complied with all applicable filing requirements during 2017.

ITEM 11. EXECUTIVE COMPENSATION.

Compensation Discussion and Analysis

The Role of Stockholder Say-on-Pay Votes

In August 2017, we held a stockholder advisory vote to approve the compensation of our named executive officers (the "say-on-pay proposal"). Our stockholders overwhelmingly approved the compensation of our named executive officers, with approximately 89% of stockholder votes cast in favor of the say-on-pay proposal. The Compensation Committee believes this affirms the stockholders' support of our approach to executive compensation, and did not change its approach in 2017.

The Compensation Committee will continue to consider the outcome of our say-on-pay votes when making future compensation decisions for the named executive officers.

Overview

We established an Office of the CEO currently consisting of Michael Arends, Ethan Caldwell and Russell C. Horowitz and subject to oversight by our Chairman, Anne Devereux-Mills in connection with our CEO resignation in October 2016. The Office of the CEO performs the duties and responsibilities of the CEO. Gary Nafus previously served as a member of the Office of the CEO until his resignation effective March 31, 2017.

Our "named executive officers", or "NEOs", are:

Michael Arends	Chief Financial Officer and member of the Office of the CEO
Ethan Caldwell	Chief Administrative Officer, General Counsel, Secretary and member of the Office of the CEO
Russell C. Horowitz	Executive Director and member of the Office of the CEO
Gary Nafus	Former Chief Revenue Officer and former member of the Office of the CEO, who ceased serving as an executive officer in March 2017

You can find detailed information regarding the compensation we paid to our NEOs in the tables that begin on page 9.

Our executive compensation programs are intended to serve two related goals:

Long-Term Retention of our Strong Management Team. We believe that our continued success depends on our ability to retain our experienced, complementary and dedicated management team. Although we always consider the ultimate interest of our stockholders in setting NEO compensation, we also must acknowledge that our executives face many career options and we therefore must provide strong incentives for them to continue to participate in our growth.

Long-Term Growth in Stockholder Value. We believe that management compensation packages should reflect as much as possible the risk and opportunity experienced by our stockholders. As a result, we strongly emphasize performance-based compensation arrangements which reward NEOs for contributions to our long-term growth and

overall corporate success.

We believe that this long-term focus will appropriately reward our management team for performance that will most benefit our Company and stockholders. We think that a focus on shorter-term results could inappropriately over- or under-compensate our executives due to short-term fluctuations that do not as accurately reflect our corporate growth and the corresponding benefit to our stockholders.

Our “long-term” emphasis results in NEO compensation packages that are weighted significantly towards long-term equity grants, with a relatively low proportion of NEO compensation derived from cash salaries. Annual cash bonuses to our NEOs are generally paid under our annual incentive plan, which ties such bonus payments directly to our annual corporate performance.

3

The Compensation Committee is responsible for setting the compensation and benefits for our executive officers, to determine distributions and grants of awards under our various stock and other incentive plans and to assume responsibility for all matters related to the foregoing. Meetings of the Compensation Committee are called by the chair of the committee and the chair sets the agenda for each committee meeting. In performing its responsibilities, the Compensation Committee typically invites, for all or a portion of each meeting, members of the Office of the CEO and other members of management to its meetings. Members of the Office of the CEO meet with the Compensation Committee on an ongoing basis to discuss the objectives and performance of Marchex's NEOs. For compensation decisions relating to our executive officers, the Compensation Committee considers recommendations from members of the Office of the CEO, who utilize various industry compensation surveys as part of our company wide annual compensation review process. After receipt and discussion of such recommendations with members of the Office of CEO, the Compensation Committee meets to ultimately determine the compensation packages for each of our executive officers. Members of the Office of the CEO do not participate in deliberations regarding their individual compensation.

Role of a Compensation Consultant

The duties of any compensation consultant we engage are generally to evaluate executive compensation, perform an analysis on realized pay alignment with financial and stock performance, discuss general compensation trends, provide competitive market practice data and benchmarking, participate in the design and implementation of certain elements of the executive compensation program and assist our chief executive officer in developing compensation recommendations to present to the Compensation Committee for the executive officers other than himself. The Compensation Committee may accept, reject or modify any recommendations by compensation consultants or other outside advisors. The compensation consultant does not make specific recommendations on individual amounts for the executive officers or the independent directors, nor does the consultant determine the amount or form of executive and director compensation.

In February 2016, the Compensation Committee engaged Pearl Meyer & Partners, LLC ("Pearl Meyer") as its independent compensation consultant. The Compensation Committee conducted an assessment of Pearl Meyer's independence relative to standards prescribed by the SEC and determined that no conflicts existed. Historically, the Company has not used a compensation consultant for executive compensation matters and the Company did not use a compensation consultant for the 2017 period.

NEO Compensation for 2017

Our Compensation Committee in reviewing our executive compensation packages assesses salary, salary history, the number and value of shares owned by our executives, prior equity grants and vesting and exercise history. The Compensation Committee also considers data regarding compensation paid at public media, internet and technology-based companies of comparable size to our Company and which could compete for the services of our NEOs. Although the compensation practices of our competitors instruct our review, we use that data only to gain perspective and do not "benchmark" our compensation to any particular level. The Compensation Committee consults with outside counsel in its review and did not engage a compensation consultant in 2017, although the Compensation Committee engaged Pearl Meyer as its independent compensation consultant in 2016.

In August 2017, Mr. Horowitz transitioned from a consultant to the Company to Executive Director of the Board. For information regarding Mr. Horowitz's base salary, equity grants, and other compensation in 2017, see page 7 under Consulting Agreement.

Competitive Positioning

The Compensation Committee periodically reviews competitive data regarding compensation at various comparable peer companies. We do not benchmark compensation levels to fall within specific ranges compared to selected peer groups in our industry. We use the information developed by management and outside counsel using proxy data for peer group companies to gain a general understanding of current compensation practices.

Base Salary

The 2017 salaries shown in the Summary Compensation Table on page 9 were set by our Compensation Committee based on the compensation review discussed above, as well as a consideration of each NEO's total compensation package including prior equity grants, exercise history, and existing stock ownership. Base salaries are a necessary part of our compensation program and provide executives with a fixed portion of pay that is not performance-based. Our goal is to

4

provide competitive base pay levels. Historically, the Compensation Committee considered our desire to maintain cash remuneration as a relatively small portion of overall compensation. In addition, the Compensation Committee considered each NEO's skills, experience, level of responsibility, performance and contribution to our Company. The Compensation Committee also took into account in conjunction with the NEO's specific areas of responsibilities and objectives, each NEO's contribution to the Company's overall success as a member of the management team. The Compensation Committee considers the relative compensation levels among all the members of the management team to ensure the Company's executive compensation programs are internally consistent and equitable. All salaries are reviewed at least annually and subject to future adjustment by the Compensation Committee. On June 15, 2017, the Compensation Committee, pursuant to its review of annual compensation for executive officers, approved revised annual NEO salaries effective June 16, 2017 of \$297,500 for Mr. Arends and \$292,500 for Mr. Caldwell.

Equity Compensation

All of our employees and directors are eligible to receive options, shares of restricted stock, and/or restricted stock units under our 2012 Stock Incentive Plan (the "2012 Stock Plan").

The Compensation Committee does not automatically grant equity to NEOs every year. The Compensation Committee takes into account the various factors outlined in the discussion of base salary above as well as the Company's financial performance and its impact on stockholder value and also analyzes existing NEO equity holdings and prior equity awards to take into account whether additional grants are appropriate and necessary to recalibrate the cash-equity balance of NEO compensation packages.

On June 15, 2017, the Compensation Committee granted our current NEOs (excluding Mr. Horowitz) stock options for our Class B common stock and shares of restricted stock under the 2012 Stock Plan (both with time-based vesting), based on the compensation review discussed above. The Compensation Committee determined the size of each NEO's equity grants based on a consideration of his existing stock ownership and outstanding equity grants awarded in prior years. Given their vesting schedules, we believe that these equity grants will help further motivate our management team to continue to focus on the long-term success of our business enterprise. You can find more information regarding these grants, including their vesting schedules, by referring to our Grant of Plan-Based Awards Table on page 11 and Outstanding Equity Awards at 2017 Fiscal Year-End Table on page 12. Such equity awards are subject to double-trigger change in control acceleration in certain circumstances. For more information on this acceleration provision, please refer to page 14.

Most equity awards for employees are tied to their annual performance reviews and are generally granted following the release of our fourth quarter financial results. We may occasionally make employee grants outside of that review process and such awards typically are granted as of the date the grant is approved. All new-hire awards have a grant date set to correspond to the date of hire. All options have an exercise price set at the closing market price of our Class B common stock on the grant date.

Annual Incentive Plan

The Compensation Committee originally adopted our annual incentive plan in 2006 and as amended to date (the "Incentive Plan") to motivate and reward key employees for enabling our Company to achieve specified corporate objectives together, to increase the competitiveness of our management compensation packages without increasing our fixed costs, and to align management compensation with key measures of our financial performance.

The Compensation Committee in its discretion determines the maximum amount available for award, in the aggregate, to all plan participants in light of the number of participants and the Company's resources. The Compensation Committee also determines the participants in the pool. Eligibility determinations are based upon the Compensation Committee's assessment of the importance of a participant's role, together with such participant's overall cash and equity compensation level. Finally, the Compensation Committee determines the measures of performance on which

bonus awards are based, using any of the following as it determines in its sole discretion:

- revenues;
- pre-tax income;
- adjusted operating income before amortization;
- operating income before amortization;
- operating income;
- net earnings;

5

- net income;
- cash flow or funds from operations;
- adjusted earnings per share;
- earnings per share;
- appreciation in the fair market value of our stock;
- cost reduction or savings;
- implementation of critical processes or projects; or
- adjusted earnings before interest, taxes, depreciation and amortization, or adjusted earnings before any of them.

The Compensation Committee determined that for the 2017 fiscal period, a maximum of up to \$731,250 (approximately 127% of the participants' base salaries) would be available for award, in the aggregate, to all plan participants based upon the achievement of updated revenue and adjusted OIBA targets at the highest threshold. The participants for the 2017 fiscal period are Michael Arends and Ethan Caldwell. The target bonus payout percentages are 50-100% based on performance target category and are based on achieving specified revenue (new revenue and all revenue) and adjusted OIBA targets for the 2017 fiscal period. Bonus targets for 2017 are based on the following weighting: 0-25% from new revenue target attainment, 25-50% from all revenue target attainment and 50% from adjusted OIBA target attainment.

The Compensation Committee elected to use these revenues and adjusted OIBA targets because it believes that such targets most accurately reflect our growth and improvements in our corporate performance without the impact of certain non-cash and non-recurring expenses which the Company does not regard as ongoing costs of doing business. The Compensation Committee set a range of specific revenue and adjusted OIBA targets based on a review of our actual revenue and adjusted OIBA for the fiscal year ended December 31, 2016 and our budgeted revenue and adjusted OIBA for the 2017 fiscal year. At the low end of the range, the targets were intended to be difficult but realistic given our expectations regarding corporate performance. The high end of the range, intended to reflect "optimum" Company performance, were set in consideration of our projected financial results and were considered "stretch" goals.

The Compensation Committee also has absolute discretion to award no bonuses at all even if the highest target is achieved. It is our intention that any such bonus payments would still constitute a relatively small percentage of our NEO compensation so that the bulk of their compensation package will remain dependent on our long-term growth. For 2017, the Compensation Committee awarded cash bonuses under the Incentive Plan in the amount of \$278,438 to Mr. Arends and \$277,617 to Mr. Caldwell.

Cash Bonuses

In October 2016, the Compensation Committee separately awarded Mr. Nafus a cash bonus in the amount of \$196,875 which was paid in October of 2016 and \$65,625 which was paid in January of 2017 for 2016 performance of which \$100,000 was subject to forfeiture upon certain events. In addition, Mr. Nafus was also to receive a guaranteed minimum cash bonus payment of \$175,000 (\$43,750 per quarter) assuming continued employment at each such quarterly date. Mr. Nafus resigned as our Chief Revenue Officer and as a member of the office of the CEO effective March 31, 2017 and in connection with his employment termination, \$100,000 of the 2016 performance bonus paid was forfeited. Mr. Nafus was paid \$43,750 of the guaranteed minimum cash bonus for the first quarter of 2017. The Compensation Committee separately awarded Mr. Arends a cash bonus in the amount of \$150,000 subject to Marchex

achieving certain positive adjusted EBITDA thresholds sooner than provided for in the Corporation's 2017 budget and which was paid in 2017.

On August 21, 2017, the Compensation Committee separately approved the following performance cash bonus parameters applicable to Mr. Horowitz: performance cash bonuses subject to the execution of certain customer or partner contracts with each contract exceeding certain annualized minimum contract values and assuming continued employment at each such payment date (a) in the amount of \$250,000 (the "First Performance Payment") if such conditions are met on or before December 31, 2017, and (b) additional incremental performance cash bonuses in two tranches of \$125,000 each, if such incremental performance conditions are met for one or both tranches on or before August 31, 2018. The First Performance Payment parameters were met and such amount was paid to Mr. Horowitz in 2017.

Amended and Restated Executive Officer Employment Agreements

Michael Arends, Ethan Caldwell and Gary Nafus and which such agreements supersede any prior employment related agreements or offer letters, the terms of which are described in more detail under the heading "Potential Payments upon Termination or Change in Control" beginning on page 13.

Retention Agreements

We have entered into retention agreements with each of Messrs. Arends and Caldwell. In addition, the majority of our outstanding equity grants held by our executive officers will vest in full immediately upon any change in control. These arrangements are described on page 15.

We believe it is appropriate to have these arrangements in place to promote our goal of the long-term retention of our management team. The Compensation Committee took into account the retention practices of our competitors in establishing the terms of such retention agreements.

Consulting Agreement

On May 11, 2016, we entered into an agreement with Mr. Horowitz which provides from May 12, 2016 through the earlier of (i) May 12, 2017, or (ii) Marchex's termination of the consulting period, Mr. Horowitz will provide consulting and advisory services from time to time and Marchex will pay Mr. Horowitz an annualized amount of \$255,000 per year, payable in monthly installments in advance through May 12, 2017 for such services (the "Horowitz Agreement").

On May 12, 2017, the Horowitz Agreement was amended to provide for the continuation of the consulting relationship beyond the original termination date of May 12, 2017 on a month to month basis and on August 21, 2017, Mr. Horowitz was appointed Executive Director of the Board and in connection therewith, we acknowledged termination of Mr. Horowitz's consulting arrangement.

In connection with Mr. Horowitz's appointment as Executive Director of the Board effective on August 21, 2017, Marchex's Compensation Committee (i) approved a replacement annual salary of \$255,000 for Mr. Horowitz and acknowledged the termination of his consulting arrangement in connection with such appointment, and (ii) awarded Mr. Horowitz a restricted stock grant under the 2012 Stock Incentive Plan to purchase 145,000 shares of Marchex's Class B common stock, and 95,000 options, with 100% of such shares and options vesting on the third annual anniversary of the grant date assuming continued service as Executive Director on the vesting date with Double-Trigger Change in Control Acceleration and with accelerated vesting in full upon death or disability .

Risk Assessment of Compensation Policies and Practices

We believe our compensation policies and practices do not motivate imprudent risk taking. In this regard, we note the following: (i) our annual incentive compensation is based on balanced performance metrics that promote disciplined progress towards longer-term Company goals; (ii) we do not offer short-term incentives that might drive high-risk investments at the expense of long-term Company value; and (iii) our compensation programs are weighted towards offering long-term incentives that reward sustainable performance, especially when considering our executive share ownership. Accordingly, we believe that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

(1) Includes only those columns relating to compensation awarded to, earned by or paid to the NEOs in 2015, 2016 and 2017.

(2) These amounts do not reflect whether the NEO has actually realized or will realize a financial benefit from the awards (such as by vesting of a restricted stock award). Amounts represent the aggregate grant date fair value of restricted stock each year computed in accordance with FASB ASC 718, excluding the effect of forfeitures. For a more detailed discussion on the valuation model and assumptions used to calculate the fair value of each stock award, refer to note 6 to the consolidated financial statements contained in our 2017 Annual Report on Form 10-K filed on March 14, 2018.

(3) These amounts do not reflect whether the NEO has actually realized or will realize a financial benefit from the awards (such as by exercising stock options). Amounts represent the aggregate grant date fair value of option awards each year computed in accordance with FASB ASC 718, excluding the effect of forfeitures. The fair value of the shares underlying the option awards that vest based on time is estimated using the Black-Scholes option pricing model. For a more detailed discussion on the valuation model and assumptions used to calculate the fair value of each stock award, refer to note 6 to the consolidated financial statements contained in our 2017 Annual Report on Form 10-K filed on March 14, 2018.

(4) Unless otherwise noted, the total of all perquisites and personal benefits of each NEO falls below the reportable amount for disclosure within this table. Mr. Arends' amounts in 2016 and 2017 exceeded the reportable amount and includes the Company's 401K matching contribution, auto allowance and life insurance premium.

(5)

On August 21, 2017, Mr. Horowitz was appointed Executive Director of the Board. Mr. Horowitz has also been a member of the Office of CEO since October 2016. In connection with Mr. Horowitz's appointment as Executive Director, Mr. Horowitz receives an annual salary of \$255,000 which is shown as a prorated amount since August 21, 2017 and was granted 145,000 shares of restricted stock, and 95,000 options, with 100% of such shares and options vesting on the third annual anniversary of the grant date assuming continued service as Executive Director on the vesting date with Double Trigger Change in Control Acceleration and with accelerated vesting in full upon death or disability. Mr. Horowitz also received an annual director restricted stock grant of 34,014 shares which will vest in full on the earlier of August 21, 2018 or the date of the 2018 annual meeting of stockholders with accelerated vesting in full in the event of a Change in Control. In addition, Mr. Horowitz was paid a performance cash bonus of \$250,000 in connection with the execution of certain customer or partner contracts prior to December 31, 2017. Prior to Mr. Horowitz's election to the Board in August 2017, Mr. Horowitz served as a consultant from May 2016 through August 2017 and amounts paid as a consultant are included in Other Compensation. See page 7 regarding Mr. Horowitz's consulting agreements.

(6) Mr. Nafus joined Marchex as its Chief Revenue Officer in September of 2015 and resigned effective March 31, 2017. The Compensation Committee awarded Mr. Nafus a cash bonus in the amount of \$196,975 which was paid in October of 2016 and \$65,625 which was paid in January of 2017 for 2016 performance. In connection with his employment termination, 238,750 shares of unvested restricted stock, 241,876 unvested options and \$100,000 of the 2016 performance bonus amount were forfeited. Mr. Nafus' compensation in 2017 reflects his employment through his termination date and includes his guaranteed minimum cash bonus payment for the first quarter of 2017. Other compensation in 2017 includes separation related payments including accrued vacation.

Pay Ratio Disclosure

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information about the relationship of the annual total compensation of our employees and the annual total compensation of Ethan Caldwell, our General Counsel, Chief Administrative Officer, member of the Office of the CEO and designated principal executive officer ("PEO") for SEC reporting purposes as we do not have a CEO at this time. To identify the "median employee" we reviewed total compensation of all full-time, part-time, and temporary employees employed by us on December 31, 2017 excluding our designated PEO. Total compensation for purposes of identifying the median employee included the following: (1) base salary paid in 2017 with new hire salaries in 2017 annualized; (2) cash bonus or sales commission earned in 2017; and (3) the grant date fair value of equity awards granted in 2017. We then calculated the annual total compensation for this median employee using the same methodology we used for our NEOs in our 2017 Summary Compensation Table. As disclosed in the Summary Compensation Table on page 9, the annual total compensation of our designated PEO was \$919,280. The annual total compensation of our median employee was \$111,462. Our estimated designated PEO to median employee pay ratio for 2017 is 8:1. We believe this ratio to be a reasonable estimate calculated in a manner consistent with Item 402(u) of Regulation S-K under the Exchange Act. The pay ratio disclosure rules of Item 402(u) of Regulation S-K provide significant flexibility regarding the methodology used to identify the median employee and calculate the median employee's annual total compensation. Our methodology may differ materially from the methodology used by other companies to prepare their pay ratio disclosures. Moreover, differences in employee populations, geographic locations, business strategies and compensation practices may contribute to a lack of comparability between our pay ratio and the pay ratio reported by other companies, including those within our industry.

Potential Payments upon Termination or Change in Control

Amended and Restated Executive Officer Employment Agreements

Effective on April 21, 2016, pursuant to the Compensation Committee's review of long-term incentives and annual compensation for executive officers, we entered into Amended and Restated Executive Officer Employment Agreements with each of Messrs. Michael Arends, Ethan Caldwell and Gary Nafus and which such agreements supersede any prior employment related agreements or offer letters. Mr. Nafus resigned as Chief Revenue Officer and as a member of the Office of the CEO effective March 31, 2017 and in connection with his employment termination,

238,750 of unvested restricted stock and 241,876 of unvested options were forfeited.

The Amended and Restated Executive Officer Employment Agreements for each of Messrs. Arends and Caldwell provide for the following: (i) that the excise tax gross-up provision contained in the Retention Agreements shall terminate and have no further force and effect, and (ii) in the event the Company terminates executive's employment for any reason other than Cause, or executive terminates his employment for Good Reason (regardless of a Change in Control) and subject to executive's execution of a release of claims, executive will be eligible to receive the following severance and related post-termination benefits: (a) a lump sum payment equal to one (1) times executive's then annual salary payable at the time of termination, unless the termination of executive's employment occurs within 12 months following a Change in Control, in which case executive will receive the benefits under his Retention Agreement, (b) payment by the Company of its share of medical, dental and vision insurance premiums under COBRA ("Health Benefits") for executive and executive's dependents for the 12 month period following the separation date or such lesser period as executive remains eligible under COBRA, unless the termination of executive's employment occurs within 12 months following a Change in Control, in which case executive will receive the benefits under executive's Retention Agreement; and (c) and an additional one (1) year of time-

13

based vesting on any unvested options, restricted stock and restricted stock units as of the separation date. In the event that executive's employment terminates due to death or disability, and subject to execution of a release of claims, executive will be eligible to receive the following severance and related post-termination benefits: (i) payment by the Company of Health Benefits for the 18 month period following the separation date or such lesser period as executive remains eligible under COBRA, and (ii) one hundred percent (100%) of all performance and time-based unvested options, restricted stock and restricted stock units will immediately vest upon executive's separation date. Additionally, one hundred percent (100%) of all performance and time based options, restricted stock and restricted stock units not already vested, shall become immediately vested upon the occurrence of both (a) a Change in Control, (b) followed by the first to occur of (i) a termination of executive's employment by the Company or any successor thereto without Cause, (ii) a material diminution in the nature or scope of executive's duties, responsibilities, authorities, powers or functions that constitutes Good Reason, or (iii) the twelve month anniversary of the occurrence of the Change in Control provided that executive then remains an employee of the Company or its successor (collectively, the "Double-Trigger Change in Control Acceleration").

Mr. Nafus resigned as Chief Revenue Officer and as a member of the Office of the CEO effective March 31, 2017 and in connection with his employment termination, 238,750 of unvested restricted stock, 241,876 of unvested options and \$100,000 of the 2016 performance bonus amount were forfeited. Mr. Nafus received separation related payments of \$22,176.

Restricted Stock and Restricted Stock Units Agreements

In December 2016, the vesting of Mr. Caldwell's remaining unvested shares of restricted stock from his December 20, 2012 and December 20, 2013 grants of 10,500 and 18,750, respectively, were modified to vest on December 20, 2018, and in the event of termination for any reason prior to December 20, 2018, the remaining shares subject to vesting will become immediately vested upon such termination to the extent vested based on vesting schedule for such shares prior to amendment and subject to additional vesting to the extent applicable as provided in Mr. Caldwell's employee agreement with the Company.

On April 21, 2016, we granted an aggregate of 240,000 shares of restricted stock under our 2012 Stock Plan to our current NEOs (excluding Mr. Horowitz) pursuant to a review by our Compensation Committee of equity incentives for NEOs. These shares of restricted equity granted to Mr. Arends are subject to certain conditions on vesting as well as the Double-Trigger Change in Control Acceleration. Option Agreements

On April 21, 2016, we granted an aggregate of 260,000 options under our 2012 Stock Plan to our current NEOs (excluding Mr. Horowitz) pursuant to a review by our Compensation Committee of equity incentives for NEOs. These options are subject to certain conditions on vesting as well as the Double-Trigger Change in Control Acceleration.

On June 15, 2017, we granted an aggregate of 265,000 options under our 2012 Stock Plan to our current NEOs (excluding Mr. Horowitz) pursuant to a review by our Compensation Committee of equity incentives for NEOs. These options are subject to certain conditions on vesting as well as Double-Trigger Change in Control Acceleration.

On August 21, 2017 in connection with Mr. Horowitz's appointment as Executive Director of the Board, we granted Mr. Horowitz 95,000 options under our 2012 Stock Incentive Plan, with 100% of such options vesting on the third annual anniversary of the grant date assuming continued service as Executive Director on the vesting date with Double-Trigger Change in Control Acceleration and with accelerated vesting in full upon death or disability.

Retention Agreements

On October 2, 2006, we entered into retention agreements with each of Messrs. Arends and Caldwell, which provide that in the event of a change in control, each of Messrs. Arends and Caldwell would be entitled to a lump sum payment equal to two times the amount calculated by adding (1) his annual salary at that time plus (2) the greater of (a) any bonus he earned with respect to the prior fiscal year, or (b) his pro rata portion of the aggregate bonus pool under our Incentive Plan for the current year assuming achievement under the Incentive Plan of the maximum performance targets for such year. With respect to Messrs. Arends and Caldwell, if within twelve (12) months following a change in control: (1) the Company shall terminate his employment with the Company without cause, or (2) he shall voluntarily terminate such employment for Good Reason, the Company shall provide reimbursement of health care premiums for him and his dependents, for a period of eighteen (18) months from the date of his termination, to the extent that he is eligible for and elects continuation coverage under COBRA (provided that such reimbursement shall terminate upon commencement of new employment by an employer that offers health care coverage to its employees). In consideration for the Company's willingness to enter into amended and restated employment agreements with each of Messrs. Arends and Caldwell effective April 21, 2016, such executives relinquished the excise tax gross-up provision which was contained in the retention agreements.

The following table sets forth an estimate of the payments and benefits that would be received by each of our NEOs holding office on December 31, 2017 if a change in control of Marchex and/or termination of their employment had occurred on December 31, 2017. The amounts contained in the table for each continuing NEO are based the individual's period of employment and compensation as of December 31, 2017 and, where applicable, the closing price of Marchex common stock on December 31, 2017. The table presents estimates of incremental amounts that would become payable had a triggering event occurred on December 31, 2017 and does not include amounts that were earned and payable as of that date regardless of the occurrence of a triggering event. The actual amounts of payments and benefits that could be received can be determined only at the time of a triggering event, and are dependent upon the facts and circumstances then applicable.

(1) Amounts in the column headed “Change in Control without Termination of Employment” represent the payments and benefits that would be provided on a “single trigger” basis, meaning that they are triggered by the occurrence of a change in control of Marchex and are not conditioned on the NEO’s subsequent termination of employment. These payments and benefits would be provided by the retention agreements described above to which Messrs. Arends and Caldwell are parties and by the restricted stock agreement covering shares granted to Mr. Horowitz in his

capacity as a member of the Board of Directors.

- (2) Amounts in the column headed “Change in Control with Termination of Employment without Cause or Resignation for Good Reason” represent both the payments and benefits that would be provide on a “single trigger” basis contained in the first column and certain additional payments and benefits that would be provided on a “double trigger” basis, meaning that they are triggered if, within 12 months following a change in control of Marchex, the NEO’s employment is terminated without cause or the NEO resigns for Good Reason in accordance with our employment agreements with Messrs. Arends and Caldwell and by our stock option and restricted stock agreements with Mr. Horowitz.
- (3) Amounts in the column headed “Termination of Employment without Cause or Resignation for Good Reason without Change in Control” represent the payments and benefit that would be provided by our employment agreements with Mr. Caldwell and Mr. Arends upon their termination of employment without cause or resignation for Good Reason not occurring within 12 months following a change in control of Marchex. All such payments and benefits are conditioned upon the NEO’s effective release of claims in favor of Marchex.

16

- (4) Amounts in the column headed "Termination Due to Death or Disability" represent the values of benefits that would be provided by our employment agreements with Messrs. Arends and Caldwell and by our stock option and restricted stock agreements with Mr. Horowitz in the event their employment with us terminates as a result of death or disability. All such payments and benefits are conditional upon the NEO's or his legal representative's effective release of claims in favor of Marchex.
- (5) Represents two times the sum of the NEO's annual base salary as in effect on December 31, 2017 plus the greater of the bonus earned for the prior fiscal year or the bonus that would be earned for the current fiscal year assuming achievement of the applicable performance target at the maximum credited level. For the year ended December 31, 2017, the bonus component included in the calculation of such payments is equal to 200% of the NEO's annual base salary as in effect on December 31, 2017.
- (6) Represents one times the continuing NEO's annual base salary as in effect on December 31, 2017.
- (7) Represents the intrinsic value of unvested stock options held by each NEO on December 31, 2017 whose vesting would be accelerated in the event of the NEO's termination of without cause or resignation for Good Reason as follows: (a) 100% of unvested performance based and time based options if employment terminates within 12 months following a change in control and (b) one-year of additional vesting of unvested time based options if employment terminates other than within 12 months following a change in control. If employment terminates due to death or disability, the vesting of 100% of unvested performance based and time-based options would be accelerated. The value of any accelerated stock option vesting would be the excess, if any, of the closing price of \$3.23 per share of our Class B common stock on the NASDAQ Global Select Market on December 29, 2017, the last trading day before December 31, 2017, over the exercise price of the option. For the purposes of this table, we have assumed an option vesting acceleration date of December 31, 2017.
- (8) Represents the value of unvested restricted stock held by each NEO on December 31, 2017 whose vesting would be accelerated in the event of the NEO's termination of without cause or resignation for Good Reason as follows: (a) 100% of unvested performance based and time based restricted stock if employment terminates within 12 months following a change in control and (b) one-year of additional vesting of unvested time based restricted stock if employment terminates other than within 12 months following a change in control. If employment terminates due to death or disability, the vesting of 100% of unvested performance and time based restricted stock would be accelerated. The value of any accelerated restricted stock vesting reflected in the table is based on the closing price of \$3.23 per share of our Class B common stock on the NASDAQ Global Select Market on December 29, 2017, the last trading day before December 31, 2017.
- (9) In accordance with our retention agreements with Messrs. Arends and Caldwell, each would be reimbursed for up to 18 months of health benefit continuation coverage under COBRA upon their termination of employment without cause or resignation for Good Reason within 12 months following a change in control of Marchex. The amounts stated in the second column reflect the applicable premium cost for a period of 18 months. Under our employment agreements with Messrs. Arends and Caldwell, each continuing NEO would be eligible to receive up to 12 months of company-paid health benefit continuation coverage under COBRA, reduced by the amount of any required employee premium contribution for health care benefits, in the event of their termination of employment without cause or resignation for Good Reason not occurring within 12 months following a change in control. The amounts stated in the third column reflect the applicable premium cost for a period of 12 months. The amounts stated in the fourth column represent up to 18 months of company-paid health benefit continuation coverage under COBRA, reduced by the amount of any required employee premium contribution for health care benefits, to which Messrs. Arends and Caldwell or their beneficiaries would be entitled upon their termination of employment due to disability or death in accordance with their employment agreements.
- (10) Represents the death benefit that would be paid to Mr. Arends' beneficiaries pursuant to life insurance maintained by Marchex pursuant to our employment agreement with Mr. Arends.
- (11) Mr. Nafus received separation related payments in connection with his voluntary resignation as Chief Revenue Officer and as a member of Marchex's Office of the CEO effective March 31, 2017.
