For the quarterly period ended March 31, 2018

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934.

Commission File Number: 001-14625 (Host Hotels & Resorts, Inc.)

0-25087 (Host Hotels & Resorts, L.P.)

HOST HOTELS & RESORTS, INC.

HOST HOTELS & RESORTS, L.P.

(Exact name of registrant as specified in its charter)

Maryland (Host Hotels & Resorts, Inc.) 53-008595

Delaware (Host Hotels & Resorts, L.P.) 52-2095412

(State or Other Jurisdiction of (I.R.S. Employer

Incorporation or Organization) Identification No.)

Edgar Filing: HOST HOTELS & RESORTS, INC. - Form 10-Q

6903 Rockledge Drive, Suite 1500 20817

Bethesda, Maryland (Zip Code)

(Address of Principal Executive Offices)

(240) 744-1000

(Registrant's telephone number, including area code)

Indicate by check mark whether the registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Host Hotels & Resorts, Inc.	Yes	No
Host Hotels & Resorts, L.P.	Yes	No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Host Hotels & Resorts, Inc.	Yes	No
Host Hotels & Resorts, L.P.	Yes	No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Host Hotels & Resorts, Inc.	
Large accelerated filer	Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company)	Smaller reporting company
Emerging growth company	

Host Hotels & Resorts, L.P.	
Large accelerated filer	Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company)	Smaller reporting company
Emerging growth company	

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Host Hotels & Resorts, Inc.	Yes	No
Host Hotels & Resorts, L.P.	Yes	No

Edgar Filing: HOST HOTELS & RESORTS, INC. - Form 10-Q

As of May 1, 2018 there were 741,336,886 shares of Host Hotels & Resorts, Inc.'s common stock, \$.01 par value per share, outstanding.

EXPLANATORY NOTE

This report combines the quarterly reports on Form 10-Q of Host Hotels & Resorts, Inc. and Host Hotels & Resorts, L.P. Unless stated otherwise or the context requires otherwise, references to “Host Inc.” mean Host Hotels & Resorts, Inc., a Maryland corporation, and references to “Host L.P.” mean Host Hotels & Resorts, L.P., a Delaware limited partnership, and its consolidated subsidiaries, in cases where it is important to distinguish between Host Inc. and Host L.P. We use the terms “we” or “our” or “the company” to refer to Host Inc. and Host L.P. together, unless the context indicates otherwise.

Host Inc. operates as a self-managed and self-administered real estate investment trust (“REIT”). Host Inc. owns properties and conducts operations through Host L.P., of which Host Inc. is the sole general partner and of which it holds approximately 99% of the partnership interests (“OP units”). The remaining OP units are owned by various unaffiliated limited partners. As the sole general partner of Host L.P., Host Inc. has the exclusive and complete responsibility for Host L.P.’s day-to-day management and control. Management operates Host Inc. and Host L.P. as one enterprise. The management of Host Inc. consists of the same persons who direct the management of Host L.P. As general partner with control of Host L.P., Host Inc. consolidates Host L.P. for financial reporting purposes, and Host Inc. does not have significant assets other than its investment in Host L.P. Therefore, the assets and liabilities of Host Inc. and Host L.P. are substantially the same on their respective condensed consolidated financial statements and the disclosures of Host Inc. and Host L.P. also are substantially similar. For these reasons, we believe that the combination into a single report of the quarterly reports on Form 10-Q of Host Inc. and Host L.P. results in benefits to management and investors.

The substantive difference between Host Inc.’s and Host L.P.’s filings is the fact that Host Inc. is a REIT with public stock, while Host L.P. is a partnership with no publicly traded equity. In the condensed consolidated financial statements, this difference primarily is reflected in the equity (or partners’ capital for Host L.P.) section of the consolidated balance sheets and in the consolidated statements of equity (or partners’ capital for Host L.P.). Apart from the different equity treatment, the condensed consolidated financial statements of Host Inc. and Host L.P. nearly are identical.

This combined Form 10-Q for Host Inc. and Host L.P. includes, for each entity, separate interim financial statements (but combined footnotes), separate reports on disclosure controls and procedures and internal control over financial reporting and separate CEO/CFO certifications. In addition, with respect to any other financial and non-financial disclosure items required by Form 10-Q, any material differences between Host Inc. and Host L.P. are discussed separately herein. For a more detailed discussion of the substantive differences between Host Inc. and Host L.P. and why we believe the combined filing results in benefits to investors, see the discussion in the combined Annual Report on Form 10-K for the year ended December 31, 2017 under the heading “Explanatory Note.”

HOST HOTELS & RESORTS, INC. AND HOST HOTELS & RESORTS, L.P.

HOST HOTELS & RESORTS, INC., HOST HOTELS & RESORTS, L.P., AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Organization

Description of Business

Host Hotels & Resorts, Inc. operates as a self-managed and self-administered real estate investment trust (“REIT”), with its operations conducted solely through Host Hotels & Resorts, L.P. and its subsidiaries. Host Hotels & Resorts, L.P., a Delaware limited partnership, operates through an umbrella partnership structure, with Host Hotels & Resorts, Inc., a Maryland corporation, as its sole general partner. In the notes to these unaudited condensed consolidated financial statements, we use the terms “we” or “our” to refer to Host Hotels & Resorts, Inc. and Host Hotels & Resorts, L.P. together, unless the context indicates otherwise. We also use the term “Host Inc.” specifically to refer to Host Hotels & Resorts, Inc. and the term “Host L.P.” specifically to refer to Host Hotels & Resorts, L.P. in cases where it is important to distinguish between Host Inc. and Host L.P. As of March 31, 2018, Host Inc. holds approximately 99% of Host L.P.’s OP units.

Consolidated Portfolio

As of March 31, 2018, our consolidated portfolio, primarily consisting of luxury and upper upscale hotels, is located in the following countries:

	Hotels
United States	90
Brazil	3
Canada	2
Mexico	1
Total	96

Joint Ventures

We own approximately a 33% non-controlling interest in a joint venture in Europe (“Euro JV”) that owns 11 hotels in two separate funds in seven countries. We also own non-controlling interests in an additional six joint ventures that own ten hotels.

Omg

2. Summary of Significant Accounting Policies

We have condensed or omitted certain information and footnote disclosures normally included in financial statements presented in accordance with GAAP in the accompanying unaudited condensed consolidated financial statements. We believe the disclosures made herein are adequate to prevent the information presented from being misleading. However, the financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2017.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

In our opinion, the accompanying unaudited condensed consolidated financial statements reflect all adjustments necessary to present fairly our financial position as of March 31, 2018, and the results of our operations and cash flows for the quarters ended March 31, 2018 and 2017, respectively. Interim results are not necessarily indicative of full year performance because of the impact of seasonal variations.

Three of our partnerships are considered variable interest entities (VIEs) as the general partner maintains control over the decisions that most significantly impact the partnerships. This includes the operating partnership, Host L.P., which is consolidated by Host Inc., of which Host Inc. is the sole general partner and holds approximately 99% of its partnership interests; the consolidated partnership that owns the Houston Airport Marriott at George Bush Intercontinental; and the unconsolidated partnership that owns the Philadelphia Marriott Downtown. Host Inc.'s sole

HOST HOTELS & RESORTS, INC., HOST HOTELS & RESORTS, L.P., AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

significant asset is its investment in Host L.P. and, consequently, substantially all of Host Inc.'s assets and liabilities consist of the assets and liabilities of Host L.P. All of Host Inc.'s debt is an obligation of Host L.P. and may be settled only with assets of Host L.P.

Reclassifications

Certain prior year financial statement amounts have been reclassified to conform with the current year presentation.

New Accounting Standards

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842), which affects aspects of accounting for lease agreements. Under the new standard, all leases, including operating leases, will require recognition of the lease assets and lease liabilities by lessees on the balance sheet. However, the effect on the statement of operations and the statement of cash flows largely is unchanged. The standard is effective for fiscal years beginning after December 15, 2018. The current standard requires a modified retrospective approach, with restatement of the periods presented in the year of adoption. The primary impact of the new standard will be to the treatment of our 26 ground leases, which represent approximately 85% of our annual operating lease payments. While we have not completed our analysis, we believe that application of this standard will result in the recording of a right of use asset and the related lease liability of between \$400 million and \$500 million for the ground leases, although changes in discount rates, ground lease terms or other variables may have a significant effect on this calculation. As noted above, we expect that the adoption of this standard will have minimal impact on our income statement.

Business Combinations. In January 2017, the FASB issued ASU No. 2017-01, Business Combinations (Topic 805): Clarifying the Definition of a Business. The standard adopts a two-step approach wherein, if substantially all of the fair value of the gross assets acquired is concentrated in a single (group of similar) identifiable asset(s), then the transaction will be considered an asset purchase. We adopted this standard effective January 1, 2018. As a result of this standard, we anticipate that the majority of our future hotel purchases will be considered asset purchases as opposed to business combinations, although the determination will be made on a transaction-by-transaction basis. This standard was adopted on a prospective basis and, therefore, it did not affect the accounting for any of our previous transactions.

Revenue Recognition. In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606). The standard sets forth steps to determine the timing and amount of revenue to be recognized to depict the transfer of goods or services in an amount that reflects the consideration that the entity expects in exchange. The FASB also issued ASU No. 2017-05, Other Income – Gains and Losses from the Derecognition of Nonfinancial Assets (Subtopic 610-20), which is required to be adopted concurrently, as it provides further guidance on accounting for the derecognition of and partial sales of a non-financial asset. This standard may allow for earlier gain recognition for certain sale transactions pursuant to which we have continuing involvement with the asset. We adopted these standards on January 1, 2018, using a modified retrospective approach with a cumulative effect recognized in our equity balance on the date of adoption and no restatements of prior period amounts. When applying the new standard for the cumulative effect, we elected to apply the new standard only to contracts that were not considered completed as of the date of adoption.

Transition adjustment. As a result of the adoption of this standard, total liabilities at January 1, 2018 were reduced by \$4.5 million, and total equity of Host, Inc. stockholders and total Host L.P. capital at January 1, 2018 increased by

\$4.5 million. This adjustment is related to a previously deferred gain on the sale of the Atlanta Marriott Marquis in 2013 that would have qualified for recognition under the new standard. Our balance sheet as of March 31, 2018 includes \$0.4 million retained as a contingent liability for potential environmental liabilities at the Atlanta Marriott Marquis; however, our potential exposure related to the guarantee can be up to \$5 million. Adoption did not have an effect on our income statement for the quarters ended March 31, 2018 and 2017.

Policy Disclosure. There has been no significant change to our method of revenue recognition for our primary operations; however, we have updated our accounting policy and disclosures for the revenue recognition standard. See Note 4 for this disclosure.

HOST HOTELS & RESORTS, INC., HOST HOTELS & RESORTS, L.P., AND SUBSIDIARIES

(Unaudited)

3. Earnings Per Common Share (Unit)

Basic earnings per common share (unit) is computed by dividing net income attributable to common stockholders (unitholders) by the weighted average number of shares of Host Inc. common stock or Host L.P. common units outstanding. Diluted earnings per common share (unit) is computed by dividing net income attributable to common stockholders (unitholders), as adjusted for potentially dilutive securities, by the weighted average number of shares of Host Inc. common stock or Host L.P. common units outstanding plus other potentially dilutive securities. Dilutive securities may include shares granted under comprehensive stock plans or the common OP units distributed to Host Inc. to support such shares granted, and other non-controlling interests that have the option to convert their limited partnership interests to common OP units. No effect is shown for any securities that are anti-dilutive. We have 8.2 million common OP units which are convertible into 8.4 million common shares which are not included in Host Inc.'s calculation of earnings per share as their effect is not dilutive. The calculation of Host Inc. basic and diluted earnings per common share is shown below (in millions, except per share amounts):

	Quarter ended March 31,	
	2018	2017
Net income	\$256	\$161
Less: Net income attributable to non-controlling interests	(3)	(3)
Net income attributable to Host Inc.	\$253	\$158
Basic weighted average shares outstanding	739.2	738.0
Assuming distribution of common shares granted under the		
comprehensive stock plans, less shares assumed purchased		
at market	0.4	0.2
Diluted weighted average shares outstanding	739.6	738.2
Basic earnings per common share	\$.34	\$.21
Diluted earnings per common share	\$.34	\$.21

The calculation of Host L.P. basic and diluted earnings per unit is shown below (in millions, except per unit amounts):

	Quarter ended March 31,	
	2018	2017
Net income	\$256	\$161
Less: Net income attributable to non-controlling interests	—	(1)
Net income attributable to Host L.P.	\$256	\$160

Basic weighted average units outstanding	731.9	731.0

comprehensive stock plans, less shares assumed purchased		
at market	0.3	0.2
Diluted weighted average units outstanding	732.2	731.2
Basic earnings per common unit	\$.35	\$.22
Diluted earnings per common unit	\$.35	\$.22

4. Revenue

Substantially all of our operating results represent revenues and expenses generated by property-level operations. The majority of payments are made by the customer when the services are provided. Due to the short-term nature of our contracts and the almost concurrent receipt of payment, we have no significant performance obligations outstanding at

HOST HOTELS & RESORTS, INC., HOST HOTELS & RESORTS, L.P., AND SUBSIDIARIES
 NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
 (Unaudited)

quarter end. We collect sales, use, occupancy and similar taxes at our hotels, which we present on a net basis (excluded from revenues) on our statements of operations. Revenues are recognized when the performance obligations have been met, as follows:

Income statement line item	Recognition method
Rooms revenues	Rooms revenues represent revenues from the occupancy of our hotel rooms and are driven by the occupancy and average daily rate charged. Rooms revenues do not include ancillary services or fees charged. The contracts for room stays with customers are generally very short in duration and revenues are recognized over the course of the hotel stay.
Food & beverage revenues	Food & beverage (“F&B”) revenues consist of revenue from group functions, which may include banquet revenue and audio-visual revenue, as well as outlet revenue from the restaurants and lounges at our properties. Revenues are recognized as the services or products are provided. Our hotels may employ third parties to provide certain services at the property, for example, audio and visual services. We evaluate each of these contracts to determine if the hotel is the principal or the agent in the transaction, and record the revenues as appropriate (i.e. gross vs. net).
Other revenues	Other revenues consist of ancillary revenue at the property, including attrition and cancellation fees, golf courses, resort and destination fees, spas, entertainment and other guest services, as well as rental revenue; primarily consisting of leased retail outlets at our properties. Attrition and cancellation fees are recognized for non-cancelable deposits when the customer provides notification of cancellation or is a no-show for the specified date, whichever comes first.

Disaggregation of Revenues. While we do not consider the following division to be a reportable segment, we have disaggregated hotel revenues by market location. Our revenues also are presented by country in Note 11 – Geographic Information.

HOST HOTELS & RESORTS, INC., HOST HOTELS & RESORTS, L.P., AND SUBSIDIARIES

7. Equity of Host Inc. and Capital of Host L.P.

Equity of Host Inc.

Equity of Host Inc. is allocated between controlling and non-controlling interests as follows (in millions):

	Equity of Host Inc.	Non-redeemable, non-controlling interests	Total equity	Redeemable, non-controlling interests
Balance, December 31, 2017	\$6,973	\$ 29	\$7,002	\$ 167
Net income	253	—	253	3
Issuance of common stock for comprehensive stock plans, net	(1)	—	(1)	—
Dividends declared on common stock	(148)	—	(148)	—
Distributions to non-controlling interests	—	—	—	(2)
Changes in ownership and other	12	—	12	(12)
Other comprehensive income	5	—	5	—
Cumulative effect of accounting change	5	—	5	—
Balance, March 31, 2018	\$7,099	\$ 29	\$7,128	\$ 156

Capital of Host L.P.

As of March 31, 2018, Host Inc. is the owner of approximately 99% of Host L.P.'s common OP units. The remaining common OP units are held by third party limited partners. Each common OP unit may be redeemed for cash or, at the election of Host Inc., Host Inc. common stock, based on the conversion ratio of 1.021494 shares of Host Inc. common stock for each common OP unit.

In exchange for any shares issued by Host Inc., Host L.P. will issue common OP units to Host Inc. based on the applicable conversion ratio. Additionally, funds used by Host Inc. to pay dividends on its common stock are provided by distributions from Host L.P.

Capital of Host L.P. is allocated between controlling and non-controlling interests as follows (in millions):

	Capital of Host L.P.	Non-controlling interests	Total capital	Limited partnership interests of third parties
Balance, December 31, 2017	\$6,973	\$ 29	\$7,002	\$ 167
Net income	253	—	253	3

Issuance of common OP units to Host Inc. for				
comprehensive stock plans, net	(1)	—	(1)	—
Distributions declared on common OP units	(148)	—	(148)	(2)
Changes in ownership and other	12	—	12	(12)
Other comprehensive income	5	—	5	—
Cumulative effect of accounting change	5	—	5	—
Balance, March 31, 2018	\$7,099	\$ 29	\$7,128	\$ 156

Dividends/Distributions

On February 21, 2018, Host Inc.'s Board of Directors declared a regular quarterly cash dividend of \$0.20 per share on its common stock. The dividend was paid on April 16, 2018 to stockholders of record as of March 29, 2018. Accordingly, Host L.P. made a distribution of \$0.2042988 per unit on its common OP units based on the current conversion ratio.

HOST HOTELS & RESORTS, INC., HOST HOTELS & RESORTS, L.P., AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

8. Dispositions

On January 9, 2018, we sold the Key Bridge Marriott for \$190 million, including \$8 million contributed to the hotel's FF&E replacement funds by the purchaser, and recorded a gain of approximately \$119 million.

9. Acquisitions

Asset Acquisitions

On March 29, 2018, we acquired the 301-room Andaz Maui at Wailea Resort, 668-room Grand Hyatt San Francisco, and 454-room Hyatt Regency Coconut Point Resort and Spa for a total purchase price of \$1 billion.

10. Fair Value Measurements

Impairment

During the first quarter, we recorded an additional impairment loss of \$8 million, which is included in depreciation and amortization expense, related to the W New York hotel based on the expected sales price of the property, which sale price is considered an unobservable input (Level 3) in the GAAP fair value hierarchy. The fair value of the property on March 31, 2018 was \$183 million. The property was classified as held-for-sale as of December 31, 2017.

Other Liabilities

Fair Value of Other Financial Liabilities. We did not elect the fair value measurement option for any of our other financial liabilities. The fair values of our secured debt and our credit facility are determined based on the expected future payments discounted at risk-adjusted rates. Our senior notes are valued based on quoted market prices. The fair values of financial instruments not included in this table are estimated to be equal to their carrying amounts.

The fair value of certain financial liabilities is shown below (in millions):

March 31, 2018	December 31, 2017
Carrying Fair Value	Carrying Fair Value

	Amount		Amount	
Financial liabilities				
Senior notes (Level 1)	\$2,779	\$ 2,859	\$2,778	\$ 2,932
Credit facility (Level 2)	1,481	1,488	1,170	1,178
Other debt, excluding capital leases				
(Level 2)	5	5	5	5

E

11. Geographic Information

We consider each of our hotels to be an operating segment, none of which meets the threshold for a reportable segment. We also allocate resources and assess operating performance based on individual hotels. All of our other real estate investment activities (primarily office buildings and apartments) are immaterial and, with our operating segments, meet the aggregation criteria, and thus, we report one segment: hotel ownership. Our consolidated foreign operations consist of hotels in three countries as of March 31, 2018. There were no intersegment sales during the periods presented.

17

HOST HOTELS & RESORTS, INC., HOST HOTELS & RESORTS, L.P., AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

The following table presents total revenues and property and equipment for each of the geographical areas in which we operate (in millions):

	Revenues		Property and Equipment, net	
	Quarter ended		March	
	March 31,	March 31,	31,	December 31,
	2018	2017	2018	2017
United States	\$1,320	\$1,317	\$10,509	\$ 9,548
Australia	—	9	—	—
Brazil	5	5	59	59
Canada	14	10	68	71
Mexico	7	7	14	14
Total	\$1,346	\$1,348	\$10,650	\$ 9,692

12. Non-controlling Interests

Host Inc.'s treatment of the non-controlling interests of Host L.P.: Host Inc. adjusts the non-controlling interests of Host L.P. each period so that the amount presented equals the greater of its carrying value based on accumulated historical cost or its redemption value. The historical cost is based on the proportional relationship between the historical cost of equity held by our common stockholders relative to that of the unitholders of Host L.P. The redemption value is based on the amount of cash or Host Inc. common stock, at our option, that would be paid to the non-controlling interests of Host L.P. if it were terminated. Therefore, the redemption value of the common OP units is equivalent to the number of shares that would be issued upon conversion of the common OP units held by third parties valued at the market price of Host Inc. common stock at the balance sheet date. One common OP unit may be exchanged for 1.021494 shares of Host Inc. common stock. Non-controlling interests of Host L.P. are classified in the mezzanine section of our balance sheets as they do not meet the requirements for equity classification because the redemption feature requires the delivery of registered shares.

The table below details the historical cost and redemption values for the non-controlling interests:

	March 31,	December 31,
	2018	2017
Common OP units outstanding (millions)	8.2	8.2
Market price per Host Inc. common share	\$18.64	\$ 19.85
Shares issuable upon conversion of one common OP unit	1.021494	1.021494
Redemption value (millions)	\$156	\$ 167

Historical cost (millions)	81	80
Book value (millions) ⁽¹⁾	156	167

(1) The book value recorded is equal to the greater of redemption value or historical cost. Other Consolidated Partnerships. We consolidate three majority-owned partnerships that have third-party, non-controlling partners. The third-party partnership interests are included in non-controlling interests — other consolidated partnerships on the balance sheets and totaled \$29 million as of both March 31, 2018 and December 31, 2017.

13. Legal Proceedings

We are involved in various legal proceedings in the normal course of business regarding the operation of our hotels and company matters. To the extent not covered by insurance, these legal proceedings generally fall into the following broad categories: disputes involving hotel-level contracts, employment litigation, compliance with laws such as the Americans with Disabilities Act, tax disputes and other general matters. Under our management agreements, our operators have broad latitude to resolve individual hotel-level claims for amounts generally less than \$150,000. However, for matters exceeding such threshold, our operators may not settle claims without our consent.

Based on our analysis of legal proceedings with which we currently are involved or of which we are aware and our experience in resolving similar claims in the past, we have recorded minimal accruals as of March 31, 2018 related to such claims. We have estimated that, in the aggregate, our losses related to these proceedings would not be material. We are not

HOST HOTELS & RESORTS, INC., HOST HOTELS & RESORTS, L.P., AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

aware of any matters with a reasonably possible unfavorable outcome for which disclosure of a loss contingency is required. No assurances can be given as to the outcome of any pending legal proceedings.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis should be read in conjunction with the unaudited condensed consolidated financial statements and related notes included elsewhere in this report. Host Inc. operates as a self-managed and self-administered REIT. Host Inc. is the sole general partner of Host L.P. and holds approximately 99% of its partnership interests. Host L.P. is a limited partnership operating through an umbrella partnership structure. The remaining common OP units are owned by various unaffiliated limited partners.

Forward-Looking Statements

In this report on Form 10-Q, we make forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are identified by their use of terms and phrases such as "anticipate," "believe," "could," "expect," "may," "intend," "predict," "project," "plan," "will," "estimate" and other similar phrases, including references to assumptions and forecasts of future results. Forward-looking statements are based on management's current expectations and assumptions and are not guarantees of future performance. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results to differ materially from those anticipated at the time the forward-looking statements are made.

The following factors, among others, could cause actual results and future events to differ materially from those set forth or contemplated in the forward-looking statements:

- the effect on lodging demand of (i) changes in national and local economic and business conditions, including concerns about the duration and strength of U.S. economic growth, global economic prospects, consumer confidence and the value of the U.S. dollar, and (ii) factors that may shape public perception of travel to a particular location such as natural disasters, weather, pandemics, changes in the international political climate, and the occurrence or potential occurrence of terrorist attacks, all of which will affect occupancy rates at our hotels and the demand for hotel products and services;
- the impact of geopolitical developments outside the United States, such as the pace of economic growth in Europe, the effects of the United Kingdom's referendum to withdraw from the European Union, the slowing of growth in markets such as China and Brazil, or unrest in the Middle East, all of which could affect the relative volatility of global credit markets generally, global travel and lodging demand;
- risks that proposed U.S. immigration policies and travel ban will suppress international travel to the United States generally;
- volatility in global financial and credit markets, and the impact of budget deficits and potential U.S. governmental action to address such deficits through reductions in spending and similar austerity measures, which could materially adversely affect U.S. and global economic conditions, business activity, credit availability, borrowing costs, and lodging demand;
 - operating risks associated with the hotel business, including the effect of increasing operating or labor costs or changes in workplace rules that affect labor costs;
- the effect of rating agency downgrades of our debt securities on the cost and availability of new debt financings;
 - the reduction in our operating flexibility and the limitation on our ability to pay dividends and make distributions resulting from restrictive covenants in our debt agreements, which limit the amount of distributions from Host L.P. to Host Inc., and other risks associated with the amount of our indebtedness or related to restrictive covenants in our debt agreements, including the risk that a default could occur;
- our ability to maintain our properties in a first-class manner, including meeting capital expenditures requirements, and the effect of renovations, including temporary closures, on our hotel occupancy and financial results;
- the ability of our hotels to compete effectively against other lodging businesses in the highly competitive markets in which we operate in terms of access, location, quality of accommodations and room rate structures;
- our ability to acquire or develop additional properties and the risk that potential acquisitions or developments may not perform in accordance with our expectations;

relationships with property managers and joint venture partners and our ability to realize the expected benefits of our joint ventures and other strategic relationships;
risks associated with a single manager, Marriott International, managing a significant portion of our properties;
changes in the desirability of the geographic regions of the hotels in our portfolio or in the travel patterns of hotel customers;

20

the ability of third-party internet and other travel intermediaries to attract and retain customers;
 our ability to recover fully under our existing insurance policies for terrorist acts and our ability to maintain adequate or full replacement cost “all-risk” property insurance policies on our properties on commercially reasonable terms;
 the effect of a data breach or significant disruption of hotel operator information technology networks as a result of cyber attacks;
 the effects of tax legislative action and other changes in laws and regulations, or the interpretation thereof, including the need for compliance with new environmental and safety requirements;
 the ability of Host Inc. and each of the REITs acquired, established or to be established by Host Inc. to continue to satisfy complex rules in order to qualify as REITs for federal income tax purposes and Host Inc.’s and Host L.P.’s ability and the ability of our subsidiaries, and similar entities to be acquired or established by us, to operate effectively within the limitations imposed by these rules; and
 risks associated with our ability to execute our dividend policy, including factors such as investment activity, operating results and the economic outlook, any or all of which may influence the decision of our board of directors as to whether to pay future dividends at levels previously disclosed or to use available cash to pay special dividends. We undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events, or otherwise. Achievement of future results is subject to risks, uncertainties and potentially inaccurate assumptions, including those risk factors discussed in our Annual Report on Form 10-K for the year ended December 31, 2017 and in other filings with the Securities and Exchange Commission (“SEC”). Although we believe that the expectations reflected in such forward-looking statements are based upon reasonable assumptions, we can give no assurance that we will attain these expectations or that any deviations will not be material.

Operating Results and Outlook

Operating Results

The following table reflects certain line items from our statements of operations and significant operating statistics (in millions, except per share and hotel statistics):

Historical Income Statement Data:

	Quarter ended		
	March 31,		
	2018	2017	Change
Total revenues	\$1,346	\$1,348	(0.1)%
Net income	256	161	59.0%
Operating profit	171	171	—
Operating profit margin under GAAP	12.7%	12.7%	—
Adjusted EBITDAre ⁽¹⁾	\$370	\$370	—
Diluted earnings per share	0.34	0.21	61.9%
NAREIT FFO and Adjusted FFO per diluted share ⁽¹⁾	0.43	0.44	(2.3)%

Comparable Hotel Data:

2018 Comparable Hotels (2)		
Quarter ended		
March 31,		
2018	2017	Change

Edgar Filing: HOST HOTELS & RESORTS, INC. - Form 10-Q

Comparable hotel revenues ⁽¹⁾	\$1,271	\$1,253	1.5	%
Comparable hotel EBITDA ⁽¹⁾	351	338	3.7	%
Comparable hotel EBITDA margin ⁽¹⁾	27.6 %	27.0 %	60	bps
Change in comparable hotel RevPAR - Constant US\$	1.7	%		
Change in comparable hotel RevPAR - Nominal US\$	1.8	%		
Change in comparable domestic RevPAR	1.6	%		
Change in comparable international RevPAR - Constant US\$	9.3	%		

(1) Adjusted EBITDAre, NAREIT FFO and Adjusted FFO per diluted share and comparable hotel operating results (including comparable hotel revenues and comparable hotel EBITDA and margins) are non-GAAP (U.S. generally accepted accounting principles) financial measures within the meaning of the rules of the SEC. See “Non-GAAP Financial Measures” for more information on these measures, including why we believe that these supplemental measures are useful, reconciliations to the most directly comparable GAAP measure, and the limitations on the use of these supplemental measures.

(2) Comparable hotel operating statistics for 2018 and 2017 are based on 90 hotels as of March 31, 2018.

Revenue

Total revenues remained unchanged for the quarter, despite improvements in operating performance at our comparable hotels, due to the dispositions in 2017 and early 2018. Comparable revenue per available room (“RevPAR”) on a constant US\$ basis improved 1.7% for the first quarter as a result of an increase in occupancy of 170 basis points, partially offset by a decrease in average room rate of 0.6%. Operations improved for the quarter particularly in our west coast markets and the Florida Gulf Coast. Florida Gulf Coast and Maui/Oahu had RevPAR increases of 11.6% and 9.7%, respectively, primarily as a result of strong transient rate gains. Our San Francisco/San Jose and New York properties also outperformed the portfolio, with RevPAR increases of 5.2% and 5.0%, respectively, due to occupancy growth and an increase in group revenues, while RevPAR at our Chicago properties improved 6.5% due to an increase in citywide events. The strong performances at these properties were partially offset by RevPAR declines at our Washington D.C. (Central Business District “CBD”), Houston and San Antonio properties of 17.4%, 9.1% and 7.0%, respectively. Both our Houston and Washington D.C. (CBD) properties experienced difficult comparisons to the prior year, with the Presidential inauguration and Women’s March in Washington D.C. (CBD) and the Super Bowl in Houston. The decline at the San Antonio properties resulted from a decrease in group rooms.

On a constant US\$ basis, RevPAR at our comparable international properties improved 9.3% for the first quarter. The increase was due to strong occupancy growth at our Canadian properties, partially offset by declines in average room rate and occupancy at the JW Marriott Hotel Mexico City. Comparable RevPAR in constant euros for the unconsolidated Euro JV properties was nearly flat, with an increase of 0.2% for the first quarter, due to the political unrest in Barcelona.

Operating profit

Operating profit margin (calculated based on GAAP operating profit as a percentage of GAAP revenues) remained flat for the first quarter, at 12.7%. This operating profit margin is affected significantly by several items, including dispositions, depreciation and corporate expenses. Our comparable hotel EBITDA margins, which exclude these items, increased 60 basis points, to 27.6%, for the quarter, due to continued improvements in operating efficiencies, higher ancillary revenues and a one-time property tax rebate.

Net income, Adjusted EBITDAre and Adjusted FFO per Diluted Share

Net income for the quarter increased \$95 million, primarily due to an increase in gain on sale of assets. Adjusted EBITDAre, which excludes gain on sale of assets, remained flat for the quarter, as improved operating results at our comparable hotels were offset by the effects of property dispositions in 2017 and early 2018. The increase in net income led to an increase in diluted earnings per share of \$0.13, or 61.9%, for the quarter. Adjusted FFO per diluted share decreased \$0.01, or 2.3%, in the quarter, primarily reflecting an increase in interest expense and tax expense.

The trends and transactions described for Host Inc. affected similarly the operating results for Host L.P., as the only significant difference between the Host Inc. and the Host L.P. statements of operations relates to the treatment of income attributable to the third party limited partners of Host L.P.

Outlook

We are optimistic about the overall lodging operating environment, as strong U.S. economic fundamentals, including high consumer confidence and historically low-level of unemployment, are expected to result in increases in U.S. GDP and strengthening corporate and leisure travel. In addition, the impact of the Tax Cuts and Jobs Act and lower regulatory burdens are expected to result in increased corporate profits and business investment during the year, which historically has correlated to strengthening business transient demand, a key demand driver for our portfolio.

Industry occupancies remain at or near record-high levels. Markets such as Hawaii, Orlando, and San Diego will continue to benefit from expected strong leisure demand and low supply growth. However, the rate of industry-wide supply growth is expected to accelerate slightly from prior years although the increases vary by market. Markets such as New York and Houston have experienced above-average supply growth that has significantly offset demand growth, making it more challenging for our operators to grow average rates. Accordingly, on a portfolio wide basis, the record-high occupancies and increasing market supply are expected to limit RevPAR growth to increases in average rate. We remain cautiously optimistic that favorable economic fundamentals will support

continued strengthening demand and allow properties to shift mix toward more profitable sources of business, driving average rate and overall RevPAR growth for our portfolio for the remainder of the year.

Based on these trends, we forecast 2018 RevPAR growth for our comparable hotels of between 1.5% and 2.5% on a constant US\$ basis. However, there can be no assurances that any increases in hotel revenues or earnings at our properties will continue for any number of reasons, including, but not limited to, slower than anticipated growth in the U.S. economy, changes in travel patterns, increased market volatility, escalating trade tensions, anticipated increases in interest rates and international economic and political instability.

Strategic Initiatives

Acquisitions. On March 29, 2018, we acquired the 301-room Andaz Maui at Wailea Resort, 668-room Grand Hyatt San Francisco, and 454-room Hyatt Regency Coconut Point Resort and Spa for a total purchase price of \$1 billion. These assets were acquired on a fee-simple basis and will continue to be Hyatt-branded and managed by Hyatt pursuant to long-term management agreements.

Dispositions. On January 9, 2018, we sold the Key Bridge Marriott for \$190 million, including \$8 million contributed to the hotel's FF&E replacement funds by the purchaser.

Financing transactions. During the quarter, we borrowed \$310 million under the revolver portion of our credit facility. As of March 31, 2018, we had \$511 million of available capacity remaining under the revolver portion of our credit facility.

Capital Projects. For full year 2018, we expect total capital expenditures of \$475 million to \$550 million, closer to our historical average spend. This total amount consists of return on investment ("ROI") projects of approximately \$185 million to \$220 million and renewal and replacement expenditures of \$290 million to \$330 million.

We look to enhance asset value through ROI projects that are designed to take advantage of changing market conditions and the favorable location of our properties, while seeking to increase profitability and enhance customer satisfaction. These projects are designed to improve the positioning of our hotels within their markets and competitive set as well as incorporate elements of sustainable design and replace aging equipment and systems with more efficient technology. We also maintain the value of our properties through regular renewal and replacement capital expenditures that are designed to improve the quality and competitiveness of our hotels.

During the first quarter of 2018, we spent approximately \$29 million on ROI capital projects and \$86 million on renewal and replacement projects. Significant projects completed during the quarter included the renovation of over 55,000 square feet of meeting space at the Grand Hyatt Washington and over 30,000 square feet of ballroom and meeting space at The Westin Waltham Boston.

Results of Operations

The following table reflects certain line items from our statements of operations (in millions, except percentages):

	Quarter ended		
	March 31,		
	2018	2017	Change
Total revenues	\$1,346	\$1,348	(0.1)%
Operating costs and expenses:			
Property-level costs ⁽¹⁾	1,147	1,151	(0.3)
Corporate and other expenses	28	29	(3.4)
Gain on insurance and business interruption settlements	—	3	N/M
Operating profit	171	171	—
Interest expense	44	39	12.8
Gain on sale of assets	120	17	605.9
Benefit (provision) for income taxes	(4)	6	N/M
Host Inc.:			
Net income attributable to non-controlling interests	3	3	—
Net income attributable to Host Inc.	253	158	60.1
Host L.P.:			
Net income attributable to non-controlling interests	—	1	N/M
Net income attributable to Host L.P.	256	160	60.0

(1) Amount represents total operating costs and expenses from our unaudited condensed consolidated statements of operations, less corporate and other expenses and gain on insurance and business interruption settlements. N/M=Not meaningful.

Statement of Operations Results and Trends

For the first quarter 2018, the results of hotels acquired or sold during the comparable periods impacted our year-over-year comparisons. Comparisons of our operations were affected by the disposition of one hotel in 2018 and four hotels in 2017. These dispositions were partially offset by the acquisition of two hotels during the first quarter of 2017: the W Hollywood acquired in March 2017 and The Don CeSar and Beach House Suites complex acquired in February 2017. Results also reflect three days of operations for three hotels acquired in March 2018: Andaz Maui at Wailea Resort, Grand Hyatt San Francisco, and Hyatt Regency Coconut Point Resort and Spa. The table below presents the net (reduction)/increase in revenues and earnings due to the results of hotels acquired or sold during the comparable periods, collectively the “Property Transactions” (in millions):

	Quarter ended		
	March 31,		
	2018	2017	Change
Revenues:

Hotel Sales Overview

The following table presents total revenues in accordance with GAAP and includes both comparable and non-comparable hotels (in millions, except percentages):

	Quarter ended March 31,			
	2018	2017	Change	
Revenues:				
Rooms	\$844	\$843	0.1	%
Food and beverage	413	422	(2.1))
Other	89	83	7.2)
Total revenues	\$1,346	\$1,348	(0.1))

Rooms. Total rooms revenues increased 0.1% for the quarter, reflecting the 1.8% increase in the comparable rooms revenues, driven by strong transient demand, offset by the net effects of our Property Transactions, which reduced rooms revenues by \$12 million for the quarter.

Food and beverage. Total food and beverage (“F&B”) revenues decreased 2.1% for the quarter, reflecting the decrease at our comparable hotels along with a \$3 million decrease due to the net effect of our Property Transactions.

Comparable F&B revenues decreased 1.2% for the quarter, reflecting a decrease in banquet and audio/visual revenues, which was partially offset by an increase in outlet revenues.

Other revenues. Total other revenues increased 7.2% for the quarter, primarily due to an increase in resort and destination fees along with attrition and cancellation fees. At our comparable hotels, other revenues increased 12.3% for the quarter.

Property-level Operating Expenses

The following table presents property-level operating expenses in accordance with GAAP and includes both comparable and non-comparable hotels (in millions, except percentages):

	Quarter ended March 31,			
	2018	2017	Change	
Expenses:				
Rooms	\$224	\$219	2.3	%
Food and beverage	278	277	0.4)
Other departmental and support expenses	315	319	(1.3))
Management fees	54	56	(3.6))
Other property-level expenses	98	100	(2.0))
Depreciation and amortization	178	180	(1.1))
Total property-level operating expenses	\$1,147	\$1,151	(0.3))

Our operating costs and expenses, which have both fixed and variable components, are affected by changes in occupancy, inflation, and revenues (which affect management fees), though the effect on specific costs and expenses will differ. Our wages and benefits account for approximately 58% of the operating expenses at our hotels (excluding depreciation). Other property-level expenses consist of property taxes, the amounts and structure of which are highly dependent on local jurisdiction taxing authorities, and property and general liability insurance, all of which do not necessarily increase or decrease based on similar changes in revenues at our hotels.

Rooms. Rooms expenses increased 2.3% for the quarter, which reflects an increase of 3.3% for the quarter at our comparable hotels, driven by an increase in wage expense, partially offset by rooms productivity improvements. The net effect of our Property Transactions reduced rooms expenses by \$3 million for the quarter.

Food and beverage. F&B expenses increased 0.4% for the quarter. The net effect of our Property Transactions reduced F&B expenses by \$1 million for the quarter. For our comparable hotels, F&B expenses increased 0.5% for the quarter due to an unfavorable shift from banquet and audio/visual business to outlet business, driven in part by the shift from group to transient business, as well as due to an increase in hourly wage rates.

Other departmental and support expenses. Other departmental and support expenses decreased \$4 million for the quarter, primarily due to a \$4 million decrease from the net effect of our Property Transactions. On a comparable hotel basis, other departmental and support expenses increased \$1 million for the quarter.

Management fees. Base management fees, which generally are calculated as a percentage of total revenues, decreased \$1 million for the quarter. Incentive management fees, which are generally based on the amount of operating profit at each property after we receive a priority return on our investment, decreased \$2 million for the quarter, due largely to the decrease in revenue associated with the Presidential inauguration in 2017.

Other property-level expenses. These expenses generally do not vary significantly based on occupancy and include expenses such as property taxes and insurance. Other property level expenses decreased \$2 million for the quarter. Other property-level expenses at our comparable hotels decreased 1.5% for the quarter.

Other Income and Expense

Corporate and other expenses. The following table details our corporate and other expenses for the quarter (in millions):

	Quarter ended March 31, 2018 2017	
General and administrative costs	\$25	\$ 25
Non-cash stock-based compensation expense	3	3
Litigation accruals and acquisition costs, net	—	1
Total	\$28	\$ 29

Interest expense. Interest expense increased for the quarter due to a full quarter of interest expense on the Series G Senior Notes that were issued in March of 2017. The following table details our interest expense for the quarter (in millions):

	Quarter ended March 31, 2018 2017	
Cash interest expense ⁽¹⁾	\$42	\$ 38
Non-cash interest expense	2	1
Total interest expense	\$44	\$ 39

(1) Including the change in accrued interest, total cash interest paid was \$38 million and \$37 million for the first quarter of 2018 and 2017, respectively.

Gain on sale of assets. During the first quarter 2018, we recognized a gain on sale of assets of \$120 million, due primarily to the sale of the Key Bridge Marriott. During the first quarter of 2017, we recognized a gain on sale of assets of \$17 million, primarily due to the sale of the JW Marriott Desert Springs Resort & Spa.

Provision for income taxes. We lease substantially all our properties to consolidated subsidiaries designated as taxable REIT subsidiaries (“TRS”) for federal income tax purposes. The difference between hotel-level operating cash flow and

the aggregate rent paid to Host L.P. by the TRS represents its taxable income or loss, with regard to which we record an income tax provision or benefit. The income tax provision recorded in the first quarter of 2018 is due to increased profitability of hotel operations retained by the TRS.

Comparable Hotel RevPAR Overview

We discuss operating results for our hotels on a comparable basis. Comparable hotels are those properties that we have consolidated for the entirety of the reporting periods being compared. Comparable hotels do not include the results of hotels acquired or sold, that incurred significant property damage or business interruption, or have undergone large scale capital projects during these periods. As of March 31, 2018, 90 of our 96 owned hotels are classified as comparable hotels. See “Comparable Hotel Operating Statistics” for a complete description of our comparable hotels. We also discuss our comparable RevPAR results by geographic location and mix of business (i.e. transient, group, or contract).

Comparable Hotel Sales by Location

The following tables set forth performance information for our comparable hotels by geographic location as of March 31, 2018 and 2017, respectively:

Comparable Hotels by Location in Constant US\$ (by RevPAR)

Location	As of March 31, 2018		Quarter ended March 31, 2018			Quarter ended March 31, 2017			Percent

Hotels Sales by Business Mix

The majority of our customers fall into three broad categories: transient, group, and contract business. The information below is derived from business mix data for 90 of our hotels for which business mix data is available from our managers. For additional detail on our business mix, see “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our most recent Annual Report on Form 10 K.

For the first quarter, transient revenue increased 5.2% driven entirely by a 5.2% increase in room nights sold. Leisure travel drove the increase in transient room nights, particularly in March due to the Easter calendar shift, while corporate volume also increased in the quarter. Additional airline contracts led to a 6.7% increase in contract business, driven by an 8.1% increase in contract business room nights sold. A decrease in group volume of 2.3% for the quarter, combined with a 1.2% decrease in average daily rate, led to a decrease in group revenue of 3.5%. Group volume was negatively impacted by difficult comparisons with the Presidential inauguration in 2017. The shift from group business led to the decrease in F&B revenues when compared to 2017.

Liquidity and Capital Resources

Liquidity and Capital Resources of Host Inc. and Host L.P. The liquidity and capital resources of Host Inc. and Host L.P. are derived primarily from the activities of Host L.P., which generates the capital required by our business from hotel operations, the incurrence of debt, the issuance of OP units or the sale of properties. Host Inc. is a REIT and its only significant asset is the ownership of partnership interests of Host L.P.; therefore, its financing and investing activities are conducted through Host L.P., except for the issuance of its common and preferred stock. Proceeds from stock issuances by Host Inc. are contributed to Host L.P. in exchange for OP units. Additionally, funds used by Host Inc. to pay dividends or to repurchase its stock are provided by Host L.P. Therefore, while we have noted those areas in which it is important to distinguish between Host Inc. and Host L.P., we have not included a separate discussion of liquidity and capital resources as the discussion below applies to both Host Inc. and Host L.P.

Overview. We look to maintain a capital structure and liquidity profile with an appropriate balance of cash, debt, and equity in order to provide financial flexibility given the inherent volatility of the lodging industry. This strategy has resulted in a lower overall cost of capital, allowing us to complete opportunistic investments and acquisitions and positions us to manage potential declines in operations throughout the lodging cycle. Over the past several years, we have decreased our leverage as measured by our net debt-to-EBITDA ratio and reduced our debt service obligations, leading to an increase in our fixed charge coverage ratio.

We intend to use available cash predominantly for acquisitions or other investments in our portfolio. If we are unable to find appropriate investment opportunities, we will consider other uses, such as a return of capital through dividends or common stock repurchases, the amounts of which will be determined by our operations and other market factors. Significant factors we review to determine the amount and timing of common stock repurchases include our current stock price compared to our determination of the underlying value of our assets, appropriate leverage levels, current and forecast operating results and the completion of hotel sales.

We have structured our debt profile to maintain a balanced maturity schedule and to minimize the number of assets that are encumbered by mortgage debt. Currently, none of our consolidated hotels are encumbered by mortgage debt. We have access to multiple types of financing, as substantially all of our debt consists of senior notes and borrowings under our credit facility, none of which are collateralized by specific hotels. We believe that we have sufficient liquidity and access to capital markets in order to take advantage of opportunities to enhance our portfolio, withstand declines in operating cash flow, pay near-term debt maturities, and fund our capital expenditures programs. We may continue to access capital markets if favorable conditions exist in order to enhance our liquidity and to fund cash needs.

Cash Requirements. We use cash for acquisitions, capital expenditures, debt payments, operating costs, and corporate and other expenses, as well as for dividends and distributions to stockholders and OP unitholders and stock and OP unit repurchases. As a REIT, Host Inc. is required to distribute to its stockholders at least 90% of its taxable income, excluding net capital gain, on an annual basis. On April 16, 2018, we paid a dividend of \$0.20 per share on Host Inc.'s common stock, which totaled approximately \$148 million. We have no significant debt maturities until 2020.

Capital Resources. As of March 31, 2018, we had \$323 million of cash and cash equivalents and \$511 million of available capacity under the revolver portion of our credit facility. We depend primarily on external sources of capital to finance growth, including acquisitions. As a result, the liquidity and debt capacity provided by our credit facility and the ability to issue senior unsecured debt are key components of our capital structure. Our financial flexibility (including our ability to incur debt, make distributions and make investments) is contingent on our ability to maintain compliance with the financial covenants of such indebtedness, which include, among other things, the allowable

amounts of leverage, interest coverage and fixed charges.

If, at any time, we determine that market conditions are favorable, after taking into account our liquidity requirements, we may cause Host L.P. to issue senior notes or debentures exchangeable for shares of Host Inc. common stock. Given the total amount of our debt and our maturity schedule, we will continue to redeem or refinance senior notes and mortgage debt from time to time, taking advantage of favorable market conditions. In February 2018, Host Inc.'s Board of Directors authorized repurchases of up to \$250 million of senior notes and mortgage debt other than in accordance with its terms, of which the entire amount remains available under this authority. We may purchase senior notes for cash through open market purchases, privately negotiated transactions, a tender offer or, in some cases, through the early redemption of such securities pursuant to their terms. Repurchases of debt will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. Any refinancing or retirement before the maturity date will affect earnings and NAREIT FFO per diluted share as a result of the payment of any applicable call premiums and the accelerated expensing of previously deferred financing costs. In addition, while we intend to use any available cash predominantly for acquisitions or other investments in our hotel portfolio, to the extent we do not identify appropriate investments, we may elect in the future to use available cash for other purposes, including share repurchases, subject to market conditions. Accordingly, in light of our priorities in managing our capital structure and liquidity profile and given prevailing conditions and relative pricing in the capital markets, we may, at any time, subject to applicable securities laws, be considering, or be in discussions

with respect to, the repurchase or issuance of exchangeable debentures and/or senior notes or the repurchase or sale of common stock. Any such transactions may, subject to applicable securities laws, occur simultaneously.

Additionally, in February 2017, Host Inc.'s Board of Directors authorized a program to repurchase up to \$500 million of Host Inc. common stock. The common stock may be purchased from time to time depending upon market conditions, and may be purchased in the open market or through private transactions or by other means, including principal transactions with various financial institutions, like accelerated share repurchases, forwards, options and similar transactions and through one or more trading plans designed to comply with Rule 10b5-1 under the Securities Exchange Act of 1934, as amended. The plan does not obligate us to repurchase any specific number or any specific dollar amount of shares and may be suspended at any time at our discretion. We have not repurchased any shares under this program.

Sources and Uses of Cash. Our sources of cash include cash from operations, proceeds from debt and equity issuances, and proceeds from asset sales. Uses of cash include acquisitions, investments in our joint ventures, capital expenditures, operating costs, debt repayments, and repurchases of and distributions to equity holders.

Cash Provided by Operations. Our cash provided by operations increased \$36 million to \$248 million for the quarter ended March 31, 2018 compared to the same period of 2017.

Cash Provided by (Used in) Investing Activities. Net cash used in investing activities was \$955 million during the first quarter of 2018 compared to \$384 million for the first quarter of 2017. Cash used during the first quarter of 2018 included the acquisition of a portfolio of three Hyatt hotels, while 2017 included the acquisition of The Don Cesar and the W Hollywood. We also spent approximately \$115 million on capital expenditures for the first quarter of 2018 compared to \$80 million in 2017. Cash provided by investing activities consisted of proceeds from the sale of one hotel in each of 2018 and 2017.

The following tables summarize significant acquisitions and dispositions that have been completed as of May 1, 2018 (in millions):

Transaction Date	Description of Transaction	Investment	
Acquisitions			
March 2018	Acquisition of Portfolio of 3 Hyatt Hotels	\$ (1,000)	
	Total acquisitions	\$ (1,000)	
Transaction Date	Description of Transaction	Net Proceeds ⁽¹⁾	Sales Price
Dispositions			
January 2018	Disposition of Key Bridge Marriott	\$ 181	\$ 190
	Total dispositions	\$ 181	

(1) Proceeds are net of transfer taxes, other sales costs and FF&E replacement funds deposited directly to the property or hotel manager by the purchaser.

Cash Provided by (Used in) Financing Activities. Net cash provided by financing activities was \$119 million and \$208 million for the first quarter of 2018 and 2017, respectively. Cash provided by financing activities in 2018 included draws on the credit facility, while 2017 also included the issuance of senior notes. Cash used in financing

activities in 2018 and 2017 primarily consisted of dividend payments.

The following tables summarize significant issuances, net of deferred financing costs and issuance discounts, that have been completed through May 1, 2018 (in millions):

Transaction Date	Description of Transaction	Net Proceeds
Debt Issuances		
January - April 2018	Net draw on the revolver portion of credit facility	\$ 335
	Total issuances	\$ 335

29

The following table summarizes significant equity transactions that have been completed through May 1, 2018 (in millions):

Transaction Date	Description of Transaction	Transaction Amount
Equity of Host Inc.		
January - April	2018 Dividend payments ⁽¹⁾⁽²⁾	\$ (333)
	Cash payments on equity transactions	\$ (333)

(1) In connection with the dividends, Host L.P. made distributions of \$337 million to its common OP unit holders.

(2) Includes the cash payment for the fourth quarter 2017 dividend that was paid in January 2018.

Debt

As of March 31, 2018, our total debt was \$4.3 billion, with an average interest rate of 3.9% and an average maturity of 4.8 years. Additionally, 65% of our debt has a fixed rate of interest and none of our hotels are encumbered by mortgage debt.

Financial Covenants

Credit Facility Covenants. Our credit facility contains certain important financial covenants concerning allowable leverage, unsecured interest coverage, and required fixed charge coverage. There were no changes to these financial covenants in connection with the May 2017 amendment and restatement of the credit facility. Total debt used in the calculation of our leverage ratio is based on a “net debt” concept, under which cash and cash equivalents in excess of \$100 million are deducted from our total debt balance for purposes of measuring compliance. To the extent that no amounts are outstanding under the credit facility, breaching these covenants is not an event of default thereunder.

We are in compliance with all of our financial covenants under the credit facility. The following table summarizes the results of the financial tests required by the credit facility as of March 31, 2018:

	Actual Ratio	Covenant Requirement
	for all years	
Leverage ratio	2.7	x Maximum ratio of 7.25x
Fixed charge coverage ratio	6.6	x Minimum ratio of 1.25x
Unsecured interest coverage ratio ⁽¹⁾	9.7	x Minimum ratio of 1.75x

(1) If, at any time, our leverage ratio exceeds 7.0x, our minimum unsecured interest coverage ratio will be reduced to 1.5x.

Senior Notes Indenture Covenants

Covenants for Senior Notes Issued After We Attained an Investment Grade Rating

We are in compliance with all of the financial covenants applicable to our Series D, Series E, Series F and Series G senior notes. The following table summarizes the results of the financial tests required by the senior notes indentures for our Series D, Series E, Series F and Series G senior notes and our actual credit ratios as of March 31, 2018:

	Actual Ratio	Covenant Requirement
Unencumbered assets tests	473	% Minimum ratio of 150%
Total indebtedness to total assets	21	% Maximum ratio of 65%
Secured indebtedness to total assets	<1	% Maximum ratio of 40%
EBITDA-to-interest coverage ratio	9.2	x Minimum ratio of 1.5x

Covenants for Senior Notes Issued Before We Attained an Investment Grade Rating

The terms of our senior notes that were issued before we attained an investment grade rating contained provisions providing that many of the restrictive covenants in the senior notes indenture would not apply should Host L.P. attain an investment grade rating. Accordingly, because our senior notes currently are rated investment grade by both Moody's and Standard & Poor's, the covenants in our senior notes indenture (for all series prior to the Series D senior notes) that previously limited our ability to incur indebtedness or

pay dividends no longer are applicable. Even if we were to lose the investment grade rating, however, we would be in compliance with all of our financial covenants under the senior notes indenture. The following table summarizes the actual credit ratios for our existing senior notes (other than the Series D, Series E, Series F and Series G senior notes) as of March 31, 2018 and the covenant requirements contained in the senior notes indenture that would be applicable at such times as our existing senior notes no longer are rated investment grade by either Moody's or Standard & Poor's:

	Actual Ratio*	Covenant Requirement
Unencumbered assets tests	479	% Minimum ratio of 125%
Total indebtedness to total assets	21	% Maximum ratio of 65%
Secured indebtedness to total assets	<1	% Maximum ratio of 45%
EBITDA-to-interest coverage ratio	9.2	x Minimum ratio of 2.0x

*Because of differences in the calculation methodology between our Series D, Series E, Series F and Series G senior notes and our other senior notes with respect to covenant ratios, our actual ratios for the two sets of senior notes differ slightly.

For additional detail on our credit facility and senior notes, see our Annual Report on Form 10-K for the year ended December 31, 2017.

Dividend Policy

Host Inc. is required to distribute at least 90% of its annual taxable income, excluding net capital gain, to its stockholders in order to maintain its qualification as a REIT, including taxable income recognized for federal income tax purposes but with regard to which we do not receive cash. Funds used by Host Inc. to pay dividends on its common stock are provided through distributions from Host L.P. As of March 31, 2018, Host Inc. is the owner of approximately 99% of the Host L.P. common OP units. The remaining common OP units are owned by third party limited partners. Each Host L.P. OP unit may be redeemed for cash or, at the election of Host Inc., Host Inc. common stock based on the conversion ratio. The conversion ratio is 1.021494 shares of Host Inc. common stock for each Host L.P. OP unit.

Investors should take into account the non-controlling interest in the Host L.P. common OP units when analyzing common dividend payments by Host Inc. to its stockholders, as these common OP unitholders share, on a pro rata basis, in cash distributed by Host L.P. to all of its common OP unitholders. For example, if Host Inc. paid a \$1 per share dividend on its common stock, it would be based on the payment of a \$1.021494 per common OP unit distribution by Host L.P. to Host Inc., as well as to the other Host L.P. common OP unitholders.

Host Inc.'s policy on common dividends generally is to distribute, over time, 100% of its taxable income, which is dependent primarily on Host Inc.'s results of operations, as well as gains and losses on property sales. Host Inc. paid a regular quarterly cash dividend of \$0.20 per share on its common stock on April 16, 2018 to stockholders of record on March 29, 2018. All future dividends are subject to approval by Host Inc.'s Board of Directors. While Host Inc. intends to use available cash predominantly for acquisitions or other investments in its portfolio, to the extent that we do not identify appropriate investments, we may decide in the future to use available cash for other items, such as common stock repurchases or increased dividends, the amount of which dividends could be in excess of taxable income.

Critical Accounting Policies

Our unaudited condensed consolidated financial statements have been prepared in conformity with GAAP, which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of our financial statements and the reported amounts of revenues and expenses during the reporting period. While we do not believe that the reported amounts would be materially different, application of these policies involves the exercise of judgment and the use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. We evaluate our estimates and judgments on an ongoing basis. We base our estimates on experience and on various other assumptions that we believe are reasonable under the circumstances. All of our significant accounting policies, including certain critical accounting policies, are disclosed in our Annual Report on Form 10-K for the year ended December 31, 2017. For a detailed discussion of the new accounting standards, see “Note 2. Summary of Significant Accounting Policies” in this quarterly report.

Comparable Hotel Operating Statistics

To facilitate a quarter-to-quarter comparison of our operations, we present certain operating statistics (i.e., RevPAR, average daily rate and average occupancy) and operating results (revenues, expenses, hotel EBITDA and associated margins) for the periods included in this report on a comparable hotel basis in order to enable our investors to better evaluate our operating performance.

Because these statistics and operating results relate only to our hotel properties, they exclude results for our non-hotel properties and other real estate investments. We define our comparable hotels as properties:

- (i) that are owned or leased by us and the operations of which are included in our consolidated results for the entirety of the reporting periods being compared; and
- (ii) that have not sustained substantial property damage or business interruption, or undergone large-scale capital projects (as defined further below) during the reporting periods being compared.

The hotel business is capital-intensive and renovations are a regular part of the business. Generally, hotels under renovation remain comparable hotels. A large scale capital project that would cause a hotel to be excluded from our comparable hotel set is an extensive renovation of several core aspects of the hotel, such as rooms, meeting space, lobby, bars, restaurants, and other public spaces. Both quantitative and qualitative factors are taken into consideration in determining if the renovation would cause a hotel to be removed from the comparable hotel set, including unusual or exceptional circumstances such as: a reduction or increase in room count, rebranding, a significant alteration of the business operations, or the closing of the hotel during the renovation.

We do not include an acquired hotel in our comparable hotel set until the operating results for that hotel have been included in our consolidated results for one full calendar year. For example, we acquired The Don CeSar in February of 2017. The hotel will not be included in our comparable hotel set until January 1, 2019. Hotels that we sell are excluded from the comparable hotel set once the transaction has closed. Similarly, hotels are excluded from our comparable hotel set from the date that they sustain substantial property damage or business interruption or commence a large-scale capital project. In each case, these hotels are returned to the comparable hotel set when the operations of the hotel have been included in our consolidated results for one full calendar year after completion of the repair of the property damage or cessation of the business interruption, or the completion of large-scale capital projects, as applicable.

Of the 96 hotels that we owned on March 31, 2018, 90 have been classified as comparable hotels. The operating results of the following hotels that we owned as of March 31, 2018 are excluded from comparable hotel results for these periods:

- The Phoenician (acquired in June 2015 and, beginning in the second quarter of 2016, business disruption due to extensive renovations, including all guestrooms and suites, a redesign of the lobby and public areas, renovation of pools, recreation areas and a restaurant and a re-configured spa and fitness center);
- The Don CeSar and Beach House Suites complex (acquired in February 2017);
- W Hollywood (acquired in March 2017);
- Andaz Maui at Wailea Resort (acquired in March 2018);
- Grand Hyatt San Francisco (acquired in March 2018); and
- Hyatt Regency Coconut Point Resort and Spa (acquired in March 2018).

The operating results of 5 hotels disposed of in 2018 and 2017 are not included in comparable hotel results for the periods presented herein.

CONSTANT US\$, NOMINAL US\$ AND CONSTANT EUROS

Operating results denominated in foreign currencies are translated using the prevailing exchange rates on the date of the transaction, or monthly based on the weighted average exchange rate for the period. For comparative purposes, we also present the RevPAR results for the prior year assuming the results of our foreign operations were translated using the same exchange rates that were effective for the comparable periods in the current year, thereby eliminating the effect of currency fluctuation for the year-over-year comparisons. We believe that this presentation is useful to investors as it provides clarity with respect to the growth in RevPAR in the local currency of the hotel consistent with the manner in which we would evaluate our domestic portfolio. However, the estimated effect of changes in foreign currency has been reflected in the actual and forecast results of net income, EBITDA, earnings per diluted share and Adjusted FFO per diluted share. Nominal US\$ results include the effect of currency fluctuations, consistent with our financial statement presentation. We present RevPAR results for our joint venture in Europe in constant euros using the same methodology as used for the constant US\$ presentation.

Non-GAAP Financial Measures

We use certain “non-GAAP financial measures,” which are measures of our historical or future financial performance that are not calculated and presented in accordance with GAAP, within the meaning of applicable SEC rules. These measures include the following:

- Earnings Before Interest Expense, Income Taxes, Depreciation and Amortization (“EBITDA”), Earnings Before Interest Expense, Income Taxes, Depreciation and Amortization for real estate (“EBITDAre”) and Adjusted EBITDAre, as a measure of performance for Host Inc. and Host L.P.,
- Funds From Operations (“FFO”) and FFO per diluted share, both calculated in accordance with National Association of Real Estate Investment Trusts (“NAREIT”) guidelines and with certain adjustments from those guidelines, as a measure of performance for Host Inc., and
- Comparable hotel operating results, as a measure of performance for Host Inc. and Host L.P.

The following discussion defines these measures and presents why we believe they are useful supplemental measures of our performance.

Set forth below for each such non-GAAP financial measure is a reconciliation of the measure with the financial measure calculated and presented in accordance with GAAP that we consider most directly comparable thereto. We also have included in “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Non-GAAP Financial Measures” in our Annual Report on Form 10-K for the year ended December 31, 2017, further explanations of the adjustments being made, a statement disclosing the reasons why we believe the presentation of each of the non-GAAP financial measures provide useful information to investors regarding our financial condition and results of operations, the additional purposes for which we use the non-GAAP financial measures and limitations on their use.

EBITDA, EBITDAre and Adjusted EBITDAre

EBITDA

EBITDA is a commonly used measure of performance in many industries. Management believes EBITDA provides useful information to investors regarding our results of operations because it helps us and our investors evaluate the ongoing operating performance of our properties after removing the impact of our capital structure (primarily interest expense) and our asset base (primarily depreciation and amortization). Management also believes the use of EBITDA facilitates comparisons between us and other lodging REITs, hotel owners who are not REITs and other capital-intensive companies. Management uses EBITDA to evaluate property-level results and as one measure in determining the value of acquisitions and dispositions and, like FFO and Adjusted FFO per diluted share, it is widely used by management in the annual budget process and for compensation programs.

EBITDAre and Adjusted EBITDAre

We present EBITDAre in accordance with NAREIT guidelines, as defined in its September 2017 white paper “Earnings Before, Interest, Taxes, Depreciation and Amortization for Real Estate,” to provide an additional performance measure to facilitate the evaluation and comparison of our results with other REITs. NAREIT defines EBITDAre as net income (calculated in accordance with GAAP) excluding interest expense, income tax, depreciation and amortization, gains or losses on disposition of depreciated property (including gains or losses on change of control), impairment write-downs of depreciated property and of investments in unconsolidated affiliates caused by a decrease in value of depreciated property in the affiliate, and adjustments to reflect the entity’s pro rata share of EBITDAre of unconsolidated affiliates.

We make additional adjustments to EBITDAre when evaluating our performance because we believe that the exclusion of certain additional items described below provides useful supplemental information to investors regarding our ongoing operating performance. We believe that the presentation of Adjusted EBITDAre, when combined with the primary GAAP presentation of net income, is beneficial to an investor's understanding of our operating performance. Adjusted EBITDAre also is similar to what is used in calculating certain credit ratios for our credit facility and senior notes. We adjust EBITDAre for the following items, which may occur in any period, and refer to this measure as Adjusted EBITDAre:

◆Property Insurance Gains – We exclude the effect of property insurance gains reflected in our consolidated statements of operations because we believe that including them in Adjusted EBITDAre is not consistent with reflecting the ongoing performance of our assets. In addition, property insurance gains could be less important to investors given that the depreciated

33

asset book value written off in connection with the calculation of the property insurance gain often does not reflect the market value of real estate assets.

• **Cumulative Effect of a Change in Accounting Principle** – Infrequently, the FASB promulgates new accounting standards that require the consolidated statements of operations to reflect the cumulative effect of a change in accounting principle. We exclude these one-time adjustments because they do not reflect our actual performance for that period.

• **Acquisition Costs** – Under GAAP, costs associated with completed property acquisitions that are considered business combinations are expensed in the year incurred. We exclude the effect of these costs because we believe they are not reflective of the ongoing performance of the company.

• **Litigation Gains and Losses** – We exclude the effect of gains or losses associated with litigation recorded under GAAP that we consider outside the ordinary course of business. We believe that including these items is not consistent with our ongoing operating performance.

In unusual circumstances, we also may adjust EBITDAre for gains or losses that management believes are not representative of the Company’s current operating performance. The last such adjustment was a 2013 exclusion of a gain from an eminent domain claim.

In the past, we presented Adjusted EBITDA as a supplemental measure of our performance. That metric is calculated in a similar manner as Adjusted EBITDAre presented here, with the exception of the adjustment for non-controlling partners’ pro rata share of Adjusted EBITDA, which totaled \$3 million for the first quarter of 2017. The rationale for including 100% of EBITDAre for consolidated affiliates with non-controlling interests is that the full amount of any debt of these affiliates is reported in our consolidated balance sheet and therefore metrics using total debt to EBITDAre provide a better understanding of the Company’s leverage. This is also consistent with NAREIT’s definition of EBITDAre.

The following table provides a reconciliation of EBITDA EBITDAre, and Adjusted EBITDAre to net income, the financial measure calculated and presented in accordance with GAAP that we consider the most directly comparable:

Reconciliation of Net Income to EBITDA, EBITDAre and Adjusted EBITDAre for Host Inc. and Host L.P.

(in millions)

	Quarter ended March 31,	
	2018	2017
Net income ⁽¹⁾	\$ 256	\$ 161
Interest expense	44	39
Depreciation and amortization	170	180
Income taxes	4	(6)
EBITDA ⁽¹⁾	474	374
Gain on dispositions ⁽²⁾	(119)	(15)
Non-cash impairment loss	8	—
Equity investment adjustments:		
Equity in earnings of Euro JV ⁽⁴⁾	(2)	—
Equity in earnings of affiliates other than Euro JV	(8)	(7)
Pro rata EBITDAre of Euro JV ⁽⁴⁾	7	6
Pro rata EBITDAre of equity investments other than Euro JV	10	11

EBITDAre ⁽¹⁾⁽⁵⁾	370	369
Adjustments to EBITDAre:		
Acquisition costs ⁽³⁾	—	1
Adjusted EBITDAre ⁽¹⁾⁽⁵⁾	\$370	\$370

(1) Net income, EBITDA, EBITDAre, Adjusted EBITDAre, NAREIT FFO and Adjusted FFO include a gain of \$1 million for the quarter ended March 31, 2017, for the sale of the portion of land attributable to individual units sold by the Maui timeshare joint venture.

(2) Reflects the sale of one hotel in each of 2018 and 2017.

(3) Effective January 1, 2018 we adopted Accounting Standards Update No. 2017-01, Business Combinations (Topic 805): Clarifying the Definition of a Business. As a result, the recent Hyatt portfolio acquisition was considered an asset acquisition and the related \$17 million of acquisition costs were capitalized.

(4) Represents our share of earnings and pro rata EBITDAre from the Euro JV in which we hold an approximate one-third non-controlling interest.

(5) Effective December 31, 2017, we present EBITDAre, reported in accordance with NAREIT guidelines, and Adjusted EBITDAre as supplemental measures of our performance. Our prior year results have been updated to conform with the current year presentation. Under the new presentation, we include all of the EBITDA of consolidated partnerships, including the non-controlling partners' share, which has increased the previously reported first quarter 2017 Adjusted EBITDA by \$3 million.

FFO Measures

We present NAREIT FFO and NAREIT FFO per diluted share as non-GAAP measures of our performance in addition to our earnings (loss) per share (calculated in accordance with GAAP). We calculate NAREIT FFO per diluted share as our NAREIT FFO (defined as set forth below) for a given operating period, as adjusted for the effect of dilutive securities, divided by the number of fully diluted shares outstanding during such period in accordance with NAREIT guidelines. NAREIT defines FFO as net income (loss) (calculated in accordance with GAAP), excluding gains (losses) from sales of real estate, the cumulative effect of changes in accounting principles, real estate-related depreciation, amortization and impairments, and adjustments for unconsolidated partnerships and joint ventures. Adjustments for unconsolidated partnerships and joint ventures are calculated to reflect our pro rata share of the FFO of those entities on the same basis.

We also present Adjusted FFO per diluted share when evaluating our performance because management believes that the exclusion of certain additional items described below provides useful supplemental information to investors regarding our ongoing operating performance. Management historically has made the adjustments detailed below in evaluating our performance, in our annual budget process, and for our compensation programs. We believe that the presentation of Adjusted FFO per diluted share, when combined with both the primary GAAP presentation of earnings per share and FFO per diluted share as defined by NAREIT, provides useful supplemental information that is beneficial to an investor's complete understanding of our operating performance. We adjust NAREIT FFO per diluted share for the following items, which may occur in any period, and refer to this measure as Adjusted FFO per diluted share:

• **Gains and Losses on the Extinguishment of Debt** – We exclude the effect of finance charges and premiums associated with the extinguishment of debt, including the acceleration of the write-off of deferred financing costs from the original issuance of the debt being redeemed or retired and incremental interest expense incurred during the refinancing period. We also exclude the gains on debt repurchases and the original issuance costs associated with the retirement of preferred stock. We believe that these items are not reflective of our ongoing finance costs.

• **Acquisition Costs** – Under GAAP, costs associated with completed property acquisitions that are considered business combinations are expensed in the year incurred. We exclude the effect of these costs because we believe they are not reflective of the ongoing performance of the company.

• **Litigation Gains and Losses** – We exclude the effect of gains or losses associated with litigation recorded under GAAP that we consider outside the ordinary course of business. We believe that including these items is not consistent with our ongoing operating performance.

In unusual circumstances, we also may adjust NAREIT FFO for gains or losses that management believes are not representative of our current operating performance. For example, in 2017, as a result of the reduction of corporate income tax rates from 35% to 21% caused by the Tax Cuts and Jobs Act, we remeasured our domestic deferred tax assets as of December 31, 2017 and recorded a one-time adjustment to reduce the deferred tax assets and increase the provision for income taxes by approximately \$11 million. Additionally, similar corporate income tax rate reductions affected our European Joint Venture, causing the remeasurement of the net deferred tax assets and liabilities in France and Belgium, resulting in a net tax benefit to us of \$5 million. We do not consider these adjustments to be reflective of our on-going operating performance and therefore excluded these items from Adjusted FFO.

The following table provides a reconciliation of the differences between our non-GAAP financial measures, NAREIT FFO and Adjusted FFO (separately and on a per diluted share basis), and net income, the financial measure calculated and presented in accordance with GAAP that we consider most directly comparable:

Host Inc. Reconciliation of Net Income to

NAREIT and Adjusted Funds From Operations per Diluted Share

(in millions, except per share amount)

	Quarter ended March 31,	
	2018	2017
Net income ⁽¹⁾	\$256	\$161
Less: Net income attributable to non-controlling interests	(3)	(3)
Net income attributable to Host Inc.	253	158
Adjustments:		
Gain on dispositions ⁽²⁾	(119)	(15)
Depreciation and amortization	169	179
Non-cash impairment loss	8	—
Equity investment adjustments:		
Equity in earnings of affiliates	(10)	(7)
Pro rata FFO of equity investments	16	13
Consolidated partnership adjustments:		
FFO adjustment for non-controlling partnerships	—	(1)
FFO adjustments for non-controlling interests of Host L.P.	(1)	(1)
NAREIT FFO ⁽¹⁾	316	326
Adjustments to NAREIT FFO:		
Acquisition costs ⁽³⁾	—	1
Adjusted FFO ⁽¹⁾	\$316	\$327
For calculation on a per share basis ⁽⁴⁾ :		
Diluted weighted average shares outstanding - EPS, NAREIT FFO		
and Adjusted FFO	739.6	738.2
NAREIT FFO and Adjusted FFO per diluted share	\$.43	\$.44

(1-3) Refer to the corresponding footnote on the Reconciliation of Net Income to EBITDA, EBITDAre and Adjusted EBITDAre for Host Inc. and Host L.P.

(4) Earnings per diluted share and NAREIT FFO and Adjusted FFO per diluted share are adjusted for the effects of dilutive securities. Dilutive securities may include shares granted under comprehensive stock plans, preferred OP units held by non-controlling partners and other non-controlling interests that have the option to convert their limited partner interests to common OP units. No effect is shown for securities if they are anti-dilutive.

Comparable Hotel Operating Results

We present certain operating results of our hotels, such as hotel revenues, expenses, food and beverage profit and EBITDA (and the related margins), on a comparable hotel, or “same store,” basis as supplemental information for investors. For an explanation of which properties we consider to be “comparable hotels”, see “Comparable Hotel Operating Statistics” above.

The following tables presents certain operating results and statistics for our comparable hotels for the periods presented herein and a reconciliation of the differences between comparable hotel EBITDA, a non-GAAP financial measure, and net income, the financial measure calculated and presented in accordance with GAAP that we consider most directly comparable. Similar reconciliations of the differences between (i) comparable hotel revenues and (ii) our revenues as calculated and presented in accordance with GAAP (each of which is used in the applicable margin calculation), and between (iii) comparable hotel expenses and (iv) operating costs and expenses as calculated and presented in accordance with GAAP, are also included in the reconciliation:

Comparable Hotel Results for Host Inc. and Host L.P.
