UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, DC 20549

FORM 10-K

ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For fiscal year ended June 30, 2017

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____ .

Commission file number: 001-14891

FRANKLIN WIRELESS CORP.

(Exact name of Registrant as specified in its charter)

Nevada

95-3733534

(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification Number)

9707 Waples Street

Suite 150

92121

San Diego, California

(Zip code)

(Address of principal executive offices)

Securities registered pursuant to Section 12(b) of the Act: None

Securities registered pursuant to Section 12(g) of the Act: Common Stock, par value \$.001 per share

Indicate by check mark if the Registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act.

Yes No

Indicate by check mark if the Registrant is not required to file reports pursuant to Section 13 or Section 15(d) of the Act.

Yes No

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files. Yes No

Indicate by check mark if disclosure of delinquent filers pursuant to Item 405 of Regulation S-K is not contained herein, and will not be contained, to the best of Registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-K or any amendment to this Form 10-K.

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company or an emerging growth company. See the definitions of "large accelerated filer," "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one)

Large accelerated filer Accelerated filer
Non-accelerated filer Smaller reporting company
Emerging growth company

Indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).
Yes No

The aggregate market value of the voting common stock held by non-affiliates of the Registrant, based on the closing price of the Registrant's common stock on December 31, 2016, as reported by the OTCQB, was approximately \$16,525,000. For the purpose of this calculation only, shares owned by officers, directors (and their affiliates) and 5% or greater stockholders have been excluded. The Registrant does not have any non-voting stock issued or outstanding.

The Registrant has 10,520,203 shares of common stock outstanding as of September 28, 2017.

NOTE ON FORWARD LOOKING STATEMENTS

You should keep in mind the following points as you read this Report on Form 10-K:

- the terms "we," "us," "our," "Franklin," "Franklin Wireless," or the "Company" refer to Franklin Wireless Corp.
- our fiscal year ends on June 30; references to fiscal 2017 and fiscal 2016 and similar constructions refer to the fiscal year ended on June 30 of the applicable year.

This Annual Report on Form 10-K contains statements which, to the extent they do not recite historical fact, constitute "forward looking" statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward looking statements are used under the captions "Business," "Management's Discussion and Analysis of Financial Condition and Results of Operations," and elsewhere in this Annual Report on Form 10-K. You can identify these statements by the use of words like "may," "will," "could," "should," "project," "believe," "anticipate," "expect," "plan," "estimate," "forecast," "potential," "intend," "continue," and variations of these words or comparable words. Forward looking statements do not guarantee future performance and involve risks and uncertainties. Actual results may differ substantially from the results that the forward looking statements suggest for various reasons, including those discussed under the caption "Risk Factors." These forward looking statements are made only as of the date of this Annual Report on Form 10-K. We do not undertake to update or revise the forward looking statements, whether as a result of new information, future events or otherwise.

PART I

ITEM 1. BUSINESS.

BUSINESS OVERVIEW

We are a provider of intelligent wireless solutions including mobile hotspots, routers and modems as well as innovative hardware and software products that support machine-to-machine (M2M) applications and the Internet of Things (IoT). Our M2M and IoT solutions include embedded modules, modems and gateways built to deliver reliable always-on connectivity supporting a broad spectrum of applications. These products are designed to solve wireless connectivity challenges in a variety of vertical markets including video surveillance, digital signage, home security, oil and gas exploration, kiosks, fleet management, smart grid, vehicle diagnostics, telematics and many more.

We have a majority ownership position in Franklin Technology Inc. ("FTI"), a research and development company located in Seoul, South Korea. FTI primarily provides design and development services to us for our wireless products.

Our products are generally marketed and sold directly to wireless operators, and indirectly through strategic partners and distributors. Our global customer base extends primarily from the United States to countries in South America, the Caribbean, Europe, the Middle East and Africa ("EMEA") and Asia.

OUR STRUCTURE

We incorporated in 1982 in California and reincorporated in Nevada on January 2, 2008. The reincorporation had no effect on the nature of our business or our management. Our headquarters office is located in San Diego, California. The office is principally composed of marketing, sales, operations, finance and administrative support. It is responsible for all customer-related activities, such as marketing communications, product planning, product management and customer support, along with sales and business development activities on a worldwide basis.

The consolidated financial statements include the accounts of the Company and a subsidiary with a majority voting interest of 51.8% (48.2% is owned by non-controlling interests) as of June 30, 2017 and 2016. In the preparation of consolidated financial statements of the Company, intercompany transactions and balances are eliminated and net earnings are reduced by the portion of the net earnings of subsidiaries applicable to non-controlling interests.

Accounting Standards Codification (“ASC”) 280, “Segment Reporting,” requires public companies to report financial and descriptive information about their reportable operating segments. We identify our operating segments based on how our chief operating decision maker internally evaluates separate financial information, business activities and management responsibility. We have one reportable segment, consisting of the sale of wireless access products. We generate revenues from four geographic areas, consisting of the United States, the Caribbean and South America, EMEA and Asia. The following enterprise-wide disclosure is prepared on a basis consistent with the preparation of the consolidated financial statements. The following table contains certain financial information by geographic area:

	Fiscal Year Ended June 30,	
	2017	2016
Net sales:		
United States	\$47,373,463	\$51,741,991
Caribbean and South America	252,000	100,699
Europe, the Middle East and Africa ("EMEA")	796,795	7,906,900
Asia	143,266	55,104
Totals	\$48,565,524	\$59,804,694

Long-lived assets, net (property and equipment and intangible assets):	June 30, 2017	June 30, 2016
	United States	\$ 1,209,050
Asia	120,367	330,905
Totals	\$ 1,329,417	\$ 1,444,651

OUR PRODUCTS

We were the world's first supplier of both CDMA EVDO Rev A and dual-mode (CDMA Rev A/WiMAX) Universal Serial Bus (USB) modems. Our mobile broadband products include a variety of wireless USB modems as well as Wi-Fi mobile hotspot routers and embedded modules, which operate over LTE, HSPA, or CDMA networks. Our products provide consumers with an easy and convenient way in which to wirelessly connect to the Internet from laptop or desktop computers. These high-speed devices support the viewing of web pages and sending and receiving email with large file attachments, as well as downloading pictures, videos and music content.

The following are representative selections of our current wireless data products:

Mobile Broadband Products:

Routers:

Mobile hotspots: Single-mode and dual-mode (3G and 4G) portable Wi-Fi routers that provide wireless Internet access for multiple devices simultaneously including laptops, tablets and portable gaming devices.

USB Modems:

USB modems: Single-mode and dual-mode modems that plug into the Universal Serial Bus (USB) port of laptop or desktop computers, providing an easy and convenient way for users to connect to wireless broadband networks.

Connected Devices and IoT Solutions:

IoT Gateway Devices:

Wireless modems and gateway devices deliver reliable always-on connectivity supporting a broad spectrum of M2M and IoT applications. Featuring industrial grade ruggedized housings, these versatile and compact modems and routers provide 3G and 4G connectivity and include Wi-Fi and GPS functionality and support IoT cloud management.

Embedded Modules:

Include single-mode and dual-mode modules that provide network connectivity for a wide-variety of products like vending machines, cargo containers, utility meters and video cameras. The primary market for these devices is original equipment manufacturers (OEMs) who seek reliable embedded module solutions for their wireless data needs.

Bus Information System:

Represents a full end-to-end IoT solution and includes both hardware and software engineered by the Company. This innovative system features Franklin's intelligent gateway that supports GPS, Wi-Fi, OBDII, CCTV and black box integration and includes a fully functional information system.

CUSTOMERS

Our global customer base is comprised of wireless operators, strategic partners and distributors located primarily in the United States, the Caribbean and South America, EMEA and Asia.

SALES AND MARKETING

We market and sell our products primarily to wireless operators located in the United States, EMEA, South America and the Caribbean regions mainly through our internal, direct sales organization and, to a lesser degree, indirectly through strategic partners and distributors. The sales process is supported with a range of marketing activities, including trade shows, product marketing and public relations.

All of our wireless devices must pass Federal Communications Commission (FCC) testing in order to be sold in United States markets. CDMA Development Group (“CDG”) test certifications are required in order to launch any CDMA wireless data products with wireless operators in North America, the Caribbean and South America. PCS Type Certification Review Board (“PTCRB”) test certifications are required for all LTE and HSPA/GSM wireless data products. Other LTE test certifications, as defined by the 3GPP governing body, are required for LTE wireless data products. Certifications are issued as being a qualifier of CDG 1, CDG 2 and CDG 3, PTCRB and 3GPP.

PRODUCTION AND MANUFACTURING OPERATIONS

For the fiscal year ended June 30, 2017, the manufacturing of the majority of our products was contracted out to one company located in Asia.

EMPLOYEES

As of June 30, 2017, we had 76 employees. We also use the services of consultants and contract workers from time to time. Our employees are not represented by any collective bargaining organization, and we have never experienced a work stoppage.

ITEM 1A: RISK FACTORS.

The following risk factors do not purport to be a complete explanation of the risks involved in our business.

WE MAY NEED ADDITIONAL FINANCING DUE TO LIMITED RESOURCES. Our financial resources are limited, and the amount of funding that is required to develop and commercialize our products and technologies is highly uncertain. Adequate funds may not be available when needed or on terms satisfactory to us. Lack of funds may cause us to delay, reduce and/or abandon certain or all aspects of our development and commercialization programs. We may seek additional financing through the issuance of equity or convertible debt securities. In such event, the percentage ownership of our stockholders would be reduced, stockholders may experience additional dilution, and such securities may have rights, preferences and privileges senior to those of our Common Stock. There can be no assurance that additional financing will be available on terms favorable to us or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to fund our expansion, take advantage of

desirable acquisition opportunities, develop or enhance services or products or respond to competitive pressures. Such inability could have a materially adverse effect on our business, results of operations and financial conditions.

WE MAY INFRINGE THE INTELLECTUAL PROPERTY RIGHTS OF OTHERS. The industry in which we operate has many participants that own, or claim to own, proprietary intellectual property. In the past we have received, and in the future may receive, claims from third parties alleging that we, and possibly our customers, violate their intellectual property rights. Rights to intellectual property can be difficult to verify and litigation may be necessary to establish whether or not we have infringed the intellectual property rights of others. In many cases, these third parties are companies with substantially greater resources than us, and they may be able to, and may choose to, pursue complex litigation to a greater degree than we could. Regardless of whether these infringement claims have merit or not, we may be subject to the following:

- We may be liable for potentially substantial damages, liabilities and litigation costs, including attorneys' fees;
- We may be prohibited from further use of the intellectual property and may be required to cease selling our products that are subject to the claim;
- We may have to license the third party intellectual property, incurring royalty fees that may or may not be on commercially reasonable terms. In addition, there is no assurance that we will be able to successfully negotiate and obtain such a license from the third party;
- We may have to develop a non-infringing alternative, which could be costly and delay or result in the loss of sales. In addition, there is no assurance that we will be able to develop such a non-infringing alternative;
- The diversion of management's attention and resources;
- Our relationships with customers may be adversely affected; and,
- We may be required to indemnify our customers for certain costs and damages they incur in such a claim.

In the event of an unfavorable outcome in such a claim and our inability to either obtain a license from the third party or develop a non-infringing alternative, then our business, operating results and financial condition may be materially adversely affected and we may have to restructure our business.

Absent a specific claim for infringement of intellectual property, from time to time we have and expect to continue to license technology, intellectual property and software from third parties. There is no assurance that we will be able to maintain our third party licenses or obtain new licenses when required and this inability could materially adversely affect our business and operating results and the quality and functionality of our products. In addition, there is no assurance that third party licenses we execute will be on commercially reasonable terms.

Under purchase orders and contracts for the sale of our products we may provide indemnification to our customers for potential intellectual property infringement claims for which we may have no corresponding recourse against our third-party licensors. This potential liability, if realized, could materially adversely affect our business, operating results and financial condition.

WE OPERATE IN AN INTENSIVELY COMPETITIVE MARKET. The wireless broadband data access market is highly competitive, and we may be unable to compete effectively. Many of our competitors or potential competitors have significantly greater financial, technical and marketing resources than we do. To survive and be competitive, we will need to continuously invest in research and development, sales and marketing, and customer support. Increased competition could result in price reductions, and smaller customer orders. Our failure to compete effectively could seriously impair our business.

WE OPERATE IN THE HIGH-RISK TELECOM SECTOR. We are in a volatile industry. In addition, our revenue model is evolving and relies substantially on the assumption that we will be able to successfully complete the development and sales of our products and services in the marketplace. Our prospects must be considered in the light of the risk, uncertainties, expenses and difficulties frequently encountered by companies in the early stages of development and marketing. In order to be successful in the market we must, among other things:

- Complete development and introduction of functional and attractive products and services;
- Attract and maintain customer loyalty;
- Establish and increase awareness of our brand and develop customer loyalty;
- Provide desirable products and services to customers at attractive prices;
- Establish and maintain strategic relationships with strategic partners and affiliates;
- Rapidly respond to competitive and technological developments;
- Build operations and customer service infrastructure to support our business; and
- Attract, retain, and motivate qualified personnel.

We cannot guarantee that we will be able to achieve these goals, and our failure to achieve them could adversely affect our business, results of operations, and financial condition. We expect that revenues and operating results will fluctuate in the future. There is no assurance that any or all of our efforts will produce a successful outcome.

WE OPERATE IN A FIELD WITH RAPIDLY CHANGING TECHNOLOGY. We cannot be certain that our products and services will function as anticipated or be desirable to our intended markets. Our current or future products and services may fail to function properly, and if our products and services do not achieve and sustain market acceptance, our business, results of operations and profitability may suffer. If we are unable to predict and comply with evolving wireless standards, our ability to introduce and sell new products will be adversely affected. If we fail to

develop and introduce products on time, we may lose customers and potential product orders.

WE DEPEND ON THE DEMAND FOR WIRELESS NETWORK CAPACITY. The demand for our products is completely dependent on the demand for broadband wireless access to networks. If wireless operators do not deliver acceptable wireless service, our product sales may dramatically decline. Thus, if wireless operators experience financial or network difficulties, it will likely reduce demand for our products.

WE DEPEND ON COLLABORATIVE ARRANGEMENTS. The development and commercialization of our products and services depend in large part upon our ability to selectively enter into and maintain collaborative arrangements with developers, distributors, service providers, network systems providers, core wireless communications technology providers and manufacturers, among others.

THE LOSS OF ANY OF OUR MATERIAL CUSTOMERS COULD ADVERSELY AFFECT OUR REVENUES AND PROFITABILITY, AND THEREFORE SHAREHOLDER VALUE. We depend on a small number of customers for a significant portion of our revenues. For the year ended June 30, 2017, net revenues from our two largest customers represented 69% and 23% of our consolidated net sales, respectively. We have a written agreement with each of these customers that governs the sale of products to them, but the agreements do not obligate them to purchase any quantity of products from us. If these customers were to reduce their business with us, our revenues and profitability could materially decline.

OUR PRODUCT DELIVERIES ARE SUBJECT TO LONG LEAD TIMES. Due to our limited capital resources, we often experience long-lead times to ship products, often in excess of 45 days. This could cause us to lose customers, who may be able to secure faster delivery times from our competitors, and require us to maintain higher levels of working capital.

OUR PRODUCT-TO-MARKET CHALLENGE IS CRITICAL. Our success depends on our ability to quickly enter the market and establish an early mover advantage. We must implement an aggressive sales and marketing campaign to solicit customers and strategic partners. Any delay could seriously affect our ability to establish and exploit effectively an early-to-market strategy.

SHOULD OUR BUSINESS EXPAND INTERNATIONALLY, WE WILL BE EXPOSED TO ADDITIONAL RISKS RELATING TO INTERNATIONAL OPERATIONS. Our expansion into international operations exposes us to additional risks unique to such international markets, including the following:

- Increased credit management risks and greater difficulties in collecting accounts receivable;
- Unexpected changes in regulatory requirements, wireless communications standards, exchange rates, trading policies, tariffs and other barriers;
- Uncertainties of laws and enforcement relating to the protection of intellectual property;
- Language barriers; and
- Potential adverse tax consequences.

Furthermore, if we are unable to further develop distribution channels in countries in North America, the Caribbean and South America, EMEA and Asia, we may not be able to grow our international operations, and our ability to increase our revenue will be negatively impacted.

GOVERNMENT REGULATION COULD RESULT IN INCREASED COSTS AND INABILITY TO SELL OUR PRODUCTS. Our products are subject to certain mandatory regulatory approvals in the United States and other regions in which we operate. In the United States, the Federal Communications Commission regulates many aspects of communications devices. Although we have obtained all the necessary Federal Communications Commission and other required approvals for the products we currently sell, we may not obtain approvals for future products on a timely basis, or at all. In addition, regulatory requirements may change or we may not be able to obtain regulatory approvals from countries other than the United States in which we may desire to sell products in the future.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 2. PROPERTIES

We lease approximately 12,775 square feet of office space in San Diego, California, at a monthly rent of \$23,115, pursuant to a lease that expires in October 2019. In addition to monthly rent, the new lease includes payment for certain common area costs. Our facility is covered by an appropriate level of insurance and we believe it to be suitable for our use and adequate for our present needs. Rent expense for these offices was \$277,377 and \$269,768 for the years ended June 30, 2017 and 2016, respectively.

Our Korea-based subsidiary, FTI, leases approximately 10,000 square feet of office space in Seoul, Korea, at a monthly rent of approximately \$8,000. The lease expired on September 1, 2017 and was extended to September 1, 2019. FTI leases additional office space consisting of approximately 2,682 square feet, also located in Seoul, Korea, at a monthly rent of approximately \$2,700, under a lease that expired on September 1, 2017 and was extended to September 1, 2019. In addition to monthly rent, the lease provides for periodic cost of living increases in the base rent and payment for certain common area costs. These facilities are covered by an appropriate level of insurance and we believe them to be suitable for our use and adequate for our present needs. Rent expense related to these leases was approximately \$128,000 for the years ended June 30, 2017 and 2016.

We lease one corporate housing facility primarily for our employees who travel, under a non-cancelable operating lease that expired September 5, 2017 and was extended to September 4, 2018. Rent expense related to this lease was \$9,457 and \$9,724 for the years ended June 30, 2017 and 2016, respectively.

ITEM 3. LEGAL PROCEEDINGS

Refer to NOTE 8 - COMMITMENTS AND CONTINGENCIES in the Consolidated Financial Statements.

ITEM 4. MINE SAFETY DISCLOSURES

None.

PART II

ITEM 5. MARKET FOR REGISTRANT’S COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES.

MARKET PRICE OF OUR COMMON STOCK

Shares of our Common Stock are quoted and traded on the OTCQB under the trading symbol "FKWL." The following table sets forth the range of high and low bid quotations per share for the Common Stock as reported during the years ended June 30, 2017 and 2016. The bid price reflects inter-dealer prices and does not include retail mark-up, markdown or commissions.

	High	Low
Year Ended June 30, 2017		
First Quarter	\$2.50	\$2.23
Second Quarter	\$2.92	\$2.25
Third Quarter	\$3.00	\$2.25
Fourth Quarter	\$2.28	\$1.95
Year Ended June 30, 2016		
First Quarter	\$1.80	\$1.35
Second Quarter	\$2.20	\$1.55
Third Quarter	\$2.58	\$2.03
Fourth Quarter	\$2.55	\$2.23

We have one class of common stock. As of June 30, 2017, we had 732 shareholders of record. Since many of the shares of our common stock are held by brokers and other institutions on behalf of shareholders, the total number of beneficial holders represented by these record holders is not practicably determinable.

DIVIDENDS

We have never declared or paid any dividends on our Common Stock. We currently intend to retain all available funds for use in the operation and development of our business and, therefore, and do not expect to declare or pay any cash dividends in the foreseeable future.

EQUITY COMPENSATION PLAN INFORMATION

The following table summarizes share and exercise price information about our equity compensation plans as of June 30, 2017:

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans
Equity compensation plans approved by security holders	399,000	\$ 1.12	1,140,000
Equity compensation plans not approved by security holders	–	N/A	–
Total	399,000	\$ 1.12	1,140,000

ITEM 6. SELECTED FINANCIAL DATA

As a “smaller reporting company” as defined by Rule 12b-2 of the Exchange Act, we are not required to include this item.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our financial statements and related notes included elsewhere in this report. This report contains certain forward-looking statements relating to future events or our future financial performance. These statements are subject to risks and uncertainties which could cause actual results to differ materially from those discussed in this report. You are cautioned not to place undue reliance on this information which speaks only as of the date of this report. We are not obligated to publicly update this information, whether as a result of new information, future events or otherwise, except to the extent we are required to do so in connection with our obligation to file reports with the SEC. For a discussion of the important risks to our business and future operating performance, see the discussion under the caption "Item 1A. Risk Factors" and under the caption "Factors That May Influence Future Results of Operations" below. In light of these risks, uncertainties and assumptions, the forward-looking events discussed in this report might not occur.

BUSINESS OVERVIEW

We are a provider of intelligent wireless solutions including mobile hotspots, routers and modems as well as innovative hardware and software products that support machine-to-machine (M2M) applications and the Internet of Things (IoT). Our M2M and IoT solutions include embedded modules, modems and gateways built to deliver reliable always-on connectivity supporting a broad spectrum of applications. These products are designed to solve wireless connectivity challenges in a variety of vertical markets including video surveillance, digital signage, home security, oil and gas exploration, kiosks, fleet management, smart grid, vehicle diagnostics, telematics and many more.

We have a majority ownership position in FTI, a research and development company located in Seoul, South Korea. FTI primarily provides design and development services to us for our wireless products.

Our products are generally marketed and sold directly to wireless operators, and indirectly through strategic partners and distributors. Our global customer base extends primarily from the United States to countries in South America, the Caribbean, Europe, the Middle East and Africa ("EMEA") and Asia.

FACTORS THAT MAY INFLUENCE FUTURE RESULTS OF OPERATIONS

We believe that our revenue growth will be influenced largely by (1) the successful maintenance of our existing customers, (2) the rate of increase in demand for wireless data products, (3) customer acceptance for our new products, (4) new customer relationships and contracts, and (5) our ability to meet customers' demands.

We have entered into and expect to continue to enter into new customer relationships and contracts for the supply of our products, and this may require significant demands on our resources, resulting in increased operating, selling, and marketing expenses associated with such new customers.

CRITICAL ACCOUNTING POLICIES

Revenue Recognition

We recognize revenue in accordance with Accounting Standards Codification ("ASC") 605, "Revenue Recognition," when persuasive evidence of an arrangement exists, the price is fixed or determinable, collection is reasonably assured and delivery of products has occurred or services have been rendered. Accordingly, we recognize revenues from product sales upon shipment of the products to the customers or when the products are received by the customers in accordance with shipping or delivery terms. We provide a warranty for one year from the shipment or delivery date, which is covered by our vendors pursuant to purchase agreements. Any net warranty related expenditures made by us have not historically been material. Under our sales return policy, customers may generally return products that are under warranty for repair or replacement.

Capitalized Product Development Costs

ASC Topic 350, "Intangibles - Goodwill and Other" includes software that is part of a product or process to be sold to a customer and shall be accounted for under Subtopic 985-20. Our products contain embedded software internally developed by FTI which is an integral part of these products because it allows the various components of the products to communicate with each other and the products are clearly unable to function without this coding.

The costs of product development that are capitalized once technological feasibility is determined (noted as Technology in progress in the Intangible Assets table, in Note 2 to Notes to Consolidated Financial Statements) include certifications, licenses, payroll, employee benefits, and other headcount-related expenses associated with product development. We determine that technological feasibility for our products is reached after all high-risk development issues have been resolved. Once the products are available for general release to our customers, we cease capitalizing the product development costs and any additional costs, if any, are expensed. The capitalized product development costs are amortized on a product-by-product basis using the greater of straight-line amortization or the ratio of the current gross revenues to the current and anticipated future gross revenues. The amortization begins when the products are available for general release to our customers.

As of June 30, 2017, and June 30, 2016, capitalized product development costs in progress were \$360,248 and \$157,492, respectively, and these amounts are included in intangible assets in our consolidated balance sheets. During the year ended June 30, 2017, we incurred \$368,226 in capitalized product development costs, and such amounts are primarily comprised of certifications and licenses. All costs incurred before technological feasibility is reached are expensed and included in our consolidated statements of comprehensive income.

Income Taxes

Deferred income tax assets and liabilities are recorded for differences between the financial statement and tax basis of the assets and liabilities that will result in taxable or deductible amounts in the future based on enacted laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. As of June 30, 2017, we have federal net operating loss carryforwards of approximately \$2.6 million, which expires through 2034 and state net operating loss carryforwards of \$0. The utilization of net operating loss carryforwards may be subject to limitations under the provisions of Internal Revenue Code Section 382 and similar state provisions.

Under the provision of ASC 740 “Application of the Uncertain Tax Position Provisions” related to accounting for uncertain tax positions, which prescribes a recognition threshold and measurement process for recording in the financial statements, uncertain tax positions taken or expected to be taken in a tax return, the impact of an uncertain income tax position on the income tax return must be recognized at the largest amount that is more-likely-than-not to be sustained upon audit by the relevant taxing authority. Tax benefits of an uncertain tax position will not be recognized if it has less than a 50% likelihood of being sustained based on technical merits.

RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

Refer to NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES in the Consolidated Financial Statements.

RESULTS OF OPERATIONS

The following table sets forth, for the years ended June 30, 2017 and 2016, our statements of operations including data expressed as a percentage of sales:

	2017	2016
	(as a percentage of sales)	
Net sales	100.0%	100.0%
Cost of goods sold	81.0%	83.4%
Gross profit	19.0%	16.6%
Operating expenses	17.2%	13.1%
Income from operations	1.8%	3.5%
Other income, net	0.6%	0.2%
Net income before income taxes	2.4%	3.7%
Income tax provision	0.8%	0.1%
Net income	1.6%	3.6%
Non-controlling interest in net loss (income) of subsidiary	0.2%	(0.9%)
Net income attributable to Parent Company stockholders	1.8%	2.7%

YEAR ENDED JUNE 30, 2017 COMPARED TO YEAR ENDED JUNE 30, 2016

NET SALES - Net sales decreased by \$11,239,170, or 18.8%, to \$48,565,524 for the year ended June 30, 2017 from \$59,804,694 for the corresponding period of 2016. For the year ended June 30, 2017, net sales by geographic regions, consisting of the United States, South America and the Caribbean, EMEA (Europe, the Middle East and Africa) and Asia were \$47,373,463 (97.5% of net sales), \$252,000 (0.5% of net sales), \$796,795 (1.7% of net sales) and \$143,266 (0.3% of net sales), respectively.

Net sales in the United States decreased by \$4,368,528, or 8.4%, to \$47,373,463 for the year ended June 30, 2017, from \$51,741,991 for the corresponding period of 2016. The decrease in net sales was primarily due to timing of orders placed by a carrier customer, which was partially offset by the launch of a new product with a different carrier customer that took place in the second half of fiscal 2016. Net sales in the South American and Caribbean regions increased by \$151,301, or 150.3%, to \$252,000 for the year ended June 30, 2016, from \$100,699 for the corresponding period of 2016. The increase was primarily due to the general nature of sales in these regions, which often fluctuate significantly from period to period due to timing of orders placed by a relatively small number of customers. Net sales in EMEA decreased by \$7,110,105, or 89.9%, to \$796,795 for the year ended June 30, 2017, from \$7,906,900 for the corresponding period of 2016. The decrease in net sales was due to timing of orders placed by a carrier customer in Africa. Net sales in Asia increased by \$88,162, or 160.0%, to \$143,266 for the year ended June 30, 2017, from \$55,104 for the corresponding period of 2016. The increase in net sales was primarily due to higher product and component sales generated by FTI, which typically vary from period to period.

GROSS PROFIT- Gross profit decreased by \$706,721, or 7.1%, to \$9,218,459 for the year ended June 30, 2017, from \$9,925,180 for the corresponding period of 2016. The gross profit in terms of net sales percentage was 19.0% for the year ended June 30, 2017, compared to 16.6% for the corresponding period of 2016. The decrease in gross profit was primarily due to the change in net sales as described above. The increase in gross profit in terms of net sales percentage was primarily due to variations in customer and product mix, competitive selling prices and product costs which generally vary from period to period and region to region.

OPERATING EXPENSES - Operating expenses increased by \$537,859, or 6.9%, to \$8,344,080 for the year ended June 30, 2017, from \$7,806,221 for the corresponding period of 2016. The increase was primarily due to higher research and development expenses due to headcount growth and higher payroll expenses, which were partially offset by lower expenses associated with third party contractors, travel, legal, depreciation and amortization.

OTHER INCOME, NET - Other income, net increased by \$179,207, or 194.4%, to \$271,375 for the year ended June 30, 2017, from \$92,168 for the corresponding period of 2016. The increase was primarily due to product development funding received by FTI from a government entity, which started in fiscal 2017.

LIQUIDITY AND CAPITAL RESOURCES

Our historical operating results, capital resources and financial position, in combination with current projections and estimates, were considered in management's plan and intentions to fund our operations over a reasonable period of time, which we define as the twelve month period from the date of the filing of this Form 10-K. For purposes of liquidity disclosures, we assess the likelihood that we have sufficient available working capital and other principal sources of liquidity to fund our operating activities and obligations as they become due.

Our principal source of liquidity as of June 30, 2017 consisted of cash and cash equivalents of \$14,285,001. We believe we have sufficient available capital to cover our existing operations and obligations through at least one year from the date of the filing of this Form 10-K. Our long-term future cash requirements will depend on numerous factors, including our revenue base, profit margins, product development activities, market acceptance of our products, future expansion plans and ability to control costs. If we are unable to achieve our current business plan or secure additional funding that may be required, we would need to curtail our operations or take other similar actions outside the ordinary course of business in order to continue to operate as a going concern.

OPERATING ACTIVITIES – Net cash provided by operating activities for the years ended June 30, 2017 and 2016 was \$1,488,363 and \$2,707,586, respectively.

The \$1,488,363 in net cash provided by operating activities for the year ended June 30, 2017 was primarily due to the decrease in accounts receivable of \$1,311,077 as well as our operating results (net income adjusted for depreciation, amortization and other non-cash charges), which were partially offset by the increase in inventory of \$1,146,304 and the decrease in accounts payable of \$413,561.

The \$2,707,586 in net cash provided by operating activities for the year ended June 30, 2016 was primarily due to the increase in accounts payable of \$5,924,272, the decrease in prepaid income taxes of \$1,024,922 as well as our operating results (net income adjusted for depreciation, amortization and other non-cash charges), which were partially offset by the increase in accounts receivable of \$6,775,723 and the decrease in advance payments from customers of \$691,416.

INVESTING ACTIVITIES – Net cash used in investing activities for the years ended June 30, 2017 and 2016 was \$499,258 and \$1,047,603, respectively.

The \$499,258 in net cash used in investing activities for the year ended June 30, 2017 was primarily due to the payments for capitalized product development of \$368,226 and purchases of intangible assets and property and equipment of \$85,597 and \$45,435, respectively.

The \$1,047,603 in net cash used in investing activities for the year ended June 30, 2016 was primarily due to the payments for capitalized product development of \$686,291 and purchases of intangible assets and property and equipment of \$196,112 and \$173,200, respectively.

FINANCING ACTIVITIES – Net cash provided by financing activities for the year ended June 30, 2017 was \$104,820 and net cash used in financing activities for the year ended June 30, 2016 \$342,444.

The \$104,820 in net cash provided by financing activities for the year ended June 30, 2017 was due to the cash received from the exercise of stock options.

The \$342,444 in net cash used in financing activities for the year ended June 30, 2016 was primarily due to the repurchase of 130,000 shares of our Common Stock from a shareholder and the repayment of short-term borrowings of \$148,295, which were partially offset by the cash received from the exercise of stock options of \$39,851.

OFF-BALANCE SHEET ARRANGEMENTS

None.

CONTRACTUAL OBLIGATIONS AND OTHER COMMITMENTS

The following table summarizes our contractual obligations and commitments as of June 30, 2017, and the effect such obligations could have on our liquidity and cash flow in future periods:

	Payments Due by June 30,						
	2018	2019	2020	2021	2022	Thereafter	Total
Leases	\$416,141	\$301,368	\$92,459	\$ -	\$ -	-	\$809,968

LEASES

Refer to ITEM 2. PROPERTIES.

FUTURE LIQUIDITY AND CAPITAL REQUIREMENTS

For the next twelve months, we may require in excess of \$5.0 million for capital expenditures, software licenses and for testing and certifying new products.

We believe we will be able to fund our future cash requirements for operations from our cash available, operating cash flows and issuance of equity securities. We believe these sources of funds will be sufficient to continue our operations and planned capital expenditures. However, we will be required to raise additional debt or equity capital if we are unable to generate sufficient cash flow from operations to fund the expansion of our sales and to satisfy the related working capital requirements for the next twelve months. Our ability to satisfy such obligations also depends upon our future performance, which in turn is subject to general economic conditions and regional risks, and to financial, business and other factors affecting our operations, including factors beyond our control. See Item 1A, "Risk Factors" included in this report.

If we are unable to generate sufficient cash flow from operations to meet our obligations and commitments, we will be required to raise additional debt or equity capital. Additionally, we may be required to sell material assets or operations or delay or forego expansion opportunities. We might not be able to affect these alternative strategies on satisfactory terms, if at all.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not applicable.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The financial statements and the supplementary financial information required by this Item and included in this report are listed in the Index to Financial Statements beginning on page F-1.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

Our management has evaluated, under the supervision and with the participation of our President and Chief Financial Officer, the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) as of the end of the period covered by this report. Based upon that evaluation, our President and our Chief Financial Officer have concluded that, as of June 30, 2017, our disclosure controls and procedures were effective in ensuring that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized, and reported

within the time periods specified in the rules and forms of the SEC and (ii) accumulated and communicated to our management, including our principal executive and principal accounting officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

CHANGES IN INTERNAL CONTROL OVER FINANCIAL REPORTING

There have been no changes in our internal controls over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act or in other factors that materially affected or are reasonably likely to materially affect our internal controls and procedures over financial reporting during the fourth quarter of the fiscal year ended June 30, 2017.

MANAGEMENT'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act). Our internal control over financial reporting is designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

To evaluate the effectiveness of internal controls over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act, management conducted an assessment, using the criteria in *Internal Control-Integrated Framework*, (specifically the 2013 framework) issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). Based on its assessment, management concluded that we maintained effective internal control over financial reporting as of June 30, 2017.

This annual report does not include an attestation report from our independent registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to the rules adopted under Section 404(b) of the Sarbanes-Oxley Act.

ITEM 9B. OTHER INFORMATION

None.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

Set forth below are the names, ages, titles and present and past positions of our directors and executive officers as of June 30, 2017.

Name	Age	Position
OC Kim	52	President, Secretary and a Director
Gary Nelson	76	Chairman of the Board and a Director
Joon Won Jyoung	75	Director
Johnathan Chee	54	Director
Benjamin Chung	42	Director
Yun J. (David) Lee	55	Chief Operating Officer
Richard Walker	55	Chief Financial Officer

OC Kim has been our President, Secretary and a director since September 2003 and also served as our Acting Chief Financial Officer until March, 2014. Prior to joining Franklin Wireless, Mr. Kim was the CEO and President of Accetio Inc., a company he founded in April 2001 that developed cell phones and modules for the telecommunications industry. In September 2003, Accetio Inc. merged with Franklin Telecommunications Corp. and was renamed Franklin Wireless Corp. Prior to this, Mr. Kim was the Chief Operating Officer of Axesstel Inc., a pioneering developer of CDMA Wireless Local Loop Products. Before joining Axesstel, he was the president of the U.S. sales office for Kolon Data Communications Co., Ltd., one of Korea's most prominent technology conglomerates. While at Kolon Data Communications, Mr. Kim helped introduce the first generation of CDMA phones to the Korean market through his work with Qualcomm Personal Electronics (QPE), a joint venture between Qualcomm Incorporated and Sony Electronics Inc. Mr. Kim began his career at Lucky Goldstar (LG) Electronics. He has more than 29 years of experience in sales, marketing, and operations management in the telecommunications and information systems industries. He earned a B.A. from Sogang University in Korea. We believe Mr. Kim's qualifications to serve as a director of the Company include his extensive business, operational and management experience in the wireless industry, including his current position as the Company's President. In addition, his knowledge of the Company's business, products, strategic relationships and future opportunities is of great value to the Company.

Gary Nelson has been a director since September 2003. Mr. Nelson was an early investor in Franklin Telecommunications Corp. in the 1980's and served as a director from 2001 up until the Company's merger with Acetio Inc. in September 2003, at which time the Company was renamed Franklin Wireless Corp. Following the merger, Mr. Nelson became a director and ultimately Chairman of the Board of Franklin Wireless Corp. He was co-founder and President of Churchill Mortgage Corporation, an income property mortgage banking firm based in Los Angeles, California, which was a loan correspondent for major life insurance companies and other financial institutions. In addition, Mr. Nelson was the Chief Operating Officer of Churchill Mortgage Capital, which was the loan origination arm of Churchill Mortgage Corporation. Mr. Nelson's prior experience includes various marketing positions with Control Data Corporation and design engineering positions with North American Aviation where he worked on the Apollo Project. He holds a B.S. in Mechanical Engineering from Kansas State University and an MBA from the University of Southern California. We believe that Mr. Nelson's qualifications to serve as a director of the Company include his many years of business, operational and management experience including his previous position as President of Churchill Mortgage Corporation. In addition, Mr. Nelson has served as a director of the Company for 14 years, and brings a valuable historical perspective on the development of the Company's business and its leadership.

Joon Won Jyoung has been a director since September 2009. He has been an active investor since 1997 and made early investments in Sewon Telecom, Telson Electronics and Pantech, three leading telecommunications companies based in Korea. From 2001 to 2007, Mr. Jyoung served as a director and Treasurer for Sewon Telecom. From 1992 to 1996, he served as President of Sneakers Classic Ltd., and from 1987 to 1991, he was Chairman of Empire State Bank in New York. From 1972 to 1982, he was Chairman of Downtown Mart, a distribution company in New York and Virginia. He holds a B.S. in Mathematics from Seoul National University and an M.S. in Statistics from the University of Connecticut. We believe Mr. Jyoung's qualifications to serve as a director of the Company include his extensive management experience in a diverse range of industries as well as his broad experience in international business matters. Mr. Jyoung's background and experience allow him to provide the Company's Board of Directors with valuable knowledge and insight.

Johnathan Chee has been a director since September 2009. He is an attorney and has owned the Law Offices of Johnathan Chee, in Niles, Illinois, since August 2007. Mr. Chee has represented clients in various business dealings and negotiations with Ameritech, SBC, Sprint and several wireless carriers in Latin America. Between 1998 and 2007, he served as an attorney with the C&S Law Group, P.C., in Glenview, Illinois. He holds a B.A. from the University of Illinois-Chicago and a J.D. from IIT Chicago-Kent College of Law. He is a member of the Illinois Bar Association. We believe Mr. Chee's qualifications to serve as a director of the Company include his experience as a business attorney that allow him to provide the Company's Board of Directors with valuable knowledge of legal matters that may affect the Company.

Benjamin Chung has been a director since November 2011. He is a Certified Public Accountant and an experienced finance and accounting executive whose client base includes several telecommunications companies. He is currently a Partner in the accounting firm of Benjamin & Young, LLP. Between September 2010 and July 2011 he served as International Controller for American Apparel, Inc., a publicly traded company. He served as an Audit Senior Manager in the accounting firm of BDO USA, LLP from October 2007 to August 2010 and completed an 18 month international rotation at BDO Daejoo Korea where he was promoted to an Audit Partner. Prior to BDO, he was the Director of Internal Audit for Big 5 Sporting Goods Corporation, a publicly traded company, from January 2006 to October 2007. He holds a B.S. in Business Administration from California State Polytechnic University, Pomona. We believe Mr. Chung's qualifications to serve as a director of the Company include his experience as a certified public accountant and as controller for public companies, which will allow him to provide the Company's Board of Directors with valuable knowledge of financial and accounting matters that may affect the Company.

Yun J. (David) Lee has been our Chief Operating Officer since September 2008. Mr. Lee has 23 years of upper level management experience in telecommunications, including experience in the cellular telephone business in the U.S. and South America. Prior to joining the Company, he was President of Ace Electronics, and served as Chief Financial Officer and Director of Sales and Marketing for RMG Wireless. Prior to that, he served as Controller and Director of International Sales for Focus Wireless in Chicago.

Richard Walker has been our Chief Financial Officer since March 2014. Mr. Walker joined the Company in December 2009 and previously served as Vice President, Finance and Accounting. Mr. Walker has over 22 years of senior financial management experience in telecommunications, software and the Internet. From 2006 to 2009, he was Senior Vice President and Chief Financial Officer for Inter casting Corp., a developer of software applications for mobile phones. Prior to Inter casting Corp., Mr. Walker held senior financial management positions at Peregrine Systems, MP3.com and Qualcomm.

COMPLIANCE WITH SECTION 16(A) OF EXCHANGE ACT

Section 16(a) of the Securities Exchange Act of 1934 requires officers and directors, and persons who own more than ten percent of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission (the "Commission"). Officers, directors and greater than regulations to furnish us with copies of all forms they file pursuant to Section 16(a). Based solely on our review of the copies of such forms it received and written representations from reporting persons required to file reports under Section 16(a), to our knowledge all of the Section 16(a) filing requirements applicable to such persons with respect to fiscal 2017 were complied with.

CODE OF ETHICS

The Board of Directors has adopted a Code of Ethics, which is applicable to all of our employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. The Code of Ethics covers all areas of professional conduct, including honest and ethical conduct, conflicts of interest, compliance with laws, disclosure obligation, and accountability for adherence to this Code.

CORPORATE GOVERNANCE

During fiscal 2017, the Board of Directors held five meetings. Each director attended at least 75% of the meetings of the Board, except for Joon Won Jyoung, who attended none of the meetings. The Board of Directors has an Audit Committee made up of Messrs. Chung (committee chair) and Nelson and a Compensation Committee made up of Messrs. Nelson (committee chair) and Chee. The Board of Directors has no other committees.

ITEM 11. EXECUTIVE COMPENSATION

The following table sets forth all compensation paid or accrued by us for the years ended June 30, 2017 and 2016 to our President, Chief Operating Officer and Chief Financial Officer (The "Named Executive Officers").

Name and Principal Position	Fiscal Year	Salary (\$)	Bonus (\$)	Option Awards (\$)	All Other Compensation (\$)(1)	Total (\$)
OC Kim, President	2016	\$200,000	\$3,000	\$ -	\$ 11,539	\$214,539
	2017	\$213,333	\$3,000	\$ -	\$ -	\$216,333
Yun J. (David) Lee, Chief Operating Officer	2016	\$205,000	\$3,500	\$ -	\$ -	\$208,500
	2017	\$215,000	\$3,500	\$ -	\$ -	\$218,500
Richard Walker, Chief Financial Officer	2016	\$112,500	\$3,000	\$ -	\$ -	\$115,500
	2017	\$130,833	\$3,000	\$ -	\$ -	\$133,833

(1) Represents the value of unused accrued vacation paid in cash.

Outstanding Equity Awards at Fiscal Year-End

The following table presents the outstanding equity awards held by each of the Named Executive Officers as of June 30, 2017. The only outstanding equity awards are stock options. No options were granted to the Named Executive Officers during the 2017 fiscal year. The options previously granted to our Named Executive Officers vest over periods ranging from one to three years and are subject to early termination on the occurrence of certain events related to termination of employment. In addition, the full vesting of options is accelerated if there is a change in control of the Company.

Options Awards

Name	Number of Securities Underlying Unexercised Options (#)	Option Exercise Price (\$)	Option Expiration Date	Number of Shares that have not Vested (#)	Market Value of Shares that have not Vested (\$)

OC Kim	–	–	–	–	–
Yun J. (David) Lee	100,000 (1)	\$ 1.34	06/15/2022	–	–
	100,000 (2)	\$ 0.45	06/11/2019	–	–
Richard Walker	50,000 (3)	\$ 1.34	06/15/2022	–	–

(1) The option vests and is exercisable in full on the first anniversary of the date of the grant and has a ten-year term.

The option vests and is exercisable over two years as follows:

- i. 50% of the shares underlying the option vest on the first anniversary of the date of the grant.
 - ii. 25% of the shares underlying the option vest eighteen months following the date of the grant.
- (2) iii. 25% of the shares underlying the option vest on the second anniversary of the date of the grant.

The option originally had a five-year term and an expiration date of June 11, 2014. On June 10, 2014, the option was modified to extend the term an additional five years to June 11, 2019.

The option vests and is exercisable over three years as follows and has a ten-year term:

- i. One-third of the shares underlying the option vest on the first anniversary of the date of the grant.
- ii. One-third of the shares underlying the option vest on the second anniversary of the date of the grant.
- iii. One-third of the shares underlying the option vest on the third anniversary of the date of the grant.

Director Compensation

Our directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board of Directors. Employee directors do not receive any cash compensation for services as directors and have not received any equity compensation designated for such services. Members of the Board of Directors who are not employees may receive stock option grants as consideration for their board service from time to time, although there is no established policy for such stock option grants.

Fiscal 2017 Director Compensation

Name	Fee Earned or Option		All Other Compensation	Total (\$)
	Paid in Cash (\$)(1)	Awards (\$)		
Gary Nelson	10,000	–	–	10,000
Joon Won Jyoung	–	–	–	–
Johnathan Chee	10,000	–	–	10,000
Benjamin Chung	10,000	–	–	10,000

(1) Directors are compensated a maximum of \$10,000 annually, which is prorated based upon board meeting attendance. This compensation plan became effective January 1, 2015.

There were no outstanding equity awards held by any of the non-officer directors as of June 30, 2017.

EMPLOYMENT CONTRACTS

On September 21, 2009, we entered into Change of Control Agreements with OC Kim, our President, and Yun J. (David) Lee, our Chief Operating Officer. Each Change of Control Agreement provides for a lump sum payment to the officer in case of a change of control of the Company. The term includes the acquisition of Common Stock of the Company resulting in one person or company owning more than 50% of the outstanding shares, a significant change in the composition of the Board of Directors of the Company during any 12-month period, a reorganization, merger, consolidation or similar transaction resulting in the transfer of ownership of more than fifty percent (50%) of the Company's outstanding Common Stock, or a liquidation or dissolution of the Company or sale of substantially all of the Company's assets.

The Change of Control Agreement with Mr. Kim calls for a payment of \$5 million upon a change of control, and the agreement with Mr. Lee calls for a payment of \$2 million upon a change of control.

The Board of Directors has approved extension of the Change of Control Agreements with Mr. Kim and Mr. Lee through September 21, 2020.

COMPENSATION DISCUSSION AND ANALYSIS

GENERAL PHILOSOPHY- We compensate our executive officers through a mix of base salary, incentive compensation and stock options. Our compensation policies are designed to be competitive with comparable employers and to align management's incentives with both near-term and long-term interests of our stockholders. We use informal methods of benchmarking our executive compensation, based on the experience of our directors or, in some cases, studies of industry standards. Our compensation is negotiated on a case by case basis, with attention being given to the amount of compensation necessary to make a competitive offer and the relative compensation among our executive officers.

BASE SALARIES - We want to provide our senior management with a level of cash compensation in the form of base salary that facilitates an appropriate lifestyle given their professional status and accomplishments.

INCENTIVE COMPENSATION - Our practice is to award cash bonuses based upon performance objectives set by the Board of Directors. We maintain a bonus plan which provides our executive officers the ability to earn cash bonuses based on the achievement of performance targets. The performance targets are set by the Board of Directors, and our executive officers are eligible to receive bonuses on a quarterly basis. The actual amount of incentive compensation paid to our executive officers is in the sole discretion of the Board of Directors.

SEVERANCE BENEFITS - We are generally an at will employer, and have no employment agreements with severance benefits; however, we have entered into Change of Control Agreements with our executive officers, and one other employee that provide them with lump sum payments in the event of a change in control of the Company.

RETIREMENT PLANS - We do not maintain any retirement plans.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth certain information regarding the beneficial ownership of our Common Stock as of September 28, 2017 by each director and executive officer of the Company, each person known to us to be the beneficial owner of more than 5% of the outstanding Common Stock, and all directors and executive officers of the Company as a group. Except as otherwise indicated below, each person has sole voting and investment power with respect to the shares owned, subject to applicable community property laws.

Shares Beneficially Owned

Name and Address	Number	Percent
Joon Won Jyoung 9707 Waples Street, Suite 150, San Diego, CA 92121	1,869,012	17.8%
OC Kim 9707 Waples Street, Suite 150, San Diego, CA 92121	1,596,695	15.2%
Gary Nelson 9707 Waples Street, Suite 150, San Diego, CA 92121	391,825	3.7%

(1) Based solely on a Schedule 13G dated February 13, 2017, which indicates that Mr. Packer may be deemed to beneficially own 954,879 shares. With respect to these shares, Mr. Packer has shared voting power and shared dispositive power with Globis Capital Partners, L.P., Globis Capital Advisors, L.L.C., Globis Overseas Fund, Ltd., Globis Capital Management, L.P. and Globis Capital, L.L.C.

(2) Based solely on a Schedule 13G dated February 13, 2017, which indicates that Kennedy Capital Management, Inc. may be deemed to beneficially own 767,224 shares.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

None.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

The aggregate fees billed for the most recently completed fiscal period for the audit of our annual financial statements and services normally provided by the independent registered public accounting firm for this fiscal period were as follows:

	FY 2017	FY 2016
Audit Fees	\$65,000	\$65,000
Total Fees	\$65,000	\$65,000

In the above table, "audit fees" are fees billed by our external auditor for services provided in auditing our company's annual financial statements for the subject year. The fees set forth on the foregoing table relate to the audit as of and for the years ended June 30, 2017 and 2016, which was performed by Haskell & White LLP. All of the services described above were approved in advance by the Board of Directors or the Company's Audit Committee.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders

Franklin Wireless Corp.

San Diego, California

We have audited the accompanying consolidated balance sheets of Franklin Wireless Corp. (the “Company”) as of June 30, 2017 and 2016, and the related consolidated statements of comprehensive income, stockholders’ equity, and cash flows for each of the years then ended. These consolidated financial statements are the responsibility of the Company’s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. The Company has determined that it is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company’s internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Franklin Wireless Corp. as of June 30, 2017 and 2016, and the consolidated results of its operations and its cash flows for each of the years then ended, in conformity with accounting principles generally accepted in the United States.

FRANKLIN WIRELESS CORP.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - BUSINESS OVERVIEW

We are a provider of intelligent wireless solutions including mobile hotspots, routers and modems as well as innovative hardware and software products that support machine-to-machine (M2M) applications and the Internet of Things (IoT). Our M2M and IoT solutions include embedded modules, modems and gateways built to deliver reliable always-on connectivity supporting a broad spectrum of applications. These products are designed to solve wireless connectivity challenges in a variety of vertical markets including video surveillance, digital signage, home security, oil and gas exploration, kiosks, fleet management, smart grid, vehicle diagnostics, telematics and many more.

We have a majority ownership position in FTI, a research and development company located in Seoul, South Korea. FTI primarily provides design and development services to us for our wireless products.

Our products are generally marketed and sold directly to wireless operators, and indirectly through strategic partners and distributors. Our global customer base extends primarily from the United States to countries in South America, the Caribbean, Europe, the Middle East and Africa ("EMEA") and Asia.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company, and a subsidiary with a majority voting interest of 51.8% (48.2% is owned by non-controlling interests) as of June 30, 2017 and 2016. In the preparation of consolidated financial statements of the Company, intercompany transactions and balances are eliminated and net earnings are reduced by the portion of the net earnings of the subsidiary applicable to non-controlling interests.

As consolidated financial statements are based on the assumption that they represent the financial position and operating results of a single economic entity, the retained earnings or deficit of the subsidiary at the date of

acquisition, October 1, 2009, by the parent are excluded from consolidated retained earnings. When a subsidiary is consolidated, the consolidated financial statements include the subsidiary's revenues, expenses, gains, and losses only from the date the subsidiary is initially consolidated, and the non-controlling interest is reported in the consolidated statement of financial position within equity, separately from the parent's equity. There are no shares of the Company held by any subsidiaries as of June 30, 2017 or June 30, 2016.

Non-controlling Interest in a Consolidated Subsidiary

As of June 30, 2017, the non-controlling interest was \$1,001,128, which represents a \$102,793 decrease from \$1,103,921 as of June 30, 2016. The decrease of \$102,793 in the non-controlling interest was due to the non-controlling interests in net loss of subsidiary for the year ended June 30, 2017.

Segment Reporting

Public companies are required to report financial and descriptive information about their reportable operating segments. We identify our operating segments based on how our chief operating decision maker internally evaluates separate financial information, business activities and management responsibility. We have one reportable segment, consisting of the sale of wireless access products.

We generate revenues from four geographic areas, consisting of the United States, the Caribbean and South America, Europe, the Middle East and Africa ("EMEA") and Asia. The following enterprise-wide disclosure is prepared on a basis consistent with the preparation of the consolidated financial statements. The following table contains certain financial information by geographic area:

Net sales:	Fiscal Year Ended June 30,	
	2017	2016
United States	\$47,373,463	\$51,741,991
Caribbean and South America	252,000	100,699
Europe, the Middle East and Africa ("EMEA")	796,795	7,906,900
Asia	143,266	55,104
Totals	\$48,565,524	\$59,804,694

Long-lived assets, net (property and equipment and intangible assets):	June 30, 2017	June 30, 2016
United States	\$1,209,050	\$1,113,746
Asia	120,367	330,905
Totals	\$1,329,417	\$1,444,651

Fair Value of Financial Instruments

The carrying amounts of financial instruments such as assets, cash equivalents, accounts receivable, accounts payable and debt approximate the related fair values due to the short-term maturities of these instruments. We invest our excess cash into financial instruments which are readily convertible into cash, such as money market funds and certificates of deposit (see Note 3).

Use of Estimates

The preparation of the consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could materially differ from those estimates.

Allowance for Doubtful Accounts

Based upon our review of our collection history as well as the current balances associated with all significant customers and associated invoices, we do not believe an allowance for doubtful accounts was necessary as of June 30, 2017 and June 30, 2016.

Revenue Recognition

We recognize revenue when persuasive evidence of an arrangement exists, the price is fixed or determinable, collection is reasonably assured and delivery of products has occurred or services have been rendered. Accordingly, we recognize revenues from product sales upon shipment of the products to customers or when the products are received by the customers in accordance with the shipping or delivery terms. We provide a warranty for one year from the shipment or delivery date, which is covered by our vendors pursuant to purchase agreements. Any net warranty related expenditures made by us have not historically been material. Under our sales return policy, customers may generally return products that are under warranty for repair or replacement.

Cost of Goods Sold

All costs associated with our contract manufacturers, as well as distribution, fulfillment and repair services are included in our cost of goods sold. Cost of goods sold also includes amortization expense associated with capitalized product development costs associated with complete technology.

Capitalized Product Development Costs

Our products contain embedded software internally developed by FTI, which is an integral part of these products because it allows the various components of the products to communicate with each other and the products are clearly unable to function without this coding.

The costs of product development that are capitalized once technological feasibility is determined (noted as Technology in progress in the Intangible Assets table in Note 2 to Notes to Consolidated Financial Statements) include related licenses, certification costs, payroll, employee benefits, and other headcount-related expenses associated with product development. We determine that technological feasibility for our products is reached after all high-risk development issues have been resolved. Once the products are available for general release to our customers, we cease capitalizing the product development costs and any additional costs, if any, are expensed. The capitalized product development costs are amortized on a product-by-product basis using the greater of straight-line amortization or the ratio of the current gross revenues to the current and anticipated future gross revenues. The amortization begins when the products are available for general release to our customers.

As of June 30, 2017, and June 30, 2016, capitalized product development costs in progress were \$360,148 and \$157,492, respectively, and these amounts are included in intangible assets in our consolidated balance sheets. During the year ended June 30, 2017, we incurred \$368,226 in capitalized product development costs, and such amounts are primarily comprised of certifications and licenses. All costs incurred before technological feasibility is reached are expensed and included in our consolidated statements of comprehensive income.

Research and Development Costs

Costs associated with research and development are expensed as incurred. Research and development costs were \$3,445,124 and \$2,990,496 for the years ended June 30, 2017 and 2016, respectively.

Advertising and Promotion Costs

Costs associated with advertising and promotions are expensed as incurred. Advertising and promotion costs were \$22,539 and \$22,726 for the years ended June 30, 2017 and 2016, respectively.

Warranties

We provide a warranty for one year which is covered by our vendors and manufacturers under purchase agreements between the Company and the vendors. As a result, we believe we do not have any net warranty exposure and do not accrue any warranty expenses. Historically, the Company has not experienced any material net warranty expenditures.

Shipping and Handling Costs

Costs associated with product shipping and handling are expensed as incurred. Shipping and handling costs, which are included in selling, general and administrative expenses on the statement of comprehensive income, were \$1,452,456 and \$1,408,607 for the years ended June 30, 2017 and 2016, respectively.

Cash and Cash Equivalents

For purposes of the consolidated statements of cash flow, we consider all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

Inventories

Our inventories consist of finished goods and are stated at the lower of cost or market, cost being determined on a first-in, first-out basis. We assess the inventory carrying value and reduce it, if necessary, to its net realizable value based on customer orders on hand, and internal demand forecasts using management's best estimates given information currently available. Our customer demand is highly unpredictable, and can fluctuate significantly caused by factors beyond our control. We may write down our inventory value for potential obsolescence and excess inventory. As of June 30, 2017, and 2016, we have recorded inventory reserves in the amount of \$52,493 and \$90,917, respectively, for inventories that we have identified as obsolete or slow-moving.

Property and Equipment

Property and equipment are recorded at cost. Significant additions or improvements extending useful lives of assets are capitalized. Maintenance and repairs are charged to expense as incurred. Depreciation is computed using the straight-line method over the estimated useful lives as follows:

Machinery	6 years
Office equipment	5 years
Molds	3 years
Vehicles	5 years
Computers and software	5 years
Furniture and fixtures	7 years
Facilities improvements	5 years or life of the lease, whichever is shorter

Goodwill and Intangible Assets

Goodwill and certain intangible assets were recorded in connection with the FTI acquisition in October 2009, and are accounted for in accordance with ASC 805, "Business Combinations." Goodwill represents the excess of the purchase price over the fair value of the tangible and intangible net assets acquired. Intangible assets are recorded at their fair value at the date of acquisition. Goodwill and other intangible assets are accounted for in accordance with ASC 350, "Goodwill and Other Intangible Assets." Goodwill and other intangible assets are tested for impairment at least annually and any related impairment losses are recognized in earnings when identified. No impairment was recognized during the years ended June 30, 2017 and 2016.

Intangible Assets

The definite lived intangible assets consisted of the following as of June 30, 2017:

		Average	Gross	Accumulated	Net
Definite lived intangible assets:	Expected Life	Remaining	Intangible	Amortization	Intangible
		life	Assets		Assets
Complete technology	3 years	–	\$3,799,617	\$3,799,617	\$–

Edgar Filing: FRANKLIN WIRELESS CORP - Form 10-K

Complete technology	3 years	0.5 years	2,402	2,002	400
Complete technology	3 years	0.7 years	6,405	4,804	1,601
Complete technology	3 years	3.0 years	18,397	–	18,397
Supply and development agreement	8 years	0.3 years	1,121,000	1,085,969	35,031
Technology in progress	Not Applicable	–	360,148	–	360,148
Software	5 years	2.7 years	239,398	216,829	22,569
Patents	10 years	7.0 years	58,391	4,693	53,698
Certifications & licenses	3 years	1.9 years	2,698,526	2,080,895	617,631
Total as of June 30, 2017			\$8,304,284	\$ 7,194,809	\$ 1,109,475

F-10

The definite lived intangible assets consisted of the following as of June 30, 2016:

Definite lived intangible assets:	Expected Life	Average Remaining life	Gross Intangible Assets	Accumulated Amortization	Net Intangible Assets
Complete technology	3 years	–	\$3,734,617	\$ 3,734,617	\$–
Complete technology	3 years	0.8 years	65,000	48,750	16,250
Complete technology	3 years	1.5 years	2,402	1,201	1,201
Complete technology	3 years	1.8 years	6,405	2,669	3,736
Complete technology	3 years	3.0 years	18,397	–	18,397
Supply and development agreement	8 years	1.2 years	1,121,000	945,844	175,156
Technology in progress	Not Applicable	–	157,492	–	157,492
Software	5 years	1.3 years	214,398	203,941	10,457
Patents	10 years	7.0 years	58,391	2,705	55,686
Certifications & licenses	3 years	2.0 years	2,472,359	1,783,847	688,512
Total as of June 30, 2016			\$7,850,461	\$ 6,723,574	\$ 1,126,887

Amortization expense recognized during the years ended June 30, 2017 and 2016 was \$471,235 and \$797,797, respectively. The amortization expenses of the definite lived intangible assets for the next five years and thereafter are as follows:

	FY2018	FY2019	FY2020	FY2021	FY2022	Thereafter
Total	\$465,480	\$330,187	\$187,328	\$16,990	\$16,990	\$92,500

Long-lived Assets

We review for impairment of long-lived assets and certain identifiable intangibles whenever events or circumstances indicate that the carrying amount of assets may not be recoverable. We consider the carrying value of assets may not be recoverable based upon our review of the following events or changes in circumstances: the asset's ability to continue to generate income from operations and positive cash flow in future periods; loss of legal ownership or title to the assets; significant changes in our strategic business objectives and utilization of the asset; or significant negative industry or economic trends. An impairment loss would be recognized when estimated future cash flows expected to result from the use of the asset are less than its carrying amount.

We are not aware of any events or changes in circumstances during the year ended June 30, 2017 that would indicate that the long-lived assets are impaired.

Stock-based Compensation

The Company's employee share-based awards result in a cost that is measured at fair value on an award's grant date, based on the estimated number of awards that are expected to vest. Stock-based compensation is recognized on a straight-line basis over the award's vesting period. The Company estimates the fair value of stock options using a Black-Scholes option pricing model. Transactions with non-employees in which goods or services are the consideration received for the issuance of equity instruments are accounted for based on the fair value of the consideration received or the fair value of the equity instrument issued, whichever is more reliably measurable. The measurement date of the fair value of the equity instrument issued is the earlier of the date on which the counterparty's performance is complete or the date on which it is probable that performance will occur. Stock-based compensation costs are reflected in the accompanying consolidated statements of comprehensive income based upon the underlying recipients' roles within the Company.

Income Taxes

The Company uses the asset and liability method of accounting for income taxes. Accordingly, deferred tax assets and liabilities are determined based on the difference between the financial statement and income tax bases of assets and liabilities, using enacted tax rates in effect for the year in which the differences are expected to reverse. A valuation allowance is recorded to reduce the carrying amount of deferred tax assets, unless it is more likely than not such assets will be realized. Current income taxes are based on the year's taxable income for federal and state income tax reporting purposes and the annual change in deferred taxes.

The Company assesses its income tax positions and records tax benefits based upon management's evaluation of the facts, circumstances, and information available at the reporting date. For those tax positions where it is more likely than not that a tax benefit will be sustained, the Company records the largest amount of tax benefit with a greater than 50% likelihood of being realized upon ultimate settlement with a taxing authority having full knowledge of all relevant information. For those income tax positions where it is not more likely than not that a tax benefit will be sustained, no tax benefit is recognized in the financial statements. The Company classifies interest and penalties associated with such uncertain tax positions as a component of income tax expense.

Earnings per Share Attributable to Common Stockholders

Basic earnings per share is calculated by dividing the net income by the weighted-average number of common shares that were outstanding for the period, without consideration for potential common shares. Diluted earnings per share is calculated by dividing the net income by the sum of the weighted-average number of dilutive potential common shares outstanding for the period determined using the treasury-stock method or the as-converted method. Potentially dilutive shares are comprised of common stock options outstanding under our stock plan.

Concentrations of Credit Risk

We extend credit to our customers and perform ongoing credit evaluations of such customers. We evaluate our accounts receivable on a regular basis for collectability and provide for an allowance for potential credit losses as deemed necessary. No reserve was required or recorded for any of the periods presented.

Substantially all of our revenues are derived from sales of wireless data products. Any significant decline in market acceptance of our products or in the financial condition of our existing customers could impair our ability to operate effectively.

A significant portion of our revenue is derived from a small number of customers. For the year ended June 30, 2017, net sales to our two largest customers represented 69% and 23% of our consolidated net sales, respectively, and 68% and 13% of our accounts receivable balance as of June 30, 2017. For the year ended June 30, 2016, net sales to our three largest customers represented 64%, 18% and 13% of our consolidated net sales, respectively, and 58%, 34% and 0% of our accounts receivable balance as of June 30, 2016. No other customer accounted for more than ten percent of total net sales as of June 30, 2017 and 2016.

For the year ended June 30, 2017, sales to Verizon and Sprint each comprised more the 10% of our net sales. For the year ended June 30, 2016, sales to Verizon, Sprint and Smile Communications each comprised more the 10% of our net sales.

For the year ended June 30, 2017, we purchased the majority of our wireless data products from one manufacturing company located in Asia. If this manufacturing company were to experience delays, capacity constraints or quality control problems, product shipments to our customers could be delayed, or our customers could consequently elect to cancel the underlying product purchase order, which would negatively impact our revenue. For the year ended June 30, 2017, we purchased wireless data products from this supplier in the amount of \$37,628,062, or 94% of total purchases, and had related accounts payable of \$10,783,241 as of June 30, 2017. For the year ended June 30, 2016, we purchased the majority of wireless data products from one supplier in the amount of \$49,057,120, or 99% of total purchases, and had related accounts payable of \$12,840,858 as of June 30, 2016.

We maintain our cash accounts with established commercial banks. Such cash deposits exceed the Federal Deposit Insurance Corporation insured limit of \$250,000 for each financial institution. However, we do not anticipate any losses on excess deposits.

Recently Issued Accounting Pronouncements

In July 2015, the Financial Accounting Standards Board (“FASB”) issued ASU 2015-11, Inventory—Simplifying the Measurement of Inventory. ASU 2015-11 requires inventory to be subsequently measured using the lower of cost and net realizable value, thereby eliminating the market value approach. Net realizable value is defined as the “estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation.” ASU 2015-11 will be effective for us on July 1, 2017, and is applied prospectively. Early adoption is permitted. We are currently evaluating the impact that this guidance will have on our consolidated financial statements and disclosure.

In November 2015, the FASB issued Accounting Standards Update No. 2015-17, Balance Sheet Classification of Deferred Taxes (Topic 740) (ASU 2015-17), which amends existing standards for deferred taxes to present all deferred tax assets and liabilities as noncurrent. The Company adopted this guidance in fiscal 2017. As a result of this adoption, the Company reclassified \$379,432 and \$292,622 from deferred tax assets, current to deferred tax assets, non-current for the 2017 and 2016 fiscal years, respectively.

In March 2016, the FASB issued Accounting Standards Update No. 2016-02, Leases (Topic 842) (ASU 2016-02), which amends existing standards for leases to increase transparency and comparability among organizations by requiring recognition of lease assets and liabilities on the balance sheet and requiring disclosure of key information about such arrangements. ASU 2016-02 will be effective for us beginning in our first quarter of fiscal 2020, and early adoption is permitted. We are currently evaluating the impact of adopting the new standard on our consolidated financial statements and the timing and presentation of our adoption.

In March 2016, the FASB issued Accounting Standards Update No. 2016-09, Compensation-Stock Compensation (Topic 718) (ASU 2016-09), which provides guidance improvements to employee share-based payment accounting. The standard amends several aspects of current employee share-based payment accounting including income taxes, forfeitures, and statutory tax withholding requirements, as well as classification in the statement of cash flows. ASU 2016-09 will be effective for us beginning in our first quarter of fiscal 2018, and early adoption is permitted. Management does not expect that the adoption of this update will materially impact the Company's consolidated financial statements given the Company's limited use of stock options.

In April 2016, the FASB issued Accounting Standards Update No. 2016-10, Revenue from Contracts with Customers (Topic 606)(ASU 2016-10), which amends and adds clarity to certain aspects of the guidance set forth in the upcoming revenue standard (ASU 2014-09) related to identifying performance obligations and licensing. In May 2016, the FASB issued Accounting Standards Update No. 2016-11, Revenue Recognition (Topic 605), which amends and rescinds certain revenue recognition guidance previously released within ASU 2014-09. In May 2016 the FASB issued Accounting Standards Update No. 2016-12, Revenue from Contracts with Customers (Topic 606) (ASU 2016-12), which provides narrow scope improvements and practical expedients related to ASU 2014-09. We are currently evaluating the impact of adopting these new standards on our consolidated financial statements. All of these new standards will be effective for us concurrently with ASU 2014-09, beginning in our first quarter of fiscal 2019, as early adoption is not permitted.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value accounting is applied for all financial assets and liabilities and non-financial assets and liabilities that are recognized or disclosed at fair value in the consolidated financial statements on a recurring basis (at least annually). Assets and liabilities recorded at fair value in the financial statements are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels, which are directly related to the amount of subjectivity, associated with the inputs to the valuation of these assets or liabilities are as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company can access at the measurement date.

Level 2 inputs are observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 inputs are unobservable inputs for the asset or liability.

The carrying values of the Company's financial instruments, including cash and cash equivalents, accounts receivable, and accounts payable, approximate their fair values due to the short period of time to maturity or repayment.

NOTE 4 - PROPERTY AND EQUIPMENT

Property and equipment consisted of the following as of:

	June 30, 2017	June 30, 2016
Machinery and facility	\$303,986	\$303,520
Office equipment	380,473	365,430
Molds	968,606	938,680
	1,653,065	1,607,630
Less accumulated depreciation	(1,433,123)	(1,289,866)
Total	\$219,942	\$317,764

Depreciation expense associated with property and equipment was \$143,257 and \$169,928 for the fiscal years ended June 30, 2017 and 2016, respectively.

NOTE 5 - ACCRUED LIABILITIES

Accrued liabilities consisted of the following as of:

	June 30, 2017	June 30, 2016
Accrued salaries, severance	\$-	\$129,119
Accrued salaries, payroll deductions owed to government entities	45,278	10,133
Accrued vacation	56,612	45,031
Taxes	3,305	380
Other accrued liabilities	183,147	62,639
Total	\$288,342	\$247,302

NOTE 6 - INCOME TAXES

Income tax provision for the years ended June 30, 2017 and 2016 consists of the following:

	Year Ended June 30,	
	2017	2016
Current income tax expense (benefit):		
Federal	\$16,760	\$19,343
State	800	(32,715)
	17,560	(13,372)
Deferred income tax expense (benefit):		
Federal	440,647	350,958
State	-	-
Foreign	(83,620)	(302,653)
	357,027	48,305
Provision for income taxes	\$374,587	\$34,933

The provision for income taxes reconciles to the amount computed by applying the effective federal statutory income tax rate to the income before provision for income taxes as follows:

Year Ended June 30,	
2017	2016

Edgar Filing: FRANKLIN WIRELESS CORP - Form 10-K

Federal tax provision, at statutory rate of 34%	\$ 389,495	\$ 751,773
State tax, net of federal tax benefit	(50,107)	(142,139)
Nondeductible expenses	5,762	(16,619)
R&D credits	(39,394)	(43,664)
Foreign rate difference	17,063	(33,828)
Other	1,133	(72,803)
Change in valuation allowance	50,635	(407,787)
Provision for income taxes	\$ 374,587	\$ 34,933

F-14

Deferred income taxes reflect the net effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of our deferred tax assets are as follows:

	June 30, 2017	June 30, 2016
Deferred tax asset:		
Net operating losses	\$1,221,466	\$1,716,980
State tax	272	272
Intangibles	71,716	19,993
Tax credits	541,390	425,011
Other, net	107,903	111,732
Total deferred tax assets	1,942,747	2,273,988
Deferred tax liabilities:		
Fixed asset	(30,089)	(16,600)
Intangibles	-	(38,535)
Total deferred tax liabilities	(30,089)	(55,135)
Less valuation allowance	(250,752)	(200,117)
Net deferred tax asset	\$1,661,906	\$2,018,736

Deferred income tax assets and liabilities are recorded for differences between the financial statement and tax basis of the assets and liabilities that will result in taxable or deductible amounts in the future based on enacted laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. We have evaluated the available evidence supporting the realization of our gross deferred tax assets, including the amount and timing of forecasted future taxable income. Management determined it is more likely than not that the federal deferred tax assets will be fully realized and no valuation allowance is necessary as of June 30, 2017. Management also determined that certain state deferred tax assets required a partial valuation allowance as of June 30, 2017. As of June 30, 2017, we have federal net operating loss carryforwards of approximately \$2.6 million, which expire through 2034 and no state net operating loss carryforwards. The utilization of net operating loss carryforwards may be subject to limitations under provisions of the Internal Revenue Code Section 382 and similar state provisions.

We adopted the provisions of ASC 740 related to accounting for uncertain tax positions effective July 1, 2007, which prescribes a recognition threshold and measurement process for recording in the financial statements uncertain tax positions taken or expected to be taken in a tax return. Under this provision, the impact of an uncertain income tax position on the income tax return must be recognized at the largest amount that is more-likely-than-not to be sustained upon audit by the relevant taxing authority. Tax benefits of an uncertain tax position will not be recognized if it has less than a 50% likelihood of being sustained based on technical merits.

A reconciliation of the beginning and ending balance of unrecognized tax benefits, which have been considered in the Company's computation of its deferred tax assets, is as follows:

Balance as of June 30, 2015	\$ 130,464
Gross increase	38,059
Balance as of June 30, 2016	168,523
Gross increase	52,622
Balance as of June 30, 2017	\$ 221,145

We do not anticipate any material change in the total amount of unrecognized tax benefits to occur within the next twelve months. ASC 740 requires us to accrue interest and penalties where there is an underpayment of taxes based on our best estimate of the amount ultimately to be paid. Our policy is to recognize interest accrued related to unrecognized tax benefits and penalties as income tax expense. We have not recorded any interest or penalties as the liability associated with the unrecognized tax benefits is immaterial. We are subject to taxation in the U.S., and various state and foreign jurisdictions.

The Internal Revenue Service and California Franchise Tax Board have completed their examinations of our 2007 and 2008 taxable years with a favorable final resolution of the Company's claim for research and development tax credits. As of June 30, 2016, the R&D tax credits that we have claimed have been received in full. In addition, the Franchise Tax Board completed its examination of our taxable years from 2008 to 2011 with a favorable resolution of the Company's claim for tax refunds in regard to the California apportionment of our income. As of June 30, 2016, the tax refunds that we have claimed have been received in full from the Franchise Tax Board.

NOTE 7 - EARNINGS PER SHARE

Basic earnings per share are computed using the weighted average number of shares outstanding during the period. Diluted earnings per share represent basic earnings per share adjusted to include the potentially dilutive effect of outstanding stock options. The weighted average number of shares outstanding used to compute earnings per share is as follows:

	Year Ended June 30,	
	2017	2016
Net income attributable to Parent Company	\$873,960	\$1,610,971
Weighted-average shares of common stock outstanding:		
Basic	10,501,730	10,414,755
Dilutive effect of common stock equivalents arising from stock options	159,170	239,142
Diluted Outstanding shares	10,660,900	10,653,897
Basic earnings per share	\$0.08	\$0.15
Diluted earnings per share	\$0.08	\$0.15

NOTE 8 - COMMITMENTS AND CONTINGENCIES**Leases**

We have agreements to lease office space that expire in fiscal 2020. On September 10, 2015, we signed a lease for an office space consisting of approximately 12,775 square feet, located in San Diego, California, at a monthly rent of \$23,115, which commenced on October 28, 2015. In addition to monthly rent, the lease includes payment for certain common area costs. The term of the lease for this office space is four years from the lease commencement date. FTI leases approximately 10,000 square feet of office space, located in Seoul, Korea, at a monthly rent of approximately \$8,000. The lease associated with this office space expired on September 1, 2017 and was extended to September 1, 2019. Beginning on June 12, 2015, FTI leased additional office space consisting of approximately 2,682 square feet, also located in Seoul, Korea, at a monthly rent of approximately \$2,700, and the lease expired on September 1, 2017 and was extended to September 1, 2019. We lease one corporate housing facility primarily for our employees who travel, under a non-cancelable operating lease that expired on September 5, 2017, and was extended to September 4, 2018.

Rent expense for the years ended June 30, 2017 and 2016 was \$414,834 and \$407,492, respectively. Future minimum payments under operating leases are as follows:

	Payments Due by June 30,						Total
	2018	2019	2020	2021	2022	Thereafter	
Administrative office, San Diego, CA	\$277,377	\$277,377	\$92,459	\$ -	\$ -	\$ -	\$647,213
Administrative office, Korea	128,400	21,400	-	-	-	-	149,800
Corporate housing facility	10,364	2,591	-	-	-	-	12,955
Total Obligations	\$416,141	\$301,368	\$92,459	\$ -	\$ -	\$ -	\$809,968

Litigation

We are from time to time involved in certain legal proceedings and claims arising in the ordinary course of business.

Novatel Wireless, Inc.

On December 10, 2010, Novatel Wireless, Inc. and Novatel Wireless Solutions, Inc. ("Novatel") filed a complaint in the United States District Court for the Southern District of California, against us and one other defendant. The complaint alleges that certain products, including, but not limited to, mobile data hot spots and data modems, infringe on U.S. Patent Nos. 5,129,098; 7,318,225; 7,574,737 and 7,319,715. On April 13, 2012, the plaintiff filed a Second Amended Complaint which amended certain claims and added U.S. Patent No. 7,944,901 to the original complaint. On April 27, 2012, we filed a Motion to Dismiss the Second Amended Complaint as to certain of the claims. On July 6, 2012, the Court held oral argument on the Motion to Dismiss and on July 19, 2012, the Court issued an order granting in part and denying in part the Motion to Dismiss. On August 2, 2012, we answered the complaint and an Early Neutral Evaluation Conference took place on October 31, 2012 and a follow-up Settlement Conference was held on June 12, 2013. A claim construction hearing took place on October 9, 2014. On November 25, 2014, the Court granted plaintiff's Joint Motion to Joinder of Required Party, which added Nova Intellectual Solutions, LLC ("NIS") as a plaintiff to this litigation. Novatel had previously assigned the patents-in-suit to Strategic Intellectual Solutions, LLC, which is the parent company of NIS.

On April 24, 2015, NIS filed a complaint in the United States District Court for the Southern District of California, against us and FTI. The complaint alleges that one of the Company's products infringes on U.S. Patent No. 7,944,901.

On July 20, 2015, a Settlement Conference took place during which we and NIS agreed to settle this matter and an agreement governing the settlement was executed on October 20, 2015.

On October 1, 2015, we and Novatel filed a Joint Motion For Dismissal With Prejudice as to the patent infringement claims made by Novatel against us. On October 28, 2015, we and NIS filed a Joint Motion For Dismissal With Prejudice as to the patent infringement claims made by it against the Company and FTI.

Change of Control Agreements

On September 21, 2009, we entered into Change of Control Agreements with OC Kim, our President, and Yun J. (David) Lee, our Chief Operating Officer. Each Change of Control Agreement provides for a lump sum payment to the officer in case of a change of control of the Company. The term includes the acquisition of Common Stock of the Company resulting in one person or company owning more than 50% of the outstanding shares, a significant change in the composition of the Board of Directors of the Company during any 12-month period, a reorganization, merger, consolidation or similar transaction resulting in the transfer of ownership of more than fifty percent (50%) of the Company's outstanding Common Stock, or a liquidation or dissolution of the Company or sale of substantially all of

the Company's assets.

The Change of Control Agreement with Mr. Kim calls for a payment of \$5 million upon a change of control, and the agreement with Mr. Lee calls for a payment of \$2 million upon a change of control.

The Board of Directors has approved extension of the Change of Control Agreements with Mr. Kim and Mr. Lee, through September 21, 2020.

NOTE 9 - LONG-TERM INCENTIVE PLAN AWARDS

We apply the provisions of ASC 718, "Compensation - Stock Compensation," using a modified prospective application, and the Black-Scholes model. Under this application, we are required to record compensation expense for all awards granted after the date of adoption and for the unvested portion of previously granted awards that remain outstanding at the date of adoption. Compensation costs will be recognized over the period that an employee provides service in exchange for the award.

We adopted the 2009 Stock Incentive Plan ("2009 Plan") on June 11, 2009, which provided for the grant of incentive stock options and non-qualified stock options to our employees and directors. Options granted under the 2009 Plan generally have a term of ten years and generally vest and become exercisable at the rate of 33% after one year and 33% on the second and third anniversaries of the option grant dates. Historically, some stock option grants have included shorter vesting periods ranging from one to two years.

The estimated forfeiture rate considers historical turnover rates stratified into employee pools in comparison with an overall employee turnover rate, as well as expectations about the future. We periodically revise the estimated forfeiture rate in subsequent periods if actual forfeitures differ from those estimates. Compensation expense recorded under this method for the year ended June 30, 2017 was (\$25,000). The expense credits for the year ended June 30, 2017 resulted from the reversal of expenses booked in prior periods for stock options for a small number of employees that were cancelled. This amount increased income from operations and income before provision for income taxes by the same amount by decreasing compensation expense recognized in selling, general and administrative expense.

A summary of the status of our stock options is presented below:

Options	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Life (In Years)	Aggregate Intrinsic Value
Outstanding as of June 30, 2015	850,337	\$ 1.24	4.36	\$306,583
Granted	—	—	—	—
Exercised	(38,334)	(1.04)	(1.88)	(88,935)
Cancelled	—	—	—	—
Forfeited or Expired	—	—	—	—
Outstanding as of June 30, 2016	812,003	1.25	3.35	869,740
Granted	—	—	—	—
Exercised	(78,000)	(1.34)	(2.82)	(175,500)
Cancelled	—	—	—	—
Forfeited or Expired	(335,003)	(0.57)	—	(753,750)
Outstanding as of June 30, 2017	399,000	\$ 1.12	4.05	\$451,820
Exercisable as of June 30, 2017	399,000	\$ 1.12	4.05	\$451,820

The aggregate intrinsic value in the preceding table represents the total pretax intrinsic value, based upon the Company's closing stock price of \$2.25 as of June 30, 2017, which would have been received by the option holders had all option holders exercised their options as of that date. The weighted-average grant-date fair value of stock options outstanding as of June 30, 2017 in the amount of 399,000 shares was \$1.03 per share.

As of June 30, 2017, there was no unrecognized compensation cost related to non-vested stock options granted.

NOTE 10 - SUBSEQUENT EVENTS

Management considered subsequent events in the preparation of the Company's financial statements through the date this Form 10-K was filed.
