan Program. Underwriting includes standard application and financial disclosures, which must qualify to standard secondary market requirements. The borrower is responsible for all third party closing costs. The index rate is the Bank's all-in cost of funds with a 1% floor. The index will be the last month-end calculation within 45 days prior to closing. The maximum adjustment per year is 2% with a 6% lifetime maximum. Each loan has up to a 30-year note/amortization. If the borrower's employment is terminated for reasons other than normal retirement, disability or death, or if the property securing the Note ceases to be the primary or secondary residence of the Employee, the interest rate will adjust to the rate that would have been in effect pursuant to the original provision of the Note. The payment will adjust the following month to amortize the outstanding balance of the Note using the new interest rate and the remaining term. Other than the interest rate with respect to the Loan Program, all loans provided under the Loan Program and any other loans provided to Directors and Executive Officers have been made in the ordinary course of business, on substantially the same terms and collateral as those of comparable transactions prevailing at the time, and, in the opinion of management of the Company, do not involve more than the normal risk of collectability or present other unfavorable features.

No Directors, Executive Officers or their affiliates had aggregate indebtedness to the Company or the Bank on below market rate loans exceeding the lesser of (i) \$120,000 or (ii) one percent of the average of the Company's total assets at year-end for the last completed fiscal year, at any time since January 1, 2017 except as noted in the following table.

SECOND PROPOSAL

ADVISORY (NON-BINDING) VOTE TO APPROVE EXECUTIVE COMPENSATION

Background of the Proposal

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”) and corresponding SEC rules enable the Company’s stockholders to vote to approve, on an advisory and non-binding basis, the compensation of Company’s named executive officers as disclosed in this Proxy Statement in accordance with SEC rules. As a result, the following proposal will be presented at the Annual Meeting in the form of the following resolution:

Proposal

RESOLVED, that the stockholders approve the compensation of the Company's named executive officers, as disclosed in the Compensation Discussion and Analysis, and the compensation tables (together with the accompanying narrative disclosure) and related material in the Company's Proxy Statement for the Annual Meeting.

Effect of Proposal

As provided under the SEC rules, this vote will not be binding on the Company's Board of Directors or the Compensation Committee and may not be construed as overruling a decision by the Board or as creating or implying any additional fiduciary duty of the Board. Further, the vote shall not affect any compensation paid or awarded to any executive. The Compensation Committee and the Board may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE PROPOSAL ON EXECUTIVE COMPENSATION.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is composed of four directors. The Board has determined that each of these directors is independent under the Marketplace Rules of Nasdaq. In particular, each of these directors is independent as defined under Rule 5605(a)(2) and qualified pursuant to Rule 5605(c)(2)(A). The Board has also determined that Mr. Moore qualifies as an Audit Committee Financial Expert as defined by the rules and regulations of the SEC. Only this paragraph of the Report of the Audit Committee shall be incorporated by reference into the Company's Annual Report on form 10-K filed with the SEC under the Exchange Act, notwithstanding the incorporation by reference of this Report of the Audit Committee into such filing.

The primary duties and responsibilities of the Audit Committee are to (i) monitor the Company's financial reporting process and systems of internal control, (ii) monitor the independence and performance of the Company's independent

registered public accounting firm and internal auditors, and (iii) assure that management, the Board of Directors, the internal auditors and the independent auditors have the opportunity to communicate with one another.

The Committee has reviewed and discussed the audited consolidated financial statements with management and has discussed with BKD, LLP, the Company's independent registered public accounting firm matters required to be discussed by Auditing Standard No. 1301, Communications with Audit Committees.

The Audit Committee has also received the written disclosures and the letter from BKD, LLP, the Company's independent registered public accounting firm, required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee has discussed with the independent registered public accounting firm that firm's independence. The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of the independent registered public accounting firm. The Audit Committee has concluded that the independent registered public accounting firm is independent from the Company.

Based upon the Audit Committee's discussions and review described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for filing with the SEC.

Third PROPOSAL

RATIFICATION OF BKD, LLP AS

The independent registered public accounting firm for the period ended December 31, 2017 for the Company and its subsidiary, the Bank, was BKD, LLP. As part of good corporate practice, the Audit Committee and the Company's Board of Directors are requesting that its stockholders ratify such appointment. The Audit Committee is not required to take any action as a result of the outcome of the vote on this proposal. If the stockholders do not ratify the appointment, however, the Audit Committee may investigate the reasons for stockholder rejection and may consider whether to retain BKD, LLP or to appoint another independent registered public accounting firm.

A representative of BKD, LLP will be present at the Annual Meeting. The representative will have an opportunity to make a statement, if so desired, and will be available to respond to appropriate questions.
