Board Leadership Structure

While the Board does not currently have a policy on whether or not the roles of Chairman of the Board and Chief Executive Officer should be separate, two individuals currently separately serve as Chairman of the Board and Chief Executive Officer of the Company. The Board believes that it should be free to decide from time to time in any manner that is in the best interests of the Company and its shareholders whether or not the roles of Chairman of the Board and Chief Executive Officer should be separate.

Risk Oversight Functions

The Board, in fulfilling its oversight role, focuses on the adequacy of our enterprise-wide risk management policies and procedures. The audit committee has been designated to take the lead in overseeing risk management at the Board level. The audit committee is responsible for discussing guidelines and policies to govern the processes by which risk assessment and management is undertaken and handled, and discussing with management the Company's major financial risk exposures and the steps management takes to monitor and control such exposures. Although the Board's primary risk oversight has been assigned to the audit committee, the full Board also receives information about the most significant risks that the Company faces.

Board Meetings and Committees of the Board

The Board of Directors held seven meetings and acted by unanimous written consent in lieu of a meeting one time during the fiscal year ended December 31, 2017. All directors attended 75% or more of the aggregate of the total number of the meetings of the Board of Directors in 2017 and the total number of meetings held by all committees of the Board of Directors on which such directors served in 2017. The Board currently includes five nonemployee, independent members – Howard Ash, Drew Freeman, James Caan, Jon Najarian and Jonathan Fichman. Each of Messrs. Ash, Freeman, Caan, Najarian and Fichman is an "independent director" as defined under NASDAQ Listing Rule 5605(a)(2). A majority of our Board members are independent directors, as five out of the seven members of the Board qualify as independent under the NASDAQ listing standards and the rules of the Commission.

On November 26, 2012, the Board established its audit committee, compensation committee and nominating and governance committee, the composition and responsibilities of which are described below. Each committee operates pursuant to a written charter, which is reviewed each year. All committee charters are available in the "About Us—Corporate Governance" section of our Internet website at <http://www.netelement.com/>. The audit committee held five meetings during the fiscal year ended December 31, 2017. The compensation committee held three meetings and acted by unanimous written consent in lieu of a meeting one time during the fiscal year ended December 31, 2017. The nominating and governance committee acted by unanimous written consent in lieu of a meeting one time during the fiscal year ended December 31, 2017.

The Board has a separately-designated standing audit committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), which is currently comprised of Howard Ash (audit committee chairman), Drew Freeman, Jonathan Fichman, Jon Najarian and James Caan. The audit committee's responsibilities and other matters related to the audit committee are discussed below under "Audit Committee Report."

Messrs. Ash, Freeman, Najarian, Fichman and Caan serve on the compensation committee of the Board of Directors. The Board has adopted a written compensation committee charter, which is reviewed each year. The compensation committee is responsible for determining, or recommending to the Board for determination, the compensation of the executive officers and directors of the Company.

Messrs. Ash, Freeman, Najarian, Fichman and Caan serve on the nominating and governance committee of the Board of Directors. The nominating and governance committee's responsibilities and other matters related to the nominating and governance committee are discussed below under "Director Nominations."

Director Nominations

The nominating and governance committee of the Board operates pursuant to a written charter, which is reviewed each year. The nominating and governance committee is responsible for the identification of individuals qualified to become members of the Board, the selection or recommendation of the director nominees for annual meetings of shareholders, the selection of director candidates to fill any vacancies on the Board, recommendation of corporate governance principles and related responsibilities. Criteria considered by the nominating and governance committee in identifying and evaluating director nominees include experience in corporate governance, experience in, or relationships within, the Company's industries, academic or professional expertise, reputation for high moral and ethical standards, business and professional standing that will add to the Board's stature, business experience, skills and time availability, and the diversity of the skills, background and experience of Board members as a whole. In addition, it is a primary objective of the nominating and governance committee to assure that the Board and its committees satisfy the independence requirements of NASDAQ and any other applicable self-regulatory or regulatory requirements. The nominating and governance committee's policy with regard to the consideration of diversity in identifying director nominees requires the committee to consider the diversity of the skills, background and experience of Board members as a whole as one of many other criteria that may be considered in recommending candidates for election or appointment to the Board; however, this policy does not require that the composition of the Board be diverse in any manner or that persons identified as director nominees must promote or enhance the diversity of the Board.

The nominating and governance committee will consider director candidates recommended by shareholders and will evaluate such candidates on the same basis as candidates recommended by other sources. Shareholder recommendations must meet the requirements set forth in the Company's bylaws, including providing all of the information specified in the bylaws. The notice must be submitted to the Secretary of the Company, at the principal executive offices of the Company, 3363 NE 163rd Street, Suite 705, North Miami Beach, Florida 33160. In order to ensure review and consideration of any shareholder's recommendation, the notice generally must be received not less than 60 days nor more than 90 days prior to the first anniversary of this year's annual meeting. However, if next year's annual meeting is to be held more than 30 days before or 60 days after the anniversary of this year's annual meeting, notice must be received no later than the later of 70 days prior to the date of the meeting or the 10th day following the Company's public announcement of next year's annual meeting date. The Secretary will present such recommendations to the nominating and governance committee. The nominating and governance committee will identify potential candidates through recommendations from the Company's officers, directors, shareholders and other appropriate third parties.

In 2018, the Company did not pay a fee to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. Although the Company is not currently paying a fee to any third party to identify or evaluate or assist in identifying or evaluating potential nominees, the Company may engage a third-party search firm in the future.

Audit Committee Report

The audit committee of the Board consists of five non-employee directors, Howard Ash (audit committee chairman), Drew Freeman, Jon Najarian, Jonathan Fichman and James Caan. The audit committee operates under a written charter, which is reviewed each year and is available in the "Investors—Corporate Governance" section of our Internet website at <http://www.netelement.com/>. The Board of Directors has determined that Howard Ash is financially sophisticated as described in NASDAQ Listing Rule 5605(c)(2) and qualifies as an "audit committee financial expert" as defined in Item 407(d)(5) of Regulation S-K. We believe that the audit committee's current member composition satisfies the rules of NASDAQ that govern audit committee composition, including the requirement that audit committee members all be "independent directors" as that term is defined by NASDAQ Listing Rule 5605(a)(2).

The audit committee monitors and oversees the Company's accounting and financial reporting process on behalf of the Board, reviews the independence of its independent registered public accounting firm and is responsible for approving the engagement of its independent registered public accounting firm for both audit services and permitted non-auditing services, the scope of audit and non-audit assignments and fees related to all of the foregoing, and also is responsible for reviewing the accounting principles used in financial reporting, internal financial auditing procedures, the adequacy of the internal control procedures and critical accounting policies.

Management is responsible for the Company's financial statements, systems of internal control and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board and issuing reports thereon. The audit committee's responsibility is to monitor and oversee these processes.

The audit committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention it deems necessary or appropriate to fulfill its oversight responsibilities under the audit committee's charter. In this context, the audit committee discussed with Daszkal Bolton LLP the results of its audit of the Company's financial statements for the year ended December 31, 2017.

Specifically, the audit committee has reviewed and discussed with the Company's management the audited financial statements, management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting. In addition, the audit committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, and any other matters required to be discussed under generally accepted auditing standards. These discussions included the scope of the independent registered public accounting firm's responsibilities, significant accounting adjustments, any disagreement with management and a discussion of the quality (not just the acceptability) of accounting principles, reasonableness of significant judgments and the clarity of

disclosures in the financial statements.

The independent registered public accounting firm provided the audit committee with the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and the audit committee discussed with the independent registered public accounting firm that firm's independence. During fiscal year 2017, the Company retained its independent registered public accounting firm, Daszkal Bolton LLP, for the audit of the fiscal year 2017 financial statements and the reviews of the Company's 2017 quarterly reports on Form 10-Q.

Based on the reviews and discussions referred to above, the audit committee recommended to the Board that the audited financial statements, together with Management's Discussion and Analysis of Financial Condition and Results of Operations, be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017 for filing with the Commission.

PROPOSAL 1

ELECTION OF DIRECTORS

Five directors, which will constitute the entire Board, are to be elected at the annual meeting to hold office until the annual meeting of shareholders next succeeding their election and until their respective successors are elected and qualified or as otherwise provided in the bylaws of the Company. The Board has designated the persons listed below to be nominees for election as directors. Each of the nominees is currently serving as a director of the Company. Each of the nominees has consented to being named in the proxy statement and to serve if elected. The Company has no reason to believe that any of the nominees will be unavailable for election. However, should any nominee become unavailable, the Board may designate a substitute nominee or authorize a lower number of directors. Each proxy will be voted for the election to the Board of all of the Board's nominees unless authority is withheld to vote for all or any of those nominees.

Name	Director Since
Oleg Firer	April 2013
Drew Freeman	May 2014
Howard Ash	June 2016
Jon Najarian	March 2018
Jonathan Fichman	March 2018

For biographical and other information (including their principal occupation for at least the past five years) regarding the director nominees, see "DIRECTORS AND EXECUTIVE OFFICERS."

Required Vote

The nominees for director will be elected by a plurality of the votes cast by the holders of shares present in person or represented by proxy at the annual meeting and entitled to vote. Abstentions and broker non-votes are not counted in determining the number of shares voted for or against any nominee for director. As a result, abstentions and broker non-votes have no effect on Proposal 1.

The Board recommends a vote FOR the election of each of the nominees listed above.

PROPOSAL 2

APPROVAL OF AMENDMENT TO 2013 EQUITY INCENTIVE PLAN TO (A) INCREASE SHARES AVAILABLE FOR AWARD BY 178,900 SHARES OF COMMON STOCK.

Background and Purpose

Our Board adopted the Net Element International, Inc. 2013 Equity Incentive Plan, (as subsequently amended, the "Plan"), and submitted it to our shareholders for their approval at the 2013 annual meeting. On December 5, 2013, our shareholders approved the Plan. On December 9, 2014, the shareholders of the Company approved an amendment to the Plan to increase the authorized shares to 91,214 shares. On June 13, 2016, the shareholders of the Company approved a further amendment to the Plan to, among other things, increase the authorized shares to 226,100 shares. On October 3, 2017, the shareholders of the Company approved a further amendment to the Plan to, among other things, increase the authorized shares to 594,100 shares. An aggregate of 594,100 shares of our common stock was reserved for issuance under the Plan. Since the adoption of the Plan, 358,506 shares have been issued upon a grant under the Plan (reflects (i) rescission of 15,960 shares; and (ii) forfeiture of 16,327 shares which, per the terms of the Plan, became available for subsequent awards under the Plan). The Board believes that an increase in the number of authorized shares is necessary for the continued optimal use of the Plan.

Our Board has unanimously adopted and is submitting for shareholder approval an amendment to increase the number of shares covered by, and reserved for issuance under, the Plan by 178,900 shares of Common Stock resulting (if such increase is authorized by the shareholders) in the aggregate 773,000 shares authorized for issuance under the Plan, which represents in the aggregate approximately 20% of our issued and outstanding Common Stock. Such amendment will enable the Company to make grants under the Plan to directors, employees (including officers), independent contractors, and other persons who provide services to us. A copy of the proposed Amendment to the Plan is attached as Appendix "A" hereto.

The principal provisions of the Plan, as amended, are summarized below. This summary is not a complete description of all of the Plan's provisions and is qualified in its entirety by reference to the Plan, which is attached as Appendix "A" to our proxy statement filed with the SEC on November 4, 2013, as amended by that certain Amendment to the Plan attached as Appendix "B" to our proxy statement filed with the SEC on October 31, 2014, by that certain Amendment to the Plan attached as Appendix "B" to our proxy statement filed with the SEC on April 25, 2016 and by that certain Amendment to the Plan attached as Appendix "B" to our proxy statement filed with the SEC on August 10, 2017. Capitalized terms in this summary not defined in this proxy statement have the meanings set forth in the Plan.

DESCRIPTION OF THE PLAN

Purpose of the Plan

The purpose of the Plan is to encourage and enable employees, independent contractors and directors of the Company and its subsidiaries to acquire a proprietary interest in the Company through the ownership of the Company's Common Stock and other rights with respect to the Company's Common Stock. Such ownership is intended to provide such employees, independent contractors and directors with a more direct stake in the future welfare of the Company. It is also expected that the Plan will encourage qualified persons to seek and accept employment with the Company and its subsidiaries and to become and remain directors of the Company.

Form of Awards

Awards under the Plan may be granted in any one or all of the following forms: (i) incentive stock options ("Incentive Stock Options") meeting the requirements of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"); (ii) non-qualified stock options ("Non-Qualified Stock Options") (unless otherwise indicated, references to "Options" include both Incentive Stock Options and Non-Qualified Stock Options); (iii) stock appreciation rights ("Stock Appreciation Rights"), which may be awarded either in tandem with Options ("Tandem Stock Appreciation Rights") or on a stand-alone basis ("Nontandem Stock Appreciation Rights"); (iv) shares of Common Stock that are restricted ("Restricted Shares"); (v) units representing shares of Common Stock ("Performance Shares"); (vi) units that

do not represent shares of Common Stock but which may be paid in the form of Common Stock ("Performance Units"); and (vii) shares of Common Stock that are not subject to any conditions to vesting ("Unrestricted Shares").

Maximum Shares Available

The current maximum aggregate number of shares of Common Stock available for award under the Plan is 594,100, of which 358,506 shares have been issued upon a grant under the Plan (reflects (i) rescission of 15,960 shares; and (ii) forfeiture of 16,327 shares which, per the terms of the Plan, became available for subsequent awards under the Plan), subject to adjustment as provided for in the Plan. Shares of Common Stock issued pursuant to the Plan may be either authorized but unissued shares or issued shares reacquired by the Company. In the event that prior to the end of the period during which Options may be granted under the Plan, any Option or any Nontandem Stock Appreciation Right under the Plan expires unexercised or is terminated, surrendered or cancelled (other than in connection with the exercise of Stock Appreciation Rights) without being exercised in whole or in part for any reason, or any Restricted Shares, Performance Shares or Performance Units are forfeited, or if such awards are settled in cash in lieu of shares of Common Stock, then such shares will be available for subsequent awards under the Plan.

Administration of the Plan

The Plan will be administered by the compensation committee. The compensation committee will have the power and authority to, among other things: (i) grant Options and determine the purchase price of the Common Stock covered by each Option, the term of each Option, the number of shares of Common Stock to be covered by each Option and any performance objectives or vesting standards applicable to each Option; (ii) designate Options as Incentive Stock Options or Non-Qualified Stock Options and determine which Options, if any, will be accompanied by Tandem Stock Appreciation Rights; (iii) grant Tandem Stock Appreciation Rights and Nontandem Stock Appreciation Rights and determine the terms and conditions of such rights; (iv) grant Restricted Shares and determine the terms of the restricted period and other conditions and restrictions applicable to such shares; (v) grant Performance Shares and Performance Units and determine the performance objectives, performance periods and other conditions applicable to such shares or units; (vi) grant Unrestricted Shares; and (vii) determine the employees, independent contractors and directors to whom, and the time or times at which, Options, Stock Appreciation Rights, Restricted Shares, Performance Shares, Performance Units and Unrestricted Shares will be granted.

Eligibility to Participate in the Plan

Awards may be made to all employees, independent contractors (including persons other than individuals) and directors of the Company or any of its subsidiaries. In determining the employees, independent contractors and directors to whom awards will be granted and the number to be covered by each award, the compensation committee will take into account the nature of the services rendered by such employees, independent contractors and directors, their present and potential contributions to the success of the Company and its subsidiaries and such other factors as the compensation committee deems relevant.

Stock Options

Options may be granted under the Plan for the purchase of shares of Common Stock. The compensation committee may designate Options as either Incentive Stock Options or Non-Qualified Stock Options. No grant of an Incentive Stock Option will be made under the Plan more than ten years after the date the Plan is approved by the shareholders of the Company.

The term of each Option granted will be determined by the compensation committee. However, no Incentive Stock Option will be exercisable after ten years from the date it is granted, or in the case of an Incentive Stock Option granted to an employee owning more than 10% of the total combined voting power of all classes of stock of the Company or of a subsidiary (a "10% Shareholder"), five years from the date it is granted. Options may require the satisfaction of corporate or individual performance objectives and other vesting standards as the compensation

committee from time to time determines.

The purchase price per share under each Option will be specified by the compensation committee, but in no event will it be less than 100% of the market price per share of Common Stock on the date the Option is granted. In the case of an Incentive Stock Option granted to a 10% Shareholder, the purchase price per share must not be less than 110% of the market price of the Common Stock on the date of grant. In the case of Incentive Stock Options, the aggregate market price (determined at the time the Incentive Stock Option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any optionee during any calendar year under all plans of the Company and any subsidiary may not exceed \$100,000. Solely for the purposes of determining whether shares are available for the grant of Incentive Stock Options under the Plan, the maximum aggregate number of shares that may be issued pursuant to Incentive Stock Options granted under the Plan is 594,100 shares of Common Stock, subject to adjustment provided as provided in the Plan.

Options may be exercised in whole or in part. Payment of the purchase price upon the exercise of Options must be made in cash or, in the discretion of the compensation committee, (i) through the delivery of shares of Common Stock already owned by the optionee, (ii) having the Company withhold from shares of Common Stock otherwise deliverable to the optionee or (iii) a combination of any of the foregoing.

Stock Appreciation Rights

Tandem Stock Appreciation Rights may be awarded by the compensation committee in connection with any Option granted under the Plan, either at the time the Option is granted or thereafter at any time prior to the exercise, termination or expiration of the Option. Tandem Stock Appreciation Rights will entitle the recipient to surrender to the Company unexercised the related Option, or any portion thereof, and to receive from the Company in exchange that number of shares of Common Stock having an aggregate market price equal to (A) the excess of (i) the market price of one share of Common Stock as of the date the Tandem Stock Appreciation Rights are exercised over (ii) the option price per share specified in such Option, multiplied by (B) the number of shares of Common Stock subject to the Option, or portion thereof, which is surrendered.

Nontandem Stock Appreciation Rights may also be granted by the compensation committee at any time. At the time of the grant of Nontandem Stock Appreciation Rights, the compensation committee will specify the number of shares of Common Stock covered by such right and the base price of shares of Common Stock to be issued. The base price of any Nontandem Stock Appreciation Rights may not be less than 100% of the market price of a share of Common Stock on the date of grant. The exercise of Nontandem Stock Appreciation Rights will entitle the recipient to receive from the Company that number of shares of Common Stock having an aggregate market price equal to (A) the excess of (i) the market price of one share of Common Stock as of the date on which the Nontandem Stock Appreciation Rights are exercised over (ii) the base price of the shares covered by the Nontandem Stock Appreciation Rights, multiplied by (B) the number of shares of Common Stock covered by the Nontandem Stock Appreciation Rights, or the portion thereof being exercised.

Tandem Stock Appreciation Rights may be exercisable only to the extent that the related Option is exercisable and will be exercisable only for such period as the compensation committee determines, which may expire prior to the expiration of the related Option. Upon the exercise of all or a portion of Tandem Stock Appreciation Rights, the related Option will be cancelled with respect to an equal number of shares of Common Stock. Shares of Common Stock subject to Options, or portions thereof, surrendered upon the exercise of Tandem Stock Appreciation Rights will not be available for subsequent awards under the Plan. Nontandem Stock Appreciation Rights will be exercisable during such period as the compensation committee determines.

The compensation committee, in its discretion, may cause the Company to settle all or any part of its obligation arising out of the exercise of Stock Appreciation Rights by payment of cash in lieu of all or part of shares of Common Stock it would otherwise be obligated to deliver in an amount equal to the market price of such shares on the date of exercise.

Effect of Change of Control on Options and Stock Appreciation Rights

If so determined by the compensation committee at the time of grant or thereafter, any Options or Stock Appreciation Rights may provide that they will become immediately exercisable with respect to all of the shares subject to such Options or Stock Appreciation Rights: (a) immediately prior to (and in such manner as to enable the shares acquired on exercise to participate, in the same manner as other outstanding shares, in) the sale of the Company substantially as an entirety (whether by sale of stock, sale of assets, merger, consolidation or otherwise), (b) immediately prior to the expiration of (and in such manner as to enable the shares acquired on exercise to participate, in the same manner as other outstanding shares, in) any tender offer or exchange offer for shares of Common Stock of the Company in which all holders of Common Stock are entitled to participate, and (c) immediately after the first date on which a majority of the directors elected by shareholders to the Board are persons who were not nominated by management in the most recent proxy statement of the Company.

Restricted Shares

The compensation committee may from time to time cause the Company to grant Restricted Shares under the Plan to employees, independent contractors and directors. At the time a grant of Restricted Shares is made, the compensation committee will establish a period of time (the "Restricted Period") applicable to such Restricted Shares. The compensation committee may, in its discretion, at the time a grant is made, prescribe restrictions in addition to or other than the expiration of the Restricted Period, including the satisfaction of corporate or individual performance objectives, in respect of all or any portion of the Restricted Shares. The compensation committee may also, in its discretion, shorten or terminate the Restricted Period or waive any other restrictions applicable to all or a portion of such Restricted Shares. Holders of Restricted Shares will have the right to vote the shares; however, holders of Restricted Shares will not have the right to receive any dividends of cash or property with respect to the shares; provided, that the holders of Restricted Shares will be entitled to receive any rights distributed to all holders of Common Stock pursuant to a rights offering by the Company ("Rights Offering") and any shares distributed in connection with a stock split or stock distribution to all holders of Common Stock.

Unless otherwise provided in a written agreement pursuant to the Plan, any Restricted Shares granted to an employee, independent contractor or director will be forfeited if the employee terminates employment or the independent contractor or director terminates service with the Company or its subsidiaries prior to the expiration of the Restricted Period and the satisfaction of any other conditions applicable to the Restricted Shares. Upon forfeiture, the Restricted Shares that are forfeited will be available for subsequent awards under the Plan. If the employee's, independent contractor's or director's employment or service terminates as a result of his or her disability or death, Restricted Shares of such employee, independent contractor or director will be forfeited, unless the compensation committee determines otherwise.

Performance Shares

Each Performance Share granted will be deemed to be equivalent to one share of Common Stock. Any Performance Shares granted will be credited to a performance share account maintained for the recipient. Performance Shares will vest over a period determined by the compensation committee.

With respect to each award of Performance Shares, the compensation committee will specify performance objectives that must be satisfied in order for the recipient to vest in the Performance Shares that have been awarded to him or her. If the performance objectives are partially but not fully met, the compensation committee may, nonetheless, in its discretion determine that all or a portion of the performance shares have vested. If the performance objectives are exceeded, the compensation committee may grant additional fully vested Performance Shares to the recipient. The compensation committee may also determine that Performance Shares awarded to a recipient will become partially or fully vested upon the recipient's disability or death, the occurrence of a change in control or termination of the recipient's employment or service prior to the end of the applicable performance period.

Following a determination that the performance objectives with respect to particular Performance Shares have been met, or at such later date as the compensation committee determines at the time of grant, the Company will pay to the recipient an amount with respect to each vested Performance Share equal to the market price of a share of Common Stock on the payment date or, if the compensation committee so specifies at the time of grant, an amount equal to (i) the market price of a share of Common Stock on the payment date less (ii) the market price of a share of Common Stock on the date of grant of the Performance Share. Payment may be in cash, Common Stock (including Restricted Shares) or a combination of cash and Common Stock, as determined by the compensation committee.

Recipients of Performance Shares will not be entitled to voting rights or cash dividends or other distributions with respect to Common Stock. However, within 60 days from the date of payment of a cash dividend by the Company on the Common Stock, the compensation committee may credit a recipient's performance share account with additional Performance Shares having an aggregate market price equal to the cash dividend per share paid on the Common Stock multiplied by the number of Performance Shares credited to his or her account at the time the cash dividend was declared.

Performance Units

The award agreement covering Performance Units will specify a value for each Performance Unit or a formula for determining the value of each Performance Unit at the time of payment. With respect to each award of Performance Units, the compensation committee will specify performance objectives that must be satisfied in order for the recipient to vest in the Performance Units that have been awarded. If the performance objectives established for a recipient are partially but not fully met, the compensation committee may, nonetheless, in its discretion determine that all or a portion of the Performance Units have vested. If the Performance Objectives for a performance period are exceeded, the compensation committee may grant additional fully vested Performance Units to the recipient. The compensation committee may adjust the Performance Objectives or the initial or ending value of any Performance Units to reflect extraordinary events, such as stock splits, recapitalizations, mergers, combinations, divestitures, spin-offs and the like. The compensation committee may also determine that Performance Units awarded to a recipient will become partially or fully vested upon the recipient's termination of employment or service due to disability, death or otherwise or upon the occurrence of a change in control.

If the performance objectives for a performance period have been exceeded, the compensation committee will determine whether additional Performance Units will be granted to the recipient. After such determination, or at such later date as the compensation committee determines at the time of the grant, the Company will pay to the recipient an amount with respect to each vested Performance Unit equal to the ending value of the Performance Unit or, if the compensation committee so specifies at the time of grant, an amount equal to (i) the ending value of the Performance Unit less (ii) the initial value of the Performance Unit. Payment may be made in cash, Common Stock (including Restricted Shares) or a combination of cash and Common Stock, as determined by the compensation committee.

Unrestricted Shares

The compensation committee may cause the Company to grant Unrestricted Shares to employees, independent contractors or directors at such times and in such amounts as the compensation committee determines. No payment will be required for Unrestricted Shares.

Assignment and Transfer

Options and Stock Appreciation Rights may not be transferred, assigned, pledged or hypothecated, except as provided by will or the applicable laws of descent and distribution. An Option or Stock Appreciation Rights may be exercised by the recipient only during his or her lifetime, or following his or her death in accordance with the terms of the Plan. Notwithstanding the foregoing, the compensation committee may, in its discretion, cause the written agreement relating to any Non-Qualified Stock Options or Stock Appreciation Rights granted under the Plan to provide that the recipient may transfer such Non-Qualified Stock Options or Stock Appreciation Rights, except that the compensation committee may not permit any transfers that would cause the Plan to fail to satisfy the applicable requirements of Rule 16b-3 under the Exchange Act or that would cause any recipient of awards under the Plan to fail to be entitled to the benefits of Rule 16b-3 or other exemptive rules under Section 16 of the Exchange Act or be subject to liability thereunder.

Restricted Shares may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed during the restricted period relating to such shares or prior to the satisfaction of any other restrictions prescribed by the compensation committee. Performance Shares and Performance Units may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed of at any time.

Modification of the Plan

The Board may suspend, terminate, modify or amend the Plan, provided that any amendment that would (i) materially increase the aggregate number of shares that may be issued under the Plan, (ii) materially increase the benefits accruing to employees, independent contractors or directors under the Plan, or (iii) materially modify the requirements as to eligibility for participation in the Plan, will be subject to the approval of the Company's shareholders, except that any such increase or modifications that may result from adjustments authorized by the Plan, including in connection with a change in capitalization, will not require shareholder approval. If the Plan is terminated, the terms of the Plan will, notwithstanding such termination, continue to apply to awards granted prior to such termination.

Registration of Underlying Common Stock

Subject to the approval of the Company's shareholders of this Proposal 3, it is currently contemplated that at the appropriate time the Company will file a registration statement on Form S-8 in order to register the additional 178,900 shares of Common Stock, which represents approximately 20% of our issued and outstanding common stock, that will be reserved as additional shares of Common Stock for issuance under the Plan, as amended.

Certain Federal Income Tax Consequences

The following is a brief summary of some of the United States federal income tax consequences of certain transactions under the Plan based on federal income tax laws in effect on the date hereof. This summary is not intended to be complete and does not describe foreign, state or local tax consequences. It is not intended as tax guidance to participants in the Plan.

Tax Consequences to Participants

Non-Qualified Stock Options. In general, (i) no income will be recognized by an optionee at the time a Non-Qualified Stock Option is granted; (ii) at the time of exercise of a Non-Qualified Stock Option, ordinary income will be recognized by the optionee in an amount equal to the excess, if any, of the fair market value of the shares, if unrestricted, on the date of exercise over the option price; and (iii) at the time of sale of shares acquired pursuant to the exercise of a Non-Qualified Stock Option, appreciation (or depreciation) in the value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held.

Incentive Stock Options. No income generally will be recognized by an optionee upon the grant or exercise of an Incentive Stock Option. The exercise of an Incentive Stock Option, however, may result in alternative minimum tax liability. If shares of our Common Stock are issued to the optionee pursuant to the exercise of an Incentive Stock Option, and if no disqualifying disposition of such shares is made by such optionee within two years after the date of grant or within one year after the transfer of such shares to the optionee, then upon sale of such shares, any amount realized in excess of the option price will be taxed to the optionee as a long-term capital gain and any loss sustained will be a long-term capital loss.

If shares of our Common Stock acquired upon the exercise of an Incentive Stock Option are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of such shares at the time of exercise (or, if less, the amount realized on the disposition of such shares if a sale or exchange) over the option price paid for such shares. Any further gain (or loss) realized by the participant generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period.

Stock Appreciation Rights. No income will be recognized by a participant in connection with the grant of a Tandem Stock Appreciation Right or a Nontandem Stock Appreciation Right. When the Stock Appreciate Right is exercised, the participant normally will be required to include as taxable ordinary income in the year of exercise an amount equal to the amount of cash received and the fair market value of any unrestricted shares of our Common Stock received on the exercise.

Restricted Shares. The recipient of Restricted Shares generally will be subject to tax at ordinary income rates on the fair market value of the Restricted Shares (reduced by any amount paid by the participant for such Restricted Shares) at such time as the shares are no longer subject to forfeiture or restrictions on transfer for purposes of Section 83 of the Code (the "Restrictions"). However, a recipient who so elects under Section 83(b) of the Code within 30 days of the date of transfer of the shares will have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of such shares (determined without regard to the Restrictions) over the purchase price, if any, of such Restricted Shares. If a Section 83(b) election has not been made, any dividends received with respect to

Restricted Shares that are subject to the Restrictions generally will be treated as compensation that is taxable as ordinary income to the participant.

Performance Awards (Performance Shares and Performance Units). No income generally will be recognized upon the grant of performance awards. Upon payment in respect of the earn-out of performance awards, the recipient generally will be required to include as taxable ordinary income in the year of receipt an amount equal to the amount of cash received and the fair market value of any unrestricted shares of our Common Stock received.

Unrestricted Shares. The recipient of Unrestricted Shares generally will be subject to tax at ordinary income rates on the fair market value of the Unrestricted Shares, reduced by any amount paid by the participant for such Unrestricted Shares.

Tax Consequences to the Company

To the extent that a participant recognizes ordinary income in the circumstances described above, we will be entitled to a corresponding deduction, provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense, is not an "excess parachute payment" within the meaning of Section 280G of the Code and is not disallowed by the \$1 million limitation on certain executive compensation under Section 162(m) of the Code.

Compliance with Section 162(m) of the Code

On December 22, 2017, President Trump signed into law the Tax Cuts and Jobs Act (the “Act”), which significantly changes the executive compensation deduction rules in Section 162(m) of the Code. Prior to the Act, Section 162(m) of the Code limited the amount of compensation the Company could deduct in any one year for federal income tax purposes to \$1 million for compensation paid to the CEO and our next three highest paid officers serving on the last day of the year (but not including the CFO) unless the compensation qualified as “performance-based compensation” for purposes of Section 162(m). The Act repeals the “performance-based compensation” exception and, as a result, starting with tax years beginning after December 31, 2017, compensation paid to any individual serving as a named executive officer (including the CFO) at any time during the year in excess of \$1 million will not be deductible unless it qualifies for the Act’s transition relief applicable to binding written agreements that were in effect on November 2, 2017 and not materially modified thereafter.

The Plan included provisions that allowed us to make awards, when feasible, that were intended to comply with the “performance-based compensation” exemption to Section 162(m) so that the compensation was deductible to us. Despite these efforts, due to the ambiguities and uncertainties as to the application and interpretation of Section 162(m), including the uncertain scope of the transition relief available under the Act, no assurance can be given that compensation originally intended to satisfy the “performance-based compensation” exception will, in fact, satisfy such requirements.

As in prior years, we continue to believe that, in certain circumstances, factors other than tax deductibility take precedence when determining the forms and levels of executive compensation most appropriate and in the best interests of our company and our stockholders. Accordingly, the compensation committee may from time to time deem it appropriate to approve elements of compensation for certain executive officers that are not fully tax deductible which might include, the approval of amendments to agreements that were initially intended to qualify as “performance-based compensation” if the compensation committee determines such amendments are in the best interests of our Company and our stockholders.

In the future, the compensation committee will continue to monitor the impact that the Act will have on the Company’s compensation programs and contracts, including whether and to what extent our existing contracts and programs qualify for the transition relief described above.

Compliance with Section 409A of the Code

To the extent applicable, it is intended that the Plan and any grants made thereunder comply with the provisions of Section 409A of the Code, so that the income inclusion provisions of Section 409A(a)(1) of the Code do not apply to

the participants. The Plan and any grants made under the Plan will be administered in a manner consistent with this intent.

New Plan Benefit Table

Benefits under the Plan are discretionary, to be determined by the compensation committee of the Board. Consequently, it is not possible to determine the future benefits that will be received by Plan participants.

Proposed Amendment to the Plan

The Board has reviewed the number of shares covered by, and reserved for issuance under, the Plan, and has determined that it is appropriate to increase the number of shares of Common Stock authorized for issuance under the Plan. Since the adoption of the Plan, 358,506 shares have been issued upon a grant under the Plan (reflects (i) rescission of 15,960 shares; and (ii) forfeiture of 16,327 shares which, per the terms of the Plan, became available for subsequent awards under the Plan). The Board believes that an increase in the number of authorized shares is necessary for the continued optimal use of the Plan.

Therefore, the Board has approved the proposed amendment to the Plan that would increase the number of shares authorized for issuance under the Plan from 594,100 shares by 178,900 shares of Common Stock resulting (if such increase is authorized by the shareholders) in the aggregate 773,000 shares authorized for issuance under the Plan, which represents in the aggregate approximately 20% of our issued and outstanding Common Stock.

Such amendment will enable the Company to make grants under the Plan to directors, employees (including officers), independent contractors, and other persons who provide services to us.

Required Vote

Proposal 2 will be approved if the majority of shares present in person or represented by proxy at the annual meeting and entitled to vote on the proposal vote for approval of Proposal 2. Abstentions and broker non-votes are not counted in determining the number of shares voted for or against Proposal 2. However, abstentions and broker non-votes will be counted as entitled to vote and will, therefore, have the same effect as a vote against Proposal 2.

The Board recommends a vote FOR approval of the Amendment to Equity Incentive Plan to increase the number of shares authorized for issuance under the Plan by 178,900 shares of Common Stock.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of the Board has appointed and the Board has affirmed Daszkal Bolton LLP as the independent registered public accounting firm of the Company for the year ending December 31, 2017. Although ratification of the Company's independent accounting firm by stockholders is not required by law, the Board of Directors has determined that it is desirable to request ratification of this selection by the stockholders. Notwithstanding its selection, the audit committee, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interest of the Company and its stockholders. If the stockholders do not ratify the appointment of Daszkal Bolton LLP, the audit committee may reconsider its selection. Daszkal Bolton LLP has audited the Company's financial statements since 2014. No representative of Daszkal Bolton LLP is expected to be present at the Annual Meeting.

Audit Committee Pre-Approval Policy

The audit committee of the Board pre-approves all audit and permissible non-audit services provided by our independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. Prior to engaging our independent registered public accounting firm to render an audit or permissible non-audit services, the audit committee specifically approves the engagement of our independent registered public accounting firm. As such, the engagement of Daszkal Bolton LLP to render audit services, audit related services and other services was approved by the audit committee in advance of the rendering of the services.
